evolution of language lateralization to dominant hemisphere, literature review, 7356
explanation by example as tool for persuasion, 7657
field theory & role theory, conceptualization in sociology of language, 7647
functional language in communicative situation, mentally retarded with mean age of 25 yrs, 10522
gender related spoken language differences in leadership context, college students, 9893
hemispheric specialization for speech, mentally retarded 8.7–18.8 yr olds with IQs 30–72, 12973
history & myths & childrearing & intercultural relations & warfare & sexuality & language & psychoanalytic character & sibling-oriented culture, Vietnam, 925
inclusive disjunction, West African languages, 12350
language ability of right cerebral hemisphere, normal Ss, literature review, 7397
language lateralization assessed through time sharing paradigm, language disordered vs normal 4–7 yr olds, 5929
language processing ability of right cerebral hemisphere, literature review, 261
language rules & difficulty in generalization of syntactic rule training, language disordered 4–5 yr olds, 1316
language symbolism of neurotic patients, L. Wittgenstein's & A. Lorenzer's interpretations, 9223
left-hemisphere language lateralization, monolingual vs bilingual 20–35 yr olds, 7436
liquid & number conservation problems, 4 yr old female chimpanzees with language ability, comparison with results of J. Mehler & T. G. Bever & of G. Woodruff et al, 5014
mastery of anaphorical relationships, 4th vs 6th graders, 7726
metabolic rate & language & memory, 42–63 yr old males with subcortical vs cortical lesions & aphasia vs amnesia, 5998
multidimensional scaling approach, construct validity of Aachen Aphasia Test for assessment of language performance, 21–77 yr old global & Broca's & Wernicke's & amnesic aphasics, 2482

multivariate analysis, personality & language & EEG, males, 7431
nonlinear regression models of causality in dominance structures & their operation in Pollyanna principle in language, support for R. B. Zajonc's model, 7108
peer interaction & English language proficiency & language preference, Spanish-preferring 4 yr olds in bilingual preschool, 7714
performance on French language test intended for 11–12 yr olds, college students & primary & secondary school teachers, France, 7652
philosophical implications of pictorial theory of language & thought & reality & relation of concept to means of expression & common neural pathways to encode object & picture, 4629
prediction errors from misrepresentative language samples, criticism of findings of M. R. Marler, 2528
prediction errors from misrepresentative language samples, reply to criticism by G. R. Miller, 2526
preferred vs 2nd language & 1st vs 2nd language experimental sessions, encoding/response times for arithmetic problems, Chinese/English vs English/Chinese & Spanish/English vs English/Spanish bilingual adults, 2629
principles of language & cognition, sign language instruction, chimpanzees, 7249
production & structure & complexity of procedural discourse, 24–71 yr old moderately impaired aphasics, 3768
psychoanalytic views of J. Lacan, relation of unconscious to language & symbolic behavior, 9235
public attitudes & refinement of terminology, work as means of rehabilitation in prisons, 8766
review of Freud's texts, language & life praxis & scenic understanding in psychoanalytic therapy, 10734
self esteem & SES & academic achievement & language spoken at home, Mexican American adolescents, 5459
semiotic metapsychology of C. Martindale as replacement for Freudian metapsychology, demystification of psychoanalytic theory & practice, 8434
sex & language of speakers, perceptions, bilingual Italo-Australian vs Greek-Australian Ss, 3407
sociology of language, 3112
stress-timed vs syllable-timed languages & isochrony, English vs Thai vs Spanish vs Italian vs Greek, 9886
theory of nature & mechanism of formation of individual experience as result of semiotic environment, 9967
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
use of human "language", monkeys, 2701
use of indigenous languages in education, primary school to adult students, West Africa, 13495
use of language in analysis, female terminal cancer patient, 6112
validity of fused rhymed words dichotic test, assessment of hemispheric specialization for language function, 15–67 yr olds, 11726

Language Arts Education [See Also Phonics, Reading Education, Spelling]

aesthetic aspects, children's literature, 11221
application of philosophy of root metaphors, interdisciplinary curriculum development, implications for secondary school literature, 6636
class time use, achievement & behavior & attitudes in English vs mathematics classes, junior high school students, 8935
class-tutor affect, achievement in Chinese & math, 7th graders, Taiwan, 2058
computerized mathematics vs spelling vs conventional remedial instruction, academic achievement, learning disabled 1st–6th graders, 6749
criticism of goals of language programs, disadvantaged preschoolers, 2102
development of prose comprehension & writing skills, children, literature review, implications for instructional strategies, 12447
Distar Language & Reading program, IQ & academic achievement, moderately mentally retarded 6–12 yr olds, 2110
error patterns & instructional alternatives, written composition, learning disabled college students, 11263
fading teaching techniques, cursive writing learning, 1st graders, 8993
foregrounding program in teaching literature, gifted children, 9074
free reading journal in language arts education, learning disabled secondary school students, 9056
instruction in standard English, students speaking Black dialect, 13585
integration of remedial writing exercises into reading programs, 9051
language arts unit, development of social understanding & reading comprehension, elementary school students, 4293
penmanship & complexity & accuracy of prose & length & bulk of answers & number of quotations used, "A" level English literature examination marks, students, 9011
process/conference approach to teaching writing, learning disabled students, 9085
program of vocabulary development with cognitive & affective & physical elements, enhanced comprehension, 4th graders, 2000
reading comprehension, prediction of syntactic maturity & writing effectiveness, freshman college students, 13573
reflective planning vs knowledge-telling as assimilative processes in composition writing strategies, expert vs novice writers, teaching implications, 6644
standard English instruction, nonstandard English speakers, 13552
syntax teaching program, comprehension of negation, deaf 10–11 yr olds, 2130
touch typing program, enhanced language arts skills, 6–12 yr old elementary school students, 2018
type of context, efficacy of vocabulary development using context method, 8962
use of sign language as minority language in instruction, English literacy skills, hearing impaired students, 6745
visual imagery, language & sociocultural education, 6633
writing viewed as communicative act vs taxonomy of communicative acts vs decomposable communicative process, implications for teaching writing, 6538

Language Development

ability to segment utterances into units & construct narrative stories, 4–9 yr olds, 5349
acquisition of German negation, extension of T. Z. Park's criticism of theory of H. Wode, 9955
acquisition of language routines, 1–10 yr old Cakchiquel speaking Indians, Guatemala, 10025
acquisition of noun pluralization patterns in Hebrew, 1.8–2.8 yr olds, 834
acquisition of object word vocabulary, children, 12427
acquisition of particles to complete sentences, mentally retarded children, 3641
acquisition of semantic knowledge & efficiency of memory processes, preschool age children, 7729
age & negative vs positive comparative forms, comprehension, 7.4–10.2 yr olds, 820
ambiguous vs informative referential communications & contextual information, judgments of functional acceptability of communications, 4–6 yr olds, 789
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
assessment of language & language development, mentally retarded, 10528
aural & visual segmentation ability, reading ability, preschool & kindergarten & 1st grade students, 3155
canonical sentence form & word order & inflectional perceptual strategies, comprehension of simple transitive sentences, English vs Italian vs Serbo-Croatian vs Turkish speaking monolingual 2–4.4 yr olds, 5399
characteristics of adult speech, language development, 2 yr olds, 790
child abuse &/vs neglect, language development, children with mean age of 47 mo, 1226
common & personal components of cognitive dictionaries assessed through word associations, 3–85 yr olds, 5383
complexity of maternal verbal output, verbal performance, 20–24 mo olds, 7756
complexity of sentences, comprehension of sentences containing preposition "between", 3–6 yr olds, 12406
comprehension & production in language acquisition, literature review, 5351
comprehension & utilization of pluperfect tense, 4–10 yr olds, 5356
comprehension of positive vs negative prepositions, 3 vs 4 yr olds, 9937
comprehension of temporal prepositions, 2nd & 4th graders, 9941
comprehension of transitive & intransitive verbs & sentence structure, 3–6 yr olds, 9953
comprehension vs production of agent-action-patient word order, 23–31 mo olds at Stage I in language development, 5392
conditional statements in spontaneous speech, 2.1–7.3 yr olds interacting with siblings, 836

cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
degree of difficulty of sentences using "ask" vs "tell", 5–6 yr olds, 838
development of communicative process, 3196
development of compensatory language programs, preschool age children, 2030
development of interpretative & relational & projective competencies, communicative functions & strategies, male vs female 2–5 yr olds in daycare, 7 mo longitudinal study, 5303
development of prose comprehension & writing skills, children, literature review, implications for instructional strategies, 12447
development of spoken & signed language, prelingually hearing impaired male 1 yr old, 8300
development of syntactic ability, 9–16 yr olds, 5405
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
developmental rate, types & number of clauses & use of past tense & conjunctions in story-telling task, normal 4 vs 5 yr olds vs educationally subnormal children with MA of 5 yrs, 1 yr longitudinal study, 10525
differences in language development, blind vs sighted children & adolescents, literature review, 10562
double immersion program of trilingual instruction, 1st language development & 2nd & 3rd language learning, elementary school students, Canada, 2009
early cognitive & environmental correlates, language development, birth to 4 yrs, 847
early language abilities & background factors, 8 yr olds with reading & writing difficulties, longitudinal study, 1284
early language socialization, cognitive organization & academic achievement, children, 12460
early lexical acquisition, language-impaired 2.7–4.2 yr olds, 5931
emergence of front & back vowels, female at 17 & 29 mo of age, 793
form-function relationships & language development in composition of meaning in 1st words, 18 vs 28 vs 37 mo olds, 12395
frequency of presentation of lexical concepts, lexical acquisition, 1–1.3 yr olds, 846
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
grammatical & semantic use of noun phrases in narratives & achievement of textual coherence, 2–5 yr olds, 791
handedness & age, development of intelligence & language & visuospatial ability, under 60 mo vs 60–96 mo vs over 96 mo old autistic females, 10438
history of language acquisition & development of literacy, 600 BC to 1970's, literature review, 848
home environments, behavior & intelligence & expressive language & motor development, 4 yr olds with minor congenital anomalies, 10318
home-centered instructional strategy utilizing parents & professionals, language learning, nonverbal severely handicapped children, 3978
imaginative play & role of caregiver, development of oral language, preschool age children, 10028
knowledge of answer to question to be relayed, relaying vs answering of question, 5.5–9.9 yr olds, implications for apparent errors in interpretation of directives "ask" vs "tell", 853
knowledge of placement privileges of auxiliary verbs in yes-no questions, 2.4–5.5 yr olds, 5371
language acquisition by children & learning of 1st & 2nd languages, 10017
language acquisition, moderately & severely retarded children & adolescents & adults, 5919
language development & assessment of language disorders in 2nd language, bilingual children, 5932
language development, deaf children, 3681
language development test with specific versions for 4–5 & 5–8 yr olds, 93
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
language onset & concomitant speech & language problems, child & adult stutterers & their nonstuttering siblings, 5935
lateralized cerebral specialization for speech & language, aphasic children, test of developmental invariance theory, 1341
logical reasoning ability & visual-motor integration & verbal development, achievement scores in kindergarten & 2nd & 3rd grade, kindergartners, 13611
major trends in research on cognitive & language development, literature review, 3164
maternal perceptions of infant behavior, mother-child interaction & cognitive & language competence, infants assessed at 13 & 24 mo of age, 778
mean length of utterances & morphology comprehension & PPVT scores, assessment of language abilities, 20 mo olds, 9949
measurement of acquisition of sign language, mentally handicapped, 7017
methods for analysis of meanings reflected in children's early word combinations, implications for clinical application, 3177
mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
minimal physical anomalies & developmental delay of language, 3 yr old male wth extra 15q- chromosome, 8325
mother-child picture book reading, vocabulary acquisition, 17–22 yr olds, 5385
oral communicative output & linguistic ability, 8–11 yr olds with superior intellectual potential, 799
oral vs manual approach to teaching language, deaf children, 3976
oral vs written language proficiency, 3rd graders, 13601
overgeneralization errors in comprehension, 1.5 yr old females vs their mothers, response to studies by A. Fremgen & D. Fay & R. S. Chapman & I. Thomson, 9994
parent instruction & 20-day separation from family, speech & language learning, 6 yr olds with speech & language retardation & good vs poor hearing, 10895
parental language patterns, autistic 29–74 mo olds, 10443
perceptual & linguistic factors & kinds of properties, performance on class inclusion tasks, 4.4–5.7 yr old nursery school students, test of Equally Detailed Alternatives hypothesis, 3197
performance deficits reflective of receptive language processing, 9–12 yr olds with Down's syndrome vs other retarded conditions, 3639
performance on Reynell Developmental Language Scales vs syntactical analysis of speech samples, 46–60 mo old language disordered males, 3670
persistence of self generated grammatical errors, 4 yr olds, 10003
phonology & syntax & speech & language delays, speech-delayed 4.1–8.5 yr olds, 5934
prefixation or suffixation of verbs, comprehension of tense & aspect, 2.6–3.6 yr olds, Poland, 860
pronunciation vs recognition of correct word form, 3 yr 4 mo old, 9983
quantitative & memory & perceptual & motor abilities & verbal performance, 3 vs 4 yr olds, 7739
reasons for growth in vocabulary knowledge, elementary school age children, 12417
reduplication in phonological development, children, 810
relationship to spontaneous performance & nonlinguistic context effects, language evaluation using elicited imitations, 2.6–3.7 yr olds, clinical implications, 5927
role as hearer-addressee vs -spectator, comprehension of deictic words, 2.9–4.2 yr olds, 854
sensorimotor & language development & symbolic activities, 10–30 mo olds, 10023
sentences expressing spatial relationships, mastery of lexical & syntactical role of markers, 3–6 yr olds, 857
sequence of written English preposition comprehension, severely to profoundly hearing impaired adolescents, 5983
SES, dichotic ear preference & sentence interpretation, kindergartners, Hungary, 7719
somatic risks & sociocultural factors, language development & disorders, 2.9–3.3 yr olds, 8270
sound based errors in speech, male from 1.2–2 yrs old, 9974
spatial adjectives & context, word recognition & ease of discrimination, Maori vs non-Maori 4 yr olds, New Zealand, implications for semantic feature hypothesis, 837
speech reading & lipreading, language acquisition, deaf children, 6308
strategy for acquisition of synergistic language system, speech delayed 4 yr old male, longitudinal study, 1317
structural processing of truncated passives, 4th graders vs nursing & college students, 795
syntactic & discourse & communicative functions of maternal speech, language development, 1.9–2.1 yr olds, 10018
talkativeness, structural complexity & discourse features in dyadic interactions with adult female, 3.5 yr old females, implications for language acquisition, 5404
temperament, cognitive & verbal & motor development, 3–4 yr olds, 9926

Test of Language Development norms, 4–8 yr old speakers of Black American English, 2480
theories of language acquisition, 12426
therapy & phonological development, language delayed male between ages of 3.4–5.8 yrs, 1686
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
training games, phonetic segmentation skills, kindergartners, 4267
TV viewing, language development, children, literature review, 10006
universals & individual differences paradigms, study of language acquisition, 9261
use & omission of sign for originator of action, syntactic structure of sign language, profoundly deaf 6.5–8 vs 8.1–12.4 vs 12.5–15.7 yr olds, 5944
visual vs verbal messages, judgment of ambiguity, 5.1–7 yr olds, 5393
voice onset time & voiced vs voiceless syllables & within vs between category, discrimination of speech sounds, macaque monkeys, implications for models of speech processing & evolution of language, 7248
word order & inflections & discourse context, sentence comprehension, 2.6–3.6 yr olds, 861
2nd language immersion school programs, native language development & academic achievement & 2nd language proficiency & use & attitudes, students, literature review, 6605

Language Disorders [See Also Aphasia, Dysphasia, Echolalia, Mutism, Retarded Speech Development]
age differences, comprehension & production & judgment of requests, language-impaired 3.5–9 yr olds, 4364
age equivalent values for PPVT vs PPVT-R, 3.5–4.5 yr olds, implications for diagnosis of language disorders, 2414
analysis of language disturbances, patients with left thalamic lesions, 5994
anatomic locus of cerebral lesion, phoneme & semantic-lexical discrimination disorders, patients with Broca's vs Global vs Conduction vs Amnestic vs Wernicke's aphasia, 3702
auditory & cognitive processing profiles, 6 yr olds with disorders of syntax, 1324
automatic vs purposive semantic processing of auditory information, language/learning disabled 10 yr olds vs normal 4 vs 10 yr olds, 5893
classroom modeling with vs without fading or reinforcement, sentence responding, language deficient mentally retarded 10–13 yr olds, 2124
cognitive development, language impaired 10.3–12.1 yr olds, 8271
cryptophasia as delayed language acquisition, twins, 10539
decelerated synthesized speech, speed of auditory processing, 7–11 yr olds with delayed language, 3973
dementia etiology & severity, confrontation naming ability, patients with Alzheimer's vs Huntington's vs Parkinson's disease, 5941
dental lead & cadmium levels, neurological development & RT & language & attention disorders & psychiatric disturbance, urban vs rural 5–6 yr olds, 5968
early lexical acquisition, language-impaired 2.7–4.2 yr olds, 5931
home-centered instructional strategy utilizing parents & professionals, language learning, nonverbal severely handicapped children, 3978
inappropriate word extensions in spontaneous speech, language disordered 2.7–3.3 yr olds, 3662
judgments of vocal affect, language delayed 5–11 yr olds, 3660
language development & assessment of language disorders in 2nd language, bilingual children, 5932
language lateralization assessed through time sharing paradigm, language disordered vs normal 4–7 yr olds, 5929
language rules & difficulty in generalization of syntactic rule training, language disordered 4–5 yr olds, 1316
nonbiased assessment & treatment, 37–85 yr olds with neurologic speech/language disorders, 5928
performance on Reynell Developmental Language Scales vs syntactical analysis of speech samples, 46–60 mo old language disordered males, 3670
previously undiagnosed congenital rubella, severe language & learning disability, major CNS disorders, 1–14 yr olds, 10576
relationship to spontaneous performance & nonlinguistic context effects, language evaluation using elicited imitations, 2.6–3.7 yr olds, clinical implications, 5927
response to communication obstacle, language impaired 7–11 yr olds, 12972
role in assessment & treatment of language disorders in minority language children, monolingual speech-language pathologists, 5930
sampling reliability on elicited imitation test, language disordered 5.5–6.5 yr olds, 2426
screening for auditory deficits, 8–18 yr olds with language & speech disorders, 8078
somatic risks & sociocultural factors, language development & disorders, 2.9–3.3 yr olds, 8270
speech & language characteristics & therapy, 5 yr old female with Prader-Willi syndrome, 1352
syntactic deficits, performance on Token Test, male dyslexic 7th–12th graders, 3658
words vs complex tones as stimuli, auditory identification & sequencing, language impaired 4.2–8.1 yr olds, 3669

Language Handicaps [See Language Disorders]
Larvae
induced metamorphosis, changes in retinotectal projection, axolotls, 2873
inter- & intraspecific variation in frequency of behaviors, 2 species of drosophila larvae, 12005
ontogenetic & diurnal changes, behavioral responses to light & pressure & gravity, crab larvae, 500
salinity perception, crab larvae, 375
selective breeding & larval density, height of pupation site, Drosophila simulans, 9610
strain differences, crawling & digging in foraging behavior, 4 strains of drosophila larvae, 2811

Laryngeal Disorders
acknowledgement of handicap, social acceptance, laryngectomized male 59 & 62 yr olds, 5945
acoustical characteristics of intended syllabic stress, 33–69 yr old excellent esophageal speakers, implications for long-range clinical planning, 6303
perception of contrastive stress in English sentences produced by 44–77 yr old laryngectomized speakers, college students, 1363

Larynx
contingent vs noncontingent forms of laryngeal self hearing as feedback vs sidetone, ratings of normality & intelligibility of speech, graduate students & academics, 9494
recurrent laryngeal nerve section, spastic dysphonia, 50–65 yr old females, 4004

Latency (Response) [See Response Latency]
Latent Learning
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
Morris water task, latent spatial learning, male rats, implications for neurological bases of spatial representations & usage, 11960

Lateral Dominance [See Also Handedness]
age & semantic vs phonetic list organization, recall of word lists presented diotically vs dichotically, learning disabled males with mean age of 8.8 vs 12.2 yrs, 8266
age differences, asymmetry in facial expressions of happiness vs sadness vs surprise, 6–13 yr olds, 9985
anterior temporal lobectomy, capacity to selectively attend to only 1 of multiple sound sources, brain-damaged patients vs normal right handed Ss, 10572
caudate nucleus head stimulation in right vs left hemispheres, EMG & mechanographic components of instrumental avoidance reflex associated with posture maintenance, dogs, 5170
cerebral asymmetries in computerized tomographic scans, 3.3–18.6 yr olds with infantile autism vs neurological disorders, 12883
cerebral hemisphericity & lateral dominance, implications for classroom teaching, literature review, 7413
clinical state at time of testing & diagnostic subtype, cerebral laterality in dichotic listening tasks, schizophrenic & affective disordered & depressed patients, literature review, 12777
correlation between lateral preference & cross-modal sensory integration, 4th graders, 12402
defensive style & verbal & visual/spatial & emotional question content, lateral eye movements, right handed college students, 7396
described vs undescribed images & memory set size & presentation to right vs left visual field, RT, right handed college students, 11839
dichotic presentation of words & their definitions in one ear & music in the other, vocabulary scores, 7th–9th graders who read 2–4 yrs below grade level, implications for research in hemispheric processing, 6750
dichotic rhyme- & category-monitoring tasks, consistency & reliability of ear advantage, 18–25 yr olds, 46
dichotic vocal RT & digit-recognition tasks, left vs right ear advantages, right handed college students, 250

dichotically presented verbal stimuli & instructions directing attention to left vs right vs both channels, ear advantage, college students, 7143
divided vs focused attention instructions & detection vs identification procedure, right ear effect in dichotic listening, right handed college students, 2603
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
ear asymmetry on dichotic listening task, blind vs sighted 8–17 yr olds, 3729
eye contact & gesturing & self contact behaviors on right vs left sides of body during interpersonal contact vs emotional situations, right handed 19–35 yr old females, Italy, 3401
flash intensities, visual EPs in right vs left hemispheres, schizophrenics with mean age of 30 yrs, 10355
frequency difference between dichotically presented tones, ear dominance, right handed Ss, 9489
hand & eye & foot preference & family handedness, mathematical ability, high school & college students & mathematics teachers, 9940
hand position during writing, verbal & visuospatial lateralization & reading comprehension & ability, right handed 7–9 yr olds, 3204
hand-eye & ear laterality & familial handedness, WISC-R scores, 12–14 yr olds, 12420
lateral asymmetries, arm vs wrist vs finger movements in rapid tapping task, right handed males, 9677
lateral cradling preferences & handedness, females with mean age of 59 mo, 3193
lateral differences in electrodermal response to tone & symptoms, 18–65 yr old schizophrenics, 1165
lateral dominance in listening & viewing of linguistic stimuli, schizophrenics vs patients with affective psychosis, 5832
lateral vs central eye fixation, response latency to verbal vs spatial questions, right handed college students, 7448
laterality, direction of traces in simultaneous graphic activity, right vs left handed elementary school students, 5379
laterality, motor response to figure matching vs sequential-spatial task, 19–23 yr old dextral males, implications for cognitive style, 12088
lateralization of extrapolation reflex, rats, 7354
lateralized abnormality of auditory EPs, 26 yr old female schizophrenic, 12808
left vs right anterior temporal lobectomy, ear dominance for pitch of dichotically presented tonal stimuli, patients, 10573
matching & lexical decisions for words & nonwords in left vs right visual field, college students, 2583
neuroanatomical basis for assessment of asymmetrical facial expression of emotion, criticism of article by R. Alford & K. F. Alford, 7209
patterns of bilateral coordination & lateral dominance, leg movement, infants from 2–26 wks of age, longitudinal study, 5333
perceptual vs attentional asymmetry vs hemispheric specialization in processing of tonal stimuli, ear dominance for pitch, right handed Ss, 9490
picture/word interference in unilateral stimulus presentation, college students, 7404
practice & side preference, bilateral transfer of complex dance movements, college students, 9449
semantic anomalous sentences with neutral vs rhythmic timing monaurally presented & tested at right & left ears & on transfer, recall, 20–60 yr olds, 2604
sex & familial handedness & sensory & hemisphere mode stimulation, stimulus specific & nonspecific responses with greater magnitude on left hand, right handed college students, 5095
sight dominance, persistence of stabilized retinal image, undergraduates with uncorrected visual acuity of 20/30, literature review, 7420
silence vs nonspeech vocalization vs speaking & hand used & visual guidance, motor performance, right handed Ss, evidence of operation of left hemisphere motor control systems, 4840
surrounding visual noise & presentation to right vs left visual field, match to sample task, right handed undergraduates, 11800
temporal & amplitude cues, auditory lateralization, paranoid vs nonparanoid schizophrenics vs normal 62–80 yr olds, 12771
time & verbal association strength of stimulus, RT & hemispheric short term memory for complex forms, right handed college students, 7419
tone intensity, bilateral skin conductance, patients with unipolar vs bipolar affective disorders, 12812
torque & lateral preference & cognitive ability, kindergartners & 1st graders, 5344
verbal & dot localization tasks, visual half-field performance, monolingual vs bilingual college students, 475
verbal dichotic listening task, right-left ear performance, 3–6 yr olds, 839

Latinos [See Hispanics]

Laughter
incorporation of laughter into therapy, expressive task performance, 79 & 84 yr old female aphasics, 4102
presence of laughing vs nonlaughing model during reading of cartoon, laughter & ratings of humorousness, college students, 7955
reinforcement & laughter as anxiety inhibitor, phobic responses, autistic 4.5 yr olds, 1589

Law (Government) [See Also Criminal Law]
description of social psychology of law, criticism of J. Carbonnier's study, 12577
development of social psychology of law, 12578
issues of competence & admissibility in legal system, intellectually disabled defendants, implications for educating community & disabled about law, 12579

Law Enforcement [See Also Adjudication, Incarceration, Legal Arrest, Legal Detention]
action taken in investigation of domestic arguments, police, 5564
crime victim characteristics, level of police investigative effort, 5552
enforcement of licensing laws & number of arrests & alcohol consumption, England, 10187
perceptions of drug law enforcement, heroin users, Canada, 1044
police surveillance & law enforcement, driver behavior, literature review, 10197
presence of plainclothes patrol officers issuing juvenile citations, criminal incidents, 13394
selective enforcement during prime-time drinking-driving hours, increased deterrence without increased enforcement costs, 12586

Law Enforcement Personnel [See Also Police Personnel, Prison Personnel, Probation Officers]
situational & occupational factors & strategies, delivery of news of death, physicians & nurses & law enforcement officers & clergy, 8847

Law Students
brief scale, evaluation of lecture/case method & seminar/workshop courses, law students, 9103
drug usage & attitudes toward alcohol, male law students vs police trainees, Australia, 12617
legal education, ability to balance personal vs professional needs, lawyers, 4269

Laws [See Also Drug Laws, Gun Control Laws, Marihuana Legalization]
advances & problems caused by PL 94-142, handicapped, 13656
analytical perspectives of Youth Protection Act, factors in public compliance, Canada, 10200
change in Virginia state juvenile code, intended vs actual penetration into juvenile justice system, juveniles arrested during 1-yr period, 3331
changes in divorce laws, perceptions of effects, family court judges, France, 3324
changes in laws to improve current court evaluations vs custody mediation outside judicial system as interventions in child custody disputes, 3339
changes in mental health laws & deinstitutionalization, literature review, 8669
changing concept of animals as property & domain of animal rights, 1020
civil commitment as influence on mental health legislation, 3341
dominance behavior & conflict resolution, implications for evolution of morality, 5483
establishment of guardianship for elderly person found incompetent by court, discussion of Wisconsin law, 12580
evolution of brain, implications for use of power & justice & law, 5046
evolutionary biology & political theory, 5559
flight time & flight duty limitations & rest requirement regulations, aircraft crew members, Australia vs France vs West Germany vs Japan vs Scandinavia vs USSR vs UK vs US vs Switzerland, 4457
impact of PL 94-142 on school psychology, school psychologists, 6560
impact of proposed changes in child labor regulations, 14–15 yr olds, 10182
implications of constitutional rights, practice of school psychology, school psychologists, 6571
importance of awareness of legal issues, family therapists, 1904
individual state legislation mandating special education to preschoolers & development of certification standards for teachers of preschool special education, 6753

knowledge of special education legislation for handicapped children, physicians, 4171
law & legal systems, family systems, 7899
law on minimum competency testing for high school graduation & response of school district, US, 11286
laws & court rulings related to discrimination in educational testing & recommendations for school counselors, 13694
laws & legal precedents, suspension & expulsion from school, handicapped, 6728
laws governing consent for treatment, children & adolescents, literature review, 7924
legal aspects of adoption & search for biological parents, adoptees, 5549
legal basis & responsibility of personnel professional to counsel management & employer liabilities, comparable worth/pay equity & performance appraisal systems, 6849
legal information needed by family therapists, 1940
legal requirements & administrative issues & efficacy of summer school programing, handicapped students, 6741
legally required warning to potential victims of patient violence, patient-therapist relationship, psychiatrists & patients, 6107
legislative history of Parental Kidnapping Prevention Act of 1980, 5584
Marriage Law of 1981 as model for family responsibilities & relationships, China, 3301
Massachusetts mandatory mental health insurance regulations, psychiatric benefits & coverage of mental illness, 1491
Mental Health Act of Ontario, changes in civil commitment, psychotic patients, 5556
need for theory testing & development & D. Black's theory of law as research framework & analysis of legal paths to social order & individual liberty & mental health, sociology of mental health law, literature review, 10184
passage of & opposition to legislation for civil rights & deinstitutionalization of mentally ill, psychiatrists vs lawyers, US, 1013
proposed redefinition & changes in divorce processes & legal practices, 3325
psychoanalytic perspective, lack of criminal clause for patricide, ancient Rome, 12582
regulations on signed informed consent, refusal & consent to neuroleptic drug therapy, schizophrenic 20–60 yr old male patients, 6264
sex role orientation, attitudes toward Equal Rights Amendment, male vs female college students, 7913
sociocultural & experiential & behavioral & somatic aspects of aggression, implications for law, 5550
Stevens & Fechner & Thurstone, contributions to Spanish psychophysical law & measurement, 4713
structure & implementation of regulations governing education & professional practice, psychologists, France, 4187
Lawyers [See Attorneys]
Lead (Metal)
age at time of lead exposure, subsequent aggression, male mice, 7567
dental lead & cadmium levels, neurological development & RT & language & attention disorders & psychiatric disturbance, urban vs rural 5–6 yr olds, 5968
lead & cadmium levels, visual perceptual development, 6–12 yr olds experiencing learning problems, 12448
Lead Poisoning
deciduous teeth lead concentrations, WISC-R Verbal IQ & auditory & language processing & RT & classroom behavior, 1st–2nd graders, 13059
elevated blood lead, slow cortical potentials, 35–59 mo olds, 2-yr followup, 13065
exposure to lead & nutritional inadequacy, learning & behavior disorders, children, 10514
hair lead content & intelligence & school achievement & motor impairment, rural 5–16 yr olds, 10642
lead & cadmium levels in hair, 4–16 yr olds with mild retardation vs borderline intelligence, 1305
lead exposure, psychological test performance, industrial workers, 2-yr followup, 13048
lead poisoning, neuropsychological impairment, 5964
lead vs succinylacetone, porphyrin metabolism & neurochemistry & behavior, rats, 12317
long term exposure to lead & mercury, psychomotor & emotional disturbances & intellectual deterioration, 5709
low level neonatal lead exposure & scopolamine, visual acuity & quinuclidinyl benzilate binding in retina & central visual system, rats, 12267
neurotoxin triethyl lead chloride, activity & tailflick latency & avoidance task, male rats, 12325
prenatal lead exposure, cognitive & behavioral development, children, ongoing prospective study, 13057
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322
Leadership [See Also Leadership Style]
awareness of community issues & perceived role of university & knowledge of leaders in other sector, college students & community leaders, 5495
causal attributions for successful leadership performance, males vs females, 7986
charisma & use & misuse of power in R. Browning's "The Pied Piper", 744
controversy over Harzburg Model of managerial leadership, West Germany, 13742
development of leadership observation grid, clinical observation of nature & intensity of leadership functions & verbal & nonverbal behavior, 12626
development of Members Advisory Council in psychosocial club, 4104
development of school counselor evaluation instrument, linking pin model of leadership & communication, 13514
evidential validity of F. E. Fiedler's contingency model for male vs female leaders, West Point cadets, 5636
exercise of administrative control & accomplishment of work through talking with immediate subordinates, school principals, 1980
factor analysis of Initiating Structure scale of Leadership Behavior Description Questionnaire, workers with average age of 37 yrs, 11697
Fiedler contingency model of leadership effectiveness, reply to criticism by R. P. Vecchio, 5639
gender related spoken language differences in leadership context, college students, 9893
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
George Washington as heroic archetype of Anglo American Whig tradition, 9233
integration of 2 approaches to assessment of leadership behavior in groups, group therapists, 6161
internal consistency of Leadership Inventory, assessment of potential leadership ability, gifted 4th–7th graders, 4737
involvement of S, moderation of performance cues & leader behavior descriptions, college students, 12675
leadership & structure initiation & participation & feedback behavior of supervisors, role stress & job satisfaction, industrial salespersons, 2267
leadership in organizations, 11392
leadership roles in groups, gifted children, 7704
leadership style & sex of leader & follower, leader behavior & subordinate satisfaction & task productivity, college students, 12654
Least Preferred Coworker & Four Factor Theory of Leadership Scales, midlevel executives, 142
level of Machiavellianism, leader effectiveness, elementary school principals, 4224
meta-analysis of studies testing F. E. Fiedler's contingency model of leadership effectiveness, criticism of conclusions of M. J. Strube & J. E. Garcia, 1113
methods of providing instructional leadership, principals, 4254
model, prediction of effectiveness as research leader, 26–60 yr olds, 2236
motivational & situational factors, dropping out vs continued participation in competitive sports, high school football players, 3251
need for changes in models & research on leadership & supervision in work settings, 4508
operant theory, analysis of leader influence, methodological implications, literature review, 12629
optimal vs over- vs underuse of resource & low vs high usage variance & high vs low trust, resource use over time & vote to give up free access in favor of leader, college students, 5615
perceived dominance & leadership status, gazing patterns, college students, 1052
perception of supervisor's behavior & satisfaction & group performance, managers, Iran, implications for cross cultural differences in leader behavior, 6844
personal risk taking, leadership effectiveness, army combat leaders & fire department chiefs, 2244

preemptive behavior in mixed motive game & emergence of leadership roles in small same-sex groups, college students, 12641
role-making of leadership of G. Graen, managerial dyads, 4518
social familiarity & experience, leadership seniority in groups, college students, 1051
student leadership experience, subsequent personal & occupational choices, former student leaders, 6713
teacher standards & warmth, responses to classroom problems, teachers, 13624
theories of informal leadership, small social groups, 5626
unexpected change in formal leadership, behavioral continuity, 3–5 yr olds, 5417
utility of situational leadership theory & problems with P. Hersey & K. H. Blanchard's leadership & adaptability description instrument, literature review, 13741
within- & between-unit analysis, convergent validity of leadership studies, supervisors & subordinates, 2525

Leadership Style
cognitive style, task orientation & leadership style, college students, 1090
group development level, perceptions of group leader as democratic vs authoritarian, factory workers, 5641
laboratory organization & leadership style & research success, biomedical research laboratory supervisors, 61
leader verbal response style, attitudes toward leader & self concept & verbal style, group members, 5618
leadership style & organizational climate, career success, mid-level executives, 11372
leadership style & sex of leader & follower, leader behavior & subordinate satisfaction & task productivity, college students, 12654
perceived burnout & school leadership style & perceptions of self & job & clients, school counselors, 8943
teacher's use of R. Blake & J. Mouton's managerial grid, leadership styles & academic achievement, gifted students, 9066

Learned Helplessness
cognitive learned helplessness, response to criticisms by L. B. Alloy & by R. L. Silver et al, 9526
cognitive mediators of learned helplessness, reply to criticisms by L. B. Alloy & by R. L. Silver et al, 9529
contingent vs noncontingent outcomes, perceived control & attributions & learned helplessness induction, college students, 9530
contingent vs noncontingent positive vs aversive reinforcement & awareness of noncontingency, cognitions & attributions & mood & learned helplessness, college students, 9527
contingent vs noncontingent rewards, response latency & errors, learning disabled 10–14 yr olds, implications for learned helplessness induction, 3642
experience with solvable vs unsolvable vs mixed anagrams, ratings of humorousness of aggressive vs word-play cartoons, college students, 7210
exposure to escapable vs inescapable shock, learned helplessness, gerbils, 7233
exposure to noncontingent vs contingent noise escape, attributions & learned helplessness induction on anagram performance, 9531
induced self esteem improvement in interpersonal interaction task, elimination of learned helplessness, male college students, 3926
inescapable low intensity shock, number & latency of responses during subsequent avoidance learning, goldfish, implications for learned helplessness, 7258
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
learned helplessness indicators, effect of lumbar sympathetic nerve blocks with bupivacaine vs saline on subjective pain intensity, chronic low back pain patients with mean age of 43 yrs, 8283
Learned Helplessness Inventory performance, prediction of learning performance following solvable vs unsolvable task, college students, 152
levotryptophan or 5-HTP with vs without inescapable shock & methysergide, escape behavior, male rats, implications for role of serotonergic system in learned helplessness, 623
methodological problems, human learned helplessness research, literature review, 72
methodology of laboratory studies of uncontrollable outcomes & learned helplessness, criticism of studies by W. F. Oakes & N. Curtis & by H. Tennen et al, 9528
professional training program, learned helplessness & attending & confrontation & impact messages & problem solving, counselors who provide service to aged, 4188
response-outcome noncontingency, perceptions & attributions & learned helplessness, criticism of papers by W. F. Oakes & N. Curtis & by H. Iennen et al, 9524
sex role identity & loss of control, self esteem & choice of total vs no control of team vs nonparticipation, female college students, implications for rate of female depression, 4967
stress, opioid & nonopioid stress induced analgesia & learned helplessness, male rats, 2928
therapeutic manipulation to reverse learned helplessness, monkeys, implications for treatment of human depression, 9560
training task learned helplessness, anagram solving, depressed vs psychiatrically disturbed vs normal community residents, implications for learned helplessness model of depression, 12800

Learning (Programed) [See Programed Instruction]

Learning Ability
academic success & explicit vs implicit text & implicit passage to be learned, learning ability, 5th graders, 815
construct validity of divergent production subtests of Structure of Intellect Learning Abilities test, 6th graders, 11331
cultural bias of Test of Children's Learning Ability, assessment of learning ability & progress in English language, 7–8 yr old immigrants, Great Britain, 13698
development of educational orientation index, assessment of perceived ability to learn & educational needs & interests & locus of control & use of free time & barriers to participation in educational/cultural events, 55–81 yr olds, 4423
heat acclimatization, repeated acquisition & time estimation tasks, 18–22 yr old male US Marines, 12147
home environment & social class, capacity for voluntary learning, 11–12 yr olds & their parents, 12411
residual learning capability, patients with organic amnesic syndrome, literature review, 6013
species differences, learning ability & manipulative behavior & performance of action chain, European squirrels & Asian burunduks, 325

Learning Centers (Educational)
factors affecting role & duties, school media specialists, 1978
impact of technology on future role of school media specialists, 1967

Learning Disabilities [See Also Dyslexia]
academic achievement & teachers' perceptions of academic ability & social behavior & instructional behavior, mainstreamed learning disabled 4th–6th graders with high vs low IQs, 9054
achievement attributions & locus of control, 3rd & 6th grade learning disabled males, 5904
actual & desired living conditions, learning disabled adolescents, Switzerland, 3648
age & grade & self concept, learning disabled 11–15 yr olds, 5887
age & school achievement, frequency judgment accuracy, normal achieving kindergartners vs 2nd vs 3rd vs 5th graders vs 2nd & 3rd grade learning disabled & low reading vs low math achievement students, 3647
age & semantic vs phonetic list organization, recall of word lists presented diotically vs dichotically, learning disabled males with mean age of 8.8 vs 12.2 yrs, 8266
art appreciation techniques, increased vocabulary & art awareness, learning disabled elementary school students, 9053
assessment methods, bilingual children with suspected learning difficulties, Great Britain, 13676
assessment of social & emotional development, learning disabled children, 9301
attention level, auditory evoked potentials, learning disabled children, 1309
attitudes toward policy combining mentally retarded & learning disabled students in same instructional groups, special education teachers & administrators & evaluators, 4343
automatic vs purposive semantic processing of auditory information, language/learning disabled 10 yr olds vs normal 4 vs 10 yr olds, 5893
balance ability & reflex maturation, 85–131 mo old learning disabled vs emotionally handicapped males, 10314
behavior modification, special education, learning disabled children, literature review, 4376
Bender Visual Motor Gestalt Test vs Beery's Developmental Test of Visual Motor Integration, performance, learning disabled 6–11 yr olds, 7072
biofeedback training, classroom behavior, hyperactive learning disabled primary & intermediate school students, 9058
cautions for use of computer assisted instruction, learning disabled students, 9046

cerebral dominance & cognitive processes & learning disabilities, literature review, 1298
cerebral laterality of tactile function, learning disabled vs normal 9–15 yr olds, 3659
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
characteristics & results of EEG studies, learning disabilities, 5889
choreoathetoid movements, Quick Neurological Screening Test performance, learning disabled 6–8 yr old males, 5905
classroom behavior & teacher-student interactions & teacher perceptions, learning disabled elementary school students, 11269
classroom behavior patterns, educable mentally retarded vs learning disabled vs emotionally handicapped 1st–5th graders, 2127
cognitive strategies, learning disabled children, literature review, 8247
complementary program & service system vs traditional team approach, development & implementation of individualized education programs, learning disabled & emotionally disturbed & educable mentally retarded elementary school students, 11268
complete vs partial vs no illustrations in reading material, reading performance, learning disabled 2nd–4th graders, 4347
computerized mathematics vs spelling vs conventional remedial instruction, academic achievement, learning disabled 1st–6th graders, 6749
concept & etiology of borderline conditions, children, literature review, implications for relation to learning disabilities & minimal brain dysfunction, 10409
concurrent validity, behavioral descriptions from Jastak Assessment System vs teacher's ratings, 7.6–17.7 yr old learning disabled & educable mentally retarded students, 11313
concurrent validity of Ozawa Behavioral Rating Scale, assessment of attention deficit disorder, learning disabled elementary school students, 11317
construct bias in WISC-R, low vs middle SES 7–12 yr olds classified as learning disabled or emotionally disturbed or educable mentally retarded, 9334
construct validity of primary abilities measured by Illinois Test of Psycholinguistic Abilities, learning disabled 7–10.3 yr olds, 4784
contemporary & historic trends in theory & research & treatment of learning disabilities, 5899
contingency based lottery system, classroom behavior, 13–16 yr old learning disabled & educable mentally handicapped in 9th grade special education class, 4367
contingent vs noncontingent rewards, response latency & errors, learning disabled 10–14 yr olds, implications for learned helplessness induction, 3642
covert behavior modification to develop self control in managing frustration, academic achievement & successful mainstreaming, secondary school learning disabled students, 13632
creative writing exercise using emotions as tools of instruction, learning disabled elementary school students, 9063
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
development of individual strategies for coping with perceptual disturbances, elementary school students with learning problems, 9045
dichotically presented verbal stimuli & instructions directing attention to left vs right vs both channels, ear advantage, college students, 7143
digit-repetition performance, learning disabled Ss with mean age of 8.8 yrs, implications for usefulness in study of brain-behavior relationships, 3631
distinction between psychotherapy & pedotherapy as educational practice of providing assistance to children with speech problems or learning disabilities or other needs, 11276
distraction by white noise vs backward vs forward speech, selective auditory attention skills, learning disabled 7–9 yr olds, 5894
disturbances in systems of knowing & meaning, dyslexic children, 5906
dosage level of methylphenidate, hyperkinetic-associated behavior, school aged males with strong vs weak nervous systems attention & learning disordered, 10826
driver education, performance on written test on road signs & traffic laws, learning disabled 16–17 yr olds, 4375
dysfunction of right cerebral hemisphere & learning disabilities & attentional disorder & childhood major depression, children, 8065
educational intervention, identification of learning problems, 2nd graders, 9094
EEG slow frequency & WISC-R Verbal & Performance IQs, 9–14 yr olds, implications for detection of learning disabilities & behavior problems, 3487
effectiveness of school nurse in teaching health habits, mainstreamed learning disabled 8 & 10 yr old females, 6755
error patterns & instructional alternatives, written composition, learning disabled college students, 11263
errorless discrimination training, visual & auditory discrimination of digraphs, learning disabled 8 yr old female, 2137
establishment of learning disabilities program in American Community School, Greece, 6738
exposure to lead & nutritional inadequacy, learning & behavior disorders, children, 10514
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
free reading journal in language arts education, learning disabled secondary school students, 9056
generalizability of observed classroom behavior samples, learning disabled elementary school students, 2121
genetics, learning disabilities, literature review, 5917
graduate training & classroom behavior management approaches, regular education vs learning disability resource teachers, 13533
grouping letters into families, learning handwriting, learning disabled, 9057
grouping letters into families, learning handwriting, learning disabled children, 9081
Halstead Category Test performance, learning disabled 9–14 yr olds with deficiencies in arithmetic & various levels of academic & neuropsychological performance, 5921
hemispheric differences, learning disabled & dyslexics, 1291
hemispheric lateralization, learning disabled children, literature review, 1294
high vs low ability, hemispheric preferences, gifted vs learning disabled or educable mentally handicapped elementary school students, 12977
high vs low scores on bowling game, strategy analyses & explanations of performance, learning disabled vs normal 2nd–6th graders, 3652
home learning program of gross motor training, static & dynamic balance, 7–9 yr old learning disabled males, 8383
identification of learning disabilities, 6–12 yr olds, 1277
identification of word retrieval difficulties & teacher's role in programing remedial strategies, learning disabled students, 9050
incarceration, academic achievement, learning disabled 12.1–17.2 yr old juvenile delinquents, 11023
instruction in time using vs time telling, learning disabled students, 9073
internal reliability of Behavioral Assertiveness Role-Play Test for Children, emotionally disturbed/learning disabled 8–13 yr olds, 11665
intragroup variation, WISC-R profile diagnostic categories, learning disabled 8 yr olds, assessment of A. Bannatyne's recategorization of WISC subtests into subgroups, 4427
knowledge of criterion task, comprehension & recall, normal vs learning disabled 5th–7th graders, 4380
learning disabilities & endogenous depressive illness, children, literature review, 1116
learning disabilities, adolescents with high IQ scores, 3637
learning disabilities screening methods, recommendation for full mandated evaluating, applicant for vocational rehabilitation services, 8777
learning hierarchies, implications for learning failure & test construction, literature review, 11154
learning problems due to mismatch of curriculum & abilities, children, 10517
length of visual persistence & rate of information pickup, span of apprehension, learning disabled 9.8–12.8 yr olds, implications for reading problems & saccadic eye movement training, 5913
literature with learning disabled children as central characters, implications for use in reading education, 8249
low- vs mid-SES & race, referral & special education placement, Mexican American vs Anglo students with learning difficulties, 2091
mastery learning vs conventional reading instruction, reading skills, learning disabled 4th graders, Puerto Rico, 9040
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381

mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
models of learning disability, literature review, 1299
modified version of State Student Assessment Test & print size, minimum competency performance, learning disabled 3rd graders, 4385
monosodium glutamate, treatment of learning disabilities & fatigue, 17–44 yr olds, 6258
multidisciplinary approach to diagnosis & treatment, learning disabled children & adolescents, 10712
myth of learning disability in school systems, literature review, 2128
named vs unnamed pretraining, recall of random shapes, normal vs learning disabled vs deaf children with mean age of 11.4 yrs, 5922
nature & frequency of published literature in learning disabilities & special education, 4378
necessary information about diagnosis & special education, parents of learning disabled children, 1313
neuropsychological & cognitive & psychomotor development & academic achievement, low vision & blind 7–18 yr olds, 5956
neuropsychological characteristics, learning disabled 6.4–9.8 yr olds, 1304
neuropsychological profiles, learning disabled 7–13 yr olds with deficiencies in reading & spelling vs math, 5916
nonverbal communication signals during social interaction, learning disabled 3rd–5th grade males with vs without social/behavioral problems, 3654
normative data, vestibular-proprioceptive functions, 4 yr olds, implications for sensory integration therapy with learning disabled children, 7699
operant &/vs modified cognitive behavior modification procedures, on-task behavior, hyperactive learning disabled 7 yr old male, 11274
parent alcoholism, health & behavior & learning problems, alcoholic parents with mean age of 36.4 & children with mean age of 9.2 yrs, 1265
patterns of diagnosis & management of children with developmental disabilities including mental retardation & learning disabilities, pediatricians, 10515
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
performance on Abstraction Test for Children, neurocognitively intact vs impaired learning disabled children with mean ages of 98.2 vs 97.5 mo, 5918
phonic decoding ability, normal 2nd–5th graders vs learning disabled children with mean age of 10.3 yrs, 10521
physical appearance vs behavior vs learning difficulties, assignment to special education classes, 6th graders in regular vs special education classes, Canada, 11267
physical fitness test performance, learning disabled 2nd–6th grade males in segregated private school vs public school mainstream program, 13638
physiological correlates of conduct problems & anxiety, hyperactive & learning disabled children with mean age of 10 yrs, 5702
picture storybooks, reading instruction using literary elements of theme & setting & plot, learning disabled middle school students, 13663
position papers prepared by National Joint Committee on Learning Disabilities, 3646
prevention of learning impairments, hearing impaired children, 4354
previously undiagnosed congenital rubella, severe language & learning disability, major CNS disorders, 1–14 yr olds, 10576
principal issues in field of learning disabilities, 5895
priorities for use of computers, learning disabled elementary school students, 6758
problems in handwriting instruction, learning disabled secondary school students, 9041
process/conference approach to teaching writing, learning disabled students, 9085
program of motor & cognitive tasks, cognitive & motor skills, learning disabled kindergartners, 13572
Purdue creative thinking program, creative writing skills, learning disabled 11–12 yr olds, 9059
ratings of appeal of reading primers, special educators vs learning disabled students, Poland vs USSR vs Sweden vs Turkey vs Italy vs France vs Hungary vs Czechoslovakia, implications for prevention of dyslexia, 2138
rehearsal with 1- vs multi-item repetitions, free recall of semantically & phonemically related words, learning disabled vs nondisabled 8–10 yr olds, 8267
remediation program, completion of Advanced Individual Training, learning disabled 21 yr old soldier, 2225
school-based Parent Effectiveness Training program, self confidence & relations with children, parents of learning disabled 4th–6th graders, 4404
score correlations between Forms L & M of PPVT-R & Woodcock-Johnson Psycho-Educational Test Battery subtests, 8–9.9 yr old nonreferred regular education vs learning disabled students, 13670
self assessment model, involvement in individual educational plans, learning disabled 8 & 9 yr olds, 2183
self esteem & motivation & development of emotional disorders, learning disabled children, 10524
self ratings on Weller-Strawser Scales of Adaptive Behavior, learning disabled 6–18 yr olds, 7075
simplified handwriting method, learning disabled children, 9055
social attributions, learning disabled 7.3–12.9 yr olds, 10530
social behavior, learning disabled children, literature review, 10526
social interaction initiations & acceptance by regular class peers, 8.5–12.7 yr old learning disabled students, 9083
social skills, learning disabled adolescents, 10516
sociometric status & teacher & peer ratings of personality variables, mainstreamed learning disabled 10th graders, 4363
spatial vs linguistic processes, formulation of transitive inferences, learning disabled 7 vs 9 vs 11 vs 13 yr olds, 3635
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
spontaneous vs 1-item vs multi-item rehearsal, expected & actual word recall, learning disabled vs nondisabled 8–10 yr old readers, 10533
stimulant drugs, academic achievement, hyperactive &/vs learning disabled children, literature review, 8561
sung vs spoken lyrics with vs without musical accompaniment, recall & recognition of verbal material contained in lyrics, verbally vs visual-spatially oriented learning disabled 9–11 yr olds, 1282
syntactic proficiency in oral language, learning disabled 2nd vs 4th vs 6th vs 8th graders, 5897
task difficulty, causal attributions for success & failure, learning disabled vs normal 12.8–18.5 yr olds, 3630
teacher self help Individualized Educational Programs rating scale, 9048
techniques for reducing reversal tendencies, learning disabled students, 9062
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322
types of substitutions for target words found difficult to retrieve, learning disabled vs normal 8–11 yr old males, 1290
use of assessment data, decision making about learning disabled students, 6760
use of metagrammatical organization charts, reading & writing skills, learning disabled students, 9052
validity of teachers' evaluations, assessment of classroom behavior, 12–13 yr old males with learning problems, 6784
verbal rehearsal vs visual imagery, reading comprehension, learning disabled children with mean age of 8.9 yrs, 10527
vestibular-based functions & behavior problems, normal vs learning disabled & emotionally disturbed 5–9 yr olds, 8083
vowel sound associations, learning disabled 2nd–6th graders, 12951
weaknesses of expectancy formula for quantifying academic discrepancy, identification of learning disabled students, 6816
WISC-R & subtests, prediction of nonverbal learning, learning disabled 10.4–11.2 yr olds, 7012
WISC-R subtest score, discrimination of learning disabilities vs emotional disturbance, children, reanalysis of data of R. S. Dean, 96
works of F. Schonell & E. Schonell in special education, learning disabilities & mental & physical handicaps, literature review, UK, 11255
wrestling in physical education program, coordination & self discipline & self concept, emotionally disturbed & learning disabled students, 9042

Learning Disorders [See Also Dyslexia, Learning Disabilities, Reading Disabilities]
developmental differences, Bender Gestalt recall, 6.3–16.3 yr olds with learning & behavior problems, 12955
educational mainstreaming, emotionally handicapped children, 13662
endorphins, physiology & role in animal & human learning & attention & learning disorders, literature review, 9670
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
inservice career guidance experiences, educators who work with handicapped vs disadvantaged vs special need learners, 6576
labeling via placement in segregated classroom vs regular classes, self vs maternal ratings of self concept, learning & behavior disordered 8.8–13 yr olds, 4340
lead & cadmium levels, visual perceptual development, 6–12 yr olds experiencing learning problems, 12448
learning disorders, delinquent & criminal behavior, literature review, 1119
left handedness, learning disorders, 2nd & 3rd graders, 1292
methyphenidate, cognitive style & RT & attentiveness, White elementary school students with attention &/or learning disorders, 1622
relationship between signs of partial airway obstruction during sleep & behavioral & developmental & learning problems, children with mean age of 74 mo, 10333
Learning Rate
availability of 1 vs 2 levers, between- vs within-Ss partial reinforcement effects, male rats, 11937
cognitive style & ability & aptitude & computer-managed mastery learning, individual differences in achievement & learning rate, US Navy trainees, 11356
elaborative strategy used during acquisition, learning speed, college students, implications for general theory of paired associate learning, 11907
gradual increase vs decrease in ratio of partial reinforcement schedule, resistance to extinction, male rats, support for E. J. Capaldi's reinforcement level theory, 11947
hypothalamic stimulation prior to CS-UCS pairing, rate of acquisition of eyeblink CR, cats, 12215
number of stimuli & repetition, oddity task learning, 4.7–5.3 vs 5.6–6.2 yr olds, 12450
presentation-trial vs test-trial vs presentation & test-trial training of motor skill, acquisition & retention of distance & location, employees of US Army, 11771
prior maze learning for opportunity to gnaw wood, preference for goalbox containing water vs food vs wood for gnawing following tailpinch applied in maze vs goalbox, female rats, 11945
time costs vs learning gains of mastery learning, 7th graders, 6581
Learning Schedules [See Also Distributed Practice, Massed Practice]
presentation-trial vs test-trial vs presentation & test-trial training of motor skill, acquisition & retention of distance & location, employees of US Army, 11771
Learning Theory
argument of evolutionary dependence of learning, 7191
conditions that foster academic mastery & cooperative character of school learning, strengths & weaknesses of B. S. Bloom's psychodidactic theory, 9014
experiential learning theory of D. A. Kolb, framework for assessment of person-job interaction, 11438
goals & processes of top-down- & bottom-up-learning from cognitive learning theory perspective, educational applications, 1959
gradual increase vs decrease in ratio of partial reinforcement schedule, resistance to extinction, male rats, support for E. J. Capaldi's reinforcement level theory, 11947
reevaluation of Hawthorne studies of employee productivity, 9148
sensory preconditioning as model of associative learning, literature review, 4616
Learning [See Also Related Terms]
academic success, approaches to learning, 5th graders, 797
academic success, judgments of learning difficulty of sentences, 5th graders, 850
action oriented teaching-learning model for psychology instruction, 8970
anticipation of hypnotic vs learned relaxation, baseline muscle tension, male college students, 7101
application of G. A. Kelly's personal construct theory to adult learning & education, 6665
application of operant conditioning techniques & suggestions for procedural modifications, wasps, 7234
argument of evolutionary dependence of learning, 7191
attitudes toward learning, medical students, 4-yr longitudinal study, 8879
biological & cognitive factors, learning, literature review, 2652
brief parent training, application of behavioral procedures to instruction & child learning of intellectual skills, parents & their 2.5–5 yr olds, 1553
cerebral asymmetry & learning, literature review, 5101
complexity of visualized instruction & copy vs relational vs hierarchical strategies, list & spatial & concept learning, college students, 9512
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
curriculum content vs learning process in family therapy training, 1903
deafferentation of medial basal hypothalamus, habituation & acquisition & retention & extinction in escape & avoidance & operant food conditioning, male rats, 12236
description of SAGE computer program, adaptive production system model of strategy learning, 9269
endorphins, physiology & role in animal & human learning & attention & learning disorders, literature review, 9670
environmental barrier, tool use, captive rooks, 2773
factor analysis & Thurstone scaling & placement data, identification of optimal sequences for learning of reading & study skills, college students, 9496
field dependence-independence & learning style & extraversion-introversion, map reading performance, male vs female 14 yr olds, 7695
forced vs free sampling as task variables, predictive vs diagnostic learning, 4956
imagery & learning, 9511
imagery in learning & psychotherapy, 9495
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
learning automaton model for congruence to joint strategy, fairness & profitability tradeoff, 4658
learning hierarchies, implications for learning failure & test construction, literature review, 11154
learning opportunities, large group therapeutic community, 3861
mathematical model for simple appetitive learning & preferences for predictable rewards, 275
mathematics problem solving before going to sleep, paradoxical sleep phases, 20–25 yr olds, 2897
memory for food storage sites as example of adaptive specialization in learning, nutcrackers & marsh tits, 9562
monomethyltin trichloride & trimethyltin chloride exposure, learning deficiencies, rat pups, 3063
mood & psychotherapeutic training & learning, 4196
mother-child reflection-impulsivity & maternal teaching style, interaction during teaching/learning task, 2nd grade males & their mothers, 10153
multiteacher environment & average weighted reward & reinforcement scheme, learning behaviors, variable structure stochastic automaton, 4662
need for multisensory computer programs for instruction to accommodate various perceptual learning styles, 8985
past experiences, emotional responses to color, college students, 9431
pets as source for pleasure & responsibility & learning, handicapped children, 13105
practice, strength &/or acquisition rate of McCollough effects, Ss with superior color discrimination ability, evidence against M. Schmidt's learning model, 7137
presentation of signs in cheremically vs semantically similar contexts, acquisition of meanings of manual signs of American Sign Language, college students, 7194
psychodynamic & physiological processes & learning & heredity, psychosomatic disorders, 13040
reasons for growth in vocabulary knowledge, elementary school age children, 12417
sex differences, reading & spelling & arithmetic, 4–8 yr olds, longitudinal study, implications for learning strategies, 12403
song phrase copied from ringing of nearby telephone, wild song thrush, 11959
theory of personal constructs by G. Kelly, implications for education, 6549
1st orientation flight, dendritic spine stem shortening, newly emerged honeybees, 432

Least Preferred Coworker Scale
attitudes toward & interpretations of Least Preferred Coworker Scale, college students, 2428
Least Preferred Coworker & Four Factor Theory of Leadership Scales, midlevel executives, 142
locus of control & introversion vs extraversion & score on Least Preferred Coworker scale, office desk & seating arrangements, university faculty members, 13527
performance on Least Preferred Co-Worker Scale & 16PF & Eysenck Personality Questionnaire, 20–57 yr old mill supervisors, 4808
Lecture Method
class size in lecture format courses, group interaction & satisfaction & perceived educational outcome, college students, 6703
computer based vs lecture/laboratory instruction, renal diet therapy, dietetics students, 6646
discovery vs expository teaching strategy, mathematics achievement, 13.2–15.1 yr olds with analytic vs nonanalytic cognitive style, 2034
methods of teaching large lecture course in psychology, 2043
Leg (Anatomy)
complications & mortality rate from above-knee amputations, psychiatric inpatients with mean age of 72.8 yrs, 12759
firing patterns of reticulospinal neurons associated with 4-limb movement, thalamic cats, 7433
topic saliency, speech rate & foot & leg movements, male vs female college students, 9428
Legal Arrest
alcohol-related arrests & convictions, juveniles & adults, US vs India, 1263
coercion to seek alcohol counseling, treatment success, problem drinkers & alcoholics arrested for driving while intoxicated, 11064
enforcement of licensing laws & number of arrests & alcohol consumption, England, 10187
impairment status, community adjustment & alcohol & drug usage & arrests, intellectually vs emotionally vs developmentally vs physically impaired 20–26 yr olds, 12755
offense type & suspect sex & stereotypical gender behavior & victim characteristics, arrest decisions & chivalrous behavior, police officers, 11041
SES, perception of risk of arrest, Ss over 14 yrs old, 5576
somatic vs paranoid vs obsessive-depressed symptom profiles, males arrested for driving under the influence of alcohol & referred for treatment, 10506
Legal Detention
family affiliation, decision to petition court for formal hearing & hold in preadjudicatory detention, arrested 10–18 yr olds, 3327
Legal Processes [See Also Adjudication, Adoption (Child), Child Custody, Commitment (Psychiatric), Expert Testimony, Incarceration, Law Enforcement, Legal Arrest, Legal Detention, Legal Testimony, Legislative Processes, Parole, Probation]
administrative & legal aspects, sex education, implications for public school administrators, 8948
analytic problems, case studies of law, 1022
application of writings to inheritance customs, J. R. Goody, 5535
appointment of guardian, continuity of care, 22 yr old female with Munchausen's syndrome, 8391
assessment of & assistance in dealing with legal issues & problems in drug treatment programs, drug dependent females, 8786
biology & study of human legal behavior, 5558
case management & legal & therapeutic issues in handling of child sexual abuse cases in juvenile court, families with sexually victimized children, 1031
changing concept of animals as property & domain of animal rights, 1020
collaboration between therapeutic & correctional systems, treatment, drug offenders, Australia, support for Milwaukee Model of F. A. Aprill et al, 11094
consultation services of infant mental health program, evaluation & treatment of custody cases, families & their children up to 3 yrs of age, 1732
development & specialization & recruitment & legal issues & success of foster homes, ambiguity of foster parent role, literature review, 962
disinheritance patterns as illustrations of kinship reciprocity & destruction, literature review, 5544
educational background, juvenile court workers & personnel of detention facilities, 1939
establishment of guardianship for elderly person found incompetent by court, discussion of Wisconsin law, 12580
exclusion of antisocial personality & other personality disorders from label "mental illness" in legal considerations, 1009
facts of law in theory of E. Ehrlich, comparison with ethological views of legal behavior, 5486
fallacy of insanity defense, discussion of J. Hinckley's case, 3321
history of insanity defense & criminal law, statement of American Psychiatric Association, 10186
hypothetical suicide case, judgment of adequacy of treatment & willingness to endorse malpractice suit against therapist, psychiatrists vs psychologists vs social workers vs suicidologists, implications for expert testimony, 8840
implications of Tarasoff vs Regents of the University of California, legal responsibility to warn when 3rd party threatened, psychotherapists, 5583
importance of awareness of legal issues, family therapists, 1904
inheritance practices, preliterate vs complex societies, literature review, 5499
insanity defense plea, parallels between D. M'Naghten & J. Hinckley cases, 10411
issues & problems concerning mental retardation & criminal justice, 12962
issues of competence & admissibility in legal system, intellectually disabled defendants, implications for educating community & disabled about law, 12579
joint legal & marital counseling, separating couples, 1528
justification for societal condemnation, anti-female violent pornography, 5586
juvenile justice system, India, 10199
law & legal systems, family systems, 7899
legal information needed by family therapists, 1940
legal issues & policy considerations affecting children, literature review, 7911
legal issues in consent to treatment & confidentiality, psychotherapy with minor clients, 10736
legal issues in educational & intelligence testing & PL 94-142, 2165
legal liability of child-serving agencies, 5554
legal needs & available resources, mentally & developmentally disabled, 10195
legal perspective & role of perpetrator & victim, rape, 8218
legal precedents & issues, mental health service delivery, prisoners in local jails, 6468
legal rights & power & status & authority, widows, 1535–1650, Netherlands, 3319
legal standards for evaluation research, criticism of article by N. L. Smith, 5560
libel & slander issues, counselors, 11142
maintenance of social order, chimpanzees, implications for biological basis of human legal behavior, 5021
medication, behavior & appearance, physically or mentally ill legal clients, 10177
need for & barriers to increased legal advocacy, client interview form & guide, mentally retarded, 10523
negative aspects of criminal justice procedures in prosecution of child sex abuse cases, 1023
perceptions of reasons for removal of children from home by legal authorities, neglected 6–16 yr olds & their parents, South Africa, 8234
pretrial publicity & fairness of legal trials, Great Britain, literature review, 10185
proposed redefinition & changes in divorce processes & legal practices, 3325
provision of mental health services within court system, treatment specialists, 1727
psychiatric & medico-legal aspects, crime, Martinique, 8184
psychiatric profiles & suggestions for presentence evaluation, 16–30 yr old male criminal offenders with previous psychiatric histories primarily personality disorders, 1264
reform of judicial procedures in prosecution of parent-child incest, 7920
right to habilitation or training, involuntarily committed mentally retarded persons, discussion of Youngberg v Romeo case, 1004
roles in estate planning & will making, client vs attorney, literature review, 5581
Supreme Court mandate for standard of proof in termination of parental rights proceedings, 12581
use of sociobiology in legal policy decisions, 5580
Legal Testimony [See Also Expert Testimony]
ability to estimate credibility of eyewitness testimony, prospective jurors, 3322
accuracy of eyewitness testimony, child vs adult traffic accident witnesses, literature review, 10198

classification of verbal response modes during direct & cross-examination, attorneys & rape victims, 10189
competence as trial witness & reliability of evidence, mentally handicapped 22 yr old female, 5903
criticism of Neil v Biggers criteria for judging eyewitness accuracy & relevant psychological research, literature review, 12587
demand characteristics created by misleading questioning, accuracy of eyewitness testimony, college students, 7991
information introduced after event, eyewitness testimony, college students, 3323
knowledge of empirical evidence vs common sense in eyewitness testimony, lawyers vs jurors, 5573
problems with use of hypnosis, murder suspect, 1029
psychological factors, eyewitness identification, 12570
use of hypnosis in legal testimony, 5579
Legalization (Marihuana) [See Marihuana Legalization]
Legibility [See Handwriting Legibility]
Legibility (Handwriting) [See Handwriting Legibility]
Legislative Processes
creation of congressional Select Committee on Children Youth & Families & role of psychological community, needs & problems of children & families, US, 10191
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
legislative history of Parental Kidnapping Prevention Act of 1980, 5584
passage of & opposition to legislation for civil rights & deinstitutionalization of mentally ill, psychiatrists vs lawyers, US, 1013
research on role in educational policy, state legislatures, 11155
sunset review process, school psychology licensing, 1984
Leisure Time
arts & cultural activities, US, 10124
class & sex inequalities & role of media & effects of life cycle, community studies of leisure, 7847
cultural enhancement vs work fatigue compensation, motivation for leisure activity, Ss with mean age of 28 yrs, 7849
development of framework for analysis of sport & leisure themes in TV programs & commercials, 12332
dissimilarity in values & social structure & job characteristics & job satisfaction, work-leisure relationships & leisure activities, kibbutz vs urban residents, Israel, 10118
emancipation vs demoralization approaches, leisure studies, 7848
interrelationships of leisure time & activities & preferences & competence, morale, aged, 3143
life orientation & academic major, work & leisure orientation, 17–44 yr old college students, implications for college counselors, 11251
participation in performing arts workshop & sex differences, interest & participation in aesthetic & athletic & leisure activities, entering college students & high school students, 5422
patterns of leisure interests & activities, Ss 13 yrs & older, US, 10131
preferred leisure activities & cultural choice, Southern US, 10135
preretirement leisure activity patterns, retirement planning & attitudes, male retirees with mean age of 68.4 yrs, 8000
rotating shift work, leisure activities, workers in automated factory, 2.5-yr longitudinal study, 13761
SES, holiday taking & recreational aspirations & expectations, city residents, Australia, 7851
shift in reliance on behavioral vs medical model in therapeutic recreation & comparison with special education, enhancement of leisure time, special populations, 1493
theory of leisure as unique arena for self expression vs work-centralist approach, emergence of leisure society, 7845
Lemurs
cage size, locomotion & grooming & agonistic behavior & activity, slow lorises, 7291
deep woodchip litter as husbandry technique, inactivity & fighting & time spent on ground & behavioral improvements & hygiene & overall housing conditions, lemurs & monkeys & marmosets, 362
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
Lens (Eye)
species differences, spherical aberrations of lenses, vertebrates, 5049
Lesbianism
construct validity of Masculine Gender Identity Scale, heterosexual vs homosexual vs transsexual females, 86
discussion of autobiographical works, lesbians, 5272
expression of lesbianism, mental health, 23–46 yr old lesbian mothers, implications for child custody decisions, 5574
factors associated with relationship satisfaction, 18–59 yr old lesbians, 7938
family background & demographic & behavioral characteristics, Chinese 19–61 yr old lesbians, Hong Kong, 10209
friendship & development & maintenance of love relationships, 19–33 yr old lesbians, 7942
grieving process, acceptance of homosexual orientation in nurse-client relationship, female, 4021
intervention strategies, drug dependent lesbians, 8797
model of developmental process, self identity formation, lesbians &/vs feminists, 7929
sex role identity, 20–54 yr old lesbians vs 18–37 yr old heterosexual females, 5602
sexual arousability & satisfaction, 17–62 yr old lesbian vs heterosexual females, 12589
sexual identity & experience & feelings about daily approaches & recognition & willingness to use term sexual harassment, consciousness about sexual harassment, lesbian & heterosexual 21–77 yr old working women, 6871
sexuality & theories of homosexuality, females, 7934
Lesions [See Also Brain Lesions, Hypothalamus Lesions, Neural Lesions]
behavioral conditioned suppression vs brain stem evoked response techniques, determination of hearing thresholds, rabbits with vs without cochlear lesions induced by noise vs kanamycin, 9242
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
bilateral transection of lateral olfactory tract, behavioral & electrophysiological responses to odor stimuli, male rats, 2967
ethanol, recovery from vestibular disturbance following labrinthectomy, guinea pigs, 3069
hypoglossus sectioning of male & deafening of female, pairbond maintenance, robins, 7554
meal feeding vs free feeding schedule & subsequent blindness vs suprachiasmatic nucleus lesions, water intake, male rats, 7550
naloxone & fluid deprivation & open gastric fistulas, sugar/water preference & intake, male rats, 2938
nephrectomy vs food deprivation, spontaneous & angiotensin induced drinking, male rats, 7492
pinealectomy, bombesin effects on body temperature regulation, goldfish, 7497
rostral spinal cord hemisection, tonic & phasic synaptic input to motoneurons during fictive swimming, frog embryos, implications for descending inhibitory mechanisms, 5178
suprachiasmatic nuclei symmetrical innervation by retinohypothalamic tract, entrainment of circadian rhythms, blinded male rats & hamsters, 2992
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
vomeronasal & olfactory nerve lesions & chemical cues & blindfolding, shelter selection & aggregation, male garter snakes, 547
Letters (Alphabet) [See Also Consonants, Vowels]
alteration of letter outlines, visual search performance, 9484
development of tactual-visual ability to identify colors & letters & numbers & drawings, blind & partially sighted, 1408
efficacy of fixed vs variable letter width characters for TV screen, 18–30 yr olds, 13784
exposure duration & heterogeneity of difference, disparity between "same" vs "different" RT & errors, college students, test of L. E. Krueger's noisy-operator theory, 9433
familiarity effects & memory set size, letter search task, college students, 11798
letter discrimination learning, pigeons, comparison with human similarity judgment data, 319
letters vs geometric shapes, visual search strategy, 5.3–6.2 vs 6.6–7.6 yr olds vs college students, 12409
LISP program, calculation of similarity relations in letter displays based on similarity matrix or tachistoscopically-derived feature-set definitions, 11602
physical characteristics of target letters presented to right vs left visual field, RT for matching vs mismatching with central probe, male college students, 7364
presentation of letter vs 3-dimensional shape to center of visual field & comparison stimuli to right vs left visual field, RT for same/different judgments, college students, 7408

problem difficulty & internally vs externally directed attention & numerical vs alphabetical tasks, eyeblink rate during nonvisual problem solving, college students, 2901
similarity in letter matching task, RT, college students, implications for single vs dual process explanations of performance, 7163
single letters constructed from line segments of equal length in letter confusion experiment, visual letter recognition & confusion & perception of features, college students, test of contemporary mathematical models, 293
target vs nontarget confusability & central vs peripheral target presentation, letter identification, college students, 7125
use of cards in Montessori style, training in discrimination & recognition & reproduction of visual & visual-auditory letters, moderately mentally retarded children, 2115
visual vs auditory presentation of semantically vs structurally oriented verbal stimuli, recall & recognition, 7195
word vs nonword stimuli & number of rows & letters, visual search, college students, 11824
Leucine
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083
Leucocytes [See Also Lymphocytes]
characteristics of human leucocyte antigens & remission, schizophrenics, 8142
immune function of polymorphonuclear neutrophils, 22–42 yr old depressives, 12798
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
Leukemias
achievement & intelligence test-retest performance, 5–16 yr olds with leukemia or solid tumors, 1-yr followup, 3762
chemotherapy & cranial irradiation for acute lymphocytic leukemia, neuropsychological functioning, patients with mean age of 7 yrs, 1461
postirradiation somnolence syndrome as precursor of cognitive dysfunction, school age children with acute lymphocytic leukemia treated with cranial irradiation, 1.5–3.75 yr followups, 10548
psychological intervention program, coping, families of children with mean age of 6.6 yrs with leukemia, 5-yr longitudinal study, 13214
Leukocytes [See Leucocytes]
Leukotomy [See Psychosurgery]
Levodopa
behavior therapy & meditation, levodopa-induced dyskinesia, 44 yr old male Parkinsonian patient, 8540
chronic levodopa therapy, "on-off" effects & akinesia, patients with Parkinson's disease, 8569
Liberalism
liberal vs conservative ideology, academic perceptions & beliefs, college students, 6698
Liberalism (Political) [See Political Liberalism]
Libido
infantile sexuality in Jensen's "The Gradiva", implications for narcissistic libido & transference, 12359
Libraries [See Also School Libraries]
evaluation of library-maintained "Occ-U-Sort Kit" as career guidance tool, 25–34 yr old users, 11351
holdings of Archives of the History of American Psychology at University of Akron, Ohio, 11542
Libraries (School) [See School Libraries]
Librium [See Chlordiazepoxide]
Licensing (Professional) [See Professional Licensing]
Lidocaine
daily cocaine vs lidocaine, subjective & cardiovascular effects, normal 22–27 yr olds, 3021
Life Expectancy
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
social context of life course, 3 generation family, 7885
traits theory approach, longitudinal life span research, 7691
Life Experiences
adaptation to & coping with life stress, aged, literature review, 5307
anxiety level & health locus of control & social supports & number of life events & illness severity & demographic variables, health clinic utilization, 18–65 yr olds, 8674
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, assessment of life events, 25–76 yr old endogenous depressives vs 20–66 yr old depressive neurotics, 10423
assessment of life events & stress-disease relationship, literature review, 3497
Big Sisters Life Choices Clubs, behavioral consequences & locus of control & values, 9–12 yr old females, 5469
changes & stresses in school setting, self concept & perception of quality of school life, 4th & 5th graders, 4315
childbirth preparation, birth-related attitudes & experiences during childbirth, working class vs middle class 15–38 yr old mothers, 8620
comparability & reliability of techniques for assessment of personal future planning, 62–92 yr old White females, 2385
correlates of life satisfaction, 42–56 yr olds, 922
criticism of current provision of services, philosophical orientation based on existential notion of life review, aged, 6356
demands & desires in daily life, life satisfaction & psychological well-being, college students & adults, 10302
depression & stressful life events & perceived stressfulness of rheumatoid disease, male rheumatoid arthritis patients with mean age of 63 yrs, 8299
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
factors affecting life satisfaction & functional disability, geriatric day hospital patients, 10940
forgetting past mistakes & unrealistic orientation & aspirations for future & acceptance of reality of conflict in society, 5673
genetics & life events & stress, onset of allergies, monozygotic & dizygotic twins, 6012
health & friends & offspring living in same area & educational level, life satisfaction & death anxiety, females over age 65, 916
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
life change in etiology & dynamics of coercive treatment, child abuse, parents, 8198
life events & perceived dimensions of events & social support, prediction of psychological symptoms & depression & anxiety, college students, 12845
life events & social interactions & psychiatric symptoms, 20–60 yr old female patients, 10356
life events fostering development-inhibiting dispositions, ability to utilize development-promoting school activities, students, 9024
life events preceding vs during vs after treatment, symptomatology & clinical outcome, 22–60 yr old unipolar depressive females, 13117
life satisfaction, presently vs formerly vs never employed married females, 7881
methodological issues of proportional hazards models, analysis of family formation & dissolution in life course transitions, 15–44 yr old married White females, 994
multistate demography, life course analysis of individual transitions & changing statuses of marriage & divorce & remarriage, 47
nonshared within-family environmental variation, IQ, children, 5381
parallels between lives of poets E. A. Poe & A. Jozsef, 3436
personal problems & further education, IQ, former slow learners, followup at 30 yrs of age, 12983
personality & psychopathological & hereditary variables & stressful life events, 17–35 yr old males with duodenal ulcers, 13004
predictive validity of scoring systems for Social Readjustment Rating Scale, assessment of life stress factors & coping resources, 16–81 yr olds, 9351
predilection toward & positive life review function of reminiscence, aged, 12390
procedure to relate technical material of academic psychology to everyday experience, college students, 6588
quality of life & job & education & acculturation, well-being & emotional adjustment, 25–75 yr old Hispanics in bicultural/bilingual urban milieu, 7861
relationships between work & life satisfaction, workers, 4530
reliability & stability of inventories & relation to psychosocial stress & life events, measurement of neuroticism & symptoms & well-being, Ss aged 16 yrs & over, 10297
self disclosure & interpersonal dependency & life changes, loneliness, 18–25 yr old college students, 3454
severity of initial illness & physical health & life events & SES, outcomes, depressed 65–89 yr olds, 10698
sex differences & life event stress, courtship violence, college students, 8208
short term stability of data collection techniques, assessment of extension of thinking about one's personal future, undergraduate & graduate students, 11612

social support networks, life events & social adjustment & depressive symptoms, 19–71 yr old depressed outpatients, 5755
spiritual maturity & reproductiveness & experience of God's love in level of discipleship, 35–60 yr old psychiatric patients, 12834
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
stress-producing life events, psychosomatic illness, criticism of T. H. Holmes & R. H. Rahe's conclusions, 3735
stressful life events & nervous tension & interpersonal trust, 20–65 yr old college students & faculty & employees, implications for nursing, 867
student leadership experience, subsequent personal & occupational choices, former student leaders, 6713
subjective quality of life as criterion, assessment of needs for social policy & resource allocation decisions, adults & older persons, 10106
theory of nature & mechanism of formation of individual experience as result of semiotic environment, 9967
thoughts & curiosity in psychotherapeutic process, acceptance of unformulated experiences & familiarity, clients & analysts, 8457
unrestricted vs limited vs no access to car, daily life & time spent with friends & freedom from parental control & socially responsible behavior, teenage males, 5468
use of "induced" life review in occupational therapy, 81 yr old disabled veteran, 13402
Life Span [See Life Expectancy]
Lifestyle
action-lifestyle model of vocational behavior, 13713
active lifestyle, quality of life & self concept, children, 5323
age & stage of diagnosis & current disease status, self reported quality of life, cancer patients, 10623
anticipatory socialization vs postarrival socialization vs social role, attitudes & life style, 1st yr college students, Scotland, 4323
attitudes toward alternative lifestyle clients, psychotherapists, treatment implications, 6126
attitudes toward their "open" marriages & disclosures to their children, parents, 10172
correlates of life satisfaction, 42–56 yr olds, 922
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
demographic characteristics & lifestyle & illness role & degree & perception of disability & achievement of rehabilitation: goals, coping behavior, chronically ill 18–65 yr olds, 8348
demographic characteristics & parental values & childrearing practices, child development, single mother vs traditional vs social contract families vs communal living groups, 12369
economic & educational & caretaking functioning, nontraditional families, 12540
emerging social & personal & occupational issues in 1980's, college students, literature review, 13502
factor structure of Level I Life Styles Inventory, employees, test of J. C. Lafferty's 4-factor model, 9320
family conflict & stress, child's development, traditional vs nontraditional families, 12370
ideal psychotherapy, transformation of lifestyle, 8431
lifestyle & conversation, anorexic females, literature review, 8324
lifestyle, dual career couples, implications for counseling of students, 2160
patterns of leisure interests & activities, Ss 13 yrs & older, US, 10131
quitting smoking & use of benzodiazepines & stress & other sociodemographic & lifestyle variables & disease severity, memory problems, 31–64 yr old ischemic heart disease patients, 8298
review of Freud's texts, language & life praxis & scenic understanding in psychoanalytic therapy, 10734
role in facilitation of patients' healthy lifestyle changes, family physicians, 8630
taxonomy of family lifestyle patterns, trainable mentally retarded children with average age of 12.7 yrs & their families, 1306
work related vs individual difference & family dynamics factors, quality of life, dual career spouses, 10165
Light [See Illumination]
Light Adaptation
adaptation level, 3-dimensional organization of pigment granules relative to microtubules in retinula cells, crayfish, 7368
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
level of steady vs modulated adapting light, retinal ganglion cell discharge rate, goldfish, 461
Liking [See Affection]
Limbic System [See Also Amygdaloid Body, Gyrus Cinguli, Hippocampus, Medial Forebrain Bundle, Olfactory Bulb, Septal Nuclei]
aggressive & defensive behaviors & open field activity prior to vs following bilateral entorhinal area lesions, adult female albino rats, 2969
cannabinoids, human memory processes & cholinergic limbic system, literature review, 5227
chronic methamphetamine, spiperone binding to striatal & mesolimbic areas, male rats, 5182
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
electrical limbic stimulation & testosterone & amphetamine & apomorphine & haloperidol, sexual drive, adult male cats, 9712
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
lesions of ventral tegmentum vs substantia nigra pars compacta, dopamine loss in nucleus accumbens-olfactory tubercle & striatum & motor activity & drug induced locomotion, male rats, 12180
limbic ictus as etiological mechanism, patients with atypical psychoses, literature review, 12844
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
naloxone microinjections into high opiate receptor binding brain regions, reversal of morphine induced catalepsy, male rats, implications for limbic & basal ganglia role in narcotic motor expression, 3107
nerve growth factor, temporary facilitation of recovery from lesions of entorhinal cortex, male rats, 9751
properties & generating mechanism of inhibitory potentials evoked in olfactory bulb & other neuronal pathways to or from pyriform cortex, rabbits, 473
role of limbic mechanisms & cortical reward areas in reinforcement in associative learning, rats, 7382
sensory conflict theory & role of limbic system in integration of sensory information & memory, motion sickness, 5984
sleep-wakefulness cycle, electrocortical activity of prepyriform cortex vs neocortex, rats, 470
stimulation of paleocerebellar cortex, rate of synthesis & release of catecholamines at limbic sites, cats, 7519
strain differences, dopamine receptors in limbic forebrain vs striatum resulting in differential behavioral responses to apomorphine, DBA/2 vs Albino-Swiss vs C5BL/6 mice, 2808
Limen [See Thresholds]
Linear Perspective
age & texture-density cues of rotating figures, perceived depth & shape constancy, 3 vs 4 vs 5 vs 21 yr olds, 12433
magnification & visual field truncation, perception of interobject radial distance, college students, 9473
Linear Regression
discriminant analysis vs hypothesis agglutination techniques vs conventional linear statistical procedures, diagnostic decision making, 6999
generalized definition of suppression & conditions for suppressor structures in General Linear Model procedures, 2512
judgments of linear correlations & scatterplot comparisons, comments on experiments of W. S. Cleveland et al, 256
linear & nonlinear models, measurement of true change effects, 7090
linear regression analyses, WAIS IQ, males vs females with unilateral brain damage, 5979
linear vs nonlinear models, magnitude estimation of temporal intervals, 9394
test for stability in linear structural equation systems, 2490
Linguistic Analysis [See Etymology]

Linguistics [See Also Adjectives, Adverbs, Alphabets, Antonyms, Ethnolinguistics, Etymology, Form Classes (Language), Grammar, Homographs, Inflection, Letters (Alphabet), Morphemes, Morphology (Language), Nouns, Orthography, Paragraphs, Phonemes, Phonetics, Phonology, Phrases, Pronouns, Psycholinguistics, Semantics, Sentence Structure, Sentences, Syllables, Syntax, Transformational Generative Grammar, Verbs, Words (Phonetic Units)]
analysis of consonant cluster abbreviation, 740
cognitive style & knowledge of linguistic concepts, reading achievement, 1st vs 3rd graders, 5327
comparison & integration of theories of signitive behavior of F. de Saussure & A. Schutz, 738
field theory & role theory, conceptualization in sociology of language, 7647
inclusive disjunction, West African languages, 12350
interpretive cues, probabilistic assignment of sentence relations, Hebrew speaking college students, Israel, 257
lexical contributions to pseudoword pronunciation, 12346
linguistic approaches of V. H. Rosen & M. Edelson & R. Schafer & J. Lacan, psychoanalysis, 10733
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
linguistics, types of language disturbance & location of brain disorder in aphasia, 10631
problems in assessment of models in historical linguistics analyses, 724
use of linguistic concepts in psychoanalysis, analysis of J. Lacan's concepts, 13183
user participation in design of command language & structuring rule, command recall, office clerks, 11458
Lipid Metabolism
acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
adipose tissue triglyceride uptake & lipoprotein lipase levels, fed vs fasting obese vs lean female Zucker rats, 2867
removal of interscapular brown adipose tissue & photoperiod light-dark ratio, body weight control, female hamsters, 12179
Lipid Metabolism Disorders
intelligence & personality traits, heterozygotes for lipidoses, 8312
lipid metabolism disorders, adolescents with schizophrenia & mental retardation & behavior disorders & personality disorders, 5727
Lipids [See Also Fatty Acids, Phosphatides]
emotional arousal, plasma lipids, adults, literature review, 515
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
high vs low fat diet vs obesity, brown adipose tissue respiration rate, female rats, 2917
hyperlipemia & high blood pressure & diabetes & obesity, mental illness, females vs males, 12849
increase of fatty acids through heparinoid injections, intake of high-fat vs high-carbohydrate diet, male rats, 5216
lecithin as dietary supplement, depression & weight gain & serum lipid levels, chronic schizophrenics with tardive dyskinesia, 6102
lipid screening project for identification of coronary risk factors, behavioral response & subsequent cholesterol & triglyceride levels, medical students, 8618
Lipoproteins
adipose tissue triglyceride uptake & lipoprotein lipase levels, fed vs fasting obese vs lean female Zucker rats, 2867
plasma fibrinogen & serum total & lipoprotein cholesterol screening, risk of coronary heart disease, 28–59 yr old air traffic control officers, 3736
Lipreading
diagnosis & training of deaf children in comprehension & use of sign & spoken language & lipreading, parents of deaf children, 6306
discrepant auditory vs visual information, lipreading, college students, 7129
hearing aid &/vs lipreading rehabilitation approaches, acquisition of monosyllabic word discrimination, congenitally deaf 6–9 yr olds, 6309
lipreading &/vs electrical stimulation using wearable speech processor & multiple-channel cochlear implant, perception of consonants in VCV context, 49 yr old male with total bilateral deafness, 6297
onset of deafness in adulthood, recall of visually presented verbal information & speechreading performance, deaf 23–59 yr olds, 3752
phonetic context & articulatory parameters resulting from coarticulatory effects, lipreading performance, hearing impaired 16–36 yr olds, 5942
procedure for measurement & analysis of visible articulatory movements & description of video speech synthesizer, visual speech perception, 9884
reading & lipreading ability & comprehension strategies, female high school students, 5408
speech reading & lipreading, language acquisition, deaf children, 6308
spontaneous eyeblinks & blink suppression during lipreading, graduate & college students, implication for relationship between attention & blink rate, 4872
Lips (Face)
mechanical stimulation, reflex responses of single motor units in lower lip muscles, adults, 2833
vermilion border & lip mucosa sensory innervation patterns & correlation with neurophysiologic & reflexogenic phenomena of head & neck, newborn to 6 mo old & adult rhesus monkeys, 2825
Liquor
subjective social obligation & price & effort in acquisition, frequency & amount of beer vs wine vs distilled spirits consumption, California residents, 1041
Listening [See Auditory Perception]
Listening Comprehension
age & sex differences, identification of source of message inadequacy in ambiguous listening task, 3–6 yr olds, 5374
ambiguous passages, schema shifting in cognitive monitoring in listening comprehension, 3rd vs 6th graders, 12454
child abuse &/vs neglect, language development, children with mean age of 47 mo, 1226
contextual information & intonation, detection of irony, 1st vs 3rd grade vs college student listeners, 7706
errorless discrimination training, visual & auditory discrimination of digraphs, learning disabled 8 yr old female, 2137
intonation of spoken sentences, comprehension time, college students, 7142
nonlistening attention demand concept, communication effectiveness of radio commercials, Ss aged 18 yrs & older, 4596
play, listening comprehension, kindergartners, 12444
preferred listening rate & comprehension, 34–68 yr old aphasics, 8336
preschool program using discussion & role playing & social modeling, listening skills & perspective taking, 3–5 yr olds, 13556
proverb comprehension, aphasics, 6033
quality of S's message, evaluation of accuracy of listener's feedback about comprehension, Ss with mean age of 59 vs 72 vs 82 mo, 749
signaling of expository passages, comprehension & recall, 15–17 yr old high school students, 6672
speaker &/vs listener training, transfer of learning, 5 yr olds, 7754
speech compressed by microcomputer, comprehension, visually impaired students, 3719
speech shadowing ability, military veterans with injuries to right vs left cerebral hemisphere, 8317
topical knowledge & interest, prediction of listening comprehension, 1st graders, 9007
Literacy
computer & written literacy, 9876
history of language acquisition & development of literacy, 600 BC to 1970's, literature review, 848
literacy & cultural movement during late 18th & early 19th centuries, England, 10101
literacy, consciousness & social relations, 10100
literacy skills, chronic psychogeriatric patients, rehabilitation implications, 13369
social reinforcement, reading education, illiterate adults, Brazil, 8967
sociocultural factors, literacy program, Cape Verde, 10104
Literature [See Also Autobiography, Biography, Poetry, Prose]
aesthetic aspects, children's literature, 11221
aesthetic theory & root metaphor of selective act in world hypothesis of S. C. Pepper, implications for literature & human behavior, 5276
American dream of perpetual youth & inevitable prosperity seen as nightmare, comparison of works of F. S. Fitzgerald & E. Fromm, 3129
amount of goal information & temporal structure, story recall, 4–5 yr old preschoolers vs 1st graders, 9976
analysis of C. B. de Holanda's "Little Yellow Riding Hood" according to M. Klein's theories of schizophrenic paranoia & depression, 12352
analysis of works of F. Kafka in light of biographical data, 745
application of F. Dostoevsky's novels to psychiatry, 12358
application of personological system by H. A. Murray to study of literature, 3474
application of social basis of root metaphor to "Apocalypse Now" & "The Heart of Darkness", 5275

approaches to literary experience & inquiry by S. C. Pepper & J. Dewey, 5271
association between education & totalitarianism in literature & society, psychoanalytic response to dependency in therapy & institutional alienation & wish not to think, 6143
autobiographical & latent content of V. Woolf's novel "The Voyage Out", 12357
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662
charisma & use & misuse of power in R. Browning's "The Pied Piper", 744
creative writing exercise using emotions as tools of instruction, learning disabled elementary school students, 9063
criminal responsibility & rehabilitation in S. Butler's "Erewhon", 12356
detective stories of A. Christie in teaching psychology, 13575
development of appreciation for literature, children, implications for reading education, 11209
differences in "women's" fiction as provided by "Redbook" vs "True Story" magazine, 7636
discussion of articles on transference & psychoanalytic literary criticism, 3122
explanation of L. Kohlberg's cognitive developmental characterization of moral development based on Rousseau's "Emile", 9930
foregrounding program in teaching literature, gifted children, 9074
history of psychoanalysis through H. Deutsch's account of G. Sand, 7660
hypnoanalytic session in C. Dickens's "Christmas Carol", 7659
ideologic orientations as science fiction readers & writers, females, 741
infantile sexuality in Jensen's "The Gradiva", implications for narcissistic libido & transference, 12359
learning process, active literary skills, 6683
life & work & literature of A. Kollontai, encouragement of communality & consciousness raising, females, 3347
literature with learning disabled children as central characters, implications for use in reading education, 8249
logical analysis & meaning of sentences that include fictional names, 7566
mescaline, fiction & formal expositions of existentialism, J. P. Sartre, analysis based on S. Grof's theory of perinatal memory matrices, 10303
mythic imagery in J. Heller's Catch-22, 9905
nurse vs physician vs nonhealth care provider authorship, image of nurse in novels, 9902
parricide themes & hysterical personality features as factors in G. Flaubert's epilepsy, comparison with life & work of F. M. Dostoevsky, 3741
periods of adult development & problems of motivation to work, college faculty members in novel of K. Amis, 10072
personology of H. A. Murray & creativity & analysis of literature, 3433
phenomenological recreation, pathography of J. Didion's "Play It As It Lays", 5278
portrayal of deaf fictional characters in short stories, literature review, 7663
power of C. Darwin's writing within Victorian culture & reflection of Darwinian theory in G. Eliot's "Daniel Deronda", 6917
process of growing from girlhood to womanhood reflected in novels of J. Austen, 7658
psychoanalysis & literary criticism, 3124
psychoanalytic analysis, Rumpelstiltskin, 9907
psychoanalytic interpretation, literature, transference implications, 3125
psychoanalytic interpretation of Sir A. C. Doyle's character as revealed by fictional character of Sherlock Holmes, 7661
psychoanalytic literary criticism, 3121
psychoanalytic review of J. Paul's novel "The Titan", 12353
psychoanalytic significance of Aristotle's "Poetics" from developmental perspective, tragedy & metaphor in analytic process, 5270
psychosexual symbolism in execution scene in "Gulliver's Travels", 3128
role of heroine in modern gothic & historical romance novels, implications for socialization & consciousness raising of females, 9908
role of psychology in betterment of American society as manifested in utopias described in writings of G. S. Hall & W. McDougall & H. Munsterberg & J. B. Watson, 3269
self analysis in W. Bion's "Memoir of the Future", 12360
self identity in "Heinrich von Ofterdingen" by Novalis, 3123
sex roles & negative effects of self denial reflected in "Little Women" by L. M. Alcott, 7664
significance of early memories, Freud & Bialik & W. Wordsworth & D. H. Lawrence & J. Joyce & F. Kafka & S. J. Agnon, implications for psychoanalysis, 12351
sleep pathology & sleep disorders & psychopathology, aged, literature review, 10324
strategies employed in coming to grips with R. Rolland's postulation of "oceanic sensation" in Freud's "Civilization and Its Discontents", 5274
treatment of families in conflict in literature & clinical practice, 6177
treatment of infant death in fiction, 3120
use of transference, psychoanalytic literary critic, 3130
using children's favorite books, reading education, 11210
writing of children's books, 9906

Literature (Religion) [See Religious Literature]

Literature Review

absence of neurologic signs & symptoms, 32–52 yr old patients with brain tumors admitted to psychiatric hospital with behavioral & thinking disturbances, literature review, 10550
accelerated neurological aging & senile dementia, elderly Down's syndrome individuals, literature review, 12953
accuracy of eyewitness testimony, child vs adult traffic accident witnesses, literature review, 10198
activity of indolealkylamine & phenalkylamine hallucinogens, literature review, 652
acute & chronic ethanol treatment, GABA transmission, literature review, 9830
acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
adaptation to & coping with life stress, aged, literature review, 5307
adaptation to stress & genetic factors, tyrosine hydroxylase activity & catecholamine release, rats, literature review, 9613
advantages of special & compensatory education without labeling, low-achieving elementary school students, literature review, 9067
age differences in work attitudes & behavior, literature review, 2200
age of onset & presenting symptoms & possible etiology, infantile autism, literature review, 12763
age-related changes in endocrine & immunologic function & trisomy 21 & similarity with Alzheimer's disease, Down's syndrome patients over age 35, literature review, 3495
aged as contributors to social support networks, literature review, 10119
aging, circadian rhythmicity & sleep, animals, literature review, 9691
air pollution, health & behavior, humans, 11469
alternative ways to manage residential institutions, well being & social development, institutionalized mentally retarded, literature review, 13382
analysis of sleep disorders & other biological factors, diagnosis & prognosis & treatment & evaluation of therapeutic response, depressed patients, literature review, 12766
anorexia nervosa & parallels to folie a deux, 18 yr old female monozygotic twins, literature review, 10630
anthropology of magic & parapsychological research, literature review, 11519
anticholinergic & neuroleptic drugs & dopamine agonists, tardive dyskinesia, literature review, 6242
antidepressant treatment, regulation of norepinephrine receptor coupled adenylate cyclase system, literature review, 1670
antipsychotic effects & dopamine blocking properties, neuroleptics, literature review, 615
apartment living, development, children, literature review, 3153
apomorphine-induced growth hormone secretion & prolactin responses, schizophrenics, literature review, 6259
application of Piaget's theory to adolescents, instructional implications, literature review, 4294
arithmetic & exponential schedules, response allocation sensitivity to reinforcement, literature review, 7268
aspirations of contemporary youth, Poland, literature review, 10083
assertive sets observed as character traits, social adaptation & creativity, literature review, 5668
assertiveness training, alcohol abusers, literature review, 8833
assessment & conceptualization, schizophrenia, literature review, 1197
assessment & rehabilitation & empirical methodology, social adjustment, blind children & adolescents & adults, literature review, 13088
assessment of familial risks of psychosis & genetic counseling, literature review, 6325

assessment of life events & stress-disease relationship, literature review, 3497
attention & intellectual functioning & cognitive & psychosocial development, children of hospitalized schizophrenic & depressed mothers, literature review, 9916
attitudes toward adolescent drinking, US, literature review, 5450
attitudes toward computers & computer assisted instruction, students, 1976–82, literature review, 2081
attribution, implications for labeling, literature review, 1078
attribution theory models of organizational behavior, literature review, 13767
atypical responses to drug therapy as sources of diagnostic information about etiology & taxonomy & treatment, atypical psychiatric disorders, 13266
audio vs audio-video teleconference & cooperative vs competitive tasks, perceptions of equipment & performance of self & others, middle & senior managers, literature review, 6817
autoshaping & response production & association & old vs recent performance models, classical conditioning, literature review, 6920
awareness of & response to natural hazards, literature review, 4585
background & description of Luria-Nebraska Neuropsychological Battery, literature review, 7028
barriers to helping relationship & understanding & utilizing strengths & ecosystem of Black families, social workers, literature review, 6384
bases for interpretation of experimental data in probability judgments, literature review, 4669
basic rest-activity cycle, humans & animals, review of research, 2865
Bayesian inference as theoretical framework for hypothesis evaluation, literature review, 9254
behavior modification, obesity, literature review, 6201
behavior modification, special education, learning disabled children, literature review, 4376
behavior therapy & aversion therapy & positive reinforcement, nervous & mental disorders, USSR, literature review, 8521
behavior therapy, France, 1976–81, literature review, 8493
behavioral & neurochemical & clinical effects, dopamine agonist piribedil, literature review, 9808
behavioral functions of septal area, literature review, 5061
behavioral medicine, literature review, 6085
behavioral treatment, aggression & hostility, children & adolescents & adults, literature review, 1576
benefits of & obstacles to & approaches for encouraging exercise, weight reduction, literature review, 6056
bereavement, increased susceptibility to infectious diseases & altered biochemistry & chemotherapy vs psychotherapy, literature review, 10580
bias & error in human inference, literature review, 9500
biofeedback & relaxation & operant conditioning & cognitive behavioral treatment, chronic pain, literature review, 13251
biofeedback, psychophysical performance & stress control, literature review, 6195
biofeedback training, anxiety disorders, literature review, 3928
biofeedback-assisted relaxation training &/vs non-biofeedback assisted relaxation training vs behavior therapy vs psychotherapy, psychiatric & psychosomatic disorders & hypertension & insomnia & alcoholism & drug abuse, literature review, 1610
biological & cognitive factors, learning, literature review, 2652
biological antecedents, developmental disorders, children, literature review, 5725
biological markers & prediction of treatment response, depression, literature review, 8171
biological markers delineating subpopulations of schizophrenia & atypical psychoses, literature review, 12871
biological properties, thyrotropin releasing hormone analogs, literature review, 666
biological tests of psychiatric disorders, literature review, 6057
biosocial approach to environmental psychology & stress, literature review, 4563
blocking phenomenon in Pavlovian conditioning, literature review, 7305
blood pressure changes during exercise, homeostatic reflex control & role of vagally-innervated receptors, literature review, 9606
bombesinlike peptides, CNS regulation of homeostasis, mammals, literature review, 2851
brain neural adaptation in ontogeny of oculomotor control, literature review, 9650
brain tumors, subsequent neuropsychological status, children, literature review, 6005
cannabinoids, human memory processes & cholinergic limbic system, literature review, 5227
capacity model to resolve problems in shadowing technique, relationship between selective attention & memory, confirmation of D. A. Norman's late-selection model, literature review, 4963
capsaicin, sensory neurons, literature review, 9816
carbamazepine, primary & secondary affective illness & schizoaffective disorder, literature review, 3956
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
card pull of projective test stimuli, literature review, 9299
cardiovascular & antidepressant & antiparkinsonian & corticosteroid drugs & benzodiazepines, sleep, aged, literature review, 10841
cardiovascular manifestations of anxiety, literature review, 9710
case management, chronically mentally disabled, literature review, 1737
causal attributions of behavior, actors vs Os, literature review, 10275
causal interpretation, percept-percept couplings, literature review, 198
cell types & organization of visual cortex, literature review, 12091
cellular/neuronal bases of associative learning in CNS, mammals, literature review, 12127
cerebral asymmetry & learning, literature review, 5101
cerebral dominance & cognitive processes & learning disabilities, literature review, 1298
cerebral hemisphericity & lateral dominance, implications for classroom teaching, literature review, 7413
changes in mental health laws & deinstitutionalization, literature review, 8669
changes in psychological therapy & concepts of psychiatric disorder, child psychiatry, literature review, 3814
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
changes in social networks & activities as consequence of divorce, implementation of R. M. Rice's meta-policy guidelines, implications for family policy, literature review, 12561
characteristics & effectiveness of multidisciplinary teams, educational decision making concerning handicapped students, literature review, 11253
characteristics & physiological correlates & treatment, panic disorder, literature review, 3578
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
characteristics & treatment of obesity, children & adolescents, literature review, 13094
characteristics of auditory discrimination learning after hatching vs imprinting to visual stimuli, precocial & semiprecocial birds, literature review, 7221
characteristics of ordinal scales of infant development, literature review, 4715
characteristics of 5 interpretations of concurrent behavior & experimental procedures to distinguish among them, literature review, 9542
Charcot-Marie-Tooth disease & Refsum's disease, literature review, 8339
chemical communication, fishes, literature review, 12001
chemical structure & receptorology & comparison with other anxiolytic & dopaminergic agents, buspirone, literature review, 5248
childhood psychosis, literature review, 5760
childhood sexuality & sexual abuse of children, review of monograph literature, 1978–82, 8178
children's rights & services & service delivery & role of state, literature review, 1970 to present, 1731
choice of therapist or therapy, clients, literature review, 1769
chronic lithium, behavior & receptor binding, literature review, 12249
client characteristics, prediction of therapeutic outcomes, phobics, literature review, 12848
clinical & pathological similarities between Alzheimer's disease & Down's syndrome, literature review, 3501
clinical features & treatment of poisoning due to psychotropic drug overdoses, literature review, 6037
clinical state at time of testing & diagnostic subtype, cerebral laterality in dichotic listening tasks, schizophrenic & affective disordered & depressed patients, literature review, 12777
cluster analysis, research on market segmentation & buyer behavior & product development, literature review, 9202
CNS, regulation of immune response, literature review, 5067
coding processes & memory strategies, memory performance, dyslexic children, literature review, 12966

cognitive & developmental conceptions of moral development, literature review, 12503
cognitive behavioral & hypnotherapeutic & modeling & psychotherapeutic techniques in psychological preparation, alleviation of fear & enhancement of recovery following invasive medical & dental procedures, literature review, 6051
cognitive development, literature review, 3157
cognitive development model of rigidity, aged, literature review, 7733
cognitive processes, schizophrenics, USSR, literature review, 1224
cognitive strategies, learning disabled children, literature review, 8247
cognitive-social learning model & methodology for social skills training, children, literature review, 3904
coincidences as spontaneous psychic phenomena, literature review, 11513
communicator physical attractiveness, credibility & persuasiveness, literature review, implications for advertising, 2291
community as "risk climate", allocation of welfare resources, children, literature review, 1723
community surveys, prevalence of childhood psychiatric disorders, literature review, 8136
compliance enhancement techniques, clinical behavioral therapy, literature review, 10783
comprehension & production in language acquisition, literature review, 5351
comprehension monitoring in reading, literature review, 4934
computer applications, community mental health centers, literature review, 10939
computers, training in & practice of psychiatry, literature review, 11565
concept & etiology of borderline conditions, children, literature review, implications for relation to learning disabilities & minimal brain dysfunction, 10409
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
concept of assertiveness, literature review, implications for nursing, 1103
concept of temporal form, basis for describing relationships, literature review, implications for theory formulation & measurement, 968
concepts of health & illness, children, implications for health education, 5310
conceptual approaches & factors affecting reliability, social & behavioral science research data, literature review, 2371
conceptual complexity, implications for counseling relationship, literature review, 8704
conceptualization & measurement of environment in genetic/environment studies, literature review, 5052
concern with consciousness in experimental cognitive psychology & relationship between consciousness & behavior, literature review, 9429
concurrent VI schedules, literature review, 350
conflict vs reconciliation & integration of behavior therapy & psychodynamic psychotherapy, literature review, 10724
conformity & self restraint & humility & holism in stereotyped personality, Taiwan, literature review, 1102
congenital cytomegalovirus infection, cause of deafness & mental deficiency, newborns, literature review, 5703
considerations for successful counseling, minority group clients, literature review, 4053
consultation-liaison psychiatry in medical treatment, literature review, 1487
consumer satisfaction, child behavior therapy, literature review, 6218
content & structure of research on organizational administration, developing countries, literature review, 2248
continuing education needs for maintenance of quality of public mental health programs, psychologists, literature review, 8873
continuous relationship with personal health care provider, quality of health care, literature review, 1693
contrast in multiple schedule interactions, literature review, 9566
control of limb movements by CNS, literature review, 5097
conversion of foster homes to permanent adoptive homes, literature review, 6363
coordination of & distinctions between domains in social-cognitive development, children, literature review, 9931
countertransference in family therapy, literature review, 6159
criteria validating clinical psychopharmacological relevance of animal neuropharmacological observations, literature review, 6245
critical analysis of arguments for role of cognitive science, experimental analysis of behavior, literature review, 9432
critical analysis of theoretical foundations & empirical work, cognitive style dimension of impulsivity-reflection, literature review, 12744
critical appraisal of behavioral marital assessment & interactional model of behavior, literature review, 12552
criticism of Neil v Biggers criteria for judging eyewitness accuracy & relevant psychological research, literature review, 12587
criticism of theory of attention structure of M. R. Chance, literature review, 11930
criticism of use of metaphors & analogies in social science & public policy, literature review, 4693
cross cultural research in psychology, literature review, 5498
cross-tolerance among barbiturates & alcohols & ethanol & depressants & opioids, literature review, 9833
cryptomnesia & parapsychology, literature review, 11518
cultural & economic & modernization & social integration perspectives on suicide, literature review, 8230
curiosity, attainment of stage of formal operations, literature review, 822
current & historical definitions & psychoanalytic & behavioral treatments of phobia, literature review, 5761
current concepts, diabetes mellitus, literature review, 13083
current conceptualizations of social support & relation to stress & psychological disorder, literature review, 8133
data collection problems for psychodiagnosis in jail setting, literature review, 6452
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
day care, development, children, literature review, 752
death & mourning, literature review, 3793
deficits in verbal memory tasks involving recognition memory & recall after encoding, schizophrenics, literature review, 1147
definition & characteristics of Capgras syndrome, literature review, 12773
definition & characteristics of schizophrenia, literature review, 12878
definition & structure & processes of family, literature review, 998
definition of clinical sociology, literature review, 6067
definitions & treatment of multiple personality, literature review, 1164
degeneration of components of extrapyramidal system, Parkinson's & Huntington's disease & tardive dyskinesia, literature review, 5966
deinstitutionalization & need for aftercare programs, literature review, 13339
deinstitutionalization, chronic mental patients, Canada, literature review, 13329
delivery of psychiatric services, rural US, literature review, 10658
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
depression, children, literature review, 3588
description & intrapsychic roots & treatment, competence loss, females, literature review, 8420
design flaws & suggestions for modified designs & analysis, human communication research, literature review, 5258
development & evaluation of alcohol treatment program & research, clinic, Norway, literature review, 1884
development & expression of sexuality, adolescents, literature review, 7768
development & operation of diagnostic school program, children & adolescents with behavior disorders, literature review, 13644
development & specialization & recruitment & legal issues & success of foster homes, ambiguity of foster parent role, literature review, 962
development of A. H. Maslow's concept of self actualization, literature review, 1092
development of causal reasoning about social &/vs physical phenomena, 3 yr olds to adults, literature review, 7700
development of concept of health, children, implications for health education, literature review, 5321
development of instructional psychology, literature review, 6540
development of personal space & self-boundary structures, infants, literature review, 10055
development of prose comprehension & writing skills, children, literature review, implications for instructional strategies, 12447
development of somatosensory pathway connectivity & signaling patterns from dorsal root ganglia to cortex, mammals, literature review, 5090
development of theoretical basis for diagnostic procedures in assessment of cognitive development, literature review, 75

developmental androgen fluctuations & sexual differentiation, mammals, literature review, 5112
developmental perspective, mourning, literature review, 7669
developments in methods & evaluation of clinical interventions, literature review, 3818
developments in psychotherapy over past 40 yrs, literature review, 6122
deviance & pathology perspective, research on single parent families headed by mothers, literature review, 967
dexamethasone suppression test, diagnosis of depression, literature review, 8101
diagnosis & prognosis of schizophrenia, literature review, 12786
diagnosis of hysteria, psychoanalytic & nonanalytic psychiatrists, literature review, 12825
differences in language development, blind vs sighted children & adolescents, literature review, 10562
differential diagnosis & mechanisms of action, drug-induced ocular motor disorders, literature review, 13013
dimensions & typology of sick role & potential role of social work, chronically & terminally ill, review of evidence for classical Parsonian model, 3713
direct observational methodology, recording system bias, literature review, 2370
discussion of C. Jencks et al's criticisms of W. H. Sewell et al's Wisconsin model of occupational & educational status attainment, measurement error & evaluation of goodness of fit, literature review, 10040
disinheritance patterns as illustrations of kinship reciprocity & destruction, literature review, 5544
dowsing & sensitivity to magnetic fields, literature review, 2311
doxepin vs other tricyclic antidepressants, cardiac conduction & rhythm & heart rate & mechanical function & blood pressure, review of clinical & animal studies, 13288
drive theory, analysis of social facilitation, criticism of R. B. Zajonc's asocial theory, literature review, 1045
drug therapy & role of dopamine, anxiety, literature review, 1672
DSM-III classification & differential diagnosis, depression, literature review, 10397
dyslexia, children, literature review, 8259
early barbiturate exposure, CNS & behavioral damage, humans & animals, literature review, 9815
early intervention program planning, delayed development, high risk infants, literature review, 6089
ecological approach to studies of social & emotion perception & impression formation & causal attribution & comparison with cognitive approaches, literature review, 10271
ECT, memory, literature review, 1492
ECT waveform & number of treatments, memory impairment, literature review, 10668
educability of profoundly mentally retarded, literature review, 8773
educational isolation, educational & emotional effects, lowest achieving & special education students, literature review, 4352
educational placement, self concept, mentally retarded students, literature review, 2123
educational program evaluation, analytical literature review, 13503
educational psychology, literature review, conference proceedings, 8937
educational setting, behavior modification, literature review, 6692
EEG studies, psychophysiology of waking fantasy, literature review, 2848
effective open education program characteristics, literature review, 4274
effectiveness of family therapy, literature review, 6156
effectiveness of Feingold diet, hyperkinesis, literature review, 10692
effectiveness of multidisciplinary teams, special education evaluation & program decision making, literature review, 11279
effectiveness of prison education programs, literature review, 8762
efficacy & cost effectiveness of partial hospitalization, literature review, 1758
efficacy of adversary procedures, resolutions of child custody disputes, literature review, 7918
efficacy of behavioral therapies & relaxation, bronchial asthma, adults, literature review, 3929
efficacy of benzodiazepines & beta-adrenergic blockers & antidepressants, treatment of anxiety neurosis, literature review, 6266
efficacy of biofeedback, headaches & Raynaud's disease & essential hypertension & irritable bowel syndrome, literature review, 8509
efficacy of videotape & verbal feedback in behavioral couple therapy, literature review, 3871
ego psychology & object relational theory, implications for politics, literature review, 1007
electroacupuncture hypalgesia, endorphins, literature review, 8624
electrode placement, verbal memory deficits & retrograde amnesia following ECT, literature review, 10667
electrophysiological & psychophysiological & biochemical correlates of a nature-nurture problem & etiology, schizophrenia, literature review, 1157
emergency & cost to self, helping behavior, college students, literature review, 10257
emerging social & personal & occupational issues in 1980's, college students, literature review, 13502
EMG biofeedback training, literature review, 6228
emotional arousal, plasma lipids, adults, literature review, 515
empirical & theoretical ambiguities in interaction between stimulus factors & contextual information, effect of sentence context on word recognition, college students, literature review, 7202
endorphins, altered states of consciousness, literature review, 7474
endorphins, physiology & role in animal & human learning & attention & learning disorders, literature review, 9670
energy expenditure during sleep, NREM sleep, literature review, 5127
environmental psychology, literature review, conference proceedings, 9195
environmental psychology research, 1960's to present, Sweden, literature review, 2275
environmental vs individual factors, etiology of hyperkinetic syndrome, literature review, 8330
epidemiological & demographic studies of hebephilia & pedophilia, literature review, 1236
epidemiology & clinical definition, elective mutism, literature review, 10424
epidemiology of & susceptibility to alcohol & marihuana & inhalant abuse & influence of sociocultural factors, American Indians, literature review, 8211
epidemiology of depressive disorders, literature review, 5838
epigenesis vs neurology as framework for study of behavior, literature review, 6923
ESP & schizophrenia, literature review, 3570
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
etiology & physiological correlates & characteristics & differentiation from nightmares, night terrors, literature review, 3484
etiology & prediction, criminal behavior, literature review, 12940
etiology & sex differences in prevalence, exhibitionism, literature review, 1268
etiology & treatment of colic, infants, literature review, 3671
etiology of organizational climates, literature review, 2266
evaluation of employee assistance programs, literature review, 6863
evaluation of suicide prevention programs, literature review, 6360
event related potentials & cognitive processes, literature review, 5072
evolution of language lateralization to dominant hemisphere, literature review, 7356
evolution of position of family & implications of family for economic & social control & sex roles, kibbutzism, Israel, literature review, 935
exercise, dyspnea & perceived magnitude of respiratory load, review of psychophysical research, 9604
existence & effectiveness of personal & career counseling services within industry, literature review, 1763
experimental approaches & hypotheses, reading of technical drawings, literature review, 9434
experimental psychosemantics, study of structures of individual mind, review of author-conducted studies, 7172
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
experimentation, market mechanisms for classical environments, literature review, 6903
exposure to metals, neurological syndromes, literature review, 5963
extramarital sex, literature review, 12566
factors & prediction of adherence to & physical & psychological benefits of exercise program, literature review, 6082
family structure & marital relations & divorce & single parenting & support systems & social inequality, well being, children from different societies, literature review, 7763
fear of crime & victimization rate, aged, Great Britain vs US, literature review, 10483
feminist theory in ethnology & social & cultural anthropology, literature review, 5588
fertility & reproductive rates, schizophrenics, literature review, 12806

field dependence/independence & personality traits, alcoholics, literature review, 5864
formulations of J. Lacan, origins & functions of ego, literature review, 6934
freezing seawater temperature, migratory behavior & physiological changes, cold-water fishes, literature review, 9575
frequency of interaction with peers, identification of socially withdrawn & isolated children, implications for intervention, literature review, 10034
full-time special education vs part- vs full-time regular classes & programs to facilitate social acceptance by classmates, achievement & self esteem & behavior & emotional adjustment, academically handicapped students, literature review, 6746
function of caudate nucleus, cats & kittens, literature review, 7446
functional localization of epileptogenic lesions for purposes of surgical resection & brain research, literature review, 10574
functions & behavioral & physiological effects, endorphins & opiates, literature review, 7422
functions of frontal eye field & attention, literature review, 438
future issues in adult education based on literature from 1970's, literature review, 4216
generalization & maintenance in behavioral training, parents, literature review, 8535
genetic effects on personality, literature review, 5045
genetics & environmental agents & chromosome abnormalities & age-related processes, etiology of Down's syndrome & Alzheimer's disease, literature review, 3508
genetics & eye movement dysfunction in schizophrenia, literature review, 12809
genetics & eye tracking dysfunction, functional psychotic & schizophrenic & psychiatric patients, literature review, 12874
genetics in etiology & potential therapies, senile dementia & symptoms of aging, literature review, 3813
genetics, learning disabilities, literature review, 5917
geomagnetic orienting in radial 8-arm maze, rats, literature review, 309
global vs multiple comparison vs joint probability methods for incorporation of ordinal assumptions about treatment means into ANOVA, critical review, 7097
goal-directed behavior in personality theory, literature review, 12736
gonadal hormones & sensory function, humans & animals, literature review, 9689
graphical vs social validation vs cost analyses vs effect size, evaluation of effectiveness of applied behavior analysis research, literature review, 6235
group format, treatment of sexual dysfunction, literature review, 6176
group psychotherapy & family & marital & couples therapy, literature review, 6183
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
health & social costs of unemployment, literature review, 4446
health promotion program, drug dependent females, literature review, 8800
health risks & social attitudes toward & treatment approaches, tobacco smoking, literature review, 8829
health risks after death of spouse, widows vs widowers, literature review, 1134
health status measures, implications for limitations for oncology, literature review, 8601
heart rate response as reliable & stable measure reflecting perception & affect, infants, literature review, 9934
hemispheric lateralization, learning disabled children, literature review, 1294
hippocampal endogenous & exogenous opiate mechanisms, literature review, 9629
historical & clinical & conceptual views of disorientation states, literature review, 3516
historical development & characteristics of theory & practice of multiple family therapy, literature review, 6153
historical view of childhood sexuality & child sexual abuse, literature review, 1269
history & characteristic research areas, environmental psychology, Japan, literature review, 4571
history & current trends in behavior therapy, psychiatric occupational therapy, literature review, 13261
history & methodological issues, consultation research, literature review, implications for counseling psychology, 8695
history of biofeedback, literature review, 10802
history of cocaine smoking & free base use & abuse, literature review, 10504
history of expert psychological testimony, Europe, literature review, 10201
history of language acquisition & development of literacy, 600 BC to 1970's, literature review, 848
holistic conceptions of student learning, review of 8 theories, 13497
homosexual couples, literature review, 7937
hormones, memory, literature review, implications for effects of adrenergic catecholamines & pituitary & opiate peptides, 5119
hospice approach to health care, improvement in quality of life, nursing homes, literature review, 1808
hypnosis & hypnotherapy, literature review, 3969
hypnosis in treatment of pain, literature review, 8594
hypnosis, modification of immune system, 22–85 yr olds, implications for cancer treatment, literature review, 10882
iconic memory & backward masking & imagery, literature review, 4843
ideological theoretical orientation, review of empirical studies of sex differences & sex-role stereotyping in therapy & androgyny, 5603
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
incidence & diagnosis & treatment of fragile-X syndrome causing mental retardation, literature review, 10520
incidence & onset of epileptic seizures, autistic 1–17 yr olds, literature review, 10331
increased rates of suicide, children & adolescents, literature review, 10476
indications & benefits & side effects & principles for use, haloperidol in treatment of psychotic symptoms, geriatric patients, literature review, 8582
indicator- & institution-specific models & systemic-structural model, indicators of individual & social welfare & relation to social structure, review of factor analytic studies, 7853
infant behavior & maternal psychological reactions & mother-infant interaction patterns, mothers & their premature infants, literature review, 992
influence of J. R. Kantor's interbehavioral psychology on behavior analysis, literature review, 9273
influential 20th century diagnostic systems & DSM-III & diagnosis of schizophrenia, literature review, 5762
informal reading inventories, literature review, 2028
inheritance practices, preliterate vs complex societies, literature review, 5499
injury to peripheral nerves or spinal cord, functional reorganization of somatosensory system, mammals, literature review, 2983
innovative theoretical methodology & techniques, family studies, literature review, 965
inspection time, assimilation vs contrast illusions, adults with 20/25 or better Shellen acuity, literature review, 7132
instructional media selection models, literature review, 4297
instrument to measure locus of control & standardized achievement & IQ tests vs school grades, locus of control & academic achievement, male vs female children vs adolescents vs adults, literature review, 5296
integration of brain development & behavioral complexity, review of research on evolution & comparative anatomy & behavior, 423
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
interaction patterns & communication deviance, normal vs disturbed families, literature review, 5749
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
interpersonal attraction, literature review & meta-analysis, 12640
interpersonal distance & locomotion trace & range of locomotion & behavior density, development of cognitive & behavioral aspects of spatial behavior, children & adults & animals, literature review, 5332
interpretation & value of classical statistical significance tests, marketing research, literature review, 9204
interpretation of veridical apparitions as evidence of survival after death, literature review, 11517
intervention strategies, premature neonates, literature review, 6084
intracranial self stimulation methodology, literature review, 9270
intrinsic functional organization of neostriatum & role in voluntary movement control, literature review, 12093

introduction to radionuclides & radiopharmaceuticals & detection systems & tracer techniques in positron emission tomography & clinical applications, literature review, 12757
involvement of amine neurotransmitter systems, depression, literature review, 5777
issues concerning transsexualism, New Zealand, literature review, 5605
issues in readjustment to civilian life, Vietnam veterans, literature review, 1154
joint custody, literature review, 10145
jury selection procedures, Great Britain vs US, literature review, 10183
L-tryptophan, catecholamines & sleep, cats & rats, implications for possible unsuitability of normal animals due to short latency of slowwave sleep, literature review, 679
labeling & noncategorical approaches to service delivery, handicapped students, literature review, 13642
labeling, etiology of mental illness, literature review, 1163
labor market & economics in 1980's & working women, literature review, 5593
language & thought disturbances, schizophrenia, literature review, 5814
language ability of right cerebral hemisphere, normal Ss, literature review, 7397
language processing ability of right cerebral hemisphere, literature review, 261
laws governing consent for treatment, children & adolescents, literature review, 7924
learning disabilities & endogenous depressive illness, children, literature review, 1116
learning disorders, delinquent & criminal behavior, literature review, 1119
learning hierarchies, implications for learning failure & test construction, literature review, 11154
learning style accommodation, reading achievement, good vs poor readers, literature review, special education implications, 6725
left handedness, motor performance, literature review, 2573
legal issues & policy considerations affecting children, literature review, 7911
lesion or amputation induced peripheral nerve or cutaneous receptor damage, somatosensory cortical reorganization, mammals, literature review, 12230
lexical & syntactico-semantic differences between spoken vs written language, literature review, 721
life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
lifestyle & conversation, anorexic females, literature review, 8324
limbic ictus as etiological mechanism, patients with atypical psychoses, literature review, 12844
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
limitations of normative assessments, high risk infants, literature review, 4725
locus of control, action taking, literature review, 8026
locus of control theory & usefulness in social casework, literature review, 1766
long-delay reinforcement, food aversion conditioning, literature review, 7239
long-term outcome, adolescents & adults diagnosed as hyperactive during childhood, literature review, 13027
mainstreaming in preschool education, handicapped preschool students, literature review, 9076
major trends in research on cognitive & language development, literature review, 3164
MAO inhibitors, noradrenaline & 5-HT metabolism & neurotransmission & resultant antidepressant action, literature review, 12266
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
mechanisms in antimanic action of lithium, rats, literature review, 12247
mechanisms of action of antianxiety drugs, literature review, 674
mechanoelectrical transduction & structure of hair cells in acousticolateralis system, literature review, 12097
media portrayal of disabled persons, attitudes toward disability, literature review, 5256
memory & research on constructive processes, literature review, conference proceedings, 7193
menstrual cycle & changes in visual & auditory & olfactory & taste & tactual perception, literature review, 5124
mental rehearsal & visual literacy, implications for teaching, literature review, 2014
mentorship & mentor-protege relationships, career development, males & females, literature review, 11350
meta-analysis of B. F. Feingold's hypothesis, diet modification treatment for hyperactivity, 10687
meta-analysis of research on bases of teacher expectations, literature review, 6690
meta-analysis of research on correlates of role conflict & ambiguity, literature review, 5659
meta-analysis of studies published in Psychological Abstracts, sex roles & mental health, 1961–80, literature review, 7925
meta-analysis, validity & reliability of Rorschach test, 9363
metabolism of psychoactive drugs, literature review, 5211
method & task & ability variables, retention of training for military tasks, US Army personnel, literature review, 9139
methodological basis of behavior management approach, effective management strategies, literature review, 2240
methodological discussion, social experimentation & meta-analysis & cost-benefit & effectiveness analysis, literature review, 4705
methodological features of tachistoscopic experiments, assessment of visual hemispheric asymmetries, literature review, 4695
methodological guidelines, clinical headache research, literature review, 8399
methodological issues, counseling process research, literature review, 8689
methodological issues in data collection, evaluation of satisfaction with mental health services, clients, literature review, 9251
methodological issues, research on visual imagery & eye movements during wakefulness, literature review, 2638
methodological issues, study of pathological auditory systems, literature review, 5995
methodological problems, human learned helplessness research, literature review, 72
methodological problems in questionnaire research on H. H. Kelley's ANOVA model of attribution processes, literature review, 7982
methodologies, marital & family phenomena research, literature review, 982
methodology in behavioral treatment research, agoraphobia, literature review, 1581
methodology, study of sociophonological variation in Viennese German, literature review, 5265
Mexican American females in social sciences, literature review, 5522
misconceptions & myths about family life & structure, Blacks, review of historical & sociological & behavioral literature, implications for family therapy, 978
misconceptions about & obstacles to & methods of control & analysis, laboratory study of human behavior, literature review, 9425
misleading use of "FI scallop" to describe everyday behavior patterns, variables which influence human FI performance, literature review, 10300
misuse of within-Ss design in marketing research, literature review, 179
model of functional behavioral analysis in natural settings, literature review, 6959
model of premarital intercourse & contraceptive use, female adolescents, literature review, 10087
models & cerebral mechanisms, slow & rapid ocular movements, literature review, 5099
models, decision making experimentation, social psychologists, literature review, 5611
models of driver steering behavior & applicability to accident study, literature review, 1975–80, 2199
models of learning disability, literature review, 1299
models of negotiation, arbitration, literature review, 10259
modulatory role of central cholinergic nervous system in motion sickness, literature review, 9643
morphological & functional hemispheric dominance, nonhuman vertebrates, literature review, 2843
motivational system approach, avoidance behavior, literature review, 5011
multitrait multimethod approach, multifactored psychoeducational assessment, literature review, 173
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
myth of learning disability in school systems, literature review, 2128

nature & diagnosis & prevalence of nonspecific X-linked mental retardation, literature review, 3640
need for theory testing & development & D. Black's theory of law as research framework & analysis of legal paths to social order & individual liberty & mental health, sociology of mental health law, literature review, 10184
nemawashi as interpersonal empathic communication mechanism, Japan, literature review, 3286
neural mechanisms underlying aggressive behavior as revealed by intracerebral glutamic acid microinjections vs electrical brain stimulation procedures, literature review, 5056
neural representational system as proposed bridging concept between neurophysiology & psychoanalytic theory, literature review, 12095
neuropathology, schizophrenia, literature review, papers presented at International Congress of Neuropathology, 3579
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
neurophysiologic mechanisms of internal inhibition, rabbits, literature review, 9646
neuropsychological basis of human information processing & mind-brain dualism, literature review, 535
neuropsychology of mental imagery, literature review, 9626
neurotensin, brain dopamine system function & comparison with neuroleptic drug action, literature review, 9841
neurotoxic effects of ethanol, review of biochemical & neurophysiological & behavioral literature, 12301
neurotoxicity of carbamate pesticides, literature review, 12304
nicotine regulation in tobacco smoking, literature review, 665
night shift work, sleep patterns & sleepiness, literature review, 6855
nonpharmacological factors in drug tolerance & dependence, literature review, 3037
nosology of atypical depression, 21–65 yr old outpatients, literature review, 10410
notation systems, nonverbal behavior coding, literature review, 69
number of ECT treatments & sine vs pulse ECT & electrode placement, recovery of person & place & time orientations, literature review, 3787
objectives of initial interview, behavioral consultation, literature review, 1498
observation of trait vs behavior, relevance of various validity concepts in observational social & behavioral research, literature review, 2361
occupational cervicobrachial disorder, Japan, literature review, 13046
older workers & retirement, Netherlands, literature review, 4455
olfactory dysfunction & site of brain damage, patients with brain damage, literature review, 1354
ontogenesis of smiling & anxiety, implications for cognitive & social & emotional development, children, literature review, 12473
operant theory, analysis of leader influence, methodological implications, literature review, 12629
operational definitions of dyslexia in published research, 1971–80, literature review, 5923
organic disease & psychiatric factors & stressful life events in etiology, irritable bowel syndrome, literature review, 3701
organization of visual pathways into parallel neural channels, implications for other modalities, literature review, 2850
organizational design & group structure & group performance, review of social network research, 11435
origin & distribution of cholinergic neurons in forebrain, literature review, 444
origin & function & development & transmission & persistence in adults, animistic thought, children, literature review, 5402
outcome of bibliotherapy, literature review, 13127
overcorrection, literature review, 1603
pain-induced vocalization, evaluation of pain, prelingual children, literature review, 1391
paradox vs therapeutic technique, literature review, 6096
paradoxical techniques, psychiatric disorders, 22 yr old female with personality disorder, literature review, 10729
parent behavior modification training, literature review, 3925
parent training in behavior therapy, 1975–81, literature review, 1604
parental supervision, juvenile delinquency, literature review, 12910
parental unemployment, material deprivation & psychological factors & family roles & relations & health & behavior & abuse & progress in school & reception into care, children, literature review, 3142
parents' expectations, child's academic achievement, literature review, 2064
partnership approach to vocational rehabilitation, enhancement of employer attitudes & hiring behavior, disabled persons, literature review, 1852
patterns in government drug control policies, literature review, 7921
perceived exertion as measure of subjective workload, literature review, 4854
perceived vulnerability to health problems, children & adolescents, literature review, 5301
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
personal space preferences & crowding & stress, literature review, 1066
personality & social development, literature review, 5456
personality theory & moral development, literature review, 5447
perspectives & debates in organizational theories, literature review, 11400
pharmacokinetic variables & relationship between antidepressant plasma levels & therapeutic response, depressed patients, literature review, 1640
pharmacological basis of sympathetic beta adrenergic blockers, literature review, 12265
phencyclidine usage, US, literature review, 1039
philosophical & psychological & social & cultural factors, beliefs in behavioral & mental incompetence due to aging, literature review, 7677
philosophical issues, personality structure & assessment, literature review, 5679
philosophy of education, New Zealand, literature review, 8929
phonological recoding, development of word identification & reading comprehension, review of normal adult reading & child reading disability literature, 12963
phyletic size change & brain/body allometry, African apes, literature review, 7317
phylogeny & ontogeny of paradoxical reinforcement effects, various species of animals, literature review, 7260
physical abuse, development, children, literature review, 5885
physical appearance & criminality, literature review, 10455
physiologic & endocrine & psychological & family & followup studies of anorexia nervosa & bulimia, literature review, 10591
physiological factors related to speech disturbances due to delayed auditory feedback & stuttering, literature review, 8272
physiology of sexual dysfunction associated with antipsychotic drug therapy, male schizophrenics, literature review, 13290
police surveillance & law enforcement, driver behavior, literature review, 10197
polydimensional scaling in psychology, application to visual & auditory perception, literature review, 11627
portrayal of deaf fictional characters in short stories, literature review, 7663
postnatal neural development & synaptic formation, literature review, 9631
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
poverty & subsequent stress, social support networks, urban residents, literature review, 10099
power interactions & marital satisfaction, spouses, literature review, 5534
practicum supervision, review of research, 1975–82, 8874
precursors of drug addiction, literature review, 8217
prediction of human sexual behavior, literature review, conference proceedings, 7926
predisposition to psychiatric disorder, children of parents with major affective disturbances, literature review, 10346
preferred age of sexual partner & dominance structure of decision making in relationship, homosexual males, literature review, 7928
premorbid social functioning, treatment outcomes, schizophrenics, literature review, 6097
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
pretrial publicity & fairness of legal trials, Great Britain, literature review, 10185
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
prevention & treatment, parasuicide, literature review, 6072
preventive & acute & convalescent/rehabilitative intervention, Type A behavior & coronary artery disease, literature review, 4002
problems & social program recommendations, unwed adolescent fathers, literature review, 4015

problems with H. H. Kelley's ANOVA model of attribution, literature review, 1077
problems with sexuality & intimacy & treatment recommendations, drug dependent females, literature review, 8799
procedures for selecting & defining & recording behaviors observed in social & behavioral research, literature review, 2372
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
programing & evaluating transfer of training, literature review, 6684
programs & interventions & scientific rigor of their evaluation, prevention of abuse & neglect, review of English literature, 1243
proposal for revision of doctoral school psychology to conform to accepted goals of professional psychology education, literature review, 13509
pseudodementia, literature review, 5787
psychobiology of attention & RTs & EPs, implications for role of cognitive psychology & psychophysiology, literature review, 9614
psychobiology of schizophrenia, theory of J. H. Jackson, literature review, 10434
psychodiagnostic techniques & interview & etiology, borderline states, literature review, 12775
psychodynamics & cognitive misinterpretation of bodily sensations & somatic symptoms & socially learned illness behavior, hypochondriasis, literature review, 1329
psychodynamics, tattooing, literature review, 12708
psychological assessment, autistic children, literature review, 12769
psychological conflicts resulting from awareness of mother's abortion, children, literature review, 5322
psychological events & immunology, literature review, 5143
psychological interventions, treatment of cancer, literature review, 13151
psychology of adult development & aging, literature review, 5284
psychology of social inference, literature review, 1979–81, 4909
psychometrics & reliability & validity of assessments, measurement of clinical competence, counselors & therapists, literature review, 11135
psychopathological dimensions in symptomatic recovery, schizophrenic psychosis, literature review, 12779
psychopathology, animals, implications for study of human psychopathology, literature review, 5773
psychopharmacological & behavioral characteristics, periadolescent rats, literature review, 9543
psychophysiological responsivity & Type A vs Type B behavior patterns, literature review, 12153
psychophysiological responsivity, Type A vs Type B Ss, literature review, 12154
psychosocial & biomedical phenomena, vulnerability to physical & mental disorders, humans & animals, literature review, 1122
psychosocial effects of natural & human-made disasters, literature review, 11468
psychosocial factors, incidence & outcome of hip fracture, aged, literature review, 13061
psychotherapeutic outcomes evaluated at posttreatment vs followup, neurotics, implications for necessity of followups for treatment evaluation, literature review, 1517
qualitative methodologies, counseling research, literature review, 6977
qualitative vs quantitative approaches to research on participation in adult education, literature review, 4332
qualities recommended for leaders, large group psychotherapy, psychotic patients, literature review, 3892
questionnaire development, perceptions of sport functions, college students & faculty members, literature review, 107
race of examiner, intelligence test performance, literature review, 2430
rates of refusal & attribution in research & sampling bias, fathers, literature review, 6992
reactivity of S, internal & external validity of observational research, literature review, 2369
reading comprehension, literature review, 9017
receptors & distribution & precursors & degradation & behavioral effects & involvement in physiological responses & interactions with hormones & other peptides, endogenous opiate peptides, literature review, 7463
recognition & recall of pictorial stimuli, literature review, 2648
regressive transference in psychotherapy, ego functioning & self symbolization, psychiatric patients, literature review, 1510
rehabilitation & recidivism, criminals, literature review, 1832
relations between cognitive structure & language, language prediction model & simulation using artificial intelligence, literature review, 12342
relationship between religion & mental health & behavior, clinical assessment & treatment of religious pathology & methodological problems in research, literature review, 12526
relationship between social cognition & behavior & methodological problems & proposed reconceptualization of experimental design, preschoolers, literature review, 7682
reliability & validity & theoretical aspects, DSM-III, literature review, 6062
reliability & validity of J. Loevinger's sentence completion measure, theory & stages of ego development, literature review, 4792
research findings & issues in treatment of conjugal violence, spouses, literature review, 12892
research in career counseling, literature review, 9126
research in direct instruction, special education & normal students, Australia, 6543
research in family therapy, families of patients with schizophrenia & affective & borderline disorders, literature review, 6170
research on psychotherapeutic outcomes, literature review, 8432
research prospects in psychosomatic medicine, literature review, 6040
research trends in trait concepts, literature review, 12688
residual learning capability, patients with organic amnesic syndrome, literature review, 6013
resource dispersion & other factors, spacing & structure of carnivore society, literature review, 7307
retinal cell types & their functional organization, cats, literature review, 12124
retrospective view of Family Development Research Program to break cycle of poverty & school difficulties, literature review, 4283
review of origins & impact of alternate designs & reasons for success & persistence, standard typewriter keyboard, literature review, 6882
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
rewards, student motivation, literature review, 2025
role & contributions of children, social world & life, parents, literature review, 10159
role of breast feeding in interbirth interval, females, literature review, 9685
role of catecholamines in intracranial self stimulation, rats, literature review, 7509
role of cellular adaptations in receptor sensitivity changes in biogenic amine system, clinical implications for psychotropic drugs, literature review, 12268
role of CNS receptors in neuropsychiatric disorders, literature review, 1125
role of counselor in client "journey" to self discovery, literature review, 6109
role of family in sex education, literature review, 7904
role of machismo & family structure & dynamics & values in etiology of alcoholism, Hispanic males, implications for family therapy, literature review, 12938
role of play in social-intellectual development, review of developmental theories & research, 12363
role of prefrontal cortex & cortical reward areas in associative learning, literature review, 7429
role of psychiatry in space exploration, US & USSR, literature review, 6822
role of suprachiasmatic nucleus as circadian rhythm pacemaker, literature review, 5082
role playing, assessment of social competence, literature review, 1057
roles in estate planning & will making, client vs attorney, literature review, 5581
sampling, family research, literature review, 977
satisfaction with behavior therapy, adults, literature review, 6192
schema theory of memory, literature review, 271
schema-directed processes & memorization of prose material, literature review, 2661
school characteristics, normal reading achievement, urban low income Black children, literature review, implications for educational policy, 6625
schooling, effectiveness & student progress, literature review, 1962
screening & diagnosis & treatment, handicapped infants, literature review, 5698
selection & training & maintenance of observational performance in natural settings, social & behavioral research, Os, literature review, 2387

self administration of electrical brain stimulation & relationship with neuropsychophysiological & psychopharmacological bases of motivated behavior, literature review, 575
self control skills in biofeedback training, migraine headaches, literature review, 8520
semantic impairments, Broca's aphasics, literature review, 10578
sensory preconditioning as model of associative learning, literature review, 4616
sensory stimulation as primary reinforcement & as experimental procedure, literature review, 7254
separate linguistic systems vs 1 system only hypothesis, bilingualism, literature review, 9881
serotonin metabolism disorders & depression & attempted suicide, literature review, 5830
serum cholesterol level & stress & Type A personality & depression, literature review, 2899
sex &/vs age & level of modernization & pragmatic vs value-laden problems, verbal vs figural creative thinking ability, Arabs, literature review, 10134
sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
sexual abuse & issues for social work, children, literature review, 1232
sexual abuse, children, literature review, 1231
shifts in reward, incentive contrast & behavior change, literature review, 7237
shyness as primary emotion related to shame vs form of social anxiety, literature review, 296
siblings of chronically ill children, literature review, 1402
sight dominance, persistence of stabilized retinal image, undergraduates with uncorrected visual acuity of 20/30, literature review, 7420
similarities in dreams & hallucinogenic drug states & schizophrenia & hallucinogenic drug model of psychosis, literature review, 12792
similarities in etiology & symptomatology of Alzheimer's & Creutzfeldt-Jakob disease, literature review, 3688
simulation & artificial intelligence, study of cognitive processes, literature review, 11843
skill learnability, efficacy of managerial training & development, literature review, 13738
sleep disturbances, performance & mood, literature review, 5140
smooth pursuit eye movement dysfunction, schizophrenic & affective psychotic patients, literature review, 12831
smooth pursuit impairments, schizophrenic patients, literature review, 12827
social & psychological bases for social psychology, literature review, conference proceedings, 7951
social & vocational rehabilitation, chronic pain, literature review, 6453
social behavior, learning disabled children, literature review, 10526
social cognition & identity & imaginal vs abstract representation, animals, literature review, 4985
social conditioning & sex roles, female criminality, India, literature review, 10489
social inferences, literature review, 1071
social interactionist theory, acquisition of gender identity, children, literature review, 12465
social organization framework, analysis of problems & prospects for advancement in hierarchical work organizations, females, literature review, 2262
social perception & attribution & interpersonal attraction, literature review, 5644
social psychology & implicit personality theories & attribution & ideological reproduction, literature review, 10228
social support, adherence to medical treatment & modification of smoking & overeating & other health related habits, literature review, 13109
social support networks, Black families, literature review, 10158
societal pressures for childbearing, voluntary childlessness, couples, implications for social policy, literature review, 972
socio-medical vs anthropological research approaches, health seeking behavior, developing countries, literature review, 10913
sociobiology & comparative psychology & study of animal behavior, literature review, 4987
socioeconomic & cultural & anatomicophysiologic features & psychosomatic characteristics & need for differential diagnosis & treatment, alexithymia, literature review, 3740
spatial & temporal stimulus parameters, color perception, review of electrophysiology research, 214
special education, handicapped children below compulsory school age, UK, literature review, 6737
species differences, role of flocculus of cerebellum in vestibulo ocular reflex, rabbits vs monkeys, literature review, 2806
species-specific defense reaction theory of R. C. Bolles, rats, literature review, 321
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
spinal & trigeminal nociceptive mechanisms, literature review, 12083
statistical approaches, classification of alcohol & drug addiction, literature review, 5881
status of dialectic theory in social psychology, literature review, 10231
status of emergency care & crisis intervention & short term psychotherapy, literature review, 3849
stimulant & tranquilizing drugs & sedatives & hypnotics, vigilance & RT & verbal memory, literature review, 9826
stimulant drugs, academic achievement, hyperactive &/vs learning disabled children, literature review, 8561
stimulus & response generalization in behavior therapy, literature review, 1595
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
stress of military service in World War II, war pension for resultant ischemic heart disease, reply to C. Tennant's criticism of Administrative Appeals Tribunal decision, literature review, 11339
structure & formation process of visual image, literature review, 2623
student learning style & ability, selection of teaching methods & materials, literature review, 6598
student teacher relations, East Germany, literature review, 1960–80, 6696
substance abuse training programs for health professionals, literature review, 1912
subtypes of developmental dyslexia, literature review, 1310
subtypes of left handedness & predisposition for particular subtypes of dyslexia, literature review, 1279
supply & demand & effects on child & family & child abuse prevention, child care, literature review, 8653
symbolic play & communication, hearing impaired children, literature review, 10639
symptomatology of childhood depression, literature review, 3533
teacher attitudes toward mainstreamed handicapped children, literature review, 2113
test content validity, literature review, 2425
text displayed on visual display units, reading comprehension, literature review, 9186
text illustrations &/vs other graphic or mental imaginal aids &/vs oral prose, school learning, elementary through college students, literature review, 8980
thalamic aphasia, literature review, 5950
thalamocortical auditory pathway organization, cats, literature review, 12099
theoretical & methodological concerns, evaluation of cognitive behavioral preparation for surgery, literature review, 13311
theoretical issues in research on life events & stress, literature review, 8004
theoretical problems with models of effects of tangible rewards on intrinsic motivation, literature review, 7205
theories & experimental methodologies, information processing & problem of divided attention, literature review, 11842
theories of restitution vs substitution of function in neurobehavioral treatment, brain damaged patients, literature review, 8402
theory & measurement & data analysis, family studies research, literature review, 987
theory & measurement, design & evaluation of marital communication skills training programs, literature review, 8491
theory & research in sex differences, behavior & personal identity & sex-related concepts, literature review, 7930
timing of 1st birth, changes in personal efficacy & psychological consequences, 14–24 yr old females, literature review, 7803
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
transient global amnesia, literature review, 10620

treatment, antisocial & borderline personality disorders, literature review, 10676
trends in research & treatment, affective disorders, literature review, 8147
TV viewing, language development, children, literature review, 10006
understanding of family pathophysiology & diagnostic & therapeutic techniques & needs of family vs individual members & consequences for health care delivery system, family medicine, literature review, 8628
unemployment & loss of work, mental & psychosomatic disorders, literature review, 5710
unemployment, health & illness, UK, literature review, 3486
unilateral vs bilateral ECT, memory impairment, review of studies, 6068
unusual first names & SES, IQ & emotional adjustment, literature review, 12750
use & abuse of solvents & glue sniffing, adolescents, literature review, 10453
use & overuse & prescription & neurochemistry, benzodiazepines, literature review, 3949
use of sign language & symbol systems, autistic children & young people, literature review, 12821
use of sign language as minority language in instruction, English literacy skills, hearing impaired students, 6745
utility of situational leadership theory & problems with P. Hersey & K. H. Blanchard's leadership & adaptability description instrument, literature review, 13741
validity & stability of measurement & use with at-risk groups & effect on caretaker-child relations, temperament, children, literature review, 12483
validity of borderline diagnosis, literature review, 1183
validity of Draw-A-Person test, measurement of anxiety, literature review, 9381
validity of self report, measure of alcohol consumption & alcohol problems, literature review, 11601
value of endocrine screening & differential diagnosis in neuroendocrine disorders & hypothyroidism & hyperthyroidism, psychiatric symptoms, literature review, 8305
values, therapeutic style, family counselors & therapists, literature review, 1942
variation in mainstreamed vs integrated special education programs, handicapped preschool students, literature review, 9075
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015
vasopressin vs oxytocin, conditioned avoidance response, Brattleboro rats, literature review, 3099
verbal vs nonverbal scaling, establishment of universal semantic representations of qualities of multimodal objects & objects related to interpersonal perception & role of synaesthesia & metaphor, literature review, 76
Verbal vs Performance IQ on WAIS or Wechsler Bellevue Intelligence Scales, males vs females with cerebral dysfunction, literature review, 88
views of Renaissance physician G. Cardano on exercise, literature review, 23
visual imagery & multimodal store model of R. C. Atkinson & R. M. Shiffrin, literature review, 2622
visual perception of space & movement, review of controversy over direct perception hypothesis, 2591
weaknesses of S. L. Bem's gender schema theory & integration of earlier theories of androgyny, literature review, 10210
Western history & current models & treatment & empirical methodology, pain, literature review, 13123
women's groups, self awareness & respect & esteem, drug dependent females, literature review, 8834
works of F. Schonell & E. Schonell in special education, learning disabilities & mental & physical handicaps, literature review, UK, 11255
world graph representations in cognitive mapping, literature review, 5078
zinc deficiency, chronic alcoholics, literature review, 10484
1982 Interpersonal Circle taxonomy of interpersonal complementarity, applications in personality & psychopathology & psychotherapy, literature review, 10243
2nd language immersion school programs, native language development & academic achievement & 2nd language proficiency & use & attitudes, students, literature review, 6605
3rd party consultation in intergroup conflict resolution, literature review, 10230

Lithium

acrylamide vs lithium chloride, conditioned taste aversion, male rats, 2690
age & time lapse from lithium chloride preexposure to scent/lithium chloride exposure, odor aversion learning, rats, 5241
age, efficacy of lithium therapy & side effects, 21–78 yr old bipolar & unipolar patients, 10857
amitriptyline vs lithium & levotryptophan, plasma ratios of tryptophan & tyrosine to amino acid & clinical improvement, patients with endogenous depression, 10855
attitudes toward long term lithium treatment, 20–65 yr old patients, 10874
carbamazepine, resistant lithium-induced nephrogenic diabetes insipidus & schizoaffective psychosis, 13270
chronic lithium, behavior & receptor binding, literature review, 12249
clinical features & treatment of poisoning due to psychotropic drug overdoses, literature review, 6037
clinical reliability of erythrocyte to plasma lithium concentration, 17–64 yr old bipolar vs schizophrenia patients, 8570
combined lithium & neuroleptic medication, neurotoxic reaction, 16–64 yr olds treated for affective disorders & schizophrenia & mental deficiency, 8577
ECT & drug therapy as biological approach, depression, 10660
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717
flame emission spectrophotometry, assessment of maintenance dosage of lithium, patients with affective disorders, comprehension of methods of T. B. Cooper et al vs J. T. Slattery, 8575
flavor preexposure amount & lithium-induced toxicosis & amount consumed, neophobia & aversion conditioning, male rats, 7232
hypophysectomy, conditioned taste aversion following lithium chloride vs ionizing radiation, rats, 12235
in-utero exposure to odor stimulus paired with lithium chloride, conditioned aversion to odor, 10 day old rats, 347
lithium & exposure to aversive odor & poisoned partner, water intake & transfer of odor aversion, male rats, 4991
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
lithium & psychiatric diagnosis, alcohol consumption & mood & treatment compliance, 33.0–42.2 yr old alcoholics with vs without secondary affective illness vs Ss with primary major affective illness with vs without secondary alcoholism, 13282
lithium augmentation of neuroleptic & tricyclic drug therapy, 22–72 yr olds with delusional depression, 1658
lithium chloride & lithium carbonate, beta endorphin induced psychomotor activity, cats, 3002
lithium chloride-laced cow bait, conditioned taste aversion, wolves, predation prevention implications, 312
lithium induced sexual dysfunction, 42 & 58 yr old males treated for major affective disorder, 6240
lithium prophylaxis, prednisone psychosis, 48 yr old female with severe pulmonary disease, 10839
lithium, rubidium concentration, male guinea pigs & rats, 5217
lithium therapy, delirium, 19–82 yr old psychiatric patients, 1634
lithium therapy, EEG, patients with affective & schizoaffective psychoses, 10872
lithium therapy, red blood cell glycine & choline & cognitive functioning, cognitively impaired & Alzheimer's disease geriatric patients, 10862
lithium therapy, remission of tics, 27 yr old male with cyclothymic disorder, 10843
lithium therapy, side effects & toxicity, bipolar affective disordered patients, 3935
lithium treatment & withdrawal, noradrenaline uptake into synaptosomes, male rats, 5181
lithium treatment, social outcome, psychotic vs nonpsychotic Bipolar I patients, 6284
lithium, 24 hr variations in plasma & red blood cell lithium & drinking behavior & body & kidney weight & corticosterone levels, male rats, 5244
mechanisms in antimanic action of lithium, rats, literature review, 12247
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
pemoline combined with lithium, improvement, 18 yr old with attention deficit disorder & hyperactivity, 13271
platelet MAO activity & personality variables, response to lithium prophylaxis, patients with bipolar affective disorder, 10825

prior pentobarbital-lithium chloride pairings, pentobarbital-induced hypothermia, male rats, 3093
sex & dosage & administration methods of copper sulfate & cyclophosphamide & lithium chloride & sodium chloride & red squill & deionized water, conditioned taste aversion, rice rats, 7620
toxicosis via lithium, generalized conditioned flavor aversion, male rats, 7261
trifluoperazine & lithium & haloperidol, cerebral dysfunction Capgras syndrome & paranoid psychosis, 22 yr old psychotic female, 10877
withdrawal of lithium & thioridazine therapy, disappearance of hypothyroidism & delirium, 55 yr old female, 1654
Lithium Carbonate
carbamazepine, treatment of manic depression, 40 yr old male not responding to lithium carbonate, 6295
lithium carbonate & carbamazepine therapy, neurotoxic symptoms, 22 yr old female with bipolar affective disorder, 8557
lithium carbonate & tryptophan, bipolar & schizoaffective patients with mean age of 31 yrs, 10832
lithium carbonate, aggressive behavior, 7–13 yr old males, 6288
lithium carbonate, plasma amino acid levels, patients with bipolar affective disorders, 8568
lithium carbonate, plasma CSF & GABA, patients with bipolar & u .ipolar affective illness, 8553
lithium carbonate, platelet serotonin uptake, male rats, implications for treatment of manic depression, 9793
lithium chloride & lithium carbonate, beta endorphin induced psychomotor activity, cats, 3002
lithium dose, prophylaxis of manic depressive disorders, 18–60 yr old patients, 3960
lithium plasma/red blood cell ratio vs plasma lithium, determination of lithium neurotoxicity, 30–50 yr old patients, 1637
Liver
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
nucleic acid metabolism in spleen & liver, rats flown on Cosmos-1129, 550
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
Liver Disorders [See Also Cirrhosis (Liver)]
liver disease & other alcohol related diseases, male vs female general hospital patients, 8193
Lizards
aggression, Puerto Rican lizard species, 2770
courtship & copulatory behavior, all-female parthenogenetic lizards, 9573
estrogen mimicking of nonsteroidal antiestrogens, sexual receptivity, female lizards, 698
function & energetics of postautotomy tail movement & handling by feral cat & snake, lizards, 5017
light exposure, Ca cation-selective ionic flow in intact retinal rod cells, nocturnal lizards, 440
tail removal, social status in dyadic encounters, dominant juvenile lizards, 545
Lobotomy [See Psychosurgery]
Local Anesthetics [See Also Cocaine, Lidocaine, Quinine]
learned helplessness indicators, effect of lumbar sympathetic nerve blocks with bupivacaine vs saline on subjective pain intensity, chronic low back pain patients with mean age of 43 yrs, 8283
procainamide vs cocaine vs dimethocaine vs lidocaine vs procaine vs chloroprocaine vs tetracaine vs propoxycaine, FI responding, male rhesus monkeys, 12329
Localization (Perceptual) [See Perceptual Localization]
Localization (Sound) [See Auditory Localization]
Locus Ceruleus
acetylcholine perfusion of locus ceruleus, sleep, male cats, 7606
acute vs chronic cold stress, dopamine-beta-hydroxylase activity in locus ceruleus & anterior & posterior hypothalamus, male rats, 542
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
fluorescence histochemical study of pontine catecholaminergic neurons, BALB/c(C) & C57BL6(B6) mice & their F1 hybrids, 484
spontaneous decline in activity of noradrenergic cells in locus ceruleus, 3 vs 10 vs 22 mo old rats, 2809
Locus of Control [See Internal External Locus of Control]
Logic (Philosophy)
philosophical logic & philosophy of mathematics & mind & psychological theory testing, review of posthumous publications of L. Wittgenstein, 6915
Logical Thinking
Common Belief Inventory for Students, measurement of rationality, 9–15 yr olds, 111
conceptualizations of formal vs postformal operational thought in adult cognitive development, 5370
conditional reasoning tasks, reasoning process, 16–20 yr old males, implications for open vs closed models of conditional reasoning, 7725
cue redundancy & logical inference, deductive reasoning task, graduate students, 11848
ethnographic relationship between structure & communication as exemplified by Paiela counting system, Papua New Guinea, criticism of C. R. Hallpike's thesis on primitive thinking, 5254
explication of common sense using A. Bandura's theory of self efficacy, college students, 4931
impairment of semantic/lexical level of language integration & ability to perform class inclusion & intersection tasks, aphasics, 1359
importance of lines to logical argument, recall, college & graduate students, 284
logicist metapostulate in psychological research, 2331
methods to overcome ambiguity in solution of verbal problems requiring logic vs imagination, 7166
multidimensional analysis, perceived dimensions of causality & chance, college students, 9293
relationship between class inclusion developmental levels & ability to make logical necessity inferences, judgment, 2nd–6th graders, support for theory of Piaget & G. Henriques, 9956
solution factors in 3-term series problems, 12 vs 15 yr olds, 9987
statistics & decision making training, judgmental skills assessed by intuitive logical reasoning problems, physicians vs clinical nurses vs hospital laborers, 4133
Loneliness
age & sex & race & birth order & parental presence & family income level & religion & geographic locale & type of delinquency offense, loneliness, 12–18 yr old delinquents, 5886
components of loneliness, high school & college students, 12475
loneliness & self disclosure & androgyny, college students, 3434
perceived dimensions of attributions for loneliness, college students, test of B. Weiner's model, 299
self disclosure & interpersonal dependency & life changes, loneliness, 18–25 yr old college students, 3454
social club, loneliness & friendship, 50–70 yr old unattached females, 8489
social isolation & loneliness & social support networks, aged, Sweden, 5419
status of "loneliness" in college mental health literature, counseling implications, 13684
Long Term Memory
amphetamine, enhanced retrieval of maze spatial discrimination after long retention interval & potential role of catecholamines, male rats, 12314
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
categorical long term iconic memory & imagery, recall, 7192
covert rehearsal, motor long term memory, right handed Ss, 2644
cueing, facilitation of retrieval from long term memory, patients with median age of 76 yrs with mild to moderate senile dementia, 10627
cueing, recall of operantly learned & forgotten contingency, 8 wk olds, 5353
cyclic adenosine monophosphate dependent protein phosphorylation, synaptic plasticity, Aplysia, implications for molecular basis of classical conditioning & long term memory, 455
hierarchical vs list organization of semantic networks, adults & 10 yr olds, 827
hippocampal stimulation during delayed spatial matching-to-sample training, long- vs short-term retention, male rats, 2947
image value & desirability & complexity of landscape photograph, long term memory, humans, 9518
lattice-based similarity measures between ordered trees, comparisons of long term memory structures, 2511
level of spreading activation from concepts in working memory, time required to retrieve information from long term memory, humans, 11869
memory for food storage sites as example of adaptive specialization in learning, nutcrackers & marsh tits, 9562

memory of self relevant retrospective data as reflection of self concept, 291
memory span & scanning rate & short- & long-term components of free recall & word recognition from long-term memory, male vs female college students, 283
pictures vs nouns of high imagery, immediate vs 48 hr recall in verbal vs pictorial mode, college students, 7196
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
short vs long term retention in spontaneous alternation vs step-down inhibitory avoidance vs spatial reversal paradigms, 3–6 mo vs 24–26 mo old male rats, 7330
spaceflight, long term memory & recovery of maze learning & role of CNS impairment, male rats, 9734
verbal & numerical & figurative stimuli, long vs short term free recall vs recognition, 288
working memory measured by Reading Span Test, reading comprehension & inference ability & long term memory for text information, college students, 4952
Longevity [See Life Expectancy]
Loudness [See Also Noise Levels (Work Areas)]
continuous loud noise & perceived control, tracking task performance & Stroop Color Word Test performance, 18–55 yr olds, 194
frequency & amplitude perturbation of voices, female 25–49 yr olds, 3118
high-output hearing aid overamplification, hearing loss, 43 yr old female, 6321
limited binaural additivity model, contralateral binaural inhibition for interaural intensity differences that exceed critical level, adults, criticism of work of W. J. Levelt et al, 4889
loudness of game instructions, compliance, 3.5–6.3 yr olds, 5395
Loudness Discrimination
auditory task requirements & sequential dependencies in signal presentations, attention shifts in identification & discrimination of intensity, humans, 9445
limited binaural additivity model, contralateral binaural inhibition for interaural intensity differences that exceed critical level, adults, criticism of work of W. J. Levelt et al, 4889
Loudness Perception [See Also Loudness Discrimination]
magnitude estimation of loudness from auditory stimulation vs written descriptions of sounds, college students, 4848
Loudness Threshold [See Auditory Thresholds]
Love
dynamics of "love bind" game & transactional analysis recommendations, couples where 1 or both partners have destructive problems, 8478
historical view of passion & sexuality & love, 4646
psychoanalytic perceptions of silence & communication & happiness & sexual love & death, 8037
rationality of passionate love, 12637
sex differences & psychotherapy, addictive vs self realizing love, 7964
shyness & love vs dating vs friendship, college students, 3393
withdrawal of love & encouragement of cross gender behavior by mother, need for approval, 31 yr old sons & daughters, 25 yr longitudinal study, 3239
Lower Class
ability to obtain desired relevant information during encounters with obstetricians, lower vs middle vs upper class pregnant females, 10923
childbirth preparation, birth-related attitudes & experiences during childbirth, working class vs middle class 15–38 yr old mothers, 8620
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
Lower Class Attitudes
concepts of disease & causes, middle aged females from working class families, 10107
Lower Income Level
behavioral observation assessment of social competence & adjustment, lower income Black 3.8–4.8 yr olds, replication of work by M. Shure et al, 3250
home visits & modeling & behavior modification by male-female therapist team, marital therapy, low income multiproblem couples under 30 yrs old with children 7 yrs old or younger, 4060
housing structure & minimal energy use before program, failure of educational program to reduce energy expenditures, low income aged females, 4565
inadequate government services & educational facilities & restriction of community economic growth, frustration & apathy & dependency on employer, low income employees of forestry company, South Africa, 9168
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544
perceptions of maternal childrearing behavior & own self esteem, low income 5th & 6th graders, 12491
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
socially disruptive behavior in community prior to seeking hospital treatment, low SES Black psychiatric patients, US vs Nigeria, 1251
stages in psychotherapeutic process, low income patients, 8463
survivor guilt, low income urban 1st generation college students, counseling implications, 11322
Loxapine
loxapine, patients with psychoses & severe neuroses & conduct disorders, 1659
Loyalty
loyalty for daily TV programs, viewers, 714
LSD (Drug) [See Lysergic Acid Diethylamide]
Lumbar Spinal Cord
dextroamphetamine or phenylephrine stimulation of acoustic startle reflex & degree of alpha-1-adrenoceptor occupation measured by prazosin in lumbar spinal tissue, rats, 7348
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
noxious radiant heating of hindfoot skin, inhibition of dorsal horn responses by medial preoptic & septal stimulation, cats, 434
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
Lumbrosacral Plexus [See Spinal Nerves]
Luminance
boundary contour vs luminance, determination of perceived centers of shapes, college students, 9481
brightness meter with 4 wavelength inputs, simulation of brightness perception, color defective vs normal Os, 1440
chromatic & achromatic spectral sensitivities & potential role of ganglion cell loss, diabetics with vs without retinopathy & glaucoma patients, 1326
chromatic &/vs luminance masking, spatial-frequency specificity, adults, 4865
denominations of grey Munsell stimuli & relation to luminous efficiency, 5–54 yr old achromats, psychophysical assessment implications, 1388
direct & reflected glare & flicker & ambient & video luminance & video polarity, discomfort while viewing CRT display, college students, 9182
duration & intensity & wavelength of light flash, correlation of psychometric function slopes with Cozier's law & R. W. Massof's analysis, support for X and Y channels, 7134
illumination level, magnitude estimation of spatial sinusoidal luminance variation, humans, 218
importance of experimental control of light quality & luminance in chromatic dark adaptation studies, 16–23 yr olds, 225
luminance contrast & mode of temporal presentation, perceived size, 4867
luminance differences, spatial frequency sensitivity for sinusoidally modulated vs square wave gratings, tree squirrels, 4982
luminance, salience of diffuse- vs abrupt-edge illusory figure, humans, 9479
luminance-dependent visual latency, Hess effect & Pulfrich effect, female college students, 11828
saccade size & stimulus field luminance, lambda potentials, rhesus monkeys & humans, 7406
spontaneous recovery from color-selective acquired blindness & contrast sensitivity, epileptic 36 yr old female, 1419
subtended angle & spatial configuration & luminance of inducing stimulus, chromatic induction, humans, 7139
temporal distribution of red vs green components of short duration flashes, brightness luminance discrepancy & chromatic induction, experienced Os, neural implications, 232
vergence angle & direction of lateral gaze & luminance, steady-state accommodation responses, 20–30 yr olds, 11805

visual contrast, discrimination of different greys, humans, 217
Luminance Threshold [See Brightness Perception, Visual Thresholds]
Lunar Synodic Cycle
phases of moon & abnormal behavior, 13805
Lung Disorders
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
causal attributions for disease, 32–89 yr olds with myocardial infarction or lung cancer, 10628
Lupus
behavior therapy & hypnosis & psychodynamic psychotherapy, pain relief, 41 yr old female with systemic lupus erythematosus, 8406
diagnosis of catatonia as distinct separate illness, 27 yr old female with systemic lupus erythematosus, 12835
prevalence of neurosis & organic mental deterioration, 17–66 yr olds with systemic lupus erythematosus, 1444
Luria Neuropsychological Tests [See Neuropsychological Assessment]
Luteinizing Hormone
castration, tolerance to effects of morphine on luteinizing hormone levels, male rats, 540
ethanol & naloxone, serum hypothalamic-pituitary luteinizing hormone, rats, 7572
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
high dosage of luteinizing hormone releasing hormone, acquisition of conditioned avoidance response, intact vs castrated vs castrated-testosterone treated rats, 5228
luteinizing hormone releasing hormone level, female psychiatric patients under chronic neuroleptic therapy, 1630
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
mesencephalic central grey beta-endorphin, regulation of lordosis by way of luteinizing hormone releasing hormone modulation, female rats, 9612
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
prolongation into incubation period of estradiol-dependent female solicitation displays, testosterone & luteinizing hormone levels, male sparrows, 668
tetrahydrocannabinol & castration, plasma levels of follicle stimulating hormone & prolactin & growth hormone, testosterone propionate treated vs untreated male mice, 2912
Lying [See Deception]
Lymphocytes
genetic linkage of manic depression & human lymphocyte antigen, 1180
human lymphocyte antigen & genetic heterogeneity of schizophrenia, families with at least 2 schizophrenic members, 10401
L-Prolyl-L-Leucyl-Glycinamide, dopamine receptors in brain & lymphocytes, rats & humans, 5064
percentage of T lymphocytes, newly diagnosed male schizophrenics with mean age of 34 yrs, 8103
Lysergic Acid Diethylamide
destruction of raphe cell bodies vs cortical 5-HT neurons, 5-HT effect of LSD, rats, 546
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs para-hydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
LSD, sensitivity of cortical cells to monocular deprivation, adult cats, 663
LSD, visual cortical neuron activity, 645
LSD vs 2,5-dimethoxy-4-methylamphetamine vs dimethyltryptamine vs mescaline, pausing during FR-40 operant procedure & agonistic effect at central 5-HT receptors, rats, 683
lysergic acid diethylamide into lateral brain ventricles & mesencephalic reticular formation, development of model psychosis, rats, 658
serotonin precursor levo-5-HTP, LSD-induced psychosis, 23 yr old male, 6236
use of drug discrimination procedures to analyze mechanisms of action of LSD, 613
Machiavellianism
conformity & lying, Machiavellianism, college students, 5690
level of Machiavellianism, leader effectiveness, elementary school principals, 4224
power tactics, high- vs low-Machiavellian Ss, 8062
test of causal models of Machiavellianism, college students, test of R. Christie & F. C. Geiss's model, 1101
Magazines
content analysis, alcoholic beverage advertising in magazines, 4603
decorative female models, readership of magazine ads, males, 11503
differences in "women's" fiction as provided by "Redbook" vs "True Story" magazine, 7636
erotic piercing & homosexuality & sadomasochism & bondage & fetishism & tattoos, magazine subscribers who advertised in "dalliance" columns, 12896
factor analyzed dimensions of self report measures of magazine readership, adults, 115
humor in liquor advertisements, attention & recall, magazine readers, 2294
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
Magical Thinking
magical ideation as indicator of schizotypy, college students, 1153
Magnesium [See Also Magnesium Ions]
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322
Magnesium Ions
divalent magnesium & strontium & barium ion perfusion, hypersensitivity of dark adapted rods & comparison with calcium & magnesium & strontium, frogs, 9713
Magnet Schools [See Nontraditional Education]
Maids [See Domestic Service Personnel]
Mainstreaming (Educational)
academic achievement & teachers' perceptions of academic ability & social behavior & instructional behavior, mainstreamed learning disabled 4th–6th graders with high vs low IQs, 9054
affective & cognitive characteristics, successful mainstreaming teachers, 13665
attitudes toward preschool mainstreaming, preschool teachers & parents of preschool students, 11259
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
Banbury Project, establishment of school based psychological services & integration of children with special needs into regular classrooms, England, 13648
cooperative vs individualistic learning experiences, interaction & interpersonal attraction & achievement, handicapped & nonhandicapped 11th graders, 4348
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
covert behavior modification to develop self control in managing frustration, academic achievement & successful mainstreaming, secondary school learning disabled students, 13632
curriculum materials & media & books & teaching methods, acceptance of individual differences, handicapped & nonhandicapped students, 4366
educational mainstreaming, emotionally handicapped children, 13662
effectiveness of school nurse in teaching health habits, mainstreamed learning disabled 8 & 10 yr old females, 6755
full-time special education vs part- vs full-time regular classes & programs to facilitate social acceptance by classmates, achievement & self esteem & behavior & emotional adjustment, academically handicapped students, literature review, 6746
inconsistencies resulting from educational integration, retarded children, 9060
individualization of instruction, mainstreamed handicapped children, 13652
inservice training, attitudes toward mainstreaming, physical education directors, 4241
inservice workshop on hearing loss, mainstreaming of hearing impaired children, educators, 1979
integrated vs separate education, handicapped & gifted children, parents & special education teachers & students, 6759
interactions with other parents, parents of handicapped vs nonhandicapped children in mainstreamed preschool, 4339

labeling via placement in segregated classroom vs regular classes, self vs maternal ratings of self concept, learning & behavior disordered 8.8–13 yr olds, 4340
level & complexity & initiation of play behavior, handicapped segregated vs mainstreamed vs nonhandicapped mainstreamed 3–6 yr olds, 6730
mainstreaming in preschool education, handicapped preschool students, literature review, 9076
model for generation of hypothetical examples of handicapped mainstreamed students' experience, sensitization of nonhandicapped students, 13659
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
physical fitness test performance, learning disabled 2nd–6th grade males in segregated private school vs public school mainstream program, 13638
placement in special education settings with partial to total instructional segregation vs regular classes, self concept, mildly handicapped elementary school students, 6727
rate & form of behavior problems & rate of teacher attention, mentally handicapped preschool & kindergarten students in mainstreamed vs treatment classes, 9039
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
sociometric status & teacher & peer ratings of personality variables, mainstreamed learning disabled 10th graders, 4363
structured experience &/vs information, response to & initiation of interaction with 6–18 yr old severely emotionally disturbed pupils, 1st–6th graders, mainstreaming implications, 4359
suggestions for meeting special needs within ordinary classroom, gifted students, 2105
teacher attitudes toward mainstreamed handicapped children, literature review, 2113
time spent with mainstreamed physically handicapped vs normal high school students, classroom teachers, 6724
token economy program, development of socially valued classroom behavior prior to mainstreaming, institutionalized 9–13 yr old males with behavior & learning problems, 11258
training in mainstreaming, attitudes toward disabled, elementary & special education majors, 8949
Tutor Huddle, skill acquisition, 1st grade peer tutors in mainstreamed classroom, 4280
variation in mainstreamed vs integrated special education programs, handicapped preschool students, literature review, 9075
Major Tranquilizers [See Neuroleptic Drugs]
Maladjustment (Emotional) [See Emotional Adjustment]
Maladjustment (Social) [See Social Adjustment]
Malaysia
Adjective Check List, sex trait stereotypes, college students, Malaysia, 12609
British colonial policy allowing immigration of Chinese & Indians, present-day plural society, Malaysia, 5520
evolution & present status of psychology, Malaysia, 11508
psychological needs analysis of stereotypes of males & females, college students, Malaysia, 3354
Male Animals
adult male replacement patterns, crab-eating macaques, Indonesia, 416
age & behavioral maturation stage differences & daily changes in grazing behavior, patterns & frequency of social interactions, 10–18 mo old Hereford bulls vs steers, 381
agonistic dominance hierarchy, male baboons, 409
aversion conditioning, aversion to copulatory behavior, male rats, 2704
choice of tutor & accuracy of song copies, song learning, juvenile male zebra finches, 11939
competition among males for females & tenure length of harem males, infanticide as adaptive reproductive strategy, blue monkeys, 2725
competition for mates, predominant dispersal of juvenile males, California ground squirrels, 2733
confined vs large living space & population density, territoriality & dominance structure, male albino rats from same litter, 12029
conspecific male competition, wintering adult humpback whales, 12066
conversion of testosterone to estrogen, testosterone-induced demasculinization, quail, 606
courtship & mate preferences, male red-spotted newts, 2790
courtship behavior & mate selection, male sticklebacks, 2776
courtship complexity & mating success, male monochromatic vs temporarily vs permanently dichromatic damselfish, 12063
courtship displays & mating behavior, male red-spotted newts, 2791
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
food & social status & body size & frequency of aggressive interaction, protandric sex change, male anemonefish, 9577
game theory interpretation of combat over access to adult females, male bowl & doily spiders, 11971
high dosage of luteinizing hormone releasing hormone, acquisition of conditioned avoidance response, intact vs castrated vs castrated-testosterone treated rats, 5228
immigration of adult male, abortions & infant death, baboons, 12040
infanticide & paternal behavior, male Arctic ground squirrels, 12033
intrusion pressure via food density, territory size, black chinned hummingbirds, 398
kinship, cooperative coalition formation & intracoalition competition, male lions, criticism of C. Packer & A. E. Pusey's article, 11977
kinship, cooperative coalition formation & intracoalition competition, male lions, reply to criticisms of B. C. Bertram, 12038
lesions in medial preoptic area, effect of testosterone stimulation on scent marking & sexual behavior, castrated male gerbils, 605
lesions of sexually dimorphic nucleus of preoptic area, sexual behavior, male rats, 7541
male competition in mating behavior, dunnocks, 11993
male relationships, infanticide, bisexual troops of red howler monkeys, 12052
male vs gravid vs nongravid conspecific intruders vs shrimp, sensitization-habituation functions for territorial aggression & feeding, 3-spined male sticklebacks, 7311
mating vs nonmating season & presence of male vs female monkey, aggressive behavior, male monkey pairs, 5029
medial preoptic hypothalamus anterior lesions, aggressive & sexual & mouse-killing behavior, male rats, 2966
neocortex decortication with vs without hippocampal removal, copulation, sexually experienced vs naive male rats, 9790
parental responses to offspring, male sticklebacks, 12000
photoperiod, courtship & nest building, pinealectomized vs sham-operated male ring doves, 597
physical & behavioral adolescent development, male chimpanzees, 388
preferences for landmarks used as mating encounter sites, male tarantula hawk wasps, 11967
premating & mating & postmating seasonal variations, dominance rank, adolescent & subadult natal male macaques, 412
prenatal & neonatal administration of cimetidine, hypoandrogenization in adult life & development of androgen-dependent tissues & testosterone, male rats, 610
presence of intact vs castrated vs ovariectomized juveniles, aggressive interactions, adult male rats, 2993
presence of male, menstrual cycle, Celebes black ape females, 7283
prolongation into incubation period of estradiol-dependent female solicitation displays, testosterone & luteinizing hormone levels, male sparrows, 668
renal sex secretion & male hierarchy, mating & reproduction, male adders, 5123
reproductive state of female, sexual motivation, male rats, 9694
seasonal & social variations, mate searching, African elephant bulls, 2716
social & spatial behavior, mated male domestic fowl, 7310
social interaction with conspecific, short-term individually vs group housed male rats, 397
social rank & aggression & group- vs single-housing, circulating levels of cortisol & prolactin, male talapoin monkeys, 12262
social status & aggressiveness & stress, testosterone level, male baboons, 505
social status & copulation, infanticide, male laboratory mice, 2752
social/situational change, aggression of subordinates, male rats, 9587
song of other males, choice of nest site, pied flycatchers, 7279
temporal parameters of recovery for sexual satiety, male deer mice, 7292
territorial topography & intensity of breeding coloration, mating success, male pupfish, 12013
test duration & age, sexual performance, aging male rhesus macaques, 403
testosterone doses, mating behavior, castrated male sheep, 5111
testosterone, sexual behavior, obese male rats at 7 vs 8 vs 9 vs 10 vs 11 vs 14 vs 16 wks of age, 706

testosterone-treated castrated males & androgenized ewes & intensity & duration of stimulation & number & libido of "teasers," effectiveness at inducing breeding activity & ovulation, anovular ewes, 562
vocal interaction & territoriality & call matching, male treefrogs, 11969
vocalizations & territoriality & courtship behavior, sharpbills, Costa Rica, 12060
Male Castration
ACTH, testosterone levels & extinction of conditioned taste aversion, gonadectomized water-deprived male rats, 539
castration & chlorpromazine, open synapses in arcuate nucleus of hypothalamus, male rats, 12194
castration, tolerance to effects of morphine on luteinizing hormone levels, male rats, 540
high dosage of luteinizing hormone releasing hormone, acquisition of conditioned avoidance response, intact vs castrated vs castrated-testosterone treated rats, 5228
mating, food intake & body weight, intact vs orchiectomized & testosterone treated vs untreated male rats, 569
presence of intact vs castrated vs ovariectomized juveniles, aggressive interactions, adult male rats, 2993
sex differences & male castration & testosterone & agonistic experience, aggressive behavior, rats, 566
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
testosterone-treated castrated males & androgenized ewes & intensity & duration of stimulation & number & libido of "teasers," effectiveness at inducing breeding activity & ovulation, anovular ewes, 562
tetrahydrocannabinol & castration, plasma levels of follicle stimulating hormone & prolactin & growth hormone, testosterone propionate treated vs untreated male mice, 2912
Male Criminals
age at commitment & history of drug use & type of offense & type of sentence, institutional misconduct, male prisoners, 11027
attitudes toward deviant behavior, secondary school teachers vs male recidivist convicts, Brazil, 12932
behavioral control & aggressiveness toward males vs females & sex role stereotypes & disinhibition sensation seeking & heterosexual experience & sexual attitudes, incarcerated male rapists vs murderers vs property felons, 3610
clinical &/vs statistical predictions of recidivism, probationary performance, adult male felonists on probation, 6459
conviction of manslaughter by reason of diminished responsibility, sentencing to prisons vs hospitals, 7909
criminal behavior, male narcotic addicts with mean age of 27.7 yrs, 8216
cross-validation of equations predictive of assaultive behavior in hospital &/or community, mentally incompetent male felons vs involuntary mental patients with mean age of 31 yrs, 2543
efficacy of rehabilitation program, 18–28 yr old male prisoners, 13396
institutional behavioral adjustment measures vs MMPI, prediction of recidivism, 17–40 yr old male felons paroled from institutional behavior modification program, followup study, 1853
labor force participation, recidivist burglars & robbers, 12918
level of hostility, assertion, male murderers vs nonperson offenders, 12941
locus of control & repression–sensitization, acute schizophrenic vs schizophrenic criminal vs criminal psychiatric males, 3506
need systems, 21–47 yr old male rapists, 8226
objectives & methods of residential program, male sex offenders, 11022
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
psychiatric profiles & suggestions for presentence evaluation, 16–30 yr old male criminal offenders with previous psychiatric histories primarily personality disorders, 1264
psychosexual development & experience, 16–19 yr old male sexual offenders, 10481
SES & racial-ethnic discrimination, sentencing, Black vs White vs Mexican American male drug offenders, 7923
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700
Male Delinquents
attachments to peers & parents, delinquent behavior, 10–18 yr old males, test of social control vs differential association learning theories of causes of delinquency, 8190
auditory processing deficits & articulation disorders, underachievement in reading & spelling & arithmetic, 13–18 yr old male juvenile delinquents, 3628
characteristics of human figure drawings, aggressive vs withdrawn male delinquents, 10461
epidemiology of problem drinking & social pathology, delinquent vs nondelinquent 13–18 yr old males, 10452
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
juvenile awareness program, self concept & locus of control, 12–17 yr old male delinquents in residential treatment program, 13395
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
psychopathology & symptoms, delinquent vs nondelinquent psychiatrically hospitalized adolescent males, 6434
reasons for alcohol use, 12–16 yr old detained & adjudicated males, 10503
self reported reasons for drug use, 12–18 yr old detained & adjudicated male juveniles, 1270
validity of Vocabulary-Block Design short forms for WISC-R vs WAIS vs WAIS-R, classification by intelligence category, male 16 yr old delinquents, 2433
Male Genitalia [See Penis, Testes]
Male Homosexuality
aversive covert images in covert sensitization procedure, arousal induced by homosexual stimuli, 38 yr old bisexual male, 8494
bioelectronic feedback & biofeedback, control of unwanted homosexual impulses, young male, 10784
cross-gender role preference during childhood & defeminization in adulthood & psychological well-being, male homosexuals, 10206
encopresis as defense mechanism, defense against homosexual approaches, 12 yr old male, 1250
individual differences, coming-out process, 18–74 yr old homosexual males, 5601
modeling & instruction & behavior rehearsal in social skills training program, 35 yr old male homosexual, 8492
paranoid schizophrenia & homosexuality, 23 yr old male, 8095
parental images & other factors, homosexuality, 28 yr old male homosexual, 8183
pederasty, bibliography, 5863
preferred age of sexual partner & dominance structure of decision making in relationship, homosexual males, literature review, 7928
processes used to define role of outsiders & manage interactions, male homosexual bars, 7940
sex role orientation, 22–62 yr old homosexual fathers vs nonfathers, 7941
sexual orientation of relatives, 25–35 yr old heterosexual vs homosexual unmarried males, 3348
Male Orgasm
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
temporal parameters of recovery for sexual satiety, male deer mice, 7292
Males (Human) [See Human Males]
Malingering
appointment of guardian, continuity of care, 22 yr old female with Munchausen's syndrome, 8391
definition & discussion of legal aspects of malingering, 5568
differential diagnosis of factitious disorders from hysteria or malingering, 10 & 12 yr old males & 13 yr old female, 10407
factitious posttraumatic stress disorder, 29–37 yr old males, 12873
obvious vs subtle subscales of MMPI indicating malingering vs random response protocols, implications for interpretations of malingering, 2460
psychotherapy, Munchausen's syndrome, 33 & 67 yr old males, 3847
underlying pathology & symptoms & desire for patienthood, feigned bereavement or factitious mourning, 15–55 yr old patients, 5802
Malnutrition [See Nutritional Deficiencies]

Mammals [See Also Baboons, Bats, Cats, Cattle, Chimpanzees, Chinchillas, Deer, Dogs, Dolphins, Elephants, Foxes, Gerbils, Goats, Gorillas, Guinea Pigs, Hamsters, Horses, Lemurs, Marsupials, Mice, Minks, Monkeys, Norway Rats, Opossums, Pigs, Primates (Nonhuman), Rabbits, Rats, Rodents, Seals (Animal), Sheep, Squirrels, Wolves]
ablation of posterodorsolateral neostriatum, retention of delayed alternation & visual discrimination learning & comparison with mammalian prefrontal cortex function & dopaminergic innervation, pigeons, 9652
ablation of prefrontal cortex before vs after learning, delayed alternation performance & spatial reversal, hedgehogs, 12237
acoustic repertoire, southern right whales, 2729
bombesinlike peptides, CNS regulation of homeostasis, mammals, literature review, 2851
calf development & mother-calf spatial relationships, southern right whales, 2786
cellular/neuronal bases of associative learning in CNS, mammals, literature review, 12127
conspecific male competition, wintering adult humpback whales, 12066
development of somatosensory pathway connectivity & signaling patterns from dorsal root ganglia to cortex, mammals, literature review, 5090
developmental androgen fluctuations & sexual differentiation, mammals, literature review, 5112
environment enrichment by provision of prey & other food items, motivation for hunting, Asian small-clawed river otters in zoos, 2914
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
injury to peripheral nerves or spinal cord, functional reorganization of somatosensory system, mammals, literature review, 2983
kinship, cooperative coalition formation & intracoalition competition, male lions, criticism of C. Packer & A. E. Pusey's article, 11977
kinship, cooperative coalition formation & intracoalition competition, male lions, reply to criticisms of B. C. Bertram, 12038
late onset of hearing, ferrets, implications for use of ferrets in studies of developmental mechanisms, 4984
lesion or amputation induced peripheral nerve or cutaneous receptor damage, somatosensory cortical reorganization, mammals, literature review, 12230
lindane & dieldrin & related chlorinated hydrocarbon insecticides, CNS, mammals, 12284
multiple copulations, female waterbucks, Kenya, 25-mo study, 9588
neuroanatomical structure of lower auditory pathway & behavioral & electrophysiological responses to sound, moles, 9616
ocular anatomy & vision, Amazonian manatees, 12141
origin of receptor potential, inner hair cells of cochlea, mammals, evidence for resistance microphone theory of H. Davis, 7428
random individual association & social group instability, American bison, 12026
resource dispersion & other factors, spacing & structure of carnivore society, literature review, 7307
seabirds as indicators of foraging strategies & predator-prey relationships, humpback whales, 11995
social behavior, captive sitatunga antelopes, 2772
ultrasound aversion conditioning, elimination of nuisance behaviors, bears in recreational campsites, 332
Mammary Neoplasms [See Breast Neoplasms]
Mammillary Bodies (Hypothalamic) [See Hypothalamus]
Man Machine Systems
Cognitive Systems Engineering approach to description & analysis of man-machine systems, adaptive cognitive vs mechanistic systems view, 11454
fallacy of describing human part of man machine systems in mechanical terms, 4560
function of excursion tour sequence of operations in man-machine dialog systems, 4557
hierarchically paged vs scrolling display on CRT, efficiency of fault finding performance, high school & college students, 11448
instruction vs visual imagery vs education, instrument control performance, male technical vs academic high school students, 13787
man-machine systems as sociotechnical systems, 6883
preferred vs imposed dimensions of visual display terminal workstation, body postures & physical symptoms of static efforts in neck & shoulder & hand & arm, 19–45 yr old female typists, 6878
task & specific vs general names & user predisposition, initial learning & subsequent memory & learning strategy, computer users, 11446
working environment & posture & lighting & work rest cycles, visual & muscular fatigue, 18–37 yr old visual display terminal operators, 2271
Man Machine Systems Design
design issues & methods & human factors in interactive computer software, emergence of direct manipulation, 4696
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
eyestrain & fatigue & shoulder & arm muscle pain, female office machine operators, Japan, implications for keyboard design, 13064
human factors considerations, computer graphics system design, 4558
method to predict operator task failure likelihood, evaluation of manufacturing & service costs of equipment features & use in human factors design process, 11462
mock-ups vs simulation studies, design of ships' bridges, ships' officers, 13792
models of human O & controller & decision maker formulated according to linear estimation & control & decision theory, design & analysis of man machine systems, 13796
models of individual user characteristics, interactive computer software systems, 4691
participative methodology to involve all affected individuals & group in "decision-taking", design of new technical & work systems, 11456
preferred body posture & settings of adjustable work station, 18–56 yr old visual display terminal operators, 9181
skills & rules & knowledge & signals & signs & symbols, design of human performance models, 13791
state-of-the-art reports, naval training equipment design & development, 2224
theory & practice in psychology & computer science & process control, design of representation of on-line computer systems, naive users, 4680
training & testing & evaluation & time management & instructional design/development & student motivation & hardware, computer based training, literature review, 6880
user friendly automated information retrieval system, 4559
Management Decision Making
action learning programs, solution of organizational & quality control problems & staff development, building-components company supervisors, 9157
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
cognitive processes, personnel decisions, school & nonschool administrators, 6570
collaborative vs controlling vs lack of influence orientation, management decision making, college students, 13749
decision making factors, attribution of coalition membership, bank executives & board members, 4514
group cohesiveness, attitude polarization & knowledge acquisition in strategic planning context, business students in role of product manager vs strategic planner, 9161
instructions to think aloud, managerial problem solving & decision making, graduate business students, 4521
interplay between organizational authority of management & professional responsibility of clinical sociologists, 6850
intraorganizational power distributions, strategic decision makers in profit vs nonprofit institutions, 9153
intuition & other right-brain skills, decision making, public & private sector managers, 4491
kind of decision & amount of personal conflict & program content, use of evaluation information in decision making, school board members vs administrators, 11178
management simulation game with certain vs uncertain environment, operating problems, college students in principles of management course, 6653
methods based on selection of individual judgments vs integration of multiple judgments, market share estimations, graduate business students, 9199
organizational goals & personal values, decision making, Black vs White managers, support for G. W. England's model, 13747
participation in pay decisions, commitment to pay plan & organizational & job involvement & job satisfaction, professional personnel, 4528
potential for advancement &/vs availability of assessment center information &/vs current position &/vs sex, management promotion decisions, managers, 11370

role of lay councils in democratic decision making, employees, 4501
Management Methods
administrative planning, social agencies, 10936
approach to increase use of management-oriented program evaluation data, community mental health center managers, 4038
attitudes toward management style & employee performance, managers in state administration, 11381
behavioral participative management procedure, improvement of performance in patient interaction, staff members of residential institution for 10–18 yr old severely & profoundly retarded, 1780
cohesion of self development groups, implications for management, 6854
collaboration vs routinization vs dependence methods for control of workflow used in market & bureaucratic & collective organizations, 11405
collaborative vs controlling vs lack of influence orientation, management decision making, college students, 13749
components of quality of work life, 4509
construction & reliability & validity of Rahim Organization Conflict Inventory II, measurement of styles of handling interpersonal conflict, executives, 7060
disciplinary technology, factories, Great Britain, 4500
evaluation of management & organization development effort, mental health programs, 4030
evolution of human resources management, Japan, implications for US management, 4506
feedback with vs without praise, efficiency, 18–64 yr old manufacturing employees, 2252
gender & self confidence, organizational influence strategies, male vs female college students in simulated setting, 5627
history of quality circles & labor relations, Japan, 13745
humanistic/participatory management, professional development & satisfaction & organizational functioning & effectiveness, institutions of higher education, 1983
leadership in organizations, 11392
Life Business Program, application of business management techniques to increase self actualization, 6848
manager's reputation & positive vs punitive vs goal setting manner, perceived power, college students, 13740
mechanics of establishing management team system & management by objectives, airline managers & employees, 11380
methodological basis of behavior management approach, effective management strategies, literature review, 2240
methods of encouraging teacher self motivation, educational administrators, 6569
model of worker development & outline & graphic representation of performance appraisal system, 9145
organizational development techniques, management skills & agency effectiveness, mental health agency management teams, 1738
organizational factors, control of self management, 11391
organizational validity, management information systems, 4541
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
perceived appropriate responses to complaint letters, consumers & company branch managers, 4599
reasons for non-use of positive reinforcement for job performance, managers, 11390
role-making of leadership of G. Graen, managerial dyads, 4518
salary & training & job design by job enrichment methods, motivation of Black employees for advancement, South Africa, 9134
self development theories, implications for management, 6846
theories of employee motivation & management style for optimized productivity, 4522
typology for production & operations management, specification of management processes & techniques for varying technologies, 11371
utilization of human resources in management, Japan, 4525
Management Personnel [See Also Middle Level Managers, Top Level Managers]
analysis of employee attitudes, evaluation of supervisory implementation of Civil Service Reform Act performance appraisals, government employees, 4482
androgyny, management personnel, 4519
attitudes toward management style & employee performance, managers in state administration, 11381
attitudes toward women in management & attributions for success/failure of female managers, male vs female employees, replication & extension of work by 1st author & K. H. Price, 11384
career development & mobility, managers, 4523
career stages & individual needs, management of superior-subordinate relationship, employees & supervisors, 9162
cognitive processes, personnel decisions, school & nonschool administrators, 6570
concurrent validity of Self Description Inventory scores vs supervisor's ratings, success, managers, 13737
consistency & self enhancement theories & self esteem, need gratification & work satisfaction, managers & administrators with mean age of 42.3 yrs, 9159
consumer construction & implementation of continuing education model, health & mental health administrators, 1944
criteria for organizational dispute resolution, managers & nonmanagers & police officers, 11428
data plotting &/vs self time logging, decreased tardiness, small business owner/operator, 11382
data plotting vs praise vs state lottery tickets, performance & cash shortages in retail beverage chain, 26–64 yr old store managers, 11383
demographic characteristics & practices & criteria for evaluation & client characteristics, office managers & counseling supervisors & counselors & placement interviewers with US Employment Service, 2207
description & classification & evaluation of instruments to measure managerial cognitive styles, criticism of paper by D. Robey & W. Taggart, 13748
description & classification & evaluation of instruments to measure managerial cognitive styles, reply to criticism by D. M. Schweiger, 13746
education for development of "complicated" understanding, organizational administrators, 13736
effective communication, performance appraisal interviews, managers, 4504
empathic or self effacing &/vs assertive content of audiotaped statements by males vs females, interpersonal evaluations, male vs female managers, 11396
environmental factors, long-range technology policy & market outcomes & organizational innovation, managers of equipment & package supply companies, 4497
feelings of tedium & exhaustion & job & life satisfaction, managers, Israel vs US, 2243
field test of self instructional time management manual, managerial staff of residential institution, 11387
group interdependence, supervisor performance evaluations, college students, 11369
intergroup theory & racial attitudes, patterns of association & intergroup dynamics, Black & White managers, 6842
intraorganizational power distributions, strategic decision makers in profit vs nonprofit institutions, 9153
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job modification, employment continuation to older age, blue collar workers & managers, 4552
job perceptions, supervisors, implications for supervisor training, 4492
job satisfaction, nursing home administrators, 13439
laboratory organization & leadership style & research success, biomedical research laboratory supervisors, 61
level of social evaluation trait anxiety, change in anxiety between stress & nonstress conditions, high school students & middle management executives, 12474
male oriented vs balanced-to-sex TAT, measurement of need power & achievement motivation & affiliation motivation, male vs female working managers, 94
manager's reputation & positive vs punitive vs goal setting manner, perceived power, college students, 13740
mechanics of establishing management team system & management by objectives, airline managers & employees, 11380
merit pay, motivation, federal managers, 4515
model, prediction of effectiveness as research leader, 26–60 yr olds, 2236
need satisfaction & need importance, 24–55 yr old bank managers & officers & clerks, 11398
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
occupational demands, wives' satisfaction & well-being, male 30–60 yr old senior administrators of probation/parole/aftercare services, 6857
occupational status & job involvement, job anxiety, supervisors & blue collar employees, 13777

organizational behavior, workers & managers of shoe company, Brazil, 13760
organizational characteristics, supervisory-management relations, 21–60 yr old supervisors from manufacturing organization, India, 11394
organizational development techniques, management skills & agency effectiveness, mental health agency management teams, 1738
organizational ecology, design & use of executive team spaces, 9160
organizational structure & interpersonal attitudes, role conflict & ambiguity, supervisors in manufacturing vs research & development, 4511
organizational variables, job stress-induced anxiety, manager trainees, India, 11378
perceived appropriate responses to complaint letters, consumers & company branch managers, 4599
perceived similarity & subordinate sex, performance ratings, manager-subordinate dyads, 4516
perception of supervisor's behavior & satisfaction & group performance, managers, Iran, implications for cross cultural differences in leader behavior, 6844
perceptions of foremen, foremen vs superiors vs subordinates, India, 4498
performance on Least Preferred Co-Worker Scale & 16PF & Eysenck Personality Questionnaire, 20–57 yr old mill supervisors, 4808
personality & communication style, collective production, managers, USSR, 13750
personality traits & career similarities, 33–44 yr old officers who left army for business management careers, 9155
postgraduate management training, job success, male managers with Master in Business Administration degrees, 4512
potential for advancement &/vs availability of assessment center information &/vs current position &/vs sex, management promotion decisions, managers, 11370
process model, internal corporate venturing, managers at various levels of diversified major organization, 11375
reasons for job change, 26–30 yr old junior & middle level managers, India, 2247
reasons for non-use of positive reinforcement for job performance, managers, 11390
reliability of simple averaging vs 6-item scale methods for combining supervisors' & employees' estimates of training needs, social workers & supervisors in public welfare agency, 8838
research & development work climate, work group behavior & innovation & attitude & work performance, managers in semiconductor industry, 9150
role conflict, job commitment & work alienation & job satisfaction & tension, supervisory & administrative personnel, 2250
role of psychiatrist-administrator, 11116
role-making of leadership of G. Graen, managerial dyads, 4518
satisfaction with performance appraisal system, managers vs employees, 2231
sequential model & tests for identification of supervisory potential, 2251
specific vs no examples & numerical data vs adjectives & favorable vs unfavorable statements in letter of recommendation, perceptions of recommendee, personnel directors, 11361
staff development program vs target date assignment, supervisory task completion, supervisors, 11377
strategies for supervisory development, 4524
task perception & managerial effectiveness, civil service managers, 11376
training & development, Black supervisors, South Africa, 2249
work assignments & inservice training & academic preparation needs, comment on article by R. E. Matkin et al, 11104
work assignments & inservice training & academic preparation needs, rehabilitation administrators & supervisors, 11123

Management Planning
adaptive & comprehensive & disjointed & strategic approach, organizational planning in educational institutions, 11182
business environment, organizational & management development, 4503
group cohesiveness, attitude polarization & knowledge acquisition in strategic planning context, business students in role of product manager vs strategic planner, 9161
service planning committee, long-range directions, voluntary nonsectarian child welfare agency, 6347

Management Training
action learning programs, solution of organizational & quality control problems & staff development, building-components company supervisors, 9157
administrative aspects of psychiatric practice in psychiatric residency programs, 6486
behavior modeling for supervisory & management training, 2245
business environment, organizational & management development, 4503
Competency Program approach to graduate management education, implications for adult learning theory, 2242
consumer construction & implementation of continuing education model, health & mental health administrators, 1944
development of training program for supervisors, 4510
education for development of "complicated" understanding, organizational administrators, 13736
experimental experiential learning technique, practicing managers in business school courses, 2246
field test of self instructional time management manual, managerial staff of residential institution, 11387
intuition & other right-brain skills, decision making, public & private sector managers, 4491
job perceptions, supervisors, implications for supervisor training, 4492
management training & development, 4517
model of teacher development, management training & development, 4499
political economy & other factors, development of administrative practice curriculum for human services administrators, critical comments & author's reply, 13431
project based learning approach & national &/vs organizational culture, management development, multinational/multi-business company managers, 9152
skill learnability, efficacy of managerial training & development, literature review, 13738
staff development program vs target date assignment, supervisory task completion, supervisors, 11377
supersensible/spiritual dimension, societal & organizational & group & individual development, implications for management training, 9156
training & development, Black supervisors, South Africa, 2249
training of top level managers, UK, 4493
values issues & ethical criteria, organizational theory & management education, 11389

Mandibula [See Jaw]

Manis [See Also Hypomania, Pica, Toxicomania]
amoxapine hydrochloride, precipitation of manic state, 87 yr old female with unipolar depression, 8551

cohesion & reference performance in speech, manic & schizophrenic patients with vs without thought disorder, 12805
course & outcome & sex ratio, patients with depression &/vs mania vs schizophrenia, 15-yr followup, 1463
CSF monoamine metabolites, 28–62 yr old hospitalized manic patients, 5824
cyclobenzaprine-induced manic psychosis, 38 yr old female, 13267
definition & Research Diagnostic Criteria vs DSM-III typologies & prediction of outcome, mania, 17–55 yr olds, 5737
demographic & symptomatic & familial characteristics, patients with unipolar vs bipolar mania, 1203
mania & anthropological structures of existence, 5840
manic disorders, 10–59 yr old patients, Nigeria, prospective study, 1186
mathematical model, prediction of hospital admission frequency, unipolar manics, 3565
mechanisms in antimanic action of lithium, rats, literature review, 12247
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
neurological soft signs, 20–45 yr old male schizophrenics vs manics, 10404
onset of mania after age 70, 71 & 79 yr old females, 12880
opioids & GABA-ergic drugs, treatment of depression & mania, 13275
pargyline treatment for concurrent depression & hypertension, manic psychosis, 47 yr old male, 8560
problems in diagnosis of mania, children & adolescents, 8100
Research Diagnostic Criteria vs Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, diagnosis of depression & schizophrenia & manic & panic & anxiety disorders, 10339
severity of psychopathology, manic inpatients with mean age of 36.4 yrs, 10444
utility & validity of modified Manic-State Rating Scale vs Nurses' Global Impressions, measurement of mania, 20–72 yr olds with mania vs excitement vs hypomania, 2405
ventricular enlargement & cerebral & cerebellar atrophy, schizophrenic & manic 20–45 yr old males, 1196

Manic Depression

age, efficacy of lithium therapy & side effects, 21–78 yr old bipolar & unipolar patients, 10857
calcium inhibitor, treatment of bipolar mania, 22–55 yr old patients, 13272
carbamazepine, treatment of manic depression, 40 yr old male not responding to lithium carbonate, 6295
clinical & psychological assessment, 7–14 yr old children of bipolar probands, 5748
clinical reliability of erythrocyte to plasma lithium concentration, 17–64 yr old bipolar vs schizophrenia patients, 8570
cognitive functioning & success & SES, adult offspring of manic depressives with mean age of 28.1 yrs, 1221
cortisol suppression index, detection of major depression, 25–74 yr old psychiatric patients, 5734
course & outcome & sex ratio, patients with depression &/vs mania vs schizophrenia, 15-yr followup, 1463
demographic & symptomatic & familial characteristics, patients with unipolar vs bipolar mania, 1203
dexamethasone suppression test, 20–65 yr olds with mixed bipolar disorder, 5752
dextroamphetamine, behavioral & biochemical & neuroendocrine responses, normal monozygotic vs dizygotic twins vs bipolar patients in remission, 1199
diagnosis, bipolar disorders vs schizophrenia, 12852
diagnostic validity of dexamethasone suppression test, patients with unipolar vs bipolar primary vs secondary depression, 1191
early onset & incidence of childhood & adolescent psychopathology & poor functioning & treatment problems, bipolar patients with vs without borderline personality disorder, 1161
EEG & vegetative manifestations in stressful situations, manic depressive patients in depressed phase, 1176
epidemiology of manic depression & affective psychosis, hospitalized Jewish psychiatric patients, 10990
fluphenazine treatment, depersonalization, 52 yr old female with bipolar disorder, 6271
genetic linkage of manic depression & human lymphocyte antigen, 1180
insulin tolerance test, glucose response, patients recovering from pure familial vs bipolar depression, 5780
lithium carbonate & carbamazepine therapy, neurotoxic symptoms, 22 yr old female with bipolar affective disorder, 8557
lithium carbonate & tryptophan, bipolar & schizoaffective patients with mean age of 31 yrs, 10832
lithium carbonate, plasma amino acid levels, patients with bipolar affective disorders, 8568
lithium carbonate, plasma CSF & GABA, patients with bipolar & unipolar affective illness, 8553
lithium dose, prophylaxis of manic depressive disorders, 18–60 yr old patients, 3960
lithium therapy, side effects & toxicity, bipolar affective disordered patients, 3935
lithium treatment, social outcome, psychotic vs nonpsychotic Bipolar I patients, 6284
manic depression, contributions of E. Kraepelin, 10425
manic depressive disorder & adolescent development, 5833
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
pedigrees with human lymphocyte antigen linkage, probands with bipolar affective disorder, implications for genetic markers, 8170
platelet GABA-transaminase, monozygotic twins & bipolar patients with mean age of 32 yrs, 1143
platelet MAO activity & personality variables, response to lithium prophylaxis, patients with bipolar affective disorder, 10825
platelet 3H-imipramine binding, euthymic bipolar patients with mean age of 36.7 yrs, 1144
platelet 3H-imipramine binding, 21–83 yr old psychiatric patients & 27–81 yr old manic melancholic patients, 1190
Present State Examination, bipolar vs nonbipolar depressives, 5738
rate of affective disorders in spouses & spouses' family members, manic depressives, 10441
seasonal variations of depression & hypomania, bipolar 63 yr old male, 8162
smooth pursuit & saccadic eye movements, schizophrenic vs alcoholic & manic depressive patients, 12862
structured diagnostic interview, incidence of bipolar disorder, 13–18 yr old inpatients & their mothers, 5758
tone intensity, bilateral skin conductance, patients with unipolar vs bipolar affective disorders, 12812
visual fixation, vestibular reactivity & suppression of caloric nystagmus, 20–50 yr old schizophrenics & manic depressives, 8126

Manic Depressive Psychosis

childhood & mental illness of S. Sevi, implications for psychoanalytic theories of manic depressive illness, 1155
concepts of depression & cycloid personality & manic depressive psychosis, implications for psychotherapy, 12770
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
lithium treatment, social outcome, psychotic vs nonpsychotic Bipolar I patients, 6284
plasma GABA levels, 29–54 yr old patients with bipolar affective disorder in remission vs depression vs chronic alcoholism, 5716
running as treatment, manic depressive psychosis & reactive & situational depression, 8354
severity of tardive dyskinesia during depressive vs euthymic periods, 40 yr old male with bipolar affective psychosis, 10381
vanadium & reduced sodium pump activity, manic depressive psychosis, 8148

Mannerisms [See Habits]

Manpower [See Personnel Supply]

Manual Communication [See Also Sign Language]

guessing comprehension of Amer-Ind vs American Sign Language, normal adult Ss, applications to speech handicapped, 3114
oral vs oral-manual methods of communication in education, deaf, 1960's, 6742
use of oral vs Total Communication method of teaching, schools or units for deaf & partially hearing children, UK, 6740
visual action therapy, communication skills, 37–70 yr old global aphasics, 6456

Manufacturing [See Business]

Maprotiline

concurrent use of propranolol & maprotiline, 63 yr old depressed male with upper extremity tremor, 8574
maprotiline, depression, females over 60 yrs of age, 1632
maprotiline-induced hypnopompic hallucinations, 21–27 yr olds with severe depression, 13265

Maps (Brain) [See Stereotaxic Atlas]

Marathon Group Therapy

marathon group therapy, male illicit drug users with mean age of 24.1 yrs, 1890

Marihuana
beliefs about causes & effects of marihuana use & enforcement of existing laws, police personnel, 10451
chemicals & crude drugs derived from cannabis & effects of marihuana & Reagan administration approach to drug problem, 3098
marihuana use as cause of heroin use, 12937
Marihuana Laws [See Marihuana Legalization]
Marihuana Legalization
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
Marihuana Usage
alcohol &/vs marihuana usage prior to sexual intercourse, sexual behavior profiles, Black vs White college students, 5608
anomie & demographic characteristics, alcohol & marihuana & tobacco & amphetamine & barbiturate usage, Ss aged 17 yrs & over, 12616
chemicals & crude drugs derived from cannabis & effects of marihuana & Reagan administration approach to drug problem, 3098
epidemiology of & susceptibility to alcohol & marihuana & inhalant abuse & influence of sociocultural factors, American Indians, literature review, 8211
fathers' behavioral/personality traits & childrearing practices & peer influences, adolescent marihuana usage, male college students, 7765
hallucinogen & marihuana abuse, flashbacks, 17–28 yr old soldiers discharged as unfit, 10512
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
peer influence & modeling, prediction & correlates of marihuana usage, 14–18 yr olds, US vs France, 7790
perceived neighborhood toughness & drug use, use of alcohol vs marihuana vs hard drugs, inner city junior high school students, 875
sex differences & social adaptation & social bond theories, marihuana & alcohol & cigarette use, adolescents assessed in 1st grade, 10-yr followup, 3219
use of & attitudes toward marihuana & cigarette use, high school seniors, support for R. Jessor & S. L. Jessor's problem behavior theory & D. B. Kandel's legal/illegal drug distinction, 903
Marijuana [See Marihuana]
Marine Personnel
heat acclimatization, repeated acquisition & time estimation tasks, 18–22 yr old male US Marines, 12147
rank & age & method, suicide, Marine Corps vs US Navy personnel, 1966–77, 10458
Marital Adjustment [See Marital Relations]
Marital Conflict
behavior-communications marital interventions program, 31–35 yr old couples, 3864
conceptual model of dynamic pattern underlying marital conflict & intimacy, 5529
level of marital alternatives & marital happiness, marital disruption, spouses, 7903
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
nature of marriage & marital conflicts, problems of marriage therapy, 13211
nonverbal communication, distressed vs nondistressed couples, 1064
parental decision making patterns & conjugal conflict resolution techniques reported by offspring, middle-class urban high school students, India vs Ireland vs US, 10169
videotape & written feedback, interpersonal communication & problem solving skills, happy vs distressed married couples, 8469
Marital Problems [See Marital Relations]
Marital Relations [See Also Marital Conflict]
advantages & disadvantages of meta analysis, analysis of effectiveness of Minnesota Couple Communication Program, 999
affective self disclosure, marital adjustment, spouses with mean age of 24.3 yrs, 7877
approach to assessment & analysis of equity in marital relationships, 4723
areas of strain in family functioning & marital & sexual satisfaction, 21–74 yr old home dialysis patients & their spouses, 1704
attitudes toward statements regarding family life patterns & marital relationships & sexual values & behavior assessed by Survey of Afro-American Behavior, Anglo vs Afro-American therapists, 13474
behavioral marital therapy vs communication training in conjoint vs conjoint group modality, marital distress, 25–40 yr old couples, 6163
cognitive & systems intervention, treatment of marital violence, 8498
complementary marital roles, male heroin addicts with mean age of 27 yrs & their wives, implications for treatment, 10477
concept of temporal form, basis for describing relationships, literature review, implications for theory formulation & measurement, 968
congruency of value appraisal, marital satisfaction, spouses, 3320
content analysis of Rorschach responses using L. Gottschalk's scale, marital relations, spouses, 135
Couple Communication Program, communication skills & marital adjustment, 21–36 yr old married couples, 3903
critical appraisal of behavioral marital assessment & interactional model of behavior, literature review, 12552
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
development & standardization & clinical use of Spousal Inventory of Desired Changes and Relationship Barriers, 20–63 yr old married couples, 4729
development & validity of Computerized Marriage Assessment, 21–40 yr old married vs divorced or separated mothers of at least 2 children, Australia, 2416
development of Quality Marriage Index, assessment of marital quality, adults, 7053
dimensionality & reliability of abbreviated Relationship Inventory, measurement of empathy & regard & congruence in marital relations, wives, 7070
disturbed marriage, female psychiatric patients aged 20 or over, Great Britain, 10348
duration of cohabitation & accuracy of nonverbal communication, marital complaints, recently married 20–31 yr old couples, 986
egocentric bias & item content & length of relationship, agreement within couples about interactions, married couples & dating college student couples, 11566
employment, help with household tasks & family structure & marital satisfaction, 20–30 yr old employed married females, 5547
extramarital sex & marital relations, male vs female separated or divorced 20–67 yr olds, 12562
family life cycle & family size & length of marriage, marital quality, wives, 7869
family structure & marital relations & divorce & single parenting & support systems & social inequality, well being, children from different societies, literature review, 7763
fatherhood, educational & vocational achievement & marital relationship & parenting, 15–19 yr old fathers, 5527
hidden & overt reaction to child abuse & role of marital & family relations, treatment, abused children & adolescents, 12902
husband's occupation, mortality rates, males & their wives, implications for transmission of occupational risks through marital relationship, 963
Lamaze vs hospital class method of childbirth preparation, marital satisfaction during antepartum & postpartum periods, spouses, 13313
level of marital alternatives & marital happiness, marital disruption, spouses, 7903
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
marital discord & parental psychopathology & knowledge of behavioral principles & tolerance for child deviancy & expectations, families with 4–12 yr olds with behavior problems, 5743
marital relations & sexual dysfunction & spouse emotional illness, patients with hypochondriasis vs chronic pain vs obesity vs myocardial infarction, 12760
marital types, success of marital therapy, couples, 6180
Marriage Law of 1981 as model for family responsibilities & relationships, China, 3301
occupational attainment of spouse, marital dissolution &/vs career moves, 30–44 yr old wives, 7891
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
occupational demands, wives' satisfaction & well-being, male 30–60 yr old senior administrators of probation/parole/aftercare services, 6857

Othello syndrome, 27 yr old female with delusions of spouse's infidelity & irritability & hostility & aggressiveness, 8109
paternal-fetal attachment behavior & marital relationship, expectant fathers, 12567
penile prothesis surgery, psychological & marital adjustment & sexual activity levels, male patients with mean age of 51.1 yrs, 10921
perception of equity & validation from spouse, relationship satisfaction & stability, married couples, 3308
personality & marital relations, psychological functioning, prominent males with mean age of 53.9 yrs in psychiatric treatment, 1145
personality characteristics & marital interaction, couples in which husband was vs was not alcoholic, implications for treatment involving nonalcoholic spouse, 1273
personality traits vs quality of marital relationship, importance of sexuality & satisfaction in sexual interaction, spouses, 10163
power interactions & marital satisfaction, spouses, literature review, 5534
premarital cohabitation vs traditional courtship, subsequent marital adjustment, spouses, 7905
process-oriented approach, assessment of decision making, spouses, 970
revalidation of Index of Marital Satisfaction, 40–80 yr olds with vs without marital &/or sexual &/or social relationship problems, 2413
self disclosure & marital intimacy, spouses, 3318
sex role attitude congruency, marital quality, military couples, 7873
sex vs marital therapy, sexual satisfaction & marital adjustment, 26–46 yr old couples with sexual dysfunctions, 1540
social desirability, report of marital & child adjustment & parenting attitudes, spouses with 2–13 yr olds, 10161
spouse training program, marital relationship, spouses of law enforcement officers, longitudinal study, 2227
spouses' vs O's ratings of partners' behavior during conflict resolution task, spouses, 5531
strategies & techniques, assessment of marital problems, 11694
theory & measurement, design & evaluation of marital communication skills training programs, literature review, 8491
therapeutic effects of pathological label, functioning, members of marital or family system, 6162
transcendental meditation & marital adjustment, wives with mean age of 30 yrs, 5524
unresolved oedipal conflicts & separation individuation, marital relationship & marital &/vs individual therapy, 8423
usefulness of Arnold's Signs of MMPI characteristics, examination of marital discord, spouses, 2452
validity of compensatory & spillover models on employment status of wife, marital & job satisfaction, 19–62 yr old spouses, 5541
videotape & written feedback, interpersonal communication & problem solving skills, happy vs distressed married couples, 8469

Marital Separation [See Also Divorce]
acceptance of marital separation & postmarital adjustment, 20–67 yr olds, 7901
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
availability of social support, adjustment to marital disruption, newly separated 20–50 yr old males & females, 3292
extramarital sex & marital relations, male vs female separated or divorced 20–67 yr olds, 12562
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
in-school group counseling program, increased self awareness & expression through creation of sound filmstrip, 5th graders experiencing parental separation & divorce, 4389
joint legal & marital counseling, separating couples, 1528
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
marital separation, mourning process & recovery, spouses, implications for therapy with remarriage families, 1536
optimism about future, 12–19 yr olds from intact vs separated or divorced homes vs with deceased parent, 12497
psychoeducational group intervention, psychosocial adjustment & medical utilization, members of health maintenance organization experiencing marital separation, 1550
SES, remarriage behavior, 23–48 yr old separated or divorced females, 12541
workshop dealing with psychological stages of separation, separated & divorced adults, 13230

Marital Status
age & marital status & employment status & living arrangements, nature & amount of help provided to mothers, 40–66 yr old daughters & their aged mothers, 7887
age & marital status & referral source & diagnosis & length of stay & ward, prediction of psychiatric hospital discharge against medical advice, patients, 8712
age & sex & family status, migration, West Germany, 932
age & sex & marital status, depression, 17–70 yr olds, 12789
age & sex & race & marital status & SES & amount of TV watched & relative victimization of fictional counterpart in TV dramas, susceptibility to cultivation of sense of personal risk in real world, adult TV viewers, 5259
incidence & age & sex & marital & vocational status & suicidal motives & methods, foreign vs German suicide attempters, West Germany, 12909
marital & employment status & prior psychiatric treatment & neuroticism & psychoticism, psychiatric morbidity before vs after myocardial infarction, male patients, 10615
marital status & presence of living children, nature & amount of emotional & social & instrumental support received, noninstitutionalized female life care community residents, 893
marital status & social class, risk of alcohol-related hospital admissions, 25–64 yr old females, Finland, 11012
marital status, exposure & emotional responses to stress & depression & coping resources, community residents, 3304
methodological issues of proportional hazards models, analysis of family formation & dissolution in life course transitions, 15–44 yr old married White females, 994
multistate demography, life course analysis of individual transitions & changing statuses of marriage & divorce & remarriage, 47
perceived sources of stress & happiness, married vs single college students with mean ages of 26.8 & 19.2 yrs, 13628
racial & ethnic & marital status differences, sexual & reproductive behavior, White vs Mexican American vs Black 14–24 yr olds, 7773
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424
seasonal variation & marital status, incidence of suicide, over 15 yr olds, Finland, 10490
sex differences & sex role stereotyping & discrimination & role conflict & marital & employment status, alcohol drinking patterns, adults, 3360

Marketing
age group cohort analysis, assessment of changes in soft drink consumption patterns, US, 1950–79, marketing implications, 186
aging, clothing preferences & needs, females age 65 & over, implications for education & clothing industry, 4602
availability for purchase of alcoholic beverages, sales & alcohol related problems, 3362
Bayesian analysis combining self explicated data with conjoint data, estimation of individual-level conjoint models & application to marketing research, 166
cluster analysis, research on market segmentation & buyer behavior & product development, literature review, 9202
cultural delusion of possibility of individual maturity without concurrent physical aging as manifested in modern beauty industry's marketing, 3350
economic market behavior, implications for consumer behavior & potential for theory development, critique of review by V. L. Smith, 6894
experimentation, market mechanisms for classical environments, literature review, 6903
function of theory in survey research, critique of article by R. J. Lawrence, 2303
function of theory in survey research, response to P. H. Van Westendorp's critique, 2293
interpretation & value of classical statistical significance tests, marketing research, literature review, 9204
marketing applications of models of choice behavior proposed in economics & social psychology & psychology, critique of articles by E. Silberberg & A. R. Davidson & D. M. Morrison & L. R. Beach, 6895
methods based on selection of individual judgments vs integration of multiple judgments, market share estimations, graduate business students, 9199
misuse of within-Ss design in marketing research, literature review, 179
model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290

multiattribute decision structures, evaluation of professors, college students, marketing implications, 11484
organizational environment & social psychology of marketing information, market research, 11502
panel attrition, parameters of structural econometric models estimated with consumer panel data, implications for market research, 9206
preference tree model of choice behavior, marketing applications, comments on article by A. Tversky & S. Sattath, 6896
use of pretest market model, cost & risk of launching new consumer products, 11487
Markov Chains
Markov models of behavioral sequences, animals, 2494
Markov network analysis, model of change of multiple correlated variables over time, 2553
Markov process entropy, analysis of exploratory open field behavior, rats, 12069
Markovian model, childhood family history, 9409
multiple presentation of same display, acquisition of visually displayed information, college students, test of multistate Markov model of information acquisition, 281
Marlowe Crowne Soc Desirabil Scale
construct validity of self report personality development measures, assessment of crisis stages in psychosocial multistage theory of E. Erikson, college students, 2411
validity of random short forms of Marlowe-Crowne Social Desirability Scale, 9380
Marriage [See Also Consanguineous Marriage, Exogamous Marriage, Interracial Marriage, Polygamy]
attitudes toward their "open" marriages & disclosures to their children, parents, 10172
autobiographical & latent content of V. Woolf's novel "The Voyage Out", 12357
Circumplex Model of marital & family systems, clinical implications, 13217
cultural analysis of word "commitment" in marriage, US, 735
divorce & remarriage, father-child relationship, 969
domesticity & corollaries of rational friendship & new paradigm of sociality & sexuality & marriage, female aristocrats, 1660–1760, England, 3291
early intervention, remarriage families, 1542
marital separation, mourning process & recovery, spouses, implications for therapy with remarriage families, 1536
Marriage Law of 1981 as model for family responsibilities & relationships, China, 3301
methodologies, marital & family phenomena research, literature review, 982
multistate demography, life course analysis of individual transitions & changing statuses of marriage & divorce & remarriage, 47
nature of marriage & marital conflicts, problems of marriage therapy, 13211
remarriage, competence & well-being, divorced vs remarried White middle-class mothers, 12555
SES, remarriage behavior, 23–48 yr old separated or divorced females, 12541
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
structure & social context & therapeutic techniques, remarriage families, 1538
therapeutic guidelines, remarriage families, 1525
therapy with remarried families, 1532
Marriage Attitudes
complicating factors & difference from 1st marriage, concept of remarriage, war widows, Israel, 10166
demographic characteristics & emotional & social & financial consequences of commuter marriage, couples, literature review, 966
marriage attitudes, Austria vs West Germany, 10154
parental authority & attitudes toward marriage & dowry, female college & graduate students, India, 10170
preference in 1958 vs 1971 for religious homogamy in marriage partners & friends, Catholic vs Protestants, 7862
premarital vision of own marriage, divorcees, 3316
sex differences, changing attitudes toward work & marriage, college students, Turkey, 5590
Marriage Counseling [See Also Conjoint Therapy]
behavioral marital therapy vs communication training in conjoint vs conjoint group modality, marital distress, 25–40 yr old couples, 6163
cotherapists vs single therapists & immediate vs delayed behavioral marital therapy, 19–59 yr old distressed spouses, 1544
depression, verbal interaction patterns & perception of partner, couples in marital therapy, 8473
development & validity of Computerized Marriage Assessment, 21–40 yr old married vs divorced or separated mothers of at least 2 children, Australia, 2416
efficacy of joint hospitalization vs couples therapy vs individual treatment, couples with 1 alcoholic partner, 1-yr followup study, 11077
efficacy of videotape & verbal feedback in behavioral couple therapy, literature review, 3871
group psychotherapy & family & marital & couples therapy, literature review, 6183
home visits & modeling & behavior modification by male-female therapist team, marital therapy, low income multiproblem couples under 30 yrs old with children 7 yrs old or younger, 4060
inconsistencies in state regulation of marriage & family therapy, 1950
joint legal & marital counseling, separating couples, 1528
marital separation, mourning process & recovery, spouses, implications for therapy with remarriage families, 1536
marital types, success of marital therapy, couples, 6180
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
nature of marriage & marital conflicts, problems of marriage therapy, 13211
research findings & issues in treatment of conjugal violence, spouses, literature review, 12892
sex vs marital therapy, sexual satisfaction & marital adjustment, 26–46 yr old couples with sexual dysfunctions, 1540
societal & theoretical perspectives, marital & family therapy, therapists, 3862
staging of metaphorical expressions of marital relationship in couples therapy, spouses, 3888
systems perspective, pastoral marriage counseling, 10978
systems theory in family & marital therapy, 8475
unresolved oedipal conflicts & separation individuation, marital relationship & marital &/vs individual therapy, 8423
use of dream sharing, couples therapy, 13218
use of information & dynamics from extramarital relationship as therapeutic strategy, marital clients, 3870
Marriage Therapy [See Marriage Counseling]
Married Couples [See Spouses]
Marsupials [See Also Opossums]
hypoxia with vs without carbon dioxide, sleep-waking patterns, male potoroos, 7617
Masculinity
anxiety & depression & femininity & masculinity, adjustment, male college students, 12735
Bem Sex Role Inventory & Personality Attributes Questionnaire as measures of dominance & nurturance/warmth vs masculinity/femininity, arguments against view of androgyny as interactive concept, criticism of study of D. Lubinski et al, 4799
Bem Sex Role Inventory Masculinity & Femininity Scales, assessment of relation to personality & vocational adjustment, psychiatric patients with mean age of 39.3 yrs, 9390
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662
construct validity of Masculine Gender Identity Scale, heterosexual vs homosexual vs transsexual females, 86
equivalence of scales & validity & utility of short forms & concepts of Bem Sex Role Inventory & Extended Personal Attributes Questionnaire, masculinity & femininity & androgyny, college students, 4773
gender & assessed masculinity vs femininity & false success/failure feedback, choice of topic area & performance self evaluation, male vs female college students, 5670
interpersonal skills training, sex role orientation, premarital college student couples, 1557
masculine bias of Freiburger Personality Inventory, 2431
masculinity-femininity complementarity & views on attachment & autonomy, 21–45 yr old heterosexual & homosexual couples, 7931
methodological comments on labels & traits & interaction & types, femininity & masculinity & androgyny, reply to criticism of J. T. Spence, 4803
need for separate masculinity & femininity scale scores for scoring androgyny, 7005

sex role conflicts & coping behavior & adjustment, disabled males, literature review, 5721
sex role identity & loss of control, self esteem & choice of total vs no control of team vs nonparticipation, female college students, implications for rate of female depression, 4967
sex role identity & self concept, preschool age children, 868
sex role orientation & behavioral interactions, interpersonal attraction, female dyads, 1054
sex role orientation, female dental vs dental hygiene students vs dental assistants, 6504
sex role orientation, gifted male vs female 14–18 yr olds, 921
Masking [See Auditory Masking, Visual Masking]
Masochism [See Sexual Masochism]
Masochistic Personality
type of self destructiveness involving sadomasochistic "addiction", psychoanalytic patients, 8127
Mass Hysteria
epidemic hysteria, family members, India, 5790
epidemic hysteria outbreak, female secondary school students, Zambia, 8105
Mass Media [See Also Educational Television, Magazines, Newspapers, Radio, Telephone Systems, Television, Television Advertising]
class & sex inequalities & role of media & effects of life cycle, community studies of leisure, 7847
communication of psychological ideas via media, psychologists, 12334
diffusion of news about attempted R. Reagan assassination through mass media vs other persons, 9875
effective use of health information, teachers & students, 4284
hotel disaster, response of mental health organizations & mass media, 3790
mass communication campaigns, smoking cessation & alcoholism & heart disease prevention programs, 10655
mass media & religious values, 10141
media channel & motivation for attending to political advertisement, processing & effect of ad, college students, 7912
media coverage, popularity prior to 1976 nominating convention, presidential candidates, 1008
pretrial publicity & fairness of legal trials, Great Britain, literature review, 10185
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
structural equation model of sociability as function of personality & work strain & exposure to mass media, Ss retired for 3 yrs vs near retirement vs expected to retire in 3 yrs, 9395
use of mass media, clinical psychologists, 1905
Massed Practice
single vs spaced interval word presentation & massed vs spaced practice word list study, recall & affective judgment, 16–51 yr olds, 11874
Mastectomy
introversion & extraversion, prognosis following mastectomy & breast cancer therapy, females, 6340
mastectomy, physiological & emotional reactions to erotic stimuli & attitudes about self & body image & attractiveness & sexuality & relationships with men, 34–57 yr old White & Oriental females with breast cancer, 6318
Masturbation
behavior therapy, sexual deviations, mentally retarded 7–52 yr olds, 6207
masturbation & feelings about masturbation & genitals & self concept, conception difficulties, couples seeking consultation, 6154
physical attractiveness of target females in photographs, judgments of attractiveness & likelihood of virginity & masturbation, college students, 5592
Mate Swapping [See Extramarital Intercourse]
Materialism
materialism, attitudes toward aged, US, 12512
materialist didactic theory, analysis & development of instructional practice, Finland, 6539
theses which argue for materialistic examination of consciousness, verbal community concept of B. F. Skinner, 4622
Maternal Behavior (Animal) [See Animal Maternal Behavior]
Maternal Behavior (Human) [See Mother Child Relations]
Maternal Deprivation [See Animal Maternal Behavior, Mother Absence, Mother Child Relations]
Mates (Humans) [See Spouses]
Mathematical Ability
evidence for increasing equivalence in math skills, male vs female 7th & 8th graders, 12407
hand & eye & foot preference & family handedness, mathematical ability, high school & college students & mathematics teachers, 9940
nonmathematical variables affecting numerical problem solving, 3rd graders, 9005
Rasch model vs classical item analysis of Stanford Diagnostic Mathematics Test, ability estimates, 2nd–8th graders, 2164
ratioproportionality ability, equity vs equality allocations, children with mean ages of 3.4 vs 6.4 vs 11.4 yrs, 10002
self esteem & self concept, male vs female 7th & 8th graders highly gifted vs able vs average in mathematical ability, 7702
sex & introversion vs extraversion, performance on mathematics tests, 11 yr olds, 7694
sex differences, mathematical aptitude & achievement & participation, 7th–8th & 11th & 12th graders, 5-yr longitudinal study, 2057
Study of Mathematically Precocious Youth, identification & educational facilitation, mathematically gifted students, 1971–81, 6757
validity of standardized tests vs teacher rating, assessment of arithmetic & reading & general ability, educable mentally retarded Ss with mean age of 12.3 yrs, 6805
Mathematical Modeling
ability to estimate functional behavior of hidden variables, extension of work on Generalized Production Rules System for strategic decision making, 9253
age-period-cohort accounting framework, criticism of W. L. Rodger's article, 2542
age-period-cohort accounting framework, reply to criticism by H. L. Smith et al, 2540
algebraic structure of idea set, implications for knowledge acquisition, 290
ANOVA vs analysis of behavioral process, interactionist psychology, 11738
BASIC program, decision support in identification of univariate nonseasonal nonmixed autoregressive integrated moving average time series, 11562
Bayesian analysis combining self explicated data with conjoint data, estimation of individual-level conjoint models & application to marketing research, 166
bivariate theory of binary preferences under conditions of risk, 6921
brightness luminous-efficiency functions for 2 & 10 degree fields of visual stimulation, 4870
category size & within-category spacing & category name cues, list learning, college students, development & test of mathematical model for analysis of category clustering, 11899
chi square goodness of fit statistics & incremental fit indices & coefficients of determination, assessment of causal models for Head Start Program effects, 189
computer-sculpted 3-dimensional bust using cardioidal strain transformation, perceived age of bust model, 9443
cross-validation procedure, comparison of suitability of alternative models for covariance matrices, 9401
decision making method, selection of test for organizational performance measurement, 168
differences in measurement unit & method & group & individual & modality & central/peripheral processing & pathological differences in reaction & in transformation of distal to proximal stimuli, measure constant in psychophysical power equation, 11558
episodic vs semantic memory tests, recognition failure rates, college students, partial support for Tulving-Wiseman model, 11894
estimation of age & period & cohort effects, 2539
expected utility theory axioms, 9292
general behavior regulation model of learned performance under schedule constraint, 9207
generalized discriminant analysis as descriptive technique associated with multivariate general linear model, 2546
graph theoretic blocking procedures & algorithm, analysis of social networks, 4822
heuristic mathematical model of dynamics of sensory conflict, motion sickness, 11750
importance of distinction between statistical correlation & causation in scientific model fitting, 2496
individual vs group norm determination of cue scale, analysis of group decision making in policy-capturing research, 11735
linear & nonlinear models, measurement of true change effects, 7090
linear numbering system & mathematical model based on medical data & age differences, classification & discrimination of pathologies, general aviation pilots, 4820

mathematical analysis, structural stratification in completed graphs of social networks & application in sociology & social psychology, 11634
mathematical model for simple appetitive learning & preferences for predictable rewards, 275
mathematical model, prediction of hospital admission frequency, unipolar manics, 3565
mathematical models, prediction of home court advantage for professional basketball teams, 2520
mathematical relationship between eye contact & individual looking levels, 12657
mathematical scheme, classification of impossible objects, 188
maximum likelihood modeling of contagion or feedback effects in social behavioral choice processes, 5622
method for inclusion of polytomous variables in path analysis, research study of structural differences in human service organizations, Hawaii vs Guam, 172
method for separating intervention from normal growth effects, evaluation of Special Supplemental Food Program for Women, Infants, and Children, 9415
methodology, decision making for distant future outcomes, 928
model of human text editing performance, 174
model of individual's decision processes, variables in decision to purchase electric car, Australia, 2510
model referenced approach, identification of EP component wave forms, 9659
multinomial logit model, decision making in dynamic collective systems, 9402
multinomial logit model of choice behavior, identification of seasonal & temporal & regional determinants of food store patronage, North America vs Europe, 9198
multiple time-series models with diagonal autoregressive & moving average parameter matrices, forecasting in marketing research & comparison with univariate model estimates, 190
multiplicative competitive interaction models, choice behavior, consumers, 11483
multivariate generalized beta & generalized F distributions & application to utility modeling, 2523
neural network model of pain mechanisms, 182
nonpiecework vs piecework compensation, standard deviation of employee output as percentage of mean output, blue & white collar workers, 13734
predictive accuracy of clinical judgment vs taxonomic key approach of E. Russell et al, diagnosis of brain damage & schizophrenia, 10332
preference ranking models, 9400
proposed theory, multidimensional psychological space & organization of social experience by dichotomous categorization vs continuous dimensions, 1080
psychophysical & electrophysiological distinctions between 3 cone types & model of sensitivity modulation by membrane ionic ratings & cardiotonic drug AR-L 115 BS, rhesus monkeys & humans, 493
quadratic equation for curve of cumulative food intake during single-course liquid meals, 19–24 yr old males & females, 59
random effects model for estimation of variance of effect-size distribution, 175
reformulation of algebraic utility model, employee flows as factor in utility analysis of human resource productivity improvement program, 11731
reformulation of J. S. Adams's workplace equity model incorporating time & levels of prior inequity, 13757
single letters constructed from line segments of equal length in letter confusion experiment, visual letter recognition & confusion & perception of features, college students, test of contemporary mathematical models, 293
sociophysics, analysis of sociological collective behavior, 5612
specification errors in path analysis causal models, 11739
structural equation model of sociability as function of personality & work strain & exposure to mass media, Ss retired for 3 yrs vs near retirement vs expected to retire in 3 yrs, 9395
Mathematics [See Also Statistics]
assumptions about invariance in perception, 11765
attitudes toward mathematics, female 12th graders, 4-yr longitudinal study, 11248
cognitive development & arithmetic problem solving, critique of article by J. Hiebert et al, 5400
cognitive development & arithmetic problem solving, reply to criticism by L. P. Steffe & P. Cobb, 5362
concrete objects & pictures & verbal instruction, development of arithmetic operations, 4–6 yr olds, 3166
methods of teaching basic arithmetic facts, elementary school students, 4263
philosophical logic & philosophy of mathematics & mind & psychological theory testing, review of posthumous publications of L. Wittgenstein, 6915
preferred vs 2nd language & 1st vs 2nd language experimental sessions, encoding/response times for arithmetic problems, Chinese/English vs English/Chinese & Spanish/English vs English/Spanish bilingual adults, 2629
procedural knowledge vs fact retrieval, increase in number fact efficiency in mental arithmetic, reply to critique by A. J. Baroody, 9942
rest vs paced respiration vs mental arithmetic, pulse transit time & intra-arterial systolic & diastolic blood pressure & mean arterial pressure, 22–33 yr old males, 2888
sex differences & test anxiety correlates & internal consistency & test-retest reliability, measurement of math anxiety, college students, 11290
theory, development of number fact efficiency in mental arithmetic, alternative to theory proposed by M. H. Ashcraft, 9944
Mathematics (Concepts) [See Also Algorithms, Number Systems, Numbers (Numerals)]
development of conservation concept, object &/vs relation fractions, 4–12 yr olds, 9998
development of geometric concept of perimeter of square, children, 5373
development of stability of mathematics concepts, 3–11 yr olds, 3163
functional level in geometry concepts, ability to master higher level concepts, preservice elementary school teachers, 6565
research in mathematics education on concepts & strategies in mathematics problem solving, children, 13570
role in mathematics teaching & model building, understanding children's constructions of mathematical concepts & operations, constructivist researchers, 13550
role of concepts & solution methods in solving 2-step word problems with ratio, 9–14 yr olds, 12435
Mathematics Achievement
class time use, achievement & behavior & attitudes in English vs mathematics classes, junior high school students, 8935
class-tutor affect, achievement in Chinese & math, 7th graders, Taiwan, 2058
community-based day care treatment, spelling & math achievement & personality & intelligence & recidivism, juvenile delinquents, 13389
concurrent validity of Mathematics Anxiety Rating Scale for Adolescents, 7th–11th graders, Lebanon, 11328
contribution of work sample items & items on self reported past & predicted grades, predictive validity of Orleans-Hanna Algebra Prognosis Test, 8th graders, 4407
coping with poor mathematics achievement, 5th–9th graders, 4324
cross-age tutoring in mathematics, mathematics achievement, 2nd–3rd grade tutees & 5th–6th grade tutors, 13594
determinants of mathematics achievement, mildly retarded 10–15 yr olds, 12968
discovery vs expository teaching strategy, mathematics achievement, 13.2–15.1 yr olds with analytic vs nonanalytic cognitive style, 2034
Halstead Category Test performance, learning disabled 9–14 yr olds with deficiencies in arithmetic & various levels of academic & neuropsychological performance, 5921
locus of control & inductive vs deductive instruction methods, mathematics achievement, college students, 2013
mathematics instruction with vs without systematized feedback, mathematics achievement, 6th graders, 13566
motivated reading remediation & placebo vs methylphenidate, reading & mathematics performance, 7–12 yr olds with reading disorders, 4346
neuropsychological profiles, learning disabled 7–13 yr olds with deficiencies in reading & spelling vs math, 5916
operational level, natural number sequence performance, 1st graders, 3175
performance on national mathematics & science assessments, Black 9–17 yr olds, 1976–78, 7728
performance-contingent rewards, performance on arithmetic tasks & self efficacy, 8.8–11.4 yr olds, teaching implications, 13592
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, 11326
preschool sensitivity to rhyme & training in sound categorization with vs without explicit connection to alphabet, reading & spelling & mathematics achievement, elementary school students, 4-yr longitudinal study, 8964

self vs external monitoring, perceived self efficacy & arithmetic skill & persistence, 8.5–9.4 yr olds, 10012
sex & introversion vs extraversion, performance on mathematics tests, 11 yr olds, 7694
sex differences, mathematical aptitude & achievement & participation, 7th–8th & 11th & 12th graders, 5-yr longitudinal study, 2057
sex differences, reading & spelling & arithmetic, 4–8 yr olds, longitudinal study, implications for learning strategies, 12403
Study of Mathematically Precocious Youth, identification & educational facilitation, mathematically gifted students, 1971–81, 6757
use of item bank, construction of local college mathematics placement test, college students, 11318
WAIS-R scores & performance on reading & spelling & arithmetic achievement tests, 25–30 yr olds diagnosed as dyslexic during childhood, 10518
Mathematics Education
alternative approach to teaching mathematics, adolescents hospitalized in psychiatric unit, supplement to D. Marcelli's article, 6412
class time use, achievement & behavior & attitudes in English vs mathematics classes, junior high school students, 8935
computerized mathematics vs spelling vs conventional remedial instruction, academic achievement, learning disabled 1st–6th graders, 6749
cross-age tutoring in mathematics, mathematics achievement, 2nd–3rd grade tutees & 5th–6th grade tutors, 13594
degree of text explanation of statistics concept, concept learning, college students, 6627
functional level in geometry concepts, ability to master higher level concepts, preservice elementary school teachers, 6565
locus of control & inductive vs deductive instruction methods, mathematics achievement, college students, 2013
mathematics instruction with vs without systematized feedback, mathematics achievement, 6th graders, 13566
numerical basic skills curriculum guide, US Naval academic remedial training or apprentice training, 6829
path analysis, contribution of teacher quality & classroom climate to mathematics attitudes & motivation, 4th vs 7th vs 9th graders, 6694
phases of mathematical problem solving, instructional implications, 6603
racial & ethnic differences in mathematics learning, implications for mathematics instruction, 6674
research in mathematics education on concepts & strategies in mathematics problem solving, children, 13570
role in mathematics teaching & model building, understanding children's constructions of mathematical concepts & operations, constructivist researchers, 13550
sex differences, enrollment in mathematics tracks, Black 10th–12th graders, 13581
subskill mastery, transition from counting-all to counting-on in addition, 1st graders, 6681
teaching method, motivation & attitudes toward mathematics, 3rd–8th graders, 4278
teaching methods, mathematical prototype formation & classification skill development, 3rd graders, 6652
transformational generative grammar, identification of underlying epistemic meaning of current mathematical discourse & application to theory of structured learning, 2051
Mating Behavior (Animal) [See Animal Mating Behavior]
Matriculation [See School Enrollment]
Maturation [See Human Development]
Maturity (Emotional) [See Emotional Maturity]
Maturity (Vocational) [See Vocational Maturity]
Maxilla [See Jaw]
Maze Learning
ACTH/4–10 vs norepinephrine, acquisition & performance of maze task, male rats, 7613
chronic alcoholic intoxication, processing of proprioceptive information in maze learning, rats, 7611
dietary lecithin, enhancement of maze learning, 3–4 mo vs 23–41 mo old female mice, 5153
dorsal hippocampal lesions, primacy & recency serial position effects in radial arm maze task, rats, 7545
enriched vs isolated rearing environments, maze performance, male rats, 7269
enriched vs restricted housing, reactivity & open field exploration & maze learning, male mice with septal lesions, 589
EPs of sensorimotor cortex & caudate nucleus during mass alimentary-motivated training in males, rats, 7434
ethanol dosage, interference with rewarded variability in selection of arms of radial maze, male rats, 3014
factor analysis of response patterns, finger maze learning, normal vs mentally retarded children, 5912
geomagnetic orienting in radial 8-arm maze, rats, literature review, 309
haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
hours of food deprivation, maze & discrimination learning, rats, 5004
lesions of medial frontal cortex vs dorsomedial thalamic nucleus, spatial localization abilty, male rats, 2977
lesions of visual cortex vs superior colliculus, radial maze learning & retention, male rats, 12229
maze learning task difficulty & food searching strategies, golden hamsters, 4989
mother &/vs milk as reinforcers, learning & retention of T-maze spatial discrimination task, preweanling rats, 9563
phencyclidine, active avoidance learning & radial arm maze performance, male rats, 12287
preweanling severe zinc deficiency &/vs undernutrition, memory maze learning deficits, adult rats, 12186
prior maze learning for opportunity to gnaw wood, preference for goalbox containing water vs food vs wood for gnawing following tailpinch applied in maze vs goalbox, female rats, 11945
septal grafts following fimbria-fornix lesions, maze learning, female rats, 586
sodium barbitone, learning & retention of Y maze spatial discrimination, mice, 699
spaceflight, long term memory & recovery of maze learning & role of CNS impairment, male rats, 9734
vasopressin analogs, working memory in radial maze, male rats, 625
Maze Pathways
activity level & emotionality & cognitive-anticipatory performance ability, spontaneous locomotion in tunnel labyrinths, RHA/Verh vs RLA/Verh rats, implications for role of genetics in personality, 9593
Mazes [See Also Maze Pathways]
maze dimensions & enriched vs impoverished environment, spontaneous alternations, male dwarf mice, 7286
Mealtimes [See Feeding Practices]
Mean
computation method derived from theory of generalized symmetric means & generalizability theory, estimation of parameters used to describe incidence sample, 2493
global vs multiple comparison vs joint probability methods for incorporation of ordinal assumptions about treatment means into ANOVA, critical review, 7097
labeling of endpoints only vs all points & number of response options on positive vs negative end of continuum, mean score for questionnaire rating scale items, college students, 2399
methods of estimation & testing of linear models for effect sizes from series of independent experiments, 7088
methods to approximate probability that population with largest mean will have largest sample mean in comparing normal distributions with unknown &/or unequal variances, 2551
modifications of C. R. Cutler's regression-toward-the-mean procedure, teaching device for introductory statistics & research methodology course, 6618
procedures for clustering correlation coefficients & standardized mean differences, estimation of effect magnitude, 4824
technique for incorporation of ordinal assumptions about treatment means into ANOVA, 7094
Meaning [See Also Verbal Meaning, Word Meaning]
affective symbolic connotations, Rorschach inkblots, college students, 11648
beliefs & practices & adherents & social organization & meaning, modern occultism, participant-observational study of tarot readers, 946
conceptual model, patterns of staff organization & utilization & meanings of "doing a good job", staff of urban vs rural mental health centers, 8647
cultural & psychological & unconscious meaning, personal names, 12508
disturbances in systems of knowing & meaning, dyslexic children, 5906
interactional-transactional analysis of sociophysical characteristics of space & meaning in cognition of city center, 18–50 yr old female inhabitants of large city, 2273
meaning of content, permutation task performance, 12–14 yr olds, implications for cognitive style, 9924

meanings ascribed to city center & sociophysical position, cognitive representations of city center, residents of Milan, Italy, 11841
meanings in behavior regulation, discussion of L. S. Vygotsky's work, 10296
methods for analysis of meanings reflected in children's early word combinations, implications for clinical application, 3177
operational/empirical basis of & use of untrained raters in Truax-Carkhuff method & proposal for science of meaning method, therapist empathy research, 6964
personal & social & economic meanings of work, 20–35 yr old male physically disabled rehabilitation clients, verification of C. P. Alderfer's theory of human needs, 1847
personally significant meanings & their structure in individual consciousness as measured by semantic differential & TAT, 1110
psychological classification of meanings, 9898
religion vs E. Becker's "heroism" as basis for new psychology, theology & metaphysics as source of human meaning, 11551
semantic differential analysis, reactions to self referent & external concepts, depressed vs nondepressed college students, 1177
sensory/cognitive representations of world, measurement of psychocultural distance, 12536
simple vs expanded premise, inferential reasoning fallacies, 7 vs 10 yr olds vs college students, support for biconditional vs comprehension theory, 10009
social content & personal significance, memory, Ss with mean ages of 17.1 & 21.1 yrs, 11873

Meaningfulness
associative-frequency of words, recall vs recognition, college students, 7197
evaluation of texts & text elements on semantic properties of concreteness & imagery & meaningfulness, 18–28 yr old trade school students, 2050
meaningfulness & white noise, intentionality of recall on paired associate task, male college students, 4942
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944

Measurement [See Also Related Terms]
activity-related process-oriented diagnosis of prosocial behavioral competence, school age children, 4817
administration & scoring & interpretation instructions, French translation of M. Kovac's Children's Depression Inventory & Interview Schedule for Children, 4774
age-period-cohort accounting framework, criticism of W. L. Rodger's article, 2542
age-period-cohort accounting framework, reply to criticism by H. L. Smith et al, 2540
aggregation of items & raters & use of moderator variables, validity of self-peer ratings in personality assessment, male college students, 92
apparatus, measurement of force used on pressed keys on machinery, 4708
approach to assessment & analysis of equity in marital relationships, 4723
assessment of language & language development, mentally retarded, 10528
assessment of life events & stress-disease relationship, literature review, 3497
assessment of parental ability to fulfill child's developmental needs, 12563
Banangolo as psychotechnical test of cognitive development, Africa, 9332
Bar-Ilan Picture Test for Children, interview aid used to elicit child's perception of place in society & school & home, elementary school students, 4410
Bem Sex Role Inventory & Personality Attributes Questionnaire as measures of dominance & nurturance/warmth vs masculinity/femininity, arguments against view of androgyny as interactive concept, criticism of study of D. Lubinski et al, 4799
calculation & interference test apparatus, simulation of workloads high on mental & low on physical components, 6968
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
clinical assessment procedures, assessment of demography & efficacy & safety & administration of psychotropic drugs, 4716
comparability & reliability of techniques for assessment of personal future planning, 62–92 yr old White females, 2385
component analysis, Bayley Scales of Infant Development, high-risk infants at 92 wks postconceptual age, 121
computerized portable test facility, analysis of motor performance during discrete positioning tasks, 7045
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
conceptual & measurement issues & definitions of disclosure reciprocity, 3386
concurrent validity between Activity Vector Analysis index of anxiety & IPAT Anxiety Scale, college students & suicide prevention volunteers & emergency medical technicians, 7057
construct validity & scale reliability, measurement of social anxiousness, college students, 122
construct validity of factors, Career Decision Scale, college bound high school seniors, 11298
construction & reliability & validity of Rahim Organization Conflict Inventory II, measurement of styles of handling interpersonal conflict, executives, 7060
construction & validation of Moore Reading Attitude Scale, measurement of reading material preferences, college students, 2175
construction & validity & reliability of stabilometer, measurement of gross motor balance, college students, 6976
contextual specificity & conditional intention measures, prediction of purchase intention-behavior relationships, females, replication of P. R. Warshaw's study, 9200
convergent & discriminant validity of Cognitive Bias Questionnaire, measurement of depression, college students, 4750
convergent & discriminant validity of Whitaker Index of Schizophrenic Thinking, measurement of schizophrenia & severity of disorder, paranoid vs nonparanoid schizophrenic patients, 7049
correlation between family function test & General Health Questionnaire, assessment of family dysfunction & emotional morbidity, family practice patients, 8140
correlation between scores on scales by M. Pappo vs L. R. Good & K. C. Good vs M. Zuckerman & S. N. Allison, assessment of fear of success, college students, 11659
course outcome expectancies assessed by E. E. Lawler's theory vs global ratings, prediction of attitudes toward educational & vocational choices & career exploration behavior, college students in career development course, 6716
criterion-related validity of Minnesota Child Development Inventory, 30 mo olds, 11682
cross validation of Analytic Assessment Questionnaire, assessment of suitability for psychotherapy, 6108
cross validation of Rogers Criminal Responsibility & Assessment Scales, evaluation of legal insanity, patient-defendants, 9368
decision making method, selection of test for organizational performance measurement, 168
definition of burnout construct & validity & reliability of Emener-Luck Burnout Scale, rehabilitation personnel, 9326
description & classification & evaluation of instruments to measure managerial cognitive styles, criticism of paper by D. Robey & W. Taggart, 13748
description & classification & evaluation of instruments to measure managerial cognitive styles, reply to criticism by D. M. Schweiger, 13746
development & reliability & validity of scales, measurement of competition-related motives in sports, junior high through college athletes, 2481
development & reliability of Probationer Concern Inventory, assessment of needs & satisfaction, clients of New Jersey county probation office, 2429
development & usefulness of recognition vocabulary test, 4th–12th graders with severe hearing loss, 4419
development & validation of Adult Vocational Maturity Assessment Interview, disadvantaged adults experiencing delayed career development, 11696
development & validity & reliability of Clinton Assessment of Problem Identification Skills for Instructional Supervisors, 9319
development & validity & reliability of Parent Affect Test, assessment of child behaviors causing anger vs pleasure in parents, couples with 2–11 yr olds, 9347
development & validity of measures of perceived social support from friends & family, college students, 9365
development of Clinical Anxiety Scale from Hamilton Anxiety Scale, assessment of severity of anxiety neurosis, 18–73 yr old patients, 146
development of leadership observation grid, clinical observation of nature & intensity of leadership functions & verbal & nonverbal behavior, 12626

development of Quality Marriage Index, assessment of marital quality, adults, 7053
development of Relationship World Index, measure of agreement in intimate dyads, adults, 11720
developmental stages of children & adolescents, problems in construction of analogies tests, 11652
diagnostic & psychosomatic methodologies & models, review of psychoanalytic & behavioral & family interactions research, 1970–80, 8341
differences in arm length, measurement of movement accuracy in short term motor memory task, 10–17 yr old mildly retarded vs nonretarded children, 12960
dimensionality & concurrent validity of Handler Anxiety Index, 16–47 yr old medical & psychiatric patients, 11717
discussion of C. Jencks et al's criticisms of W. H. Sewell et al's Wisconsin model of occupational & educational status attainment, measurement error & evaluation of goodness of fit, literature review, 10040
equivalence of scales & validity & utility of short forms & concepts of Bem Sex Role Inventory & Extended Personal Attributes Questionnaire, masculinity & femininity & androgyny, college students, 4773
estimation of age & period & cohort effects, 2539
evaluation of measures of clustering in information encoding, 7080
evaluation of workload assessment techniques using psychomotor loading task, 23–50 yr old male instrument-rated pilots, 4490
expressed vocational choice & career development measures, prediction of occupational choice, high school students, 7807
factor analysis, measurement of interrater reliability of AMDP Psychopathology Scale, 156
factor analysis of Restraint Scale, correlation of body image with concern for dieting & weight fluctuations, female college students, 9309
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
factor analysis of Zigler-Phillips Social Competence Scale, measurement of premorbid social competence, schizophrenics, criticism of analysis by E. Zigler & J. Levine, 150
factor analysis, values measurement, high school & college students, implications for uni-factor values model, 12364
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
factor structure, Bruininks-Oseretsky Test of Motor Proficiency Short Form, 4.5–14.5 yr olds, 9290
factor structure of Symptom Checklist-90, psychiatric inpatients, 11686
Family Behavioral Snapshot, assessment of family structure & development & problem solving, usefulness in teaching family assessment, 4776
film vs audio vs transcribed vignette presentation of situations with persons in distress, perception of helpfulness & response length on oral vs written responses, college students in human relations training, 1559
ganzfeld free-response GESP test using pictorial targets, response bias & temporal incline, naive & experienced Ss, 2464
generalizability of behavioral checklist, assessment of psychopathy, prison inmates, 12943
Hamilton Anxiety Scale, measurement of response to medication & reduction of anxiety, 9312
health status measures, implications for limitations for oncology, literature review, 8601
instructional set of assessment procedures, role play social skills performance, 7–13 yr old psychiatric inpatients, 10378
integration of 2 approaches to assessment of leadership behavior in groups, group therapists, 6161
interaction structure analysis as method of orthogonality evaluation of factorially simple structured tests, 11674
interdisciplinary uses of AMDP psychiatric documentation system, 11576
internal consistency & temporal stability & construct validity of grid form of Role Construct Repertory Test, measurement of cognitive structure, college students, 157
internal reliability of Behavioral Assertiveness Role-Play Test for Children, emotionally disturbed/learning disabled 8–13 yr olds, 11665
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
inventory construction, measurement of problem solving skills, depressed college students, 9328
involvement in infant assessment as intervention & education, parents, 11655
measurement of acquisition of sign language, mentally handicapped, 7017
measurement of tactile information processing ability, blind workers, 4681
measurements of nen-field by use of silicon diode, parapsychologically gifted S, Japan, 2317
mental status examination, assessment of affect & symptoms & cognitive functioning, mentally retarded adults, 4798
mental status examination, behavioral assessment, mentally retarded adults, 4797
methodological comments on labels & traits & interaction & types, femininity & masculinity & androgyny, reply to criticism of J. T. Spence, 4803
MMPI & SCL-90 test results, clinical evaluation of patient ego strength & motivation for change, patients selected for short-term anxiety-provoking vs brief vs insight group therapy, 1541
model test bias & outcome of differential validity, criticism of article by F. Drasgow, 4733
Mortimer-Filkins test, prediction of recidivism rates, drunk drivers, 2478
multidimensional assessment of psychological problems & psychopathology & cognitive development-related problems, 3–16 yr olds with cancer, 5938
Multiple Sleep Latency Test, measurement of physiological arousal state, 4735
neuroanatomical basis for assessment of asymmetrical facial expression of emotion, criticism of article by R. Alford & K. F. Alford, 7209
normative data, Verbal-Visualizer Questionnaire, college students, 11719
norms & reliability & construct validity of Restraint Scale, normal weight vs obese college students, 9370
overview of existing systems & potential benefits & problems & implications, computer-assisted career guidance testing & assessment, 9278
paired-associate learning test vs 10-word-list recall test, assessment of dementia, residents of homes for elderly with impaired memory compatible with Alzheimer's dementia, 1167
perceived actual vs deserved political power, survey respondents, 1018
performance on Reynell Developmental Language Scales vs syntactical analysis of speech samples, 46–60 mo old language disordered males, 3670
PPVT & Columbia Mental Maturity Scale & Auditory Discrimination Test & WISC Digit Span subtest & WISC-R Verbal Comprehension Factor, academic achievement prediction, impulsive vs reflective 1st graders, 2170
predictive validity of Career Decision Scale, high school seniors, 13680
predictive validity of McCarron-Dial Evaluation System, prediction of residential status & income & vocational level attainment, psychiatrically disabled sheltered workshop workers, 7021
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
pretesting & instructional demand, social interaction & self report, socially anxious male college students, 4714
principal components analyses, intercorrelations among items of Beck Depression Inventory & National Institute for Alcohol Abuse & Alcoholism Impairment Index, patients treated for alcoholism, 12947
process-oriented approach, assessment of decision making, spouses, 970
Progress Assessment Charts, epidemiological measurement of level of social competence, mentally retarded children & adolescents & adults, 11690
proposal for the use of K. Pearson's curves to update norms for psychological tests, 4752
psychological assessment, autistic children, literature review, 12769
psychological measurement, ego functioning & object relations in borderline psychopathology, 4731
psychometric properties of Multidimensional Health Locus of Control Scales, male alcoholic inpatients with mean age of 45.5 yrs, 7066
psychometrics & reliability & validity of assessments, measurement of clinical competence, counselors & therapists, literature review, 11135

range restriction by K. Pearson's formulas & variations in selection process, implications for studies of predictive bias & estimates of educational effects in selected samples, 9100
reliability & design & administration methods of Disability Assessment Schedule as screening device, mentally retarded children & adults, 2438
reliability & interrelationships of measures of self definition, verbal comprehension & peer relations, 2 yr old males, 9989
reliability & stability of inventories & relation to psychosocial stress & life events, measurement of neuroticism & symptoms & well-being, Ss aged 16 yrs & over, 10297
reliability & validity & scalability of Mental Development Scales, children from birth to 3 yrs of age, 11723
reliability & validity of actometer, measurement of activity level, 3–4 yr olds, 7672
reliability & validity of Beck vs Multiscore Depression Inventory vs Popoff Index of Depression, 18–90 yr old outpatients of family practice residency programs, 7003
reliability & validity of French translations, scales by P. Birleson & E. Poznaski et al assessing childhood depression, 4778
reliability & validity of Preschool Play Scale, measurement of play, 4 mo–6 yr olds, 4732
reliability & validity, verbal cathexis test correlated with goal orientations & mood ratings, Ss with mean age of 26 yrs, 9382
reliability of English language version of Swedish EMBU inventory, assessment of parental rearing behavior, college students & 16–24 yr old patients & 27–60 yr old employees, 2461
replacement of concept of accident proneness with "differential accident involvement", implications for measurement & prediction, 2195
research applications, Tasks of Emotional Development Test, 11645
responses on Kent-Rosanoff Word Association Test, 78–94 yr old twins with vs without dementia, 10549
revalidation of Index of Marital Satisfaction, 40–80 yr olds with vs without marital &/or sexual &/or social relationship problems, 2413
revision & construct validity, Humor Perceptiveness Test, college students, 11672
role of psychological & behavioral assessment, child care, 6949
sampling reliability on elicited imitation test, language disordered 5.5–6.5 yr olds, 2426
scales of schizophrenia proneness & Phillips Scale of Premorbid Adjustment, measurement of anhedonia & ambivalence & perceptual aberrations underlying social functioning, schizophrenic patients, 7008
scientific facts & figures &/vs purpose & social interactions & human values, officer selection procedures, military psychologists, 9136
self efficacy scaling, measurement of attitudes toward stuttering clients, student clinicians, treatment implications, 4192
self report & informant ratings of depression, mentally retarded 18–71 yr olds, 12965
self report memory questionnaire vs recognition memory test performance, 21–84 yr olds, 6998
sex differences & test anxiety correlates & internal consistency & test-retest reliability, measurement of math anxiety, college students, 11290
skin conductance level & heart rate prior to & during & after cold pressor task & responses to McGill Pain Questionnaire after task performance, male college students, 7457
Spatial Mnemo-Scale, measurement of similarity of meanings & semantic memory in psychosemantic research, 4724
speech stylistics vs content of responses in structured interview, assessment of Type A vs Type B behavior, 19–42 yr olds, 3447
step-by-step process for planning & development & validation, occupational therapy instrument, 4730
subjective vs objective measures of alcohol dependence, relapse prediction, 18–60 yr old alcoholics, 2435
Symptom Schedule for Diagnosis of Borderline Schizophrenia, comparison of borderline syndromes vs schizophrenia vs affective disorders, borderline vs schizophrenic vs manic vs depressive patients, 5809
syntactic theoretical model of infant development & assessment procedure, 12361
Test of Language Development norms, 4–8 yr old speakers of Black American English, 2480
test validity, measurement of cognitive development, 6th graders, 4766
test-retest reliability of Gladding-Lewis-Adkins Scale of Religiosity, college students, longitudinal study, 11693
theoretical perspectives, measurement of intellectual ability, aged, 5339
theory & measurement & data analysis, family studies research, literature review, 987
theory & measurement, design & evaluation of marital communication skills training programs, literature review, 8491
Thurstone Word Fluency Test, identification of cortical damage, brain damaged patients, 9313
use of abridged form of WISC & proposal for other tests, diagnosis of mental retardation, 5.3–6.4 yr old males, 4741
use of new-Genevan vs result-only criteria for seriation, characteristics of seriation acquisition, 4–12 yr olds, 7731
use of psychological test report, determination of appropriate focus of psychotherapy, 4779
usefulness of AMDP psychiatric rating system, clinical research in psychopharmacology, 11569
utility of situational leadership theory & problems with P. Hersey & K. H. Blanchard's leadership & adaptability description instrument, literature review, 13741
validation of short Orientation-Memory-Concentration Test of cognitive impairment, 65–105 yr old nursing home patients & elderly patients in health facility & senior citizens, 9340
validity, Diagnostic Interview Schedule Version II, 2458
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700
validity of behavioral role play test & peer nominations & social skill evaluation & interview & teacher ratings, assessment of social skills, 3rd–5th graders, 9350
validity of Brief Symptom Inventory psychoticism scale, schizophrenic vs nonschizophrenic patients, 2485
validity of dream test & Initial Letter Word Association Test, dream analysis, 2486
validity of G. H. Betts's Questionnaire Upon Mental Imagery, prediction of affluence, 9329
validity of Guttman scales, assessment of functional health & sociability, aged, 95
validity of Hamburg short form of AMDP psychiatric rating system, 11623
validity of Luscher Test, measure of anxiety during college examination vs EMG test vs autogenic training, females, 4740
validity of observational method for empirical testing of multiplicative combination rules with respect to measurement level & error, 4711
validity of Personal Attribute Inventory for Children, assessment of psychological adjustment, 11315
validity of Spanish version of Jenkins Activity Survey, assessment of Type A behavior, students, 7013
validity of Sport Competition Anxiety Test, female varsity softball coaches, 7009
validity of Symbolic Play Test & levels of imagination shown during free play, language delayed vs normal 46–60 mo olds, 2475
validity of teachers' evaluations, assessment of classroom behavior, 12–13 yr old males with learning problems, 6784
values as assessed by Management Values Inventory, middle level managers with median age of 35 yrs vs organizational development consultants with median age of 34 yrs, 11385
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
vocational rehabilitation & measurement of work readiness, 1861

Mechanoreceptors
blood pressure changes during exercise, homeostatic reflex control & role of vagally-innervated receptors, literature review, 9606
electrical stimulation of peripheral stump of cervical sympathetic nerve, modulation of units innervating periodontal mechanoreceptors, rabbits, 7532
frequency of threshold vs suprathreshold vibrotactile stimulation, temporal summation, 20–39 yr olds, support for duplex model of mechanoreception, 9439
mechanoelectrical transduction & structure of hair cells in acousticolateralis system, literature review, 12097
tactile sensory coding in glabrous skin of hand, role in perception & motor function, humans, 7388

Media (Educational) [See Instructional Media]
Media (Mass) [See Mass Media]

Medial Forebrain Bundle
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585

pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
pimozide, 2-deoxyglucose autoradiographic analysis of neural system activated by rewarding stimulation of medial forebrain bundle, rats, 3030
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
Median Nerve [See Spinal Nerves]
Mediated Responses
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
presentation alone of tone previously paired with aversive stimulus, mediation strength in extinction, rats, 5002
rate & site of cerebral ventricular injection of cholecystokinin-8, feed intake, sheep, 7576
Mediation (Cognitive) [See Cognitive Mediation]
Medical Diagnosis [See Also Biopsy, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electronystagmography, Electroretinography, Galvanic Skin Response, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Roentgenography, Urinalysis]
administration & clinical application of dexamethasone suppression test, diagnosis of depression, 1148
alcohol consumption & medical history determined by questionnaire & blood analysis, industrial workers, 3611
Asthma Symptom Checklist, diagnostic evaluation of asthma, 8274
attitudes toward prenatal diagnosis process & reported stress, females with mean age of 36 yrs & their husbands after amniocentesis, implications for genetic counseling, 1707
auditory & visual & somatosensory EPs, detection of cerebral lesions, patients with transient ischemic attacks, 13084
auditory & visual somatosensory & supraorbital nerve electrical stimulation EPs, diagnosis, 14–69 yr old multiple sclerosis patients, 13039
biological markers delineating subpopulations of schizophrenia & atypical psychoses, literature review, 12871
biological parameters differentiating diagnostic categories, psychiatric patients classified under schizophrenia vs major affective disorder vs psychotic disorders not elsewhere classified, 12840
biological tests of psychiatric disorders, literature review, 6057
computerized image-processing system for analysis of data from 2-deoxyglucose autoradiography, 52
dexamethasone dosage levels, cortisol suppression, normal 23–50 yr olds, 3081
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test & clinical correlates, endogenously depressed patients, 10342
dexamethasone suppression test & thyrotropin-releasing hormone stimulation test, assessment of depression, 17–77 yr old neuropsychiatric patients, 8168
dexamethasone suppression test, aldosterone levels, 25–56 yr old female endogenous depression patients, 1169
dexamethasone suppression test based on multisteroid analysis of hydrocortisone/11-deoxycortisol ratio, sensitivity, 22–61 yr old females with primary major depressive disorder, 8121
dexamethasone suppression test, diagnosis & treatment, depressed aged, 8125
dexamethasone suppression test, diagnosis of depression, literature review, 8101
dexamethasone suppression test, diagnosis of psychotic depression, 21–83 yr old psychotic vs nonpsychotic depressed patients, 8097
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
dexamethasone suppression test, evaluation of Capgras syndrome, 36 yr old female psychiatric patient, 12877
dexamethasone suppression test for evaluation of pituitary adrenal activity, 26–69 yr olds with major depression & repeated hospitalization, 3518
dexamethasone suppression test, hyperactivity of hypothalamic-pituitary adrenal axis, 16–49 yr old bulimic patients, support for bulimia as form of affective disorder, 13029
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
dexamethasone suppression test results, 21–61 yr olds with panic attacks, 12868
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dexamethasone suppression tests, cortisol & 11-deoxycortisol & corticosterone & 11-deoxycorticosterone & cortisone, 27–58 yr old endogenously depressed females, 10376
diagnosis & treatment, male impotence, 3675
diagnostic considerations, patients with coughs & normal chest roentgenograms, 1337
diagnostic validity of dexamethasone suppression test, patients with unipolar vs bipolar primary vs secondary depression, 1191
electrophysiological tests, diagnosis of toxic neuropathies, 5988
health beliefs & intentions, prediction of return compliance for tuberculosis test reading, volunteers with average age of 22.3 yrs, 10927
information vs muscle relaxation training, distress during gastrointestinal endoscopy, 21–93 yr olds, 4013
knowledge & opinion about cervical smear test, 16–17 yr old male vs female vocational students, 11238
laboratory tests as screening devices, 18–19 yr old male high vs low consumers of alcohol, 10213
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
pairwise procedure, discrimination of somatic EPs from normal vs damaged spinal cords, 10611
pattern reversal evoked potential as diagnostic aid, multiple sclerosis, 1406
plasma GABA levels, 29–54 yr old patients with bipolar affective disorder in remission vs depression vs chronic alcoholism, 5716
rating of expressions of certainty in medical diagnoses, obstetricians, 13308
screening for adult phenylketonuria, 12–90 yr old psychiatric patients, 3569
sensitivity & specificity of 1 vs 2 mg dexamethasone suppression tests, psychiatric inpatients, 3539
serotonin uptake in blood platelets & dexamethasone suppression test, diagnosis, unipolar & bipolar & schizoaffective depressed patients with mean age of 36 yrs, 8141
thyroid stimulating hormone & urinary free & plasma cortisol & dexamethasone suppression & CSF 3-methoxy-4-hydroxyphenyl glycol & 5-hydroxyindoleacetic acid levels, 17–67 yr olds with major depression, 10335
thyrotropin releasing hormone, growth hormone response in diagnosis of schizophrenia, 15–18 yr old chronic patients, 5836
time of dexamethasone suppresssion test administration, 24-hr cortisol secretory patterns, 48–70 yr old major depressives, 12850
total sleep deprivation, dexamethasone suppression test, endogenously & nonendogenously depressed 21–76 yr olds, 12819
understanding of family pathophysiology & diagnostic & therapeutic techniques & needs of family vs individual members & consequences for health care delivery system, family medicine, literature review, 8628
Medical Education [See Also Psychiatric Training]
attitudes toward psychiatric & psychosomatic education, medical students, Canada, 13483
brief study of aging, knowledge & attitudes toward elderly, 1st yr students of osteopathic medicine, 1956
characteristics of & attitudes toward neurology elective, medical students, 8863
clerkship in family medicine with vs without training in interviewing, interviewing skills, medical students, 6517
client & doctor & care system characteristics & pressures for change in medical education, 11099
computerized training in cost consciousness, cost & quality of treatment scores, 3rd-yr medical students, 8918
education in psychosomatic medicine & liaison psychiatry, medical schools, UK, 13475
hours & time of instruction & curriculum content & administrative coordination of behavioral science programs, medical schools, US vs Canada, 13430
immediate evaluation of interdisciplinary multi-instructor medical school course, course improvement, medical students, 13488

model for multidisciplinary training & education in hospitals, geriatric medicine, 6493
model for teaching ethics, family practice residency, 8913
pediatric behavioral science curriculum, family practice residency, 8897
perceptions of psychosocial problems encountered in their practice, family physicians, implications for educational programing, 11138
planning content for family medicine curriculum, 6498
problems in diagnosis of depression, implications for psychiatric curriculum, 8176
psychiatry & family practice liaison approach to clinical training, psychiatry residents & medical students, 13468
psychosomatic education in medical education, Turkey, 13450
psychosomatic education in medical schools, Japan, 13490
psychosomatic medical education, West Germany, 13481
role of psychiatrists & biopsychosocial model, family medical education, response to comments by G. Smilkstein, 8855
satisfaction with role in medical education, volunteer faculty members in teaching hospital, 6525
sex differences, persistence & alternative occupational choice & long-term academic achievement, unsuccessful applicants to medical school, Israel, 11118
sex education, perception of own vs practicing physicians' sex knowledge & attitudes, sophomore medical students, 6522
statistics & decision making training, judgmental skills assessed by intuitive logical reasoning problems, physicians vs clinical nurses vs hospital laborers, 4133
suggestions for psychology instruction, psychologist instructors in medical schools, 6535
training & role in patient education on cancer, general practitioners, 6520
training in behavioral science, family physician residents, 4162
transfer of learning between clinical disciplines & learning domains, medical students in clerkship program, 8893
undergraduate psychiatric education program, recruitment into psychiatric residencies, senior medical students, 6524
Medical History [See Patient History]
Medical Internship
training in psychiatric walk-in clinic, family medicine residents & rotating interns, 4146
Medical Model
criminalization & medicalization of heroin users during 2 historical time periods, US, 8200
medical model, prediction of parole process & parole-reparole outcomes, incarcerated offenders, 13411
reciprocal effects among client characteristics & medical care structure & process & outcomes, medical model of health care delivery system for outpatient pediatric care, 1708
role of E. F. von Feuchtersleben in influencing T. S. Szasz's views on psychiatric models of mental illness, 3491
shift in reliance on behavioral vs medical model in therapeutic recreation & comparison with special education, enhancement of leisure time, special populations, 1493
societal reaction perspective vs psychiatric concept of mental illness, 1212
sociocultural factors, clinical models of menopause, 3994
statistical vs medical vs learning models of alcoholism, 12899
Medical Patients
advice by relative/friend vs police/employer/teacher/bystander, help seeking behavior after injury or sudden illness, patients, 8600
age & employment status & chronicity of illness, determinants of worries & expectations, family practice patients, 8632
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
age & stage of diagnosis & current disease status, self reported quality of life, cancer patients, 10623
alloplastic genitourinary penile prostheses, erectile impotence, male patients, 4011
areas of strain in family functioning & marital & sexual satisfaction, 21–74 yr old home dialysis patients & their spouses, 1704
care & referral of anxious & depressed patients for psychiatric consultation, primary physicians, 6336
characteristics & assaultive behavior in chronic care medical facility, patients, 1784
client psychosocial factors, colloquial descriptions & subsequent clinical decisions & patient care, physicians, 8602
co-occurrence of psychiatric & medical morbidity, primary care patients, implications for health care delivery, 8069
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
counseling or psychotherapy, reactive depression, chronically ill patients & their families, 3835
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
development of hospital interdisciplinary spinal cord injury service during acute care stage, orthopedists & psychiatrists & rehabilitation therapists, 1818
dextroamphetamine, depression, 15 & 57 & 82 yr old medical patients, 1647
dimensionality & concurrent validity of Handler Anxiety Index, 16–47 yr old medical & psychiatric patients, 11717
efficacy of new scoring method, McGill Pain Questionnaire, 32–84 yr old cancer patients, 11660
epidemiology in general medical practice, depression, family medicine outpatients, 8177
extent of depressive symptomatology, adult general health care patients, 10371
frequency & type & treatment of mental disorders among medical patients, internists & surgeons, 10904
hierarchical clustering of MMPI profiles, female pain patients, replication of experiment by C. K. Prokop et al, 4819
hypnosis, physiological & psychological side effects of cancer therapy, 10916
hypnotherapy, cancer patients, 10888
hypnotic desensitization, anticipatory nausea & vomiting, middle aged male undergoing chemotherapy for Hodgkin's disease, 10884
hypnotic imagery, pain, 27–54 yr old cancer patients, 10886
incidence of emotional & cognitive dysfunction, 17–88 yr old hospitalized medical patients, 13387
incidence of psychiatric problems, patients seen by general practitioners, West Germany, 1714
liaison psychiatry, burn patients, 11007
liaison psychiatry education, psychiatric needs of medical patients & educational needs of medical staff, medical outpatients & physicians, 11103
life events & social interactions & psychiatric symptoms, 20–60 yr old female patients, 10356
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
operant procedures using contingent music, compliance with verbal requests for motor behaviors, comatose patients, 1565
patterns of depression, 26–57 yr old depressed medical patients with chronic illnesses, treatment implications, 3784
peer support program, newly diagnosed renal patients facing dialysis or transplantation, 10918
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
prevalence & personality correlates & treatment outcomes, chronic pain patients with alexithymia, 3737
problems of long term hospitalization, chronically ill medical patients, 8739
problems with hypnotherapy, pediatric cancer patients, 10881
psychiatric intervention during prerehabilitation stage of hospitalization, spinal cord injured patients, 1786
psychological autopsy following suicide, male 22 yr old Bruton's agammaglobulinemia patient, 5720
psychosocial assessment framework, responses to stress by cancer patients & families, hospital social workers, 10903
psychotherapy as adjunct treatment, cancer patients, 10741
reciprocal effects among client characteristics & medical care structure & process & outcomes, medical model of health care delivery system for outpatient pediatric care, 1708
sensory detection method, self monitoring of blood pressure, ambulatory patients, 8599
stress reaction or traumatic neurosis & pretreatment nausea & chemotherapy, pseudohallucinations, cancer clinic outpatients with mean age of 35 yrs, 6332
superego disturbances, self destructive impulses expressed as noncompliance with treatment, medical patients, 8356
use of strategic psychotherapeutic technique in psychiatric consultation, hospitalized medical patients, 6419

validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of Veterans Alcoholism Screening Test, 22–87 yr old medical & surgical patients, 9348
validity, shortened version of Profile of Mood States, cancer patients with mean age of 53.6 yrs, 9378
Medical Personnel [See Also Attendants (Institutions), Dentists, Family Physicians, General Practitioners, Internists, Nurses, Obstetricians, Paramedical Personnel, Pediatricians, Physical Therapists, Physicians, Psychiatric Aides, Psychiatric Hospital Staff, Psychiatric Nurses, Psychiatrists, School Nurses, Surgeons]
age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
attitudes toward co-workers, attitudes toward work, nonmedical hospital staff, 13472
burnout syndrome, health care professionals, 8872
criteria for acceptance of stroke victims as patients, health care professionals, 3982
definitions of alcoholism, personnel from community- & hospital-based treatment programs, 1893
demographic characteristics, job satisfaction, hospital personnel, 4189
early outreach program, preparation for entry into health professions schools, disadvantaged & underrepresented minorities, 6623
health care delivery & therapeutic processes & treatment compliance & drug therapy, health care professionals & patients, 1469
intensive care nursery liaison program for parent–staff alliance, parents of critically ill infants, 4089
mental health training programs, hospice personnel, 4154
models of helping & coping during childbirth, health professionals, 13306
need for knowledge about diverse cultures & health beliefs & oneself, health workers in cross cultural settings, 13461
prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
psychological issues for patient & hospital staff, replantation of self amputated hand, psychotic 34 yr old male & 37 yr old female, 13307
public posting & individualized feedback, delivery of verbal praise & nontargeted behavior & resident on-task behavior, hospital staff & mentally retarded inpatients, 1927
reliability & validity of Stoessel Drug Inventory, assessment of attitudes toward drug & alcohol use, US Army medical officers, 7024
restructuring of Psycho-Medico-Social centers, staff & clients & service delivery, Belgium, 13309
"sentimental work", patient's psychological trauma of hospitalization, hospital staff, 6440
substance abuse training programs for health professionals, literature review, 1912
work environment assessment by liaison psychiatrist, morale & patient care, burn unit staff, 13464
workshop, prevention identification & management of violent behavior, VA hospital staff, 8883
Medical Psychology [See Also Clinical Psychology]
behavioral medicine, literature review, 6085
biofeedback strategies, behavioral medicine, 10778
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
psychological & medical models of objectivism, 9217
psychometrically based medical psychology program, 8910
role of behavioral medicine in clinical drug trials, 10865
role of behavioral medicine in clinical trials, 10693
role of biofeedback, behavioral medicine, 10711
Medical Records Keeping
deterioration of general hospital psychiatric department after introduction of computer system of charting & record keeping, 13371
development of record documentation system, long term residential care facility, 8718
frequency of occupational history taking in family practice center, 8605
guidelines for recording information on hospital charts, family therapists, 6499
Medical Regimen Compliance [See Treatment Compliance]
Medical Residency
administrative aspects of psychiatric practice in psychiatric residency programs, 6486
attitudes on becoming psychiatrists & interpersonal relationships & values regarding medical training & board certification, 3rd-yr psychiatric residents, 11140

Medical Treatment (General)
access to & use of medical care, aged Black urbanites, 6341
biomedical elements & sorcery in medical perceptions & treatments & practices, Nyole of Eastern Uganda, 4012
cognitive behavioral & hypnotherapeutic & modeling & psychotherapeutic techniques in psychological preparation, alleviation of fear & enhancement of recovery following invasive medical & dental procedures, literature review, 6051
concepts of health & prescriptive vs preventive treatment in family practice, Sweden, 13323
consultation-liaison psychiatry in medical treatment, literature review, 1487
cosmetic treatment, psychological relief, 27 yr old female with cosmetic facial blemishes, 13324
creativity in management in family medicine, 8633
ethical considerations in medical care involving contraceptive services, adolescents, 1710
Health Belief Model, noncompliance to medical treatment, implications for role of liaison psychiatrist, 13318
incidence & demographic & medical & psychosocial aspects of cystic fibrosis, children & adolescents & young adults, Sweden, 1700
incidence of common medical problems, 6–15 yr old males with preexisting medical conditions at summer camp, implications for medical treatment, 10905
liaison psychiatry & gastroenterology, irritable bowel syndrome & anorexia nervosa & obesity, 8366
medical & psychological approaches to treatment of sexual illness, 3780
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
medical information for procedure authorization, implications for court intervention ordering treatment for child over parental objections, 5551
medical treatment issues, Jehovah's Witnesses, 10899
need for joint medical & psychiatric consultations, treatment compliance, 28–42 yr old psychiatric inpatients, 6431
problems in medical treatment, West Indian immigrants, US, 10914
psychopathology & personality characteristics, 21–40 yr old patients with treated vs untreated hyperthyroidism, 6023
psychotherapy & gastroenterology, gastrointestinal disease, 8414
scientific medicine, decline of bloodletting & social role of physician, 19th century, 930
SES, movement patterns for purposes of medical treatment, rural village residents, India, 10915
sociocultural factors, integration of religious healing & traditional medical & psychiatric care, staff & patients of healing ministry, Jamaica, 1697
specialty of consultant & diagnostic group, expectations for continuing care of referred patient, family physicians, 8862
understanding of family pathophysiology & diagnostic & therapeutic techniques & needs of family vs individual members & consequences for health care delivery system, family medicine, literature review, 8628
Medication [See Drug Therapy]
Medicine (Science of) [See Medical Sciences]
Meditation
behavior therapy & meditation, levodopa-induced dyskinesia, 44 yr old male Parkinsonian patient, 8540
efficacy of behavioral therapies & relaxation, bronchial asthma, adults, literature review, 3929
Freudian & Gestalt & spiritual disciplines' techniques for development of attention, psychotherapeutic attention, therapists, 10743
general systems theory analysis of consciousness & attention & meditation as nondichotomous states, 307
introduction to & uses & methods of & comparison with Western psychology, meditation, 7217
meditation, existential crisis & acceptance of vulnerability in existential & Buddhist psychology, 10746
meditation, regression of cancer, 10694
meditation words & environmental conditions, meditation, Ss with mean age of 27.9 yrs, 2891
nature of creativity & enhancement by transcendental levels of awareness & use of transcendental meditation techniques, 8052
progressive relaxation vs mantra meditation, paradoxical relaxation-induced anxiety, Ss with mean age of 34 yrs with general tension, 1586
similarities between qigong meditation & ESP abilities & relation to acupuncture & health care, 8
transcendental meditation & marital adjustment, wives with mean age of 30 yrs, 5524
Transcendental Meditation, systolic blood pressure, 35–64 yr olds, 12171
Transcendental Meditation vs relaxation training, institutional adjustment, prisoners, 4100
validity of East-West Questionnaire, Eastern-oriented practitioners of Zen meditation with mean age of 31.6 yrs vs Western-oriented college students, 11662
Zazen meditation vs relaxation training, changes in creative functioning, college students, 10788

Medulla Oblongata
chemical stimulation of taste receptors & visceral chemoreceptors, impulse activity of medulla oblongata, rats, 9678
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
emotionally stressful conditions, structure of adrenaline-synthesizing neurons in medulla oblongata, male rats, 7452
levoglutamate microinjection into nucleus reticularis paragigantocellularis & raphe magnus nucleus, analgesia & inhibition by phentolamine & phenoxybenzamine & methysergide, male rats, 9855
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
motor learning, role of climbing fiber activity in cerebellar synaptic plasticity, 426
slow wave sleep vs wakefulness, EEG activity in solitary tract nucleus region, cats, 443
use of horseradish peroxidase, demonstration of olivo-cerebellar projections to vermis of cerebellar lobule VII & of midbrain tectum projection onto inferior olive, male rats, 450
Melancholia [See Depression (Emotion)]
Melancholy [See Sadness]
Melanin
genetics, mate selection preferences, female melanic vs nonmelanic ladybirds, 2807

Melatonin
melatonin, free-running activity circadian rhythms, male rats, 9850
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
serotonin & melatonin administration, sleep, tortoises, implications for presence of serotonergic mechanisms, 702

Melleril [See Thioridazine]
Membranes [See Nasal Mucosa, Nictitating Membrane]
Memory [See Also Eidetic Imagery, Long Term Memory, Memory Decay, Memory Trace, Short Term Memory, Spontaneous Recovery (Learning)]
accessibility of causal agents in memory, causal attributions, college students, 3422
accessibility of prior information, brand choice, 18–25 yr old consumers, 11480
accession from memory & direct behavioral vs indirect nonbehavioral experience in attitude formation, process model of attitude-behavior relation, college students, 12702
acquisition of semantic knowledge & efficiency of memory processes, preschool age children, 7729
acute total vs short term partial sleep deprivation vs narcolepsy-catalepsy, vigilance & RT & memory & auditory EPs, narcoleptic vs normal Ss, 5148
age & type of task, performance on hierarchical conceptual relationships tests, 5–9 yr olds, verification of E. Rosch's theory, 3206
age differences, picture memory & discrimination, 18–23 vs 57–70 yr olds, 3201
Airborne Integrated Display, time required to memorize contents of static models of modified electronic Attitude Director Indicator, pilots, 13788
arginine vasopressin & role of aversive properties in memory mechanisms, male rats, 12264
attention & memory, 9–16 mo olds with cerebral palsy, 1401
attention paid to & use made of pictures in psychology textbooks, recognition memory for pictures, college students, 11879
attention to background words, learning & memory of background & target words, college students, 4954
attention to context of verbal stimuli, learning of target words & incidental learning of background items & memory, college students, 4957
auditory perception & memory for order, reading ability, 3rd grade good vs poor readers, 3160
auditory vs visual stimulation & cognitive capabilities, remembering, 9519
awakening from stage 2 vs stage 4 sleep & length of awake period, memory for events which occur during brief awakenings, 18–28 yr olds, example of state-dependent learning, 2879
behavioral characteristics, vasopressin-deficient Brattleboro rats, 2799
birth order, age of earliest recollection, graduate students, 11900
cannabinoids, human memory processes & cholinergic limbic system, literature review, 5227
capacity model to resolve problems in shadowing technique, relationship between selective attention & memory, confirmation of D. A. Norman's late-selection model, literature review, 4963
category size & within-category spacing & category name cues, list learning, college students, development & test of mathematical model for analysis of category clustering, 11899
category size estimation during item presentation, termination of memory search during recall task, 6 vs 8 yr olds, 9981
cerebral asymmetry, memory for proper names, 19–24 yr old males, 5071
child- vs adult-generated cues & typicality, performance on cued recall task, kindergartners vs 3rd vs 6th graders, 3158
climate & altitude change, proactive vs retroactive interference in memory tasks, human Ss, 11474
coding processes & memory strategies, memory performance, dyslexic children, literature review, 12966
comparison of research methods & results & underlying mechanisms, hypnotic vs nonhypnotic instructed forgetting, discussion of article by R. E. Geiselman et al, 7190
concept codability & frequency of concept's label, picture-naming latency, kindergartners through 3rd graders vs graduate students, 5350
consistency of integrative vs discrete social judgments, memorization of trait descriptions, college students, 7182
consistent vs varied mapping, memory search/visual search task performance, females with mean age of 19.9 vs 63.8 yrs, 10004
contextual effects, test memory, 18–26 vs 60–89 vs memory-impaired 63–99 yr olds, 3198
criticism of Neil v Biggers criteria for judging eyewitness accuracy & relevant psychological research, literature review, 12587
cryptomnesia & parapsychology, literature review, 11518
CSF & serum prolactin concentration & memory dysfunction, neurological patients with vs without central cerebral atrophy, 1377
cytidine-5-diphosphate-choline, memory impairment induced by ECT, inpatients with endogenous depression, 1625
deficits in verbal memory tasks involving recognition memory & recall after encoding, schizophrenics, literature review, 1147
demand characteristics created by misleading questioning, accuracy of eyewitness testimony, college students, 7991
depression, memory complaints & immediate & delayed recall performance, major depressive adults with mean age of 67.7 yrs, 3566
desirability & applicability to self or well-liked other & positivity vs negativity, memory for trait adjectives, college students, attempt to support theoretical schemata of encoding of personally relevant information, 4943
dextroamphetamine, long term potentiation of dentate granule cells produced by perforant path stimulation, male rats, implications for neurobiological basis of memory, 2913
directed forgetting tasks, strategies to eliminate interference from irrelevant information in memory, 7 vs 9 vs 11 yr olds, 12398
discriminating diagnostic ability of Diagnostic Test for Cerebral Damage, analysis of learning process & forgetting of figurative material, organic brain damaged vs clinical vs nonclinical Ss, implications for rehabilitation, 9330
dominance of semantic vs acoustic memory attributes, 2nd vs 6th graders, 12455
duration & variability of system response time & memory load, problem solving, college students, 7149
duration of social-investigatory behavior, measure of conspecific recognition & social memory, male rats, 411
early memories, coping behavior, parents of genetically handicapped children, 1533
ECT, memory, literature review, 1492
eidetic imagery ability & memory for random shapes & IQ & reading ability, 8–9 yr olds, 7757
electrical stimulation of amygdala vs hippocampus following aversive 1-trial learning, memory modification, male rats, 9760
emotional significance of material, memory, monograph, 4842
encoding & storage & retrieval conditions, frequency & accuracy of feeling of knowing judgments in episodic memory vs recall vs recognition, college students, 4961
encoding constancy vs variability produced by use of 1 or more mnemonic devices & semantic context & semantic-orienting tasks, memory performance, college students, 2664

enkephalin analog FK 33-824, retention of passive avoidance learning, mice, 12250
environment & study & testing phase intervals & word overlap in stimulus variations, recognition memory & perceptual enhancement, college students, 4947
environmental context, judgment of duration & list discrimination & serial position, college students, 2642
environmental organization & operativity, memory for environmental layout, 5–9 yr olds, 9970
episodic vs semantic memory tests, recognition failure rates, college students, partial support for Tulving-Wiseman model, 11894
evaluation of cued recall methods, saliency of deep structure syntactic relations in memory representation of sentences, college students, 9515
evolution of Freud's thoughts on memory & metaphor of magic writing slate, 4625
expectations of free recall vs recognition vs RT test, memory performance, college students, 7183
exposure to time-compressed vs normal-length commercials in clutter sequence with other commercials, recall of brands & main idea & attitudes toward featured product, adults, 2298
exposure to toluene vs organic solvent mixture, RT & dexterity & memory & mental arithmetic, printers & painters, 13032
eye fixation as measure of attention, recognition of central & incidental stimuli, kindergartners vs 2nd vs 6th graders, 12441
facial recognition memory, patients with senile dementia of Alzheimer's type, 6045
field articulation, performance on semantic integration task with high-information load, college students, 272
field dependence-independence & paired associates task, flexibility of information processing & memory recall, college students, 11875
given-new strategy of H. H. Clark & S. E. Haviland, readability & retention of natural expository paragraphs, high school students, 830
guidelines for scoring, interrater reliability of Wechsler Memory Scale, 148
high vs low imagery abilities & descriptive/narrative vs abstract material, reading time & memory, college students, 2616
hormones, memory, literature review, implications for effects of adrenergic catecholamines & pituitary & opiate peptides, 5119
hypnotic responsiveness, childhood & adult memories & fantasies & psychic experiences, 19–63 yr old females, 2322
hypnotically induced amnesia, interference with other memory information, college students, 2645
iconic memory & backward masking & imagery, literature review, 4843
imagery value of verbal stimuli, memory, 4941
imipramine with vs without physostigmine vs platform size, reversal of memory disruption caused by REM sleep deprivation, male rats, 2921
impulsivity & caffeine, recognition memory performance, college students, 2643
incidental vs intentional learning, memory for structural vs variable features of places, college students, 11901
incongruity vs negativity hypothesis, accession of information in memory-based person judgments, college students, 4950
inference, memory for prose, kindergartners & 2nd graders, 10020
injection of RNA from brain & liver of operantly-trained rats, interanimal memory transfer for operant task, rats, 12280
intelligence & memory recall & neuroticism & social desirability, suggestibility, Ss with mean age of 31.8 yrs, 8015
intentional & incidental learning & instruction to forget, encoding & retrieval processes, college students, implications for understanding of posthypnotic amnesia, literature review, 7185
interactional vs individual task performance & time lapse, memory activity, 7188
internal representation of sequence of finger taps, finger tapping performance, college students, 7107
intertrial interval & sample durations, delayed matching-to-sample performance, pigeons, 11958
involuntary retention vs voluntary memorization, short & long term memory for adjective pairs, 5th–10th graders, 10016
landmark salience & direction of travel, memory for spatial location, children with mean age of 5.6 yrs, 12438
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
length of retention interval between stimuli in delayed matching-to-sample procedure, subjective shortening in memory for event duration, pigeons, 2707
letter naming time & backward digit span, prediction of reading achievement, intellectually advanced 37–66 mo olds, 6-mo longitudinal studies, 9098
lecithin, memory enhancement & plasma choline levels, 22–55 yr olds, 12274
life-threatening event vs familiar environment, hypothermia-induced retrograde amnesia, male rats, 2937
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
lisuride pretreatment & reserpine depletion of biogenic amines, memory recovery following forgetting of fear conditioning measured by active vs passive avoidance, male mice, 9849
long term recency & ratio & level-of-recall effects & contextual-retrieval hypothesis, memory, college students, 11877
lysine vasopressin & 1-deamino-8-dextroarginine vasopressin, memory, 19–51 yr old central diabetes insipidus patients, 1387
lysine vasopressin dose, inhibition avoidance response, rats, 632
manual sequence tasks, hemispheric specialization of memory & motor performance, 29–64 yr olds with unilateral brain lesions of left vs right hemisphere, 13033
meal feeding vs free feeding schedule & subsequent blindness vs suprachiasmatic nucleus lesions, water intake, male rats, 7550
memory & research on constructive processes, literature review, conference proceedings, 7193
memory deficits & ability to distinguish memories of real vs imagined events, compulsive checkers, 12869
memory discrimination between words thought vs said at previous time, 6 vs 9 vs 17 yr olds, 812
memory discrimination for items typical vs atypical of person schemata, college students, 9523
memory for actor sex in picture depicting sex consistent vs inconsistent activities, 5–6 yr olds, 7801
memory for length series, 6–13 yr olds vs college students, 7743
memory for photographs vs nonsense designs vs nonsense syllables, 2nd grade good vs poor readers, 5375
memory for story with traditional vs nontraditional sex role opinion portrayals, male vs female 1st graders, 12362
memory load & memory aids, transitive inference tasks, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 9939
memory performance during vs after functional retrograde amnesia, 21 yr old male, 1424
memory performance on laboratory tasks vs in natural environment, 58 yr old male with amnesia, 6025
memory training following evaluation on mini mental status exam, memory improvement, dementia patients over 60 yrs of age, 8783
mental images of concealed objects, associative memory, college students, reply to J. M. Keenan & R. E. Moore's criticism, 11885
metabolic rate & language & memory, 42–63 yr old males with subcortical vs cortical lesions & aphasia vs amnesia, 5998
microgenetic theory of cognition & psychological time & memory as theme in works by S. Arieti, 2328
morphological correlates of synaptic plasticity, long term potentiation & sensitization of gill withdrawal reflex, aplysia, implications for cellular basis of memory, 12079
naloxone & naltrexone & deprenorphine & levallorphan, memory, rats, 5204
naloxone dosage, free recall & recognition memory for words, 20–33 yr olds, 12254
name, self concept & personal memories, 12698
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
noise, semantic memory, adult females, replication of M. W. Eysenck's study, 2565
nonverbal visual memory & decision speed & bias, patients with left vs right hemisphere stroke lesions, 6020
norepinephrine synthesis inhibitor diethyldithiocarbamate vs ethacrinic acid, retention of memory & delayed amnesia & brain norepinephrine levels, male rats, 3023
number memorization, dynamics of neuronal response patterns in brain, patients with parkinsonism & epilepsy & craniocerebral trauma, 12102
onset of deafness in adulthood, recall of visually presented verbal information & speechreading performance, deaf 23–59 yr olds, 3752
orbitofrontal cortex lesions via leukotomy & role of frontal lobes, memory & proactive interference, schizophrenic patients, 1215
passive avoidance behavior, arginine-vasopressin levels in hypothalamic & extrahypothalamic nuclei, male rats, implications for memory, 9644

pattern of announcement pause durations & information forms for 10-digit telephone numbers, subjective preference & memory, 20–60 yr olds, 6886
perception of own memory & problem solving abilities, 65–75 yr olds, 7758
peripheral epinephrine & drug & hormonal & electrical stimulation of amygdala & adrenal medulla, memory, literature review, 12196
personal or societal landmark event as reference point, time accuracy of retrospective reports, adults, 11888
personality type, recorded daydreams & memory, college students, 12715
pictorial stimuli, same/different judgments & categorization of visual memory, male rhesus monkeys, 345
plan schemata, recall & recognition & memory for goal-directed actions, college students, 4939
position & axis features of oblique lines, memory orientation comparison performance, 6 yr olds, 7751
practice & organization of to-be-remembered digits, enhancement of memory, normal vs trained vs exceptional memory adults, 2647
predilection toward & positive life review function of reminiscence, aged, 12390
preexposure & context, memory for CR, cats, 7272
present-day vs past word frequency, free & sorting recall task performance, college students vs aged with mean age of 73.6 yrs, 10027
presentation modality & instructions & list length & organization, word & modality recall, 2nd vs 3rd vs 6th graders vs college students, 2655
presentation of words in sentence context vs word list, word recognition, 2nd vs 6th graders, implications for dominance of semantic attributes, 12456
progressive relaxation training & level of anxiety, memory improvement, 59–85 yr olds, implications for cognitive therapy & retraining, 3934
quantitative & memory & perceptual & motor abilities & verbal performance, 3 vs 4 yr olds, 7739
rated cognitive dimensions of memory experience, college students, 269
recall in order of memorization vs free-order & associations, memory of nonsense syllables, 22–29 yr olds, 9516
recall vs recognition of classmates' photographs, male vs female 3.6–5.3 yr old preschool students, 9964
recognition & recall of pictorial stimuli, literature review, 2648
recognition memory of form vs content for pictograms vs outline pictures vs words, college students, 280
reflectivity/impulsivity, usefulness of strategy training & transfer & metamemory scores, 2nd & 3rd graders, 5285
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944
reliability & validity of Dutch translation of EMBU, Swedish inventory for assessment of memories of parental rearing behavior, normal & phobic & obsessive-compulsive Ss, 11650
REM sleep deprivation, emotionally important memories, college students, 12185
schema theory of memory, literature review, 271
schema-directed processes & memorization of prose material, literature review, 2661
self report memory questionnaire vs recognition memory test performance, 21–84 yr olds, 6998
sensory conflict theory & role of limbic system in integration of sensory information & memory, motion sickness, 5984
severity of aversive situations involving threat to life, memory & role of reflexive escape & avoidance responses, implications for temporal trade-off hypothesis in natural selection for survival, 9598
sign order & morphological structure in American Sign Language, sentence recognition memory, deaf Ss, 1369
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
significance of early memories, Freud & Bialik & W. Wordsworth & D. H. Lawrence & J. Joyce & F. Kafka & S. J. Agnon, implications for psychoanalysis, 12351
social content & personal significance, memory, Ss with mean ages of 17.1 & 21.1 yrs, 11873
spatial frequency of achromatic gratings, iconic persistence, acute & chronic schizophrenics, 5813
Spatial Mnemo-Scale, measurement of similarity of meanings & semantic memory in psychosemantic research, 4724
stimulant & tranquilizing drugs & sedatives & hypnotics, vigilance & RT & verbal memory, literature review, 9826
strategy monitoring training, selection of effective memory strategies, 2nd graders, 3180
structural principles governing hierarchies of harmonic stability, contextual & memory effects in apprehension of musical structure, college students with 11.5 yrs average music experience, 7150
strychnine sulfate, attenuation of cycloheximide-induced amnesia independent of catecholamine synthesis inhibition, male mice, 9835
support for residual memory capacity, 31 yr old male with Korsakoff's syndrome, 8371
syntax of clauses & announced subject matter, reading times & processing & memorization of explicit vs implicit temporal relations expressed in sentences, college students, 265
text concreteness & expressional form, memory for meaning vs expression, humans, 11902
thematically related vs unrelated facts, attenuation of fan effect & consistency judgments & RT, college students, 4960
theory of formative causation & existence of morphogenetic fields, implications for nature of memory & psychical research, 6910
tonal detection task during retention interval, recall of consonant sequences & tonal detection accuracy, mildly mentally retarded vs normal Ss with mean age of 20 yrs, 1285
trait vs distinctive feature incidental learning, RT & recall vs recognition memory for context, college students, 11897
type & time of delivery of subsequent information & length of retention interval, memory for reactions & facts, college students, 2649
unilateral vs bilateral ECT, memory impairment, review of studies, 6068
use of multiple cues, target word retrieval, 3rd vs 6th graders, 828
vasopressin analogs, working memory in radial maze, male rats, 625
vasopressin vs oxytocin, conditioned avoidance response, Brattleboro rats, literature review, 3099
verbal elaboration, facial recognition, college students, 2651
verbal recall, bilingual oligophrenics vs schizophrenics vs alcoholics vs depressives, Spain, 10330
verbal stimuli, recall, blind Ss with mean age of 18.5 yrs, implications for role of memory in blindness compensation, 8332
visual images & memory & imagination in rehabilitation, newly blinded Ss, 6465
visual memory assessed by habituation, neonates, 849
vocabulary level & perceived choice vs no choice & immediate vs delayed reading test, comprehension & memory, 21–36 vs 57–83 yr olds, 3200
voice vs chime cues for items to be memorized from orally presented word list, recall, 2662
waking vs hypnotic instruction, accurate vs distorted memory, Ss with high vs low hypnotic suggestibility, 11931
word lists with vs without cues at recall, immediate vs delayed recall, paranoid & nonparanoid schizophrenics & depressives, 12866
working memory & reading, 2610
yrs of schooling & being in school, metamemory & memory performance, female college students aged 18–26 vs 35–44 yrs vs out-of-school females aged 36–49 vs 60–86 yrs, 10029

Memory Decay
brightness patterns & exposure times & retention intervals, memory for spatial arrangement of visual stimuli, male rats, 9554
discriminative validity & relative predictive value of recall & recognition, diagnostic screening indices of malignant memory loss, patients with senile dementia of Alzheimer type, 3682
validation of short Orientation-Memory-Concentration Test of cognitive impairment, 65–105 yr old nursing home patients & elderly patients in health facility & senior citizens, 9340

Memory Disorders [See Also Amnesia]
ECT, memory problems, depressed 17–68 yr olds, 3-yr followup, 8407
ECT waveform & number of treatments, memory impairment, literature review, 10668
efficacy of memory training, 51 yr old male with severe memory deficit following bilateral stroke, 11045
electrode placement, verbal memory deficits & retrograde amnesia following ECT, literature review, 10667
neuropsychological assessment of memory deficit, 57 yr old with Alzheimer's disease & 73 yr old with pseudodementia, 1400
preweanling severe zinc deficiency &/vs undernutrition, memory maze learning deficits, adult rats, 12186
quitting smoking & use of benzodiazepines & stress & other sociodemographic & lifestyle variables & disease severity, memory problems, 31–64 yr old ischemic heart disease patients, 8298
schizophrenic tendencies & verbal memory deficits, normal Ss, 3521

Memory for Designs Test
drawing styles on Memory-For-Designs Test & personality traits, 16–71 yr old psychiatric outpatients, 10375
Memory Trace
semantic vs nonsemantic orienting task, false recognition of incidentally learned material, college students & staff, 11896
verbal stimuli, latencies of naming responses to subsequent same vs similar vs different verbal stimuli, 20–30 yr olds, implications for memory trace effect, 7201
Men [See Human Males]
Menarche
menarche, identification with mother & relationship with father, females, 761
Menieres Disease
cochlear microphonic ringing & amplitude, normal Ss with mean age of 22 yrs vs patients with cochlear deafness & Menieres disease, 10585
computerized postural stability & white noise rotational tests, diagnostic screening for dizziness, patients with Meniere's disease & other vestibular dysfunctions, 13091
Menopause
attitudes toward males vs menopausal vs nonmenopausal females vs self, 18–55 yr old females, 7935
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
sociocultural factors, clinical models of menopause, 3994
timing of menopause, psychological impact & distress, 25–72 yr old females, 7478
Menstrual Cycle [See Also Menarche, Menstruation, Ovulation]
chronic delta-9-tetrahydrocannabinol, tolerance development to disruptive effects on menstrual cycle, female rhesus monkeys, 12318
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
estrus cycle & ovariectomy, fat intake, female hamsters, 12197
fluctuations in mood & activation levels during menstrual cycle, 22–32 yr old females, 9708
menstrual cycle & changes in visual & auditory & olfactory & taste & tactual perception, literature review, 5124
menstrual cycle, stability of grip strength, female college students, 7453
olfactory stimulation by androstenol, mood variations throughout menstrual cycle, female college students, 5188
ovarian hormone changes, food intake, captive ovariectomized vs intact vs wild intact female baboons, 5107
phenomenological analysis, perceptions of self & time & environment during premenstruum, females, 5134
premenstrual cycle phase, autonomic arousal, 18–30 yr old females, 2874
presence of male, menstrual cycle, Celebes black ape females, 7283
Menstrual Disorders [See Also Amenorrhea, Dysmenorrhea, Premenstrual Tension]
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
treatment, spinal cord vascular malformation causing perimenstrual symptoms & depression & dysphoria, 36 yr old female, 1465
Menstruation [See Also Menarche]
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006
ethinylestradiol & lynestrenol, hypersomnia caused by menstruation, 16 yr old female, 1663
menstrual taboos & importance of hunting as subsistence activity, hunting societies, 5508
systematic desensitization program, fear of menstrual care, nonverbal severely retarded 16 yr old, 1829

continuing education needs for maintenance of quality of public mental health programs, psychologists, literature review, 8873
crisis intervention in medical surgical vs psychiatric centers, Belgium, 1724
delivery of mental health services, prisoners in local jails, 6462
delivery of psychiatric services, rural US, literature review, 10658
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
demographic characteristics & risk for psychiatric impairment & need for mental health services, 17–92 yr olds, 10426
development of family health center which provides infant mental health services, 1755
dissatisfaction with mental health system, treatment for chronic mental illness, 1741
economic factors & causative model, prediction of mental health services utilization, rural Appalachia residents, 4014
epidemiological survey of mental diseases & treatment programs, France, 1140
epidemiology, planning of psychiatric services, 10710
establishment of psychological services in probation & parole department, Canada, 1844
ethical issues in mental health policy & administration, summary of National Institutes of Health conference & annotated bibliography, 1458
evaluation of & satisfaction with mental health professionals & resources & effects of illness, families of chronically mentally ill, 1736
evening intensive-care & ambulatory care & hospital daycare, child psychiatric patients, 13355
evening intensive-care unit for child psychiatry, France, 13332
geographic distribution & need for & availability of mental health services, 5–17 yr old military dependent children, 10951
history of services for elderly & evaluation of present systems of care, England, 13328
identification criteria & treatment services, chronically mentally ill patients, 13327
internal consistency & interrater & item reliabilities of subscales of Level of Care Survey, psychiatric inpatients, 119
juvenile justice standards, implications for mental health services, 7919
legal precedents & issues, mental health service delivery, prisoners in local jails, 6468
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
mental health administration, 1976–80, annotated bibliography, 1728
mental health service needs, family caregivers of mentally ill persons, 1734
mental health services in work environment, Belgium, 6342
methodological issues in data collection, evaluation of satisfaction with mental health services, clients, literature review, 9251
models, mental health service delivery, prisoners in local jails, 6448
need & enabling & predisposing factors, use of social & health services, noninstitutionalized Ss over age 65, 8603
need for psychiatric hospitals & community facilities, mental health delivery systems, 8646
patient- vs health-professional- vs organization-centered mental health consultations, 3819
problems & needs, juveniles confined in adult detention facilities, 6464
problems in health insurance coverage of mental health services, 4194
proposed 1983 budget cuts & implications of R. Reagan's policies on children & youth services, 3337
provision of mental health services within court system, treatment specialists, 1727
psychiatric services & morbidity in remote areas, Botswana, 10932
psychological service in hospital coronary care unit, 4087
purpose & targets & prevention & development in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4172
regulation of quality & licensure & certification, mental health & psychotherapeutic services, Canada, 13491
research agenda, mental health services in local jails, 6469
research suggestions, mental health services in jails, 6454
role of & need for psychiatrists, mental health care delivery, 8650

role of psychological services in primary health care, children, 10917
sociocultural factors, integration of religious healing & traditional medical & psychiatric care, staff & patients of healing ministry, Jamaica, 1697
status of "loneliness" in college mental health literature, counseling implications, 13684
stepwise multiple regression & ANOVA, identification of factors predictive of pastors' openness to interaction with counseling service, 12533
student & administrator & faculty & clerical staff needs & agency priorities & program & style, college counseling centers, 4390
summary, issues raised at workshop on mental health services in local jails, 6451
training of graduate students & history of neglect & need for & kinds of services in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4155
urban vs rural area & sex differences, prevalence of mental disorders & alcoholism & psychiatric facilities, 6-yr followup, 1118
use & selection & training & supervision of volunteers & other nonprofessional personnel & relationship with professionals, mental health services, 4027
Mental Health Training (Community) [See Community Mental Health Training]
Mental Hospitals [See Psychiatric Hospitals]
Mental Illness [See Mental Disorders]
Mental Illness (Attitudes Toward)
attitudes toward & knowledge of mental illness & mental health services, rural residents, 10674
attitudes toward alcoholic vs mentally retarded vs paraplegic vs schizophrenic clients, vocational rehabilitation counselors, 4156
attitudes toward psychiatrists & mental hospitals & mentally ill, civil commitment hearings, attorneys & judges, 1016
attitudes toward rights of psychiatric patients, mental patients' rights groups & state hospitals & mental health associations, 3517
development of Likert type scale, measurement of attitudes toward mentally ill & their treatment, 6th-yr medical students, 9338
National Institute of Mental Health information campaign, stigma of mental illness & employment of recovered patients, 8763
psychiatric hospitals & perception of mental illness, criticism of I. Silverman & D. Saunders's study, 13359
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
target S's sex & physical attractiveness, perceived risk for future susceptibility to mental illness, male vs female college students, 1200
Mental Load [See Human Channel Capacity]
Mental Retardation [See Also Borderline Mental Retardation, Downs Syndrome, Psychosocial Mental Retardation]
accepted criteria which define organicity, mentally retarded 7–18 yr olds, 8251
age & sex & etiology, prevalence of nonspecific mental retardation in British Columbia, 1293
classification of mental retardation in education, 13649
congenital cytomegalovirus infection, cause of deafness & mental deficiency, newborns, literature review, 5703
conservation withdrawal & mental retardation & need for differential diagnosis, withdrawal & apathy & inactivity in medical & surgical patients, hospitalized 28 yr old male & 44 yr old female, 8084
delayed & abnormal physical & behavioral & social development & mental retardation, triple-X & mosaic XX/XXX female pigtailed macaques, implications for animal model of human retardation, 1421
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
epidemiology of mental retardation, 7–16 yr olds, West Germany, 1301
genetic counseling in adoption program, identification of infants at risk for genetically caused mental retardation, 1699
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
historical vignettes, research in mental retardation, 3636
history of detection & management of mental retardation, 8243
incidence & diagnosis & treatment of fragile-X syndrome causing mental retardation, literature review, 10520
issues & problems concerning mental retardation & criminal justice, 12962
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
Martin-Bell syndrome of X-linked mental retardation with physical evidence & speech retardation, 12–21 yr old male cousins born to sisters, 3656
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
mental retardation & neurological deficits, twin orangutan, implications for human neurological assessment, 2687
nature & diagnosis & prevalence of nonspecific X-linked mental retardation, literature review, 3640
patterns of diagnosis & management of children with developmental disabilities including mental retardation & learning disabilities, pediatricians, 10515
physical activity levels at summer camp, 11–22 yr olds with Prader-Willi syndrome, 1307
preferences for sweet vs salty vs sour vs plain foods, 17–31 yr olds with Prader-Willi syndrome, implications for empirical research, 8240
prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
use of abridged form of WISC & proposal for other tests, diagnosis of mental retardation, 5.3–6.4 yr old males, 4741
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
variability in expression of X-chromosome fragility, brothers with Martin-Bell syndrome characterized by mental retardation & verbal disabilities, 8262
works of F. Schonell & E. Schonell in special education, learning disabilities & mental & physical handicaps, literature review, UK, 11255
Mental Retardation (Attit Toward)
assigned attributes & mentally retarded label for videotaped children, attitudes & acceptance, undergraduate vs graduate regular vs special education teacher education students, 4374
attitudes toward alcoholic vs mentally retarded vs paraplegic vs schizophrenic clients, vocational rehabilitation counselors, 4156
case description of mentally retarded vs normal intelligence client with debilitating fear, ratings of psychopathology & need for therapy & diagnostic overshadowing of retardation, social work vs clinical psychology students, 5909
prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
sexuality training, attitudes toward sexuality of mentally retarded, parents & sheltered workshop & institutional & group home staff & student teachers, 4134
Mentally Retarded [See Also Educable Mentally Retarded, Home Reared Mentally Retarded, Institutionalized Mentally Retarded, Profoundly Mentally Retarded, Severely Mentally Retarded, Trainable Mentally Retarded]
abnormal response to glabellar reflex tap, 21–65 yr old mentally retarded patients, 3638
abrupt withdrawal of antiparkinsonian drugs, extrapyramidal signs, mentally handicapped 18–76 yr olds also receiving neuroleptics, 10833
achievement of behavior change, mentally retarded & psychiatric patients in long-stay institutions, implications for staff behavior, 8745
acquisition of particles to complete sentences, mentally retarded children, 3641
advocacy, chronological case study of mental retardation, social scientists, ethical implications, 4143
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
applicability of children's color vision tests & influence of presentation methods, mentally defective including retarded patients, 1356
assessment of language & language development, mentally retarded, 10528
assessment of needs & proposal for housing & psychosocial support, mentally retarded adults, Austria, 1834
attitudes toward daily interaction with intellectually handicapped 1.7–11.8 yr olds, parents, Australia, 10532

attitudes toward policy combining mentally retarded & learning disabled students in same instructional groups, special education teachers & administrators & evaluators, 4343
attribution training, assembly task performance, mentally retarded 20–55 yr olds working in sheltered workshops, 13414
availability of group homes, mentally retarded, US, 8756
behavior rehearsal &/vs self vs other modeling, grooming skills, 19–60 yr old mentally retarded females, 6224
behavior therapy, sexual deviations, mentally retarded 7–52 yr olds, 6207
behavioral contrast, modification of self injurious behavior, mentally retarded child, 1621
characteristics & diagnosis & haloperidol treatment, Gilles de la Tourette's syndrome, mentally retarded persons, 12961
classification skills, developmentally delayed vs mentally retarded preschool age children, 12982
classroom modeling with vs without fading or reinforcement, sentence responding, language deficient mentally retarded 10–13 yr olds, 2124
combined lithium & neuroleptic medication, neurotoxic reaction, 16–64 yr olds treated for affective disorders & schizophrenia & mental deficiency, 8577
compensation for interhemispheric transfer, 30 yr old mentally retarded male with agenesis of corpus callosum, 12952
competence as trial witness & reliability of evidence, mentally handicapped 22 yr old female, 5903
complexity of rhythmic stimuli, maintenance of rhythmic pattern congruent with stimulus, Down's syndrome vs non-Down's syndrome mentally handicapped 9.2–17.9 yr olds, 8265
computed tomographic brain scan findings, 2–22 yr olds with infantile autism vs mental retardation vs childhood psychoses, 3536
concurrent validity, behavioral descriptions from Jastak Assessment System vs teacher's ratings, 7.6–17.7 yr old learning disabled & educable mentally retarded students, 11313
concurrent validity of Behavior Development Survey, assessment of adaptive behavior, mentally retarded 10–69 yr olds, 7055
concurrent validity of Woodcock Reading Mastery Tests relative to Peabody Individual Achievement Test, mentally retarded 12–17 yr olds, 4431
construct & predictive validity of adaptive behavior assessment, mentally retarded 10–48 yr olds, 51
contingent immobilization vs environmental restriction vs time out, out-of-seat classroom behavior, 5 & 8 yr old developmentally disabled males, 2092
correlation of technicians' perceptions & rating on American Association on Mental Deficiency Adaptive Behavior Scale, mentally retarded 24 yr olds with mean IQ of 33, 12976
counseling needs, adolescent siblings of mentally retarded children, 10534
deinstitutionalization, adaptive behavior, mentally retarded 18–75 yr olds with IQs 10–51, 13337
deinstitutionalization, behavior change, mentally retarded & Down's syndrome victims with mean age 26.4 yrs & 6 mo or more in community placement, 1757
demographic characteristics & premorbid factors & motives & family background, mentally ill vs non-mentally-ill arsonists with vs without mental deficiency, 12761
development & maintenance of motivation for discrimination-classification game, normal & mentally retarded 5 & 6 yr olds, 5924
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
developmental delay in establishment of cerebral dominance, autistic vs mentally retarded vs normal 4.9–17.2 yr olds, 3490
diagnosis & treatment, schizophrenia, mentally retarded, 12981
diagnostic & patient-oriented psychiatric consultations, mentally retarded child development center clients, 10948
diagnostic criteria used to determine eligibility of mentally retarded for vocational rehabilitation services, state rehabilitation agencies, 8768
distortion of face reflection in mirror, accuracy & stability of self image, male vs female mentally retarded adults, 8268
divorce rate, parents of mentally retarded/genetically handicapped children, 12975
DRO schedule treatment of chronic rumination, mentally retarded, 8505
duration of training at adult training centers, mentally handicapped adults, Scotland, 13401
education in special vs regular schools, academic achievement & skills & employment history, retarded vs borderline IQ adults, 4360
educational placement, self concept, mentally retarded students, literature review, 2123
efficacy of & teacher attitudes toward special class placement & achievement rating, mentally retarded junior high school students & teachers, Taiwan, 2097
efficacy of counseling program, deinstitutionalized mentally retarded & their families, 8665
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006
epidemiology & associated handicaps & mental retardation & sociopediatric circumstances, 4–16 yr olds with cerebral palsy or spina bifida cystica or other motor handicaps, 8072
evaluation of paraprofessional cotherapist training model, educational behavior therapy, students & basic education teachers & parents & educators of mentally retarded, 4230
extended school year program, maintenance of self sufficiency skills, mentally retarded children, 2129
factor analysis of response patterns, finger maze learning, normal vs mentally retarded children, 5912
factors influencing community placement decisions of institutional review teams, mentally retarded persons with average age of 27.6 yrs, 1756
family characteristics, prediction of outcome of parent training in skill teaching & behavior-problem management, parents with retarded 3–13 yr olds, 1554
format for writing individual education programs, mentally handicapped students, 13636
forward & backward Digit Span scores, intellectual functioning, mentally retarded 16–61 yr olds, 11683
functional language in communicative situation, mentally retarded with mean age of 25 yrs, 10522
generalized imitation paradigm & reinforcement, instruction-following behavior, mentally retarded 5 yr old, 8496
goal setting & feedback, task productivity, mentally retarded 22–25 yr olds, 8767
Golgi & electron microscopic analysis of cortical tissue, structural alteration in dendrites of pyramidal & nonpyramidal neurons, 4.5–22 mo olds with neurobehavioral retardation, 3653
group language training, increased rate of verbal interaction & generalization, 51–57 yr old socially isolated mentally retarded males, 4 mo followup, 13253
group participation, well-being & comprehension of environment, mentally retarded children, 12959
hemispheric specialization for speech, mentally retarded 8.7–18.8 yr olds with IQs 30–72, 12973
history of & present programs, services to mentally retarded, US & Canada & Scandinavian countries, 10937
inconsistencies resulting from educational integration, retarded children, 9060
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
intertrial interval, simple RT, mentally retarded 12–16 yr olds, 3629
issues of competence & admissibility in legal system, intellectually disabled defendants, implications for educating community & disabled about law, 12579
lipid metabolism disorders, adolescents with schizophrenia & mental retardation & behavior disorders & personality disorders, 5727
long vs short durations of positive practice overcorrection, reduction of off-task behavior, mentally retarded 10.9–13.6 yr olds, 1567
measurement of acquisition of sign language, mentally handicapped, 7017
mental status examination, assessment of affect & symptoms & cognitive functioning, mentally retarded adults, 4798
mental status examination, behavioral assessment, mentally retarded adults, 4797
methodological issues, study of long-term social adjustment, mentally retarded 18–25 yr olds, 10-yr followup, Sweden, 8260
methods for assessing obesity, mentally retarded with mean age of 31 yrs, 12956
methods of teaching reading skills, blind mentally retarded children, 13651
model of intellectual growth, mentally retarded, 5915
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
naloxone, self abusive behavior, mentally retarded 20 & 26 yr olds, 6285

need for & barriers to increased legal advocacy, client interview form & guide, mentally retarded, 10523
nonverbal stimulus structure variables in match-to-sample task, speed of encoding, mentally retarded Ss with mean age of 27.3 yrs, 8241
observation of 1st phase of nocturnal sleep, mentally retarded children, 10529
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
open partnership education, mentally retarded children, 6734
parents' views, provision of services to handicapped families, parents with mentally handicapped children, Wales, 8671
perceptions of community service needs, families with mentally retarded members, Australia, 13338
performance deficits reflective of receptive language processing, 9–12 yr olds with Down's syndrome vs other retarded conditions, 3639
performance on incomplete word task, 9.7–13.2 yr old hyperlexic mentally retarded vs brain damaged vs mentally disordered, 1117
personal characteristics & service needs & problem behaviors, group home placement success vs failure, mentally retarded, 4029
preliminary instruction about role of warning signals & level of selectivity of motor response to RT, formation of preparatory set, mentally retarded 8–15 yr olds, 3643
preparation for discharge of mentally retarded & emotionally disturbed children from residential therapy schools, parents, 8719
prism-induced lateral displacement of visual field, transfer of adaptation, autistic 7.1–15.6 yr olds vs mentally retarded 10–13 yr olds vs normal 3rd–4th & 8th–9th graders, 10399
problems encountered in daily life with retarded child, parents, implications for social work counseling, 1772
problems encountered in residential homes for mentally retarded & emotionally disturbed children, child care workers, 8859
Progress Assessment Charts, epidemiological measurement of level of social competence, mentally retarded children & adolescents & adults, 11690
provision of reward, intrinsic motivation, mentally retarded 7.5–10.3 yr olds, 1308
psychomotor education, mentally retarded, 6736
psychotropic drug therapy, mentally retarded, 6290
randomly vs categorically organized word lists, free vs constrained recall, mentally retarded adolescents, 1278
rate & form of behavior problems & rate of teacher attention, mentally handicapped preschool & kindergarten students in mainstreamed vs treatment classes, 9039
rationale for education approach, mentally retarded, 2109
reconstruction using computer graphics of microtubular disarray in cortical dendrites & compared to normal microtubular array in mouse, cortical tissue from mentally retarded infants, 3632
reliability & criterion validity of Adaptive Behavior Scale, mentally retarded 13–20 yr olds attending school, 11711
reliability & design & administration methods of Disability Assessment Schedule as screening device, mentally retarded children & adults, 2438
reliability & internal consistency & validity of Dutch version of WISC-R, classification of Type 1 vs Type 2 mentally handicapped, 10–15 yr olds in special education programs, 9111
reliability & stability of WISC & WISC-R & WAIS Full Scale IQs, mentally retarded adolescents & young adults, 4800
research in direct instruction, special education & normal students, Australia, 6543
residential programs, habilitation success, mentally handicapped, 1920–70, 8723
revision of H. Goldstein's social learning curriculum, mentally retarded special education students, Taiwan, 4353
rhythmic training, mentally retarded, 1471
role expectations within multidisciplinary mentally retarded/developmental disabilities unit, psychologists, 4206
roles & training responsibilities & perceptions of resident needs, staff of residential care institution for mentally retarded, 8740
self concept & achievement motivation & internal responsibility & anxiety & psychological makeup, male & female mentally retarded & gifted junior high school students, Taiwan, 1295
self management intervention program, disruptive behavior, 27–31 yr old mentally retarded, 8512
self management program, disruptive verbal ruminations, mentally retarded 26 yr old male, 6199
self organization system for sex education, mentally retarded & developmentally disabled persons, 6059
self report & informant ratings of depression, mentally retarded 18–71 yr olds, 12965
short form of Questionnaire on Resources & Stress, measurement of stress in family, parents of handicapped & mentally retarded children, 11677
social skills training, vocational rehabilitation, mentally retarded, 8771
special services eligibility decisions & classification of students as learning disabled vs mentally retarded vs emotionally disturbed, educational professionals, 6754
staff inservice training on behavior modification, staff knowledge & client behavior, residential care facility staff & mentally retarded 23–60 yr olds, 8928
stationary bicycle riding, physical work capacity, mentally retarded 11–19 yr olds, 3782
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
training in sequential problem solving, remediation of coding deficiencies, mentally retarded adolescents, 14-wk followup, 12950
validity of Down's syndrome personality stereotype, mentally retarded Ss with vs without Down's syndrome with mean age of 11 yrs, 8248
verbal behaviors, depressed vs nondepressed mentally retarded 18–71 yr olds, 5911
visibility of handicap, wage level, mentally ill & mentally retarded & physically handicapped sheltered workshop employees, 8067
visual & auditory stimuli in same-different decision task, decision time, mentally retarded Ss with mean age of 16.3 yrs, 8252
visual stimulus velocity & information feedback, receptor anticipation performance, mentally retarded 20–36 yr olds, 8269
walking speed & step length & stance duration, mentally retarded 4–18 yr olds, 3650
weight loss program, overweight mentally retarded preschool age children, 8510

Meperidine
codeine vs dextropropoxyphene vs meperidine vs dextromethophan, locomotor activity, rats, 9794
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051

Mercury Poisoning
acute & chronic mercury intoxication & low level chronic exposure, neurological impairment, 5965
exposure to mercury, nerve conduction velocity & short term memory & intelligence & somatic disorders & vigilance & mood, industrial workers, 13086
long term exposure to lead & mercury, psychomotor & emotional disturbances & intellectual deterioration, 5709
methylmercury intoxication, appetite loss & body weight & preference for dimercaptosuccinic acid antidote, rats, 12296
methylmercury, operant behavior, pigeons, 12292

Mercy Killing [See Euthanasia]

Mescaline
LSD vs 2,5-dimethoxy-4-methylamphetamine vs dimethyltryptamine vs mescaline, pausing during FR-40 operant procedure & agonistic effect at central 5-HT receptors, rats, 683
mescaline, fiction & formal expositions of existentialism, J. P. Sartre, analysis based on S. Grof's theory of perinatal memory matrices, 10303

Mesencephalon [See Also Inferior Colliculus, Optic Lobe, Superior Colliculus]
afferent & efferent pathways of mesencephalic locomotor region, cats, 7373
apomorphine or haloperidol bilaterally administered into caudate nucleus, behavior deficits elicited by unilateral injection of picrotoxin or muscimol into nigral pars reticulata, cats, 7574
ascending efferent projections to forebrain from midbrain periaqueductal gray, squirrel monkeys, support for hypothesis of periaqueductal gray as integrator of nociceptive & visceral & cognitive functions, 12111
bipolar electrical stimulation of mesencephalic reticular formation & sensorimotor cortex, neocortical evoked responses & spike activity during motor startle response, waking rabbits, 9768
chloramphenicol vs thiamphenicol, single unit activity in midbrain & pontine medial reticular formation during sleep, cats, 642
descending efferent projections to brain stem & spinal cord from midbrain periaqueductal gray, squirrel monkeys, 12112
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211

electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
feeding & satiety & glucose injection, dopaminergic unit activity in substantia nigra, cats, 9675
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
icv arginine vasopressin fragments vs oxytocin vs oxytocin fragments, pressor response & bradycardia induced by electrical stimulation of mesencephalic reticular formation, male rats, 5251
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
kainate & 6-hydroxydopamine & 5,7-dihydroxytryptamine brain lesions, turning behavior, male rats, implications for role of mesencephalic reticular formation & noradrenergic & serotonergic & dopaminergic projections, 12201
large vs small lesions of substantia nigra with vs without lesions of medial preoptic area, maternal behavior, rats, 2986
lateral midbrain tegmentum lesions, sexual behavior & lactation, rats, 592
lesions of ventral tegmental area with 6-hydroxydopamine, cocaine self administration, male rats, 601
lesions of ventral tegmentum vs substantia nigra pars compacta, dopamine loss in nucleus accumbens-olfactory tubercle & striatum & motor activity & drug induced locomotion, male rats, 12180
locus of noxious stimulation in midbrain, location of somatic stimulation-produced analgesia, male rats, 580
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
mesencephalic central grey beta-endorphin, regulation of lordosis by way of luteinizing hormone releasing hormone modulation, female rats, 9612
mesencephalic retinal terminal field lesions, horizontal optokinetic nystagmus, frogs, 9783
midbrain & habenula implants of progesterone, sexual receptivity, female rats, 696
morphine, reward facilitation for shuttlebox self stimulation of various brain sites at threshold vs suprathreshold current levels, rats, 9765
naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
neuronal projections from substantia nigra to mesencephalic locomotor region, cats, 7372
neurotoxic vs electrolytic lesions of ventral mesencephalon vs substantia nigra vs area ventralis of Tsai, telencephalic catecholamine levels & operant pecking rates, pigeons, 2974
nucleus raphe magnus lesions, disruption of dorsal vs ventral medial midbrain stimulation-elicited analgesia, male rats, 9743
pretectum & thalamus lesions, spatial contrast sensitivity, male rats, 9780
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
projections of oculomotor internuclear neurons to abducens nucleus, cats, 9647
prolactin microinfusions into dorsal midbrain, lordosis, estrogen-treated ovariectomized rats, 12188
role of prefrontal cortex & cortical reward areas in associative learning, literature review, 7429
self administration of morphine, localization of reward-relevant opiate receptors in ventral tegmental area, male rats, 7565
stimulation of entopeduncular nucleus, intracellular recordings of neurons in mesencephalic locomotor region, cats, 7371
stimulation of mesencephalic periaqueductal gray & nucleus raphe magnus, serum prostaglandin E levels, rats, 579
tailshock with vs without preceding stimulation of central gray of midbrain, target biting, male rats, 5169
unilateral injections of colchicine or vinblastine into substantia nigra pars compacta, motor imbalance manifested in turning, male rats, 5192
ventral tegmental area injections of diallyl-normorphinium bromide vs naloxone, rate of heroin self administration, rats, 5193

Messages

bind situations vs unpleasantness vs conflict, ambiguous &/or indirect &/or evasive verbal messages, college students, 5261
efficacy of subliminal exposure of symbiotic gratification message, 17–70 yr old alcoholics in treatment, 1896
experimental central warning system with synthesized voice component, RT, pilots, 11461
GSR to conditioned meaning of polysemous word in attended vs unattended message, college students, 305
pattern of announcement pause durations & information forms for 10-digit telephone numbers, subjective preference & memory, 20–60 yr olds, 6886
perceived quality of ambiguous message & confidence in correctness of interpretation, 5–6 yr olds, 12437
P300 component & slow wave during message transmitted by 2 successive events, 18–26 yr olds, 472
relevance of characteristics for comprehension of spoken message & encoding, memory of physical characteristics of message, college students, 4944
repetition of statements of uncertain truth value, changes in perceived truth of statements, college students, 268
self monitoring strategies, message modification & social cognitive effects, college students, 12673
sex role appropriate vs inappropriate message wording & level of distraction, compliance with request for help, college students, 7973
source & message & recipient & channel & feedback, courtroom persuasive techniques, lawyers, 1017
type of message & modeling, questioning behavior, nursery school & kindergarten students & 1st graders, 3176
viewing of water conservation films with high vs low message severity & stated efficacy of conservation, attitudes toward conservation, 38–48 yr old Ss, failure to support behavioral intention models, 13801
visual vs verbal messages, judgment of ambiguity, 5.1–7 yr olds, 5393
writer & rater sex & organizational position & memo quality, evaluation of business memos, personnel, 1076

Metabolic Rates

cold exposure, hypothalamic tyrosine hydroxylase & metabolism of dopamine & 5-HT, 4 vs 18 vs 29 mo old rats, 5146

Metabolism [See Also Basal Metabolism, Biosynthesis, Carbohydrate Metabolism, Lipid Metabolism, Metabolites, Protein Metabolism]

findings from series of studies conducted by drug addiction research center on drug metabolism & binding sites for SKF-10047 & role of nicotine in maintenance of tobacco smoking, 7592
long-term benzodiazepine therapy & withdrawal, MAO metabolism, psychiatric patients with mean age of 43.7 yrs, 8576
MAO metabolism & function & neuroendocrinology & biological rhythms in biochemistry, endogenous depression, 10395
metabolic rate & language & memory, 42–63 yr old males with subcortical vs cortical lesions & aphasia vs amnesia, 5998
metabolism of psychoactive drugs, literature review, 5211
nucleic acid metabolism in spleen & liver, rats flown on Cosmos-1129, 550
phosphorylation of rhodopsin in retinal rods, frogs, 12116
septal lesions, hyperactivity & rapid weight gain & role of reduced capacity of running to induce psychomotor arousal & mobilize metabolic fuels, female hamsters, 12224
sex differences, development of ethanol preference & relation to ethanol & acetaldehyde metabolism, rats, 12241
sex differences, effects of testosterone & its metabolites on copulation & courtship behavior & cloacal gland development, quails, test of sexual dimorphism of metabolism, 12316
sex differences, pharmacokinetics of ethanol & acetaldehyde, alcoholized vs normal rats, 611
sleep, urinary tryptamine & indoleacetic acid, 22–27 yr old males, 7466
sweetness & energy content of solid vs liquid preload foods, rated intensity & pleasantness of sweet vs nonsweet stimulus, college students, 206

Metabolism Disorders [See Also Cushings Syndrome, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Lipid Metabolism Disorders, Phenylketonuria]

ACTH vs glucocorticoid treatment, EEG & Tree Test performance, 53 yr old female with isolated ACTH deficiency, 13276
copper sulfate, levels of copper & ceruloplasmin & serum & urinary zinc & mental state, 25 yr old female depressive with copper & zinc deficiencies, 13281
hyperasparaginemia, 39 yr old male chronic schizophrenic, biochemical etiological implications, 8157
lifelong intestinal malabsorption, cognitive impairment, 28–64 yr olds with celiac disease, 8306
serotonin metabolism disorders & depression & attempted suicide, literature review, 5830

Metabolites [See Also Dopamine Metabolites, Homovanillic Acid, Norepinephrine Metabolites, Serotonin Metabolites]
CSF monoamine metabolites, 28–62 yr old hospitalized manic patients, 5824
platelet MAO activity & plasma parahydroxyphenylacetic acid levels, agoraphobic vs depressed patients, 12887
reliability of urinary monoamine & metabolite output measurements, depressed patients with mean age of 49 yrs, 12829
sex differences, effects of testosterone & its metabolites on copulation & courtship behavior & cloacal gland development, quails, test of sexual dimorphism of metabolism, 12316
urinary excretion patterns of bioactive amines & their metabolites, normal 24–50 yr olds, 5113
Metallic Elements [See Also Calcium, Calcium Ions, Copper, Iron, Lead (Metal), Lithium, Magnesium, Magnesium Ions, Potassium, Potassium Ions, Sodium, Sodium Ions]
concentrations of trace metals in hair, autistic children, 10366
copper sulfate, levels of copper & ceruloplasmin & serum & urinary zinc & mental state, 25 yr old female depressive with copper & zinc deficiencies, 13281
CSF zinc concentrations, neuroleptic-treated vs drug free schizophrenics vs ex-heroin addicts, 3500
dental lead & cadmium levels, neurological development & RT & language & attention disorders & psychiatric disturbance, urban vs rural 5–6 yr olds, 5968
exposure to metals, neurological syndromes, literature review, 5963
hair metal concentrations, emotionally disturbed children with mean age of 8.7 yrs, implications for etiology of behavior disorders, 12838
hair mineral levels, physical & mental & behavioral disorders & intelligence, literature review, 8081
lead & cadmium levels in hair, 4–16 yr olds with mild retardation vs borderline intelligence, 1305
lead & cadmium levels, visual perceptual development, 6–12 yr olds experiencing learning problems, 12448
lithium, rubidium concentration, male guinea pigs & rats, 5217
monomethyltin trichloride & trimethyltin chloride exposure, learning deficiencies, rat pups, 3063
neurotoxic effects of manganese, humans & rats, 12276
rubidium &/vs haloperidol, spiperone binding, rats, 7560
trace element & toxic metal concentrations in blood & hair samples, autistic vs learning disabled 6–12 yr olds, 10322
vanadium & reduced sodium pump activity, manic depressive psychosis, 8148
zinc deficiency, chronic alcoholics, literature review, 10484
zinc, sexual functioning, 39–63 yr old males on hemodialysis with uremic impotence, 10875
Metaphor
ability to distinguish meaningful vs anomalous literal vs metaphorical comparisons, 3–6 yr olds & college students, 858
aesthetic theory & root metaphor of selective act in world hypothesis of S. C. Pepper, implications for literature & human behavior, 5276
application of philosophy of root metaphors, interdisciplinary curriculum development, implications for secondary school literature, 6636
application of S. C. Pepper's root metaphor to analytic aesthetics, 4632
application of social basis of root metaphor to "Apocalypse Now" & "The Heart of Darkness", 5275
behavioral science & planned social change & role of symbols & metaphors & value of individualism in dealing with social problems, 934
comprehension & interpretation of metaphorical sentences, college students, 9890
conceptual similarity & quality of metaphor in isolated sentences vs extended contexts, college students, 9891
criticism of use of metaphors & analogies in social science & public policy, literature review, 4693
development of proverb comprehension, 3rd–7th graders, 844
grammatical structure & concreteness of expression, interpretations for novel metaphors, 17–47 yr olds, 7655
metaphorical determinants in thinking & thought, 3116
metaphors in text, incidental learning, college students, 5268
monitoring of sentences for target words in idiomatic vs nonidiomatic expressions, RT latencies, college students, implications for processing of idioms as discrete lexical entries, 4905
noninterpretive discussions of spontaneous metaphors in ward community meeting, psychiatric inpatients, 10998
psychoanalytic significance of Aristotle's "Poetics" from developmental perspective, tragedy & metaphor in analytic process, 5270
root metaphor & psychology through work of D. Hartley, 4656
self image & metaphoric conception of community mental health, mental health center workers, 6511
staging of metaphorical expressions of marital relationship in couples therapy, spouses, 3888
theory & function of religious vs cultural metaphor, 12529
verbal vs nonverbal scaling, establishment of universal semantic representations of qualities of multimodal objects & objects related to interpersonal perception & role of synaesthesia & metaphor, literature review, 76
Metaphysics
classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
Methadone
assessment of optimum methadone dosage based on observed pulse & systolic blood pressure during withdrawal, heroin addicts, 1872
baclofen, subjective report vs physiological effects of low-level methadone withdrawal, 23–40 yr old male methadone addicts, 6965
buprenorphine vs methadone, food & opiate self administration, monkeys, 7609
clonidine, hypertension & withdrawal from methadone, 35 yr old Vietnam veteran, 6238
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
lofexidine, withdrawal discomfort, male chronic methadone addicts, 8789
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
perinatal methadone & heroin, delayed development, infants, 8182
prenatal exposure to levo-acetylmethadol, unconditioned & conditioned behavior, rats, 3052
propoxyphene napsylate vs methadone, drug-seeking behavior & symptoms of withdrawal or overmedication, 22–55 yr old male heroin addicts on methadone maintenance, 8831
Methadone Maintenance
alcoholism rehabilitation, drug addicts on methadone maintenance, 11089
assessment of optimum methadone dosage based on observed pulse & systolic blood pressure during withdrawal, heroin addicts, 1872
blind vs informed vs self regulated methadone detoxification procedures, dose reduction & retention in treatment & symptoms & illicit drug use & followup status, male opioid addicts, 8812
causal attributions & self efficacy & attitudes toward heroin following success vs failure, White vs Hispanic males in methadone maintenance, support for G. A Marlatt's drug abuse recidivism model, 11059
client characteristics & coercion in rehabilitation, treatment success, 21–25 yr old drug abusers in drug-free vs methadone maintenance programs, 8807
complaints of side effects, methadone patients using vs not using heroin vs naltrexone vs other opiates, 11071
contingent reinforcement for benzodiazepine-free urine samples, supplemental drug use, male methadone maintenance patients, 8811
doxepin as adjunct to methadone maintenance therapy, depressed & anxious patients in methadone program, 1898
flexible vs fixed dosages in methadone maintenance programs, retention in treatment, 11053
group counseling with vs without individual psychotherapy, heroin addicts on methadone maintenance, 8805
incidence of DSM-III personality disorders, opiate addicts including Ss on methadone maintenance, 8201
levo-alpha acetylmethadol vs restricted take-home methadone in maintenance treatment program, reduction of methadone diversion, drug addicts, 8804
methadone dosage policy, retention in drug abuse treatment programs, drug abusers, 8821
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification, effectiveness, drug abusers, 8828
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification programs, abstinence, opioid addicts, 6-yr followup, 8820
methadone maintenance vs therapeutic community vs outpatient drug-free vs detoxification, outcomes, clients treated for drug abuse, followup study, 8808
methadone vs levo-alpha acetylmethadol for 3 vs 6 wks, withdrawal symptoms & drug abstinence, heroin addicts, 8810
motor & state functioning, neonates with methadone-maintained mothers, 7685

predictive factors, long term treatment outcome, heroin addicts admitted to methadone maintenance program, 11072
pretreatment with placebo vs methadone, methadone self administration behavior & withdrawal symptoms, methadone maintenance patients undergoing detoxification, 8796
propoxyphene napsylate vs methadone, drug-seeking behavior & symptoms of withdrawal or overmedication, 22–55 yr old male heroin addicts on methadone maintenance, 8831
random vs regular schedules of urine specimen collecting, detection of drug use, methadone maintenance clients, 8785
self adjustment of methadone dose, dose changes, methadone maintenance patients, 8803
signal rate, accuracy & response latency & errors in sustained attention task, male working vs nonworking methadone patients vs drug-free ex-heroin addicts, 1871
urine monitoring, prevention of illicit drug use, methadone maintenance clients with mean age of 32 yrs, 8791
Methamphetamine
chronic methamphetamine, spiperone binding to striatal & mesolimbic areas, male rats, 5182
methamphetamine vs apomorphine administration, circadian rhythms in locomotor activity, male mice, 3049
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
Methaqualone
dosage level of buspirone & methaqualone & diazepam, abuse liability of buspirone, recreational sedative-using college students, 5609
Methedrine [See Methamphetamine]
Methionine
operant learning, differential brain incorporation of sc injected methionine, male rats, 12078
Methodology [See Also Related Terms]
analysis of retinotopic organization using 14C-labeled 2-deoxydextroglucose method, macaques, 483
anodal polarization of parietal cortex, latent period of salivation as measure of individual characteristics of experimental Ss, dogs, 9763
antero- vs retrograde axonal transport of horseradish peroxidase, analysis of interneuronal connections in auditory system, horseshoe-nosed bats, 6950
application of randomized response technique, telephone surveys, 9276
attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
caloric-induced electronystagmus, assessment of critical illusions during flight, aircrew, 7141
categorization system for slogans & pictorial propaganda & methods for investigation of propaganda effectiveness, 12336
cognitive-social learning model & methodology for social skills training, children, literature review, 3904
comparability & reliability of techniques for assessment of personal future planning, 62–92 yr old White females, 2385
comparison of methods of studying group decision making through talk analysis, college students, 5619
computer aid based on Bayes' theorem, decision making, military intelligence analysts, 40
concepts of "understanding" & "objectivity" & "motives", ethnohistorical methodology, 5502
conceptual & methodological issues & dyad as unit of analysis, family research, 995
conceptualization & measurement of environment in genetic/environment studies, literature review, 5052
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
critical incidents technique, performance evaluation, personnel, 9147
criticism of use of metaphors & analogies in social science & public policy, literature review, 4693
cultural factors & formal structures & technological processes in participatory research, organizational change, textiles plant, 11403
data collection & measurement strategies & research, interdependence in close relationships, 1050
defenselessness of experimental Ss & informed consent issues, moral objectives & methods of psychological research, 6958
Delphi methodology, sensitivity & validity of self developed quality of work life measures, white collar employees, 11427
dexamethasone suppression & thyrotropin-releasing hormone stimulation test, neuroendocrine dysfunction, schizophreniform disordered inpatients, 1216
dexamethasone suppression test, choice of antidepressant drug therapy, patients with major depressive disorder, 10838
dexamethasone suppression test, depressed outpatients with vs without melancholia, support for DSM-III differentiation between subtypes of depression, 5770
diagnostic & psychosomatic methodologies & models, review of psychoanalytic & behavioral & family interactions research, 1970–80, 8341
discriminant analysis of morphometric characters, sex determination, penguins, 11934
effects of E. A. Velten's positive & negative mood induction procedures, college students, 11915
efficacy of technical environmental assessments, measurement of person-environment transactions & perception of environmental quality, 2274
efficacy of vocational rehabilitation, 14–17 yr old delinquents, methodological implications, 13403
efficiency & reliability of refined methodology using dietary sodium deprivation & diuretics & sex differences, induction & measurement of salt appetite, rats, 572
emancipation vs demoralization approaches, leisure studies, 7848
epistemological & methodological bases of naturalistic vs rationalistic research paradigms, social/behavioral sciences, 6960
Es with mean age of 26 vs 9 yrs, social desirability & verbal & behavioral delay of gratification, 6 & 9 & 11 yr old males, 892
examination & critique of reanalysis by T. Lidz et al of Greater Copenhagen Adoption Study of offspring of schizophrenic parents conducted by D. Rosenthal et al, 12802
existing quantitative studies & need for comparative & follow-up studies & behavioral measures, psychology of women courses, college students, 6613
experiential learning theory of D. A. Kolb, framework for assessment of person-job interaction, 11438
filming methodology, neonates & young infants, 11575
flame emission spectrophotometry, assessment of maintenance dosage of lithium, patients with affective disorders, comprehension of methods of T. B. Cooper et al vs J. T. Slattery, 8575
generality equivalence between attitudinal & behavioral entities & order & proximity of attitude & behavior questions, attitude-behavior consistency in sentence recommendations, probation officers, 9268
goal attainment scaling, evaluation of special educational services, 6747
graphic technique, analysis of representation of working environment, 11475
heart rate response as reliable & stable measure reflecting perception & affect, infants, literature review, 9934
history & methodological issues, consultation research, literature review, implications for counseling psychology, 8695
humane behavioral test, tolerance for aversive mechanical stimuli, sympathectomized cats, 9789
hypnotic susceptibility & demand characteristics of test situation, hypnotic dissociation & duality in age regression, college students, 4977
hypothesis testing & confidence interval procedures for randomized response technique to reduce bias due to embarrassment in self report surveys, high school students, 2395
icv vs ip injection of GABA agonists & picrotoxin, apomorphine-induced climbing behavior, male mice, method for testing GABAergic compounds, 3024
informant method of estimating alcohol use & alcohol-related problems, 9279
innovative theoretical methodology & techniques, family studies, literature review, 965
interindividual differences, habituation of electrodermal responses, 18–29 yr old males, measurement implications, 7447
intuitive consensus as methodology for generating scientific information, 2313
investigative value of analyst's clinical techniques vs experimental studies, tests of Freudian psychoanalytic theories, 6925
kindled seizures, tail withdrawal vs single vs multiple squeaks as measure of pain sensitivity & blockade by naloxone, male rats, 2360
knowledge of being in control group, performance on & attitudes toward experimental task, college students, 4701
life span developmental framework & alternative strategies, adolescent research, 9910

maximum-likelihood methods of K. G. Joreskog, reports of family life & childbearing expectations, 26–36 yr old wives & husbands, 996
measurement & design factors & dependent & independent variables & S & setting characteristics, self control research in classroom setting, learning &/or behavior handicapped students, literature review, 4381
measurement & evaluation of productivity, rehabilitation & social service agency staff, 11137
measurement & evaluation of productivity, rehabilitation & social service agency staff, comment on S. E. Simon's article, 11112
method for assignment of cardinal dominance ranks, 11981
methodological & statistical issues in research on biometrical genetic model for discrimination of genetic vs environmental influences on IQ, 5043
methodological analysis, mental rotation experiments, 2390
methodological approach to psychological investigation of abilities based on works of K. Marx & F. Engels, 6974
methodological comments on labels & traits & interaction & types, femininity & masculinity & androgyny, reply to criticism of J. T. Spence, 4803
methodological deficiencies in research about adolescent fathers, 2388
methodological discussion, social experimentation & meta-analysis & cost-benefit & effectiveness analysis, literature review, 4705
methodological features of tachistoscopic experiments, assessment of visual hemispheric asymmetries, literature review, 4695
methodological guidelines, clinical headache research, literature review, 8399
methodological issues concerning behavior therapy, enuresis, 3909
methodological issues, consultation research, implications for counseling psychology, criticism of study by C. J. Meade et al, 8683
methodological issues, consultation research, implications for counseling psychology, criticism of study by C. J. Meade et al, 8705
methodological issues, counseling process research, criticism of C. E. Hill's article, 8693
methodological issues, counseling process research, criticism of C. E. Hill's article, 8697
methodological issues, counseling process research, literature review, 8689
methodological issues in data collection, evaluation of satisfaction with mental health services, clients, literature review, 9251
methodological issues in legal communication research, trial simulations used to study juror responses, 10192
methodological issues of proportional hazards models, analysis of family formation & dissolution in life course transitions, 15–44 yr old married White females, 994
methodological issues, psychological semiotics, 7649
methodological issues, research on visual imagery & eye movements during wakefulness, literature review, 2638
methodological issues, studies of object reception, 2384
methodological issues, study of long-term social adjustment, mentally retarded 18–25 yr olds, 10-yr followup, Sweden, 8260
methodological issues, study of pathological auditory systems, literature review, 5995
methodological issues, W. Wundt's experimental psychology, 9231
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
methodological problems & interview strategy & criteria dimensionality & purpose of interview validity & reliability, female officers who interviewed 20–77 yr old female candidates for officers' school, 11365
methodological problems, human learned helplessness research, literature review, 72
methodological problems in definition & models of institutional limits, 4531
methodological problems in psychiatric epidemiology, 42
methodological problems in questionnaire research on H. H. Kelley's ANOVA model of attribution processes, literature review, 7982
methodological problems, psychological research & theory, 6967
methodological problems, research on torture, 11630
methodologies, marital & family phenomena research, literature review, 982
methodology & test construction use, assessment of item convergent validity of nonobjectively scored items, 139
methodology, decision making for distant future outcomes, 928
methodology for identification of group phase boundaries & describing moment-to-moment process of group development, psychotherapy groups, 10749
methodology for measurement of relative risk of pedestrian accidents, 11585
methodology in behavioral treatment research, agoraphobia, literature review, 1581
methodology in EMG biofeedback, tension headaches, college students, 10813
methodology, measurement of productivity, vocational rehabilitation clients, 8778
methodology, measurement of school social climate, 6815
methodology of T. S. Kuhn, analysis of history of psychology, 9214
methodology, study of sociophonological variation in Viennese German, literature review, 5265
methodology using algorithms based on graph theory, analysis of structure & process in prose, 14 yr olds, 4394
methods for analysis of meanings reflected in children's early word combinations, implications for clinical application, 3177
methods for assessing obesity, mentally retarded with mean age of 31 yrs, 12956
methods for minimizing Type I & Type II errors of inference from data, 4821
methods of clinical research, mothers of autistic dehydrated children, 11584
methods used in ESP & psychokinesis research, 6909
misunderstandings attributed to hypothesis testing methodology, 71
modification of J. Waksberg's method of random digit dialing, selection of equal probability samples for telephone surveys, 9240
multichannel leasing of unit activity in chronic experiment, 2375
multistate demography, life course analysis of individual transitions & changing statuses of marriage & divorce & remarriage, 47
nature & incidence of stress disorders, Vietnam veterans, criticism of methodology used by P. Thienes-Hontos et al, 12780
nature & incidence of stress disorders, Vietnam veterans, reply to E. Carroll's criticism of author's methodology, 12882
need for better research on child abuse & neglect, criticism of D. J. Besharov's study, 5854
neural mechanisms underlying aggressive behavior as revealed by intracerebral glutamic acid microinjections vs electrical brain stimulation procedures, literature review, 5056
noninvasive technique for detection of sniffing frequency in classical conditioning to odors, rabbits, 6955
number & organization of elements in facelike patterns & fixed trial vs S-control over onset &/vs offset of trials methodologies, responses, 10 wk olds, 768
objections to & purposes & examples of case studies as scientific evidence in psychology, 9244
operant theory, analysis of leader influence, methodological implications, literature review, 12629
operating characteristics of vaginal photoplethysmograph, measurement of genital arousal, females, 9239
operational/empirical basis of & use of untrained raters in Truax-Carkhuff method & proposal for science of meaning method, therapist empathy research, 6964
origins & development & characteristics of behavior therapy methodologies published in selected journals, 1953–80, 6234
pairwise procedure, discrimination of somatic EPs from normal vs damaged spinal cords, 10611
participative methodology to involve all affected individuals & group in "decision-taking", design of new technical & work systems, 11456
phenomenological vs ethnomethodological vs social action theory perspectives, archetypal social systems analysis, 10113
philosophical issues, personality structure & assessment, literature review, 5679
phonemic substitutions as reflected by voice onset times, Broca's aphasic patients, 10649
pimozide vs clozapine vs fluphenazine & no retraining before extinction, response rate & duration, male rats, 643
predictive validity of McCarron-Dial Evaluation System, prediction of future vocational behavior & earnings, psychiatrically disabled sheltered workshop workers, 7020
principles & development of research in education & rehabilitation of handicapped, Faculty of Defectology at University of Zagreb, Yugoslavia, 1859
procedure for measurement & analysis of visible articulatory movements & description of video speech synthesizer, visual speech perception, 9884
procedures for selecting & defining & recording behaviors observed in social & behavioral research, literature review, 2372
program attribute scaling, evaluation of educational & social programs, implications for special education, 4277
psychoanalytic methods of studying formation of concept of authority, 4607

public attitudes toward oil companies & pre- vs posttesting in corporate advertising research, 4605
pupillometry, sleepiness measurement, patients with disorders of excessive sleepiness, 6026
qualitative methodologies, counseling research, literature review, 6977
qualitative strategies in counseling research, criticism of G. Neimeyer & A. Resnikoff's study, 6985
qualitative strategies in counseling research, criticism of G. Neimeyer & A. Resnikoff's study, 6957
qualitative vs quantitative approaches to research on participation in adult education, literature review, 4332
qualitative vs quantitative research, development of advertising campaign for Trustee Savings Bank, England, 11490
qualitative vs quantitative social research, 4687
randomized response technique, estimation of alcohol consumption & drug therapy compliance, hypertensive patients, 2392
relationship between social cognition & behavior & methodological problems & proposed reconceptualization of experimental design, preschoolers, literature review, 7682
research methodological problems, analysis of organizational task group developmental patterns, 65
research methods in psychiatric epidemiology, 44
reversal of dexamethasone suppression test nonsuppression, identification of depression, 18–66 yr old detoxified alcohol abusing inpatients, 1260
scheduling considerations & base ratio & response rate criteria & evaluation of methodology & data, telephone interviews, consumers 18 yrs of age & older, 11494
seeding in single- vs double-elimination tournament method of hearing and selection, reliability of results, reanalysis of data from study by J. L. Punch & C. A. Parker, 6331
selection & analysis of evidence, action research for assessment of changing organizational situations, 11408
self fulfilling prophecy, implications for prediction in sociological research, 4678
semistructured interview & picture sequence task, assessment of friendship expectations, 2nd & 4th graders, 2356
sensory stimulation as primary reinforcement & as experimental procedure, literature review, 7254
sex & age & rules defining REM periods, REM cycle measurements, 19–31 vs 50–60 yr olds, 2876
social vs isolated housing condition, occipital dendritic tree development of pyramidal cells, rats, implications for reporting results from aging studies, 2817
socio-medical vs anthropological research approaches, health seeking behavior, developing countries, literature review, 10913
statistical independence of positive & negative affect, college students, methodological explanations for findings of N. M. Bradburn, 7211
step-by-step process for planning & development & validation, occupational therapy instrument, 4730
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
System for Multiple Level Observation of Groups, uniformity & structure of social values & attitudes & political liberalism/conservatism, college students, 10272
systematic method for drawing sociograms, 2396
T-wave amplitude index of myocardial sympathetic activity, 11573
technical problems of unfolding model & proposed ordinal-linear approach, psychological market research, 6952
technique for estimation of task completion time from partial data, 11607
technique for graphing multiple time series residual data, 9406
technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
test procedures for quantitative assessment of phonetic intelligibility, synthesized-by-rule vs analysis-synthesis vs natural speech, college students & teachers, 9885
theoretical & methodological foundations & current research, sociobiology, 12077
theoretical & methodological problems, investigation of psychological death & psychology of death, 11597
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
TRS-80 Model I & BASIC & assembly programs, tachistoscopic presentation & RT measurement, 4683
Uni-Curve Thermistor vs Barlow strain gauge, assessment of sexual arousal, 24–30 yr old heterosexual males, 2900
use of comparative method in psychological research, 6993
validity of standardized tests vs teacher rating, assessment of arithmetic & reading & general ability, educable mentally retarded Ss with mean age of 12.3 yrs, 6805
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
weight loss, postdexamethasone cortisol secretion, obese Ss, 1351
worker participation in research on quality of working life, 11410
Z-80 machine language technique & BASIC program for Model III TRS-80, synchronization of video displays & RT measurement, 4670
Methylatropine [See Atropine]
Methyldopa
alpha-methylDOPA, blood pressure & heart rate following fear conditioning, spontaneously hypertensive rats, 7603
alphamethyldopa, depression, hypertensive patients with mean age of 61.9 yrs, 6246
barbamyl vs seduxen vs aminazin vs haloperidol vs chloroprothixene vs apressin vs phentolamine vs inderal vs dopegyt, stress reaction to acoustic stimulation, rats, 5213
clonidine vs methyldopa, effects of complex environment on brain weight, rats, 5235
Methylmorphine [See Codeine]
Methylphenidate
attention & methylphenidate dosage, methods for measuring event-related potentials, hyperactive children, 10457
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
curiosity behaviors, hyperactive 7–11.8 yr old males on vs off methylphenidate, 10837
dexamethasone suppression & mood response to methylphenidate, 20–65 yr olds with primary depression, 12776
dosage level of methylphenidate, hyperkinetic-associated behavior, school aged males with strong vs weak nervous systems attention & learning disordered, 10826
high- vs low-dosage of methylphenidate, 5–15 yr olds with attention deficit disorder with vs without hyperkinesis, 13300
icv methylphenidate distribution in brain areas, rabbits, 9857
ip vs intragastric methylphenidate, milk intake, male rats, 644
methylphenidate & chlorpromazine therapy, schizophrenia, 11 yr old male, 10864
methylphenidate, attention tasks & perseveration, hyperactive 7.5–11.3 yr olds, 1636
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
methylphenidate dosage, heart rate & finger temperature & electrodermal resistance & motor activity & serial RT & impulsive errors, hyperactive 5.9–12.5 yr olds with attention deficit disorder, 1668
methylphenidate dosage, visual EPs during active attention vs passive observing task, hyperactive 7–13 yr olds, 10842
methylphenidate, interpersonal speech patterns, hyperactive males with mean age of 9.2 yrs & their mothers, 3936
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
methyphenidate, cocaine & amphetamine dependence, 33 yr old female, 11073
methyphenidate, cognitive style & RT & attentiveness, White elementary school students with attention &/or learning disorders, 1622
motivated reading remediation & placebo vs methylphenidate, reading & mathematics performance, 7–12 yr olds with reading disorders, 4346
partial destruction of superior colliculus, reduction of dextroamphetamine & methylphenidate & ambient noise facilitation of locomotor activity, male rats, 12231
validity of Personality Inventory for Children, prediction of response to methylphenidate, hyperactive 5–15 yr olds, 9387
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Mexican Americans
acculturation, MMPI performance, Chicano vs Anglo college students, 7864
age & SES, development of self concept, Euro-American vs Afro-American vs Mexican-American 9–11 yr old females, 3222

commitment to Mexican American &/vs Anglo American culture, preference for ethnically similar counselor & willingness to use counseling services, Mexican American college students, 6398
concurrent & predictive validity estimates, WISC-R & estimated learning potentials, White & Black & Mexican American 1st–8th graders, 2179
countertransference & clinical ethnography, 42 yr old Mexican American female in psychiatric Cultural Consultation Clinic, 4023
cultural differences, item difficulty patterns on WISC-R verbal subtests, Anglo vs Black vs Chicano vs Bermudian 7.5 vs 10.5 yr olds, 141
cultural role & theoretical perspectives, personality development, Mexican Americans, 7782
ethnic identity & cultural awareness, 12–18 yr olds of Mexican interethnic marriages, 7815
IQ & adaptive behavior & SES, prediction of mathematics & reading achievement, White vs Black vs Mexican American 7–14 yr olds, 776
level & stability of self esteem & accuracy of self-perceived academic ability & academic achievement, White vs Black vs Mexican American 2nd graders, 3232
low- vs mid-SES & race, referral & special education placement, Mexican American vs Anglo students with learning difficulties, 2091
Mexican American females in social sciences, literature review, 5522
occupational aspirations & expectations & work attitudes, employed vs unemployed Mexican Americans with mean age of 25.2 yrs, 9120
perception of school, Mexican American high school students, 11234
personality structure measured by Comrey Personality Scales, Mexican American college students, 162
prevalence & user demographic characteristics, contraceptive sterilization, male vs female Mexican Americans vs Anglos, 4009
racial & ethnic & marital status differences, sexual & reproductive behavior, White vs Mexican American vs Black 14–24 yr olds, 7773
racial consonance vs dissonance in social environment, perceived racial discrimination & self esteem, Blacks vs Whites vs Mexican Americans, data reanalysis, 7857
reading preferences in settings & characters & group interactions, Mexican American 7th graders, 6707
self esteem & SES & academic achievement & language spoken at home, Mexican American adolescents, 5459
SES & racial-ethnic discrimination, sentencing, Black vs White vs Mexican American male drug offenders, 7923
sociocultural factors, accessibility & use of health care, Mexican Americans, 13316
sociodemographic & social psychological & gerontological characteristics, Mexican American & Anglo longitudinal study dropouts, implications for longitudinal studies with aged, 2381
Spanish &/vs English as language of instruction, Mexican American Head Start children, 13544
White male vs Mexican American female E, EMG biofeedback training performance, male vs female White vs Mexican American college students, 7472

Mexico

categorization & naming of colors, speakers of Tarahumara language, Mexico, 7648
comprehension of colored photographs vs paintings, Indian 6 yr olds, Mexico, 3186
deformed legs in pre-Columbian Mexican mythology, 7665
SES & education, labor force participation, females, Canada vs Mexico, 10108
values clarification, family planning education, Mexico, 13320
view of psychology, psychology college students, Spain vs Belgium vs France vs Mexico vs Canada, 4318

Mianserin

advantages of mianserin in antidepressant therapy, 10873
clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
flupentixol or mianserin, suicidal acts, attempted suicide patients diagnosed as personality disordered without depression, 6270
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
lack of anticholinergic effects in mianserin therapy, cardiovascular disordered & psychiatric patients, 10851
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
mianserin, pupillary responses to pilocarpine vs tyramine vs phenylephrine, 25–68 yr old depressives, 10868
mianserin therapy, heart disease & elderly patients, 10856

Mice

affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
age at time of lead exposure, subsequent aggression, male mice, 7567
amino-terminal fragments of substance P, naloxone-reversible antinociception, male mice, 695
anxiogenic vs nonanxiogenic subclassification of convulsant vs nonconvulsant benzodiazepine antagonists Ro 15-1788 vs methyl beta-carboline-3-carboxylate, mice, 9847
audition & olfaction & vision, predation on insects, grasshopper mice, 12016
aversive stimulation & conditioned drinking response, passive escape behavior, mice, 2711
benzeraside & 3-(cis)-carboxy-salsolinol, preference for ethanol solutions, alcohol-aversive mice, 9802
beta-glucuronidase activation of latent aggression-producing cues in bladder urine, male mice, 499
brain & plasma & urinary trace amine & acid concentrations, aggressive male mice, 2862
brain D-2 dopamine receptors, locomotor response to amphetamine, mice strains, 3033
catecholamine stimulating drugs, induced amnesia, mice, 7557
changes in slow wave & paradoxical sleep patterns, 3–14 wk old male C57BL vs BALBc mice, 12082
clozapine vs central anticholinergics vs propranolol, apomorphine-induced climbing & gnawing, male ICR mice, 9827
constant light vs light/dark schedule, circadian variations in stress induced analgesia, mice, 2936
cortical spreading depression, blockade of naloxone-induced abstinence responses, morphine dependent male mice, 3068
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591
degree of kinship, preferences among conspecifics, ICR-JCL mice, 12009
delta sleep inducing peptides, amphetamine effects on locomotor activity, female mice, 653
developmental-genetic analysis, ontogeny of aggressive expression, male mice, 7333
dexamethasone, reversal of adrenalectomy-enhanced footshock-induced analgesia, mice, 9736
diazepam, anxiolytic effects in exploratory behavior, male mice, implications for time of day & intertrial interval & multiple use of test animals in 2-chambered model system of anxiety, 3004
diazepam vs other anticonvulsants, pentylenetetrazol-induced genetically determined stereotypic behavioral convulsions, C57BL/6J mice, 12323
diet of ethanol with vs without chlordiazepoxide, dissociation between tolerance & physical dependence, male mice, 3010
dietary lecithin, enhancement of maze learning, 3–4 mo vs 23–41 mo old female mice, 5153
discrimination between own vs alien pups, albino mice, 9584
domestication & genotype & family group & sex, infanticide & parental behavior, non-lactating wild & laboratory house mice, 2753
enkephalin analog FK 33-824, retention of passive avoidance learning, mice, 12250
enriched vs restricted housing, reactivity & open field exploration & maze learning, male mice with septal lesions, 589
ethanol, body temperature & righting response, 8 vs 18 vs 28 mo old male mice, 5253
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590
ethanol, intoxication & withdrawal, 3 vs 14 vs 25 mo old male mice, 707
ethanol, tolerance to sedative/hypnotic vs activating effects, male C57B1/6 vs DBA/2 vs BALB/c mice, 424
exposure to aggressive vs nonaggressive group, aggressiveness toward group-housed opponent, mice, 2759
fluorescence histochemical study of pontine catecholaminergic neurons, BALB/c(C) & C57BL6(B6) mice & their F1 hybrids, 484
genetic selection for shuttle box avoidance learning, proportions of hippocampal syntactic fields, mice & rats, 7339
genotype & age, noise induced auditory losses, mice, implications for studies of ethnic differences in industrial noise-induced hearing loss, 7335
genotype, pleiotropic influence on ethanol sensitivity, inbred mice, 9596

group housing vs isolation, aggressive behavior & dopamine uptake in mesocortical vs nigrostriatal terminals, male mice, 12094
histamine receptor agonists & antagonists & stressors of handling & injections & novel environment, grooming, mice, 5233
housing conditions, development of neonatal monosodium L-glutamate syndrome, mice, 2905
hypophysectomy, suckling-induced prolactin release & maternal aggression, parturient mice, 5179
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
hypothalamic-pituitary & opiate peptides & psychotropic drugs, intraspecies aggression & sociability, isolated mice, 3072
icv neurotensin, catalepsy & relationship with hypothermia, male mice, 9809
icv nicotinic agonists dextro- & levonicotine & cystisine & dimethylphenylpiperazinium iodide & lobeline, convulsions & reversal by various nicotinic antagonists & role of central "C6"-like receptors, male mice, 12251
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
icv vs ip injection of GABA agonists & picrotoxin, apomorphine-induced climbing behavior, male mice, method for testing GABAergic compounds, 3024
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
incandescent &/vs near-ultraviolet illumination, wheel running, male mice, 565
individual vs group housing, lethality of pentazocine &/vs tripelennamine, mice, 2935
individual vs group housing vs new cages vs forced exploration, corticosteroid levels, mice, 504
indomethacin pretreatment, mortality rate due to ethanol overexposure, male mice, 9820
inhibition of dopamine-beta-hydroxylase by fusaric acid, duration of sleep induced by 3 vs 4 g/kg ethanol, long vs short sleep, mice, 7598
ip apomorphine & clonidine or 5-methoxy-NN-dimethyltryptamine, approach & escape reactions induced by hypothalamus or mesencephalic central gray stimulation, BALB/c vs DBA/2 mice, 2909
irradiation during fetal vs neonatal period, electrocorticogram, adult vs aged mice, 7501
isolation vs aggressive experience & intruder familiarity, aggressive behavior, male mice, 9585
light-dark cycle, patterns of drinking water & ethanol, male mice, 9695
lisuride pretreatment & reserpine depletion of biogenic amines, memory recovery following forgetting of fear conditioning measured by active vs passive avoidance, male mice, 9849
marginally vs severely zinc deficient diets in utero & during neonatal period, brain development & passive avoidance learning, mice, 12184
maze dimensions & enriched vs impoverished environment, spontaneous alternations, male dwarf mice, 7286
met-enkephalin vs beta-endorphin antibody, analgesia induced by icv Substance P, male mice, 5230
methamphetamine vs apomorphine administration, circadian rhythms in locomotor activity, male mice, 3049
method for iv self administration of morphine, naive female mice, 11567
mice as laboratory Ss, behavioral & physiological & genetic research, 7338
morphine &/vs naloxone, social investigatory behavior & motor activity, male mice, 3050
morphine, stimulation of release of endogenous opiates, mice & rabbits, 7578
morphine vs codeine vs pethidine vs pentazocine vs aminopyrine, rapidly learned conditioned suppression of motor activity, male mice pretreated with naloxone vs levallorphan, 5212
naloxone vs naltrexone, aggressive & social behavior & motor activity & self grooming, mice, 3073
neonatal exposure to phenobarbital, sensitivity to apomorphine induced climbing behavior, mice, 3109
nest building, staggerer vs weaver mutant mice, 7332
neurohypophyseal peptide structure, tolerance to ethanol effects, male mice, 3038
neurotensin & related peptides, hypothermia & pain sensitivity, mice & rats, 9801
neurotensin, CNS depressant effects of ethanol & pentobarbital, mice, 9838
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
nomifensine vs 3,4-dihydroxynomifensine, motor activity & binding to putative dopamine receptor site & amine uptake, drug-free vs haloperidol-maintained mice, 649
phosphodiesterase inhibitor, anisomycin-induced amnesia & retention of avoidance response & brain cyclic adenosine monophosphate, male mice, 3074
pimozide & apomorphine, locomotor activity & stereotypy, C57BL/6 vs DBA/2 mice, 425
pimozide, acquisition of avoidance vs cue vs response-choice discrimination learning, male mice, 2999
pimozide, spontaneous alternation & food or food cue approach behaviors, male mice, 9831
polymeric epoprostenol, survival time, hypoxic male mice, 5236
prenatal phenobarbital, body temperature & function of dopamine receptors following apomorphine administration, mice, 12290
probabilistic model, intraspecific behavior, isolated mice, 7096
prostaglandins, apomorphine-induced circling, male mice, 3084
retinal ganglion cell receptive field organization & light sensitivity, normally pigmented vs congenic hypopigmented mutant female mice, 428
rolipram vs Ro-20-1724 vs ICI 63 197 vs imipramine, antagonism of reserpine-induced hypothermia & hypokinesia & yohimbine lethality as predictors of clinical antidepressant effectiveness, male mice, 12328
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
sex differences, urination patterns, mice, 2871
shock induced audible vs ultrasonic vocalizations, 3 single-gene mutants of C57BL6/J & SEC1Re/J mice strains, 12074
social status & copulation, infanticide, male laboratory mice, 2752
sodium barbitone, learning & retention of Y maze spatial discrimination, mice, 699
solid state circuit, tail-flick measurement of thermal pain sensitivity, rats & mice, 11632
strain differences, dopamine receptors in limbic forebrain vs striatum resulting in differential behavioral responses to apomorphine, DBA/2 vs Albino-Swiss vs C5BL/6 mice, 2808
strain differences, sensitivity & development of tolerance to hypothermic effects of ethanol & behavioral responses, inbred mice, 631
strychnine sulfate, attenuation of cycloheximide-induced amnesia independent of catecholamine synthesis inhibition, male mice, 9835
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
temporal parameters of recovery for sexual satiety, male deer mice, 7292
tetrahydrocannabinol & castration, plasma levels of follicle stimulating hormone & prolactin & growth hormone, testosterone propionate treated vs untreated male mice, 2912

Microcounseling
microcounseling, interpersonal skills for therapeutic effectiveness, student psychiatric nurses, 1951
microtraining vs systematic human relations empathy training, empathic understanding, 18–63 yr olds, 6186

Micturition [See Urination]

Middle Aged
age differences, demographic & drinking & diagnostic variables, alcoholic males with mean age of 23.8 vs 48.4 yrs, 3600
age differences, picture memory & discrimination, 18–23 vs 57–70 yr olds, 3201
age, speed in encoding in same-different digit matching task, 18–27 vs 56–79 yr olds, 3170
community adjustment, 55–60 yr old schizophrenics, 3541
correlates of life satisfaction, 42–56 yr olds, 922
cross-sectional & longitudinal & secular trends, track & field athletic performance, middle aged and older male athletes, 2545
death of parent vs spouse vs child, grief experiences, adults over 50 yrs old, 3310
demographic & psychosocial characteristics, female murderers with mean ages of 24.7 vs 47.2 yrs, 12919
EEG sleep patterns & REM activity, 54–84 yr olds with dementia vs depression, 8080
emotional adjustment, 49–51 vs 52–55 yr old females, 5454
extent of drug use & misuse, Ss 55 yrs old & older, 7948
incidence of sleep-related breathing disorders & underlying mechanisms, 55–70 yr old males, 10622
issues in mid-life career counseling, 2212

life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
measurement & characteristics of sleep structure & patterns, 50–60 yr olds, 9698
opportunity structure at time of 1st job, occupational choice, middle aged males considering mid-career change, implications for career guidance, 9121
prompting & contingent social approval/disapproval, incontinence, 48–92 yr old nursing home residents, 13378
psychoanalytic view, midlife crisis & resolution of depressive position, 12484
psychotherapy, midlife depression, 48 yr old female, 10727
residence in retirement vs nursing vs independent homes & rural vs suburban vs urban communities, musical activity preferences, individuals 55 yrs & older, implications for continuing music education program planning, 8974
self perceived changes, sex role self concept at age 20 vs 45 vs 70, 17–29 vs 30–59 vs 60–85 yr olds, 12492
self perceived personality change during adulthood, males vs females with mean ages of 20.6 vs 47.8 vs 69.3 yrs, 12495
sex & age & rules defining REM periods, REM cycle measurements, 19–31 vs 50–60 yr olds, 2876
sex & primary drug problem & treatment environment, treatment outcomes, patients aged 55 or older in federally funded drug treatment programs, 13428
sleep & circadian rhythms & cognitive impairment, 52–70 yr old dementia patients with Alzheimer's disease, 10616
social club, loneliness & friendship, 50–70 yr old unattached females, 8489
stress & social support, survival from breast cancer, 15–45 vs 46–60 vs 61 yrs old & older females, 13017
sudden death vs following short term vs chronic illness, grief at death of close family member, adults with mean age of 52 yrs, 3469
support group led by nurses, depression, 40–60 yr old females, 4024
temporal isolation, temperature & sleep wake rhythms & sleep stages, 23–30 vs 53–70 yr old males, 9758
visual vs auditory presentation, interference in acquisition of abstract vs concrete sentences, 18–27 vs 34–45 vs 62–76 yr old males vs females, implications for imagery vs mediational strategy, 10024
workshop participation, change in attitudes toward aged, middle aged adults, 2010

Middle Class
ability to obtain desired relevant information during encounters with obstetricians, lower vs middle vs upper class pregnant females, 10923
childbirth preparation, birth-related attitudes & experiences during childbirth, working class vs middle class 15–38 yr old mothers, 8620
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
Western psychological trends, bourgeois concepts of personality formation, USSR, 12737

Middle Ear
stapedial muscle motor neuron distribution, male chickens, 7376

Middle East
development of speech test for speech audiometry, students, Saudi Arabia, 2352
patrilateral parallel cousin marriages, birth rate & divorce, Muslim community, Lebanon, support for Westermarck hypothesis, 12554
social psychological assessment, prospects for Israeli-Palestinian peace, Y. Arafat, 12571

Middle Income Level
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544

Middle Level Managers
assessment center predictions & career progress 7 yrs later, female middle level managers, longitudinal study, 6852
audio vs audio-video teleconference & cooperative vs competitive tasks, perceptions of equipment & performance of self & others, middle & senior managers, literature review, 6817
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
leadership style & organizational climate, career success, mid-level executives, 11372
Least Preferred Coworker & Four Factor Theory of Leadership Scales, midlevel executives, 142
perceived importance of different job skills & roles, job performance, top- vs middle- vs lower-level managers, 4513
values as assessed by Management Values Inventory, middle level managers with median age of 35 yrs vs organizational development consultants with median age of 34 yrs, 11385

Migraine Headache
autogenic feedback, migraine headaches, 12 & 14 yr old females, 13231
autogenic vs EMG vs autogenic thermal biofeedback, migraine headache, 5-yr study, 10815
biofeedback & development of psychophysiological profile & disregulation of migraine headaches, female chronic sufferers, test of hypothesis by F. Schwartz, 10817
complex migraine headaches associated with aphasic episode, 14 yr old male, 13066
contingency management, 6 yr old female with infantile migraine, 10810
expectation of improvement with relaxation vs biofeedback vs social skills training & drug therapy vs psychotherapy, improvement, migraine headache patients with mean age of 36 yrs, 13095
personality profiles & physiological response patterns to stress, 20–50 yr olds with long-term migraine histories vs psychosomatic disorders, 8311
relaxation & psychological stress, psychophysiological responses, muscle contraction & classic & common migraine headache sufferers with mean ages of 37 & 41 & 42 yrs, 5954
relaxation training & thermal biofeedback, migraine headaches, 11 yr old male, 8519
self control & social desirablity & headache pain, females with migraine with or without muscle contraction headaches with mean age of 39 yrs, 3695
self control skills in biofeedback training, migraine headaches, literature review, 8520
stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273
temporal artery vasoconstriction biofeedback vs cognitive behavioral stress coping training, chronic migraines, patients with mean age of 42 yrs, 1-yr followup, 3920
vasoconstriction biofeedback, treatment of migraine headaches, 10799

Migration (Human) [See Human Migration]

Migratory Behavior (Animal)
age & sex, seasonal relations of nesting & molt & migration, red-winged blackbirds, 12025
body weight & rate of weight gain & length of stopover, migrant white-crowned sparrows, 363
constant compass heading vs reorientation during autumnal migratory flight indicated by computer simulation, birds, North America, 12061
descriptive radio-tracking study of movements related to home range, foxes, longitudinal study, 2735
extralimited sighting in Bermuda, Siberian flycatcher, 12068
freezing seawater temperature, migratory behavior & physiological changes, cold-water fishes, literature review, 9575
geographic origin, emigration responses to temperature, wild fruit-flies, Japan, 9607
olfaction & orientation, navigation, pigeons, criticism of J. L. Gould's article on homing mechanism, 414
olfaction, navigation, pigeons, criticism of J. L. Gould's findings, 358
olfaction, navigation, pigeons, criticism of J. L. Gould's negative findings, 399
olfaction, navigation, pigeons, reply to criticism by H. G. Wallraff & S. Benvenuti & F. Papi of author's findings on homing mechanism, 371
overland & long distance movements in winter distribution, clapper rails, 11991
plasma & tissue fat & carbohydrates & metabolic state & long distance migration, gray catbirds, 12138
1st orientation flight, dendritic spine stem shortening, newly emerged honeybees, 432

Mildly Mentally Retarded [See Educable Mentally Retarded]

Milieu Therapy [See Therapeutic Community]

Military Desertion [See Antisocial Behavior]

Military Officers [See Commissioned Officers]

Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Navy Personnel, ROTC Students]
developmental changes & maturation occurring during military service, soldiers, Israel, 7693
drug abuse as adolescent misbehavior, military personnel, 12894
family therapy approaches, families of soldiers who were patients in psychiatric unit, Israel, 13216

feeling of helplessness & loss of narcissistic defense & fear of loss of life, cause of combat exhaustion, 13080
geographic distribution & need for & availability of mental health services, 5–17 yr old military dependent children, 10951
immaturity & reactivation of parental conflict & drug & alcohol abuse & suicidal gestures as adjustment problems, military recruits, 10311
laboratory rating vs field effectiveness & user acceptability, hearing protectors, military personnel, 6885
measurement of effectiveness & user acceptability, hearing protection, military personnel, 6877
prevalence & physical & social & work consequences, alcohol use, US military personnel, 10215
scientific facts & figures &/vs purpose & social interactions & human values, officer selection procedures, military psychologists, 9136
stress of military service in World War II, war pension for resultant ischemic heart disease, reply to C. Tennant's criticism of Administrative Appeals Tribunal decision, literature review, 11339
stress-related anxiety symptoms & physiological arousal & psychiatric illness, military aircrew, selection & assessment & training implications, 10349
US Department of Defense plan, health care, military personnel, 1690
vulnerability to & prevention of combat fatigue & shock, soldiers at war, Israel, 8116
wearing of protective masks during chemical warfare training, psychological symptoms & behavioral problems, military personnel, 12751
Military Psychology
command consultation model, community mental health activities, 10949
research trends in military psychology, 1980's, 4439
scientific facts & figures &/vs purpose & social interactions & human values, officer selection procedures, military psychologists, 9136
Military Training
method & task & ability variables, retention of training for military tasks, US Army personnel, literature review, 9139
methodological problems & interview strategy & criteria dimensionality & purpose of interview validity & reliability, female officers who interviewed 20–77 yr old female candidates for officers' school, 11365
numerical basic skills curriculum guide, US Naval academic remedial training or apprentice training, 6829
predictive validity of flight selection test, UK Royal Air Force pilot candidates, 9138
programed instruction in mountain hiking safety, safety-related behavioral intentions & influence of social environment, military cadets, 2228
relationships with classmates, flight training dropouts, Japan, 2223
remediation program, completion of Advanced Individual Training, learning disabled 21 yr old soldier, 2225
static tactical displays depicting target motion to left vs right, response time for inference of direction of relative motion, experienced naval officers & inexperienced Ss, training implications, 4844
stress-related anxiety symptoms & physiological arousal & psychiatric illness, military aircrew, selection & assessment & training implications, 10349
training effectiveness evaluation of Advanced Fire Fighting Training System, US Navy firefighters, 13719
use of Miner Sentence Completion Scale to predict turnover, US Military Academy & Officer Candidate School students, 13717
Visual Technology Research Simulation, carrier-landing training, experienced military pilots, 9143
wearing of protective masks during chemical warfare training, psychological symptoms & behavioral problems, military personnel, 12751
Military Veterans
acute onset of combatlike stress symptoms & aggravation by conflicts similar to original trauma, 55 yr old World War II veteran, 8118
anxiety due to combat stimuli presentation, assessment of posttraumatic stress disorders, Vietnam veterans with vs without posttraumatic stress, 12837
comprehensive psychosocial services in veterans centers, posttraumatic stress disorders, Vietnam veterans, 1718
drug therapy & narcoanalysis, posttraumatic stress syndrome, 3959
etiology & diagnosis & treatment of posttraumatic stress disorder, Vietnam veterans, 1184
etiology & symptoms, posttraumatic stress syndrome, Vietnam combat veterans, implications for social work, 8132
factitious posttraumatic stress disorder, 29–37 yr old males, 12873
home use of tape recorded progressive muscle relaxation exercise, tension headaches or chronic anxiety or borderline labile hypertension, male veterans, 3932
individual psychotherapy, posttraumatic stress disorders, Vietnam veterans, 1509
IQ & subtest scores on WAIS vs WAIS-R, male military veterans with mean age of 52 yrs referred for neuropsychological evaluation, 124
issues in readjustment to civilian life, Vietnam veterans, literature review, 1154
nature & incidence of stress disorders, Vietnam veterans, criticism of methodology used by P. Thienes-Hontos et al, 12780
nature & incidence of stress disorders, Vietnam veterans, reply to E. Carroll's criticism of author's methodology, 12882
phases of transference & countertransference in group psychotherapy, Vietnam veterans wih posttraumatic stress syndrome, 8470
posttraumatic stress disorder, Vietnam veterans, 1178
social density, stress reactions, 24–37 yr old Vietnam veterans living in metropolitan vs nonmetropolitan vs rural areas, 12816
use of "induced" life review in occupational therapy, 81 yr old disabled veteran, 13402
VA hospital therapeutic community program, posttraumatic stress disorder, Vietnam veterans, 1778
Minimal Brain Disorders
biochemical & behavioral observations, attention deficit disorder, 33 yr old male, 6016
childhood minimal brain disorder & hyperactivity & familial alcoholism & alcoholism severity & psychopathology, male VA alcoholic inpatients, 10445
concept & etiology of borderline conditions, children, literature review, implications for relation to learning disabilities & minimal brain dysfunction, 10409
enrichment program in kindergarten, psycholinguistics & psychomotor & visual perception & social skills, preschoolers with minimal brain dysfunction, longitudinal study, 13647
Hamburg-WISC, diagnosis of minimal brain dysfunction, behaviorally disturbed 10 yr olds, 10609
heredity & neuropathogenic & psychosocial background factors, minimal brain dysfunction, 7 yr olds, 5969
incidence of minimal brain dysfunction, 18–25 yr old psychiatric inpatients, 5745
new norms for German adaptation of WISC, criteria for children with dyslexia & minimal brain dysfunction, 7069
postnatal severe anoxia, motor activity, rats, implications for biochemical & pharmacological basis of hyperactivity, 12207
psychiatric abnormalities, 7 yr olds with attention deficits & motor/perception dysfunction, Sweden, 13019
Minimally Brain Damaged
discrimination of aligned vs mirror reversed same vs different letter pairs presented to left vs right vs both hemispheres, 7 yr old males with tendency to confuse written symbols, 13008
Ministers (Religion)
etiology & diagnosis & prevention, burnout, ministers & other committed persons, 12515
religiosity & locus of control & perceptions of mental illness & pastor's role & church activities, mental health & choice of helping person, 13–77 yr old Puerto Rican vs Black members of the Pentecostal Church, 5513
role & training in long term counseling, pastors, response to R. L. Krebbs's article, 10984
role in referral & pastoral & group consultation & use of written communication, pastors, 10967
self help concept & use in bereavement & theological implications & alternate mode of ministry, Compassionate Friends, parents whose children have died, 13213
stepwise multiple regression & ANOVA, identification of factors predictive of pastors' openness to interaction with counseling service, 12533
suggested outline of Christian premarital sex counseling, ministers & counselors, 4043
Minks
laminar segregation in lateral geniculate nucleus as measured by extracellular ON & OFF recordings, male minks, 460
Minn Multiphasic Personality Inven
acculturation, MMPI performance, Chicano vs Anglo college students, 7864
catheterization stress, blood platelet count, myocardial infarction patients vs noncoronary Ss with high vs low scores on Hypochondria & Depression & Hysteria MMPI scales, 4008
changes in MMPI indices of psychopathology, 16–70 yr old abstinent vs periodically drinking alcoholics, 4-yr followup, 1261
concurrent validity of MMPI Overcontrolled Hostility scale, assessment of assaultiveness, male psychotic inpatients, 11725

construction & validity of MMPI Gender Dysphoria subscale, males with vs without gender identity, 82
construction & validity of MMPI overlap item scales, psychotics vs neurotics, 11676
corrected profile for multiple sclerosis-related symptoms for MMPI, 19–61 yr old multiple sclerosis patients, 7050
DSM-III vs MMPI D scale vs Beck Depression Inventory, diagnosis of depression, alcoholics, 4762
effectiveness of MMPI Hs-Pt index, discrimination between brain disorders & functional disturbance, 17–64 yr old male patients, 9391
ego resiliency & control as sources of variance in MMPI profiles, 32–42 yr old males, 7041
ethnicity, MMPI personality differences & symptoms, 16–70 yr old Black vs White vs American Indian psychiatric inpatients, 12778
expression of depression on MMPI D scale, 20–39 vs 40–59 vs 60 yrs old & older psychiatric patients, 3525
factor analysis of Overcontrolled Hostility Scale of MMPI, male prisoners with average age of 29.2 yrs, 9389
health locus of control & MMPI-assessed personality variables, alcoholic inpatients with mean age of 46.6 yrs, 10482
hierarchical clustering of MMPI profiles, female pain patients, replication of experiment by C. K. Prokop et al, 4819
institutional behavioral adjustment measures vs MMPI, prediction of recidivism, 17–40 yr old male felons paroled from institutional behavior modification program, followup study, 1853
intercorrelation of Rorschach & MMPI scores, female college students, 7011
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
MMPI & SCL-90 test results, clinical evaluation of patient ego strength & motivation for change, patients selected for short-term anxiety-provoking vs brief vs insight group therapy, 1541
MMPI content scales, differential diagnosis, brain damaged vs psychiatric patients, implications for J. S. Wiggins's study, 2439
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
MMPI profile clusters, coping & pain behaviors, low back pain inpatients, 5996
MMPI profiles & severity of brain damage & neuropsychological assessment, 17–64 yr old patients with known or suspected brain damage vs mental health outpatients, 7077
MMPI profiles, suicidal vs nonsuicidal depressives, 3585
MMPI profiles, 20–40 yr old male veteran inpatients with diagnosis of borderline personality disorder, 108
MMPI similarities & differences, bulimic females with mean age of 25.3 yrs & female alcohol & drug abusers with mean age of 26.5 yrs, 10315
MMPI-168 factor score profiles, 20–60 yr olds with diagnosis of schizophrenia vs depression vs personality disorder, 12833
OBD-168 vs MMPI, assessment of emotional adjustment to cognitive deficits, 16–69 yr old traumatic brain injured inpatients, 9373
obvious vs subtle subscales of MMPI indicating malingering vs random response protocols, implications for interpretations of malingering, 2460
overcontrolled hostility, faking good & bad adjustment on MMPI, male patients in maximum security psychiatric hospital, 12857
personality traits as assessed by MMPI vs California Psychological Inventory, mildly retarded adolescents & young adults with mean age of 21.6 yrs, 12967
reliability & validity & standardization, MMPI scales, adolescents, 4809
revision & evaluation & reliability & validity, MMPI, China, 7051
scores on Rotter's Internal-External Locus of Control Scale & Mini-Mult MMPI, obese vs nonobese American Indians vs Whites with mean age of 29 yrs, 2456
stable behaviors associated with high-point depression MMPI profiles, nonpsychiatric employed males, 4-yr longitudinal study, 7004
Test-Retest Index, rating of consistency of MMPI responses, male psychiatric inpatients with high MMPI F scale scores, 2421
use of MMPI in clinical training programs, clinical psychology program directors, 6512
usefulness of Arnold's Signs of MMPI characteristics, examination of marital discord, spouses, 2452
utility of empirically derived MMPI criteria, diagnosis of schizophrenia, 14–19 yr old hospitalized patients, 3561
validity, MMPI alcoholism scales, alcoholic psychiatric inpatients, critique & reanalysis of C. B. Holmes et al's study, 7033
validity of computerized MMPI interpretive system, 7046
validity of MMPI Dependency Scale, assessment of dependency & relation to patient characteristics & other variables, psychiatric patients vs nonpatients, 9308
validity of obvious vs subtle MMPI Paranoia subscales, prediction of paranoid behavior, male college students, 7037
voice-operated administration method, MMPI, patients with limited hand function, 4722
WAIS Verbal IQ & MMPI measures of organicity, psychiatric patients with mean age of 53 yrs, 113
Wiggins MMPI Content Scales, discrimination of brain damage, brain damaged vs non-brain-damaged schizophrenics with mean age of 31 yrs, 112
Minor Tranquilizers [See Also Chlordiazepoxide, Chlorprothixene, Oxazepam]
alprazolam vs lorazepam, anxiety, 18–60 yr old anxious psychoneurotic outpatients, 10871
buspirone vs diazepam vs clorazepate therapy, anxiety, outpatients, 6250
buspirone vs diazepam vs clorazepate therapy, side effects, patients, 6275
clobazam, anxious outpatients, 1633
diazepam vs clorazepate vs buspirone therapy, drug interactions & side effects, patients, 6249
Minority Group Discrimination [See Social Discrimination]
Minority Groups
accuracy in perceived consensus for attributes, majority vs minority status college students, 10276
considerations for successful counseling, minority group clients, literature review, 4053
cooperative vs individualistic learning experience, achievement & interpersonal attraction & giving/receiving help & attitudes, minority & White 4th graders, 6612
costs of occupational licensing, minorities, 13452
early outreach program, preparation for entry into health professions schools, disadvantaged & underrepresented minorities, 6623
efficacy of System of Multicultural Pluralistic Assessment & cultural bias of WISC-R, minority students, educational implications, 2161
majority vs minority influences, creative problem solving, male college students, 10249
opportunities & barriers in rehabilitation, disabled &/or minority females, 1833
participation in postsecondary education, females & minority faculty, 11175
problems of conducting cross cultural research, 12624
psychosocial identification & rigidity vs flexibility, social influence, 15 yr old male college students, 1058
racial consonance vs dissonance in social environment, perceived racial discrimination & self esteem, Blacks vs Whites vs Mexican Americans, data reanalysis, 7857
recruitment & retention of minority faculty members, graduate departments of psychology, 4201
role in assessment & treatment of language disorders in minority language children, monolingual speech-language pathologists, 5930
social isolation from political information, male vs female nursing students, 8858
sociocultural factors, long term care delivery, minority aged, 11009
tolerance of political rights of Israeli Arabs, adult Jewish citizens, Israel, 952
Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]
Mistakes [See Errors]
Mnemonic Learning
efficacy of memory training, 51 yr old male with severe memory deficit following bilateral stroke, 11045
elaboration vs mnemonic story condition & organization of internal cues & encoding specificity, free recall, college students, 4959
encoding constancy vs variability produced by use of 1 or more mnemonic devices & semantic context & semantic-orienting tasks, memory performance, college students, 2664
instructions to retrieve mediator from interactive pictures of paired associates, recall of paired associates, preschoolers & kindergartners, 5390
memory training following evaluation on mini mental status exam, memory improvement, dementia patients over 60 yrs of age, 8783
verbal rehearsal vs visual imagery, reading comprehension, learning disabled children with mean age of 8.9 yrs, 10527

Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility Aids
age & sex & other handicaps & visual factors & use of guide dog & age of onset & travel experience, mobility, former clients of Mobility Training Program at New York Lighthouse, 1848
development of Computerized Travel Aid for blind persons, 9282
genetics of traits & suitability for work as guide dogs for blind persons, dogs, implications for selective breeding, 7298
Night Vision Aid vs Wide Angle Mobility Light, orientation & mobility assistance, legally blind 25–82 yr olds with night blindness, 9274
system of audio speakers & pressure-sensitive mats to teach travel routes within workshop facility, multiply handicapped blind 28–58 yr olds, 8779
training to perform as aide to quadriplegic, 8 yr old female capuchin, 8781
use of Sonicguide & Laser Cane, obtaining & keeping job, visually handicapped, 8755
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Medical Model]
accession from memory & direct behavioral vs indirect nonbehavioral experience in attitude formation, process model of attitude-behavior relation, college students, 12702
action oriented teaching-learning model for psychology instruction, 8970
action-lifestyle model of vocational behavior, 13713
analog vs digital models & clinical method vs experimental research, psychology, 6979
attribution theory models of organizational behavior, literature review, 13767
autoshaping & response production & association & old vs recent performance models, classical conditioning, literature review, 6920
biological & organizational & sociocultural models, sexual harassment at work, federal employees, 6873
body & head movement, smooth pursuit & saccadic & vestibulo-ocular eye movements, humans, adaptive control model for gaze control, 4874
capacity model to resolve problems in shadowing technique, relationship between selective attention & memory, confirmation of D. A. Norman's late-selection model, literature review, 4963
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
categorical & dimensional diagnostic models in psychological research, 1152
causal model, antecedents of change in aspects of intellectual ability & personality & self perception of change, aged with mean age of 69 yrs, 2-yr longitudinal study, 9922
central place foraging & test of G. H. Orians' & N. E. Pearson's model, white-fronted bee-eaters, Kenya, 2749
characteristics of US decision making during Cuban missile crisis, implications for development of organizational decision making model, 11399
circumplex model of D. H. Olson, conceptualization & operationalization of workshop design in family life education programs, 8642
Circumplex Model of marital & family systems, clinical implications, 13217
Circumplex vs Beavers models of family systems, implications for clinical usefulness, 13204
classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
cognitive & affective & behavioral model, development of faith, 5328
Cognitive Systems Engineering approach to description & analysis of man-machine systems, adaptive cognitive vs mechanistic systems view, 11454
cognitive-social learning model & methodology for social skills training, children, literature review, 3904
collaboration between therapeutic & correctional systems, treatment, drug offenders, Australia, support for Milwaukee Model of F. A. Aprill et al, 11094
communication variables, multiple indicator model for prediction of organizational effectiveness, 11418
comparative judgments with numerical reference points, college students, implications for K. J. Holyoak's distance ratio model vs subtraction model, 11866
comparison of hierarchical vs additive clustering models of similarity, 11737
comparison of methods of studying group decision making through talk analysis, college students, 5619
comparison of models & formulation of attributional models, social support system, 12622
computer simulation model of pedestrian behavior, walkway design, 2357
conceptual model based on expectancy theory, choice to use decision support system, college students, 11525
conceptual model of dynamic pattern underlying marital conflict & intimacy, 5529
conceptual model of occupational stress, teachers, 4255
conceptual model of pension claiming behavior, perception of need & utility of benefit & stability of situation & feelings about outcomes, 60–96 yr old pensioners, Scotland, 3273
conceptual model, patterns of staff organization & utilization & meanings of "doing a good job", staff of urban vs rural mental health centers, 8647
conditional reasoning tasks, reasoning process, 16–20 yr old males, implications for open vs closed models of conditional reasoning, 7725
confluence model of cross cultural data, family configuration & intelligence, comment on R. B. Zajonc & J. Bargh's study, 6994
connectedness & network integration models, communication network involvement, US Navy training facility, 4545
construct validity & structure of R. A. Hogan's model of counselor development & supervision, university counseling center staff & interns & trainees, 6518
construct validity of career maturity model of J. O. Crites as measured by Career Maturity Inventory Attitude Scale & Competence Test, 9th–12th graders, 4382
construction of normative speech model, complex systems operator, 9183
consumer construction & implementation of continuing education model, health & mental health administrators, 1944
contingency model of participative decision making in organizations, 4535
controversy over Harzburg Model of managerial leadership, West Germany, 13742
course & consequences & cognitive & emotional & behavioral effects of doctor-patient relationship, application of T. Tomaszewski's depiction of situation as system of values & possibilities, 10681
critical appraisal of behavioral marital assessment & interactional model of behavior, literature review, 12552
criticism of economic model of criminal behavior & punishment, 8185
criticisms of C. A. Terzuolo & P. Viviani's central control model of timing in typing, professional typists, 200
decision situation framing & information availability & potential nontransitivities of contextual relation, regret models of judgment & choice, 4926
deficit-discontinuity vs conflict-continuity model of schizophrenia, psychotherapy & therapist training, 13167
definitions of various types of instructional theory & model of learning based on theory of constructive operators, 1964
degree of direct service involvement & type of caseload & control of services & resources, case management, mental health workers, 4040
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
description of SAGE computer program, adaptive production system model of strategy learning, 9269
descriptive model of visual search, 21–29 yr olds, 2593
design & use of decision making process model, sexual decisions, adolescents, 7802
development & application of individual choice model, demographic & sociocultural factors which influence type of crime committed, 10–18 yr olds charged with property offenses, 3597
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
development & test of model for prediction of group consensus in choice dilemma situations, 7954
development of school counselor evaluation instrument, linking pin model of leadership & communication, 13514
developmental model for prescriptive educational assessment & programming, educationally subnormal children, 13637
difference-equation models of like-gene selection & altruism, 12076
dimensions & typology of sick role & potential role of social work, chronically & terminally ill, review of evidence for classical Parsonian model, 3713

discussion of C. Jencks et al's criticisms of W. H. Sewell et al's Wisconsin model of occupational & educational status attainment, measurement error & evaluation of goodness of fit, literature review, 10040
distinction between risk & uncertainty & ambiguity in risky choice & risk preference & planning & goals & aspirations & economic model, psychological concept of risk, 4972
economic factors & causative model, prediction of mental health services utilization, rural Appalachia residents, 4014
epistemological models in psychoanalysis, 13141
evidential validity of F. E. Fiedler's contingency model for male vs female leaders, West Point cadets, 5636
evolution of social interaction & altruistic behavior, density-dependent mortality, animals, 2720
examinee judgments, model for detection of ambiguous or misinterpreted items on teacher-made criterion-referenced tests, college students, 9109
excellence as personality variable, mediation between attitude toward & intention to enter master's program in business administration, new students, support for predictive effectiveness of multiattribute attitude model, 13612
expectancy vs self efficacy models of occupational preferences, male vs female college students, 4472
experimental model for testing R. Sheldrake's theory of formative causation in rats, 7223
experimental results & models & research strategies relevant to cognitive processes in user interfaces, computer languages & programing & problem solving & editing & displays, literature review, 4660
factors affecting job-person relationships, design of developmental work systems, 13754
Fiedler contingency model of leadership effectiveness, reply to criticism by R. P. Vecchio, 5639
framework for organization of approaches to supervision, supervisors of psychotherapist trainees, 8857
framework for understanding & design guidelines for interventions, social problem solving, residents & corrections officials involved in implementation of Minnesota Community Corrections Act, comment by C. L. Chiles & author's reply, 12574
generality of retention interval model of performance differences between anticipation & study-test methods, paired associate & verbal discrimination learning, 7189
genetic model of sex-linked differences in field dependence-independence, 12743
genetics, personality, test of simplifying path model, 10283
goodness of fit test for Rasche model through subgroup formation using latent class analysis, 7082
group membership & attachment at cue & ambiguous vs unambiguous cue, group affiliation at exit from burning building, survivors of 1973 leisure complex fire, support for affiliative model, 11477
guilty knowledge technique of mock crime enactment, GSR response on polygraph, 36 yr old male with pseudologia fantastica, 8221
health belief model, contraceptive use, female adolescents, 9917
Health Belief Model, noncompliance to medical treatment, implications for role of liaison psychiatrist, 13318
hierarchical models of motivation, adaptation to work, employees, 6868
identification of stimulus noise & criterial noise in absolute judgment tasks, college students, support for stimulus integration model, 11834
indicator- & institution-specific models & systemic-structural model, indicators of individual & social welfare & relation to social structure, review of factor analytic studies, 7853
instructional media selection models, literature review, 4297
integration & synthesis of interpersonal & intrapersonal & extrapersonal & transpersonal aspects of education, conceptual model for special education, 2094
integrative model of self change of smoking habits, Ss with mean age of 40 yrs, 6480
interactive model of learning vs andragogical model of learner, college reading programs & role of reading specialists, 13595
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
lack of relationship between reinforcement rate maximization predictions & performance & ambiguous results from VI choice procedures & logical & mathematical problems, criticism of A. I. Houston's work, 7242
lexical vs nonlexical automatic access to phonology, visual word recognition, college students, 2559
limited binaural additivity model, contralateral binaural inhibition for interaural intensity differences that exceed critical level, adults, criticism of work of W. J. Levelt et al, 4889
linear logistic latent-trait model, measurement of change, 2500
linear vs nonlinear models, magnitude estimation of temporal intervals, 9394
marketing applications of models of choice behavior proposed in economics & social psychology & psychology, critique of articles by E. Silberberg & A. R. Davidson & D. M. Morrison & L. R. Beach, 6895
McMaster diagnostic model of family functioning, 5528
measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
mental representation of movement in animation sequences, humans, 2585
meta-analysis of studies testing F. E. Fiedler's contingency model of leadership effectiveness, criticism of conclusions of M. J. Strube & J. E. Garcia, 1113
methodological problems in definition & models of institutional limits, 4531
methodological problems in questionnaire research on H. H. Kelley's ANOVA model of attribution processes, literature review, 7982
mixed vs blocked frequency presentation, lexical decision RT, 17–36 yr olds, test of serial search vs 2-dictionary vs parallel model of lexical access, 7160
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
model, clinical reasoning during assessment of physically disabled, occupational therapists, 1857
model, development of mechanisms used for assessment of visual location, 4885
model, early youth career pattern effects on later careers, 14–24 yr old males vs females, 4469
model for analysis of interpersonal conflicts, 7959
model for church involvement in community mental health, 13330
model for creativity training, gifted students, 2104
model for family impact analysis in social work, application in assessing public policy, 8702
model for generation of hypothetical examples of handicapped mainstreamed students' experience, sensitization of nonhandicapped students, 13659
model for identification of potential rehabilitation failures, 26–34 yr olds, replication of authors' previous study, 1869
model for integration of patient services during transitions between hospital & community mental health care, 3997
model for long term intensive treatment in general hospital psychiatric unit, borderline patients, 13380
model for multidisciplinary training & education in hospitals, geriatric medicine, 6493
model for overcoming passivity in classroom, questioning & integrative & synthesizing attitude & formation of core question, 6709
model for single-object visual motion detection, 7128
model for teaching ethics, family practice residency, 8913
model for training in influencing skills & confrontation, counselor trainees, 1929
model for training peer counselors, outreach & self help preventive mental health program, aged, 10963
model nets composed of neuron-like elements, simulation of muscle control signals in locomotor movements, 9285
model of & experimental data from visual spectral sensitivity of chromatic mechanisms, detection of middle & long wavelength lights, 4882
model of choice behavior, consumers, 6905
model of choice behavior, consumers, comments on H. C. Triandis's article, 6901
model of concept attainment using continuous values as defining attributes, 11893
model of consultation with teachers, school psychologists, 4247
model of developmental process, self identity formation, lesbians &/vs feminists, 7929
model of emotions deriving circular ordering of primary emotional categories from postulated underlying dimensions of hedonic & autonomic arousal, 2665
model of functional behavioral analysis in natural settings, literature review, 6959
model of group therapy based on Gestalt theory, 21–43 yr old schizophrenics, 6182

model of hierarchically controlled execution of finger movement sequences, 35–45 yr old right-handed females, 4856
model of importance of work, 9130
model of information search behavior, new automobile purchasers, 2296
model of intellectual growth, mentally retarded, 5915
model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290
model of multiple threshold pay-off matrix for probability estimation, support for signal detection theory of visual perception, 11794
model of number of grocery stores visited & lower purchase costs, consumers, 2285
model of personnel system integrated into larger system, job analysis & sequential model of human resource planning, 9151
model of premarital intercourse & contraceptive use, female adolescents, literature review, 10087
model of professional consultation, 11134
model of response choice & information processing, analogy & series completion & classification induction tasks, college students, 7179
model of situation perception in compliance-gaining situations, factor analysis of extant studies, college students, 5610
model of task-relevant abilities & turnover, employees, 13763
model of worker development & outline & graphic representation of performance appraisal system, 9145
model, person-environment compatibility, 9193
model, prediction of effectiveness as research leader, 26–60 yr olds, 2236
model which integrates living conditions & quality of health care, physical & psychological well-being, children & their families & pediatricians, 3147
model which integrates theoretical perspectives & treatment methods, family therapy, 3874
models & analysis of catching skills, 34–36 week olds, 5406
models & cerebral mechanisms, slow & rapid ocular movements, literature review, 5099
models, decision making experimentation, social psychologists, literature review, 5611
models for guiding organization development, students, 4313
models for prediction of odor intensities of mixtures, 2576
models, information search & choice behavior, consumers, 6898
models, information search & choice behavior, consumers, comment on R. J. Meyer's article, 6897
models, mental health service delivery, prisoners in local jails, 6448
models of & theoretical orientations & psychobiological conceptualization, creative process, 8060
models of cognitive control based on social learning vs propositional control theory, prediction of desire & intention & actual self disclosure, college students, 12749
models of data analysis & computer software for social sciences, 68
models of driver steering behavior & applicability to accident study, literature review, 1975–80, 2199
models of helping & coping during childbirth, health professionals, 13306
models of human O & controller & decision maker formulated according to linear estimation & control & decision theory, design & analysis of man machine systems, 13796
models of individual user characteristics, interactive computer software systems, 4691
models of learning disability, literature review, 1299
models of social desirability effects, organizational behavior research, managerial vs nonmanagerial employees in manufacturing & finance & state government, 9166
modified parallel analysis, detection of violations of unidimensionality that interfere with parameter estimation in item response models, 11736
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
multisymptomatic model of neuroses, obsessive compulsive & agoraphobic & socially inhibited & depressed patients, implications for diagnosis & behavior therapy, 12804
need for interactional model of psychopathology, 12797
need for research to identify factors in motivation & participation in occupational therapy, physically handicapped, comments on G. Kielhofner & C. Nelson's health belief model, 8769
needs satisfaction framework, evaluation of political & bureaucratic & professional & community organizational models based on degree of motivation, 22–32 yr old police officers, 2258
neurophysiological model of theoretical & actual primary senses of reality, adaptive/evolutionary significance, 5501
nonnegative variance component estimation in ANOVA models, application to generalizability theory, 9420
notion of centrally represented engrams in central control model of timing in typing, reply to criticisms by D. R. Gentner, 209
object relations theory, mental consequences of dramatic good fortune, patients thrown out of synchrony with internal milieu by gratification of social relationships, 13136
organizational goals & personal values, decision making, Black vs White managers, support for G. W. England's model, 13747
organizational vs care-process vs consumer-evaluation vs efficacy vs community-impact models, evaluation of mental health treatment, 4034
origins & objectives of groupwork approach in social work, Great Britain, 4042
panel attrition, parameters of structural econometric models estimated with consumer panel data, implications for market research, 9206
partial bivoltinism, model of evolution of sex ratios, various insect species, 9611
perceived dimensions of attributions for loneliness, college students, test of B. Weiner's model, 299
performance feedback, extrapolation of constant velocity & acceleration trajectories, college students, evidence for nonveridical internal model, 4915
personal & interpersonal power, model of organizational power & control, 11430
personal history of pain & coping strategies, college students, test of fear-avoidance model of exaggerated pain perception, 13081
personality models in interactionism & situationism & psychodynamic & trait psychology, research & theory development implications, 12701
population density, fertility, test of spatial autocorrelation model & reanalysis of data on pathology by O. R. Galle et al, 10112
potential role of perceived orientation of lines in studies of estimation of intersection point of 2 converging line-segments, 9478
practice, strength &/or acquisition rate of McCollough effects, Ss with superior color discrimination ability, evidence against M. Schmidt's learning model, 7137
prediction of proportion of masters in given population using criterion referenced tests, critique of A. Hamerle's presentation of J. A. Emrick's model, 6814
predictive accuracy of statistical vs actuarial models for evaluation of results on WAIS & Halstead-Reitan Neuropsychological Test Battery, lateralization of brain damage, brain damaged vs schizophrenic patients, 79
predictive validity of V. Tinto's model of withdrawal, college students at residential vs community 2- vs 4-yr institutions, 13689
preference tree model of choice behavior, marketing applications, comments on article by A. Tversky & S. Sattath, 6896
preference tree, probabilistic choice model, 4933
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248
primary prevention Gestalt oriented model, failure, students, Israel, 4272
probability models of credibility for strategic nuclear deterrence systems, 6819
problems in assessment of models in historical linguistics analyses, 724
problems with H. H. Kelley's ANOVA model of attribution, literature review, 1077
process model, internal corporate venturing, managers at various levels of diversified major organization, 11375
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
proposed flexiform model, structural design of professional service organizations, 13769
psychohistory & psychological models used to interpret historical situations & views of R. Musil, 11537
psychological vs sociological vs cybernetic vs systems models, systems theory/model, counseling & psychotherapy research, 3827
psychosexual stages of attachment & separation as working model, dance therapy, 30 yr old female with back trouble & 17 yr old female schizophrenic, 10686
psychosocial factors in exaggerated pain perception, development of fear-avoidance model based on multidisciplinary treatment of chronic low-back pain, 13044

psychosomatic research & behavioral medicine & holistic health care & general hospital psychiatry & interdisciplinary collaboration & transformation of consultation model, consultation-liaison psychiatry, 4183
quantitative model of skewness of cohort variations of birth order distributions, 2491
rational voter & household investment/consumption perspective, economic model of voting participation, 1010
rationality of creative behavior, application of structure of intellect model to cognitive styles & creativity & empathy, 8016
reconstructed theory of socialization, integration of brainwashing & social drift models of religious conversion, 12528
relational control interaction, pairs of US Navy personnel, cyclical model of relational development, 10238
relations between cognitive structure & language, language prediction model & simulation using artificial intelligence, literature review, 12342
relative difficulty of concurrent bilateral tasks, performance tradeoffs, normal vs commissurotomy patient with bilateral language, test of perceptual interference vs resource limitation models, 2828
reliability of 4 quadrant model of self control, adjective checklist results, experts in Type A & East/West & sex role psychology, 4794
response & feedback functions, demand curves, criticism of S. E. Lea & R. M. Tarpy's economic equilibrium models of schedule behavior, 2709
retrieval of item vs category information, college students, implications for interactive model, 4904
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
revision of W. H. Sewell's Wisconsin model with identification of response error corrections, effect of social influences & aspirations on educational & occupational attainment, adolescents, followup study, 10054
role communication skill model as approach to skill-oriented training, counselors, 1911
role of psychiatrists & biopsychosocial model, family medical education, response to comments by G. Smilkstein, 8855
role-making of leadership of G. Graen, managerial dyads, 4518
self administration of ethanol vapor & tolerance & withdrawal, male mice, test of alcoholism model, 686
self set standards vs performance, self reward, college students, support for F. H. Kanfer's self regulation model, 11913
semantic similarity of names & commands, suggestiveness as implication of system actions, college students & computer programers, use of A. Tversky's model of featural similarity, 11457
sensory preconditioning as model of associative learning, literature review, 4616
short term group treatment approach, problem drinking drivers, 1891
signal detection model for 2 alternative forced-choice procedure of visual detection & identification, comparison with high threshold model, 4881
similarities in dreams & hallucinogenic drug states & schizophrenia & hallucinogenic drug model of psychosis, literature review, 12792
similarity in letter matching task, RT, college students, implications for single vs dual process explanations of performance, 7163
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
skills & rules & knowledge & signals & signs & symbols, design of human performance models, 13791
social & professional & conceptual models of aging, scientific & professional & patient care impact, 12371
social construction of reality model, social casework, 8685
statistical estimation method of M. W. Brown, evaluation of models of drug abuse, adolescents, 11742
statistical test for probabilistic conjoint measurement model for application in psychological testing, 2398
statistical vs medical vs learning models of alcoholism, 12899
stimulus frequencies, range-frequency model of absolute judgment, 11578
structural equation method used to evaluate 6 models, fertility & education & tastes & income & labor force participation, wives, 2488
structural equation model analysis, stability of competence, 30–48 mo olds at risk for mental disorder, longitudinal study, 5815
structural model of motivation based on social relationships between individuals, 1073
structural vs adaptational psychotherapeutic models for long term inpatient treatment, borderline patients, 13361
structure of intellect model of J. P. Guilford, description of & means & ranges for scores on 24 subtests of Structure of Intellect Test & applications in vocational guidance, 11699
Structure of Intellect test, assessment of abilities based on J. P. Guilford's conceptualizations of intelligence & prescriptions of remedial exercises & academic & vocational guidance, 11712
syntactic theoretical model of infant development & assessment procedure, 12361
systems paradigm for organizational adaptations to social environments, 13778
systems theory, organizational change model, 4543
task value & duration & deadline, decision making process in multitask situation, graduate engineering students, evidence for normative dynamic decision model for prediction of human task selection, 4922
teaching-learning model for psychology of women course, undergraduate seniors & graduate students, 6621
technical problems of unfolding model & proposed ordinal-linear approach, psychological market research, 6952
theoretical model & practical application, movement therapy, case report, 3783
theoretical model providing framework for research & practical action on problem of burnout & commitment, 4540
theoretical models of reading disabilities, 1283
theory & computer model, global structure analysis in early visual information processing, 53
traditional vs innovative approach, comprehensive model of counselor education, 8845
training task learned helplessness, anagram solving, depressed vs psychiatrically disturbed vs normal community residents, implications for learned helplessness model of depression, 12800
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
trimethadione vs chlordiazepoxide, antianxiety activity in drug discrimination & conflict tests & flunitrazepam receptor binding, male rats, 7562
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371
unitary system of notation for decomposition of population density concept & models of density decomposition, 2350
use of dynamic factorial model, statistical attempt to verify existence of "neurotic triad", 4721
use of lens model for research on curriculum advisement behavior, advisors to college students, 6782
use of praise in teacher-child interaction models, 6719
use of pretest market model, cost & risk of launching new consumer products, 11487
validity of A. Biglan's model, investigation of diversity in activities & attitudes, university faculty, 6572
validity of A. Tomatis's audio-psycho-phonology treatment & theoretical model, professional criticism, 10677
validity of compensatory & spillover models on employment status of wife, marital & job satisfaction, 19–62 yr old spouses, 5541
validity of confluence model, prediction of intelligence from birth order & family structure & parental IQ, 5694
validity of observational method for empirical testing of multiplicative combination rules with respect to measurement level & error, 4711
validity of self explicated vs Huber-hybrid vs traditional conjoint vs hybrid conjoint models, prediction of preferences for health maintenance organizations based on multiple attitudes, 22–64 yr old community residents, 9197
value of M. Taylor's model, analysis of teacher-pupil talk in 1-to-1 tutorials, pastoral tutor & secondary students, 9107
voice onset time & voiced vs voiceless syllables & within vs between category, discrimination of speech sounds, macaque monkeys, implications for models of speech processing & evolution of language, 7248
Western history & current models & treatment & empirical methodology, pain, literature review, 13123

word regularity & consistency, use of visual vs phonological stimulus codes in lexical decision & word naming tasks, college students, support for dual-access vs activation & synthesis models of word recognition, 2609
word specific timing patterns & multiplicative rate constant in central control model of timing in typing, comments on reply by P. Viviani & C. A. Terzuolo, 199
work rehabilitation model, placement as volunteers in community agencies, mental health clients, 4033
workshop emphasizing transactional analysis concepts, parenting skills, parents & others involved in child care, 8487
3-stage interaction model, student teachers, 8957
Moderately Mentally Retarded [See Trainable Mentally Retarded]
Mohave Indians [See American Indians]
Molindone
injectable molindone vs haloperidol, acutely agitated schizophrenics, 1667
Mollusca [See Also Octopus, Snails]
chemical defense mechanisms for escape from predators, nudibranches, 9572
cyclic adenosine monophosphate-dependent protein kinase, input resistance & voltage-dependent potassium current in type B photoreceptors, nudibranch Hermissenda crassicornis, 5183
lesion of serotonergic metacerebral cells, biting responses & food arousal, aplysia, 7552
neuronal mechanisms underlying locomotor movements, molluscs, 5053
predation on mollusks, snail kites, Colombia, 12056
serotonin, behavioral state changes & spontaneous behavior & feeding, gastropods, 5234
voltage response changes during retention of associative learning of eye photoreceptor cells, mollusks, 489
Monetary Incentives
accuracy/incentive vs speed & accuracy/incentive value of visual stimuli, event-related potentials, adults with mean age of 25.8 yrs, 2877
conceptual model of pension claiming behavior, perception of need & utility of benefit & stability of situation & feelings about outcomes, 60–96 yr old pensioners, Scotland, 3273
financial incentive program, reduction of vandalism, elementary & secondary schools, 8998
monetary contingencies & social milieu, weight loss, 23–51 yr old coworkers, 8504
monetary task incentive, heart rate & blood pressure & skeletal muscle vasodilation & task performance, Type A vs Type B males, 2878
social policy & social practice issues surrounding subsidization of adoption, paid parents, 3340
Monetary Rewards
ability &/vs effort &/vs performance, perceptions of justice of equal vs unequal allocations of monetary rewards, 12681
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
amount & immediacy of reinforcement, self determined performance standards, 7–10 yr olds, 3167
DRO intervention with monetary & social reinforcement, inappropriate behavior involving possession, 12 yr old female, 8524
inter-response time contingencies & monetary reinforcement, button pressing 18–22 yr olds, 2663
paired comparisons of monetary & material rewards, preferences, 1st vs 3rd vs 5th graders, 3263
real vs hypothetical decision making for fixed vs variable payoffs, risk taking, college students, 4969
reward distribution & work inputs & sex of allocator & observer & situational context, evaluation of allocator, college students, 3429
self control treatment with vs without proximal vs distal goals & financial contingency & group meetings, increase in study time & grades, college students, 13687
temperature decrease vs monetary reward, coping strategies & thermoregulation, 20–27 yr old males, 5156
Money
application of writings to inheritance customs, J. R. Goody, 5535
cash deposits, attendance & weight loss, clients of fee-for-service obesity clinic, 13126
deposit payment, efficacy of self directed minimal intervention weight control program, 16–54 yr old females, 6190
diameter & thickness of new coin, confusion with coins of other denominations, young & elderly blind & partially sighted Ss, Great Britain, 6875
disinheritance patterns as illustrations of kinship reciprocity & destruction, literature review, 5544
inheritance practices, preliterate vs complex societies, literature review, 5499
instructions to use color in forming interactive image of word pairs, memory, college students, 7187
lack of comprehensive plan for compensation & resultant inequities, injured Ss, Australia, 10102
roles in estate planning & will making, client vs attorney, literature review, 5581
stress of military service in World War II, war pension for resultant ischemic heart disease, reply to C. Tennant's criticism of Administrative Appeals Tribunal decision, literature review, 11339
Mongolism [See Downs Syndrome]
Monitoring [See Also Vigilance]
BASIC program, monitoring academic progress, students in objectives-based instructional program, 4430
intensive monitoring of intractable seizures, 13031
program to involve citizens in dissemination of information about radiation levels after Three Mile Island, response to criticism by W. Key, 2277
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, 2276
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, criticism of B. G. Gricar & A. J. Baratta's article, 2278
S- vs computer-controlled conditions, target detection performance, air traffic control specialists, 6840
video interface for transmission of TV camera signals to minicomputer, behavioral recording of Ss' location, animals under observation, 11580
Monkeys
activation of nonoriented cells of striate cortex by visual stimulation during steady fixations & smooth pursuit eye movements, "behaving" monkeys, 7369
adult male replacement patterns, crab-eating macaques, Indonesia, 416
age differences, scanning of complex geometric forms, rhesus monkeys from birth to 7 weeks, 4983
age of S & partner, stereotyped social behavior, female rhesus monkeys, 369
analysis of retinotopic organization using 14C-labeled 2-deoxydextroglucose method, macaques, 483
artificial feeding vs subsequent foraging in natural habitat, body weight & primiparous age & age-specific natality & mortality & population growth, Japanese monkeys, 9544
ascending efferent projections to forebrain from midbrain periaqueductal gray, squirrel monkeys, support for hypothesis of periaqueductal gray as integrator of nociceptive & visceral & cognitive functions, 12111
associative processes during auditory discrimination reversal tasks, auditory evoked potentials, monkeys, 486
attenuation of baroreflexes during operant cardiac conditioning, male adolescent macaques, 420
auditory syllable stimuli, evoked potentials & responses from thalamocortical axons vs cortical cells, monkeys, 2849
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
bilateral transections of temporal stem white matter vs conjoint amygdala-hippocampal lesions, memory deficit, monkeys, test of theories on human amnesia, 2996
birth, free ranging howler monkeys, Venezuela, 7316
brachiation with 1 arm, white banded gibbons, 2738
brief peer separation & exposure to novelty, plasma cortisol & vocalization & locomotion & scent marking, juvenile female squirrel monkeys, 2922
buprenorphine, tolerance & physical-dependence potential & reinforcing effect & dose level & behavioral manifestations during continuous self administration, rhesus monkeys, 7635
buprenorphine vs methadone, food & opiate self administration, monkeys, 7609
buspirone & diazepam, operant behavior & attenuation of conflict, rats & monkeys, 5205
capture, size & utilization of troop range & birth rate & mortality, Japanese monkeys, 383
chronic delta-9-tetrahydrocannabinol, tolerance development to disruptive effects on menstrual cycle, female rhesus monkeys, 12318

chronic phencyclidine administration & subsequent abstinence, disruption of operant behavior, male rhesus monkeys, 7622
color vs form vs size variations of conceptual oddity vs dimension-abstracted oddity problems, performance & definition of levels of stimulus difficulty, squirrel monkeys, 11962
competition among males for females & tenure length of harem males, infanticide as adaptive reproductive strategy, blue monkeys, 2725
conflict between visual & vestibular stimuli, motion sickness, squirrel monkeys, 12189
cortical & subcortical areas associated with vision as determined by 2-deoxyglucose method, rhesus monkeys, 463
deep woodchip litter as husbandry technique, inactivity & fighting & time spent on ground & behavioral improvements & hygiene & overall housing conditions, lemurs & monkeys & marmosets, 362
delayed & abnormal physical & behavioral & social development & mental retardation, triple-X & mosaic XX/XXX female pigtailed macaques, implications for animal model of human retardation, 1421
descending efferent projections to brain stem & spinal cord from midbrain periaqueductal gray, squirrel monkeys, 12112
development of cross-modal object recognition, infant pigtail monkeys, 4981
development of infant-caregiver relationships, captive common marmosets, 7306
development of tolerance to sedative opioid hydromorphone, cynomolgus vs rhesus monkeys, 9863
development of visual functions & social responsiveness, infant rhesus monkeys, 2765
developmental stages, play & fear type mouth displays & grimaces, infant pigtail macaques, 2757
diazepam & carbamazepine & valproic acid & phenobarbital & pentobarbital, NREM sleep EEG, female monkeys, 9674
differential experimental methods, species differences in cerebellar flocculus function in vestibulo ocular reflex, rabbits vs monkeys, critique of S. G. Lisberger's article, 2804
disappearance of fixation point prior to vs simultaneously with target appearance, type of saccadic eye movements after extremely short RTs, monkeys, 7366
distance from original training pair & stimulus novelty, transposition of height discrimination learning, rhesus monkeys, 5001
dominance rank, reproductive success, female Japanese monkeys, 2741
dominance, spatial proximity & social behavior, free-ranging stumptail macaques, 7309
ecology & behavior & habitat, Mentawai macaques, Indonesia, 417
electrical stimulation of frontal eye fields, eye movements, marmosets & squirrel monkeys, 573
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
ethyl ester of beta-carboline-3-carboxylic acid, brain benzodiazepine receptor affinity & reversal by benzodiazepine & Ro 15-1788, rhesus monkeys, test of model of human anxiety, 3061
extinction, response frequency on 2nd-order FR FI food reinforcement schedule with vs without CS presentation, rhesus monkeys, 330
eye movements to serially flashed targets & electrical stimulation of superior colliculus, neuronal activity in superior colliculus, rhesus monkeys, 7535
eye position changes caused by electrical stimulation of superior colliculus, eye movements, monkeys, 7534
gestation length, red howler monkeys, 2859
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
grooming behavior, titi monkeys, 2756
group vs paired vs individual housing, stress-induced cortisol levels, female squirrel monkeys, 497
haloperidol & physostigmine, self administration of procaine vs cocaine, monkeys, 3013
handedness & sequentially presented visual stimuli, hemispheric differences in discrimination learning, split-brain rhesus monkeys, 7381
hibernation "trigger" molecule from blood of hibernating woodchuck infused into cerebral ventricle, suppression of vital processes, male monkeys, 3065
hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
individual variation in color vision as measured psychometrically & by cone pigment absorbance, squirrel monkeys, 454
individual variation, increment-threshold spectral sensitivity, squirrel monkeys, 9541
inter- vs intratroop long calls, cotton-top tamarins, 12055
interactions among prefrontal cortex & hippocampus & caudate nucleus head & thalamic medio-dorsal nucleus during delayed reaction & trace conditioned reflex, monkeys, 2834
inversion of faces, visual discrimination learning, male monkeys, 320
iv self administration & lack of reinforcing properties, buspirone, adult male rhesus monkeys, implications for low potential for recreational use, 5186
ketamine vs phencyclidine vs N-substituted analogs of phencyclidine, discrimination & generalization, rhesus monkeys, 5247
ketocyclazocine dosage with vs without naloxone & time-out periods, multiple schedule responding, squirrel monkeys, 12303
lesions of interotemporal cortex, relearning of visual discrimination problems, male vervets, 594
male relationships, infanticide, bisexual troops of red howler monkeys, 12052
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
mating patterns & randomness of paternity, captive rhesus monkeys who are members of maternal sibships, 408
mating vs nonmating season & presence of male vs female monkey, aggressive behavior, male monkey pairs, 5029
mechanical inactivation of horizontal canal, horizontal vestibuloocular reflex & optokinetic following, monkeys, 7504
menstrual cycle, sexual & grooming & aggressive behavior, Macaca fascicularis vs Macaca mulatta, 12070
method to measure impedance & transmissibility of whole-body sinusoidal vibration by means of spinally surgically-implanted accelerometers, rhesus monkeys, 11620
mother-infant separation, social behavior & increased movement & plasma cortisol & hormonal & adrenocorticoid changes, adult male squirrel monkeys, 2944
motor cortex neurons having excitatory influence on spinal motoneurons of intrinsic hand muscles, monkeys, 9656
moving chromatic vs achromatic targets, spectral acuity, rhesus monkeys vs humans, 247
narcotic agonists & antagonists, behavior, etonitazene-dependent male rhesus monkeys, 7626
neuroleptic drugs, behavioral effects of apomorphine, monkeys, 3071
neuronal activity in area 5 of postcentral cortex during simple movement of contralateral forearm before vs after deafferentation, monkeys, 474
neuronal structure in preoptic area of brain, prepubertal male vs female macaque monkeys, implications for reproductive physiology & behavior, 5055
nociceptive receptor stimulation, hyperalgesia of glabrous vs hairy skin, monkeys, 7113
opiate antagonists vs mu- vs kappa-receptor antagonists, intake of sweetened condensed milk, rats & squirrel monkeys, 3053
optokinetic stimulation, neuronal activity in pontine gray, monkeys, 7392
organization of projections between thalamic pulvinar & occipital visual area MT, macaques, 12123
orphaning, foster mother-orphan & peer interaction & depression & play & social development, free ranging male rhesus infant, 2717
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
pair-bond formation & breeding success, female common marmosets, 7294
phencyclidine & analogs, establishment as reinforcers & tolerance to behavioral effects, male rhesus monkeys, 7570
phencyclidine, spontaneous vs electric shock induced aggression, squirrel monkeys, 9721
phencyclidine, visual evoked potentials, rhesus monkeys, 7607
pictorial stimuli, same/different judgments & categorization of visual memory, male rhesus monkeys, 345
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
predation & feeding on galagos, blue monkeys, Uganda, 7287
premating & mating & postmating seasonal variations, dominance rank, adolescent & subadult natal male macaques, 412
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248

prepubertal ovariectomy, scent gland development & scent marking & aggressive behavior, female monkeys, 590
procainamide vs cocaine vs dimethocaine vs lidocaine vs procaine vs chloroprocaine vs tetracaine vs propoxycaine, FI responding, male rhesus monkeys, 12329
projections of superior colliculus upon pulvinar complex & sublamination, squirrel monkeys, 9636
prolonged microwave exposure, adaptation processes & thermoregulatory behavior, male squirrel monkeys, 2903
recency information & stimulus novelty & familiarity, delayed-matching-to-sample performance, female macaques, 2703
repeated measures of forgetting of spatial information, 22–24 vs 30 yr old rhesus monkeys, 2731
repeated separation from familiar mother surrogate, high energy activity & protest response, 2 yr old squirrel monkeys, 2929
reproduction, laboratory colony of patas monkeys, 12054
response of cells in nucleus reticularis thalami to peripheral stimulation, chronic awake cats & monkeys, 578
sarin exposure, EEG, monkeys & industrial workers, 12999
seasonal variation in food availability & diet & weather, ranging behavior, black colobus monkeys, Cameroon, 9583
seasonal variations & male testosterone levels, reproductive behavior, ovariectomized estradiol-treated female rhesus monkeys, 12065
sensorimotor cortex stimulation, inhibition of nociceptive spinothalamic tract cells, macaques, replication of study by K. D. Gerhart et al, 7540
sensory nerve terminal types & innervation patterns in hairy facial skin, newborn to 6 mo old & adult rhesus monkeys, 2835
separation from mother, cellular immune response, infant bonnet monkeys, 7461
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
social & sexual behavior & relationship to puberty, 4–5 vs 9–10 yr old male macaques, 12046
social development during 1st 3 mo of life, Indian langur monkeys, 9576
social interaction & stress following exposure to novelty or snake & ACTH, plasma cortisol & testosterone levels, dominant vs subordinate male squirrel monkeys, 2858
social rank & aggression & group- vs single-housing, circulating levels of cortisol & prolactin, male talapoin monkeys, 12262
social rank of mother, sex ratios of infants, rhesus monkeys, 407
sodium pentobarbital, behavioral tolerance as determined by within-S operant reinforcement task, male squirrel monkeys, 3007
species differences, role of flocculus of cerebellum in vestibulo ocular reflex, rabbits vs monkeys, literature review, 2806
stages of delivery process, female rhesus monkeys, 7277
stimulation & movement, unit activity in head of caudate nucleus & anterior putamen, male rhesus monkeys, 9668
stimulation of ipsilateral vs contralateral ventral posterior lateral thalamus nucleus, inhibition of spinothalamic tract neurons in lumbosacral enlargement & role in analgesia, macaques, 7524
stimulus control in 2 color matching-to-sample behaviors, Japanese monkeys, 331
stimulus control of matching-to-sample behavior & transfer in operant conditioning, Japanese monkeys, 336
test duration & age, sexual performance, aging male rhesus macaques, 403
therapeutic manipulation to reverse learned helplessness, monkeys, implications for treatment of human depression, 9560
touching, heart rate & blood pressure, male macaques, 2863
touching textured surfaces, response of somatosensory cortex cells to both finger movement & surface features, male macaques, 439
training to perform as aide to quadriplegic, 8 yr old female capuchin, 8781
troop fission & formation of home ranges, Japanese monkeys, 395
use of human "language", monkeys, 2701
vermilion border & lip mucosa sensory innervation patterns & correlation with neurophysiologic & reflexogenic phenomena of head & neck, newborn to 6 mo old & adult rhesus monkeys, 2825
vestibular reflex & visual following mechanism, squirrel monkeys, 7464
visual &/vs auditory stimulus & conditioned reflex activity, prefrontal cortical unit activity, monkeys, 7418
visual cue-mediated forearm movement vs withholding of movement, premotor cortex unit activity, male rhesus monkeys, 9683
visual discriminative stimulus control in multiple avoidance punishment conditioning of skin conductance response, monkeys, 7247
visual fixations to regions of photographs of rhesus vs human vs chimpanzee vs schematic faces, rhesus monkeys, 2683
voice onset time & voiced vs voiceless syllables & within vs between category, discrimination of speech sounds, macaque monkeys, implications for models of speech processing & evolution of language, 7248

Monoamine Oxidase Inhibitors [See Also Isocarboxazid, Nialamide, Pargyline, Phenelzine, Tranylcypromine]
amitriptyline vs tranylcypromine therapy, EKG parameters, 22–57 yr old psychiatric patients, 10876
ECT & drug therapy as biological approach, depression, 10660
harmaline, cerebellar control of oculomotor function, baboons, 7605
harmaline, cerebellar control of vestibulo-ocular reflex, baboons, 7588
MAO inhibitors & tricyclics, depression, 59 yr old female, 10860
MAO inhibitors, noradrenaline & 5-HT metabolism & neurotransmission & resultant antidepressant action, literature review, 12266
plasma trace acid levels & platelet MAO activity, 17–57 yr old prisoners convicted of violent crimes vs sexual offenses vs armed robbery vs nonviolent crimes, 8179
response to MAO inhibitors, 22–59 yr old patients with severe obsessive compulsive disorder, 13283

Monoamine Oxidases
apomorphine, platelet MAO & growth hormone response, schizophrenic 18–26 yr olds, 8572
blood group system & platelet MAO activity, healthy 20–24 yr old males, implications for genetic markers of affective disorders, 10340
kinetic constants of platelet MAO, schizophrenic patients, 12813
long-term benzodiazepine therapy & withdrawal, MAO metabolism, psychiatric patients with mean age of 43.7 yrs, 8576
neuroleptics, platelet MAO & plasma amine oxidase, 19–27 yr old chronic schizophrenic patients, 1626
platelet MAO activity & family history of affective illness, 21–65 yr olds with endogenous depression, 10418
platelet MAO activity & long term outcome, schizophrenic & schizoaffective patients, 10396
platelet MAO activity & personality variables, response to lithium prophylaxis, patients with bipolar affective disorder, 10825
platelet MAO activity & plasma parahydroxyphenylacetic acid levels, agoraphobic vs depressed patients, 12887
platelet MAO activity distribution, college students, 2810
platelet MAO levels & early morning awakening, 17–69 yr old unipolar depressives, 1137
serotonin & acetylcholine metabolism & MAO inhibition, patients with hysteria & neurosis & personality disturbances & psychopathy, 5817
spontaneous eyeblink rate, platelet MAO activity, chronic schizophrenics with vs without tardive dyskinesia, 8128

Monoamines (Brain) [See Catecholamines]

Monocular Vision
age & monocular vs binocular presentation, scores on Farnsworth-Munsell Hundred Hue Test for Examination of Color Blindness, 10–80 yr olds, analysis of diagnostic decision criteria, 1446
filtered random-dot stereograms, stereopsis & role of vernier monocular cues, humans, 228
interhemispheric transfer of visual information, brush-tailed possum, 9667
LSD, sensitivity of cortical cells to monocular deprivation, adult cats, 663
luminance-dependent visual latency, Hess effect & Pulfrich effect, female college students, 11828
monocular deprivation, development of abnormal retinogeniculate termination patterns, adult cats, 564
monocular hyperacuity processing measured by tilt detection threshold & alignment sensitivity, normal O's, implications for role of ocular dominance columns, 243
monocular vision, visual strategies & surveillance tasks in aircraft navigation, pilots, implications for employee selection, 4477
monocular vs binocular adaptation to rotating disc, monocular vs binocular motion aftereffects, humans, 11787
separation of inducing & static areas & monocular component, aftereffect of induced rotation, 19–42 yr olds, 11817
temporally modulated homogeneous visual stimulation, EPs recorded at optic tract & dorsal lateral geniculate nucleus & cortical area 18, normal vs monocularly deprived cats, 7389

Monolingualism
comprehension of word-object relationship, mono- vs bilingual 4 & 5 yr olds, 7747
French vs English names, recognition memory, monolingual French vs English speaking female college students, 277

language used in response to puppet speaking child's preferred vs nonpreferred language, bilingual vs limited 2nd language vs monolingual 41–69 mo olds, 9993
verbal & dot localization tasks, visual half-field performance, monolingual vs bilingual college students, 475
Monotony
feelings of tedium & exhaustion & job & life satisfaction, managers, Israel vs US, 2243
Monozygotic Twins
anorexia nervosa & parallels to folie a deux, 18 yr old female monozygotic twins, literature review, 10630
comparison & test of trait theory vs semantic bias hypothesis, personality factor structure validation, 8th–12th graders & monozygotic twins, 140
concordance rates & sex differences, 18–66 yr old neurotic same-sex monozygotic vs dizygotic twins, 10437
concordant progression from affective illness to process schizophrenia, identical twins, 5774
dextroamphetamine, behavioral & biochemical & neuroendocrine responses, normal monozygotic vs dizygotic twins vs bipolar patients in remission, 1199
Gilles de la Tourette syndrome, male monozygotic twins, 8350
individual differences in mental development, monozygotic vs dizygotic twins, 15-yr longitudinal study, 5409
IQ advantage, monozygotic twin with larger birth weight, 770
mother's attitude, schizophrenia & anorexia nervosa, 20 yr old monozygotic twin sisters, 3505
neuropsychological & psychometric characteristics, 28 yr old monozygotic female twins discordant for schizophrenic symptomatology, 5769
plasma & CSF GABA levels, patients with bipolar affective illness & monozygotic twins, 1142
platelet GABA-transaminase, monozygotic twins & bipolar patients with mean age of 32 yrs, 1143
rest vs motor activity, EEG amplitudes, monozygotic vs heterozygotic twins, 5047
similarity in perception of restrictiveness-permissiveness vs acceptance-rejection dimension of home environment, monozygotic vs dizygotic twins vs same vs opposite sex adolescent sibling pairs, 5466
stability of scores on task orientation & test affect/extraversion & activity, identical vs fraternal twins tested at 6 & 12 & 18 & 24 mo, 5317
Montessori Method
contributions of continuing significance & suggested modifications, Montessori education, 4271
use of cards in Montessori style, training in discrimination & recognition & reproduction of visual & visual-auditory letters, moderately mentally retarded children, 2115
Moods [See Emotional States]
Moral Development
age differences, moral maturity, children, replication of A. Bandura's experiment, 5418
cognitive & developmental conceptions of moral development, literature review, 12503
cognitive developmental theory, moral education & development, 767
cognitive dissonance, motivation of moral development, college students, 782
cognitive vs psychodynamic functioning, moral development, 5304
comprehension of moral concepts, blind vs sighted 8 & 12 & 15 yr olds, 3760
coordination of & distinctions between domains in social-cognitive development, children, literature review, 9931
development & characteristics of omnipotent Age of Passion Man, 2339
development & standardization of Piagetian-based Moral Development Scale, kindergartners through 7th graders, 2444
development of ethical norms from birth to adolescence, implications for ethical education, 7824
developmental tension, sense of justice, 9–27 yr olds, Finland, analysis of data collected by K. Tamminen, 5326
educational intervention & cognitive development, development of moral reasoning, 4th & 5th graders, 13543
efficacy of youth effectiveness training vs L. Kohlberg's cognitive-developmental model of affective education, self esteem & moral judgment, 5th–8th graders, 11199
ego & moral development, adult graduate students, 3141
evolutionary biological perspective, ethics & moral development, 5280
explanation of L. Kohlberg's cognitive developmental characterization of moral development based on Rousseau's "Emile", 9930
expression of & factors in development of faith & interaction of faith & morality & identity, 18–22 yr olds, 5319
faith & identity & morality, 18–22 yr olds, comments on article by E. J. Mischey, 5283
importance of learning childrearing skills to foster character development in children, parents of preschool children, 3305
intentionality & field dependence, moral judgments, 6.8–8.2 yr olds, 9920
intervention program, empathic skills & maturity of moral judgment, student teachers, 1969
knowledge of L. Kohlberg's moral development theory, moral development stage, college behavioral science students, 762
moral development & changeability, blind vs sighted 8 & 12 & 15 yr olds, 3725
moral development & ethical reasoning, lawyers, 5312
moral development stages, 10 & 13 & 16 yr old males, 20-yr longitudinal study, 3133
moral development theories, 10070
moral judgment & ego strength & democratic orientation, students with mean age of 18.5 yrs, West Germany, implications for L. Kohlberg's model, 771
moral prosocial reasoning & differentiations among potential recipients of aid, elementary & high school students, 7778
moral reasoning regarding lying & stealing, 1st graders, 3146
moral reasoning stage & guilt by association, attributions of guilt & sentencing decisions for defendant in ambiguous murder case, college student simulated jurors, 12569
negative consequences for actor & another & S moral development, moral judgments, high school & college students, 7820
passage through stage of external constraints to internal freedom, children, implications for education normative model, 10053
personality theory & moral development, literature review, 5447
phenomenological understanding of body attitudes, moral education, children, 7683
plot & role playing vs interaction as result of game vs real life relationship, sharing behavior, 5–6 yr olds, 5440
self model, cognitive theory of moral behavior, 9911
sex role orientation & sex, moral judgment orientation, male vs female 14–16 yr olds & college students & 24–40 yr olds, 781
stages of moral reasoning & behavior, 773
training, moral judgments, 5–11 yr olds, 7670
Morale
exercise program, morale, independently living adults aged 60 yrs or older, 13121
interrelationships of leisure time & activities & preferences & competence, morale, aged, 3143
morale, industrial workers on permanent day vs rotating day-night shift, 4544
personality traits & job factors & morale, personal relations, physically handicapped workers, 1404
Morality
defenselessness of experimental Ss & informed consent issues, moral objectives & methods of psychological research, 6958
dominance behavior & conflict resolution, implications for evolution of morality, 5483
experimental investigation of morality & maintenance of scientific ethic of value neutrality in social science, 2367
expression of & factors in development of faith & interaction of faith & morality & identity, 18–22 yr olds, 5319
faith & identity & morality, 18–22 yr olds, comments on article by E. J. Mischey, 5283
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
history & principles of moral treatment, private psychiatric hospitalization, 8727
learning & social activities & morality & vocational maturity & interests, 8th–10th graders, USSR, 9029
moral value orientations, teachers with 10 yrs teaching experience, 8954
principal vices, psychology & human behavior & psychiatry, 4652
role of values in sex education programs, 8975
sex & age & locus of control, moral judgment & attribution, junior high & senior high school students, 923
sex & morality & cross cultural comparison, factor structure of values, college students, Taiwan vs US, 1099
situational demands, morality level & causal attributions, college students, 12677
training, moral judgments, 5–11 yr olds, 7670
Morals [See Morality]

Mores [See Values]
Morons [See Educable Mentally Retarded]
Morphemes
perception of morphemic structure of written polymorphemic words, college students, 3117
processing of word gender & number morphemes, recall, humans, 9513
truncation vs vowel drop vs minimum to distinguish vs phonics vs user defined mechanisms to learn & encode & decode abbreviations in limited command-language lexicons, secretaries, 11453
Morphine
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
brain stem lesions, morphine analgesia for different types of pain, male rats, 2961
capsaicin pretreatment & morphine, body temperature, freely moving vs restrained male rats, 12324
castration, tolerance to effects of morphine on luteinizing hormone levels, male rats, 540
chronic pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
clonidine, inhibition of withdrawal syndrome autonomic symptoms, morphine dependent rats, 9799
cortical spreading depression, blockade of naloxone-induced abstinence responses, morphine dependent male mice, 3068
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
distinctive vs nondistinctive environments, development of morphine tolerance, rats, implications for role of habituation & classical conditioning, 3045
method for iv self administration of morphine, naive female mice, 11567
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
morphine & naltrexone & diazepam, suppression of drinking & saccharin solution intake, male rats, 9804
morphine & naltrexone, reduction of alcohol drinking, rats treated at birth with tetrahydroisoquinoline vs protoberberine compounds, 9806
morphine & phenobarbital vs chloral hydrate anesthesia, globus pallidus unit activity, rats, 9840
morphine &/vs naloxone, social investigatory behavior & motor activity, male mice, 3050
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
morphine microinjection into spinal trigeminal complex, threshold for aversive reaction, rats, 9854
morphine, release of cholecystokinin & neurotensin & substance P from hypothalamus, cats, 667
morphine, reward facilitation for shuttlebox self stimulation of various brain sites at threshold vs suprathreshold current levels, rats, 9765
morphine, stimulation of release of endogenous opiates, mice & rabbits, 7578
morphine sulfate, locomotor activity, hamsters, 12315
morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
morphine sulfate vs naloxone & removal from normal social environment, social behavior, Beagles born & raised in canine research lab, 12308
morphine tolerance & dosage, analgesia in tail flick & formalin tests, rats, 2997
morphine vs codeine vs pethidine vs pentazocine vs aminopyrine, rapidly learned conditioned suppression of motor activity, male mice pretreated with naloxone vs levallorphan, 5212
morphine vs met-enkephalinamide & naloxone, responses of substantia gelatinosa & deep dorsal horn neurons to noxious cutaneous stimulation, anesthetized vs unanesthetized cats, 7619
morphine vs naloxone, latency of hot plate induced foot movement, terrestrial snails, 12286
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
naloxone microinjections into high opiate receptor binding brain regions, reversal of morphine induced catalepsy, male rats, implications for limbic & basal ganglia role in narcotic motor expression, 3107
naloxone, reversal of concurrent morphine disruption of maternal behavior, rats, 7566
overtraining, morphine-induced reduction of classical aversion CRs, male rabbits, 12297
porcine hypothalamus peptides vs ACTH, morphine induced analgesia, male rats, 7627
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046
prolyl-leucyl-glycinamide vs naloxone, morphine analgesia, goldfish, 3017
self administration of morphine, localization of reward-relevant opiate receptors in ventral tegmental area, male rats, 7565
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
stress-induced analgesia from escapable vs inescapable shock, naltrexone sensitivity & reactivity to morphine, male rats, 548
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
tetrahydrocannabinol & morphine, locomotor activity & autoshaped behavior, male rats, 7630
Morphology
discriminant analysis of morphometric characters, sex determination, penguins, 11934
experimental model for testing R. Sheldrake's theory of formative causation in rats, 7223
laminar distribution & morphology of various functionally-identified cell classes in visual area 17 cortex, rats, 9661
morphological & functional types of visual cortical neurons, 5 day old to adult rabbits, 7380
morphological distinctions of association cortex areas, 5083
morphology & cerebral damage & cognitive impairment, 28–72 yr old alcoholics, 1254
morphology & open field behavior & genetic alliance with myiarchine flycatcher, Sirysters sibilator flycatcher, 12017
morphology & physical characteristics of eggs, evoked incubation & feeding responses, herring gulls, 9568
neurodynamic & psychodynamic & morphological characteristics, adolescents & their parents, 12367
neuronal ensemble structural organization in motor & somatosensory cortex, humans, 7345
ocular anatomy & vision, Amazonian manatees, 12141
organ of Corti morphology, genetically epilepsy prone female rats susceptible to audiogenic seizures, 9609
principal components analysis, classification of visual cortex cells, cats, 2368
sexual dimorphisms in overall proportions, primates, 11933
sign order & morphological structure in American Sign Language, sentence recognition memory, deaf Ss, 1369
theoretical mechanism for transfer of species-specific characteristics, neo-Darwinian paradigm of evolution vs R. Sheldrake's hypothesis of formative causation, 6941
waterborne mechanical stimuli & antennular movement & anteroventral & posteroventral deflection, short hair sensilla, blue crabs, 2839
Morphology (Language)
automatic development of sets of language units for system of interactive communication, severely motor handicapped nonvocal persons, 1683
effect of overgeneralization in sentences on RT, nonlinguistic interpretation of morphological overgeneralizations, college students, 12339
lexical vs morphological vs physical priming, auditory word recognitions, 20–50 yr olds, 282
mean length of utterances & morphology comprehension & PPVT scores, assessment of language abilities, 20 mo olds, 9949
Mortality [See Death and Dying]

Mortality Rate
amount of coverage of diseases in medical journals & encounters with persons suffering from diseases, estimates of mortality rate of various diseases, physicians vs college students, 5953
birth order of nonsurviving children, subsequent contraceptive use in pregnancy interval, females, Iran, 10910
epidemiology of drug overdose deaths & victim characteristics & circumstances, US Army soldiers, Europe, 1978–79, 8209
era of deinstitutionalization & mortality rate & risk, psychiatric inpatients, 10993
etiology & prevention & incidence of suicide following death of sons in wars, fathers, Israel, 5861
evolution of social interaction & altruistic behavior, density-dependent mortality, animals, 2720
husband's occupation, mortality rates, males & their wives, implications for transmission of occupational risks through marital relationship, 963
immigration of adult male, abortions & infant death, baboons, 12040
inbreeding, infant mortality, captive primates, 406
indomethacin pretreatment, mortality rate due to ethanol overexposure, male mice, 9820
mortality rate, delirious medical/surgical patients, 4010
nesting success of Crissal thrasher vs Abert's towhee & rejection of Cowbird eggs, Crissal thrashers, 368
physical development & reproductive parameters & family relations & infant mortality, free-ranging hamadryas baboons, 7319
predisposition to suicide & suicide rate, psychiatric emergency room patients, 6 mo through 7-yr followup, implications for emergency room practice & compliance, 6357
suicide & homicide & accident mortality rates, US, 1900–75, 3607
trends in perinatal health policy, UK, 6335
Mosaicism [See Chromosome Disorders]
Moslems [See Islam]
Mother Absence
maternal deprivation & mother-infant attachment & impact of first years of life on later development, 9932
mother loss, locus of control, male vs female college students, 10298
Mother Child Relations
age of child, maternal speech characteristics in book-reading context, mothers & their 1.5–6 yr olds, 1000
behavioral & demographic correlates, prediction of negative attitudes toward their preterm infants, mothers with mean age of 26.1 yrs, implications for preventive intervention, 5545
Brazelton Neonatal Behavioral Assessment Scale scores at 12–15 days of age vs rating scale assessment of nursing couple at 6 wks of age, validity of rating scale for measurement of development, 18–44 yr old mothers & their infants, 143
child custody issues & mother child relations, unmarried incarcerated female & her infant, 1003
circumcision, mother-infant interaction, mother-infant pairs during hospital feedings, 12553
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
community-oriented infant psychotherapy intervention program, mutual adjustment, mother-infant dyads, 3900
complementary rhythms & synchronies, mothers & fetuses or newborns, 956
conversation between mothers & their children, reply to criticism by L. Olsen-Fulero, 973
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
day care, exploratory behavior & mother-child attachment, 3 yr olds, 5463
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
depressed maternal facial expression, behavioral reactions, 3 mo olds, 873
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
deviance & pathology perspective, research on single parent families headed by mothers, literature review, 967
disturbance in mother-child relationship & phase-specific anxieties, sleep disturbances, infants, 8289
early contact, mother child relations, mothers & neonates, 12549
early observation of disturbances in mother-child relationship, child abuse prevention, mothers during pregnancy & postdelivery, Italy, 6345
efficacy of subliminal exposure of symbiotic gratification message, 17–70 yr old alcoholics in treatment, 1896
failure to form normal mother-infant symbiotic bond & pathological efforts to compensate, development of borderline & narcissistic personalities, 8160
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196
frequency & type of fantasy in maternal speech, mothers & their 12–27 mo olds, 976
functional & referential changes in maternal speech, mothers and their infants at age 3 & 6 mo, 984
home based instruction based on Carolina Infant Curriculum, physical & psychosocial & intellectual development, low SES infants of 14–17 yr old unwed mothers, longitudinal study, 4017
home vs laboratory setting & sibling presence & task structure & day of week, mother-child interaction, mother-child pairs with mean child age of 4.9 yrs, 10157
independence- vs dependence-provoking situation, child's behavior, mothers & their 10–11 yr old sons vs other males, 12489
infant age, characteristics of maternal speech, mothers & their infants at 4 vs 12 vs 24 mo, 993
infant behavior & maternal psychological reactions & mother-infant interaction patterns, mothers & their premature infants, literature review, 992
intensive long-term nursing aftercare, conflict with maternal role & life event stress & understanding needs of child, formerly hospitalized psychotic mothers with children less than 6 yrs old, 10934
interaction with mother under seeing &/vs hearing conditions, affect, 3 mo olds, 5346
letters from mothers of schizophrenics vs female nonschizophrenics, ratings of similarity to letters received from their own mothers, schizophrenic vs nonschizophrenic patients, 5807
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
maternal depression, child psychosis, mother & 8 yr old psychotic child, 5829
maternal depression, parent perception of child adjustment & parent & child behavior, mothers & their clinic-referred children with mean ages of 60 & 62 & 66 mo, 12858
maternal deprivation & mother-infant attachment & impact of first years of life on later development, 9932
maternal life stress & social support & satisfaction with life & parenting, maternal attitudes & mother-child interactions, mothers & their premature vs full term infants, 958
maternal perception of child's temperament & childrearing techniques & mother-child interaction, mothers & their male vs female 34–53 mo olds, 5532
maternal perceptions of infant behavior, mother-child interaction & cognitive & language competence, infants assessed at 13 & 24 mo of age, 778
maternal symptoms & attitudes during pregnancy vs postpartum, development, mothers & their male vs female children, 7–8 yr followup, Sweden, 3149
mother-child conversations as mode of informational exchange, criticism of study by C. J. Howe, 983
mother-child interaction & communication, hearing mothers & their deaf vs hearing 3–6 yr olds, 3715
mother-child picture book reading, vocabulary acquisition, 17–22 yr olds, 5385
mother-child reflection-impulsivity & maternal teaching style, interaction during teaching/learning task, 2nd grade males & their mothers, 10153
mother-child relations & body image & development, male transsexuals, 1033
mother-infant interaction & home experience & motor & mental development of infant, 14–16 vs over 19 yr old mothers & their infants, 7886
mother's adolescent rape, child's antisocial behavior, 13.5 yr old male, 12901
mother's teaching style, learning of climbing & placement movements, 2–4 yr olds with Down's syndrome or brain injury, 8362
neonate birth order & age & sex & full term vs premature birth, tactile contacts in 1st days following birth, mothers & their neonates, 5543
parent training, relationship building skills, mothers & their children with mean age of 39.7 mo, 10773
parent-child relations & prior status offenses & preferences for nondepressant drugs, self concept, 15–18 yr old White male institutionalized drug abusers, 5875

parental speech during free play with child, mothers vs fathers & their 1.5 vs 2.5 vs 3.5 yr olds, 979
perceptions of maternal childrearing behavior & own self esteem, low income 5th & 6th graders, 12491
perceptions of mother-child relationships, 24–47 yr old mothers with vs without custody of their children, 10151
perceptions of parental behavior, mothers vs fathers vs their 7th grade children, 10155
physician's role in preparation of court report in relation to access to children, 46 yr old recovering psychiatric patient, 3332
postpartum contact, maternal confidence & anxiety, 18–41 yr old primiparous mothers & their neonates, 991
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
preventive vs contingent techniques for avoiding conflict in supermarket, mothers & their 2.5 yr olds, 971
psychological meaning of pregnancy & fetus/infant, neonatal perceptions & mother-infant relationship & mothering behavior, mother & daughter pairs, 5523
referential-expressiveness of infant, communicative intent & focus of attention & evaluation characteristics of maternal speech, mothers & their 1.3–1.7 yr olds, 959
research on infant development & mother-infant relationship, psychoanalytically oriented psychotherapy of children & infants & adolescents & training of psychotherapists, 1513
responses to infant distress, mothers vs fathers & their 4 wk old infants, 1001
role of mother's death-wish in development of child's tumor, directed reverie therapy as part of treatment, 6 yr old male, 13164
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
SES & child age & illness, depiction of & ideals for child, mothers of normal vs heart diseased 7.5–8.8 vs 9–10.8 vs 11–13.8 vs 13.9–16 yr olds, 6019
sex role identity, career involvement, 25–45 yr old professional women in dual career families with children, counseling implications, 10152
stability of attachment behavior, infants, critique of study by R. Thompson et al, 5478
stability of attachment behavior, infants, reply to criticism by E. Waters, 5476
stability of mother-infant relationship, infant crying, mothers & their infants at 2–5 wks of age, 7900
stress & social support & maternal attitudes & interaction with children, depression, 15–19 yr old mothers, 10354
structuralist account of sexual divisions developed by J. Mitchell & N. Chodorow's views on mothering, psychoanalytic theory & feminism, 10212
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
synchrony in activity level & responses to stimulation, interaction, 17–30 yr old mothers & their infants, 12558
therapeutic intervention & mother-child & mother-psychiatrist relationship, 6136
type of action modeled by mother vs unfamiliar female, imitation, 12 vs 17 vs 22 mo olds, 895
visual & auditory & kinesthetic stimulation in maternal behavior & eye contact, 16–35 yr old postpartum depressed mothers & their neonates, 8137

Mothers [See Also Schizophrenogenic Mothers, Unwed Mothers]
age & marital status & employment status & living arrangements, nature & amount of help provided to mothers, 40–66 yr old daughters & their aged mothers, 7887
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
attention & intellectual functioning & cognitive & psychosocial development, children of hospitalized schizophrenic & depressed mothers, literature review, 9916
attitudes toward sickness & arguments & tension & social isolation & thinness & growing up & grown up, 13–23 yr old anorexia nervosa patients vs their 36–54 yr old mothers, 13024
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
attitudinal & normative factors & stated intention, infant feeding from birth to 6 wks, primiparous vs multiparous mothers aged 16–40 yrs, support for M. Fishbein & I. Ajzen's theory of reasoned action, 12551
attributional style & causal attributions for stressful events, 18–35 yr old mothers with postpartum depression who were vs were not depressed during pregnancy, 5747
behavior, neonates with diabetic vs nondiabetic 20–35 yr old mothers, 1454
behavioral & demographic correlates, prediction of negative attitudes toward their preterm infants, mothers with mean age of 26.1 yrs, implications for preventive intervention, 5545
birth of child, relationship between daughters & mothers & mothers-in-law, 7879
birth order & maternal age, Alzheimer type dementia, patients, 3724
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
childbirth preparation, birth-related attitudes & experiences during childbirth, working class vs middle class 15–38 yr old mothers, 8620
childrearing practices & attitudes, mothers of 31–60 mo olds from economically depressed areas, Jamaica, 7883
command over family income & resources over time, single mothers, 7872
complexity of maternal verbal output, verbal performance, 20–24 mo olds, 7756
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
degree of paternal caretaker involvement, preference for mother vs father, infants observed at ages 8 & 16 mo, Sweden, 5537
demographic & developmental factors, relationship between age at 1st birth & size of family, females, 15-yr longitudinal study, 3298
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
description style in referential task, child's communication task performance, 4 yr olds & their mothers vs teachers, Japan vs US, 3187
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
differential morbidity risk, offspring of schizophrenic mothers vs fathers, 8152
early intervention, maternal & child development, comments on study by D. T. Slaughter, 12472
empathic responding, preschool children of battered mothers, 5859
evaluation of 12-wk career counseling program, 22–55 yr old single mothers, 13712
evidence of phencyclidine in umbilical cord blood, neonates & drug dependent mothers, implications for pediatrics & juvenile law, 5866
expression of lesbianism, mental health, 23–46 yr old lesbian mothers, implications for child custody decisions, 5574
factors in satisfaction with employment vs staying home, mothers, criticism of article by D. M. Fergusson et al, 9129
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196
family SES & maternal age at time of delivery & psychosocial problems in etiology, child abuse, children under age 5 yrs & mothers, 8228
fetal-material communication as model for mother-child communication & psychopathology, 3483
gender differences & older generations' impact & prevalence & content, family conceptions of parental heritage, White middle-class mothers with mean age of 37.2 & fathers with mean age of 38.8 & children with mean age of 11.1 yrs, 7889
health & stress & life satisfaction, separated vs divorced French-Canadian & English-Canadian mothers with mean ages of 39.4 & 40.8 yrs, Canada, 10168
income level & 1 vs 2 parent families, family stress, divorced vs married mothers, 12544
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
intensive long-term nursing aftercare, conflict with maternal role & life event stress & understanding needs of child, formerly hospitalized psychotic mothers with children less than 6 yrs old, 10934
interparent agreement on Behavior Problem Checklist, mothers & fathers of delinquent vs nondelinquent 10–18 yr olds, 2440

length of breast feeding & reasons for weaning, motivated middle class mothers, Great Britain, 5548
level of well being & self esteem & role satisfaction, employed vs nonemployed mothers of preschoolers, 10146
maniac denial & depression, mothers of children & adolescents with terminal cancer, 12794
maternal ability & employment & employment choice, child's development at 1 vs 3 vs 6 yrs of age, mothers in traditional vs single parent families vs social contract relationships vs communal living groups, 12391
maternal age & birth order, 3–12 yr olds with infantile autism, 3581
maternal age, neonatal behavior, neonates with mothers under vs over 18 yrs of age, 12382
maternal characteristics, perception of child maladjustment, mothers of clinic-referred 37–94 mo olds, 1234
maternal depression, parent perception of child adjustment & parent & child behavior, mothers & their clinic-referred children with mean ages of 60 & 62 & 66 mo, 12858
maternal employment status, involvement in child care, fathers, Australia, 7894
maternal nutritional supplementation, infant mental & motor development, 19–30 yr old low income mothers & their 8 mo olds, Taiwan, 8385
maternal stress & self esteem & age of hyperactive child, interaction with siblings, hyperactive males with mean age of 79.9 mo, 5992
medical & social characteristics, 21–49 yr old alcoholic mothers vs childless females, 12917
methods of clinical research, mothers of autistic dehydrated children, 11584
methylphenidate, interpersonal speech patterns, hyperactive males with mean age of 9.2 yrs & their mothers, 3936
mother-child reflection-impulsivity & maternal teaching style, interaction during teaching/learning task, 2nd grade males & their mothers, 10153
mother's employment status & reason for working, congruence of sex role attitudes & self concept, 10–14 yr old daughters & their mothers, 985
mothers' employment status & role models used, 25–84 yr old female lawyers, 12590
mothers' vs fathers' perceptions & relationship between former spouses & feelings toward each other, noncustodial father's involvement with children, ex-spouses, 12539
mothers' & children's reactions to child's inpatient treatment, need for separation of child & adolescent from adult psychiatric clinics, 8709
motor & state functioning, neonates with methadone-maintained mothers, 7685
obtainment of needed child welfare services as part of drug treatment program, drug dependent mothers & their children, 8802
olfactory cues, recognition of own infant, mothers of neonates, 4855
participant observation strategy, evaluation of residential treatment program, alcoholic mothers & their children, 4672
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 886
perception of sons' problem solving skills & attentiveness & cooperativeness, mothers of 3.4–5.2 yr old developmentally delayed males, 12389
perceptions of juvenile delinquency, mothers & high school & college students & junior & senior high school teachers & police probation officers & psychologists & correction service personnel & delinquents, 3613
perceptions of mother-child relationships, 24–47 yr old mothers with vs without custody of their children, 10151
postpartum contact, maternal confidence & anxiety, 18–41 yr old primiparous mothers & their neonates, 991
presence of sons in family, locus of control, 32–46 yr old mothers living with vs without spouses, 961
presentation context & object category, selection of category names in naming objects for 2 vs 4 yr old children, mothers, 12459
psychopathology of mother during perinatal period, cognitive & psychomotor & social & emotional development, children of neurotic-depressive vs schizophrenic vs personality disordered mothers, 2.5 yr longitudinal study, 1209
quality of language addressed to Down's syndrome children from age 12–24 mo, mothers, 5910
rating scale, measurement of job time-demands conflicting with time for family responsibilities, employed divorced mothers with children under 13 yrs of age, 7040
ratings of children's activity level & symptomatic behaviors, mothers of preschool age children with behavior problems including hyperactivity, 3691
re-enactment in psychoanalysis of mother's traumatic experience, daughter of concentration camp survivor, 13134
reliability & validity of Infant Caregiving Inventory, assessment of perceptions of influences of caregiving practices on infant's present & future well-being & development, mothers, 4795
remarriage, competence & well-being, divorced vs remarried White middle-class mothers, 12555
residential drug treatment program, drug dependent mothers & their children, 8801
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424
role conflicts, working mothers, 1032
satisfaction with employment vs not working, mothers, reply to A. B. Smith's criticism, 9123
self perception & childrearing attitudes & practices & social support, heroin addicted vs nonaddicted mothers, 3592
SES & child age & illness, depiction of & ideals for child, mothers of normal vs heart diseased 7.5–8.8 vs 9–10.8 vs 11–13.8 vs 13.9–16 yr olds, 6019
SES, obesity & nutritional knowledge & self perception, mothers & their 2–14 yr olds, implications for prevention, 10589
sex role attitudes & attitude change, mothers & their sons & daughters, 18-yr study, 12608
sex role identity, career involvement, 25–45 yr old professional women in dual career families with children, counseling implications, 10152
short term group work approach, post-surrender treatment, unwed mothers who have surrendered child for adoption, 13344
social agency & university program, teenage mothers & their children, 10955
speech patterns with 1st born 3 yr old son, mothers vs fathers, 5538
spontaneous action-directives to 1.5–3.5 yr olds, mothers, 10164
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
stress & social support & maternal attitudes & interaction with children, depression, 15–19 yr old mothers, 10354
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
syntactic & discourse & communicative functions of maternal speech, language development, 1.9–2.1 yr olds, 10018
therapeutic intervention & mother-child & mother-psychiatrist relationship, 6136
time stochastic model, observed closed birth interval between 1st & 2nd births, females married 7 yrs, 9419
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
toy demonstration vs discussion group parent education intervention, maternal & child development, lower income Black mothers & their 18–44 mo old children, 12499
type & severity & victim of children's transgressions, maternal discipline, mothers of female vs male 7–9 yr olds, 7884
type of stress, indirect vs direct coping strategies, 13–21 yr old mothers & 26–60 yr old counselors, counseling implications, 10954
verbal & concomitant nonverbal components of directives to 10 & 18 mo olds during play, mothers, 10162
visual & auditory & kinesthetic stimulation in maternal behavior & eye contact, 16–35 yr old postpartum depressed mothers & their neonates, 8137
withdrawal of love & encouragement of cross gender behavior by mother, need for approval, 31 yr old sons & daughters, 25 yr longitudinal study, 3239
working, childrearing practices & attitudes, mothers of 4 yr olds, 3312

Moths
identification of sex pheromone R-1-methylbutyl decanoate, female bagworm moths, 5026
role of abdominal coremata in male lek formation & female sex pheromones & calling in mating, Arctiid moths, 7328
transsexually grafted antennae, development of sexually dimorphic neurons, moths, 602

Motion Perception [See Also Apparent Movement, Autokinetic Illusion]
adaptation to drifting sine-wave gratings of different contrasts & spatial & temporal frequencies, modulation contrast thresholds for motion detection, 211

amodal completion of movement, phenomenal shrinkage, replication of L. Burke's & G. Kanizsa's findings on tunnel effect, 2584
computer simulation of limb segment functions, perception of human walking &/vs running gait, college students, 4883
contrast-reversed sinusoidal luminance gratings, clinical assessment of spatial resolution for pattern & movement detection, Ss with various ocular conditions, 10617
curvilinear impetus belief, observations & interactions with moving objects, college students, 4852
detection of fast vs slow movement of sinusoidal grating viewed centrally vs parafoveally vs peripherally, experienced emmetropic Os, 11811
discrepancy in detection of pattern movement vs movement direction, humans, 9450
fading of perceived motion of extrafoveal stimuli, 9474
level of cognitive development, perception of implied motion in still photographs, kindergartners vs 1st graders, 7710
mental representation of movement in animation sequences, humans, 2585
model for single-object visual motion detection, 7128
monocular vs binocular adaptation to rotating disc, monocular vs binocular motion aftereffects, humans, 11787
motion photometric procedure, assessment of spectral sensitivity, 13 yr old & adult Ss, 63
movement of random lights vs lights placed on moving S's limbs & joints, discrimination of biological motion patterns, 2–6 mo olds, 814
moving chromatic vs achromatic targets, spectral acuity, rhesus monkeys vs humans, 247
perception of object's projected movements, female college students in comfortable vs uncomfortable emotional states, 11917
perceptual training, specificity of enhanced discrimination ability in detection of visual motion direction, humans, 210
performance feedback, extrapolation of constant velocity & acceleration trajectories, college students, evidence for nonveridical internal model, 4915
relative orientation between drifting vs stationary gratings of various spatial frequencies, visual masking, humans, 221
spatial & temporal separations between stationary vs moving target forms, detectability, experienced Os, 11795
spatial effects of mobile's movement, 9447
spatial frequency & contrast & motion direction, coherence & ambiguity of pattern motion in aperture viewing of superimposed sinusoidal gratings, humans, 2582
spatial frequency of moving sinusoidal gratings, contrast detection vs direction discrimination, humans, 9460
static tactical displays depicting target motion to left vs right, response time for inference of direction of relative motion, experienced naval officers & inexperienced Ss, training implications, 4844
tilt-induced body fluid shifts, physiological & behavioral responses & auditory thresholds, college students & 28–32 yr olds, implications for testing susceptibility to motion sickness in astronaut candidates, 5163
visual perception of relative mass in collision events, college students, 9483
visual perception of space & movement, review of controversy over direct perception hypothesis, 2591

Motion Pictures [See Also Motion Pictures (Educational), Motion Pictures (Entertainment)]
anger arousal & exposure to aggressive vs humorous films, aggressive & rewarding behavior, female college students, 7206
art as experience, implications for process of teaching from films, 6608
film segments as affective stimulus, factor structure of self reports of emotional responses, college students, implications for utility of film stimuli, 2670
presentation & discussion of family photos & movies in family therapy, 6168
viewing of water conservation films with high vs low message severity & stated efficacy of conservation, attitudes toward conservation, 38–48 yr old Ss, failure to support behavioral intention models, 13801

Motion Pictures (Educational)
anti-smoking with fear appeal, arousal & anxiety & smoking attitudes, 18–60 yr old smokers, 12172

Motion Pictures (Entertainment)
application of social basis of root metaphor to "Apocalypse Now" & "The Heart of Darkness", 5275
movie viewing, disturbed behavior, hospitalized male psychiatric patients, 4075
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
psychoanalytic interpretation, portrayal of women in works of I. Bergman, 9903
psychoanalytic interpretation, Visconti's film "The Intruder", 12354
split between technological & demonic in psyche of contemporary humans, Freudian technophobic analysis of films directed by S. Kubrick, 3126

Motion Sickness
conflict between visual & vestibular stimuli, motion sickness, squirrel monkeys, 12189
gravitoinertial force level, susceptibility to space motion sickness, male college students, 12135
heuristic mathematical model of dynamics of sensory conflict, motion sickness, 11750
modulatory role of central cholinergic nervous system in motion sickness, literature review, 9643
removal of inner ear, emetic response to poison, male mongrel dogs, implications for role of inner ear in motion sickness, 2984
self control behaviors, seasickness, 18–23 yr old sailors, Israel, 1418
sensory conflict theory & role of limbic system in integration of sensory information & memory, motion sickness, 5984
statistical analysis, motion sickness incidence data, 2527
sudden stop vestibular test vs parabolic flight vs slow rotation room, acquisition & retention of adaptation effects, college students, implications for motion sickness susceptibility, 4568
symptoms of space motion sickness & spatial illusions & countermeasures, cosmonauts, USSR, 4576
tilted luminous frame with peripheral circular contours, inhibition of visual orientation control system, student volunteers, implications for motion sickness, 2587

Motivation [See Also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Employee Motivation, Extrinsic Motivation, Fear of Success, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Sex Drive, Temptation, Thirst]
academic & social & motivational characteristics, Hispanic bilingual vs nonminority monolingual college students in science & engineering programs, 4326
adult-adolescent relationships from perspective of A. H. Maslow's theory of motivation, 10073
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
alternatives open to defendant & harm done to victim, judgments of blame & punishment, female college students, 3329
appetitive motivation, heart rate, 12150
application of opponent-process theory to motivation for habitual blood donation, 1079
bias in retrospective data analysis & smoking cessation, change in self perceived motives for smoking, 21–81 yr old former tobacco smokers & recidivists, 9264
blame for task failure & ability known vs not known by teacher, estimation of test performance & interest in task, Ss acting as teachers & students, 2672
causal factors, school attrition, college students, 6687
challenging incentives, feedback-assisted heart rate reduction, Type A vs Type B college students, 532
client need for approval & clear vs ambiguous therapist expectations, self disclosure, female college students, 3848
cognitive & motivational factors, production of random series, humans, 7111
cognitive dissonance, motivation of moral development, college students, 782
concepts of self & ego & affects & drives, 8023
concepts of "understanding" & "objectivity" & "motives", ethnohistorical methodology, 5502
construction & reliability & validity of 3 dimensional test, measurement of R. W. White's construct of effectance motivation, adults, 120
cultural enhancement vs work fatigue compensation, motivation for leisure activity, Ss with mean age of 28 yrs, 7849
demands & desires in daily life, life satisfaction & psychological well-being, college students & adults, 10302
demographic characteristics & premorbid factors & motives & family background, mentally ill vs non-mentally-ill arsonists with vs without mental deficiency, 12761

development & maintenance of motivation for discrimination-classification game, normal & mentally retarded 5 & 6 yr olds, 5924
development & psychometric properties of Index of Parenthood Motivation, unmarried 16–30 yr old female college students & childless 21–42 yr olds, 11680
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
development of theory of intentional activity, 4966
drive theory, analysis of social facilitation, criticism of R. B. Zajonc's asocial theory, literature review, 1045
educational subsidies by employer, task interest & beliefs about reward, employed master of business students with expressive vs instrumental orientations toward program, test of sufficiency of justification hypothesis, 11406
emotions & social pressure & psychodynamics, alcohol drinking patterns, males with mean age of 36.7 yrs arrested for driving while intoxicated, 10466
failure of behaviorism & reinstatement of mind as subject matter of psychology, concepts of purpose & cognition in experimental animal psychology, 9216
Freud's concept of drive, 9224
goal-directed behavior in personality theory, literature review, 12736
group size & individual ability & performance feedback & type of task, effect of dispensability of member effort on motivation, college students, 3389
high arousal withdrawal & negative mood states, motivation & cue to drink, severely vs moderately dependent alcoholic males & females, 5874
hours of food deprivation, maze & discrimination learning, rats, 5004
importance of reasons for attending summer school, college students, 6695
incidence & age & sex & marital & vocational status & suicidal motives & methods, foreign vs German suicide attempters, West Germany, 12909
intentionality & field dependence, moral judgments, 6.8–8.2 yr olds, 9920
interaction theory of conscious & unconscious motivation based on cybernetic systems theory, 6936
interpersonal & environmental influences supportive of drug dependency & approach to motivation of treatment acceptance, drug dependent females, literature review, 8793
kind of material & reason for reading, reading processes & comprehension, 6677
level of fairness reasoning & values, participation in justice-related events, graduate students with mean age of 36 yrs, 8054
locus of control & field dependence & need for power, efficacy of electroconditioning aversion program with vs without covert sensitization & preferred vs nonpreferred beverage, male alcoholics, 4118
mastery drive & aggressiveness & identity acquisition, children, 877
media channel & motivation for attending to political advertisement, processing & effect of ad, college students, 7912
methods of encouraging teacher self motivation, educational administrators, 6569
MMPI & SCL-90 test results, clinical evaluation of patient ego strength & motivation for change, patients selected for short-term anxiety-provoking vs brief vs insight group therapy, 1541
model of motivation for marketing information acquisition & knowledge transfer, implications for advertising, 2290
motivation & cognitive failure & doxepin vs hydroxyzine therapy, concept learning, anxiety disordered male 20–50 yr old inpatients, 10861
motivation of repetitive behavior to conserve energy, householders, 4574
motivation, psychomotor performance, 10 vs 12 vs 14 yr olds, 12429
motivation, reading comprehension, implications for reading instruction, 6682
motivation sphere of personality, 8028
motivational components of human activity, 4974
motivational determinants, reproductive behavior, young couples, West Germany, 7897
motivational factors, use of exercise facilities, 18–41 yr old male submarine crew members, 13705
motives for own suicide & attitudes toward suicidal patients & treatment approaches, hospital physicians, 3811
need for mind expansion & religious or mystical experiences, motivation for long term cannabis use, adolescents, 7798
need for power & activity inhibition, 24–55 yr old light vs heavy drinkers, implications for power motivation of alcoholism, 10224
need for research to identify factors in motivation & participation in occupational therapy, physically handicapped, comments on G. Kielhofner & C. Nelson's health belief model, 8769
needs hierarchy of A. H. Maslow, criticism of analysis by E. Mathes, 301
negative consequences for actor & another & S moral development, moral judgments, high school & college students, 7820
parents' motivation & psychosocial diagnosis & team's relationship with & reaction to parents, interprofessional treatment team members & parents of hospitalized abused children, 1792
perceived difficulty of goal attainment, mobilization of effort & perceived magnitude of goal valence, college students, 7204
perceived task difficulty & vocational ability & work & authority attitudes, building project performance, 8th grade male vocational students, test of motivational feedback loop hypothesis, 889
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
periods of adult development & problems of motivation to work, college faculty members in novel of K. Amis, 10072
personal valuations as motives in self control, 7207
positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
power & intimacy & affiliation & achievement motivations in TAT profiles, former politically radical vs moderate Ss with mean age of 42 yrs, 3455
preferred drugs & drug abuse patterns & motivation, males vs females, 1976–79, 8224
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
psychological commitment, postelection evaluation & preferences, voters, 1012
psychological motivation behind Carnival celebration, Trinidad, 12514
psychological satisfaction derived from cigarette smoking, 19–25 yr old dental patients, 12615
public vs private ratings of expectancies of outcomes, depressed vs psychiatric control vs normal college students, implications for motivational deficit vs social manipulation theories of depression, 5778
rational emotive theory explanation of procrastination by A. Ellis & W. Knaus, 302
reasons for alcohol use, 12–16 yr old detained & adjudicated males, 10503
rehabilitation training & motivational & psychological status, meeting basic needs & participation in vocational & avocational activities & accomplishment of personal goals, spinal cord injured patients, longitudinal study, 1841
reliability & applicability of German version of Motivation Analysis Test, objective assessment of motivation in individual diagnoses, 2432
reward expectations & values & motivations, depressed vs hyperactive children, 10319
role in facilitation of patients' healthy lifestyle changes, family physicians, 8630
self actualization & motivation theory of A. H. Maslow, 297
self administration of electrical brain stimulation & relationship with neuropsychophysiological & psychopharmacological bases of motivated behavior, literature review, 575
self reported motivational determinants, self & environment care & play & work, psychiatric inpatients with mean age of 31.9 yrs, 12864
self reported reasons for drug use, 12–18 yr old detained & adjudicated male juveniles, 1270
sex of E, performance on E imposed vs self selected goals, humans, 11910
situational structures as origins of human tendencies, implications for social psychology, 12670
skill & will to win, athletic performance, female curling players, 7106
social clinical psychology as study of unconscious & conscious forces present in social interactions, 3366
social pressure & family problems & self destruction, alcohol intoxication, hospital treated 6–16 yr olds, Finland, 5865
social pressures vs health status vs income, prediction of early retirement intentions, 46–66 yr old industrial workers, 13762
social psychological approach, motivation for recreational travel, 7842
structural model of motivation based on social relationships between individuals, 1073

task difficulty & uniqueness of contribution, social loafing in group problem solving, college students, 1049
theoretical basis & example of profile interpretation of Motivational Analysis Test, disadvantaged females with mean age of 26 yrs studied by S. Hinman & B. Bolton, 13708
theoretical model providing framework for research & practical action on problem of burnout & commitment, 4540
thirst & hunger & subsequent food & water consumption, pleasantness of taste & sight & taste intensity of foods & water, young adults, 7118
threat of electric shock, motivation & perceptual motor task-induced physiological changes, 20–24 yr olds males, 534
time of response following shock & level of attention & general activation & motivational state, somatosensory EPs during motor response, right handed 21–25 yr olds, 7486
type of task & level of task difficulty & type or volume of noncontingent punitive stimulation & intelligence & personality & motivation, problem solving, human Ss, 11870
use of Miner Sentence Completion Scale to predict turnover, US Military Academy & Officer Candidate School students, 13717
wanting vs intention vs willingness to act, criticism of A. R. Miller's article, 4630
witnessing of victimization of self vs partner vs anonymous other, altruistic responses to confront transgressor, college students, 7981
yoga breathing exercises & self relaxation & self hypnosis in autogenic training, psychotherapeutic processes & relaxation & dropout rate & training time, moderately motivated clients, 6124

Motor Coordination
development of pattern generator for interlimb coordination of hindlimb locomotor activity, CNS, bullfrogs, 7440
individual differences, spectrographic patterns of vocalized text & text writing, humans, implications for neural coordination of vocalization & handwriting, 449
mental practice & standing vs supine position, accuracy of blind kinesthetic positioning, 18–44 yr old college students, 7119
model of hierarchically controlled execution of finger movement sequences, 35–45 yr old right-handed females, 4856
neurophysiological studies, multiple levels of control of robotic arm movement & proposals for use of control theory, 2366
normal vs inverted writing hand/posture, handwriting performance, left vs right handed students, test of J. Levy & M. Reid's neurological model, 9680
pharmacological manipulation of GABA receptor activity, modulation of ethanol-induced motor impairment, male rats, 646
short term performance of maximal contractions of plantar flexors, repeated measures of rate of tension development & role of neural mechanisms, male college students, 9441
target location change, arm pointing movement RT & coordination of arm & shoulder movement, humans, 7437
unilateral injections of colchicine or vinblastine into substantia nigra pars compacta, motor imbalance manifested in turning, male rats, 5192
wrestling in physical education program, coordination & self discipline & self concept, emotionally disturbed & learning disabled students, 9042

Motor Cortex
auditory &/vs electrodermal stimulation, EPs in auditory & sensorimotor & visual cortices, cats, 7518
EPs of sensorimotor cortex & caudate nucleus during mass alimentary-motivated training in males, rats, 7434
functions of frontal eye field & attention, literature review, 438
hypothalamic electrical stimulation, latency of sensorimotor cortex single unit activity during eyeblink conditioning, awake cats, 12222
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
microiontophoretically applied glutamate & acetylcholine as analogs of CS & UCS to sensorimotor cortex micropool of neurons, associative properties of CRs, rats, 9834
motor cortex neurons having excitatory influence on spinal motoneurons of intrinsic hand muscles, monkeys, 9656
neuronal ensemble structural organization in motor & somatosensory cortex, humans, 7345
non-specific afferentation, neuronal activity in sensorimotor cortex, rabbits, 2960
photic stimulation & sensorimotor & visual cortex theta rhythm energy, transmission of visual excitation to motor analyzer, rabbits, 9620
picrotoxin, somatosensory cortex neuronal responses to acoustic stimuli, cats, 5214
serial ablations of motor cortex, cats & dogs, 2964
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
stimulation of thalamocortical pathways as CS & antidromic activation of pericruciate pyramidal tract cells as UCS, cortical motor neuron activity, cats, 2954
unilateral neonatal cortex lesions, bilateral deoxyglucose uptake, 1 day & 30 day old rats, 5177

Motor Development [See Also Psychomotor Development, Speech Development]
balance ability & reflex maturation, 85–131 mo old learning disabled vs emotionally handicapped males, 10314
brain neural adaptation in ontogeny of oculomotor control, literature review, 9650
development of pattern generator for interlimb coordination of hindlimb locomotor activity, CNS, bullfrogs, 7440
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
factor structure, Bruininks-Oseretsky Test of Motor Proficiency Short Form, 4.5–14.5 yr olds, 9290
fine motor skill development, performance consistency of rod placement, 8 mo longitudinal study of 12 mo olds & cross sectional study of 18–22 vs 26–30 vs 36–40 mo olds, failure to support modular theory of motor skill, 9996
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
home environments, behavior & intelligence & expressive language & motor development, 4 yr olds with minor congenital anomalies, 10318
interpersonal distance & locomotion trace & range of locomotion & behavior density, development of cognitive & behavioral aspects of spatial behavior, children & adults & animals, literature review, 5332
lead & cadmium levels, visual perceptual development, 6–12 yr olds experiencing learning problems, 12448
logical reasoning ability & visual-motor integration & verbal development, achievement scores in kindergarten & 2nd & 3rd grade, kindergartners, 13611
motor development, children with Down's syndrome, 8258
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
patterns of bilateral coordination & lateral dominance, leg movement, infants from 2–26 wks of age, longitudinal study, 5333
prenatal ethanol exposure, neuromotor development & response inhibition, rats, 3026
prewalking use of infant walker, onset time of independent walking, infant twin pairs, 7745
quantitative & memory & perceptual & motor abilities & verbal performance, 3 vs 4 yr olds, 7739
sensorimotor & language development & symbolic activities, 10–30 mo olds, 10023
temperament, cognitive & verbal & motor development, 3–4 yr olds, 9926
training & development of development drawing skills, 2nd & 3rd & 4th & 6th graders, 12418
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
visual information, vestibular head righting response, 3.2 & 4.2 mo olds, 9979

Motor Disorders [See Nervous System Disorders]
Motor Evoked Potentials [See Somatosensory Evoked Potentials]

Motor Neurons
axonal projections of excitatory vestibuloocular neurons & synaptic contacts with extraocular motoneurons, cats, implications for convergence movements, 485
command & pattern-generating cells for respiratory pumping, aplysia, 7358
degenerative motor-neuron disease, stuttering, 60 yr old male, 10540

development of pattern generator for interlimb coordination of hindlimb locomotor activity, CNS, bullfrogs, 7440
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
fictive swimming, electrical activity of spinal cord myotomal motoneurons, frog embryos, 5096
firing patterns of reticulospinal neurons associated with 4-limb movement, thalamic cats, 7433
guided forelimb movement, EMG activity in elbow extensor fast & slow motor units, cats, 7344
mechanical stimulation, reflex responses of single motor units in lower lip muscles, adults, 2833
model nets composed of neuron-like elements, simulation of muscle control signals in locomotor movements, 9285
motor cortex neurons having excitatory influence on spinal motoneurons of intrinsic hand muscles, monkeys, 9656
neuroleptic drugs, antagonism of GABA functions in spinal primary afferents & interneurons & motoneurons, rats, implications for antipsychotic actions, 12240
neuron LAa33, pneumostome closing during defensive reaction, snails, 12103
neuronal activity in area 5 of postcentral cortex during simple movement of contralateral forearm before vs after deafferentation, monkeys, 474
neuronal mechanisms underlying locomotor movements, molluscs, 5053
rostral spinal cord hemisection, tonic & phasic synaptic input to motoneurons during fictive swimming, frog embryos, implications for descending inhibitory mechanisms, 5178
stapedial muscle motor neuron distribution, male chickens, 7376
technique for electrical stimulation of single afferent fibers in dorsal roots & analysis of stimulation frequency effects on excitatory postsynaptic potential amplitude in motor neurons, cats, 11581
temporal pattern of chronic neuromuscular stimulation, acceleration of synapse elimination at neuromuscular junction, neonatal rats, 12221

Motor Pathways [See Efferent Pathways]

Motor Performance [See Also Finger Tapping, Running, Walking]
age & number of demonstrations, modeling of ladder-climbing performance, college students vs 4th–5th graders, 809
age & sex & body composition, prediction of basic motor task & health-related fitness item performance, 1st–3rd graders, 12434
attribution training, assembly task performance, mentally retarded 20–55 yr olds working in sheltered workshops, 13414
auditory RT task, limb pulse wave velocity & transit time & amplitude during anticipatory heart rate deceleration, males with mean age of 23 yrs, implications for vagal & alpha sympathetic activation, 9692
being traded to same vs other league team during vs between seasons, batting performance, major league baseball players, 13724
benzodiazepines & zopiclone, physiological & subjective & cognitive & motor performance correlates of drug response & plasma concentrations, patients, 10831
computerized portable test facility, analysis of motor performance during discrete positioning tasks, 7045
development & validity of Scale of Eight Emotions, relationship between anxiety & motor behavior, female high school gymnastics competitors, Yugoslavia, 2457
development of response priming experimental technique, RT in voluntary body movements, 30–40 yr old right-handed females, 2389
differences in arm length, measurement of movement accuracy in short term motor memory task, 10–17 yr old mildly retarded vs nonretarded children, 12960
electroacoustic method, 3-dimensional analysis of hand movements during positioning tasks, 11572
estimate of just noticeable difference in linear displacement response, prediction of retention of motor displacement reproduction, 11777
fine motor skill development, performance consistency of rod placement, 8 mo longitudinal study of 12 mo olds & cross sectional study of 18–22 vs 26–30 vs 36–40 mo olds, failure to support modular theory of motor skill, 9996
grade & sex differences, expectancy for success & performance of tossing task, 3rd vs 5th graders, 7681
information load in hand-eye coordination task, performance & risk taking & physiological responsivity, 23–71 yr old males, 11784
knowledge vs postknowledge of results-delay interval & intertrial interval, motor performance, college students, 11782
known vs unknown direction of load & load vs unload & accuracy constraints & visual stimulus, speed & accuracy of compensatory responses to wrist disturbances, adults, 4853
lateral asymmetries, arm vs wrist vs finger movements in rapid tapping task, right handed males, 9677
laterality, motor response to figure matching vs sequential-spatial task, 19–23 yr old dextral males, implications for cognitive style, 12088
left handedness, motor performance, literature review, 2573
magnitude & angle of reach & separation distance, asymmetrical simultaneous reaching motion, male college students, implications for industrial work performance, 205
magnitude of accelerating & decelerating mechanical disturbance during performance of voluntary arm movement task, movement time error & amendment times, college students, 9437
manual sequence tasks, hemispheric specialization of memory & motor performance, 29–64 yr olds with unilateral brain lesions of left vs right hemisphere, 13033
model of hierarchically controlled execution of finger movement sequences, 35–45 yr old right-handed females, 4856
motion of thrower's body &/vs target, ball throwing performance, 1st–5th graders, 9919
motivation, psychomotor performance, 10 vs 12 vs 14 yr olds, 12429
motivational incentives & achievement motivation, movement performance on combined tracking & acoustic & visual RT task, 16–23 yr olds, 3137
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
movement direction & preprogramming vs programming vs reprogramming, ballistic motor act, females with mean ages of 21.9 vs 69.1 yrs & right vs left handed college students, 3174
observational design, generalizability of motor performance ratings, raters, 9412
overshoot rate & end point dispersion & boundary distance & target width, pursuit-tracking task, 18–31 yr. olds, theory verification, 2566
positive-involving posthypnotic suggestion, performance on rotary pursuit task, hypnotized vs awake college students, 2562
reinforcement of leg kicking, kinematic analysis of temporal & topographic characteristics of kicking, 3 mo olds, 855
sarin vs alcohol vs amphetamine vs diazepam, swimming behavior as test of motor performance, male guinea pigs, 6980
skill & will to win, athletic performance, female curling players, 7106
smoking withdrawal, physiological responses & complex motor & perceptual performance in simulated aircraft cabin altitude of 6,500 ft, 23–59 yr old habitual smokers, 12302
subliminal oedipal stimulation, competitive dart-throwing performance, male college students, 11757
Test M of General Aptitude Test Battery, measurement of recovery from anesthesia, 16–59 yr old patients, 13286
time of response following shock & level of attention & general activation & motivational state, somatosensory EPs during motor response, right handed 21–25 yr olds, 7486
unimanual ballistic aimed movements, constant error with right vs left hand, right handed adults, 11770
verbal vs performance scores on psychological tests & right vs left hand performance, verbal vs performance ESP tasks, 25 vs 34 yr old right handed females with motor vs verbal occupations, 4613
visual cue-mediated forearm movement vs withholding of movement, premotor cortex unit activity, male rhesus monkeys, 9683
visually directed reaching for moving objects, 4–11 yr olds with abnormal postural fixation, 1357
writing to dictation with left vs right hand, performance, 25–63 yr old aphasics with agraphia with vs without right hemiplegia, 1390

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Finger Tapping, Motor Coordination, Motor Performance, Motor Skills, Running, Sucking, Swimming, Tonic Immobility, Walking]
ablation of reciprocal connections between pulvinar-lateralis posterior nucleus complex & cerebral cortex, electrical stimulation induced turning response, cats, 12190
age & sex, incidence of motor vs sensory aphasia, patients with mean age of 48.7 with left-sided vascular lesions, 12996
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
analysis of movement & sexual differentiation & social interaction in drawings, primary school students, 9925

apparatus, measurement of force used on pressed keys on machinery, 4708
bilateral frontal leukotomy, motor function, schizophrenics, 1691
body & head movement, smooth pursuit & saccadic & vestibulo-ocular eye movements, humans, adaptive control model for gaze control, 4874
calcitonin, extrapyramidal motor system, male rats, 671
chlorpromazine vs antimuscarinic compounds & subsequent carbachol vs atropine, barrel rotation, male rats, 626
choreoathetoid movements, Quick Neurological Screening Test performance, learning disabled 6–8 yr old males, 5905
chronic dopamine injection into striatum, distribution & concentration of dopamine & metabolites & motor rotation, rats, 9870
control of limb movements by CNS, literature review, 5097
covert rehearsal, motor long term memory, right handed Ss, 2644
description of motor behavior during interaction, parents & their 1.5–4.3 yr olds, 7870
distance &/vs location cues, recall of learned arm movement, 5.9 vs 8.6 vs 12.5 yr olds, 7718
dynorphin, motor functions & EEG, male rats, 704
EEG recordings during writing task with left vs right hand, surface negative readiness potentials, right handed 20–35 yr olds, 12100
effective arm length & load carried, trajectory of arm movement during pointing task, 2575
electrophysiological sleep patterns & leg movements during nocturnal sleep, daytime sleepiness, adults, 5109
fasting vs glucose feeding, variability in forces applied during repetition of habituated cycling task, males, 2881
firing repertoires of hippocampal theta cells during motor behavior & slow wave activity, rabbits, 477
gait & posture & cranial nerves & motor & sensory systems & reflexes & Alzheimer's disease & differential diagnosis, dementia, aged, 5974
globus pallidus & putamen & claustrum lesions, motor asymmetry during active defensive reflex, cats, 12228
guided forelimb movement, EMG activity in elbow extensor fast & slow motor units, cats, 7344
hair lead content & intelligence & school achievement & motor impairment, rural 5–16 yr olds, 10642
hand tapping frequency, EEG, 17–20 yr old right handed males, 9663
hypnotic susceptibility factors & mental imagery of visual scenes vs visual/kinesthetic actions, college students, 2557
interpersonal distance & locomotion trace & range of locomotion & behavior density, development of cognitive & behavioral aspects of spatial behavior, children & adults & animals, literature review, 5332
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
intrinsic functional organization of neostriatum & role in voluntary movement control, literature review, 12093
kainate & 6-hydroxydopamine & 5,7-dihydroxytryptamine brain lesions, turning behavior, male rats, implications for role of mesencephalic reticular formation & noradrenergic & serotonergic & dopaminergic projections, 12201
lateral cradling preferences & handedness, females with mean age of 59 mo, 3193
left frontal lobe damage, transactional motor aphasia, 52 yr old right handed male, Thailand, 1361
lesions of medial pontine reticular formation, apomorphine- & amphetamine-induced stereotyped head movements & turning, rats, 9749
lithium chloride & lithium carbonate, beta endorphin induced psychomotor activity, cats, 3002
magnitude & angle of reach & separation distance, asymmetrical simultaneous reaching motion, male college students, implications for industrial work performance, 205
manual sequence learning & speeded performance tasks, hemispheric asymmetries in ordering of motor acts, 29–63 yr olds with unilateral brain damage of left vs right hemisphere, 13034
material density & task frequency & load center of gravity locations in direction of preferred vs nonpreferred hand, maximum acceptable weight of lift, 2578
measurement bias, accuracy of recall of movement on linear-positioning task, 7–9 vs 10–12 vs 14–16 yr old right handed males, 2514
medial vs lateral amygdala lesions, motor activity, rats, 12232
model nets composed of neuron-like elements, simulation of muscle control signals in locomotor movements, 9285
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
mother-infant separation, social behavior & increased movement & plasma cortisol & hormonal & adrenocorticoid changes, adult male squirrel monkeys, 2944
motor & state functioning, neonates with methadone-maintained mothers, 7685
motor therapy, multisensory handicapped 7–11 yr olds, 3812
movement time & distance, timing of EMG activity from agonistic & antagonistic muscles during rapid elbow movements, college students, support for S. A. Wallace's impulse timing theory, 2581
neuroleptic drugs, behavioral effects of apomorphine, monkeys, 3071
neuromuscular constraints on "phonological" production in manual sign language, 9896
neuronal activity in area 5 of postcentral cortex during simple movement of contralateral forearm before vs after deafferentation, monkeys, 474
nigrostriatal lesions with vs without dopamine depletion, dopamine agonist-induced rotational behavior, female rats, 9821
nonsymbolic axial movements, 22–72 yr old aphasics with brain damage, 8331
noradrenergic drugs & opiates, wet shake behavior, male rats, 3000
operant procedures using contingent music, compliance with verbal requests for motor behaviors, comatose patients, 1565
pecking behavior, pigeons, 5042
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
personality traits & motor characteristics in traffic psychological coordination test, 11783
photic stimulation & sensorimotor & visual cortex theta rhythm energy, transmission of visual excitation to motor analyzer, rabbits, 9620
posture & emergence of spontaneous fetal motility, 12 wk longitudinal assessment, 12365
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
preferred vs imposed dimensions of visual display terminal workstation, body postures & physical symptoms of static efforts in neck & shoulder & hand & arm, 19–45 yr old female typists, 6878
pretreatment with colchicine, distribution of dynorphin in CNS, rats, implications for regulation of sensory functions & motor activity, 7600
primitive reflex profiles & motor activity, infants, 754
program of motor & cognitive tasks, cognitive & motor skills, learning disabled kindergartners, 13572
prostaglandins, apomorphine-induced circling, male mice, 3084
psychology of action & movement, 208
quantitative techniques for measurement of abnormal motor movement in handicapped, nonhandicapped 7–15 mo olds, 6978
rate & distribution of body movements during sleep, 21–36 yr olds, 12145
relaxed wakefulness with vs without Jendraissik maneuver, secondary facilitation in recovery function of Hoffmann's reflex, male hyperkinetic 8–12 yr olds, 6015
repetitive photic stimulation, effect of posture on probability of EMG responses in various muscles, rabbits, 9665
rest vs motor activity, EEG amplitudes, monozygotic vs heterozygotic twins, 5047
retinal image displacement during binocular fixation with active head rotation measured by afterimage method, humans, 219
rocking body motions & detection of worms, American woodcocks, 394
RT & movement time & intelligence, 9th grade females, replication of A. R. Jensen & E. Munro's study, 7713
sc vs ip apomorphine, yawning, male rats, 9864
silence vs nonspeech vocalization vs speaking & hand used & visual guidance, motor performance, right handed Ss, evidence of operation of left hemisphere motor control systems, 4840
similarity of retrieved response tendencies, RT on motor control tasks involving simultaneous initiation &/vs suppression of response tendencies, college students, 7112
simultaneous bilateral vs separate unilateral elbow extension & flexion, voluntary isometric arm strength, female college students, 9608
single amphetamine injection & sex differences, amphetamine-induced rotational behavior & amphetamine-stimulated dopamine release from striatal tissue, rats, 5239

sleep positions & motility, subjective quality of sleep, good vs poor college student sleepers, 11926
spontaneous fluctuations in movement, human fetuses in utero, 2872
stop signal & organization of typing responses into words vs single vs clustered letters, probability of inhibiting last keystroke of word & number of letters typed after stop signal, experienced typists, 202
strain differences, crawling & digging in foraging behavior, 4 strains of drosophila larvae, 2811
styles of maternal involvement & proposals for manual & computer systems to record mother-infant movement, infant psychotherapy, infants & mothers, 6135
supplementary motor area of brain, translation of intentions into voluntary movement, 9632
time sharing factor, performance of complex tasks, right handed female college students, 2580
topic saliency, speech rate & foot & leg movements, male vs female college students, 9428
torque & lateral preference & cognitive ability, kindergartners & 1st graders, 5344
uncertainty of movement on gross motor tasks, RT & movement time, mildly mentally retarded vs normal 8–10 yr olds, 8244
unilateral striatal electrolytic vs 6-hydroxydopamine-induced denervation, contralateral striatal reduction in dopaminergic function & contralateral asymmetry & circling behavior, male rats, 12256
unilateral ventral noradrenergic bundle lesions, ipsilateral forebrain noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid levels & ipsilateral rotation following sc apomorphine vs amphetamine, male rats, 2987
wing fluttering, frequency of attacks, female cliff swallows, 360
wrist immobilization, performance on Jebsen Hand Function Test, 21–45 yr olds, 9436
Motor Skill Learning [See Perceptual Motor Learning]
Motor Skills
age differences, right & left hand skill development, right vs left handed 4–9 yr olds, 7701
efficacy of rubbing S's shoulders vs verbal praise vs vibration to spinal area as reinforcers, mobility, severely retarded blind 28 yr old female, 13405
exposure to toluene vs organic solvent mixture, RT & dexterity & memory & mental arithmetic, printers & painters, 13032
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
participation in coeducational volleyball class taught by female teacher, attitudes & motor skills, male vs female 9th–12th graders, 4295
presentation-trial vs test-trial vs presentation & test-trial training of motor skill, acquisition & retention of distance & location, employees of US Army, 11771
sensory feedback training, motor skill performance, multiply handicapped cerebral palsied 3.1 & 4.8 yr old females, 8538
skill & will to win, athletic performance, female curling players, 7106
Motor Traffic Accidents
accuracy of eyewitness testimony, child vs adult traffic accident witnesses, literature review, 10198
alcohol drinking attitudes & behavior & driving problems, drivers under 25 yrs of age, 869
alcohol intoxication & victim compensation, responsibility attribution in traffic residents, college students, 10267
causes & incidence of cyclist-motorist collisions & countermeasures for cyclist safety, New Zealand vs US, 4440
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
driving records & attitudes, long term prediction of traffic accidents & violations, drivers, 2197
incidence of traffic accidents for week proceeding & subsequent to daylight saving-time changes, 13703
models of driver steering behavior & applicability to accident study, literature review, 1975–80, 2199
need for system design changes, prevention of road traffic accidents & highway safety, 4458
proportion of car &/vs truck tailgating, rear end accidents, 9118
role of alcohol & drugs & other factors & characteristics of road accidents, young adults, 1043
sex & accident history & driving exposure, performance on driveometer, drivers, 13707
traffic accidents & biological rhythms, drivers, 12165
Motor Vehicles [See Also Automobiles]
conversion of motorized van into mobile psychophysical research laboratory, 4685
driving speed & steering difficulty & lateral tolerance, index of tracking difficulty for agricultural driving tasks, 4441
echein or effect of what one wears on wearer, vehicle driving behavior & arms possession & nuclear capabilities, 2342
operator entry-exit system design guidelines based on generally accepted standards for mobile vehicles, 11447
vehicle & driver characteristics, risk taking as measured by tailgating & distance between moving cars, drivers, 4443
Motorcycles [See Motor Vehicles]
Mourning [See Grief]
Mouth (Anatomy)
bilateral trigeminal orosensory deafferentation, ingestive behavior, male rats, 2976
developmental stages, play & fear type mouth displays & grimaces, infant pigtail macaques, 2757
electrical stimulation of peripheral stump of cervical sympathetic nerve, modulation of units innervating periodontal mechanoreceptors, rabbits, 7532
Movement Perception [See Motion Perception]
Movements (Activist) [See Activist Movements]
Movements (Social) [See Social Movements]
Movies [See Motion Pictures (Entertainment)]
Mucus
cholinergic neurons in control of mucus secretion, Aplysia, 12120
Multidimensional Scaling
city-block metric, analysis of subjective similarity of Shepard circles, criticism of V. Broderson's conclusions derived from multidimensional scaling, 212
conditional rank order judgments, gathering information for multidimensional scaling analysis, college students, 2550
correlation & consistency of semantically generated multidimensional profiles of odor stimuli, humans, 197
estimation of item & person parameters by computer program LOGIST allowing specification of prepotency level & assumption of unidimensionality with multidimensional latent trait space, 11638
FORTRAN IV program, sorting individual differences multidimensional scaling data, 4699
lattice-based similarity measures between ordered trees, comparisons of long term memory structures, 2511
multidimensional analysis, perceived dimensions of causality & chance, college students, 9293
multidimensional calibration & techniques, comparison of procedures by R. N. Shepard & J. B. Kruskal, 4831
multidimensional scaling & confirmatory nonparametric methodology, analysis of relationship between narrative materials to be learned & subsequent semantic knowledge organization, college students, 2504
multidimensional scaling approach, construct validity of Aachen Aphasia Test for assessment of language performance, 21–77 yr old global & Broca's & Wernicke's & amnesic aphasics, 2482
multidimensional scaling procedures applied to cognitive descriptions of religious experience, college students vs Ss aged 24 yrs and older, 12531
multidimensional scaling, ratings of men's names, college students, 12665
nonmetric algorithm for internal unfolding analysis of preference matrix based on absolute value principles, 9408
number of objects/stimuli, fatigue & boredom & practice effects on multidimensional scaling reliability using method of complete triads, college students, 2419
polydimensional scaling in psychology, application to visual & auditory perception, literature review, 11627
procedure for obtaining maximum likelihood estimates, probabilistic multidimensional scaling, 2556
quasi-statistical procedure, selection of appropriate dimensionality & parameters in multidimensional scaling, 7093
self centeredness & long- vs short-term consequences & competitiveness vs cooperativeness & social status & intimacy, compliance gaining, college students, 5617
Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]
Multilingualism [See Also Bilingualism]
double immersion program of trilingual instruction, 1st language development & 2nd & 3rd language learning, elementary school students, Canada, 2009
evaluation of language function by Wada Test & cortical stimulation & clinical examination, 23–45 yr old Chinese- & English-speaking polyglots with aphasia or dysphasia, 3749

Multiple Births [See Also Heterozygotic Twins, Monozygotic Twins, Twins]
handwriting assessment, developmental stages, female quadruplets who developed schizophrenia at 26 yrs of age, 12828
Multiple Choice (Testing Method)
confidence testing procedures for computer-based multiple choice testing, 11284
effectiveness of single vs double multiple choice questions, college students, 2191
emphasis vs nonemphasis on "not" in multiple choice questions, item correlation with total test scores, college students, 13672
multiple choice test using answer-until-correct procedure, order of elimination of distractor items & guessing, college students, 11649
number of multiple choice options & blank placement in completion items, reliability of achievement test scores, 5th graders, 4435
rearrangement of questions alone vs both questions & answers, multiple-choice answer copying, college students, 13681
reliability of tests with 3- vs 4-alternative multiple choice items, reanalysis of R. G. Swanson's & R. G. Straton & R. M. Catts's studies, 9324
scoring method & prevalence of distractor answers & guessing, validity & reliability of simulated multiple choice test scores, 2397
Multiple Personality
characteristics & guidelines for differential diagnosis, multiple personality, 8164
definitions & treatment of multiple personality, literature review, 1164
hypnotherapy, multiple personality, adult female caught embezzling, 1676
repression in multiple personality disorder, 29 yr old female, 1175
Rorschach, diagnosis of multiple personalities, 35 yr old male, 4813
Multiple Regression
conversion factors relating 2-group discriminant function & multiple regression results, 11740
generalized definition of suppression & conditions for suppressor structures in General Linear Model procedures, 2512
Markov network analysis, model of change of multiple correlated variables over time, 2553
method for construction of artificial data to illustrate suppressor variables in multiple regression analysis, 9416
multiple regression vs unit-weighting multiple regression, clinical prediction, 2531
Multiple Sclerosis
adjustment to multiple sclerosis, male vs female 8–50 yr old patients, 7-yr longitudinal study, 3685
auditory & visual somatosensory & supraorbital nerve electrical stimulation EPs, diagnosis, 14–69 yr old multiple sclerosis patients, 13039
auditory brain stem responses & binaural masking level differences & acoustic reflexes, 24–54 yr old patients with multiple sclerosis, 10592
corrected profile for multiple sclerosis-related symptoms for MMPI, 19–61 yr old multiple sclerosis patients, 7050
cross validation of double discrimination scales derived from Luria-Nebraska Neuropsychological Battery, identification of multiple sclerosis, multiple sclerosis vs brain damaged patients, 4801
diagnosis of paranoid schizophrenia, 41 yr old female with multiple sclerosis, 5695
pattern reversal visual EPs, 12–64 yr olds with multiple sclerosis, Japan, 8343
pattern reversal evoked potential as diagnostic aid, multiple sclerosis, 1406
personality characteristics, 20–54 yr olds with multiple sclerosis vs 16–64 yr olds with neuromuscular disease vs 30–63 yr olds with rheumatoid arthritis vs 19–66 yr olds with complex partial seizures, 6044
psychological features, multiple sclerosis, 13077
Multiple Therapy [See Cotherapy]
Multiply Handicapped
assessment procedures, profoundly & multiply handicapped children, 2149
audio feedback system, head control, profoundly retarded multiply handicapped 2–16 yr olds, 8523
cognitive development, blind deaf mutes, comment on works of I. A. Sokolyanski & A. I. Metscheryakov, 5986
group counseling & educational program, teenagers with Usher's syndrome, 11335
motor therapy, multisensory handicapped 7–11 yr olds, 3812
rationale for group home residences, visually impaired severely multiply handicapped, 8754
sensory feedback training, motor skill performance, multiply handicapped cerebral palsied 3.1 & 4.8 yr old females, 8538
structure & operation & model of workshop series, improvement of teaching approaches, staff working with profoundly handicapped children, 11101
system of audio speakers & pressure-sensitive mats to teach travel routes within workshop facility, multiply handicapped blind 28–58 yr olds, 8779
visual & auditory & social & vibratory reinforcement, head turning, 9 yr old multiply handicapped profoundly retarded male, 3915
Multivariate Analysis [See Also Factor Analysis, Multiple Regression]
aggregation schema for eigenvector approach to attribute scaling using paired comparison in hierarchical data, 2517
APL program function, calculation of Cholesky factor of gramian matrix, 11600
Biomedical Computer Programs statistical package, generation of bimultivariate covariation measures with limited interaction for partial & semipartial & bipartial models, 2518
canonical correlation to perform factorial MANOVA, 2555
direct multivariate frequency analysis of psychophysiological data, 4836
generalized discriminant analysis as descriptive technique associated with multivariate general linear model, 2546
models for multivariate paired comparison experiments with ties, 2498
multivariate analysis of data in activation design, covariation & consistency, male students, 4823
multivariate analysis of structural determinants including religious involvement, rate of rape, 12945
multivariate analysis, personality & language & EEG, males, 7431
multivariate approach using triple cross validation design, analysis of job characteristics & job satisfaction, public sector employees, 2521
multivariate generalization procedure, hypothesis testing of rated differential response patterns in multigroup pharmacological studies, 3080
multivariate generalized beta & generalized F distributions & application to utility modeling, 2523
nonlinear canonical correlation analysis using CANALS method, 7099
principal components analyses, intercorrelations among items of Beck Depression Inventory & National Institute for Alcohol Abuse & Alcoholism Impairment Index, patients treated for alcoholism, 12947
principal components analysis, classification of visual cortex cells, cats, 2368
statistical data analysis, study of psychopathology, 11734
statistical method based on log-linear probability model, analysis of multivariate ordinal polytomous data, 4829
step-down procedure using smallest interset multiple correlation as step, elimination of variables not contributing the correlation in canonical cross-validation designs, 9422
technique for graphing multiple time series residual data, 9406
three-mode principal component analysis & factor analysis, annotated bibliography of published & unpublished theoretical & applied papers, 7092
triangular decomposition technique for obtaining measures of ill-conditioned multivariate matrices, 9405
use of canonical correlation in analysis of contingency tables, criticism of article by T. Holland et al, 176
Murder [See Homicide]
Muscle Contraction Headache
EMG biofeedback training, trauma-induced vs tension headache patients, 10820
group therapy utilizing behavioral package vs traditional psychotherapy vs self-monitoring, chronic muscle-contraction headaches, 22–67 yr olds, 1534
home use of tape recorded progressive muscle relaxation exercise, tension headaches or chronic anxiety or borderline labile hypertension, male veterans, 3932
methodology in EMG biofeedback, tension headaches, college students, 10813
relaxation & psychological stress, psychophysiological responses, muscle contraction & classic & common migraine headache sufferers with mean ages of 37 & 41 & 42 yrs, 5954
self control & social desirability & headache pain, females with migraine with or without muscle contraction headaches with mean age of 39 yrs, 3695

stressful stimulation, recovery from stress & response stereotyping, patients with rheumatoid arthritis vs essential hypertension vs migraine headache vs tension headache, 8273
type of biofeedback treatment, tension headache, patients, 3-yr followup, 13232
Muscle Contractions
basal pulse volume & heart rate & skin resistance & muscle tension & reactivity to sound stimulation, 28.4–36.8 yr old patients with functional vs organic infertility, 3684
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
internal vs external imagery, biceps EMG activity & ocular responses, male college students & faculty experienced vs inexperienced in weight lifting, replication of E. Jacobson & P. J. Lang's findings, 2886
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
movement time & distance, timing of EMG activity from agonistic & antagonistic muscles during rapid elbow movements, college students, support for S. A. Wallace's impulse timing theory, 2581
occurrence of reference stimulus in variable temporal contiguity with rapid voluntary muscular contraction, perceived temporal sequence of stimulus & contraction, humans, 11778
phase locking of pyloric system network with commissural ganglia as basis for stomatogastric ganglia motor pattern generation, lobsters, 5081
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
role of pyloric network neurons in bursting pacemaker potentials, stomatogastric ganglia motor pattern generation, lobsters, 5080
short term performance of maximal contractions of plantar flexors, repeated measures of rate of tension development & role of neural mechanisms, male college students, 9441
synaptic organization of pyloric neurons as underlying basis for stomatogastric ganglia motor pattern generation, lobsters, 5066
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation
anticipation of hypnotic vs learned relaxation, baseline muscle tension, male college students, 7101
auditory &/vs visual biofeedback of GSR & relaxation therapy, muscle relaxation, college students, 10793
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
EMG analysis, relaxed vs unrelaxed postures, 23–27 yr old males, 7465
EMG biofeedback training, ability to relax frontalis muscle, 25–57 yr old male middle-stage alcoholics vs 22–54 yr old nonalcoholics, 10818
information vs muscle relaxation training, distress during gastrointestinal endoscopy, 21–93 yr olds, 4013
sedative instrumental background music, muscle tension after EMG biofeedback relaxation training, 23–33 yr old spastic cerebral palsied adults, 6094
visual vs auditory biofeedback, frontalis muscle tension, college students, 12151
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Diazepam]
baclofen, subjective report vs physiological effects of low-level methadone withdrawal, 23–40 yr old male methadone addicts, 6965
cyclobenzaprine-induced manic psychosis, 38 yr old female, 13267
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
Muscles [See Also Facial Muscles, Oculomotor Muscles]
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
mandibular muscle spindle & histochemical comparison with mammalian masseter muscle, fish, 9649
movement time & distance, timing of EMG activity from agonistic & antagonistic muscles during rapid elbow movements, college students, support for S. A. Wallace's impulse timing theory, 2581
pubococcygeal strength & self-reported orgasmic response, 18–58 yr old females, 2857
specialized pattern of electrical activity in pharyngeal muscles, mollusc-eating sunfish, 9645
temporal pattern of chronic neuromuscular stimulation, acceleration of synapse elimination at neuromuscular junction, neonatal rats, 12221
working environment & posture & lighting & work rest cycles, visual & muscular fatigue, 18–37 yr old visual display terminal operators, 2271
Muscular Disorders [See Also Muscle Contraction Headache, Muscular Dystrophy, Myoclonia, Myotonia]
ACTH unilateral microinjection into brain stem, postural asymmetry & movement disorder & resemblance to human dystonia, male rats, 7599
antipsychotic drugs, time of onset & persistence of tardive dystonia, 13–60 yr olds, 1629
EMG analysis of occupational muscular strain during constrained work, 13035
neuropharmacologic profile & differentiation from tardive dyskinesia, Meige dystonia, 54 yr old male, 1436
Muscular Dystrophy
effect on family & issues for treatment professionals, families having child with Duchenne muscular dystrophy, 13000
flight-related pathology & development of righting ability, 7–49 day old chickens with muscular dystrophy, 4986
passive exercise of extremities, peripheral vision, 9–13 yr olds with muscular dystrophy, 13398
Musculocutaneous Nerve [See Spinal Nerves]
Musculoskeletal Disorders [See Also Arthritis, Joint Disorders, Muscle Contraction Headache, Muscular Disorders, Muscular Dystrophy, Myoclonia, Myotonia, Rheumatoid Arthritis]
biofeedback treatment, headache & asthma & hyperactivity & muscle dysfunctions & anxiety & emotional disorders, children & adolescents, 3923
deficiencies in ergonomic design of keyboard work, upper limb & neck disorders, keyboard operators, Australia, 13053
difficulties in sexual functioning & recommendations for ways of helping, patients with scoliosis or low back pain or cerebral palsy, 5949
ergonomics & working conditions, occupational cervicobrachial disorder, Japan, 13058
eyestrain & fatigue & shoulder & arm muscle pain, female office machine operators, Japan, implications for keyboard design, 13064
localized fatigue complaints & pain in upper limbs & neck, 17–29 yr old accounting machine operators, 13045
management of & correcting misconceptions about chronic musculoskeletal & joint disorders, aged, 1353
occupational cervicobrachial disorder, Japan, literature review, 13046
patient education, sexual expression, patients with musculoskeletal conditions including rheumatoid arthritis & hip replacement & amputations & trauma, 10661
small group exercise instruction, posture, 8–12 yr olds with scoliosis, 8379
working conditions, prevalence of neck & upper limb disorders, different occupational groups, Finland, 13041
working conditions, prevalence of occupational cervicobrachial disorders, office machine operators vs office workers without machines vs assembly line workers, 13062
Musculoskeletal System [See Also Ankle, Arm (Anatomy), Bones, Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Hips, Jaw, Joints (Anatomy), Leg (Anatomy), Muscles, Oculomotor Muscles, Shoulder (Anatomy), Wrist]
skeletal muscular distribution of chemicals, hens, 2869
Music
association of qualifying words & bodily expressions with musical excerpts, college students, 742
atenolol, stage fright & performance with vs without audience, 20–54 yr old musicians, 670
attitudes about influence of popular music on social values, high school vs college students, 3258
changes in CNS during perception of music, implications for neurophysiological bases of emotion, 2902
characteristics of singing games & significance in educational settings, Black children, 13507
complexity of rhythmic stimuli, maintenance of rhythmic pattern congruent with stimulus, Down's syndrome vs non-Down's syndrome mentally handicapped 9.2–17.9 yr olds, 8265
grade level & grades & visual aids & major vs minor vs atonal phrases, conservation of rhythmic & tonal patterns, 2nd–6th graders, replication of M. Zimmerman & L. Sechrest's experiment, 6685

hierarchic structuring in musical/cognitive processes, adult nonmusicians, 4929
knowledge of personal preferences & music performance experience, preference & ability to identify musical &/vs visual art styles, high school students attending summer music camp, 7724
music &/vs progressive muscle relaxation, tension reduction, college students, 3918
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
psychoanalysis of music creativity in R. Schumann's "Dichterliebe", 743
reasons for loud-music preferences, US Air Force enlisted personnel, 12355
relaxation therapy with Ravel's "Bolero" as background music, 3911
relaxation training combined with music, tension headaches, 89 yr old nursing home patient, 1802
repeated exposure to musical selection, perception of thematic structure, college student musicians vs nonmusicians, 251
residence in retirement vs nursing vs independent homes & rural vs suburban vs urban communities, musical activity preferences, individuals 55 yrs & older, implications for continuing music education program planning, 8974
similarity & preference judgments of jazz vs classical vs rock music, college students, 4887
social loafing & artistic creativity in songs of J. Lennon & P. McCartney, 3388
structural characteristics, melodic expressive properties, college students, 4971
structural principles governing hierarchies of harmonic stability, contextual & memory effects in apprehension of musical structure, college students with 11.5 yrs average music experience, 7150
sung vs spoken lyrics with vs without musical accompaniment, recall & recognition of verbal material contained in lyrics, verbally vs visual-spatially oriented learning disabled 9–11 yr olds, 1282
system of audio speakers & pressure-sensitive mats to teach travel routes within workshop facility, multiply handicapped blind 28–58 yr olds, 8779
teaching remedial spelling with music, junior high school students, 9070
theory of musical rhythm perception, 2606
use of popular song lyrics as supplemental teaching technique, abnormal psychology instruction, 6635

Music Education
effectiveness of music appreciation program, students, 13567
grade level & grades & visual aids & major vs minor vs atonal phrases, conservation of rhythmic & tonal patterns, 2nd–6th graders, replication of M. Zimmerman & L. Sechrest's experiment, 6685
knowledge of personal preferences & music performance experience, preference & ability to identify musical &/vs visual art styles, high school students attending summer music camp, 7724
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
prior musical experience, achievement in elementary educational fundamental music course, college students, 4308
private music instruction, ability to describe musical components, high school music students, 6629
residence in retirement vs nursing vs independent homes & rural vs suburban vs urban communities, musical activity preferences, individuals 55 yrs & older, implications for continuing music education program planning, 8974
same/different discrimination techniques & readiness training & song vs no song tonal pattern training, tonal & rhythmic aural perception & vocal performance, 5.3–6.5 yr old female vs male kindergartners, 8977
significance evaluation, music education research & theories, 6610
student teaching, classroom management beliefs & skills, student music teachers, 8941

Music Therapy
dichotic presentation of words & their definitions in one ear & music in the other, vocabulary scores, 7th–9th graders who read 2–4 yrs below grade level, implications for research in hemispheric processing, 6750
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
music/reminiscence therapy, 78 yr old female with exogenous depression, 8363
sedative instrumental background music, muscle tension after EMG biofeedback relaxation training, 23–33 yr old spastic cerebral palsied adults, 6094
speech & music & drama therapy, adult stutterers, 6077

Musical Ability
complexity of rhythmic stimuli, maintenance of rhythmic pattern congruent with stimulus, Down's syndrome vs non-Down's syndrome mentally handicapped 9.2–17.9 yr olds, 8265
components of musical endowment & talent, reevaluation of assessment instruments in musical psychology, 8027
individual differences in musical ability, accomplished musicians vs music students vs school children, 8036
knowledge of personal preferences & music performance experience, preference & ability to identify musical &/vs visual art styles, high school students attending summer music camp, 7724
music training & sung vs spoken verbal vs numerical vs pitch stimuli, sung vs spoken recall, college student musicians vs nonmusicians, 4948
private music instruction, ability to describe musical components, high school music students, 6629
proposed testing methods, assessment of musical ability, children, 7002
repeated exposure to musical selection, perception of thematic structure, college student musicians vs nonmusicians, 251
same/different discrimination techniques & readiness training & song vs no song tonal pattern training, tonal & rhythmic aural perception & vocal performance, 5.3–6.5 yr old female vs male kindergartners, 8977
structural principles governing hierarchies of harmonic stability, contextual & memory effects in apprehension of musical structure, college students with 11.5 yrs average music experience, 7150
Yehudi Menuhin School for meeting special needs, talented young musicians, 2136

Muslims [See Islam]

Mutations
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591
histological determination of auditory & vestibular degeneration & occurrence prior to vs with seizure, audiogenic seizure prone 22 day old chicks, 7331
misrouting of optic tract fibers as basis for disproportionate ipsilateral vs contralateral development of retinogeniculate projections, Siamese cats, 2842
nest building, staggerer vs weaver mutant mice, 7332
retinal ganglion cell receptive field organization & light sensitivity, normally pigmented vs congenic hypopigmented mutant female mice, 428

Mutism [See Also Elective Mutism]
cognitive development, blind deaf mutes, comment on works of I. A. Sokolyanski & A. I. Metscheryakov, 5986
incorporation of echolalia into task, acquisition & generalization of receptive labeling, echolalic vs functionally mute autistic 3–14.7 yr olds, 1568

Myenteric Plexus [See Autonomic Ganglia]

Myocardial Infarctions
biofeedback training, heart rate modification, 48–57 yr old patients after suffering myocardial infarctions, 3927
catheterization stress, blood platelet count, myocardial infarction patients vs noncoronary Ss with high vs low scores on Hypochondria & Depression & Hysteria MMPI scales, 4008
causal attributions for disease, 32–89 yr olds with myocardial infarction or lung cancer, 10628
life changes & coronary prone behavior pattern, development of myocardial infarction in middle age, literature review, 5961
marital & employment status & prior psychiatric treatment & neuroticism & psychoticism, psychiatric morbidity before vs after myocardial infarction, male patients, 10615
marital relations & sexual dysfunction & spouse emotional illness, patients with hypochondriasis vs chronic pain vs obesity vs myocardial infarction, 12760
neurotic drugs, psycho-emotional disturbances & sleep disorders, myocardial infarction patients, 8567
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
severity of myocardial infarction, resumption of cigarette smoking, chronic smokers with mean age of 56.5 yrs, 10544
time of day of onset of chest pain & secretion level of ACTH & cortisol, patients with myocardial infarction, 1380

Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379
Myoclonia
pathophysiological processes, insomnia & sleep apnea & nocturnal myoclonus & daytime sleepiness, aged, 10608
prevalence of sleep apnea & nocturnal myoclonus, adult inpatients with affective disorders, 12855
Myopia
age differences, dark focus, nearsighted vs farsighted 17–67 yr olds, 3757
behavioral training, visual acuity & generalization of training effects, 18–30 yr old myopes, 10794
visual training program composed of fading & social reinforcement & performance feedback, visual acuity on trained vs untrained stimuli, myopic college students, 1599
Myotonia
neuropsychological functioning, myotonic dystrophy patients with mean age of 37 yrs, 1451
Mysticism
biomedical elements & sorcery in medical perceptions & treatments & practices, Nyole of Eastern Uganda, 4012
definition of numinous experience in work of Jung & frequency of occurrence of archetypes & role of numinous images & rituals in psychic change, implications for psychotherapy, 6926
history of mysticism & use of psychedelic drugs to induce mysticism, 4649
medieval religious visions & contemporary hallucinations & cultural norms, attribution of mental illness, 20–30 yr olds, 3548
mysticism & German mystical rationality & Freudian thoughts on mysticism, 4619
mysticism & Jung, 4634
need for mind expansion & religious or mystical experiences, motivation for long term cannabis use, adolescents, 7798
role pressures & personal maladjustment & social protest, spirit possession, 25–38 yr old females, Trinidad, 3507
unconscious & reality of God & mysticism, discussion of Freud's "Metapsychology" & "Psychopathology of Everyday Life", 4645
Mythology [See Literature]
Myths
characterization of archetypal masculine in Western myth & literature as development of ego consciousness & significance for females, 7662
deformed legs in pre-Columbian Mexican mythology, 7665
exposing legends & myths via scientific study, 9249
history & myths & childrearing & intercultural relations & warfare & sexuality & language & psychoanalytic character & sibling-oriented culture, Vietnam, 925
Judeo-Christian myth of Fall of man as expression of body/spirit duality & fundamentals of Freud's work, directed reverie therapy, 8445
Jungian viewpoint & syntonic countertransference reactions & value of fairy tales & legends, beginning phase of psychoanalysis, 8417
psychoanalytic interpretation, myth of omnipotent servant, 11543
Myxedema [See Hypothyroidism]
Nabilone [See Cannabinoids]
NAch [See Achievement Motivation]
Naloxone
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
cold pressor vs arithmetic-induced stress & naloxone, pain thresholds, humans, implications for role of endogenous opioids in pain tolerance, 7459
cortical spreading depression, blockade of naloxone-induced abstinence responses, morphine dependent male mice, 3068
ethanol & naloxone, serum hypothalamic-pituitary luteinizing hormone, rats, 7572
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
ketocyclazocine dosage with vs without naloxone & time-out periods, multiple schedule responding, squirrel monkeys, 12303
kindled seizures, tail withdrawal vs single vs multiple squeaks as measure of pain sensitivity & blockade by naloxone, male rats, 2360
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
metkephamid dosage with vs without naloxone, operant conditioned responses, male pigeons, 661
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
morphine & naltrexone & diazepam, suppression of drinking & saccharin solution intake, male rats, 9804
morphine &/vs naloxone, social investigatory behavior & motor activity, male mice, 3050
morphine sulfate vs naloxone & removal from normal social environment, social behavior, Beagles born & raised in canine research lab, 12308
morphine vs codeine vs pethidine vs pentazocine vs aminopyrine, rapidly learned conditioned suppression of motor activity, male mice pretreated with naloxone vs levallorphan, 5212
morphine vs met-enkephalinamide & naloxone, responses of substantia gelatinosa & deep dorsal horn neurons to noxious cutaneous stimulation, anesthetized vs unanesthetized cats, 7619
morphine vs naloxone, latency of hot plate induced foot movement, terrestrial snails, 12286
muscimol vs picrotoxin vs naloxone, chlordiazepoxide-induced ataxia, rats, 3020
naloxone & fluid deprivation & open gastric fistulas, sugar/water preference & intake, male rats, 2938
naloxone & naltrexone & deprenorphine & levallorphan, memory, rats, 5204
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
naloxone dosage, emotionally conditioned digitalis toxicity, guinea pigs, 3060
naloxone dosage, free recall & recognition memory for words, 20–33 yr olds, 12254
naloxone, dyskinetic movements & psychiatric symptoms, 36 yr old female with schizophreniform syndrome & partial adrenal 21-hydroxylase deficiency, 13269
naloxone effects on anxiety & anger & blood pressure & respiration & CSF opioid activity & effects of surgical stress on plasma beta-endorphin immunoreactivity, 20–33 yr olds & psychiatric & surgical patients, 3499
naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
naloxone, feeding induced by hypothalamic stimulation, male rats, 7569
naloxone, food & water consumption, vagotomized male rats, 7561
naloxone, food intake & spontaneous locomotion in winter vs summer, wolves, implications for endogenous opiate regulation of energy intake, 12305
naloxone, head banging, severely mentally retarded 8 yr old male, 6244
naloxone, involuntary movements & plasma beta-endorphin levels, 29–71 yr old inpatients with tardive dyskinesia, 3957
naloxone, liquid & solid sucrose intake, vagotomized male rats, 541
naloxone microinjections into high opiate receptor binding brain regions, reversal of morphine induced catalepsy, male rats, implications for limbic & basal ganglia role in narcotic motor expression, 3107
naloxone, play fighting, juvenile rats, 618
naloxone, reversal of concurrent morphine disruption of maternal behavior, rats, 7566
naloxone, self abusive behavior, mentally retarded 20 & 26 yr olds, 6285
naloxone, self mutilation, 15 yr old male, 8578
naloxone vs diprenorphine dosage levels, shock-induced defensive behavior & escape/avoidance behavior, male rats, 5240
naloxone vs naltrexone, aggressive & social behavior & motor activity & self grooming, mice, 3073
naloxone vs naltrexone, food intake, preweanling rats, 614
nitrous oxide &/vs naloxone, enhancement of sexual fantasy & orgasmic sexual pleasure, 22–39 yr old females, 12270
placebo vs naloxone & treatment for snake fear, fear reduction, female college students, implications for role of endorphins in placebo fear reduction, 7481

prolyl-leucyl-glycinamide vs naloxone, morphine analgesia, goldfish, 3017
quaternary form of naloxone, fluid consumption, male rats, 3034
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088
ventral tegmental area injections of diallyl-normorphinium bromide vs naloxone, rate of heroin self administration, rats, 5193
Narcissism
characterization of narcissism, 5805
clinical meaning & significance of penis envy, depressed 32 yr old female, 3854
discussion of psychoanalyst M. Klein's work, fantasy as related to object relations & narcissism & concept of "positions" in development & "Narrative of a Child Analysis", 36
guilt as source of narcissistic gratification, psychoanalysis, 13145
infantile sexuality in Jensen's "The Gradiva", implications for narcissistic libido & transference, 12359
metapsychology of narcissism & Freud's formulation of instinctive theory, 11549
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
narcissism & death instinct in psychoanalytic theory, 4635
narcissism, recognition of inverted photographs of own vs peer face, 13–14 vs 18–21 vs 25–35 yr olds, 3215
narcissistic mechanism of defense & positive transference in psychoanalysis, female patient, 8438
narcissistic transference & countertransference in psychoanalytic process, 13184
psychoanalytic & sociological factors, contemporary intensification of narcissism, 8175
transference & analyst's narcissism as obstacles in treatment process, 13175
Narcissistic Personality
depression proneness & low self esteem & unhappy outlook & narcissistic vulnerability, college students, 12888
failure to form normal mother-infant symbiotic bond & pathological efforts to compensate, development of borderline & narcissistic personalities, 8160
personality classification of narcissistic personality disorder in DSM III, 3519
psychoanalytic developmental theories of M. Mahler & self concepts of H. Kohut & Gestalt psychology, diagnosis & treatment of narcissistic patients, 5827
psychotherapy, narcissistic personality disorder, 35 yr old female, 8433
resistance in hypnotherapy, borderline & narcissistic & psychotic patients, 8587
self presentations in psychoanalysis, adult male with narcissistic disturbance, 1502
Narcoanalysis
drug therapy & narcoanalysis, posttraumatic stress syndrome, 3959
Narcoanalytic Drugs [See Amobarbital]
Narcolepsy
acute total vs short term partial sleep deprivation vs narcolepsy-cataiepsy, vigilance & RT & memory & auditory EPs, narcoleptic vs normal Ss, 5148
auditory EPs, measurement of sleepiness, 34–61 yr old narcoleptics vs normal Ss with vs without sleep deprivation, 6018
auditory evoked potentials vs sensitive performance measures vs EEG, assessment of excessive daytime sleepiness & drowsiness, untreated 19–65 yr olds with narcolepsy cataplexy, 3687
diagnostic evaluation results & sleep patterns, Ss with excessive sleepiness disorders, 6047
EEG during auditory vigilance task, 19–65 yr old narcoleptics vs 22–65 yr old normals, 10647
instructions, sleep onset vs wakefulness, sleep deprived vs normal sleeping vs medicated narcoleptic Ss, 5155
nocturnal EEG measures of sleep continuity & architecture & REM sleep, narcoleptics vs patients with endogenous depression, 5718
pupillometry, sleepiness measurement, patients with disorders of excessive sleepiness, 6026
REM sleep during maintenance of wakefulness test, patients with apnea vs narcolepsy, 12995
sleep latency, adult narcoleptics vs upper airway &/vs mixed sleep apnea patients, 6000
Narcotic Antagonists [See Also Naloxone]
buprenorphine, tolerance & physical-dependence potential & reinforcing effect & dose level & behavioral manifestations during continuous self administration, rhesus monkeys, 7635
buprenorphine vs methadone, food & opiate self administration, monkeys, 7609
complaints of side effects, methadone patients using vs not using heroin vs naltrexone vs other opiates, 11071
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
morphine & naltrexone, reduction of alcohol drinking, rats treated at birth with tetrahydroisoquinoline vs protoberberine compounds, 9806
morphine vs codeine vs pethidine vs pentazocine vs aminopyrine, rapidly learned conditioned suppression of motor activity, male mice pretreated with naloxone vs levallorphan, 5212
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
naloxone vs diprenorphine dosage levels, shock-induced defensive behavior & escape/avoidance behavior, male rats, 5240
naloxone vs naltrexone, aggressive & social behavior & motor activity & self grooming, mice, 3073
naloxone vs naltrexone, food intake, preweanling rats, 614
naltrexone blockade of opiate receptors, voluntary running & hypothalamic self stimulation, female hamsters, implications for endogenous opiate mediation of motivated behaviors, 9846
naltrexone maintenance with vs without individual psychotherapy, treatment compliance, detoxified heroin addicts, 8813
narcotic agonists & antagonists, behavior, etonitazene-dependent male rhesus monkeys, 7626
opiate antagonist naloxazone, morphine & cold water swim analgesia, male rats, 3047
opiate antagonists vs mu- vs kappa-receptor antagonists, intake of sweetened condensed milk, rats & squirrel monkeys, 3053
osmotic vs hypovolemic thirst stimulus & chlordiazepoxide & naltrexone, water intake, male rats, 630
sc implantable buprenorphine delivery system, male rats, 11609
stress-induced analgesia from escapable vs inescapable shock, naltrexone sensitivity & reactivity to morphine, male rats, 548
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088
Narcotic Drugs [See Also Apomorphine, Atropine, Codeine, Heroin, Meperidine, Methadone, Morphine]
blind vs informed vs self regulated methadone detoxification procedures, dose reduction & retention in treatment & symptoms & illicit drug use & followup status, male opioid addicts, 8812
buprenorphine vs methadone, food & opiate self administration, monkeys, 7609
criminal behavior, male narcotic addicts with mean age of 27.7 yrs, 8216
cultural values, Puerto Rican vs Black vs White opioid addicts, implications for treatment of Hispanic addicts, 10511
dosage of hydromorphone, physiological & subjective effects, 28–35 yr old male postaddict volunteers, 7608
drug abuse treatment, outcomes, opioid addicts, 5–6 yr followup, 11051
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs para-hydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
haloperidol vs 6-hydroxydopamine, oral drug-taking behavior, rats dependent on etonitazene, 9818
levo-alpha acetylmethadol vs restricted take-home methadone in maintenance treatment program, reduction of methadone diversion, drug addicts, 8804
location & concentration of drug solution, etonitazene consumption, female rats, 647
methadone maintenance vs therapeutic community vs outpetient drug free vs detoxification programs, abstinence, opioid addicts, 6-yr followup, 8820
methadone vs levo-alpha acetylmethadol for 3 vs 6 wks, withdrawal symptoms & drug abstinence, heroin addicts, 8810

morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
narcotic agonists & antagonists, behavior, etonitazene-dependent male rhesus monkeys, 7626
propoxyphene napsylate maintenance, heroin addicts, 8814
propoxyphene napsylate vs methadone, drug-seeking behavior & symptoms of withdrawal or overmedication, 22–55 yr old male heroin addicts on methadone maintenance, 8831
racial differences & social change, age at 1st use of alcohol & narcotics & other drugs & onset of narcotic addiction, Black vs White male narcotics abusers, 1952–71, 12936
unsignaled vs self administered hydromorphone vs saline injections, psychological & physiological responses, methadone-maintained opiate addicts, implications for opponent process view of addiction, 8235
Nasal Mucosa
anesthesia of olfactory membrane, orientation ability, homing pigeons, 12282
Nationalism
perceived economic gap between groups & type of personal-group relative deprivation, group discontent & role in sociopolitical attitudes, 22–50 yr old Francophones vs Anglophones, Quebec, 10110
Native Americans [See American Indians]
Natural Disasters
awareness of & response to natural hazards, literature review, 4585
behavioral adjustment to natural hazards & pollution in environment, residents, Canada, 4580
earthquake, neurotic behavior, earthquake survivors, Romania, 4-yr followup, 12839
education & knowledge, adaptive responses during emergencies & in threatening situations, college students, 13660
psychological effects of natural vs technological disasters, 9190
response to evacuation warnings for flood vs volcanic eruption vs nuclear accident, community residents, 7831
volcanic ash, nest excavation & renesting & reproductive success, ring-billed & California gulls, 377
Nausea
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
hypnotherapy, treatment of depression & nausea caused by chemotherapy, 48 yr old cancer patient, 10887
hypnotic desensitization, anticipatory nausea & vomiting, middle aged male undergoing chemotherapy for Hodgkin's disease, 10884
nausea & vomiting associated with chemotherapy, cancer patients, reply to article by J. C. Chang, 10828
nausea following food ingestion, acquisition of food dislikes, college students, 7105
pretreatment nausea & vomiting as classically conditioned aversive reaction, chemotherapy compliance & termination, 17–38 yr old cancer patients, 3961
relaxation training, anticipatory nausea associated with chemotherapy, 46 & 58 yr old male cancer patients, 10823
stress reaction or traumatic neurosis & pretreatment nausea & chemotherapy, pseudohallucinations, cancer clinic outpatients with mean age of 35 yrs, 6332
systematic desensitization, anticipatory nausea associated with chemotherapy, 28 yr old male with diffuse histiocytic lymphoma, 10796
Navaho Indians [See American Indians]
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel
auditory vs visual input & spatial vs verbal central processing & manual vs speech output, performance on simulated flight task, 22–46 yr old right handed male students & US Naval air test center employees, 9188
auto- vs heterostereotypes, Anglo vs Black vs Hispanic US Navy recruits, 3287
cognitive style & ability & aptitude & computer-managed mastery learning, individual differences in achievement & learning rate, US Navy trainees, 11356
handedness, US Navy sonarmen vs corpsmen vs enlisted males aboard submarine, implications for validity of G. C. Briggs & R. D. Nebe's questionnaire, 2841
miniature job training & evaluation approach, prediction of job performance, low aptitude navy recruits, 2232
motivational factors, use of exercise facilities, 18–41 yr old male submarine crew members, 13705
numerical basic skills curriculum guide, US Naval academic remedial training or apprentice training, 6829
performance on hidden patterns & gestalt completion & cube comparison tests, male US Navy sonar operators vs recruits, implications for screening, 4473
psychiatric patient characteristics & disposition & outcome & comparison with previous patient populations, US Navy enlisted personnel inpatients at San Diego naval hospital, 11000
quality of visual cues & physical factors, simulated carrier landing performance, naval aviators, 6824
rank & age & method, suicide, Marine Corps vs US Navy personnel, 1966–77, 10458
readability grade levels of US Navy technical school curricula, 13579
red vs level of white light illumination, navigation test performance, navigation school students, 9187
self control behaviors, seasickness, 18–23 yr old sailors, Israel, 1418
state-of-the-art reports, naval training equipment design & development, 2224
training effectiveness evaluation of Advanced Fire Fighting Training System, US Navy firefighters, 13719
users' "format schema" for technical manuals, evaluation of document design of nonprocedural job text, US Navy apprentice electronics technicians, 9180
value importance, value fulfillment/job satisfaction, state vs bank employees vs US Navy cadets, 13755
Nearsightedness [See Myopia]
Neck (Anatomy)
deficiencies in ergonomic design of keyboard work, upper limb & neck disorders, keyboard operators, Australia, 13053
ergonomics & working conditions, occupational cervicobrachial disorder, Japan, 13058
localized fatigue complaints & pain in upper limbs & neck, 17–29 yr old accounting machine operators, 13045
occupational cervicobrachial disorder, Japan, literature review, 13046
working conditions, prevalence of neck & upper limb disorders, different occupational groups, Finland, 13041
working conditions, prevalence of occupational cervicobrachial disorders, office machine operators vs office workers without machines vs assembly line workers, 13062
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need Satisfaction
analysis of problems & attitudes of & toward & proposals for meeting basic needs, aged, 5315
consistency & self enhancement theories & self esteem, need gratification & work satisfaction, managers & administrators with mean age of 42.3 yrs, 9159
hierarchy of psychological needs & intensity & directions of need satisfaction, miners, 12690
need satisfaction & need importance, 24–55 yr old bank managers & officers & clerks, 11398
needs satisfaction framework, evaluation of political & bureaucratic & professional & community organizational models based on degree of motivation, 22–32 yr old police officers, 2258
news preferences, gratification from TV news, college students, 12333
peers vs adults as sources of satisfaction, need for affection, preschoolers, 5472
rehabilitation training & motivational & psychological status, meeting basic needs & participation in vocational & avocational activities & accomplishment of personal goals, spinal cord injured patients, longitudinal study, 1841
Needs
assessment of needs & proposal for housing & psychosocial support, mentally retarded adults, Austria, 1834
available helping resources & role perception, diagnostic attributions of source of client's needs, counselor trainees & college students, replication of study by C. D. Batson et al, 8691
basic appeals to needs in advertising, 4593
career stages & individual needs, management of superior-subordinate relationship, employees & supervisors, 9162
cognitive style & interpersonal need & eudaimonistic model of health, 25–60 yr olds, 12704
conceptual model of pension claiming behavior, perception of need & utility of benefit & stability of situation & feelings about outcomes, 60–96 yr old pensioners, Scotland, 3273
construction & predictive validity of questionnaire based on A. H. Maslow's need hierarchy theory, measurement of neighborhood social life satisfaction, residents, 7043
correlation between occupational needs & rewards, work satisfaction, social workers, 4205

creation of congressional Select Committee on Children Youth & Families & role of psychological community, needs & problems of children & families, US, 10191
criticism of A. H. Maslow's need hierarchy theory, 24
demographic characteristics & risk for psychiatric impairment & need for mental health services, 17–92 yr olds, 10426
demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379
development & reliability of Probationer Concern Inventory, assessment of needs & satisfaction, clients of New Jersey county probation office, 2429
difficulty of vocational training & personal needs of male vs female, judgment of appropriate income, Ss with preference for equitarian vs egalitarian allocation, 7971
educational needs, adults paralyzed vs with amputation due to injury vs illness, 6751
emergency & cost to self, helping behavior, college students, literature review, 10257
emotional needs, gifted children, 12375
family & school & ego development & social & cognitive needs & academic achievement motivation, children, 9025
financial need & daily living activity level & occupational therapy, return to work, 18–65 yr olds with hand injuries, 11024
geographic distribution & need for & availability of mental health services, 5–17 yr old military dependent children, 10951
hierarchy of psychological needs & intensity & directions of need satisfaction, miners, 12690
inability to sustain satisfactory interpersonal relationships & current trends in sexuality & need for psychosocial identity & prevalence of sexual disturbances, couples, therapy implications, 5989
interaction between work values & environment & significance of work at various life stages & responsibility of & value to industry of techniques to assist needs & values clarification, employees, South Africa, 9167
legal education, ability to balance personal vs professional needs, lawyers, 4269
legal needs & available resources, mentally & developmentally disabled, 10195
liaison psychiatry education, psychiatric needs of medical patients & educational needs of medical staff, medical outpatients & physicians, 11103
life satisfaction & need for social work intervention, 41–73 yr olds with neuromuscular disorders, 8686
manifest need satisfaction, male vs female counselors, 8868
mental health service needs, family caregivers of mentally ill persons, 1734
need & enabling & predisposing factors, use of social & health services, noninstitutionalized Ss over age 65, 8603
need & function & strategies for maintaining & factors which affect personal space, 5621
need for approval & dependence proneness, male vs female college students, 3477
need systems, 21–47 yr old male rapists, 8226
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
needs & obstacles to psychosocial reentry following psychiatric deinstitutionalization & emotional support of clubhouse model program, chronic mental patients, 1810
needs hierarchy of A. H. Maslow, criticism of analysis by E. Mathes, 301
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
perceived career education needs, secondary school students & teachers & parents, 6641
perceived need for relaxed services for mentally retarded children, preservice vs inservice special education teachers, 9072
perceptions of community service needs, families with mentally retarded members, Australia, 13338
perceptions of knowledge adequacies & inservice training needs & identification of vital instruction areas, rehabilitation educators, 8854
personal & social & economic meanings of work, 20–35 yr old male physically disabled rehabilitation clients, verification of C. P. Alderfer's theory of human needs, 1847
personal characteristics & service needs & problem behaviors, group home placement success vs failure, mentally retarded, 4029
personality & attitudes & needs measured by EPPS & androgyny scale & attitude toward rape scale, female 19–33 yr old state police recruits, 2261
prediction of voluntary & involuntary attrition using GPA & index of personal needs satisfaction & college climate, college freshmen, replication & extension of study by J. E. Edwards & L. K. Waters, 4401
prevalence of emotional disorders & depression in medical outpatients as indication of psychiatric educational needs, residents in internal medicine, 6492
priorities of family related needs, surveyed public vs participants at regional public hearings, 10196
problems & needs, juveniles confined in adult detention facilities, 6464
psychological needs analysis of stereotypes of males & females, college students, Malaysia, 3354
reliability of simple averaging vs 6-item scale methods for combining supervisors' & employees' estimates of training needs, social workers & supervisors in public welfare agency, 8838
response bias, assessment of needs, hospice clients, 10900
role of social work in meeting housing needs, aged, 8692
sex differences & education & need for dominance & personal growth, career aspirations, Ss with mean age of 17.6 yrs entering stratified occupational system in banks, 9132
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
socio-demographic & disability characteristics & services received & needed, autistic children & adults, 3542
student & administrator & faculty & clerical staff needs & agency priorities & program & style, college counseling centers, 4390
student services needs, college students, implications for counseling, 2172
subjective quality of life as criterion, assessment of needs for social policy & resource allocation decisions, adults & older persons, 10106
supportive family counseling as alternative to traditional family therapy, emotional support & needs, families of schizophrenic patients, 1529
teacher inservice instruction regarding A. H. Maslow's hierarchy of needs, self concept, 3rd–8th graders from intact vs divorced families, 2082
theoretical biological approach, dynamics of needs, implications for psychoemotional stress & health, 7485
types of "strokes" for specific needs, transactional analysis, 8373
typology of definitions of educational need in adult education, 4221
understanding of family pathophysiology & diagnostic & therapeutic techniques & needs of family vs individual members & consequences for health care delivery system, family medicine, literature review, 8628
use of video in training & need reactivation, 8990
White domination & cultural differences, mental & physical disorders & health needs & services, American Indians, 8073
withdrawal of love & encouragement of cross gender behavior by mother, need for approval, 31 yr old sons & daughters, 25 yr longitudinal study, 3239
work assignments & inservice training & academic preparation needs, comment on article by R. E. Matkin et al, 11104
work assignments & inservice training & academic preparation needs, rehabilitation administrators & supervisors, 11123

Negative Reinforcement

deposit repayment intervals & duration of deposit holding, compliance & drop-out rate & outcome & acceptability of deposit contract, adult smokers in program for smoking cessation, 13425
expectation of high- vs low-intensity shock & presence vs absence of male vs female companion, arousal & attributions for arousal & attraction to companion, male college students, 12650
negative reinforcement for shock-induced aggression, resident-intruder agonistic response, rats, 2689
operational definitions of response cost, 1596
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
scale of aversiveness of behavioral decelerators, behavior modification experts, implications for use with institutionalized mentally retarded, 13254
true vs pseudodiscriminative conditioning & stimulus reinforcer, associative & postprandial control of schedule-induced drinking, rats, implications for study of interim behavior, 7257

Negativism
desirability & applicability to self or well-liked other & positivity vs negativity, memory for trait adjectives, college students, attempt to support theoretical schemata of encoding of personally relevant information, 4943
Negotiation [See Also Bargaining]
application of arbitral decision policies, labor arbitrators, 4496
collective bargaining simulation exercise combined with lecture & discussion & case analyses, learning & attitude, college students in labor-management relations course, 6651
models of negotiation, arbitration, literature review, 10259
need for development of communication proficiencies & strategies to negotiate increases or maintenance of time spent on primary role, guidance counselors, 4234
representatives' power within own organization, outcome of negotiations, college students, implications for labor management bargaining, 3387
role taking & role sending process & organizational context, role conflicts & negotiation/problem solving, internal program evaluators, 2260
strategies & tactics of mediation, state vs federal mediators, 4487
team locus of control, aspiration level & bargaining outcomes, college students, 3384
3rd party consultation in intergroup conflict resolution, literature review, 10230
Negro Militancy [See Black Power Movement]
Negroes [See Blacks]
Neighborhoods
construction & predictive validity of questionnaire based on A. H. Maslow's need hierarchy theory, measurement of neighborhood social life satisfaction, residents, 7043
development of rating scales & relationship to age & sex, perceived quality of neighborhoods, adults, 2412
environmental vs sociodemographic characteristics, social contact, neighborhood residents, 933
mental representation of neighborhood environment, 6 yr olds, 792
neighborhood characteristics & urban crime, 3609
neighborhood social support network, aged, 12494
perceived local threat, perceptions of territorial features of residential neighborhoods, residents, 13798
perceived neighborhood toughness & drug use, use of alcohol vs marihuana vs hard drugs, inner city junior high school students, 875
perceptions of neighborhood physical & social environment, fear of crime & behavioral restrictions, city & suburban residents, 4573
proper use of urban neighborhood, implications for Dutch concept of "woonerf", US, 11472
town size & personal & demographic characteristics, neighborhood size & amenity perceptions, rural aged Ss, 4588
Nembutal [See Pentobarbital]
Neonatal Development
acoustic stimulation at 500 vs 1500 vs 3000 Hz, site of receptor damage in basilar papillae, chicks at embryonic day 20 vs postnatal day 10 vs 30, 7427
auditory stimulation, tonotopic organization of brain stem auditory nuclei, embryonic vs hatchling chickens, 7400
biological preprogramming, adaptation & behavior, infants, 3150
Brazelton Neonatal Assessment Scale, recognition of infant capabilities & cues & parent-infant interaction, parents of hospitalized high-risk newborn infants, 6324
factor analysis, intrapartum fetal heart rate patterns, neonates, 759
neonatal development, preterm infants assessed from actual to expected date of birth, 3139
neonatal exposure to phenobarbital, sensitivity to apomorphine induced climbing behavior, mice, 3109
neurological condition at birth, visual evoked potentials & electroencephalogram, 5 yr olds, 786
prenatal & perinatal & neonatal risk factors, Ss with infantile autism, 10367
trends in perinatal health policy, UK, 6335
Neonatal Disorders [See Cleft Palate, Downs Syndrome, Phenylketonuria, Turners Syndrome]
Neonates
age, pattern preference & visual acuity, neurologically normal vs abnormal preterm vs full-term infants, 6001
attitudinal & normative factors & stated intention, infant feeding from birth to 6 wks, primiparous vs multiparous mothers aged 16–40 yrs, support for M. Fishbein & I. Ajzen's theory of reasoned action, 12551
behavior, neonates with diabetic vs nondiabetic 20–35 yr old mothers, 1454
behavioral context of Early Social Communication Scales, assessment of social development & communicative competencies, 0–30 mo olds, 11713
Brazelton Neonatal Assessment Scale, recognition of infant capabilities & cues & parent-infant interaction, parents of hospitalized high-risk newborn infants, 6324
breast vs bottle feeding, direction of mouthing response to human voice, 45 min to 7 hr vs 7–25 hr vs 1–7 day olds, 9997
complementary rhythms & synchronies, mothers & fetuses or newborns, 956
congenital cytomegalovirus infection, cause of deafness & mental deficiency, newborns, literature review, 5703
deinstitutionalization in child & adolescent psychotherapy, newborn child & his parents, 8474
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
early contact, mother child relations, mothers & neonates, 12549
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
evidence of phencyclidine in umbilical cord blood, neonates & drug dependent mothers, implications for pediatrics & juvenile law, 5866
feeding efficiency, bottle-fed preterm 25–37 wk gestational age neonates, 13002
fetal heart rate during last hr of labor, attention-orientation & temperament & arousal, 2–3 day olds, 760
filming methodology, neonates & young infants, 11575
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
holding newborn at delivery, bonding behavior, 21–32 yr old 1st-time fathers, 7902
imitation of adult facial gestures, 0.7–71 hr olds, 7688
intensive care nursery liaison program for parent–staff alliance, parents of critically ill infants, 4089
intervention strategies, premature neonates, literature review, 6084
length of feeding & rate of milk intake during breast feeding, neonates, 5336
maternal age, neonatal behavior, neonates with mothers under vs over 18 yrs of age, 12382
motor & state functioning, neonates with methadone-maintained mothers, 7685
neonatal development, preterm infants assessed from actual to expected date of birth, 3139
neonate birth order & age & sex & full term vs premature birth, tactile contacts in 1st days following birth, mothers & their neonates, 5543
olfactory cues, recognition of own infant, mothers of neonates, 4855
participation in pediatric rounds to provide awareness of psychosocial needs of families & their neonates, infant mental health specialists, 1825
patterns of bilateral coordination & lateral dominance, leg movement, infants from 2–26 wks of age, longitudinal study, 5333
perception of numerical invariance, 21–144 hr olds, 7708
planned intermittent human tactile contact, clinical improvement & behavioral changes, mechanically ventilated short gestation infants, 10911
postpartum contact, maternal confidence & anxiety, 18–41 yr old primiparous mothers & their neonates, 991
presentation of compound stimuli of squares vs facial features &/vs frame, scanning behavior, newborns through 2 mo olds, 7738
probability of laterally presented sounds, head turning performance, 20–75 hr olds, 7715
psychological meaning of pregnancy & fetus/infant, neonatal perceptions & mother-infant relationship & mothering behavior, mother & daughter pairs, 5523
psychopathology of mother during perinatal period, cognitive & psychomotor & social & emotional development, children of neurotic-depressive vs schizophrenic vs personality disordered mothers, 2.5 yr longitudinal study, 1209
relationship between neurological examination & behavioral assessment variables, newborns, 3140
reliability & validity & scalability of Mental Development Scales, children from birth to 3 yrs of age, 11723
responses to infant distress, mothers vs fathers & their 4 wk old infants, 1001
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427

screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
screening & primary prevention programs, high risk neonates & families, 1475
selective adaptation & visual habituation, infants during 1st 6 mo of life, 9960
sleep EEG recordings, neonates & infants & young children, 775
stability of mother-infant relationship, infant crying, mothers & their infants at 2–5 wks of age, 7900
stages in evolution of anorexia, female neonate, 13068
temporal patterns & spectral complexity of auditory stimuli, cardiac deceleratory response & vowel discrimination, newborns, 804
theoretical background for & uses of Brazelton Neonatal Behavioral Assessment Scale, annotated bibliography, 125
therapeutic intervention & mother-child & mother-psychiatrist relationship, 6136
visual & auditory & kinesthetic stimulation in maternal behavior & eye contact, 16–35 yr old postpartum depressed mothers & their neonates, 8137
visual discrimination & initiation of facial expressions, neonates, 7674
visual memory assessed by habituation, neonates, 849
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neoplasms [See Also Brain Neoplasms, Breast Neoplasms, Leukemias, Terminal Cancer]
achievement & intelligence test-retest performance, 5–16 yr olds with leukemia or solid tumors, 1-yr followup, 3762
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
age & stage of diagnosis & current disease status, self reported quality of life, cancer patients, 10623
anticipatory grief, family members of adult cancer patients, 3770
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
brain stem auditory EPs & 4th-generation computerized tomography & air-computerized tomography cisternography, diagnosis of acoustic tumors, 51–62 yr old patients, 8308
cancer, coping, family members, 3743
causal attributions for disease, 32–89 yr olds with myocardial infarction or lung cancer, 10628
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
deep muscle relaxation hypnosis, postchemotherapy nausea & emesis, cancer patients, 10890
demographic differences, utilization of telephone cancer information program, users, 10926
directed reverie therapy, 30 yr old male with Hodgkin's disease, 13135
disease-related perceptions, 11–20 yr old cancer outpatients vs their parents, implications for health care delivery & coping behavior, 3992
efficacy of new scoring method, McGill Pain Questionnaire, 32–84 yr old cancer patients, 11660
frequency & nature of delirium, 29–77 yr old cancer patients in terminal phase of illness, 13051
Gestalt & creative media therapies, 36 yr old terminally ill cancer patient, 3809
health status measures, implications for limitations for oncology, literature review, 8601
hypnosis, cancer prevention, at risk population, 10880
hypnosis, modification of immune system, 22–85 yr olds, implications for cancer treatment, literature review, 10882
hypnosis, physiological & psychological side effects of cancer therapy, 10916
hypnotherapy, cancer patients, 10888
hypnotherapy, treatment of depression & nausea caused by chemotherapy, 48 yr old cancer patient, 10887
hypnotic desensitization, anticipatory nausea & vomiting, middle aged male undergoing chemotherapy for Hodgkin's disease, 10884
hypnotic imagery, pain, 27–54 yr old cancer patients, 10886
imipramine or amitriptyline, clinical response, depressed 4–16 yr olds with cancer, 13294
incidence & risk of specific physical diseases, patients with schizophrenia & affective disorder, 10439
knowledge & opinion about cervical smear test, 16–17 yr old male vs female vocational students, 11238
Kubler Ross stages of dying, non-terminal cancer patients, 13060
meditation, regression of cancer, 10694
multidimensional assessment of psychological problems & psychopathology & cognitive development-related problems, 3–16 yr olds with cancer, 5938
nausea & vomiting associated with chemotherapy, cancer patients, reply to article by J. C. Chang, 10828
need for psychotherapy in treatment of cancer patients, 13357
pain, patients with far-advanced cancer, 3766
parachlorophenylalanine, mediation of cancer anorexia, female rats, 627
perceived visual images, S following unilateral enucleation of tumor, 591
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
problems with hypnotherapy, pediatric cancer patients, 10881
psychiatric consultation, ambivalence toward radical surgery, 53 & 56 yr old male cancer patients, 1464
psychiatric illness & delirium, 51–85 yr olds with multiple myeloma, 10640
psychological interventions, treatment of cancer, literature review, 13151
psychosocial assessment framework, responses to stress by cancer patients & families, hospital social workers, 10903
psychosocial stress & predisposing personality factors, development of cancer, 10565
psychosomatic aspects, cervical cancer patients, 10629
psychosomatic factors, neoplasms, patient with Hodgkin's disease, 13078
psychotherapy as adjunct treatment, cancer patients, 10741
psychotherapy, female patient with inoperable malignancy, 10738
relaxation imagery, pediatric cancer patients, 10883
relaxation training, anticipatory nausea associated with chemotherapy, 46 & 58 yr old male cancer patients, 10823
role of mother's death-wish in development of child's tumor, directed reverie therapy as part of treatment, 6 yr old male, 13164
school behavior & attendance, children over 5.5 yrs with cancer or hemophilia, 6030
school reentry, 5–17 yr old cancer patients, 11241
serotonin depletion by 5,7-dihydroxytryptamine or parachloroamphetamine, onset & severity of anorectic response to cancer, immature female rats, 3011
SES & other demographic characteristics & risk of death from ischemic heart disease or cerebral stroke or cancer, 30–59 yr old males, longitudinal study, 3753
sexual behavior prior to vs after diagnosis of gynecologic cancer, females with mean age of 52 yrs, 3714
stress reaction or traumatic neurosis & pretreatment nausea & chemotherapy, pseudohallucinations, cancer clinic outpatients with mean age of 35 yrs, 6332
systematic desensitization, anticipatory nausea associated with chemotherapy, 28 yr old male with diffuse histiocytic lymphoma, 10796
training & role in patient education on cancer, general practitioners, 6520
types & frequencies of psychological problems, homebound cancer patients, 13092
validity, shortened version of Profile of Mood States, cancer patients with mean age of 53.6 yrs, 9378
Neopsychoanalytic School [See Individual Psychology, Jungian Psychology]
Nerve (Abducens) [See Abducens Nerve]
Nerve (Accessory) [See Cranial Nerves]
Nerve (Acoustic) [See Acoustic Nerve]
Nerve (Facial) [See Facial Nerve]
Nerve Cells [See Neurons]
Nerve Endings [See Baroreceptors, Chemoreceptors, Mechanoreceptors, Neural Receptors, Photoreceptors, Proprioceptors, Synapses]

Nervous Breakdown [See Mental Disorders]

Nervous System [See Also Abducens Nerve, Acoustic Nerve, Adrenergic Nerves, Amygdaloid Body, Auditory Cortex, Auditory Neurons, Autonomic Ganglia, Autonomic Nervous System, Axons, Baroreceptors, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Central Nervous System, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Chemoreceptors, Cholinergic Nerves, Cones (Eye), Corpus Callosum, Cranial Nerves, Dendrites, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Facial Nerve, Frontal Lobe, Ganglia, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Lumbar Spinal Cord, Mechanoreceptors, Medulla Oblongata, Mesencephalon, Motor Cortex, Motor Neurons, Neural Receptors, Neurons, Occipital Lobe, Olfactory Nerve, Optic Chiasm, Optic Lobe, Optic Nerve, Parasympathetic Nervous System, Parietal Lobe, Peripheral Nerves, Photoreceptors, Pons, Proprioceptors, Reticular Formation, Rods (Eye), Sensory Neurons, Somatosensory Cortex, Spinal Cord, Spinal Nerves, Spinothalamic Tracts, Superior Colliculus, Sympathetic Nervous System, Synapses, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Trigeminal Nerve, Vagus Nerve, Visual Cortex]
advances in nervous system research, 2840
development of nervous system strength, female 9–10 yr olds vs 14–16 vs 18–25 yr old twins, 5094
gait & posture & cranial nerves & motor & sensory systems & reflexes & Alzheimer's disease & differential diagnosis, dementia, aged, 5974
individual differences, spectrographic patterns of vocalized text & text writing, humans, implications for neural coordination of vocalization & handwriting, 449
neuronal mechanisms underlying locomotor movements, molluscs, 5053
Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Central Nervous System Disorders, Cerebral Palsy, Cerebrovascular Accidents, Convulsions, Delirium Tremens, Dyskinesia, Encephalitis, Epilepsy, Epileptic Seizures, Gilles de la Tourette Disorder, Hemiplegia, Huntingtons Chorea, Hydrocephaly, Hyperkinesis, Korsakoffs Psychosis, Minimal Brain Disorders, Multiple Sclerosis, Muscular Dystrophy, Neuromuscular Disorders, Neurosyphilis, Organic Brain Syndromes, Paralysis, Paraplegia, Parkinsons Disease, Peripheral Nerve Disorders, Presenile Dementia, Senile Dementia, Toxic Psychoses]
acute & chronic mercury intoxication & low level chronic exposure, neurological impairment, 5965
age, pattern preference & visual acuity, neurologically normal vs abnormal preterm vs full-term infants, 6001
CSF & serum prolactin concentration & memory dysfunction, neurological patients with vs without central cerebral atrophy, 1377
degenerative motor-neuron disease, stuttering, 60 yr old male, 10540
dental lead & cadmium levels, neurological development & RT & language & attention disorders & psychiatric disturbance, urban vs rural 5–6 yr olds, 5968
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
diagnostic problems, neurologic disorders caused by alcoholism vs exposure to organic solvents, 5981
differential diagnosis of palinacousis, 75 yr old female psychiatric patient, 13047
dive compression rate, effect of trimix of helium & nitrogen & oxygen on high pressure nervous syndrome tremors, 24–40 yr old experienced divers, 9716
electrophysiological tests, diagnosis of toxic neuropathies, 5988
epidemiology & associated handicaps & mental retardation & sociopediatric circumstances, 4–16 yr olds with cerebral palsy or spina bifida cystica or other motor handicaps, 8072
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
etiology & clinical & differential diagnosis of polyneuropathies, 5980
exposure to metals, neurological syndromes, literature review, 5963
fixation & optokinetic stimulation, suppression of vestibulo-ocular reflex, patients with neurological disorders, 3694
frequency of hyperkinesis, 7 yr olds with preschool perceptual & motor & attentional deficits, 3706
hair lead content & intelligence & school achievement & motor impairment, rural 5–16 yr olds, 10642
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
lead poisoning, neuropsychological impairment, 5964
long term exposure to lead & mercury, psychomotor & emotional disturbances & intellectual deterioration, 5709
long term exposure to organic solvents, cognitive & sensorimotor functions & risk of neuropsychiatric disease, industrial workers, 5713
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
motor abnormalities, cognitive functioning, children assessed at infancy through early school years, 5960
nonbiased assessment & treatment, 37–85 yr olds with neurologic speech/language disorders, 5928
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
occupational therapy based on sports & Atelier's therapy, psychomotor inhibitions, 1831
physical factors & entrapment, occupational neuropathies, 5993
production on verbal vs nonverbal fluency tasks, male vs female right handed 1st vs 3rd vs 5th vs 7th graders, implications for diagnosis of neurological disorders, 3192
psychiatric abnormalities, 7 yr olds with attention deficits & motor/perception dysfunction, Sweden, 13019
role of CNS receptors in neuropsychiatric disorders, literature review, 1125
similarities in etiology & symptomatology of Alzheimer's & Creutzfeldt-Jakob disease, literature review, 3688
systems genesis theory perspective, psychomotor development & neurological disorders, children, 3482
visually directed reaching for moving objects, 4–11 yr olds with abnormal postural fixation, 1357
Nervous System Neoplasms [See Brain Neoplasms]
Nest Building
age & sex, seasonal relations of nesting & molt & migration, red-winged blackbirds, 12025
breeding success & predation & nest density, snowy plovers, 12039
home range & group size & population density & foraging resources, habitat quality, endangered red-cockaded woodpeckers, 382
individual responses, nest moving behavior, ants, 5027
nest building, staggerer vs weaver mutant mice, 7332
patterns of parenting behavior, nest-building birds, 2742
photoperiod, courtship & nest building, pinealectomized vs sham-operated male ring doves, 597
song of other males, choice of nest site, pied flycatchers, 7279
varied manipulatory/gnawing &/or food consumption experiences, nut opening & predation & novel foods consumption & nest building, female rats, 9581
volcanic ash, nest excavation & renesting & reproductive success, ring-billed & California gulls, 377
Netherlands
construction & construct validity, Dutch sensation seeking questionnaire, college students, Netherlands, 7018
factor analysis & evaluation & reliability, Dutch version of Rotter's Internal External Locus of Control Scale, 7000
immigrant housing, Netherlands, 5496
knowledge of banking, 11–16 yr olds, Netherlands, replication of study performed in Scotland, test of sociocognitive explanation of development of understanding of information-dependent systems, 824
legal rights & power & status & authority, widows, 1535–1650, Netherlands, 3319
older workers & retirement, Netherlands, literature review, 4455
social class & educational & occupational mobility, schizophrenic Ss, Netherlands, 10442
Neural Lesions
bilateral trigeminal orosensory deafferentation, ingestive behavior, male rats, 2976
complete cochlear & complete vs partial vestibular hair cell destruction, round window & cortical auditory EPs, guinea pigs, 12227
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
gustatory deafferentation, food intake & body weight, male rats, 2975
intensity & duration of hindlimb electrical stimulation & spinal cord transection, spinal reflex, rats, 2941

lesion or amputation induced peripheral nerve or cutaneous receptor damage, somatosensory cortical reorganization, mammals, literature review, 12230
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
moving light as CS, CR following enucleation, goldfish, 7543
optic nerve crushing & impulse activity elimination by tetrodotoxin during axonal regeneration, retinotopography, goldfish, 9739
otolith & canal stimuli, nystagmus, pigeons with unilaterally sectioned saccular nerves, 604
perioral anesthesia vs infraorbital vs facial nerve sectioning, pups, lactating rats, 9730
sciatic & saphenous nerve transection, left dorsal horn neuronal activity, cats, 7547
transsexually grafted antennae, development of sexually dimorphic neurons, moths, 602
Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Medial Forebrain Bundle, Optic Chiasm, Optic Tract, Reticular Formation]
ablation of reciprocal connections between pulvinar-lateralis posterior nucleus complex & cerebral cortex, electrical stimulation induced turning response, cats, 12190
optic nerve section vs tectal lobe ablation vs transverse hemisection between tectum & cerebellum, visual prey acquisition, frogs, 2980
philosophical implications of pictorial theory of language & thought & reality & relation of concept to means of expression & common neural pathways to encode object & picture, 4629
reaction of command neurons to tactile vs vestibular vs light-off vs thermal stimuli evoking escape behavior, snails, 2815
role of peripeduncular-hypothalamic pathways, lordosis, female rats, 5079
stimulation of perforant pathway as CS, conditioned avoidance, male rats, 2955
strength-duration characteristics, reward-related neurons electrically stimulated in lateral hypothalamus & ventral periaqueductal gray, rats, 576
temperature & central & peripheral pathways & parapodial arteries, swimming behavior, aplysia, 7342
Neural Receptors [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Photoreceptors, Proprioceptors]
affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
amino-terminal fragments of substance P, naloxone-reversible antinociception, male mice, 695
antidepressant treatment, regulation of norepinephrine receptor coupled adenylate cyclase system, literature review, 1670
attenuation of baroreflexes during operant cardiac conditioning, male adolescent macaques, 420
benzodiazepines, GABA-mediated electrically evoked cortical inhibition, cats, 5231
brain D-2 dopamine receptors, locomotor response to amphetamine, mice strains, 3033
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chlordiazepoxide & flurazepam, behavioral convulsions & role of development of type 1 vs 2 receptors & antagonism by Ro-15-1788 vs trizolopyridizine, preweanling rats, 12245
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
chronic lithium, behavior & receptor binding, literature review, 12249
chronic pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
circadian rhythmicity of adrenoceptor binding in brain, WKY vs spontaneously hypertensive rats, 12128
clonazepam vs RO5-4864 & chloride vs GABA vs strychnine, spinal cord benzodiazepine binding sites, male rats, 7577
cortical distribution of phencyclidine receptors, rats, 7423
cross-immunoreactivity of brain alpha-bungarotoxin binding sites with peripheral anti-acetylcholine receptor poly- & monoclonal antibodies, rats, implications for hypothalamic mediation of ingestive behavior, 9654
dextroamphetamine or phenylephrine stimulation of acoustic startle reflex & degree of alpha-1-adrenoceptor occupation measured by prazosin in lumbar spinal tissue, rats, 7348
diethylstilbestrol, masculine sex behavior & estrogen & androgen receptors, female rats, 5199
dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
ECS vs antidepressants, beta-adrenergic & serotonin-2 receptor binding sites, male rats, 12192
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
ethyl ester of beta-carboline-3-carboxylic acid, brain benzodiazepine receptor affinity & reversal by benzodiazepine & Ro 15-1788, rhesus monkeys, test of model of human anxiety, 3061
hallucinogenic drugs, sensitization of serotonergic & noradrenergic receptors, 664
heterogeneity of serotonin receptors in CNS & periphery, 577
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
icv nicotinic agonists dextro- & levonicotine & cystisine & dimethylphenylpiperazinium iodide & lobeline, convulsions & reversal by various nicotinic antagonists & role of central "C6"-like receptors, male mice, 12251
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
ip haloperidol in dark vs illuminated context, role of classical conditioning vs brain dopamine binding changes in development of drug tolerance, 678
L-Prolyl-L-Leucyl-Glycinamide, dopamine receptors in brain & lymphocytes, rats & humans, 5064
mechanical vs heat vs cold vs chemical stimulation of A-delta-fibers, evoked subjective sensations, adults, 7343
nomifensine vs 3,4-dihydroxynomifensine, motor activity & binding to putative dopamine receptor site & amine uptake, drug-free vs haloperidol-maintained mice, 649
number of brain receptors for estrogens vs progestins, male vs female rats, 5087
opiate antagonists vs mu- vs kappa-receptor antagonists, intake of sweetened condensed milk, rats & squirrel monkeys, 3053
pharmacological manipulation of GABA receptor activity, modulation of ethanol-induced motor impairment, male rats, 646
prenatal phenobarbital, body temperature & function of dopamine receptors following apomorphine administration, mice, 12290
presynaptic dopamine receptor agonists, structure activity relationships, 620
role of cellular adaptations in receptor sensitivity changes in biogenic amine system, clinical implications for psychotropic drugs, literature review, 12268
role of CNS receptors in neuropsychiatric disorders, literature review, 1125
rubidium &/vs haloperidol, spiperone binding, rats, 7560
self administration of morphine, localization of reward-relevant opiate receptors in ventral tegmental area, male rats, 7565
serotonergic system activation by levotryptophan & 5-HTP, neuroendocrine response as indicator of hypersensitive postsynaptic 5-HT receptors, 26–63 yr old depressives, 3587
specificity of dopamine agonists & antagonists for dopamine autoreceptor & effects of low dose dopamine agonists, humans, literature review, 1652
strain differences, dopamine receptors in limbic forebrain vs striatum resulting in differential behavioral responses to apomorphine, DBA/2 vs Albino-Swiss vs C5BL/6 mice, 2808
testosterone propionate, ejaculatory response & penile reflexes & hypothalamic preoptic area androgen receptors, female rats, 5249
touching textured surfaces, response of somatosensory cortex cells to both finger movement & surface features, male macaques, 439
trimethadione vs chlordiazepoxide, antianxiety activity in drug discrimination & conflict tests & flunitrazepam receptor binding, male rats, 7562
variation in on-off response, frog retinal ganglia cells, 5054
Neurasthenic Neurosis
physiological disturbances, patients with neurosis vs phobia vs hysteria vs neurasthenia, 5797
Neuroanatomy
age at lesion of corpus callosum vs optic chiasma, interocular transfer, cats & kittens, 9784

antero- vs retrograde axonal transport of horseradish peroxidase, analysis of interneuronal connections in auditory system, horseshoe-nosed bats, 6950
biphasic mechanism of neural map formation, vertebrate brain, 7360
cerebral mechanisms, speech perception, implications for functional evaluation of hearing, 5059
computerized tomography scan indices of brain structure & psychological functioning, male alcoholics with mean age of 43.5 yrs, 12942
cortical distribution of phencyclidine receptors, rats, 7423
dichoptic stimulus presentation of stereogram, neural nature of binocular fusion, critique of R. P. O'Shea & B. Crassini's article, 9468
genetic selection for shuttle box avoidance learning, proportions of hippocampal syntactic fields, mice & rats, 7339
morphological & functional hemispheric dominance, nonhuman vertebrates, literature review, 2843
neural network model of pain mechanisms, 182
neuroanatomical basis for assessment of asymmetrical facial expression of emotion, criticism of article by R. Alford & K. F. Alford, 7209
neuroanatomy & amine excretion & psychopathology, 12 yr old female with Gilles de la Tourette's syndrome, 8352
neuronal ensemble structural organization in motor & somatosensory cortex, humans, 7345
neuronal structure in preoptic area of brain, prepubertal male vs female macaque monkeys, implications for reproductive physiology & behavior, 5055
origin & distribution of cholinergic neurons in forebrain, literature review, 444
visual deprivation paradigm & role of innate development vs functional exercise, development of columnar systems in mammalian visual cortex, criticism of N. V. Swindale's work, 7426

Neurobiology

neurobiological models & decrease in mental disorders, 8093
origin of visual EP wavelets, humans, 7449

Neurochemistry

age, presynaptic cholinergic markers & muscarinic antagonist & agonist binding sites, 6 vs 24 mo old rats, implications for cognitive impairment in aging humans, 5060
amitriptyline & desmethylimipramine & raphe lesions, spiperone binding in cortical & striatal homogenates, male rats, 543
amygdala electrical stimulation, 2-deoxyglucose uptake in hypothalamus & subcortical structures, male rats, 2958
antidepressant treatment, regulation of norepinephrine receptor coupled adenylate cyclase system, literature review, 1670
antiepileptic & psychotropic drugs, sedation & psychosis & neurotransmitters, 3942
behavioral & neurochemical & clinical effects, dopamine agonist piribedil, literature review, 9808
behavioral & neurochemical & vegetotropic effects, diazepam vs mebicar, rats, 711
binding of 3H-noradrenaline & 3H-clonidine to retina, cattle, support for existence of alpha 2-type receptors, 468
biochemical & neurophysiological mechanisms underlying altered states of consciousness in ceremonials, North American Indians, 7858
brain distribution of neurotensin, normals vs schizophrenics vs Huntington's choreics, 10618
brain site of neurotensin injection, hypothermia & pain threshold elevation & dopamine turnover, male rats, implications for etiology of schizophrenia, 9832
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
cellular/neuronal bases of associative learning in CNS, mammals, literature review, 12127
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chemical structure & receptorology & comparison with other anxiolytic & dopaminergic agents, buspirone, literature review, 5248
chlordiazepoxide, discrimination learning & brain biogenic amines, cats, 5250
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
chronic dopamine injection into striatum, distribution & concentration of dopamine & metabolites & motor rotation, rats, 9870
chronic lithium, behavior & receptor binding, literature review, 12249
chronic methamphetamine, spiperone binding to striatal & mesolimbic areas, male rats, 5182
chronic portacaval anastomosis, behavior & brain serotonin & 5-hydroxyindoleacetic acid levels, male rats, 9737
circadian rhythmicity of adrenoceptor binding in brain, WKY vs spontaneously hypertensive rats, 12128
clonazepam vs RO5-4864 & chloride vs GABA vs strychnine, spinal cord benzodiazepine binding sites, male rats, 7577
coital stimulation, estrus termination & sexual receptivity & brain 5-HT & 5-hydroxyindoleacetic acid levels, ovariectomized steroid-primed rats, 2802
corticotropin-releasing factor & dynorphin-(1-8), evidence for multiple bioactive substances in single neurons, rat hypothalamus neurons, implications for neuroendocrine system mediation of stress responses, 5089
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
ECS vs antidepressants, beta-adrenergic & serotonin-2 receptor binding sites, male rats, 12192
electrical stimulation of fastigial nucleus of cerebellum, regional cerebral blood flow secondary to vs independent of increased local cerebral metabolism, male rats, 7530
estradiol binding to blood plasma & brain cytosols, male & female perinatal ferrets, 12279
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
ethanol, glutamate & GABA levels in brain & CSF, rats, 5197
experimental approaches to analysis of neural mechanisms underlying operant conditioning & reinforcement, 7385
findings from series of studies conducted by drug addiction research center on drug metabolism & binding sites for SKF-10047 & role of nicotine in maintenance of tobacco smoking, 7592
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
group housing vs isolation, aggressive behavior & dopamine uptake in mesocortical vs nigrostriatal terminals, male mice, 12094
haloperidol, dopamine supersensitivity & brain iron metabolism, iron-deficient rats, 616
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
hypothalamic-pituitary-adrenal axis function, depressed alcoholic patients with mean age of 37 yrs, implications for usefulness as marker for endogenous depression, 5724
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
icv methylphenidate distribution in brain areas, rabbits, 9857
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
inhibition of brain enkephalin metabolism, implications for development of new psychoactive drugs, 5092
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
introduction to radionuclides & radiopharmaceuticals & detection systems & tracer techniques in positron emission tomography & clinical applications, literature review, 12757
iv cholecystokinin, behavior change & dopamine & serotonin turnover, male rats, 3100
lead vs succinylacetone, porphyrin metabolism & neurochemistry & behavior, rats, 12317
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
lithium treatment & withdrawal, noradrenaline uptake into synaptosomes, male rats, 5181
low level neonatal lead exposure & scopolamine, visual acuity & quinuclidinyl benzilate binding in retina & central visual system, rats, 12267
MAO inhibitors, noradrenaline & 5-HT metabolism & neurotransmission & resultant antidepressant action, literature review, 12266
mechanisms in antimanic action of lithium, rats, literature review, 12247

metatyrosine & pargyline vs saline pretreatment, behavior & neurochemistry, male rats, 5201
methyl bromide, norepinephrine & dopamine & serotonin & acetylcholine & cyclic adenosine & guanosine monophosphate in brain, male rats, 3039
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
monoamine transmitter histochemistry, 478
morphine & naltrexone, reduction of alcohol drinking, rats treated at birth with tetrahydroisoquinoline vs protoberberine compounds, 9806
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
neurochemistry & pharmacology & behavioral correlates, buspirone, 5246
neuropeptide memory modulators, retrograde & anterograde amnesia & learning before vs after electric shock, rats, 9738
neurotensin, brain dopamine system function & comparison with neuroleptic drug action, literature review, 9841
neurotensin, central & peripheral functions & interaction with dopamine & antagonism by thyrotropin-releasing hormone, implications for schizophrenia, 9848
neurotensin spinal localization & physiological modulation of release & pain threshold elevation antagonism by naloxone, cats, 9684
neurotoxic effects of ethanol, review of biochemical & neurophysiological & behavioral literature, 12301
neurotoxic vs electrolytic lesions of ventral mesencephalon vs substantia nigra vs area ventralis of Tsai, telencephalic catecholamine levels & operant pecking rates, pigeons, 2974
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
noradrenaline, tonic descending inhibition of dorsal horn nociceptor-driven neurons, cats, 7439
norepinephrine synthesis inhibitor diethyldithiocarbamate vs ethacrinic acid, retention of memory & delayed amnesia & brain norepinephrine levels, male rats, 3023
number of brain receptors for estrogens vs progestins, male vs female rats, 5087
operant learning, differential brain incorporation of sc injected methionine, male rats, 12078
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
parachlorophenylalanine-induced depletion of 5-HT levels, depression of self stimulation, male rats, 3031
pargyline & parachlorophenylalanine, accumulation of parachlorophenylethylamine in brain, male rats, 5185
passive avoidance behavior, arginine-vasopressin levels in hypothalamic & extrahypothalamic nuclei, male rats, implications for memory, 9644
pharmacology & neurochemistry & tranquilizing effects, buspirone, 5238
phenazepam & REM sleep deprivation, sulfhydryl-group content of homogenates of brain stem, rats, 7505
phosphodiesterase inhibitor, anisomycin-induced amnesia & retention of avoidance response & brain cyclic adenosine monophosphate, male mice, 3074
platelet 3H-imipramine binding, euthymic bipolar patients with mean age of 36.7 yrs, 1144
platelet 3H-imipramine binding, 21–83 yr old psychiatric patients & 27–81 yr old manic melancholic patients, 1190
prenatal stress, 5-HT & 5-hydroxyindoleacetic acid & norepinephrine levels in brain regions & plasma corticosterone levels, rats, 2934
rubidium &/vs haloperidol, spiperone binding, rats, 7560
self administration of electrical brain stimulation & relationship with neuropsychophysiological & psychopharmacological bases of motivated behavior, literature review, 575
serotonin metabolism disorders & depression & attempted suicide, literature review, 5830
single amphetamine injection & sex differences, amphetamine-induced rotational behavior & amphetamine-stimulated dopamine release from striatal tissue, rats, 5239
stimulation of paleocerebellar cortex, rate of synthesis & release of catecholamines at limbic sites, cats, 7519
strain differences, avoidance conditioning performance & brain acetylcholine activity & quinuclidinyl benzilate muscarinic receptor binding, Long-Evans vs Zivic-Miller vs Lewis vs Buffalo vs Fischer-344 rats, 9594
techniques for in vivo neurotransmitter extraction using local intracerebral dialysis cannulae in caudate vs thalamus, male rats, 9265
tritiated imipramine binding in hippocampus & occipital cortex, depressed vs Alzheimer's disease patients with mean age of 78 yrs, 10412
turnover of noradrenaline during acute dissociative phase, acute psychotic schizophrenic patients, 5808
unilateral striatal electrolytic vs 6-hydroxydopamine-induced denervation, contralateral striatal reduction in dopaminergic function & contralateral asymmetry & circling behavior, male rats, 12256
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
unilateral 6-hydroxydopamine along mesotelencephalic dopaminergic pathway, temporal parameters of recovery of tactual & somatosensory stimulus localization & hemispheric 2-deoxyglucose uptake, male rats, 7546
use & overuse & prescription & neurochemistry, benzodiazepines, literature review, 3949
utilization of exogenous retinol, frog pigment epithelium in vitro vs in vivo, 5203
Neuroinfections [See Infectious Disorders, Nervous System Disorders]
Neuroleptic Drugs [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Nialamide, Phenothiazine Derivatives, Reserpine, Sulpiride, Tetrabenazine, Trifluoperazine]
abrupt withdrawal of antiparkinsonian drugs, extrapyramidal signs, mentally handicapped 18–76 yr olds also receiving neuroleptics, 10833
administration of standard vs long-acting neuroleptics, psychotic patients under 40 yrs of age, 1639
adrenergic & neuroleptic drugs, long term potentiation, male rats, 3016
affective disorder & neuroleptic therapy, predisposition to tardive dyskinesia, 17–69 yr old inpatients, 6269
antipsychotic drug therapy, tardive dyskinesia, psychiatric patients with mean age of 53.3 yrs, 3-yr followup, 10830
antipsychotic drugs, time of onset & persistence of tardive dystonia, 13–60 yr olds, 1629
antipsychotic effects & dopamine blocking properties, neuroleptics, literature review, 615
antipsychotic vs antidepressant drugs, somatosensory & visual & auditory evoked potentials, 17–62 yr old psychiatric patients, 1669
anxiolytics vs antidepressants vs antipsychotics vs chlorpheneramine vs phentolamine vs scopolamine, spontaneous abnormal behavior, "depressed" beagles, 12283
atypical neuroleptics sulpiride vs clozapine vs thioridazine vs mezilamine, apomorphine induced yawning, male rats, 7580
autoimmunity & disease course, schizophrenics maintained on long term neuroleptic therapy, 8131
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
chronic methamphetamine, spiperone binding to striatal & mesolimbic areas, male rats, 5182
clinical criteria, diagnosis of Parkinson's disease vs neuroleptic-induced parkinsonism, 65–70 yr olds, treatment implications, 8564
clinical features & treatment of poisoning due to psychotropic drug overdoses, literature review, 6037
clozapine vs central anticholinergics vs propranolol, apomorphine-induced climbing & gnawing, male ICR mice, 9827
combined lithium & neuroleptic medication, neurotoxic reaction, 16–64 yr olds treated for affective disorders & schizophrenia & mental deficiency, 8577
contingent negative variation & prolactin, schizophrenic 19–26 yr olds with initial acute psychosis & chronic schizophrenic 38–52 yr olds on vs not on neuroleptic therapy, 8579
CSF zinc concentrations, neuroleptic-treated vs drug free schizophrenics vs ex-heroin addicts, 3500
depot fluphenazine vs oral antipsychotics & aftercare with single vs multiple therapists, mental status & work performance & self ratings & psychotic symptoms, chronic schizophrenics, 6-yr follow-up, 13129
diazepam & clorazepate therapy, antidepressant & neuroleptic drug-induced anxiety dreams & night terrors, 25–50 yr old psychiatric patients, 10827

dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
drug-free vs neuroleptic-modulated CSF levels of neurotensin, normal vs schizophrenic 20–42 yr olds, 9868
eglonyl therapy, schizophrenic children & adolescents, 3946
estimations of neuroleptic plasma concentrations, neuroleptic-refractory schizophrenic patients, 3939
flupentixol or mianserin, suicidal acts, attempted suicide patients diagnosed as personality disordered without depression, 6270
formal & informal informed consent procedures, schizophrenic outpatients with neuroleptic-induced tardive dyskinesia, 1653
general anesthesia & neuroleptic malignant syndrome following neuroleptic therapy, 49 yr old with psychotic depressive syndrome, 8571
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
imipramine vs amitriptyline with neuroleptic drugs, 19–61 yr olds with postpsychotic clinical depression, 6289
lithium augmentation of neuroleptic & tricyclic drug therapy, 22–72 yr olds with delusional depression, 1658
long acting neuroleptic drug therapy, psychotic patients, 3943
luteinizing hormone releasing hormone level, female psychiatric patients under chronic neuroleptic therapy, 1630
maintenance neuroleptic dosage levels, vocational functioning, 29–66 yr old psychiatrically disabled clients, implications for rehabilitation, 4093
neuroleptic drugs, antagonism of GABA functions in spinal primary afferents & interneurons & motoneurons, rats, implications for antipsychotic actions, 12240
neuroleptic drugs, behavioral effects of apomorphine, monkeys, 3071
neuroleptic drugs with hypnotherapy, hospitalized anxiety patients with mean age of 42 yrs, 8358
neuroleptic treatment, tardive dyskinesia, aged, 10847
neuroleptics, plasma dopamine-beta-hydroxylase activity, 19–27 yr old chronic schizophrenics, 8552
neuroleptics, platelet MAO & plasma amine oxidase, 19–27 yr old chronic schizophrenic patients, 1626
neurotensin, brain dopamine system function & comparison with neuroleptic drug action, literature review, 9841
physiology of sexual dysfunction associated with antipsychotic drug therapy, male schizophrenics, literature review, 13290
regulations on signed informed consent, refusal & consent to neuroleptic drug therapy, schizophrenic 20–60 yr old male patients, 6264
role of cellular adaptations in receptor sensitivity changes in biogenic amine system, clinical implications for psychotropic drugs, literature review, 12268
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
role of neuroleptics & need for differential diagnosis of tardive dyskinesia, 37 & 56 yr old females with Meige syndrome, 10586
rubidium &/vs haloperidol, spiperone binding, rats, 7560
test construction based on self report of neuroleptic therapy experience, prediction of drug compliance, schizophrenic patients with mean age of 41 yrs, 9336
Neurological Disorders [See Nervous System Disorders]
Neurology
absence of neurologic signs & symptoms, 32–52 yr old patients with brain tumors admitted to psychiatric hospital with behavioral & thinking disturbances, literature review, 10550
characteristics of & attitudes toward neurology elective, medical students, 8863
clinical psychology training program in pediatric neurology clinic, 6509
directed axonal outgrowth & topographic ordering of retinotectal connections, Xenopus laevis, 5074
epigenesis vs neurology as framework for study of behavior, literature review, 6923
mental retardation & neurological deficits, twin orangutan, implications for human neurological assessment, 2687
neurodynamic & psychodynamic & morphological characteristics, adolescents & their parents, 12367
neurological soft signs, 20–45 yr old male schizophrenics vs manics, 10404
neurology of dreaming, 2822
placebo-induced hysterical aphasia & pseudoseizures & coma, neurobehavioral & EEG reactions, female in her mid-20's, 5779
relationship between neurological examination & behavioral assessment variables, newborns, 3140
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
Neuromuscular Blocking Drugs [See Muscle Relaxing Drugs]
Neuromuscular Disorders [See Also Cerebral Palsy, Gilles de la Tourette Disorder, Hemiplegia, Muscular Dystrophy, Paralysis, Paraplegia, Parkinsons Disease]
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
communication through electrodermal & EEG biofeedback, 44 yr old male with amyotrophic lateral sclerosis, 8508
EMG & electrokinesiologic biofeedback, neuromuscular rehabilitation, 10785
life satisfaction & need for social work intervention, 41–73 yr olds with neuromuscular disorders, 8686
personality characteristics, 20–54 yr olds with multiple sclerosis vs 16–64 yr olds with neuromuscular disease vs 30–63 yr olds with rheumatoid arthritis vs 19–66 yr olds with complex partial seizures, 6044
Neurons [See Also Auditory Neurons, Axons, Cones (Eye), Dendrites, Motor Neurons, Rods (Eye), Sensory Neurons]
auditory syllable stimuli, evoked potentials & responses from thalamocortical axons vs cortical cells, monkeys, 2849
brief intracellular stimulation by electric current, neuron pacemaker, 12218
circadian rhythms, activity of serotonergic neurons in nucleus raphe pallidus, freely moving cats, 451
concentration of taste stimuli, magnitude of neuronal discharge in parabrachial nuclei, male rabbits, 441
corticotropin-releasing factor & dynorphin-(1-8), evidence for multiple bioactive substances in single neurons, rat hypothalamus neurons, implications for neuroendocrine system mediation of stress responses, 5089
destruction of raphe cell bodies vs cortical 5-HT neurons, 5-HT effect of LSD, rats, 546
ECS, firing rates of catecholaminergic neurons in response to apomorphine, rats, implications for ECT for depression, 581
electrical stimulation of individual command neuron, formation of defensive reaction of closing pneumostome, snail, 2952
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
estrogens & progestin, nerve cells & female sexual behavior, rats, 9844
fluorescence histochemical study of pontine catecholaminergic neurons, BALB/c(C) & C57BL6(B6) mice & their F1 hybrids, 484
food change, cortical neuron activity during food acquisition, rabbits, 7377
growth of sympathohippocampal fibers following septohippocampal damage & associated behavior changes, female rats, 9773
laminar distribution & morphology of various functionally-identified cell classes in visual area 17 cortex, rats, 9661
level of steady vs modulated adapting light, retinal ganglion cell discharge rate, goldfish, 461
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
LSD, sensitivity of cortical cells to monocular deprivation, adult cats, 663
morphological & functional types of visual cortical neurons, 5 day old to adult rabbits, 7380
motor CRs to acoustic stimulation, excitatory vs inhibitory synaptic inputs in Purkinje cells in paramedian lobe of cerebellum, rabbits, 7451
neuron interactions in structures of alimentary & defensive reflexes, snails, 7401
neuron loss & change in synaptic endings & accumulation of age pigment in medial nucleus of trapezoid body, 2–3 vs 6 vs 18 vs 24 mo old male rats, 5062
neuronal activity in area 5 of postcentral cortex during simple movement of contralateral forearm before vs after deafferentation, monkeys, 474
odor stimuli, electrophysiological responses of olfactory bulb neurons, frogs, 2821
optokinetic stimulation, neuronal activity in pontine gray, monkeys, 7392
phencyclidine, pyramidal cell discharges on hippocampus, rats, 3091
poststimulus histograms transformation, optimal revealing of neuron response, 2820

principal components analysis, classification of visual cortex cells, cats, 2368
probabilistic structure of surroundings in neuronal activity of visual cortex, rabbits, 2844
processing of information by neurons through relative intervals in spike trains, 456
repetitive trigeminal & acoustic & visual stimuli & interstimulus interval, habituation of blink reflex, 20–30 yr olds, suggestions for role of interneurons, 2837
retinal axonal trajectories & ganglion cell projections & composition in nasal & temporal retina, Siamese vs normal cats, 9657
single cell electrical stimulation in dorsal lateral geniculate nucleus & optic radiation & nerve, response latency, cats with strabismus, 7523
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
sinusoidal amplitude modulation of white noise, temporal tuning of single auditory nerve fibers, leopard frogs, 9669
spectral response curves of cones & quantitative relation with color opponent response of horizontal C-cells, walleye, 12081
spike amplitudes & reactions of hippocampal neurons during self stimulation, 2946
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
stimulation of entopeduncular nucleus, intracellular recordings of neurons in mesencephalic locomotor region, cats, 7371
structure of physiologically classified neurons in dorsal lateral geniculate nucleus, neonate & adult cats, 446
taste quality vs intensity, time pattern of neural response in pontine parabrachial nuclei, male rabbits, 442
transsexually grafted antennae, development of sexually dimorphic neurons, moths, 602

Neuropathology
chromatic & achromatic spectral sensitivities & potential role of ganglion cell loss, diabetics with vs without retinopathy & glaucoma patients, 1326
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
Golgi & electron microscopic analysis of cortical tissue, structural alteration in dendrites of pyramidal & nonpyramidal neurons, 4.5–22 mo olds with neurobehavioral retardation, 3653
histological alterations, Alzheimer's disease, 8349
neuropathology, schizophrenia, literature review, papers presented at International Congress of Neuropathology, 3579
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
reconstruction using computer graphics of microtubular disarray in cortical dendrites & compared to normal microtubular array in mouse, cortical tissue from mentally retarded infants, 3632

Neuropathy [See Nervous System Disorders]

Neurophysiology
activity of hippocampal neurons during switching over of alimentary & avoidance conditioned reflexes, rabbits, 2852
adaptation level, 3-dimensional organization of pigment granules relative to microtubules in retinula cells, crayfish, 7368
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
associative conditioning in individual sensory neurons of tail withdrawal reflex, aplysia, implications for cellular basis of learning, 5100
brief intracellular stimulation by electric current, neuron pacemaker, 12218
buccal ganglion intracellular injections to decrease hydrogen ion concentration, potentiation of slow inward current, snails, 7374
cell types & organization of visual cortex, literature review, 12091
cellular/neuronal bases of associative learning in CNS, mammals, literature review, 12127
circadian rhythms in optic lobe neuronal sensitivity & locomotor activity, forager honey bees, 7390
clinical & psychodynamic & neurophysiological aspects of anxiety, 4973
color perceptual confusions & photoreceptor spectral sensitivity & importance of standard O data & fundamental response curves in research, dichromats, 1453
command & pattern-generating cells for respiratory pumping, aplysia, 7358
computed tomographic brain scan findings, 2–22 yr olds with infantile autism vs mental retardation vs childhood psychoses, 3536
coordination between stem & nectophores & effectors & conducting elements, diphyid siphonophore, 12107
corpus callosum & brain function in schizophrenia, reply to comments by J. F. Connolly & J. C. Shaw, 1174
cyclic adenosine monophosphate dependent protein phosphorylation, synaptic plasticity, Aplysia, implications for molecular basis of classical conditioning & long term memory, 455
dextroamphetamine, long term potentiation of dentate granule cells produced by perforant path stimulation, male rats, implications for neurobiological basis of memory, 2913
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
electrical stimulation of peripheral stump of cervical sympathetic nerve, modulation of units innervating periodontal mechanoreceptors, rabbits, 7532
experimental approaches to analysis of neural mechanisms underlying operant conditioning & reinforcement, 7385
function of caudate nucleus, cats & kittens, literature review, 7446
hippocampal electrical stimulation, cingulate cortex unit activity, squirrel monkeys, implications for functioning of Papez circuit, 7517
impact on field of psychophysiology & dialectical & revolutionary character, work of Pavlov, 6943
individual variation, color discrimination & potential role of mechanisms at photopigment vs opponent-process neural level, normal vs color deficient Ss, 1378
individual variation in color vision as measured psychometrically & by cone pigment absorbance, squirrel monkeys, 454
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
inhibitory interactions between neurons in visual cortex, awake vs pentobarbital anesthetized cats, 7424
interactions among prefrontal cortex & hippocampus & caudate nucleus head & thalamic medio-dorsal nucleus during delayed reaction & trace conditioned reflex, monkeys, 2834
interhemispheric transfer of visual information, brush-tailed possum, 9667
iontophoretic application of 5-HT to nucleus raphe magnus, nociceptive thresholds & neuronal firing rate, rats, 5219
left vs right monaural & monocular stimulation, magnitude of oblique effect as behavioral manifestation of simple cells, right- vs left-eye dominant college students, 235
lesion or amputation induced peripheral nerve or cutaneous receptor damage, somatosensory cortical reorganization, mammals, literature review, 12230
local light onset, rod shedding throughout retina, frogs, 7353
migration of proximal & distal accessory photopigments in dark adaptation, modulation of light sensitivity, crayfish, 7425
models & cerebral mechanisms, slow & rapid ocular movements, literature review, 5099
morphological & functional types of visual cortical neurons, 5 day old to adult rabbits, 7380
morphological correlates of synaptic plasticity, long term potentiation & sensitization of gill withdrawal reflex, aplysia, implications for cellular basis of memory, 12079
motor CRs to acoustic stimulation, excitatory vs inhibitory synaptic inputs in Purkinje cells in paramedian lobe of cerebellum, rabbits, 7451
motor learning, role of climbing fiber activity in cerebellar synaptic plasticity, 426
neural mechanisms underlying aggressive behavior as revealed by intracerebral glutamic acid microinjections vs electrical brain stimulation procedures, literature review, 5056
neural representational system as proposed bridging concept between neurophysiology & psychoanalytic theory, literature review, 12095
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
neurophysiologic mechanisms of internal inhibition, rabbits, literature review, 9646

neurophysiological activity, chemosensory neurons in geniculate ganglion, goats, 430
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
neurophysiological model of theoretical & actual primary senses of reality, adaptive/evolutionary significance, 5501
neurophysiological studies, multiple levels of control of robotic arm movement & proposals for use of control theory, 2366
neurophysiology & CNS & CR theories, 12089
neurophysiology of visual competence, 12108
ocular dependence vs isolation vs interaction hypothesis of visual neural signals & model of brightness & equilibrium colors, 7432
opponent-process mechanisms, normal vs deuteranomalous vs deuteranopic 21–24 yr olds, 1371
origins & current status of R. W. Sperry's neuronal specificity hypothesis of CNS synaptic development, 448
Pavlov's work seen as confirmation of Marxist-Leninist theory of "reflection", 6914
phosphorylation of rhodopsin in retinal rods, frogs, 12116
photic stimulation & sensorimotor & visual cortex theta rhythm energy, transmission of visual excitation to motor analyzer, rabbits, 9620
physiological basis of goal-directed behavior, 12126
physiological dynamics of very slow processes in cortex & deep brain structures, 7386
pimozide, 2-deoxyglucose autoradiographic analysis of neural system activated by rewarding stimulation of medial forebrain bundle, rats, 3030
principal components analysis, classification of visual cortex cells, cats, 2368
prolonged intermittent vs brief continuous footshock, stress analgesia & tolerance & mediation by opioid vs nonopioid pain-inhibitory substrates, rats, 7538
psychophysical & electrophysiological distinctions between 3 cone types & model of sensitivity modulation by membrane ionic ratings & cardiotonic drug AR-L 115 BS, rhesus monkeys & humans, 493
regional brain physiology examined through positron emission tomography, normal 19–62 yr olds, 445
retinal cell types & their functional organization, cats, literature review, 12124
role of limbic mechanisms & cortical reward areas in reinforcement in associative learning, rats, 7382
role of prefrontal cortex & cortical reward areas in associative learning, literature review, 7429
self administration of electrical brain stimulation & relationship with neuropsychophysiological & psychopharmacological bases of motivated behavior, literature review, 575
sensorimotor cortex stimulation, inhibition of nociceptive spinothalamic tract cells, macaques, replication of study by K. D. Gerhart et al, 7540
single impulse type 1 cutaneous afferent fiber conditioning stimuli, temporal changes in dorsal spinal neural network excitability, cats, 7537
spectral response curves of cones & quantitative relation with color opponent response of horizontal C-cells, walleye, 12081
spinal & trigeminal nociceptive mechanisms, literature review, 12083
stimulation of ipsilateral vs contralateral ventral posterior lateral thalamus nucleus, inhibition of spinothalamic tract neurons in lumbosacral enlargement & role in analgesia, macaques, 7524
strength-duration characteristics, reward-related neurons electrically stimulated in lateral hypothalamus & ventral periaqueductal gray, rats, 576
synchrony in activity level & responses to stimulation, interaction, 17–30 yr old mothers & their infants, 12558
temporal distribution of red vs green components of short duration flashes, brightness luminance discrepancy & chromatic induction, experienced Os, neural implications, 232
UCS shock following sensory neuron spike activity, presynaptic amplification of differential facilitation of excitatory postsynaptic potentials in neural circuit for classically conditioned siphon withdrawal reflex, aplysia, 5070
unilateral vs bilateral lesions of lateral suprasylvian area, acquisition & interhemispheric transfer of visual pattern discrimination, cats, 9785
vanadium & reduced sodium pump activity, manic depressive psychosis, 8148
waterborne mechanical stimuli & antennular movement & anteroventral & posteroventral deflection, short hair sensilla, blue crabs, 2839

Neuropsychiatrists [See Psychiatrists]

Neuropsychiatry
role of CNS receptors in neuropsychiatric disorders, literature review, 1125

Neuropsychological Assessment
accepted criteria which define organicity, mentally retarded 7–18 yr olds, 8251
acute vs chronic levo-eburnamonine, EEG & neuropsychological effects, 49–75 yr old patients with chronic cerebrovascular disorders, 1651
age & education, neuropsychological test performance, patients with symptomatic carotid artery disease, 10551
availability & awareness & use of neuropsychological assessment for patients with head injuries, community hospitals, 1774
background & description of Luria-Nebraska Neuropsychological Battery, literature review, 7028
battery of stereognostic tests, differentiation between normal Ss & patients with focal brain lesions, 8275
brain tumors, subsequent neuropsychological status, children, literature review, 6005
choreoathetoid movements, Quick Neurological Screening Test performance, learning disabled 6–8 yr old males, 5905
clinical & neurophysiological diagnosis, children & adolescents with behavior problems, 3620
computerized tomography scan indices of brain structure & psychological functioning, male alcoholics with mean age of 43.5 yrs, 12942
construct validity of Aphasia Screening Test & correlations with results of Halstead-Reitan Neuropsychological Battery, 9–15 yr old psychiatric patients, 160
correlations of scores of Reitan-Indiana & Halstead-Reitan Test Battery for Children & WISC-R & Children's Assessment of Cerebral Dysfunction, brain damaged children, 118
cross validation of double discrimination scales derived from Luria-Nebraska Neuropsychological Battery, identification of multiple sclerosis, multiple sclerosis vs brain damaged patients, 4801
deciduous teeth lead concentrations, WISC-R Verbal IQ & auditory & language processing & RT & classroom behavior, 1st–2nd graders, 13059
derivation & evaluation of Children's Revision of Luria-Nebraska Neuropsychological Battery, 4785
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
diagnostic utility of Thurstone Word Fluency Test, detection & localization of cerebral lesions, brain damaged patients, 132
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
discriminating diagnostic ability of Diagnostic Test for Cerebral Damage, analysis of learning process & forgetting of figurative material, organic brain damaged vs clinical vs nonclinical Ss, implications for rehabilitation, 9330
evaluation of language function by Wada Test & cortical stimulation & clinical examination, 23–45 yr old Chinese- & English-speaking polyglots with aphasia or dysphasia, 3749
factor structure of combined Luria-Nebraska Neuropsychological Battery & WAIS & Wide Range Achievement Test, neuropsychiatric patients with mean age of 47 yrs, 144
Halstead Category Test performance, learning disabled 9–14 yr olds with deficiencies in arithmetic & various levels of academic & neuropsychological performance, 5921
information processing & neuropsychological functioning & thought disorders, schizophrenics during acute disturbance vs partial recovery, 3511
IQ, performance on Halstead-Reitan Neuropsychological Test Battery for Older Children, 9–14 yr olds with seizure disorders, 4793
item intercorrelations of Memory Scale of Luria-Nebraska Neuropsychological Battery, psychiatric & brain damaged patients with mean age of 40.0 yrs, 9331
item intercorrelations on Luria-Nebraska Neuropsychological Battery, interpretation of results, brain damaged psychiatric patients with mean age of 40 yrs, 106
items on Reading scale vs other scales of Luria-Nebraska Neuropsychological Battery, normal vs brain damaged vs psychiatric patients with mean age of 40 yrs, 105
lead exposure, psychological test performance, industrial workers, 2-yr followup, 13048

lecithin dietary supplements, secretion of catecholamines & ACTH & insulin & neurobehavioral profiles, 23–35 yr old males, 12310
low content validity of Luria-Nebraska Neuropsychological Battery, assessment of specific neuropsychological functions, 4742
Luria-Nebraska Neuropsychological Battery, differential diagnosis, brain damaged vs chronic schizophrenic or schizoaffective patients, 4780
Luria-Nebraska Neuropsychological Battery, differential diagnosis, chronic schizophrenics vs brain damaged, replication of study by A. D. Purische et al, 9379
MMPI personality correlates of neuropsychological status as measured by Halstead-Reitan Neuropsychological Test Battery, 19–61 yr old male veterans with brain disorders, 8280
MMPI profiles & severity of brain damage & neuropsychological assessment, 17–64 yr old patients with known or suspected brain damage vs mental health outpatients, 7077
morphology & cerebral damage & cognitive impairment, 28–72 yr old alcoholics, 1254
multidimensional scaling approach, construct validity of Aachen Aphasia Test for assessment of language performance, 21–77 yr old global & Broca's & Wernicke's & amnesic aphasics, 2482
myokinetic psychodiagnostic test of M. Lopez, interhemispheric functional asymmetry, normal vs neurotic vs schizophrenic Ss, 10361
neurological condition at birth, visual evoked potentials & electroencephalogram, 5 yr olds, 786
neuropsychological & cognitive & psychomotor development & academic achievement, low vision & blind 7–18 yr olds, 5956
neuropsychological & psychometric characteristics, 28 yr old monozygotic female twins discordant for schizophrenic symptomatology, 5769
neuropsychological assessment & shunt surgery, medical patient with normal pressure hydrocephalus, 13304
neuropsychological assessment of Capgras syndrome, 50 yr old female, 1204
neuropsychological assessment of memory deficit, 57 yr old with Alzheimer's disease & 73 yr old with pseudodementia, 1400
neuropsychological assessment of normal pressure hydrocephalus, 64 yr old male, 10593
neuropsychological profiles, learning disabled 7–13 yr olds with deficiencies in reading & spelling vs math, 5916
neuropsychological testing, Aboriginals, Australia, 9306
patient & environmental & clinician variables, mental status assessment, brain damaged elderly with moderate to severe impairment, 1425
performance on Abstraction Test for Children, neurocognitively intact vs impaired learning disabled children with mean ages of 98.2 vs 97.5 mo, 5918
performance on tests sensitive to frontal & temporal & parietal lobe function, schizophrenics with mean age of 28.5 yrs, 12823
positive reinforcement, performance on Mental Status Questionnaire, 82 yr old male with dementia & depression, 1566
PPVT-R & Luria-Nebraska Neuropsychological Battery for Children scores, 8–13 yr olds, 11709
predictive accuracy of clinical judgment vs taxonomic key approach of E. Russell et al, diagnosis of brain damage & schizophrenia, 10332
predictive accuracy of statistical vs actuarial models for evaluation of results on WAIS & Halstead-Reitan Neuropsychological Test Battery, lateralization of brain damage, brain damaged vs schizophrenic patients, 79
production on verbal vs nonverbal fluency tasks, male vs female right handed 1st vs 3rd vs 5th vs 7th graders, implications for diagnosis of neurological disorders, 3192
programmatic factor analysis, evaluation & revision of Halstead-Reitan Neuropsychological Test Battery, 149
psychological vs neuropsychological evaluations, diagnosis of brain damage & dysfunction, 5948
reliability of German version of WAIS vs Leistungsprufsystem, psychometric single-case diagnosis, brain damaged patients, 2470
scores on neuropsychological measures, acute paranoid schizophrenic female, 10433
sex differences, neuropsychological performance, college students, 12092
test apparatus & sex of S & E, Halstead Category & Tactual Performance Test scores, college students, 11642
use of Luria-Nebraska Neuropsychological Battery, aged, 6995
validity of fused rhymed words dichotic test, assessment of hemispheric specialization for language function, 15–67 yr olds, 11726
validity of Hand Test, assessment of individual variability in levels of self care & organic dysfunction & personality, institutionalized 65–101 yr olds, 9335

Neuropsychology
application of decision theory method, syndrome analysis in clinical neuropsychology, 3805
brain atrophy & neuropsychological impairment, 20–45 yr old alcoholics, 10474
chemotherapy & cranial irradiation for acute lymphocytic leukemia, neuropsychological functioning, patients with mean age of 7 yrs, 1461
chronic hemodialysis, neuropsychological functioning, patients, longitudinal study, 3996
concept of symbolic function in neuropsychology, 464
contributions of neuropsychology to genesis of identity through body image, 8001
existence & nature & extent of long term neuropsychological dysfunction, 4.3–20 yr olds with acute cerebellar ataxia, 1398
high level gasoline inhalation, emotional & neurological functioning, 28–32 yr old males, 1336
medical & psychological & neuropsychological characteristics, 8 yr old male with Williams syndrome, 1429
MMPI personality correlates of neuropsychological status as measured by Halstead-Reitan Neuropsychological Test Battery, 19–61 yr old male veterans with brain disorders, 8280
neuropsychological basis of human information processing & mind-brain dualism, literature review, 535
neuropsychological characteristics, learning disabled 6.4–9.8 yr olds, 1304
neuropsychological functioning, myotonic dystrophy patients with mean age of 37 yrs, 1451
neuropsychology & cognitive processes, tactile aphasia & phonological alexia & lexical agraphia, 1331
neuropsychology of mental imagery, literature review, 9626
predictions about future of clinical neuropsychology, 8368
prolonged high altitude exposure in mountaineering, post-climb neuropsychological functioning, mountain climbers, 4567
recovery of neuropsychological functions, 20–29 vs 30–39 vs over 40 yr old alcoholics, 5855
review of contributions of B. G. Ananiev to educational & developmental & sensory psychology, 11107
role as expert witness, neuropsychologists, 10181
status of neuropsychology, USSR, 9641
theoretical model & practical application, movement therapy, case report, 3783
theories of restitution vs substitution of function in neurobehavioral treatment, brain damaged patients, literature review, 8402
total seizure estimates & neuropsychological functioning, 10–14 yr olds with major motor epilepsy, 1347
vasopressin deficiency, performance on neuropsychological tests, rats homozygous for diabetes insipidus, 5108

Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]
research findings in neuroscience & electronic media, reading assessment & instruction, 10–14 yr olds, 6579

Neurosis [See Also Anxiety Neurosis, Childhood Neurosis, Conversion Neurosis, Dissociative Neurosis, Hysterical Paralysis, Neurasthenic Neurosis, Neurotic Depressive Reaction, Obsessive Compulsive Neurosis, Occupational Neurosis, Phobic Neurosis, Traumatic Neurosis]
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, assessment of life events, 25–76 yr old endogenous depressives vs 20–66 yr old depressive neurotics, 10423
clinico-psychological examination, infants & children up to 3 yrs of age with borderline psychic disturbances at neurotic level, 3547
combined symptom & personality centered psychotherapeutic treatment, relapse rate & cost, neurotic inpatients, 6422
concordance rates & sex differences, 18–66 yr old neurotic same-sex monozygotic vs dizygotic twins, 10437
construction & validity of MMPI overlap item scales, psychotics vs neurotics, 11676
continuity between character neurotic traits in childhood & corresponding character neurosis in adulthood, normal children with mean age of 15.1 yrs retested as adults with mean age of 25 yrs, longitudinal study, 3564
creative work therapy, unconscious intrapsychic disorders & self concept & communication skills, neurotic patients, 6080
criteria for treatment effectiveness evaluation, neurotic patients, 42-mo followup, 6064

development of norms for Japanese translation of Emotions Profile Index, male vs female neurotics vs schizophrenics vs alcoholic males, Japan, 4756
dexamethasone suppression test vs urinary free cortisol vs growth hormone response to insulin tolerance test vs polygraphic sleep recordings, differentiation of endogenous vs neurotic vs ambiguous depression, 21–52 yr old inpatients, 3515
dynamics of large group therapy, neurotic patients, 3867
earthquake, neurotic behavior, earthquake survivors, Romania, 4-yr followup, 12839
ego functioning similarities & nature of suicidal fantasies, neurotic & borderline & psychotic 6–12 yr olds, 5717
epidemiology of neuroses & worry & depression, residents of city with high unemployment rate, Argentina, 5796
incidence of neurotic defense mechanisms, psychiatric outpatients, 1955–79, 5785
language symbolism of neurotic patients, L. Wittgenstein's & A. Lorenzer's interpretations, 9223
large group dynamics of confrontation & transference/countertransference & interpretation, neurotic & borderline group psychotherapy patients, 3899
loxapine, patients with psychoses & severe neuroses & conduct disorders, 1659
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
multisymptomatic model of neuroses, obsessive compulsive & agoraphobic & socially inhibited & depressed patients, implications for diagnosis & behavior therapy, 12804
myokinetic psychodiagnostic test of M. Lopez, interhemispheric functional asymmetry, normal vs neurotic vs schizophrenic Ss, 10361
Nishizone Self Rating Scale, diagnosis & prognosis, neurotic patients, 9361
oral contraceptives, psychoerotic experiences, 35–40 yr old female neurotics, 8583
parent training, prevention of cerebrovisceral regulation disturbances, adolescents, 1768
personality traits of psychoticism & extraversion & neuroticism & social acquiescence & observed neurotic & antisocial behavior, 7–16 yr olds, 3614
physiological disturbances, patients with neurosis vs phobia vs hysteria vs neurasthenia, 5797
prevalence & character & treatment, neurosis, 1181
prevalence of neurosis & organic mental deterioration, 17–66 yr olds with systemic lupus erythematosus, 1444
psychiatric care in childhood, subsequent psychosomatic & neurotic disorders, adolescents & young adults, followup study, Finland, 3777
psychoanalytic theory of psychotherapy, treatment of psychosis & neurosis & borderline states, 13195
psychotherapeutic outcomes evaluated at posttreatment vs followup, neurotics, implications for necessity of followups for treatment evaluation, literature review, 1517
Rorschach scoring system based on O. Kernberg's theory, assessment of defensive structure, borderline vs neurotic vs schizophrenic patients, 2446
self acceptance & social interaction, neurotic females, 3563
sense of purpose in life, meaning of dimensions of time, hospitalized neurotic patients, 3575
serotonin & acetylcholine metabolism & MAO inhibition, patients with hysteria & neurosis & personality disturbances & psychopathy, 5817
smoking behavior, neurotic patients, reply to P. H. Salmons & A. C. Sims's criticism, 10360
sport therapy, psychoneurotic personality traits of anxiety & obsession & somatization & depression associated with athletic activity, 13–49 yr old athletic & nonathletic paraplegics, 1480
surgery for hypospadia in childhood, neurotic disturbances & shyness & enuresis & depression & anxiety & defense mechanisms & social relations in child- & adulthood, 21–34 yr old males, 1692
test norms, Zulliger Test, technical college students & neurotic & schizophrenic patients, Great Britain, 4775
use of dynamic factorial model, statistical attempt to verify existence of "neurotic triad", 4721
usefulness of repertory grid measures of conflict, assessment of imbalance in construct relationships, 18–58 yr old neurotic outpatients, 11727
validity & reliability of scaling procedure for indirect measurement of self estimation, neurotic Ss, 1214
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671

Neurosurgeons [See Surgeons]

Neurosurgery [See Also Decerebration, Decortication (Brain), Psychosurgery, Sympathectomy, Vagotomy]
functional localization of epileptogenic lesions for purposes of surgical resection & brain research, literature review, 10574
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
relative difficulty of concurrent bilateral tasks, performance tradeoffs, normal vs commissurotomy patient with bilateral language, test of perceptual interference vs resource limitation models, 2828
septal grafts following fimbria-fornix lesions, maze learning, female rats, 586

Neurosyphilis
ECT, depression associated with neurosyphilis, 67 yr old female, 1494
pattern evoked visual potentials, patients with various forms of neurosyphilis, 8284

Neurotic Depressive Reaction
clinical characteristics, patients with neurotic depression vs endogenous depression vs brief depressive reaction, 12863
morbidity risks for depression among 1st- & 2nd-degree relatives, unipolar & neurotic-reactive depressives, 5799
psychotherapeutic treatment method, neurotic depression, aged, 1514
serum glutamate level, 20–72 yr olds with endogenous & neurotic depression vs schizophrenic & schizoaffective patients, 12822
symptom patterns, endogenous & neurotic depressives, 3556

Neuroticism
astrological sun signs & extraversion & neuroticism, 18–65 yr olds, replication of J. Mayo's results, 12738
closed mindedness & extraversion & neuroticism & psychoticism & use of corporal punishment, public school teachers, 11183
extraversion & neuroticism, job preferences & satisfaction, 18–64 yr old Civil Service employees, 11442
extraversion/introversion & emotional stability/neuroticism, guessing task performance, Ss in groups vs individually, 8050
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
intelligence & memory recall & neuroticism & social desirability, suggestibility, Ss with mean age of 31.8 yrs, 8015
marital & employment status & prior psychiatric treatment & neuroticism & psychoticism, psychiatric morbidity before vs after myocardial infarction, male patients, 10615
neurophysiological bases of temperament & emotionality & extraversion-introversion & neuroticism, "need-information" theory of emotion, 9709
neuroticism & psychoticism, professional cartoonists with mean age of 44.4 yrs, 8039
neuroticism & security-insecurity, orthopedically disabled vs normal 20–30 yr old males, 6024
personality traits of psychoticism & extraversion & neuroticism & social acquiescence & observed neurotic & antisocial behavior, 7–16 yr olds, 3614
reliability & stability of inventories & relation to psychosocial stress & life events, measurement of neuroticism & symptoms & well-being, Ss aged 16 yrs & over, 10297
sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614
work stress & neuroticism, ectopic beats, ships' pilots, 8285

Neurotoxins
amygdaloid lesions, increased toxicity of intrahippocampal kainic acid injection & reduced late occurrence of spontaneous recurrent seizures, male rats, 12181
cross-immunoreactivity of brain alpha-bungarotoxin binding sites with peripheral anti-acetylcholine receptor poly- & monoclonal antibodies, rats, implications for hypothalamic mediation of ingestive behavior, 9654
dorsal hippocampus injections of bethanechol chloride, behavior & limbic seizures & EEG & brain damage, male rats, 12326
electrophysiological tests, diagnosis of toxic neuropathies, 5988
exposure to mercury, nerve conduction velocity & short term memory & intelligence & somatic disorders & vigilance & mood, industrial workers, 13086
exposure to 2,5-hexanedione, neurobehavioral deficits, female rats, 3090
intracerebral quinolinic acid, axon-sparing brain lesions, rats, 5243

lead exposure, psychological test performance, industrial workers, 2-yr followup, 13048
lithium carbonate & carbamazepine therapy, neurotoxic symptoms, 22 yr old female with bipolar affective disorder, 8557
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
methylmercury intoxication, appetite loss & body weight & preference for dimercaptosuccinic acid antidote, rats, 12296
methylmercury, operant behavior, pigeons, 12292
neurotoxic effects of ethanol, review of biochemical & neurophysiological & behavioral literature, 12301
neurotoxic effects of manganese, humans & rats, 12276
neurotoxicity of carbamate pesticides, literature review, 12304
neurotoxin triethyl lead chloride, activity & tailflick latency & avoidance task, male rats, 12325
organophosphate pesticides, open field activity & rotorod performance & conditioned escape & nerve conduction velocity & blood & brain cholinesterase levels, rats, 12293
sarin exposure, EEG, monkeys & industrial workers, 12999
status epilepticus induced by intra-amygdaloid kainic acid, aggressive & feeding behavior & sleep patterns, baboons, 2910
striatal kainic acid lesions, haloperidol-potentiated tonic immobility, chicks, 9745
New Guinea [See Papua New Guinea]
New Zealand
age & sex & alcohol drinking attitudes, alcohol drinking patterns, 14–18 yr olds, New Zealand, 10086
air traffic control & air safety & aviation medical research, New Zealand, 4456
attitudes toward abortion, 16–44 yr old females, New Zealand, 12602
causes & incidence of cyclist-motorist collisions & countermeasures for cyclist safety, New Zealand vs US, 4440
conflict & social perceptions, surfers vs lifeguards, Australia & New Zealand, 7984
critique of intermediate school reviews, New Zealand, 8934
family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
guidance & counseling, New Zealand, 6405
issues concerning transsexualism, New Zealand, literature review, 5605
occupational duties & professional characteristics & training experiences, male vs female psychologists, New Zealand, 6530
philosophy of education, New Zealand, literature review, 8929
psychological/cultural dietary patterns, Cook Islanders, New Zealand, 12518
public alcohol drinking patterns, Maoris vs Pacific Islanders vs Europeans, New Zealand, 10220
spatial adjectives & context, word recognition & ease of discrimination, Maori vs non-Maori 4 yr olds, New Zealand, implications for semantic feature hypothesis, 837
Stanford Binet & WISC-R IQs, 4–6 yr olds, New Zealand, 7071
teacher expectations, classroom behavior & academic achievement, 9 yr old Polynesian vs Pakeha students, New Zealand, 4307
training & application, school psychologists, New Zealand, 11179
Newborn Infants [See Neonates]
Newsletters (Professional) [See Scientific Communication]
Newspapers
exposure to press coverage of terrorist incidents, image of terrorists, college students, Israel, 9880
feminism, TV viewing & radio format preferences & mass media habits, adults, 12598
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
reliance on TV vs newspapers, use of candidate images vs political issues in voting decisions, adults, 7917
time series analysis, decline in frequency of labeled persons in editorial cartoons in newspapers & role of TV in enhancing shared symbolic environment, 1948–80, 9871
Niacin [See Nicotinic Acid]
Niacinamide [See Nicotinamide]
Nialamide
pargyline vs tranylcypromine vs nialamide, regulation of food & water intake & body weight, male rats, 3108
Nicotinamide
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
Nicotine
change to low tar & nicotine cigarettes, carbon monoxide level & consumption rate, 22–65 yr old smokers, 11086
findings from series of studies conducted by drug addiction research center on drug metabolism & binding sites for SKF-10047 & role of nicotine in maintenance of tobacco smoking, 7592
icv nicotinic agonists dextro- & levonicotine & cystisine & dimethylphenylpiperazinium iodide & lobeline, convulsions & reversal by various nicotinic antagonists & role of central "C6"-like receptors, male mice, 12251
iv vs icv vs periaqueductal gray nicotine &/vs naltrexone, cardiac & respiratory rates & analgesia & miosis & hypothermia & restlessness & emesis, female beagles, 3043
nicotine content of cigarettes, averaged visual evoked response, 20–30 yr old male smokers, 708
nicotine, food consumption & weight, rats, 12299
nicotine regulation in tobacco smoking, literature review, 665
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
nicotine/tobacco smoking, food consumption & taste preferences, male rats & 18–36 yr old smokers, 9824
personality structure & pharmacodynamics of nicotine, smoking behavior, 10222
prenatal exposure to cigarette smoke & nicotine, development & avoidance acquisition, rats, 3003
prenatal nicotine, biological changes in male vs female offspring, rats, 675
rapid smoking of medium- vs low-tar/nicotine cigarettes, heart rate & blood pressure & carbon monoxide levels & smoking behavior, smokers, 688
smoke-mixing apparatus, measurement of cigarette smoke nicotine content preferences, smokers, 4692
smoking high- vs low-nicotine cigarettes, blood carboxy-hemoglobin & plasma thiocyanate & serum cotinine, smokers, 9852
treatment with low nicotine cigarettes, cigarette consumption & smoking intensity & depth of inhalation, tobacco smokers, 13427
Nicotinic Acid
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
Nicotinic Acid Amide [See Nicotinamide]
Nictitating Membrane
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
periocular electrical stimulation, nictitating membrane response & electrophysiological response of abducens nerve & nucleus & accessory abducens nucleus, rabbits, 7514
UCS duration, classical conditioning of nictitating membrane response, rabbits, 2710
Nigeria
academic motivation & occupational aspiration, adolescents, Nigeria, 10075
age & cross cultural differences, ability to construct geometric patterns of varying complexity, 3–6 yr olds, Nigeria vs Canada, 3188
bilingualism & mental health, college students, Nigeria, 1088
blood type, anxiety, 15–23 yr olds, Nigeria, 509
cross cultural utility of Tennessee Self Concept Scale, high school & college students, US vs Nigeria, 4746
diagnostic & demographic characteristics, psychiatric outpatients, Nigeria, 8151
ethnic origins & personal values, business students, Nigeria, 8005
factors affecting attendance at primary health care clinics, 10 mo to 5 yr olds, Nigeria, 3980
feedback, performance of Piagetian conservation tasks, 6.5–7.5 yr olds, Nigeria, 12432
high vs low separation of representational systems in memory, interlingual transfer of learned word lists, Yoruba-English bilingual college students, Nigeria, 2632
historical development & philosophical bases & trends in guidance & counseling services, Nigeria, 6395
manic disorders, 10–59 yr old patients, Nigeria, prospective study, 1186
normative data & reliability of revised Children's Manifest Anxiety Scale, measurement of chronic manifest anxiety, 3rd–6th graders, Nigeria, 7056
peer vs parental influence & orientation, sexual behavior, 14–19 yr olds, Nigeria, 5455

perceptions of aging, proposal for aging education, secondary & college students, Nigeria, 1997
proposal for university based children's center, educational bridge between cultural heritage appreciation & acquisition of cognitive skills necessary in modern urban society, Nigeria, 4285
psychological differentiation, 7–14 yr olds, Nigeria, 3-yr longitudinal study, 12479
psychosocial characteristics, 1–17 yr old delinquents discharged from approved school, Nigeria, 1958–76, 1854
role conflicts, college teachers, South Africa vs Nigeria, 6566
SES & locus of control & IQ & self esteem, academic achievement & prediction of academic performance, secondary school students, Nigeria, 11229
socially disruptive behavior in community prior to seeking hospital treatment, low SES Black psychiatric patients, US vs Nigeria, 1251
Nightmares
age & family history, prevalence of sleepwalking & bedwetting & night terrors & teeth grinding & sleep talking, male & female 5–18 yr olds, 1431
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
diazepam & clorazepate therapy, antidepressant & neuroleptic drug-induced anxiety dreams & night terrors, 25–50 yr old psychiatric patients, 10827
etiology & physiological correlates & characteristics & differentiation from nightmares, night terrors, literature review, 3484
relocation & survivor stress & breathing problems & nightmares, 22 yr old Laotian Hmong soldier, implications for role of shaman & ritualism, US, 13085
thiothixene therapy, nightmares, 27–68 yr old females with paranoid schizophrenia & depression with paranoid delusions, 10869
Nitrazepam
triazolam vs nitrazepam, sleep, 18–60 yr olds with sleep disturbances, 13274
Nitrogen
dive compression rate, effect of trimix of helium & nitrogen & oxygen on high pressure nervous syndrome tremors, 24–40 yr old experienced divers, 9716
hypoxia induced by pure nitrogen vs nitrogen-oxygen, transient amnesia with vs without seizures, male rats, 2915
nitrogen-deficient vs high protein diets, ingestion & transfer to oocytes of male-derived uric acid after copulation & relation to mating & oviposition interval, cockroaches, 7506
Nocturnal Behavior (Animal) [See Animal Nocturnal Behavior]
Nocturnal Teeth Grinding
age & family history, prevalence of sleepwalking & bedwetting & night terrors & teeth grinding & sleep talking, male & female 5–18 yr olds, 1431
nocturnal biofeedback, nocturnal bruxism, 44–50 yr old females, 8529
Noise (Sound) [See Auditory Stimulation]
Noise (Visual) [See Figure Ground Discrimination, Visual Stimulation]
Noise Effects
action & summating potential & cochlear microphonic in response to clicks vs tones prior to & following exposure to tone, rats, implications for index of noise-induced auditory fatigue, 7370
age & labeling vs story telling task, increased vocal intensity in presence of noise, 5 vs 20–55 yr olds, 5337
contextual effects & personality characteristics, annoyance response to aircraft noise, 18–63 yr olds, 13799
crowd noise during arm wrestling match, arm EMG & arousal measured by skin conductance, college student Os, 12161
distribution of free earplugs, protection of ears & prevention of hearing loss, subway riders, 6889
emotional valences of acoustic stimuli, subjective & somatic & auditory effects, 2605
etiology, noise induced hearing loss, rural 11–18 yr olds, 3726
etiology of hearing disorders of noise trauma type with lack of noise exposure, children with mean age of 14 yrs, 3723
genotype & age, noise induced auditory losses, mice, implications for studies of ethnic differences in industrial noise-induced hearing loss, 7335
hearing resistance to noise effects, short term acoustic adaptation, patients with neurosensory hypoacusis, 6021
industrial noise, stapedius reflex fatigue, shipbuilding yard employees, 4480
intelligence & personality, effect of low intensity continuous vs intermittent noise on mental performance, 10 yr olds, 5309
laboratory rating vs field effectiveness & user acceptability, hearing protectors, military personnel, 6885
measurement of effectiveness & user acceptability, hearing protection, military personnel, 6877
noise & experiment duration, recall of order, adult females, 11904
noise & orienting instructions with nonassociated vs associated words, free recall, college students, 295
noise intensity, visual recognition, intact vs callosectomized rats, 7555
noise, performance of multiple tasks, adult females, 2564
noise, semantic memory, adult females, replication of M. W. Eysenck's study, 2565
noise-induced hearing loss, speech perception in noise & reliability of audiogram diagnosis of hearing handicaps, 18–21 yr old normal vs hearing impaired, 6029
partial destruction of superior colliculus, reduction of dextroamphetamine & methylphenidate & ambient noise facilitation of locomotor activity, male rats, 12231
Noise Levels (Work Areas)
industrial noise, stapedius reflex fatigue, shipbuilding yard employees, 4480
laboratory rating vs field effectiveness & user acceptability, hearing protectors, military personnel, 6885
measurement of effectiveness & user acceptability, hearing protection, military personnel, 6877
Nomenclature (Psychological) [See Psychological Terminology]
Nomifensine
nomifensine vs 3,4-dihydroxynomifensine, motor activity & binding to putative dopamine receptor site & amine uptake, drug-free vs haloperidol-maintained mice, 649
Nondirective Therapy [See Client Centered Therapy]
Nonlinear Regression
errors in use of coefficient of determination R squared in nonlinear goodness-of-fit modeling, 11744
linear & nonlinear models, measurement of true change effects, 7090
linear vs nonlinear models, magnitude estimation of temporal intervals, 9394
nonlinear regression models of causality in dominance structures & their operation in Pollyanna principle in language, support for R. B. Zajonc's model, 7108
Nonmetallic Elements [See Chloride Ions, Helium, Hydrogen, Nitrogen, Oxygen]
Nonparametric Statistical Tests [See Also Chi Square Test]
BASIC program, nonparametric statistical analysis, 11631
FORTRAN subroutine, computation of 1- & 2-sided probability values for Fisher exact test, 2355
goodness of fit test for Rasche model through subgroup formation using latent class analysis, 7082
multidimensional scaling & confirmatory nonparametric methodology, analysis of relationship between narrative materials to be learned & subsequent semantic knowledge organization, college students, 2504
nonparametric techniques, analysis of rank order data in multigroup repeated measures designs, 7089
nonparametric unconditional randomization test, analysis of 1- & 2-factorial designs with small sample sizes, 7084
significance tests & simultaneous test procedures used in configural frequency analysis, 7091
utility of nonparametric statistical tests in analysis of research data in psychology & education, 164
validity of W. D. Hayes's formula, analysis of nonparametric Rokeach Value Scale data, 9291
Nonprofessional Personnel [See Also Related Terms]
role of lay therapist in long term treatment, abusive parents, 1526
status & self direction & increased bureaucratization, work dissatisfaction & alienation, nonfactory & nonoffice workers, 4555
stress reactions following recovery & identification of airplane crash victims, lay personnel, 20-mo followup, implications for emotional debriefing, 4453
use & selection & training & supervision of volunteers & other nonprofessional personnel & relationship with professionals, mental health services, 4027
Nonprofit Organizations
intraorganizational power distributions, strategic decision makers in profit vs nonprofit institutions, 9153
model for interorganizational partnerships, adult education, higher education & volunteer-dependent organizations, 2012

Nonprojective Personality Measures [See Also California Psychological Inventory, Childrens Manifest Anxiety Scale, Childrens Personality Questionnaire, Edwards Personal Preference Schedule, Embedded Figures Testing, Eysenck Personality Inventory, Fund Interper Rela Orientat Beh Ques, Guilford Zimmerman Temperament Surv, Marlowe Crowne Soc Desirabil Scale, Memory for Designs Test, Minn Multiphasic Personality Inven, Rod and Frame Test, Rotter Intern Extern Locus Cont Scal, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Tennessee Self Concept Scale]
Bem Sex Role Inventory Masculinity & Femininity Scales, assessment of relation to personality & vocational adjustment, psychiatric patients with mean age of 39.3 yrs, 9390
classification as Type A vs Type B personality on Jenkins Activity Survey, everyday behavior, college students, 4744
concurrent & construct validity of Hysteric & Compulsive & Character Disorder subscales of Multivariate Personality Inventory, assessment of personality-psychopathology relationship, female college students, 9385
construct validity, scale of interpersonal orientation, college students, 2471
convergent & discriminant validity of Interpersonal Reactivity Index subscales, measurement of empathy, college students, 2418
development & testing of questionnaire, measurement of self image, 18 & 22 yr old females, 9360
item reliability & interrater agreement, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 4412
order of presentation of standard simultaneous & sequential versions of Matching Familiar Figures Test, performance, 3rd graders, 7007
psychometric properties of Rosenbaum schedule for assessing self control, male vs female college students, 7061
Ray Directiveness Scale, measurement of authoritarianism, Ss with mean age of 34.7 yrs, 109
reliability & internal validity of Teacher Temperament Questionnaire, personality assessment, 5–7 yr olds, 2408
reliability & validity of Junior Eysenck Personality Questionnaire & assessment of prosocial vs antisocial behavior, 9–15 yr olds, 11678
reliability & validity of Willoughby Personality Schedule, assessment of social anxiety, normal Ss & outpatient simple & social phobics & agoraphobics & sexually disordered & obsessive compulsives, 153
reliability of self administered affective scale, prisoners, 4810
theoretical basis & example of profile interpretation of Motivational Analysis Test, disadvantaged females with mean age of 26 yrs studied by S. Hinman & B. Bolton, 13708
usefulness of repertory grid measures of conflict, assessment of imbalance in construct relationships, 18–58 yr old neurotic outpatients, 11727
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonreversal Shift Learning
reversal & nonreversal shift discrimination learning, autistic 2–14 yr olds, 12782
Nonsense Syllable Learning
recall in order of memorization vs free-order & associations, memory of nonsense syllables, 22–29 yr olds, 9516
serial position & color as isolating factor, free recall vs recognition of nonsense syllables, female college students, 11889
Nonstandard English
African American language & American English in education, African American children, 13499
instruction in standard English, students speaking Black dialect, 13585
nonbiased assessment of linguistic competence, speakers of nonstandard English, 4804
nonstandardized assessment procedures, measurement of language & conversational competence, non-standard-English speaking children, 4771
scores on Gray Oral Reading Test Form C, 3rd–4th grade Blacks vs Whites who spoke standard vs nonstandard English, implications for scoring, 2158
standard English instruction, nonstandard English speakers, 13552
Test of Language Development norms, 4–8 yr old speakers of Black American English, 2480
Nontraditional Education
attitudes toward school experiences, potentially creative high school students from traditional vs open schools, 9033
locus of control &/vs syllabus orientation, attitude toward project work & academic outcome, "open university" students, 9022
matching of unequal groups, bias in experimental comparison of open vs traditional education, critique of R. J. Wright's evaluation, 1999
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Grimaces, Smiles]
body image & drives & body language in psychoanalysis, 1506
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
clothing style of E & compliance with request to fill out questionnaire & dress style ratings & clothing choices, male & female Ss, 10270
density of communication in interactive situation, rate of nonverbal activity, college students, 1062
development of leadership observation grid, clinical observation of nature & intensity of leadership functions & verbal & nonverbal behavior, 12626
duration of cohabitation & accuracy of nonverbal communication, marital complaints, recently married 20–31 yr old couples, 986
factor analysis, verbal & nonverbal communication in physical education class, female student teachers, 4237
gestures & linguistic sophistication, responses to "what" questions, 1.3–1.5 yr olds, 9938
glossolalic training, nonverbal sensitivity, psychology graduate students, 13457
inconsistency between counselor verbal & nonverbal behavior, perceptions of counselor empathy & genuineness & expertness & willingness to seek counselor's help, college students, 10985
internal vs external locus of control & level of trust, nonverbal communication accuracy with strangers vs intimate others, male vs female married adults, 5637
judgments from videotapes of reactions by 3 & 10 mo olds to caregivers vs objects vs being alone, college students vs parents, 5430
nonverbal behavior, supplement to psychodiagnosis of schizophrenia & anxiety neurosis & depression, 17–62 yr olds, 8154
nonverbal communication, distressed vs nondistressed couples, 1064
nonverbal communication signals during social interaction, learning disabled 3rd–5th grade males with vs without social/behavioral problems, 3654
nonvocal symbol system training, communication, nonverbal moderately to profoundly mentally retarded 9–17 yr olds, 1468
perceived dominance & leadership status, gazing patterns, college students, 1052
performance on verbal vs nonverbal version of number conservation problem, 4 & 5 yr olds, 10010
posture sharing vs neutral movement, interview dyads, 3396
self monitoring of nonverbal & expressive behavior & degree of interpersonal involvement & type of job, blood pressure, Black vs White blue collar vs clerical vs professional municipal employees, 5142
sex differences, nonverbal behavior, adults, 1114
significance of therapist experiences & nonverbal interaction, psychotherapeutic processes, borderline & psychotic clients, 13192
societal devaluation & social exchange & power theory of nonverbal communication, loss of status & social control & dominance, aged, 897
style of personal boundary management, social involvement/disengagement reflected in nonverbal behavior during small self study groups vs intergroup activities, college students, 10240
time series notation of nonverbal behavior during severely depressed state vs recovery phase, 26–67 yr old depressed patients, 12791
use of sign language & symbol systems, autistic children & young people, literature review, 12821
verbal & concomitant nonverbal components of directives to 10 & 18 mo olds during play, mothers, 10162
verbal & nonverbal communication, airflight safety, aircraft crew members, 11344
Nonverbal Learning
discriminating diagnostic ability of Diagnostic Test for Cerebral Damage, analysis of learning process & forgetting of figurative material, organic brain damaged vs clinical vs nonclinical Ss, implications for rehabilitation, 9330
sentence evaluation task with verbal vs nonverbal material, recall & recognition & decision time, reading disabled 8–12 yr old males, 1297
shaping or instructing of verbal reports, nonverbal responding, college students, 273
WISC-R & subtests, prediction of nonverbal learning, learning disabled 10.4–11.2 yr olds, 7012
Noradrenaline [See Norepinephrine]

Norepinephrine
ACTH/4–10 vs norepinephrine, acquisition & performance of maze task, male rats, 7613
adrenal demedullation with vs without 6-hydroxydopamine, cold water swim & morphine analgesia & adrenal epinephrine & heart norepinephrine levels, male rats, 2907
antidepressant treatment, regulation of norepinephrine receptor coupled adenylate cyclase system, literature review, 1670
binding of 3H-noradrenaline & 3H-clonidine to retina, cattle, support for existence of alpha 2-type receptors, 468
characteristics & regulation of norepinephrine receptor-coupled adenylate cyclase system in brain, literature review, implications for treatment of depression, 12322
chlorpromazine & septal lesions and lesions of ascending norepinephrine system, operant response parameters & emotionality in DRL schedules, rats, 7494
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
clonidine, growth hormone response, 18–57 yr olds with obsessive compulsive disorder & elevated 3-methoxy-4-hydroxyphenylglycol & norepinephrine levels, 10429
cold exposure, hypothalamic tyrosine hydroxylase & metabolism of dopamine & 5-HT, 4 vs 18 vs 29 mo old rats, 5146
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
dorsal noradrenergic bundle lesions, plasma corticosterone levels & neophobia, male rats, 2982
hallucinogenic drugs, sensitization of serotonergic & noradrenergic receptors, 664
haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
high altitude, learning & serotonin & noradrenaline in brain structures, male rats, 2920
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
hypothalamic chlorpromazine vs chlordiazepoxide vs tricyclic antidepressants vs atropine vs norepinephrine vs serotonin, antimuricide & catalepsy & cortical EEG, male rats, 12273
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
imipramine & desipramine binding as biochemical tools for study of depression, 5-HT & noradrenaline uptake, literature review, 12291
imipramine & mianserin, site & function of neural receptor recognition sites, literature review, 12243
intracisternal 6-hydroxydopamine injection, whole brain dopamine & norepinephrine & open field behavior, rat pups & their untreated mothers, 9803
iv noradrenaline & dopamine, food intake, male rats with lateral hypothalamic lesions, 9754
kainate & 6-hydroxydopamine & 5,7-dihydroxytryptamine brain lesions, turning behavior, male rats, implications for role of mesencephalic reticular formation & noradrenergic & serotonergic & dopaminergic projections, 12201
lithium treatment & withdrawal, noradrenaline uptake into synaptosomes, male rats, 5181
MAO inhibitors, noradrenaline & 5-HT metabolism & neurotransmission & resultant antidepressant action, literature review, 12266
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
methyl bromide, norepinephrine & dopamine & serotonin & acetylcholine & cyclic adenosine & guanosine monophosphate in brain, male rats, 3039
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
noradrenaline, tonic descending inhibition of dorsal horn nociceptor-driven neurons, cats, 7439
norepinephrine &/vs electrical brain stimulation, food intake, male rats, 12187
norepinephrine synthesis inhibitor diethyldithiocarbamate vs ethacrinic acid, retention of memory & delayed amnesia & brain norepinephrine levels, male rats, 3023
prenatal stress, 5-HT & 5-hydroxyindoleacetic acid & norepinephrine levels in brain regions & plasma corticosterone levels, rats, 2934
serotonin & noradrenaline & depression & anxiety & stress, 8120
spontaneous decline in activity of noradrenergic cells in locus ceruleus, 3 vs 10 vs 22 mo old rats, 2809
stress & age & brain region, levels of noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol sulfate, 2 vs 10 vs 15 mo old rats, 5076
stressful cognitive task, plasma catecholamine levels & heart rate & blood pressure & systolic time intervals, 18–25 yr old male college students, 2889
systemic desipramine vs microinjection of desipramine & noradrenaline, role of amygdala & alpha-noradrenergic receptors in inhibition of muricide, male rats, 9858
techniques for in vivo neurotransmitter extraction using local intracerebral dialysis cannulae in caudate vs thalamus, male rats, 9265
telencephalic noradrenaline depletion, resistance to extinction in operant task & enhancement of gustatory neophobia, male rats, 9787
turnover of noradrenaline during acute dissociative phase, acute psychotic schizophrenic patients, 5808
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
unilateral ventral noradrenergic bundle lesions, ipsilateral forebrain noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid levels & ipsilateral rotation following sc apomorphine vs amphetamine, male rats, 2987
vasopressin & locus ceruleus & nuclei dorsalis & substantia nigra lesions, learning & habituation, rats, 12176
Norepinephrine Metabolites
clonidine, growth hormone response, 18–57 yr olds with obsessive compulsive disorder & elevated 3-methoxy-4-hydroxyphenylglycol & norepinephrine levels, 10429
CSF 3-methoxy-4-hydroxyphenylglycol & homovanillic acid & 5-hydroxyindoleacetic acid levels, male schizophrenics with mean age of 35 yrs, 1160
plasma cortisol & 3-methoxy-4-hydroxy-phenylglycol levels, 19–66 yr old dexamethasone-resistant depressives, 5771
stress & age & brain region, levels of noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol sulfate, 2 vs 10 vs 15 mo old rats, 5076
thyroid stimulating hormone & urinary free & plasma cortisol & dexamethasone suppression & CSF 3-methoxy-4-hydroxyphenyl glycol & 5-hydroxyindoleacetic acid levels, 17–67 yr olds with major depression, 10335
urine levels of 3-methoxy-4-hydroxyphenylethylene glycol & 5-hydroxyindoleacetic & homovanillic & dihydroxyphenylacetic acids, healthy 18–41 yr olds with vs without family history of psychiatric morbidity, 5837
Normal Distribution
methods to approximate probability that population with largest mean will have largest sample mean in comparing normal distributions with unknown &/or unequal variances, 2551
Normalization (Test) [See Test Standardization]
Norms (Statistical) [See Statistical Norms]
Norms (Test) [See Test Norms]
North America [See Also Canada, Mexico, United States]
multinomial logit model of choice behavior, identification of seasonal & temporal & regional determinants of food store patronage, North America vs Europe, 9198
role of training analyst in training institutes, North America, 8890
North Vietnam [See Vietnam]
Nortriptyline [See Antidepressant Drugs]
Norway
common sense rules in psychological treatment, clinical psychologists, Norway, 1945
development & evaluation of alcohol treatment program & research, clinic, Norway, literature review, 1884
midazolam vs flunitrazepam vs placebo, midwinter insomnia, 18–60 yr olds living north of Polar Circle, Norway, 10854
post-World War II changes in mental health care, chronic patients, Norway, 13314
psychosocial factors, psychological & bodily complaints, 35–49 yr olds, Norway, 3488
school & teacher characteristics & teaching methods & mainstreaming of handicapped children, co-teaching in special education elementary schools, Norway, 2103
technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
tobacco smoking habits, teachers, Norway, 1977, 8952
Wine & Spirits Monopoly strike, alcohol consumption, Norway, 10221

Norway Rats
corticosterone vs dexamethasone & sex, play fighting & male sexual behavior & testosterone levels, Norway rat pups, 5222
cost of food procurement, feeding frequency & meal size, wild vs domesticated rats, implications for generalizations from captive species, 11587
genetic architecture, escape-avoidance conditioning, wild rats cross bred with inbred sublines of Roman High vs Low Avoidance strains, 9602
presence of 2nd litter produced by postpartum mating & length of 2nd gestation, interaction of mother with 1st litter, Norway rats, 7297
Nose [See Also Nasal Mucosa]
bilateral vs unilateral nasal occlusion, sleep structure & apnea & nonapneic breathing disorders & arousals in sleep, 20–27 yr olds, 9733
Nouns
acquisition of noun pluralization patterns in Hebrew, 1.8–2.8 yr olds, 834
acquisition of object word vocabulary, children, 12427
age of reading acquisition & imagability of nouns presented to left vs right hemifield, naming accuracy, adults, 5104
appropriate vs inappropriate prepositions preceding nouns in Serbo-Croatian, lexical decision times, college students, 7167
implied vs explicitly stated nouns in 1- vs 2-noun sentences, comprehension of surface & deep structure subjects, 4.1–6.2 yr olds, 862
representation of females vs males in generically intended nouns & pronouns, college textbooks, 5589
semantic similarity of names & commands, suggestiveness as implication of system actions, college students & computer programers, use of A. Tversky's model of featural similarity, 11457
structural analysis & human factors & learning & use & "hierarchicalness" & congruence, design of command paradigms & naming, computer systems users & experimental Ss, 11449
task & specific vs general names & user predisposition, initial learning & subsequent memory & learning strategy, computer users, 11446
taxonomic level of nouns used in speech to young children, nursery school teachers & their 2–4 yr old students & mothers & their 18–30 mo old children & college students, 9947
time lag between target presentations & noun vs nonnoun stimulus, accuracy & response latency of recognition decisions, right handed college students, 2650
validity of property dominance & typicality norms of nouns, college students, 11852
word by word presentation of paragraph, recognition RT & accuracy for presented referents & superordinate words, college students, 7155
Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]
NREM Sleep
auditory stimulation, loss of muscle tone & H reflex inhibition during NREM sleep, 15–40 yr olds, implications for effects of epileptic spikes, 9628
body heating through high intensity exercise vs passive condition, sleep onset & length & NREM stage, runners with mean age of 25.4 yrs, 12134
delta sleep-inducing peptide, slow sleep duration, rabbits, 7594
diazepam & carbamazepine & valproic acid & phenobarbital & pentobarbital, NREM sleep EEG, female monkeys, 9674
electrical stimulation & cooling of locus ceruleus & cryolesion of nucleus raphe dorsalis, induced NREM sleep & REM sleep & wakefulness, cats, 2911
energy expenditure during sleep, NREM sleep, literature review, 5127
exhaustive exercise, REM & NREM sleep & cardiovascular measures & cortisol excretion during sleep, 21–30 yr old males vs females, 2883
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
mathematics problem solving before going to sleep, paradoxical sleep phases, 20–25 yr olds, 2897
observation of 1st phase of nocturnal sleep, mentally retarded children, 10529
semantically acceptable vs nonacceptable presleep sentence stimuli, associative relationships in REM & NREM sleep reports, male college students, 11925
serotonin antagonist, duration of EEG slow wave sleep, 44–69 yr old poor sleepers, 3953
sleep dependency, REM-NREM cycle, cats, 12143
slow wave sleep vs wakefulness, EEG activity in solitary tract nucleus region, cats, 443
Nucleic Acids [See Also Cyclic Adenosine Monophosphate, Deoxyribonucleic Acid, Nucleotides, Ribonucleic Acid]
nucleic acid metabolism in spleen & liver, rats flown on Cosmos-1129, 550
Nucleotides [See Also Cyclic Adenosine Monophosphate]
calcium ions, regulation of cyclic guanosine monophosphate levels in visual rod cells, rats, 7402
Nucleus Accumbens
area postrema vs nucleus accumbens lesions, aversive & positive reinforcing effects of apomorphine, male rats, 7510
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
gamma-endorphin deficiency induced by antiserum injections into nucleus accumbens, hyperactivity & habituation & cognitive impairment, male rats, 7634
gamma-type endorphins injected into nucleus accumbens, apomorphine induced hypoactivity, male rats, 7633
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
lesions of medial hypothalamus vs accumbens nucleus, mouse killing behavior, male rats, 2962
lesions of ventral tegmentum vs substantia nigra pars compacta, dopamine loss in nucleus accumbens-olfactory tubercle & striatum & motor activity & drug induced locomotion, male rats, 12180
lesions to nucleus accumbens & apomorphine, intracranial self stimulation, male rats, 563
nucleus accumbens septum lesions via 6-hydroxydopamine, operant schedule-induced drinking & motor activity & plasma corticosterone, male rats, 2995
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
Number Comprehension
counting skills & number conservation development, kindergartners & 1st graders, 12394
development of cognition of part-whole relationship, children, 3179
pattern structure & training, RT & method of pattern analysis, verification of D. Klahr's theory, implications for number comprehension, 2597
situational context, preciousness & regression in number conservation comprehension, children, extension of analysis of M. Bovet et al & replication of J. McGarrigle & M. Donaldson's study, 5386
Number Systems
ethnographic relationship between structure & communication as exemplified by Paiela counting system, Papua New Guinea, criticism of C. R. Hallpike's thesis on primitive thinking, 5254
Numbers (Numerals)
computer simulation of sequential bias in randomized responses, comparison with human generated numerical sequences, college students, 9284
development of tactual-visual ability to identify colors & letters & numbers & drawings, blind & partially sighted, 1408
efficacy of hierarchic list with complete vs implicit numbering, humans, 13795
mental influence, computer pseudo-random number generation, 11515
problem difficulty & internally vs externally directed attention & numerical vs alphabetical tasks, eyeblink rate during nonvisual problem solving, college students, 2901
rapid backward counting, systematic errors, college students, implications for short term memory processes, 7170
visually presented additive vs nonadditive number sequences & recall interval, short term recall, deaf vs hearing adults, 8314
Numerical Ability [See Mathematical Ability]
Numerosity Perception
comparative judgments with numerical reference points, college students, implications for K. J. Holyoak's distance ratio model vs subtraction model, 11866
conservation of number tasks, use of matching & counting in equivalence judgments, 4.5–5.5 yr olds, 818
correlation between regularity of dot pattern & number of dots, subjective correlation & numerosity illusion, college students, 7127

disjoint sets, perception of correspondences & numerical differences, 4–8 yr olds, 823
number conception & number transfer, pigeons, 7266
number of constant elements in auditory click CS, stimulus control in avoidance & alimentary instrumental conditioning, dogs, 9564
numerosity discrimination, 2 vs 3 vs 4 yr olds, 12439
perception of numerical invariance, 21–144 hr olds, 7708
quantity conservation acquisition, 1st grade number conservers vs nonconservers, 825
speeds of subitizing & counting processes, 7 vs 8 vs 10 vs 12 vs 15 yr olds vs adults, 10021
subgrouping of pattern elements, numerosity perception, 226
Nuns
cloistered existence vs exposure to outside world, socialization & development of identity, Sisters of Good Shepherd before vs after 2nd Vatican Council, 10126
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students
frequent changes in activity & social & cognitive behavior & content & organization of schooling, 4 yr old nursery school students, 6659
use of rehabilitative vs therapeutic care with nursery school & primary school children & requests for psychopedagogic assistants, teachers, 2156
Nursery Schools
use of educational TV, teachers in Infants' Schools, England & Wales, 8969
Nurses [See Also Psychiatric Nurses, School Nurses]
age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
amplitude of circadian rhythms of deep body temperature & urinary excretion of potassium & sodium & urate, night shift nurses vs college students with irregular sleep schedules, 5121
anxiety & depression, general & psychiatric nurses, 13446
attitudes toward components of nursing role, nurses, 13437
causal attributions & affect & expectations, perceived job performance, 21–61 yr old nurses & manufacturing employees, 9173
communication workshop, mutual support & team effectiveness, operating room nurses, 8851
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
defensiveness as manifestation of work-related anxiety, social service nurses, review of I. E. Memzies's research, 4125
demographic & personality & situational characteristics & self image, helping behavior, hospital nurses, 1906
development & testing & validity of health role expectations index, measurement of attitudes on shared responsibilities, nurses & physicians & consumers, 4814
development of survey to study mentoring, frequency & benefits & relationship to job satisfaction & burnout & future mentorship, teachers vs police officers vs nurses, 4235
educational level & sex differences, attitudes toward male nurses, 13–85 yr olds, 7797
hospitalized patient's stress, aggressive behavior, nursing staff, 11020
improvement in social relations & social-welfare skills & professional knowledge & advancement & compliance with authority & relief from routine, participation in continuing education, nurses, 4177
interpersonal perspective, status & expectations of nursing, nurses, 4127
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
nurse vs physician vs nonhealth care provider authorship, image of nurse in novels, 9902
perception of priorities for behavioral interventions with nursing home residents, nurses & aides, 11117
perioperative teaching, coping & anxiety & recovery & pain & satisfaction, 18–65 yr old patients & nursing staff, 8612
personality & demographic & career background characteristics, interest in management roles, nurses in master's degree program, 8867
positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
professional orientation & attitudes toward & participation in continuing education, registered nurses, 6523
professional socialization, perceived organizational conflict & conflict reporting behavior, newly graduated nurses in hospital system, 1948
psychological stress & coping strategies, 22–54 yr old neonatal intensive care unit nurses, 11119
reciprocal effects of job tension & satisfaction, nurses, 5 mo longitudinal study, 13433
reliability of Behavioral Anchored Rating Scales, measurement of job performance, nursing home nurses & aides, 11714
situational & occupational factors & strategies, delivery of news of death, physicians & nurses & law enforcement officers & clergy, 8847
statistics & decision making training, judgmental skills assessed by intuitive logical reasoning problems, physicians vs clinical nurses vs hospital laborers, 4133
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
synergistic environment in management task, flight nurses, 4494
type of educational preparation, job effectiveness, nursing staff, 8888
work overload & interunit conflict & intershift problems & resource inadequacy & role frustration & conflict & primary-care vs team-care, job attitudes & behavioral intentions, nurses with mean age of 33.8 yrs, 4182
work shift, ratings of patient behavior, nurses, implications for multidisciplinary team decision making, 13477
Nursing
concept of assertiveness, literature review, implications for nursing, 1103
content analysis, nursing interventions in hypertension education program, 10703
death-related fears, 8–65 yr olds, implications for nursing, 890
interpersonal perspective, status & expectations of nursing, nurses, 4127
nursing, Indochinese refugees, 13315
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
perioperative teaching, coping & anxiety & recovery & pain & satisfaction, 18–65 yr old patients & nursing staff, 8612
planned intermittent human tactile contact, clinical improvement & behavioral changes, mechanically ventilated short gestation infants, 10911
stressful life events & nervous tension & interpersonal trust, 20–65 yr old college students & faculty & employees, implications for nursing, 867
techniques for meta-analysis, implications for research in nursing, 184
Nursing Education
age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
continuing education for care for disabled children, school nurses, 6527
cooperation between university school of nursing & community-based psychiatric rehabilitation center, 11029
improvement in social relations & social-welfare skills & professional knowledge & advancement & compliance with authority & relief from routine, participation in continuing education, nurses, 4177
microcounseling, interpersonal skills for therapeutic effectiveness, student psychiatric nurses, 1951
professional autonomy, senior nursing students from hospital diploma vs associate degree vs baccalaureate degree programs, 1933
type of educational preparation, job effectiveness, nursing staff, 8888
Nursing Homes
admissions group, adjustment following nursing home facility, frail aged, 6433
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
behavior therapy, chronic alcohol abuse, 68 yr old nursing home resident, 1794
brief behavioral intervention, verbal interactions, nursing home residents, 1809
care receivers' functional ability & care givers' assessment of patient's ability, preference for baby talk, 62–100 yr old residents of nursing homes & their caregivers, 13354
communication between acute care facilities & nursing homes, implications for social work, 4064

frequency & quality of social involvement, subjective well-being, 55–95 yr old nursing home residents, 10077
growth of & improvement of care, nursing homes, 11017
hospice approach to health care, improvement in quality of life, nursing homes, literature review, 1808
incidence of sleep disturbances, aged nursing home residents, 10564
increase in personal control over environment, activity & happiness & perceived control, 69–89 yr old nursing home residents, 10996
institutionalization, process mediated by CNS & speed of response & cognitive processes, nursing home residents, 1806
intrapsychic state & cognitive competency & self image & environmental competence in psychological profile, 49–64 yr old newly admitted nursing home residents, 1785
involvement in admission process, social workers employed in nursing homes, 4084
job satisfaction, nursing home administrators, 13439
locus of control, adjustment to long term care, aged nursing home residents, 4072
low vs high dose chlorpromazine vs doctor's choice vs placebo & nursing home vs family care home vs supervised co-operative apartment, psychosocial adjustment, chronic schizophrenics, 12-yr followup, 3789
moving to nursing home, perceived control & well-being & mortality, 65–97 yr old nursing home residents, 4074
perception of priorities for behavioral interventions with nursing home residents, nurses & aides, 11117
planning & techniques for health education in dense residential settings, health behaviors, aged, 1811
preference for ethnic homogeneity & programming, Japanese American vs Black nursing home patients & their families, 10989
preservation of sexual identity & rechanneling of sexual energy via social activity, nursing home patients, 8715
prompting & contingent social approval/disapproval, incontinence, 48–92 yr old nursing home residents, 13378
reality orientation, confused & disoriented nursing home patients, 13238
relaxation training combined with music, tension headaches, 89 yr old nursing home patient, 1802
reliability of Behavioral Anchored Rating Scales, measurement of job performance, nursing home nurses & aides, 11714
resident council movement, nursing homes, role of social work, 10965
role of social worker, frail elderly in nursing home & home care settings, 10981
social group work, disoriented elderly nursing home residents, 6382
sociocultural factors, long term care delivery, minority aged, 11009
stage in movement from independent to medically determined existence, conflict with nursing home staff, old-age nursing home residents, 4080

Nursing Students
adaptation of presentation context to student's background, meaningful learning & motivation, preservice teachers & nursing students, 13610
attitudes toward nurse-patient relationship, nursing students, 8926
development of self concept, nursing students, 6500
expectations & attitudes regarding treatment of alcohol-related problems, graduate students in nursing & medicine & counseling & social work, 11146
microcounseling, interpersonal skills for therapeutic effectiveness, student psychiatric nurses, 1951
professional autonomy, senior nursing students from hospital diploma vs associate degree vs baccalaureate degree programs, 1933
rational stage-directed hypnotherapy vs cognitive behavior approach vs hypnosis vs placebo, modification of irrational ideas & test anxiety, 16–21 yr old female nursing students, 8589
religiosity, female nurse trainees vs BTC vs intermediate trainees, 4159
social isolation from political information, male vs female nursing students, 8858
values, nursing vs business training college students, 13429

Nurturance [See Animal Maternal Behavior, Parent Child Relations]

Nutrition
behavior modification vs nutrition education, changes in percentage overweight, children vs their parents, reanalysis of study by present authors et al, 3913
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
exposure to lead & nutritional inadequacy, learning & behavior disorders, children, 10514
feeding process & nutritional needs, handicapped infants & preschoolers, 10325
individual vs group nutritional & social skills training, kindergarten students, 2046
methodological considerations, study of diet & behavior, children, 9241
nutrition & nutritional deficiencies, criminal behavior, 12946
nutritional assessment, handicapped preschoolers, 10316
nutritional intakes, socioculturally mentally retarded with mean age of 8.2 yrs vs nonretarded children of low & average SES, 12984
TV commercials, eating habits, children, 5308
validity, tests measuring nutritional information level, 4th graders, 9093
vitamin levels & alcohol intake, cognitive performance during detoxification, 34–66 yr old male alcoholics, 11047

Nutritional Deficiencies [See Also Protein Deficiency Disorders, Vitamin Deficiency Disorders, Wernickes Syndrome]
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
inpatient treatment, severe undernutrition, psychomotor performance & developmental quotient, infants, 160-day followup, 6416
malnutrition & environmental enrichment, brain biochemistry & adult behavior, infant rats, 9718
malnutrition & subsequent nutritional rehabilitation, quiet sleep, 6 wk–14 mo olds, 6093
marginally vs severely zinc deficient diets in utero & during neonatal period, brain development & passive avoidance learning, mice, 12184
nutrition & nutritional deficiencies, criminal behavior, 12946
nutritional assessment, handicapped preschoolers, 10316
nutritional status, psychopathology, 40 yr old schizoid male, 12860
perinatal malnutrition, ambulation & rearing & defecation & corticosterone response to novel stimuli, adult rats, 5168
pre- & postnatal malnutrition, body weight & sexual development & behavior & blood sugar levels, rats, 2930
preweanling severe zinc deficiency &/vs undernutrition, memory maze learning deficits, adult rats, 12186
severe malnutrition, development, children under 3 yrs of age, East Africa, 1349
sodium deficiency, intake of mixture of sodium chloride & sucrose vs sucrose alone, adenalectomized male rats, 12195
undernourishment during prenatal period & lactation, postweaning food & water intake, rats, 7489
undernutrition, hoarding behavior & defense of body weight, lactationally vs gestationally undernourished vs undernourished after weaning vs normally nourished male rats, 2784
zinc deficiency, chronic alcoholics, literature review, 10484

Nymphomania [See Hypersexuality]

Nystagmus
body rotation & oscillation with triangular waveform, efferent inhibition of nystagmus, otoneurological patients & normal Ss, 2571
brain catecholamine depletion, suppression of visual adaptation of vestibulo ocular reflex, cats, 7498
cellular responses from basal optic neuropil, newts, implications for control of optomotor reaction, 12110
development & adaptive plasticity of vestibulo ocular reflex, chickens, 487
exposure to styrene, rotatory & optokinetic nystagmus & visual suppression & saccades, healthy Ss, 3064
harmaline, cerebellar control of vestibulo-ocular reflex, baboons, 7588
hyporesponsive postrotary nystagmus & subnormal visual-motor control skill, emotionally disturbed behavior disordered 5.9–12.4 yr olds, 1275
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
mechanical inactivation of horizontal canal, horizontal vestibulooocular reflex & optokinetic following, monkeys, 7504
mesencephalic retinal terminal field lesions, horizontal optokinetic nystagmus, frogs, 9783
otolith & canal stimuli, nystagmus, pigeons with unilaterally sectioned saccular nerves, 604
smooth pursuit reflex & vestibulo-ocular reflex suppression, normal Ss vs patients with CNS diseases, 8282
vestibular functioning, 4–6.3 yr olds with nonparalytic strabismus, 1432
vestibular reflex & visual following mechanism, squirrel monkeys, 7464

vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
vestibular-based functions & behavior problems, normal vs learning disabled & emotionally disturbed 5–9 yr olds, 8083
visual fixation, vestibular reactivity & suppression of caloric nystagmus, 20–50 yr old schizophrenics & manic depressives, 8126

Obedience
empathy & role taking ability & type of prohibition rationale, resistance to temptation & deviance, 3rd graders, 3233
evaluations of aggressive vs assertive vs submissive behavior, 4th–6th graders, 10043
family size, introversion-extraversion, obedient vs disobedient students, 12487
generalized imitation paradigm & reinforcement, instruction-following behavior, mentally retarded 5 yr old, 8496
self image & tendency to dominate vs submit & aspirations, performance effectiveness, 17–26 yr old volleyball & handball & soccer players, 2198

Obesity
adipose tissue triglyceride uptake & lipoprotein lipase levels, fed vs fasting obese vs lean female Zucker rats, 2867
age & sex & race & weight, beliefs about causality & responsibility for obesity, nursery school children vs 1st vs 5th graders vs college students, 8307
behavior modification, obesity, literature review, 6201
behavior modification vs nutrition education, changes in percentage overweight, children vs their parents, reanalysis of study by present authors et al, 3913
behavioral weight loss program at worksite with structured vs nonspecific maintenance training, weight loss maintenance, 20–60 yr olds, 1561
behavioral weight loss program, maintenance of weight loss, 5-yr followup, 1580
benefits of & obstacles to & approaches for encouraging exercise, weight reduction, literature review, 6056
carbohydrate intake, hypoglycemia & appetite & hunger & obesity, humans & rats, literature review, 1364
cash deposits, attendance & weight loss, clients of fee-for-service obesity clinic, 13126
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
characteristics & treatment of obesity, children & adolescents, literature review, 13094
circadian photoperiods & sex differences, obesity caused by high fat diet vs decreased energy expenditure, golden hamsters, 5167
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635
deposit payment, efficacy of self directed minimal intervention weight control program, 16–54 yr old females, 6190
dextroamphetamine, ad lib food & water intake, genetically obese female rats, 9836
discrimination & intensity perception & perceived pleasantness of sucrose sweetness, overweight vs nonoverweight 24–53 yr old females, 1358
eating rate & meal time & caloric intake, obese vs nonobese moderately mentally retarded adults, 1286
efficacy of group vs individually administered standardized vs individualized behavioral obesity treatment with problem solving vs weigh-in maintenance strategy, obese 23–76 yr old females, 6227
etiology & assessment & treatment with protein-sparing modified fast & surgical bypass & behavior modification, obesity, 1484
factor analysis of Restraint Scale scores & relation to degree of self reported overweight, adults, 100
group vs individual contract & amount of monetary deposit returned contingent on weight loss, weight loss, overweight 35–57 yr old males, 1590
high vs low fat diet vs obesity, brown adipose tissue respiration rate, female rats, 2917
hyperlipemia & high blood pressure & diabetes & obesity, mental illness, females vs males, 12849
hypnosis scripts, weight control programs, 10892
liaison psychiatry & gastroenterology, irritable bowel syndrome & anorexia nervosa & obesity, 8366
locus of control & variable vs consistent food intake instructions in behavioral weight loss program, weight loss, 20–60 yr old obese females, 1592
locus of control, prediction of success in jaw-wiring program, obese females with mean age of 32.5 yrs, 13122
marital relations & sexual dysfunction & spouse emotional illness, patients with hypochondriasis vs chronic pain vs obesity vs myocardial infarction, 12760
methods for assessing obesity, mentally retarded with mean age of 31 yrs, 12956
milkshake preloading, ice cream consumption, female overweight vs normal-weight restrained vs unrestrained eaters, 6022
norms & reliability & construct validity of Restraint Scale, normal weight vs obese college students, 9370
obesity as culture-bound syndrome, 3751
obesity, soft drink flavor perception & preferences, 18–44 yr olds, 8291
oral content of Rorschach responses, obese females in weight reduction program, 6014
pain sensitivity, 20–67 yr old obese Ss, implications for endogenous opiate control of ingestive behaviors, 13052
panel discussion on obesity & weight control, family medicine center clients & staff from weight control programs, 8410
physical therapy & exercises, obesity & coordination & anxiety & dependency & lack of socialization, 15 yr old male with hysterical paralysis, differential diagnosis implications, 4105
recovery from dietary vs protamine zinc insulin induced obesity, food intake & plasma fat metabolites, male rats, 5149
scores on Rotter's Internal-External Locus of Control Scale & Mini-Mult MMPI, obese vs nonobese American Indians vs Whites with mean age of 29 yrs, 2456
self control weight reduction techniques, 6205
SES, obesity & nutritional knowledge & self perception, mothers & their 2–14 yr olds, implications for prevention, 10589
testosterone, sexual behavior, obese male rats at 7 vs 8 vs 9 vs 10 vs 11 vs 14 vs 16 wks of age, 706
ventromedial hypothalamic lesions, development of conditioned taste aversion, lean vs obese rats, 2981
weight change & dietary concern components of Restraint Scale, overweight adults, criticism of work of A. Drewnowski et al, 110
weight history & restraint factors in the Restraint Scale, reply to criticism of C. P. Herman & J. Polivy, 101
weight loss, postdexamethasone cortisol secretion, obese Ss, 1351
weight loss program, overweight mentally retarded preschool age children, 8510
weight reduction program, independence, obese 12–17 yr olds, 10678
weight reduction therapy, body percept, 18–65 yr old obese females who completed vs dropped out of treatment, 10664
6-hydroxydopamine & bilateral radiofrequency lesions of medial hypothalamus, blockade of hypothalamic obesity, female rats, 5151

Object Relations
developmental stages of internal object relations, etiology of sadomasochism, 8143
discussion of psychoanalyst M. Klein's work, fantasy as related to object relations & narcissism & concept of "positions" in development & "Narrative of a Child Analysis", 36
ego psychology & object relational theory, implications for politics, literature review, 1007
elements of self psychology vs ego psychology, psychoanalytic treatment of personality disorders, 13185
failure to form normal mother-infant symbiotic bond & pathological efforts to compensate, development of borderline & narcissistic personalities, 8160
function of pathological autistic objects, psychotic children, 12884
healing factors in all psychotherapies allowing development of secure attachment, 6128
implications of H. Kohut's concept of "self object" for development of therapeutic alliance, 1501
integration of psychodynamic & family systems theories & use of critical identity image, family therapy, 3882
limits & structure of aggressiveness & body image & process of symbolization, 12733
object relations development & process of group psychotherapy, severely disturbed children, 6185
object relations paradigm, protectiveness, borderline patients, psychotherapy implications, 3826
object relations theory & family dynamics, drug abuse, adolescents, 3625
object relations theory, mental consequences of dramatic good fortune, patients thrown out of synchrony with internal milieu by gratification of social relationships, 13136
pathological separation-individuation process in childhood, object constancy & relationship commitment, males & females, 8013

patient's relationship to time during psychotherapy session, demonstration of object relationships & transference, 12 yr old male & adult female patients, 1524
psychological measurement, ego functioning & object relations in borderline psychopathology, 4731
role of object loss & grief & mourning of father's death in onset of erotomania & psychosis, 34 yr old female, 8108
Rorschach measures of object relations & thought organization assessed at 6–11 yrs of age, prediction of adjustment & rehospitalization, former patients at child residential center, 17–30-yr follow-up, 4807
self object transference & concept & empathy in self psychology, psychoanalysis & psychotherapy, 8446
self psychology, psychoanalysis & psychotherapeutic process, comments on article by H. B. Levine, 8448
standard psychoanalytic techniques, capacity for establishing object relations & distortion of transference & resistance, psychoanalysis patients, 8447
test of object relations of H. Phillipson, psychodiagnosis of borderline patients, 5792
test-retest analysis, Rorschach Test, disturbed hospitalized adolescent female, implications for object relations theory, 10391
theory of multiple levels of ego states, analysis of object relations through psychological test data, 18–22 yr old schizophrenics, 8165
utility of Rorschach, assessment of object representation, 16–38 yr olds with different forms of psychopathology, 87

Objective Referenced Tests [See Criterion Referenced Tests]

Objectives [See Aspirations]

Objectives (Organizational) [See Organizational Objectives]

Objectivity
concepts of "understanding" & "objectivity" & "motives", ethnohistorical methodology, 5502
difficult discriminations under threat of shock, subjective & behavioral & psychophysiological reactions, decorated vs nondecorated bomb-disposal operators, 12210
discussion of W. R. Bion's theory of objective reality, 4639
objective & subjective experience & transference & illusion, stability of therapeutic frame, hospitalized borderline patients, 13383

Observation Methods
archival analysis of methodology of home-based observation studies, conduct disordered children, 9272
behavioral observation assessment of social competence & adjustment, lower income Black 3.8–4.8 yr olds, replication of work by M. Shure et al, 3250
behavioral recording system using portable data terminal, 11559
classroom applications of ethnographic observation methods, teachers, 9112
conceptual approaches & factors affecting reliability, social & behavioral science research data, literature review, 2371
current observation practices in applied behavioral analysis, 1614
development & implementation of training program for child pedestrian observation studies, interrater reliability, Os, 11628
development of leadership observation grid, clinical observation of nature & intensity of leadership functions & verbal & nonverbal behavior, 12626
direct observational methodology, recording system bias, literature review, 2370
functional behavior analysis, 13–17 yr old residents & 20–60 yr old staff of juvenile detention center, 13390
generalizability of observed classroom behavior samples, learning disabled elementary school students, 2121
home vs laboratory setting & sibling presence & task structure & day of week, mother-child interaction, mother-child pairs with mean child age of 4.9 yrs, 10157
independent observation & self monitoring, group comparison research design for use in clinical & educational settings, 9255
multivariate observational data & lack of independence between behaviors & group vs individual differences, methods of data analysis in social & behavioral research, 2541
notation systems, nonverbal behavior coding, literature review, 69
observation methods, assessment of child compliance during behavioral parent training, mothers & their 2.5–7 yr old children, 66
observation of trait vs behavior, relevance of various validity concepts in observational social & behavioral research, literature review, 2361
observational design, generalizability of motor performance ratings, raters, 9412
participant observation of preschool children, adults, 6986
participant observation strategy, evaluation of residential treatment program, alcoholic mothers & their children, 4672
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
reactivity of S, internal & external validity of observational research, literature review, 2369
selection & training & maintenance of observational performance in natural settings, social & behavioral research, Os, literature review, 2387
spatial zones of co-presence in face-to-face interaction, Ss observed in naturalistic settings, 12631
video interface for transmission of TV camera signals to minicomputer, behavioral recording of Ss' location, animals under observation, 11580
whole & partial interval & momentary time-sampling recording, between-method accuracy of observational data, college students, 54

Observational Learning
exposure to various environments & residents & workers, understanding of varied lifestyles & values & goals, teachers & students, 6643
peer vs adult & physically present vs videotaped model, observational learning of conservation, 6.2–7.9 yr olds, 12436
presence of conspecific, simultaneous & subsequent observational acquisition of bar press, male rats, 7245
temporal & spatial information conveyed by stimuli & conditioned reinforcement, observing behavior, pigeons, 9546

Observers
between assessor differences in overall ratings & validity of behavioral assessment, US Army recruiters, 13716
causal attributions of behavior, actors vs Os, literature review, 10275
development & implementation of training program for child pedestrian observation studies, interrater reliability, Os, 11628
intrinsic task motivation, 5.5–10 yr old rewarded actors vs Os, 7805
models of human O & controller & decision maker formulated according to linear estimation & control & decision theory, design & analysis of man machine systems, 13796
observation by friend vs stranger, felt embarrassment & attribution of responsibility, college students, 12671
observation of trait vs behavior, relevance of various validity concepts in observational social & behavioral research, literature review, 2361
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
selection & training & maintenance of observational performance in natural settings, social & behavioral research, Os, literature review, 2387
self serving bias & positivity bias, attributions, actors vs Os, 10279

Obsessions
behavior modification, obsessions & compulsions, 10 & 12 yr old females, 6203
behavioral & drug treatment & reality-oriented psychotherapy, obsessive compulsive use of laxatives & enemas & weight loss, 59 yr old female, 6052
clonidine, growth hormone response, 18–57 yr olds with obsessive compulsive disorder & elevated 3-methoxy-4-hydroxyphenylglycol & norepinephrine levels, 10429
cognitive restructuring, extinction of fear & avoidance, 20 yr old male with micturition anxiety & 21 yr old obsessive compulsive female, 6209
differential reinforcement of incompatible behavior & overcorrection, obsessive-compulsive behavior, educable mentally retarded 18–31 yr old males, 1598
habituation training vs thought-stopping, obsessions, 18–65 yr olds, 1594
personality & obsessional traits, Briquet's syndrome patients with mean age of 31.4 yrs & hysterical personality patients with mean age of 31.5 yrs, 10377
systematic comprehensive behavioral treatment, obsessional thoughts, adult patients, 2–4 yr followup, 13257

Obsessive Compulsive Neurosis
clomipramine, treatment of obsessive compulsive neurosis, 28 yr old male, 10834
cognitive behavioral therapy, compulsive handwashing, 13 yr old male, 6221

demographic characteristics & pretreatment level of depression & anxiety & reactivity & habituation, effectiveness of exposure & response prevention treatment, obsessive compulsives with mean age of 34 yrs, 1578
emergence of warded-off contents during psychoanalysis, neurotic female in late 20's with obsessive compulsive difficulties, 3832
in vivo exposure & response prevention, obsessive compulsive rituals & tics, 11 yr old female, 8547
multisymptomatic model of neuroses, obsessive compulsive & agoraphobic & socially inhibited & depressed patients, implications for diagnosis & behavior therapy, 12804
rationalization & paranoid anxiety, adult male with obsessive neurosis, 5821
reliability & validity of Willoughby Personality Schedule, assessment of social anxiety, normal Ss & outpatient simple & social phobics & agoraphobics & sexually disordered & obsessive compulsives, 153
response to MAO inhibitors, 22–59 yr old patients with severe obsessive compulsive disorder, 13283
self recording, reactivity & stimulus/response equivalence, middle aged male with obsessive compulsive neurosis, 1612
spouse participation, treatment of obsessive-compulsive behavior, 21–52 yr old patients, 13242
Obsessive Compulsive Personality
behavioral family treatment, obsessive compulsive 9 yr old, 13209
efficacy of clomipramine or imipramine, 23–65 yr olds with obsessive compulsive disorder, 6267
historical & observation of behavior & psychodynamic & structural levels in description, compulsive personality disorder, comments on article by D. H. Ingram, 8122
obsessive vs hysteric personality traits, field dependence, college students, 5660
psychoanalytic perspectives of K. Horney & distinctions between compulsive personality disorder & compulsive personality traits, 8123
reliability & validity of Dutch translation of EMBU, Swedish inventory for assessment of memories of parental rearing behavior, normal & phobic & obsessive-compulsive Ss, 11650
Obsessive Neurosis [See Obsessive Compulsive Neurosis]
Obstetrical Complications
history & psychological issues, cesarean section, 8619
history of perinatal complications, rightward headturning bias & duration of postural reflex & lateralization, 4–10 wk olds, implications for development of left-handedness, 7735
life events reported in 6th mo of pregnancy, obstetrical complications, 16–42 yr old females, 7484
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
Obstetricians
rating of expressions of certainty in medical diagnoses, obstetricians, 13308
Obstetrics
ability to obtain desired relevant information during encounters with obstetricians, lower vs middle vs upper class pregnant females, 10923
information on obstetrical analgesia & anesthesia, 8606
Obturator Nerve [See Spinal Nerves]
Occipital Lobe [See Also Visual Cortex]
corpus callosal & corticotectal & corticogeniculate visual projections, golden hamsters, 9673
extent of damage to central visual representation in striate & peristriate cortices, effects of serial lesions of occipital & temporal lobes on visual pattern discrimination, bushbabies, 12226
organization of projections between thalamic pulvinar & occipital visual area MT, macaques, 12123
tritiated imipramine binding in hippocampus & occipital cortex, depressed vs Alzheimer's disease patients with mean age of 78 yrs, 10412
Occultism
anthropology of magic & parapsychological research, literature review, 11519
beliefs & practices & adherents & social organization & meaning, modern occultism, participant-observational study of tarot readers, 946
concept of demonic possession & need for communication between client's physicians & religious leaders, schizophrenic clients considered possessed, 8117
cultural analysis, evil eye as synthetic image, Italy, 944
psychodynamics of spirit possession, 19–24 yr old Inuit males, Canada, 10139
psychophysiological & psychosomatic interpretation of voodoo illness & death, 10133
Occupation (Parental) [See Parental Occupation]
Occupational Adjustment
Bem Sex Role Inventory Masculinity & Femininity Scales, assessment of relation to personality & vocational adjustment, psychiatric patients with mean age of 39.3 yrs, 9390
components of quality of work life, 4509
coping strategies, new hires vs job changers in consumer products corporation, 9165
life adjustment & deterioration in functioning, bulimic females, 10602
problems encountered in 1st yr of teaching, early childhood teachers, 1977
shift work schedules, physical & psychological health & job shift satisfaction & preference & turnover intentions, 25–34 yr old plant operators, 9178
value orientations & observance of social norms & other psychological factors, social & working adaptation, patients with slow-progressing schizophrenia, 10352
Occupational Aspirations
academic achievement & self evaluation & parents' SES, educational & professional aspirations, 11–18 yr olds, Poland, 10091
academic motivation & occupational aspiration, adolescents, Nigeria, 10075
age & sex, gender-typed occupational aspirations, low income female elementary & high school students, counseling & education implications, 7792
athletic career expectations, Black & White male high school athletes, implications for career counseling, 11244
characteristics of life roles of worker & student & homemaker, 20–22 yr olds, 7811
demographic trends & sources of financial aid & employment & study plans, doctoral recipients in psychology vs physical sciences vs engineering vs life vs social sciences vs humanities vs education, 4202
denominational discrimination against women, occupational expectations & attitudes toward careers for married women, college students, 12604
educational & social & psychological correlates, vocational maturity, 9th–12th graders, 7793
efficacy of career/life planning program, program participants, followup study, 2208
familial attributes & educational attainment & occupational aspirations & personality adjustment & migration status, occupational attainment, males surveyed at 24 yrs previously while high school sophomores, 11407
family construction & SES & academic career & achievement & educational & occupational expectations & type & frequency of misbehavior, juvenile delinquents, 3608
individualized education &/vs psychological treatment, emotional stability & intellectual ability & academic achievement & vocational aspirations & personal contentment, underachieving emotionally disturbed 8–16 yr olds in therapeutic community, 11004
matching corporate culture & employee career goals, 2213
motivation for job advancement & individual future perspective, 15–21 yr old worker trainees, 4466
new conception of educational system, pedagogical & psychological & sociological aspects of student placement in secondary schools, Czechoslovakia, 9113
occupational aspirations & expectations & work attitudes, employed vs unemployed Mexican Americans with mean age of 25.2 yrs, 9120
occupational planning & attitudes toward religion & peer relations & experience & resolution of crises in beliefs & values, relationship between identity status & academic achievement, female 12th graders, 5437
professional orientation & attitudes toward & participation in continuing education, registered nurses, 6523
religion & caste & sex & social class, educational aspirations, college students, India, 2088
representativeness of W. H. Sewell et al's Wisconsin sample & K. L. Alexander et al's Explorations in Equal Opportunity sample & academic aptitude & aspiration measures, prediction of success & income, adolescents, followup study, 10057
revision of W. H. Sewell's Wisconsin model with identification of response error corrections, effect of social influences & aspirations on educational & occupational attainment, adolescents, followup study, 10054
sex, career values & aspirations, adult Blacks vs Whites vs Puerto Ricans, 2204

sex composition &/vs short vs long-term work goals &/vs certainty, differentiation of work orientation patterns, male vs female college students, 9122
sex differences & education & need for dominance & personal growth, career aspirations, Ss with mean age of 17.6 yrs entering stratified occupational system in banks, 9132
sex differences, career plans, graduates in male- vs female-dominated professional training, 9128
sex differences, occupational aspirations & expectations & choice, high school seniors, Australia, 7774
socioeconomic class of origin vs projected destination, sociopolitical attitudes, 12th graders, 10051
socioprofessional origin & selection of self representation & sex, vision of personal future & school training, junior high vs high school students, 9020
status of career aspirations & strength of career orientation, 12th graders, 12467
voluntary school desegregation, career aspirations & planning & progression, high school graduates, 11349

Occupational Attitudes

attitudes on becoming psychiatrists & interpersonal relationships & values regarding medical training & board certification, 3rd-yr psychiatric residents, 11140
attitudes toward job components, sources of satisfaction, university physician faculty, 6516
attitudes toward psychiatry, physicians & medical students, implications for patient referral & choice of psychiatry as career, 1949
attitudes toward their occupation, 20–33 yr old prison guards, 9131
career development discussion seminars with females working in nontraditional fields, female college students, 2042
career related attitudes & values, 24–35 yr olds identified as gifted in high school, 4468
discontent in personal & work situations, male vs female lawyers vs legal secretaries, 13709
educational level & sex differences, attitudes toward male nurses, 13–85 yr olds, 7797
employment commitment & employment vs unemployment, psychological distress, 16 yr old school dropouts, 3 yr longitudinal study, England, 12478
expected utility of present vs alternate civilian role & behavioral intention to complete enlistment & to reenlist, prediction of turnover, US Marine Corps enlistees, 4-yr longitudinal study, 13783
job perceptions, supervisors, implications for supervisor training, 4492
task perception & managerial effectiveness, civil service managers, 11376
transition from employment into self employment in business, 6826
vocational interests & attitudes, deaf vs normal hearing 16–19 yr olds, vocational education implications, 1355

Occupational Choice

anxiety, career decision making, liberal arts college students, 8939
attitudes & occupations, former student activists, 12713
attitudes toward psychiatry & desires for mental health services, medical students with psychiatry as 1st vs 2nd vs 3rd career choice, 6534
attitudes toward psychiatry, physicians & medical students, implications for patient referral & choice of psychiatry as career, 1949
career choice & preparation & execution of crime & consequences, armed robbers, 8215
career counseling research, critique of S. H. Osipow's article, 9124
career decision & preparation, industrial counseling psychologist, 4168
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
construct validity of factors, Career Decision Scale, college bound high school seniors, 11298
course outcome expectancies assessed by E. E. Lawler's theory vs global ratings, prediction of attitudes toward educational & vocational choices & career exploration behavior, college students in career development course, 6716
direct & indirect effects of education & occupational choice, health & health habits, employed persons aged 16 yrs & older, 10293
expressed vocational choice & career development measures, prediction of occupational choice, high school students, 7807
goal hierarchy as decision aid, information seeking & processing efficiency in choosing apprenticeship, high school students, 4259
helping behavior & reasons for career choice, police officers, 9119
homemaking as career choice, Black vs White female high school graduates of 1972, longitudinal analysis, 4465
implicit vs explicit importance of career values in career decision making, 12th graders, 5423
intensity & conflict & evaluative accord in career decision schemes, 12th graders, 12468
measured vs own vs parents' expressed occupational interests at age 13, prediction of occupational entry, 18 yr olds, UK, 4464
model of sex role socialization & career choice process, females, 2206
opportunity structure at time of 1st job, occupational choice, middle aged males considering mid-career change, implications for career guidance, 9121
paradoxical interventions, vocational decision making, indecisive 20 yr old male college student with overly involved father, 4417
perceived support & encouragement from significant others, choice of male- vs female-traditional vocational course, female high school & vocational & community college students, 13711
perception of rewards & costs & reward-cost balancing, female coal miners, 12597
predictive validity of Career Decision Scale, high school seniors, 13680
research in career counseling, literature review, 9126
SES & achievement in labor market orientation training program, job choice, high school students, 2176
SES background & reasons for involvement in prostitution, 16–22 yr old female prostitutes, India, 10496
sex differences, occupational aspirations & expectations & choice, high school seniors, Australia, 7774
sex differences, persistence & alternative occupational choice & long-term academic achievement, unsuccessful applicants to medical school, Israel, 11118
sex roles, career choice, 20–32 yr old female elementary education majors, 12611
student leadership experience, subsequent personal & occupational choices, former student leaders, 6713
vocationally mature coping strategies, college major & vocational decision making, college students, 11246

Occupational Guidance

athletic career expectations, Black & White male high school athletes, implications for career counseling, 11244
attitudes toward counseling & counselors & level of career indecision & locus of control, college students with vocational problems who did vs did not seek counseling, 6813
behavioral incentive systems with vs without back-up contingencies & feedback, points earned for job seeking behavior, 20–48 yr olds in job search program, 11354
career & life planning workshop focusing on self assessment, college students, 2142
career counseling guidelines, Ss who lose jobs due to corporate bankruptcy, 11352
career counseling research, criticism of S. H. Osipow's article, 9125
career development & counseling programs, surveyed organizations, US, 2205
career development discussion seminars with females working in nontraditional fields, female college students, 2042
career development process, 2209
career developmental stage model of vocational maturity & work salience & personality, career counseling & decision making, 11th grade females, 11330
career education & vocational guidance, gifted elementary & secondary school students, 2106
communication skills training for computer assisted career counseling, student peer counselors, 2151
Computer Assisted Library Index, organization of career information in library, 2184
counselor expertness & attractiveness & client's initial level of resistance, attitudes toward & change in resistance & opposition to content of career counseling, high school sophomores & college students, 11307
decision making roles as basis for group discussion, college students in career planning groups & workshops, 11291
Decisions and Outcomes program, career maturity, 11th graders, 13578
demographic characteristics & practices & criteria for evaluation & client characteristics, office managers & counseling supervisors & counselors & placement interviewers with US Employment Service, 2207
development of guidance & counseling, Republic of Ireland, 6375
development of organizational mentoring program, 2210
development of survey to study mentoring, frequency & benefits & relationship to job satisfaction & burnout & future mentorship, teachers vs police officers vs nurses, 4235

developmental perspective, career counseling in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4141
educational & counseling needs & vocational integration, blind persons, Switzerland, 1835
efficacy of career/life planning program, program participants, followup study, 2208
efficacy of university-based telephone career counseling program, 6799
employment status & job/career options & barriers & recommendations for service systems, disabled females, 1864
evaluation of executive outplacement services, 6847
evaluation of library-maintained "Occ-U-Sort Kit" as career guidance tool, 25–34 yr old users, 11351
evaluation of methods for formulation of occupational outlook for projections & limitations for career counseling & academic planning, 2039
evaluation of 12-wk career counseling program, 22–55 yr old single mothers, 13712
existence & effectiveness of personal & career counseling services within industry, literature review, 1763
feedback behavior model of W. T. Powers, employment counseling implications, 2214
happiness with life, satisfaction with job counseling services, job applicants, 2211
historical & recent developments in career counseling, children & adolescents & college students, England, 6765
impact of advances in communication & computer technologies on society, implications for career guidance, 4462
inservice career guidance experiences, educators who work with handicapped vs disadvantaged vs special need learners, 6576
inservice training project with emphasis on new & nontraditional occupations, vocational counselors, 11176
issues in mid-life career counseling, 2212
legislation & helping programs, economics & lack of work experience & role change & stress, displaced homemakers, 12542
life orientation & academic major, work & leisure orientation, 17–44 yr old college students, implications for college counselors, 11251
mentorship & mentor-protege relationships, career development, males & females, literature review, 11350
need for adequate vocational orientation program, high school students, 11306
occupational card sort vs Self Directed Search as career guidance instruments, 8th & 10th graders, 11305
opportunity structure at time of 1st job, occupational choice, middle aged males considering mid-career change, implications for career guidance, 9121
organization & conducting of career planning conference for women, 13710
overview of existing systems & potential benefits & problems & implications, computer-assisted career guidance testing & assessment, 9278
paradoxical interventions, vocational decision making, indecisive 20 yr old male college student with overly involved father, 4417
principles for development & application of inventory of vocational interests, 2163
problem solving appraisal, satisfaction with & use of career planning services & vocational identity, college students, 11300
reliability & factorial validity of Self-Assessment Questionnaire, identification of potential occupations, liberal arts majors, 11334
role of school counselor & need for career counseling, Puerto Rican youth, US, 6790
SES & achievement in labor market orientation training program, job choice, high school students, 2176
social change & value conflicts, emotional distress, 24–29 yr olds, implications for career & psychotherapeutic counseling, 6402
structure of intellect model of J. P. Guilford, description of & means & ranges for scores on 24 subtests of Structure of Intellect Test & applications in vocational guidance, 11699
Structure of Intellect test, assessment of abilities based on J. P. Guilford's conceptualizations of intelligence & prescriptions of remedial exercises & academic & vocational guidance, 11712
vocational interests & attitudes, deaf vs normal hearing 16–19 yr olds, vocational education implications, 1355
workshop on interviewing skills & equal opportunity laws, compliance with inappropriate interviewer requests, college students, 6804

Occupational Interest Measures

applications of Vocational Interest Career Examination, 80
construct validity of career interest inventory emphasizing job activities & based on A. Roe's occupational classifications, college freshmen, 4413
construct validity of career maturity model of J. O. Crites as measured by Career Maturity Inventory Attitude Scale & Competence Test, 9th–12th graders, 4382
construct validity of COPSystem Interest Inventory scales based on Vocational Preference Inventory, occupational interest assessment, college students, 11316
construction of Career Exploration Survey, college & graduate students, 4433
Hand Test performance, differentiation of vocational types measured by Vocational Preference Inventory, female college students, 2477
measured vs own vs parents' expressed occupational interests at age 13, prediction of occupational entry, 18 yr olds, UK, 4464
occupational card sort vs Self Directed Search as career guidance instruments, 8th & 10th graders, 11305
occupational themes on Strong Campbell Interest Inventory, college students who had vs had not received personal counseling during their freshman yr, 6812
perception of work in overall life pattern as additional outcome criterion in occupational interest inventories, 4470
reliability & factorial validity of Self-Assessment Questionnaire, identification of potential occupations, liberal arts majors, 11334
scores on Vocational Preference Inventory & Self-Directed Search, Black vs White noncollege-degreed women employed in traditional female jobs, test of J. L. Holland's theory, 4471
sex composition &/vs short vs long-term work goals &/vs certainty, differentiation of work orientation patterns, male vs female college students, 9122

Occupational Interests

learning & social activities & morality & vocational maturity & interests, 8th–10th graders, USSR, 9029
measured vs own vs parents' expressed occupational interests at age 13, prediction of occupational entry, 18 yr olds, UK, 4464
occupational themes on Strong Campbell Interest Inventory, college students who had vs had not received personal counseling during their freshman yr, 6812
personality & demographic & career background characteristics, interest in management roles, nurses in master's degree program, 8867
principles for development & application of inventory of vocational interests, 2163
sex composition &/vs short vs long-term work goals &/vs certainty, differentiation of work orientation patterns, male vs female college students, 9122
vocational interests & attitudes, deaf vs normal hearing 16–19 yr olds, vocational education implications, 1355

Occupational Mobility

age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
being traded to same vs other league team during vs between seasons, batting performance, major league baseball players, 13724
career development & mobility, managers, 4523
coping strategies, new hires vs job changers in consumer products corporation, 9165
developmental perspective, career counseling in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4141
ethical responsibility to employees & employment security during reassignment, public employers, 11416
job satisfaction & expectation of job alternatives, job & organizational turnover, retail sales employees with mean age of 31.7 yrs, 13764
lack of employment stability, school dropouts, Scotland, 9127
reformulation of algebraic utility model, employee flows as factor in utility analysis of human resource productivity improvement program, 11731
risk taking, upward career mobility, 6839
social class & educational & occupational mobility, schizophrenic Ss, Netherlands, 10442
time dependent Poisson model, application to deviant behavior & occupational mobility, 9404
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158

Occupational Neurosis

application of K. Horney's theory to neurosis formation as defense against classroom anxiety, college teachers, 8953

Occupational Preference
expectancy vs self efficacy models of occupational preferences, male vs female college students, 4472
extraversion & neuroticism, job preferences & satisfaction, 18–64 yr old Civil Service employees, 11442
nontraditional vocational role models & curriculum, vocational role preferences, kindergartners, 12505
perceptual mapping techniques & external preference analysis, assessment of career preferences, business students, 11622
personality-environment congruence & differentiation of interests, job satisfaction, teachers, 13541
Occupational Safety
critique of international standard for response to whole body vibration, implications for operator health & performance & comfort, 4561
programed instruction in mountain hiking safety, safety-related behavioral intentions & influence of social environment, military cadets, 2228
socio-psychological factors in labor safety & labor related accidents, geological prospecting, 13702
weariness & visual fatigue & potential risks, video display terminal operators, 2270
Occupational Status
bestowal of earned vs unearned high-status job title, performance, college student workers, 6837
birth cohort & occupational status & reference cohort, social psychological factors, 39–64 yr old professional vs blue collar workers, 12366
conflict between educational requirements & devaluation of status, scientists, 6505
correlation between occupational & other measures of social class & health characteristics, community residents, Israel, 39
employment commitment & employment vs unemployment, psychological distress, 16 yr old school dropouts, 3 yr longitudinal study, England, 12478
familial attributes & educational attainment & occupational aspirations & personality adjustment & migration status, occupational attainment, males surveyed at 24 yrs previously while high school sophomores, 11407
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
hierarchical level, flextime effects on productivity & satisfaction, employees of high technology organization, 4547
imitator's status, affective response to sexual harassment, 23–51 yr old female flight attendants, 6865
job type & level within occupational hierarchy, comparability of job evaluation & rating methods, 11439
occupational attainment of spouse, marital dissolution &/vs career moves, 30–44 yr old wives, 7891
occupational level & sex differences, job satisfaction, full-time employees, 9177
occupational skill & task characteristics, cognitive & noncognitive dimensions of occupational differentiation, 11433
occupational status & job involvement, job anxiety, supervisors & blue collar employees, 13777
percentage of females employed in high-status profession, rated prestige & desirability of profession, college students, replication of J. C. Touhey's findings, 4463
permanent part-time work, future job status & wages, 14–24 yr olds, longitudinal study, 10078
personality correlates based on J. Holland's typology, occupational status, employed males with mean age of 40.4 yrs, 9172
public attitudes toward special education teachers, 17–84 yr olds, West Germany, 4233
representatives' power within own organization, outcome of negotiations, college students, implications for labor management bargaining, 3387
self monitoring of nonverbal & expressive behavior & degree of interpersonal involvement & type of job, blood pressure, Black vs White blue collar vs clerical vs professional municipal employees, 5142
SES & educational background & occupational status, prediction of distress, survey respondents, 3267
sex role & age & type of employment & amount of work experience, earning power, females, 12599
social organization framework, analysis of problems & prospects for advancement in hierarchical work organizations, females, literature review, 2262
status & self direction & increased bureaucratization, work dissatisfaction & alienation, nonfactory & nonoffice workers, 4555
survey of current status of Black female police officers, 3338
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158
Occupational Stress
age & education & yrs in position & teaching & practice, role orientation & role strain, nurse faculty in baccalaureate programs, 1935
androgyny & dual career relationship, personal & work & relationship satisfaction & stress, assistant professors with mean age of 35 yrs, 12605
attitudes toward teaching & self image & career plans & burnout symptoms, regular vs special education teachers, 13510
behavioral characteristics of jobs, prediction of job stress, 6872
biological & psychological & occupational characteristics, cortisol & growth hormone secretion, male air traffic controllers, 529
burnout syndrome & coping strategies, counterproductive behavior & job dissatisfaction & drug & alcohol use & job search & illness rates, 26–86 yr old geriatric counselors & service workers, 8898
burnout syndrome, health care professionals, 8872
calculation & interference test apparatus, simulation of workloads high on mental & low on physical components, 6968
cognitively complex occupation, office furniture arrangement & spatial & working behavior, social scientists, 13774
competing pressures on role, inner city school principals, 4251
conceptual model of occupational stress, teachers, 4255
coping strategies, dealing with death & dying, paramedics & emergency medical technicians, 4180
coping with stress, family day care workers, 1910
correlates of occupational stress, teachers of mentally retarded & nonretarded handicapped students, 4236
counseling, burnout, employees, 4051
court ruling, circumstances under which workers in Oregon may receive worker compensation for mental disorder, 5555
definition of burnout construct & validity & reliability of Emener-Luck Burnout Scale, rehabilitation personnel, 9326
demographic variables, degree of burnout, teachers of moderately vs mildly retarded vs nonretarded students, 8938
development of survey to study mentoring, frequency & benefits & relationship to job satisfaction & burnout & future mentorship, teachers vs police officers vs nurses, 4235
emotional impact of teaching disturbed adolescents, teachers, 13512
etiology & diagnosis & prevention, burnout, ministers & other committed persons, 12515
family activities as go-between in job stress vs ill health, 10148
impact on therapists & preventive & therapeutic approaches, difficult patients, 13125
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job demands & interpersonal supports & constraints, psychological strain, schoolteachers, 4250
job rewards & costs & investment & alternatives, job satisfaction & commitment & turnover, nurses vs junior accountants with mean age of 24 yrs, 12-mo longitudinal test of investment model, 13773
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
labor vs management pressure, role conflict, company doctors, 4208
leadership & structure initiation & participation & feedback behavior of supervisors, role stress & job satisfaction, industrial salespersons, 2267
level of social evaluation trait anxiety, change in anxiety between stress & nonstress conditions, high school students & middle management executives, 12474
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
occupational demands, family functioning, police families, 2263
occupational demands, wives' satisfaction & well-being, male 30–60 yr old senior administrators of probation/parole/aftercare services, 6857
occupational status & job involvement, job anxiety, supervisors & blue collar employees, 13777
occupational strain & pleasure, male vs female full- vs part-time employees, Great Britain, 6874
occupational stress causes & manifestations, special education teachers, 6558
occupational stress, dentists, 8869
occupational stress factors, resource program teachers of learning disabled students, 11181

organizational climate & occupational stress as reasons for 1981 strike, unionized air traffic controllers, 4526
organizational variables, job stress-induced anxiety, manager trainees, India, 11378
perceived burnout & school leadership style & perceptions of self & job & clients, school counselors, 8943
physiological & psychological stress states, causes & coping behavior, elementary school teachers, 1972
problems & guidelines for research on stress factors, correctional officers, 11032
rate of adaptation & social-emotional issues in teaching, burnout, teachers, 1988
reciprocal effects of job tension & satisfaction, nurses, 5 mo longitudinal study, 13433
rigid vs flexible work schedule & marital status & parenthood, job satisfaction & strain reactions & absenteeism, females, 11424
role conflict & ambiguity as job stressors & social support, job outcomes, federal government employees, 9175
role conflict & ambiguity, job satisfaction & job-related tension & propensity to leave, 27–70 yr old secondary school counselors, 13538
role conflict, job commitment & work alienation & job satisfaction & tension, supervisory & administrative personnel, 2250
role conflicts & school pressures, coaching, high school physical education teachers, Canada, 6563
self monitoring of nonverbal & expressive behavior & degree of interpersonal involvement & type of job, blood pressure, Black vs White blue collar vs clerical vs professional municipal employees, 5142
social support & feedback intervention, understanding & management of stress, elementary school teachers, 1973
stress & coping responses & professional role, group home & halfway-house parents, 13478
stress & health status evaluation & cost effectiveness of wellness screening, police officers, 1713
student & administration/colleague factors, stress, teachers, 13537
theoretical model providing framework for research & practical action on problem of burnout & commitment, 4540
work environment & occupational stress, elementary school teachers, Scandinavia, 13526
work stress & neuroticism, ectopic beats, ships' pilots, 8285

Occupational Success
affective & cognitive characteristics, successful mainstreaming teachers, 13665
concurrent validity of Self Description Inventory scores vs supervisor's ratings, success, managers, 13737
fatherhood, educational & vocational achievement & marital relationship & parenting, 15–19 yr old fathers, 5527
leadership style & organizational climate, career success, mid-level executives, 11372
postgraduate management training, job success, male managers with Master in Business Administration degrees, 4512
promotion & tenure & career paths, male vs female assistant professors in psychology, 4149
risk taking, upward career mobility, 6839
science citation analysis, administrative accountability for salary variance, university science faculty, implications for study of scientific eminence, 11169
voluntary school desegregation, career aspirations & planning & progression, high school graduates, 11349

Occupational Success Prediction
assessment center predictions & career progress 7 yrs later, female middle level managers, longitudinal study, 6852
college grades & subsequent vocational achievement & acceptance of responsibility & intellectual development, college graduates, 9345
discussion of C. Jencks et al's criticisms of W. H. Sewell et al's Wisconsin model of occupational & educational status attainment, measurement error & evaluation of goodness of fit, literature review, 10040
model, prediction of effectiveness as research leader, 26–60 yr olds, 2236
occupational requirements & proposed classification system based on sociopsychological personality traits, project & research institute engineers, USSR, 13718
personality traits, job performance, salespeople, 13731
representativeness of W. H. Sewell et al's Wisconsin sample & K. L. Alexander et al's Explorations in Equal Opportunity sample & academic aptitude & aspiration measures, prediction of success & income, adolescents, followup study, 10057
revision of W. H. Sewell's Wisconsin model with identification of response error corrections, effect of social influences & aspirations on educational & occupational attainment, adolescents, followup study, 10054
scientific facts & figures &/vs purpose & social interactions & human values, officer selection procedures, military psychologists, 9136

Occupational Tenure
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
job modification, employment continuation to older age, blue collar workers & managers, 4552
organizational career line variables, turnover & intent to remain with organization, bank employees, 4551
pay satisfaction & expectation & age & tenure & general satisfaction, withdrawal cognitions & turnover, sales representatives, 13771
posttenure productivity, faculty in doctoral-granting departments of psychology, comment on article by C. A. Bridgewater et al, 11098
recruitment source, employee performance & attendance & tenure, packaging plant workers, 11364

Occupational Therapists
clinical reasoning of occupational therapists during patient assessment, evaluation of study by J. C. Rogers & G. Masagatani, implications for training programs, 8919
detection & treatment by physical & occupational therapists, abuse/neglect of elderly, 13128
model, clinical reasoning during assessment of physically disabled, occupational therapists, 1857
role & function in treatment of sensory integrative dysfunction, occupational therapists, 6458
structure & operation & model of workshop series, improvement of teaching approaches, staff working with profoundly handicapped children, 11101

Occupational Therapy
activity of mind & body in occupational therapy, 1843
creative work therapy, unconscious intrapsychic disorders & self concept & communication skills, neurotic patients, 6080
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
development of quality assurance in health care & application to occupational therapy, 8621
environments as integral part of rehabilitation program, older clients of physical & occupational therapists, 13406
financial need & daily living activity level & occupational therapy, return to work, 18–65 yr olds with hand injuries, 11024
hierarchical framework for occupational therapy, mentally disordered patients, 1830
history & current trends in behavior therapy, psychiatric occupational therapy, literature review, 13261
learning style, academic & clinical course work, 21–27 yr old senior occupational therapy students, 8850
nature & structure & function of theory in occupational therapy, 1868
need for research to identify factors in motivation & participation in occupational therapy, physically handicapped, comments on G. Kielhofner & C. Nelson's health belief model, 8769
neuropathophysiologic etiology & educational programs & evaluation procedures & implications for occupational therapy, autism, literature review, 8102
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
occupational therapy based on sports & Atelier's therapy, psychomotor inhibitions, 1831
occupational therapy curriculum with Level I fieldwork, anxiety toward Level II fieldwork, occupational therapy students, 8864
occupational therapy, hand dysfunction, implications for therapist education on psychological & physiological correlates of severe hand dysfunction, 11025
occupational therapy, sensory integrative dysfunction, paper submitted by American Occupational Therapy Association, 6457
philosophical aspects of functional independence & occupational therapy, 1856
reprint of 1921 article by A. Meyer on role of work in treatment of psychiatric patients, 13408
role in treatment of alcoholism, occupational therapists, 8794
stages of human development according to E. H. Erikson, clinical application of occupational therapy skills, 13412
step-by-step process for planning & development & validation, occupational therapy instrument, 4730

transitional employment, vocational & psychosocial rehabilitation, chronically mentally ill, 13397
use of "induced" life review in occupational therapy, 81 yr old disabled veteran, 13402
usefulness & validity & reliability of Illinois Test of Psycholinguistic Abilities in occupational & physical therapy, 7010
work rehabilitation model, placement as volunteers in community agencies, mental health clients, 4033
Occupations [See Also Related Terms]
action-lifestyle model of vocational behavior, 13713
construct validity of factor structure of Occupation Analysis Inventory, derivations of human work dimensions, 4738
design of career sensitive human resource system, 13706
employment status & job/career options & barriers & recommendations for service systems, disabled females, 1864
frequency of occupational history taking in family practice center, 8605
husband's occupation, mortality rates, males & their wives, implications for transmission of occupational risks through marital relationship, 963
inservice training project with emphasis on new & nontraditional occupations, vocational counselors, 11176
need for achievement & job features, work satisfaction & motivation, employees, test of validity of model of J. R. Hackman & G. R. Oldham, 9170
occupation & decision by self vs other to attend courses, adaption-innovation scores, engineering instructors & apprentices vs research & development personnel, 6825
occupational skill & task characteristics, cognitive & noncognitive dimensions of occupational differentiation, 11433
occupational taxonomy, professional characteristics, 9117
occupations, college graduates with psychology major, 13715
percentage of females employed in high-status profession, rated prestige & desirability of profession, college students, replication of J. C. Touhey's findings, 4463
personality traits & career similarities, 33–44 yr old officers who left army for business management careers, 9155
physical factors & entrapment, occupational neuropathies, 5993
procedure for using occupational labor market information in rehabilitation counseling, 1862
process vs content aspects of employee turnover research, expansion & test of T. N. Martain's causal content model, medical laboratory employees, literature review, 13780
relevance of psychological services & knowledge to future & nontraditional areas, psychologists, 4128
self esteem & work, employment policy implications, 1005
self estimated & actual knowledge of gender traditional & nontraditional occupations, male & female college students, 9133
sex & age & occupation, seasonal variations in suicides, Finland, 1259
sex & physical attractiveness & sex role orientation of stimulus applicant, evaluation of suitability for masculine vs feminine vs sex-neutral occupations, 23–58 yr old personnel consultants, 11360
sex differences, career plans, graduates in male- vs female-dominated professional training, 9128
type of employment & length of search for current job & job search method & reason for choice of major, job satisfaction, college psychology graduates, 6867
working conditions, prevalence of neck & upper limb disorders, different occupational groups, Finland, 13041
working conditions, prevalence of occupational cervicobrachial disorders, office machine operators vs office workers without machines vs assembly line workers, 13062
Octopus
choice & competition, selection of shell homes, octopuses, 396
predator pressure via availability of hiding places & food abundance, spatial distribution, octopus, 2762
Ocular Accommodation
age differences, dark focus, nearsighted vs farsighted 17–67 yr olds, 3757
awareness of visual subsystems involving ocular accommodation & binocular processes & sensation of vection, humans, 11829
ethanol, heterophoria & impairment of oculomotor coordination & vision, adults, 9828
vergence angle & direction of lateral gaze & luminance, steady-state accommodation responses, 20–30 yr olds, 11805
Ocular Dominance
eye dominance, individual differences in stereoscopic fusion, medical & dental students, 2599
monocular hyperacuity processing measured by tilt detection threshold & alignment sensitivity, normal O's, implications for role of ocular dominance columns, 243
postnatal dark rearing prior to daily prismatic reversal of retinal image, development of interocular orientation disparity in visual cortex vs ocular dominance patterns, kittens, 12205
preferred stimulus orientation & turning range & ocular dominance & receptive field location & type, functional organization of striate cortex simple I vs simple II vs complex neurons, cats, 12117
striate cortical layer & receptive field position within visual field, ocular dominance & receptive field type, cats, 5057
temporal interval following surgical redirecting of retinotectal fibers, ocular dominance column development, goldfish, 9781
Ocular Fixation [See Eye Fixation]
Oculomotor Muscles
axonal projections of excitatory vestibuloocular neurons & synaptic contacts with extraocular motoneurons, cats, implications for convergence movements, 485
strenuous eye movement tracking task, extraocular muscle fatigue & task performance, right handed Ss, 7458
Oculomotor Nerve [See Cranial Nerves]
Oculomotor Response [See Eye Movements]
Odor Aversion Conditioning [See Aversion Conditioning]
Odor Discrimination
chemical induction of visual orientation & pattern discrimination, hermit crabs, 2748
heritability & directional dominance in nonrandom phenotypic variation for olfactory discriminative avoidance conditioning performance, Drosophila melanogaster, evolution implications, 7336
home nest odor & subsequent footshock & age differences & retention intervals, conditioned aversion to odor, 12 vs 16 day old rat pups, 4994
interest in sources of lamb odor, ewes, 2715
odorant concentration, odor discrimination in olfactory receptor cells, frogs, 2836
olfactory responses to varied species of live intact vs injured prey & excised tissues, lobsters & crabs, 2797
physiological basis of odor discrimination & localization of odor source, 12136
responses to dominant vs subordinate conspecific males & differential urine odor preferences, female bank voles, 12011
sex & age differences & rearing experience, preferences for nest odors from lactating vs nonlactating rats, pre- vs post-weanling rats, 359
type of odor, social & investigatory & approach behaviors, male Mongolian gerbils, 402
Oedipal Complex
argument against Oedipal triangle origin & abnormality, homosexuality, 8197
Oedipus complex & theories of psychosexual development, psychodynamics & pathogenesis of anorexia nervosa, 17 yr old female patient, 8288
subliminal oedipal stimulation, competitive dart-throwing performance, male college students, 11757
unresolved oedipal conflicts & separation individuation, marital relationship & marital &/vs individual therapy, 8423
Offenders (Adult) [See Criminals]
Offenders (Juvenile) [See Juvenile Delinquents]
Officers (Commissioned) [See Commissioned Officers]
Ojibwa Indians [See American Indians]
Old Age [See Aged]
Olfactory Bulb
cholecystokinin concentration in nucleus olfactorius anterior, male rats, implications for role in taste & smell, 496
chronic angiotensin II infusion into olfactory bulbs, water intake, male rats, 7571
comparative study of relative volume of olfactory bulbs & microsomes, humans & vertebrates, 12072
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
functional behavioral recovery & cortical reinnervation following early lateral olfactory tract section, golden hamster pups, 12238
long duration odor exposure, single unit activity of olfactory bulb cells, rabbits, 436
medial amygdaloid lesions, initiation & maintenance of muricide following olfactory bulb lesions, male rats, 603
odor stimuli, electrophysiological responses of olfactory bulb neurons, frogs, 2821

odorant concentration, odor discrimination in olfactory receptor cells, frogs, 2836
physiological basis of odor discrimination & localization of odor source, 12136
Olfactory Evoked Potentials
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
bilateral transection of lateral olfactory tract, behavioral & electrophysiological responses to odor stimuli, male rats, 2967
Olfactory Nerve
odorant concentration, odor discrimination in olfactory receptor cells, frogs, 2836
Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]
audition & olfaction & vision, predation on insects, grasshopper mice, 12016
beta-glucuronidase activation of latent aggression-producing cues in bladder urine, male mice, 499
cholecystokinin concentration in nucleus olfactorius anterior, male rats, implications for role in taste & smell, 496
correlation & consistency of semantically generated multidimensional profiles of odor stimuli, humans, 197
linear multivariable time-series modeling to avoid problems of sequential stimulus presentation, psychophysical analysis of odor mixture intensity perception, 7086
menstrual cycle & changes in visual & auditory & olfactory & taste & tactual perception, literature review, 5124
models for prediction of odor intensities of mixtures, 2576
noninvasive technique for detection of sniffing frequency in classical conditioning to odors, rabbits, 6955
odor type & intensity, inhalation rates & volume & number & duration of sniffs, 50–55 yr olds, 2577
olfaction & orientation, navigation, pigeons, criticism of J. L. Gould's article on homing mechanism, 414
olfaction & perception of sexual hormone steroids, psychosexual behavior, human Ss, 12596
olfaction, navigation, pigeons, criticism of J. L. Gould's findings, 358
olfaction, navigation, pigeons, criticism of J. L. Gould's negative findings, 399
olfaction, navigation, pigeons, reply to criticism by H. G. Wallraff & S. Benvenuti & F. Papi of author's findings on homing mechanism, 371
olfactory cues, recognition of own infant, mothers of neonates, 4855
olfactory deprivation by nostril plugging vs habenulectomy, courtship performance & locomotor activity, male newts, 5161
olfactory dysfunction & site of brain damage, patients with brain damage, literature review, 1354
operant procedure, measurement of olfactory perception, male pigeons, 5015
predicted vs actual sex differences, odor identification, adolescent through aged males vs females, 2567
pregnancy & lactation, reactivity to nest odors, female rats, 7456
psychophysical method, measurement of orienting ability in chemical gradients, fishes, 2380
taste-taste vs odor-odor vs taste-odor stimulus mixtures, suppression effects in perceived intensity, adults, 9440
transduction & sorting of olfactory information, 11764
use of olfactory information in selection of host nests, kleptoparasitic bees, 11988
visible &/vs odorous prey objects, interaction of visual & olfactory systems in guiding prey catching behavior, salamanders, 12027
vomeronasal & olfactory nerve lesions & chemical cues & blindfolding, shelter selection & aggregation, male garter snakes, 547
Olfactory Stimulation
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
bilateral transection of lateral olfactory tract, behavioral & electrophysiological responses to odor stimuli, male rats, 2967
chemical & visual & auditory cues, kin recognition, tadpoles, 7285
in-utero exposure to odor stimulus paired with lithium chloride, conditioned aversion to odor, 10 day old rats, 347
long duration odor exposure, single unit activity of olfactory bulb cells, rabbits, 436
odor stimuli, electrophysiological responses of olfactory bulb neurons, frogs, 2821
odor type & intensity, inhalation rates & volume & number & duration of sniffs, 50–55 yr olds, 2577
odor-taste vs taste-taste pairing before aversive stimulation, strength of aversion to target taste vs odor, female rats, 4992
olfactory stimulation by androstenol, mood variations throughout menstrual cycle, female college students, 5188
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
separate vs compound odor & flavor CS, CS potentiation/attenuation in toxiphobia aversion conditioning, male rats, 11964
sex of strange vs familiar cage mates & strange vs familiar cage bedding, huddling, rat pups, 367
type & odor of food & anosmia induced by zinc sulfate, dehydration anorexia, weanling rats, 2908
Olfactory Thresholds
odorant concentration, odor discrimination in olfactory receptor cells, frogs, 2836
Oligophrenia [See Mental Retardation]
Oligophrenia (Phenylpyruvic) [See Phenylketonuria]
On the Job Training
consumer construction & implementation of continuing education model, health & mental health administrators, 1944
development of in-house training courses, business organizations, 2220
hospices, provision of professional training in care of dying, physicians, 4145
innovative method combining on- & off-the-job training, professionals employed by parent organization & trained in host organizations, 13721
lens-model approach, evaluation of special education in-service training program for dealing with rural handicapped preschoolers & their families, 22–55 yr old consumers & service delivery persons, 6729
male support & sponsorship & protection, physical & social tensions & discrimination & sexual harassment & job training, female truckers, 4538
on-the-job training, work unit performance, 4475
perceptions of knowledge adequacies & inservice training needs & identification of vital instruction areas, rehabilitation educators, 8854
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
principles & techniques for inservice education, child day care workers, 4139
reformulation of algebraic utility model, employee flows as factor in utility analysis of human resource productivity improvement program, 11731
strategies for supervisory development, 4524
training as infant specialists, community mental health clinicians, 1899
work assignments & inservice training & academic preparation needs, comment on article by R. E. Matkin et al, 11104
work assignments & inservice training & academic preparation needs, rehabilitation administrators & supervisors, 11123
Onset (Disorders)
adult onset of Gilles de la Tourette syndrome, 45 yr old male, 10621
age & age of onset, course of primary depressive illness, patients over 65 yrs of age, 12785
age & sex & other handicaps & visual factors & use of guide dog & age of onset & travel experience, mobility, former clients of Mobility Training Program at New York Lighthouse, 1848
age of onset & presenting symptoms & possible etiology, infantile autism, literature review, 12763
antipsychotic drugs, time of onset & persistence of tardive dystonia, 13–60 yr olds, 1629
assessment of cognitive disequilibrium during sensorimotor period, psychotic children with mean age of 6.7 yrs, 8107
development of anorexia nervosa after onset of diabetes mellitus, 18–26 yr old females, 13069
diagnostic evaluation results & sleep patterns, Ss with excessive sleepiness disorders, 6047
early onset & incidence of childhood & adolescent psychopathology & poor functioning & treatment problems, bipolar patients with vs without borderline personality disorder, 1161
enlarged ventricles, premorbidity & onset of illness, 5–15 yr old psychiatric patients at risk for major psychopathology, 5806
genetics & life events & stress, onset of allergies, monozygotic & dizygotic twins, 6012
histological determination of auditory & vestibular degeneration & occurrence prior to vs with seizure, audiogenic seizure prone 22 day old chicks, 7331

incidence & onset of epileptic seizures, autistic 1–17 yr olds, literature review, 10331
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
onset & behavioral characteristics & psychological symptoms & predisposing factors, deliberate self harm syndrome, 10495
onset of deafness in adulthood, recall of visually presented verbal information & speechreading performance, deaf 23–59 yr olds, 3752
onset of mania after age 70, 71 & 79 yr old females, 12880
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
perceived parental characteristics, onset & course of schizophrenia, patients with mean age of 36.8 yrs, 5798
psychotic onset, patients with acute viral encephalitis, 8276
time of day of onset of chest pain & secretion level of ACTH & cortisol, patients with myocardial infarction, 1380
Type A behavior patterns, hardiness & illness onset, 33–65 yr old male executives, 5667
Ontogeny [See Development]
Open Classroom Method
effective open education program characteristics, literature review, 4274
perception of learning environment, students in open inquiry-based vs conventional physics classes, 11211
prevalence of & attitudes toward open concept education, school superintendents, 4279
Open Field Behavior (Animal) [See Animal Open Field Behavior]
Open Universities [See Nontraditional Education]
Openmindedness
attitudes toward openmindedness, teachers, 8947
closed mindedness & extraversion & neuroticism & psychoticism & use of corporal punishment, public school teachers, 11183
Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Responses, Discrimination Learning, Escape Conditioning, Fading (Conditioning)]
application of operant conditioning techniques & suggestions for procedural modifications, wasps, 7234
attenuation of baroreflexes during operant cardiac conditioning, male adolescent macaques, 420
availability of 1 vs 2 levers, between- vs within-Ss partial reinforcement effects, male rats, 11937
bilateral removal of medial prefrontal cortex vs lesions of lateral prefrontal cortex, stimulus control in instrumental avoidance vs alimentary conditioning, dogs, 9772
biofeedback & relaxation & operant conditioning & cognitive behavioral treatment, chronic pain, literature review, 13251
biofeedback training, incontinence, patients aged 65 yrs & older, 13241
buspirone & diazepam, operant behavior & attenuation of conflict, rats & monkeys, 5205
census of human operant behavior research literature for years 1958–81, 9426
continuous vs random target availability, schedule induced attack behavior, male pigeons, 4998
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
delay since presentation, recall of single vs relational stimuli, pigeons, 351
drug class, intracranial self stimulation response decrement pattern, male rats, 3019
duration & content of presented utterances, attention as operant control of stimuli, 93–119 day olds, 5366
efficacy & advantage of electrical brain stimulation as reinforcement in operant conditioning, rats, 2693
electrical stimulation of caudate nuclei & dentate nucleus lesions, prolongation of latencies of acoustically & visually signaled lateralized operant reaching, male rats, 7503
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
elimination of 1 of 2 concurrent VI reinforcement schedules, response rate to remaining schedule, male pigeons, 326
experimental approaches to analysis of neural mechanisms underlying operant conditioning & reinforcement, 7385
extinction, response frequency on 2nd-order FR FI food reinforcement schedule with vs without CS presentation, rhesus monkeys, 330
FI operant conditioning, EEG parameters & relationship to response timing, dogs, 9557
FI reinforcement & role of verbal behavior, task performance & operant responding, 9 & 10 mo old infants, 7737
food vs water deprivation, effectiveness of liquid vs solid reinforcers & signal centered behavior, rats, 322
FR numerical value & inter-reinforcement interval, postreinforcement pause, rats, 7253
FR reinforcement with vs without pretrial timeouts, interresponse times, pigeons, 339
frequencies of operant responses for food & feeding bouts & food hopper pecking, various species of free-ranging birds at rural feeding station, 318
functional asymmetry of cerebral hemispheres, operant conditioning, cats, 9642
gradual increase vs decrease in ratio of partial reinforcement schedule, resistance to extinction, male rats, support for E. J. Capaldi's reinforcement level theory, 11947
greater reinforcement of 1 color in communication of hidden colors to cohort, frequency of reporting that color, pigeons, 337
group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
imprinting stimulus as reinforcer, temporal pattern of operant responding, chicks, 5013
individual differences, preferences for particular stimulus matches to begin sequence, pigeons, 342
injection of RNA from brain & liver of operantly-trained rats, interanimal memory transfer for operant task, rats, 12280
injection of RNA from brain & liver of operantly-trained rats, interanimal operant task transfer, rats, 12281
interreinforcement interval & cycle length of random-interval schedules, response rate & effects of amphetamine on control rate of responding, male rats, 9837
intertrial interval & sample durations, delayed matching-to-sample performance, pigeons, 11958
intertrial interval, food hoarding reinforced running behavior, male golden hamsters, 5007
intertrial intervals, response-reinforcer pairing viewed as stimulus event vs response strengthener, pigeons, 7274
intertrial titration & within-trial modification of threshold & psychophysical application of pattern analysis to study of stimulus control, rats, 7241
kainic acid vs 6-hydroxydopamine induced lesions of ventrolateral vs anteromedial neostriatum, DRL performance & body weight, male rats, 587
lack of relationship between reinforcement rate maximization predictions & performance & ambiguous results from VI choice procedures & logical & mathematical problems, criticism of A. I. Houston's work, 7242
level of thirst & hunger, dorsal hippocampal electrical activity during operant choice of food vs water reinforcer, dogs, 9621
local reinforcement distribution & schedule changeovers, matching response rates, pigeons, 324
LSD vs 2,5-dimethoxy-4-methylamphetamine vs dimethyltryptamine vs mescaline, pausing during FR-40 operant procedure & agonistic effect at central 5-HT receptors, rats, 683
magnitude of reward, running speed in operant conditioning tasks, male rats, 4997
maximizing reinforcement rate on independent concurrent VI schedules & approximation to matching, application of optimality theory to operant behavior & reinforcement rate control of behavior, 7244
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
methylmercury, operant behavior, pigeons, 12292
methysergide, effect of beta-phenylethylamine on food-reinforced schedule maintained behavior, rats, 5207
metkephamid dosage with vs without naloxone, operant conditioned responses, male pigeons, 661
misconceptions about & obstacles to & methods of control & analysis, laboratory study of human behavior, literature review, 9425

model, extension of incentive theory to concurrent chained reinforcement schedules, 335
multiple VI VI schedules & delayed stimulus control, forgetting, pigeons, 7271
neurotoxic vs electrolytic lesions of ventral mesencephalon vs substantia nigra vs area ventralis of Tsai, telencephalic catecholamine levels & operant pecking rates, pigeons, 2974
operant conditioning, symbolic communication & insight & self awareness & memoranda use, pigeons, behavioristic test of animal simulation studies of complex human behavior, 329
operant conditioning via compressed air, elevation of blood pressure & heart rate, unrestrained olive baboons, implications for study of hypertension & atherosclerosis & cardiovascular disease, 2702
operant learning, differential brain incorporation of sc injected methionine, male rats, 12078
operant procedure, measurement of olfactory perception, male pigeons, 5015
operant procedures using contingent music, compliance with verbal requests for motor behaviors, comatose patients, 1565
operant theory, analysis of leader influence, methodological implications, literature review, 12629
operant therapy with vs without cognitive therapy, depression & high frequency verbalizations about death, 68 & 76 yr old institutionalized patients, 10797
paleostriatal lesions, enhancement of classical conditioning components of FI schedule responding & operant go-no-go discrimination & alternation, pigeons, 9782
phase of chain VI-VI schedule in effect, response to chain vs simple concurrent schedule, pigeons, 340
phylogeny & ontogeny of paradoxical reinforcement effects, various species of animals, literature review, 7260
physical distance between stimuli, sensitivity of response ratios to variations in reinforcement ratios, pigeons, 7270
pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
postconditioning devaluation of sucrose reinforcer using aversion conditioning, extinction performance following VR vs VI operant schedules, male rats, 11941
presence of conspecific, simultaneous & subsequent observational acquisition of bar press, male rats, 7245
procainamide vs cocaine vs dimethocaine vs lidocaine vs procaine vs chloroprocaine vs tetracaine vs propoxycaine, FI responding, male rhesus monkeys, 12329
punishment & amount of acquisition training, resistance to extinction of keypecking, 1 vs 4 day old chicks, 5012
relative immediacy of reinforcement & average time to reinforcement, choice behavior, pigeons, 327
relative reinforcer duration & FR changeover requirement, choice behavior, pigeons, 328
response preconditioning, instrumental responding, male rats, 2708
reward correlation with response vs light following leverpress, stimulus-response overshadowing under VI vs VR schedules, female rats, 11961
schedule-induced alcohol solution consumption, blood alcohol levels, rats, 5003
sex & genetic differences, tolerance to anticholinesterase di-isopropyl-fluorophosphonate effects on body temperature & operant responses, rats of Flinder-resistant vs Flinder-sensitive lines, 7616
similarity of food & key stimuli, acquisition & maintenance of autoshaped keypecking, pigeons, 348
Sinclair ZX81 computer with Byte-Back BB-1 software module & interface to Skinner box for experiment control, 4689
single neuron activity during operant behavior guided by multimodal cues for food intake, functional properties & heterogeneity of neurons in dorsolateral prefrontal cortex, monkeys, 7346
sodium pentobarbital, behavioral tolerance as determined by within-S operant reinforcement task, male squirrel monkeys, 3007
stimulus control of matching-to-sample behavior & transfer in operant conditioning, Japanese monkeys, 336
tandem & chain & FI schedules of reinforcement & interreinforcement intervals, response rates, pigeons, failure to replicate L. R. Gollub's study, 2713
telencephalic noradrenaline depletion, resistance to extinction in operant task & enhancement of gustatory neophobia, male rats, 9787
temporal factors vs segmentation of interreinforcement interval, preference for unsegmented vs comparable segmented reinforcement schedules, pigeons, 7236
temporal schedule of pulse train of self vs experimenter administered stimulation, learning, male rats, 5010
training to perform as aide to quadriplegic, 8 yr old female capuchin, 8781
value of VI vs FI schedule in search stage of foraging experiment, acceptance of long VI in choice state, male pigeons, 317
Operation (Surgery) [See Surgery]
Ophidiophobia
ability to approach snake following physical vs emotional arousal, snake-fearful female college students, 11919
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
Ophthalmologic Examination [See Also Electro Oculography, Electroretinography]
age & monocular vs binocular presentation, scores on Farnsworth-Munsell Hundred Hue Test for Examination of Color Blindness, 10–80 yr olds, analysis of diagnostic decision criteria, 1446
applicability of children's color vision tests & influence of presentation methods, mentally defective including retarded patients, 1356
color vision testing for early detection of congenital color deficiencies, 4–6 & 6–13 yr old color normals & 5–11 yr old color defectives, 1445
decision analysis approach, color vision testing & application to employment screening, 1328
diagnostic utility of clinical vs electro-ophthalmological vs psychophysical findings, 15 & 16 & 29 yr olds with acquired color vision deficiencies, 1385
eye disease, peripheral field thresholds & color discrimination in ophthalmological examination, 1368
interpretation of vision test battery using decision theory, diagnosis of color defects, 10–55 yr olds with various ocular diseases, 1428
pass-fail criteria in color vision testing, minimization of false positive & false negative error rates, color normal vs deficient Ss, 1372
probabilities of correct classification & validity of 4 color vision tests, 3–11 yr old males, 1373
validity & reliability of Ishihara & Farnsworth D-15 tests, color vision screening, 2–4 yr olds, 1344
Opiates [See Also Apomorphine, Codeine, Heroin, Morphine]
affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
clonidine, hypertension & withdrawal from methadone, 35 yr old Vietnam veteran, 6238
clonidine, opiate abstinence syndrome, addicts, 11057
complaints of side effects, methadone patients using vs not using heroin vs naltrexone vs other opiates, 11071
cross-tolerance among barbiturates & alcohols & ethanol & depressants & opioids, literature review, 9833
development of tolerance to sedative opioid hydromorphone, cynomolgus vs rhesus monkeys, 9863
dynorphin, motor functions & EEG, male rats, 704
electrical acupuncture vs fentanyl vs nitrous oxide, event related potentials during painful tooth pulp stimulation, 19–40 yr old males, 7490
functions & behavioral & physiological effects, endorphins & opiates, literature review, 7422
hippocampal endogenous & exogenous opiate mechanisms, literature review, 9629
history of childhood hyperactivity, opiate addicts, 12907
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
hypothalamic-pituitary & opiate peptides & psychotropic drugs, intraspecies aggression & sociability, isolated mice, 3072
incidence of DSM-III personality disorders, opiate addicts including Ss on methadone maintenance, 8201
Michigan Alcoholism Screening Test, detection of alcoholism, opiate addicts, 10498
noradrenergic drugs & opiates, wet shake behavior, male rats, 3000
opiates & endorphins & developing organisms, bibliography, 710
opioids & GABA-ergic drugs, treatment of depression & mania, 13275
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
sc implantable buprenorphine delivery system, male rats, 11609
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266

sulfated octapeptide of cholecystokinin, opiate-mediated analgesia, rats, 5202
Opinion (Public) [See Public Opinion]
Opinion Change [See Attitude Change]
Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opium Alkaloids [See Alkaloids, Opiates]
Opium Containing Drugs [See Opiates]
Opium Derivatives [See Opiates]
Opossums
contrast sensitivity function measured by visually evoked cortical potentials & visual acuity, opossum, 476
interhemispheric transfer of visual information, brush-tailed possum, 9667
Optic Chiasm
age at lesion of corpus callosum vs optic chiasma, interocular transfer, cats & kittens, 9784
Optic Lobe
circadian rhythms in optic lobe neuronal sensitivity & locomotor activity, forager honey bees, 7390
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
induced metamorphosis, changes in retinotectal projection, axolotls, 2873
optic nerve crushing & impulse activity elimination by tetrodotoxin during axonal regeneration, retinotopography, goldfish, 9739
optic nerve section vs tectal lobe ablation vs transverse hemisection between tectum & cerebellum, visual prey acquisition, frogs, 2980
temporal interval following surgical redirecting of retinotectal fibers, ocular dominance column development, goldfish, 9781
Optic Nerve
electrical stimulation of optic nerves, sleep, tortoises, implications for active hypnogenic system, 583
induced metamorphosis, changes in retinotectal projection, axolotls, 2873
moving light as CS, CR following enucleation, goldfish, 7543
optic nerve crushing & impulse activity elimination by tetrodotoxin during axonal regeneration, retinotopography, goldfish, 9739
optic nerve section vs tectal lobe ablation vs transverse hemisection between tectum & cerebellum, visual prey acquisition, frogs, 2980
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
single cell electrical stimulation in dorsal lateral geniculate nucleus & optic radiation & nerve, response latency, cats with strabismus, 7523
Optic Tract
bilateral lesions of ventrolateral geniculate nuclei & optic tracts vs unilateral suprachiasmatic nuclei with vs without blinding, entrainment of circadian rhythms, male rats, 2971
cellular responses from basal optic neuropil, newts, implications for control of optomotor reaction, 12110
misrouting of optic tract fibers as basis for disproportionate ipsilateral vs contralateral development of retinogeniculate projections, Siamese cats, 2842
overproduction & selective elimination of retinogeniculate axons, rhesus monkey fetuses, 12119
temporally modulated homogeneous visual stimulation, EPs recorded at optic tract & dorsal lateral geniculate nucleus & cortical area 18, normal vs monocularly deprived cats, 7389
Optical Aids
optical lenses in systematic desensitization, acrophobia, 40 yr old male, 8536
Optical Illusions [See Illusions (Perception)]
Optimism
client expectations & self fulfilling prophecy & development of Project Overcome, self-esteem & hope & recovery from chronic schizophrenia, 1185
hope & hopelessness, immune system function, 27–57 yr old in danger of imminent loss, 3767
optimism about future, 12–19 yr olds from intact vs separated or divorced homes vs with deceased parent, 12497
Optokinetic Nystagmus [See Nystagmus]
Optometry
contrast-reversed sinusoidal luminance gratings, clinical assessment of spatial resolution for pattern & movement detection, Ss with various ocular conditions, 10617
temporal stability of optometrically measured fixation stability curve, 24 yr old females, 10569
Oral Communication [See Verbal Communication]
Oral Contraceptives
cluster analysis of social & psychodynamic & biological characteristics, patients with anorexia nervosa vs post pill amenorrhea, 5959
environmental factors & maternal use of contraceptive pill, distribution of Down's syndrome, 3655
ethinylestradiol & lynestrenol, hypersomnia caused by menstruation, 16 yr old female, 1663
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
oral contraceptives, psychoerotic experiences, 35–40 yr old female neurotics, 8583
Oral Reading
learning process, active literary skills, 6683
mother-child picture book reading, vocabulary acquisition, 17–22 yr olds, 5385
scores on Gray Oral Reading Test Form C, 3rd–4th grade Blacks vs Whites who spoke standard vs nonstandard English, implications for scoring, 2158
silent vs oral reading of tongue-twister sentences, errors & reading time, college students, implications for interfering role of subvocalization, 728
stories presented on audiotape vs read orally vs silently, recall of story schema categories, reading disabled adults, 12958
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
test & interscorer reliability of oral reading tests, professors & graduate students, 6801
voice fundamental frequency characteristics of oral reading & spontaneous speech, hard-of-hearing 16–19 yr old females, 5977
word frequency & length & practice, articulation & total reading & pause durations, college students, 7650
Organ of Corti [See Cochlea]
Organ Transplantation
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
intercultural conflicts, noncompliance following renal transplantation, 12 yr old Turkish female, West Germany, 5958
neostriatal dopamine depletion & reinnervation by grafting of embryonic substantia nigra vs isotopic cortex, striatal intracranial self stimulation, female rats, 5152
peer support program, newly diagnosed renal patients facing dialysis or transplantation, 10918
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
psychological adjustment to kidney transplantation, 25 yr old male, 6323
Organic Brain Syndromes [See Also Alcoholic Psychosis, Alzheimers Disease, Delirium Tremens, Korsakoffs Psychosis, Presenile Dementia, Senile Dementia, Toxic Psychoses]
accepted criteria which define organicity, mentally retarded 7–18 yr olds, 8251
amobarbital interview, diagnosis of functional vs organic brain disease, 40 yr old male, 1420
asthenic-hypochondriac & depressive & organically depressive & purely organic stages, development of organic melancholia syndrome, 3496
cranial computerized tomography, multi-infarct dementia, 3822
effectiveness of MMPI Hs-Pt index, discrimination between brain disorders & functional disturbance, 17–64 yr old male patients, 9391
organic brain disorders, violent behavior, patients with history of family violence, 8296
prevalence of neurosis & organic mental deterioration, 17–66 yr olds with systemic lupus erythematosus, 1444
Rorschach test vs computerized tomography, diagnosis of psychoorganic syndrome, patients with cerebral atrophy, 1403
symptoms & nosology of organic brain syndromes, 6011
validity of Hand Test, assessment of individual variability in levels of self care & organic dysfunction & personality, institutionalized 65–101 yr olds, 9335
WAIS Verbal IQ & MMPI measures of organicity, psychiatric patients with mean age of 53 yrs, 113

Organic Therapies [See Also Drug Therapy, Electroconvulsive Shock Therapy, Electrosleep Treatment, Narcoanalysis, Psychosurgery, Vitamin Therapy]
tryptophan malnutrition treatment by diet therapy, behavioral disorders, 6101
Organization (Spatial) [See Spatial Organization]
Organizational Behavior
action science, diagnosis & intervention in organizational behavior, criticism by M. L. Lauderdale & reply by author, 13752
affirmative action in public sector, Canada, 11443
anticipated reverse smoking rule & duration & importance of meeting, perceived distraction, 21–50 yr old smokers vs nonsmokers, 7988
attribution theory models of organizational behavior, literature review, 13767
biological & organizational & sociocultural models, sexual harassment at work, federal employees, 6873
causal reasoning in corporate annual reports, 11401
characteristics of US decision making during Cuban missile crisis, implications for development of organizational decision making model, 11399
comparative analysis, theories of organization, 6864
conception of institutional structure of modern science as risk-oriented context for creative behavior & role of family background, Nobel scientists, 13484
connectedness & network integration models, communication network involvement, US Navy training facility, 4545
construct theory approach, use of power in educational & other organizations, 6551
contingency model of participative decision making in organizations, 4535
decision making method, selection of test for organizational performance measurement, 168
demographic characteristics & organizational factors, turnover, child care staff, implications for mitigation of turnover, 8904
domain formation, referent organizations in interorganizational collaboration, 4553
exercise of administrative control & accomplishment of work through talking with immediate subordinates, school principals, 1980
factor structure of Level I Life Styles Inventory, employees, test of J. C. Lafferty's 4-factor model, 9320
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
FORTRAN IV program, calculation of dynamic individual & organizational proximity values for user-defined time intervals, 11589
hospital vs "city-state", role in modification of hospital decisions, psychologists, 4164
individual differences & attributional processes, organizational socialization, 11417
interplay between organizational authority of management & professional responsibility of clinical sociologists, 6850
item order as artifact in self report measures, organizational surveys, 2469
knowledge of operating procedures, prediction of structure, organizations, 4542
legal action & employer responsibilities & individual response & social support services, sexual harassment, female employees, 6866
level of paradigm development in various scientific fields, research productivity impact of national science policy, implications for organizational research, 2255
market & organizational characteristics, job attitudes & performance, bank employees, 6859
methodological problems in definition & models of institutional limits, 4531
models of social desirability effects, organizational behavior research, managerial vs nonmanagerial employees in manufacturing & finance & state government, 9166
need for development of communication proficiencies & strategies to negotiate increases or maintenance of time spent on primary role, guidance counselors, 4234
observation of organizational politics, rural & urban vocational evaluation facilities, 11034
organizational behavior, workers & managers of shoe company, Brazil, 13760
organizational characteristics, supervisory-management relations, 21–60 yr old supervisors from manufacturing organization, India, 11394
organizational context, own and coworkers' behavior, clinical psychologists, 13440
organizations as generators of unreflective & nonadaptive actions, 11441
perceived threat of management vs co-worker sanctions, employee deviance, retail & manufacturing & hospital employees, 2259
personal & interpersonal power, model of organizational power & control, 11430
perspectives & debates in organizational theories, literature review, 11400
processes used to define role of outsiders & manage interactions, male homosexual bars, 7940
professional socialization, perceived organizational conflict & conflict reporting behavior, newly graduated nurses in hospital system, 1948
role & goal characteristics & feedback, organizational performance, 2254
self image & metaphoric conception of community mental health, mental health center workers, 6511
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
systems paradigm for organizational adaptations to social environments, 13778
typologies of organizational functioning, 11422
work overload & interunit conflict & intershift problems & resource inadequacy & role frustration & conflict & primary-care vs team-care, job attitudes & behavioral intentions, nurses with mean age of 33.8 yrs, 4182
Organizational Change
cultural factors & formal structures & technological processes in participatory research, organizational change, textiles plant, 11403
development of informant panel using features of nominal group & Delphi techniques, retrospective methodology for organizational change, employees of small business, 11429
employee training vs organizational changes, employee performance, 4481
environmental factors, long-range technology policy & market outcomes & organizational innovation, managers of equipment & package supply companies, 4497
implementation of organizational change, psychosocial rehabilitation, state mental hospitals, 11006
organizational structure change, communication processes & organizational goals, 4534
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
redesigning jobs & organizational change, 2257
selection & analysis of evidence, action research for assessment of changing organizational situations, 11408
systems theory, organizational change model, 4543
technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
Organizational Climate
consultant skills & school organizational climate, utilization of consultation service, elementary teachers & principals, 1970
environmental factors, long-range technology policy & market outcomes & organizational innovation, managers of equipment & package supply companies, 4497
etiology of organizational climates, literature review, 2266
hospital vs "city-state", role in modification of hospital decisions, psychologists, 4164
humanistic/participatory management, professional development & satisfaction & organizational functioning & effectiveness, institutions of higher education, 1983
leadership style & organizational climate, career success, mid-level executives, 11372
legal action & employer responsibilities & individual response & social support services, sexual harassment, female employees, 6866
matching corporate culture & employee career goals, 2213
organizational climate & occupational stress as reasons for 1981 strike, unionized air traffic controllers, 4526
organizational context, own and coworkers' behavior, clinical psychologists, 13440
organizational ecology, design & use of executive team spaces, 9160
organizational environment & social psychology of marketing information, market research, 11502
organizational structure & interpersonal attitudes, role conflict & ambiguity, supervisors in manufacturing vs research & development, 4511
organizational variables, job stress-induced anxiety, manager trainees, India, 11378

project based learning approach & national &/vs organizational culture, management development, multinational/multi-business company managers, 9152
reliability & validity, R. Likert's Profile of Organizational Characteristics, employed business administration students, 136
research & practice & training of graduate students & workplace humanization & life satisfaction counseling, counseling psychologists, 4185
role taking & role sending process & organizational context, role conflicts & negotiation/problem solving, internal program evaluators, 2260
status & self direction & increased bureaucratization, work dissatisfaction & alienation, nonfactory & nonoffice workers, 4555
type of corporate ownership, motivational climate, industrial organizations, India, 11425
Organizational Crises
criteria for organizational dispute resolution, managers & nonmanagers & police officers, 11428
Organizational Development
action learning programs, solution of organizational & quality control problems & staff development, building-components company supervisors, 9157
business environment, organizational & management development, 4503
career development & counseling programs, surveyed organizations, US, 2205
career development process, 2209
career management development, 2239
classification of skills, organization development, 4529
design of career sensitive human resource system, 13706
development of informant panel using features of nominal group & Delphi techniques, retrospective methodology for organizational change, employees of small business, 11429
development of organizational mentoring program, 2210
ethical aspects of organization development, 4556
evaluation of management & organization development effort, mental health programs, 4030
evaluation of 2-yr organization development program, community mental health center, 4546
evaluation of 4-yr organization development program, 4550
evidence for & against W. Ouchi's Theory Z, motivation for increased productivity, employees, Japan vs US, 13779
general program considerations, implementation & effectiveness of systematic behavior management, 2241
humanistic/participatory management, professional development & satisfaction & organizational functioning & effectiveness, institutions of higher education, 1983
improved staff cooperation, dangerous ward smoking behavior, hospital aides & professional staff & chronic schizophrenia patients, 1787
internal consultation in organizational development, criticism of P. M. Nufrio, 4533
level of personal interdependence, coordination between workers & output quantity & quality, workers in organizational work units, 4532
models for guiding organization development, students, 4313
organization development paradigm, 4536
organizational career line variables, turnover & intent to remain with organization, bank employees, 4551
organizational development techniques, management skills & agency effectiveness, mental health agency management teams, 1738
performance feedback & token economy intervention, improvement in cleaning activities, 18–75 yr old hotel housekeeping personnel, 2234
Personal Management Interview, prevention of regression after team building seminars, supervisors & subordinates, 2237
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
process model, internal corporate venturing, managers at various levels of diversified major organization, 11375
proposed nontraditional view of corporate strategy based on cybernetics, 6869
psychodynamics of organization development consultants, 11144
psychology & organization theory & social science, development of worker managed businesses, 6845
psychosociological training in organizations, 11373
research issues in evaluation of organizational development programs, 13753
restructuring of Psycho-Medico-Social centers, staff & clients & service delivery, Belgium, 13309
SmartProcess, systems oriented discovery learning program for orienting personnel to work unit, implications for organizational development, 4478
strategies for internal consultation in organizational development, 4548
stream analysis approach, organization development, 4549
supersensible/spiritual dimension, societal & organizational & group & individual development, implications for management training, 9156
survey-guided feedback as basis of organization development programs, 2256
technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
values as assessed by Management Values Inventory, middle level managers with median age of 35 yrs vs organizational development consultants with median age of 34 yrs, 11385
Organizational Goals [See Organizational Objectives]
Organizational Objectives
career management development, 2239
evaluation of personnel training goals & needs, human resource development consultants, 2217
goal change, satisfaction & organizational commitment & absenteeism, secretarial staff, 13751
operating principles & implementation guidelines & research principles, development of effective program review system, community mental health program, 1743
organizational development techniques, management skills & agency effectiveness, mental health agency management teams, 1738
organizational goals & personal values, decision making, Black vs White managers, support for G. W. England's model, 13747
Organizational Psychology [See Industrial Psychology]
Organizational Structure
conceptual model, patterns of staff organization & utilization & meanings of "doing a good job", staff of urban vs rural mental health centers, 8647
corporate size, mail survey response rate, executive officers, 9154
derivation of M. Haire's square-cube law of formal organizations from theory of time minimization, 7098
development & validity of instrument, assessment of C. A. Perrow's dimensions of work-unit technology, government employees, 2484
evaluation of 2-yr organization development program, community mental health center, 4546
formal structure & status problems, interaction & communication, interdisciplinary research team, 13759
industrial organization & consumer product satisfaction/dissatisfaction, 2288
knowledge of operating procedures, prediction of structure, organizations, 4542
laboratory organization & leadership style & research success, biomedical research laboratory supervisors, 61
level of personal interdependence, coordination between workers & output quantity & quality, workers in organizational work units, 4532
matching corporate culture & employee career goals, 2213
method for inclusion of polytomous variables in path analysis, research study of structural differences in human service organizations, Hawaii vs Guam, 172
model of personnel system integrated into larger system, job analysis & sequential model of human resource planning, 9151
needs satisfaction framework, evaluation of political & bureaucratic & professional & community organizational models based on degree of motivation, 22–32 yr old police officers, 2258
organizational career line variables, turnover & intent to remain with organization, bank employees, 4551
organizational design & group structure & group performance, review of social network research, 11435
organizational structure & interpersonal attitudes, role conflict & ambiguity, supervisors in manufacturing vs research & development, 4511
organizational structure change, communication processes & organizational goals, 4534
organizational structure, decision to use in-house or outside evaluation, 4539
organizational validity, management information systems, 4541
perception of community dissatisfaction, school organizational structures, junior high & middle school administrators & teachers, 13524
proposed flexiform model, structural design of professional service organizations, 13769

psychological effects of multilevel production organization, workers, 9176
social organization framework, analysis of problems & prospects for advancement in hierarchical work organizations, females, literature review, 2262
structure & relationship to corporate network, intercorporate elite, Italy, 13756
time categories, study of organizational structures, 4537
type of corporate ownership, motivational climate, industrial organizations, India, 11425
typologies of organizational functioning, 11422
typology of types of employee ownership, implications for social science research, 13781
Organizations [See Also Alcoholics Anonymous, Business Organizations, Government Agencies, Health Maintenance Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations]
collaboration vs routinization vs dependence methods for control of workflow used in market & bureaucratic & collective organizations, 11405
communication variables, multiple indicator model for prediction of organizational effectiveness, 11418
comparative analysis, theories of organization, 6864
concepts of work commitment in organizational research, 11353
contacts with institutions in host country, Latin American political exiles, 12568
content & structure of research on organizational administration, developing countries, literature review, 2248
contradiction of M. Marien's view of transformation as "sandbox syndrome", 7910
definition of "sandbox syndrome" as set of behaviors associated with political impotency, individuals & organizations who work for social change, 7915
extent of adoption/nonadoption of advertising self regulation, trade associations, 4598
functions & performance of human rights committee, officials at state residential facilities for mentally retarded, 4076
innovative method combining on- & off-the-job training, professionals employed by parent organization & trained in host organizations, 13721
interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
knowledge of operating procedures, prediction of structure, organizations, 4542
models for guiding organization development, students, 4313
motivation of employee-client unit for improvement in productivity, service organizations, 13768
organizational factors, control of self management, 11391
organizational type, information/privacy values & beliefs & attitudes & behavioral intentions, adult Ss, 12583
power acquisition & communication, majority of token minority group relations, organizational members, 13758
private foundations, research & public policy, child development & welfare, 10175
proposed flexiform model, structural design of professional service organizations, 13769
psychology & organization theory & social science, development of worker managed businesses, 6845
research paradigms, study of formal organizations, 2377
resident council movement, nursing homes, role of social work, 10965
social organization framework, analysis of problems & prospects for advancement in hierarchical work organizations, females, literature review, 2262
structure & relationship to corporate network, intercorporate elite, Italy, 13756
value of Student Council for Exceptional Children, college students, 6710
values issues & ethical criteria, organizational theory & management education, 11389
values, organizational research, researcher & client & client organization & research enterprise, 4173
Orgasm [See Female Orgasm, Male Orgasm]
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex
auditory stimulation, somatic & autonomic & EEG components of orienting reaction, 11–72 yr olds with epileptogenic cerebral tumors, 1417
Orienting Responses
breast vs bottle feeding, direction of mouthing response to human voice, 45 min to 7 hr vs 7–25 hr vs 1–7 day olds, 9997
celestial cues, orientation, blue crabs, 2768
optic nerve section vs tectal lobe ablation vs transverse hemisection between tectum & cerebellum, visual prey acquisition, frogs, 2980
photoresponse & association between darkness & food presentation, starfish, 2685
psychophysical method, measurement of orienting ability in chemical gradients, fishes, 2380
resistance to habituation of orienting reactions, 11–72 yr old patients with epileptogenic cerebral tumors, 8337
sensitivity to electric & magnetic fields in seawater, sharks & other elasmobranch fishes, 385
sleep & wakefulness & orienting responses & sensory habituation, substantia nigra dopaminergic unit activity, freely moving cats, 7441
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
tone intensity, amplitude & habituation of pupillary dilation as index of orienting response, humans, 531
visual information, vestibular head righting response, 3.2 & 4.2 mo olds, 9979
Originality [See Creativity]
Orphans
psychological development, 1st & 2nd graders in boarding school for parentless children, 2-yr longitudinal study, 6430
Orthography
deep vs shallow orthography & semantic relationship & language of stimulus word & semantic priming, pronunciation & recognition of printed words, American & Yugoslavian college students, 4949
grade level & reading ability, knowledge of orthographic structure, 1st vs 2nd vs 3rd graders, 5380
orthographic redundancy & versatility & letter-sound correspondences, latency for identification of high vs low frequency words, 2nd & 5th graders & college students, 5365
phonemic segmentation & word type, 14–15 yr old good readers/poor spellers vs poor readers/poor spellers vs good readers/good spellers, 13609
Orthopedically Handicapped [See Physically Handicapped]
Oscilloscopes
machine code for AIM-65 microcomputer system, displaying alphanumeric characters on oscilloscope screen, 11588
Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]
Outcomes (Treatment) [See Treatment Outcomes]
Outpatient Psychiatric Clinics [See Psychiatric Clinics]
Outpatient Treatment
acupuncture & psychotherapeutic &/vs pharmacological treatment, drug addiction, inpatients vs outpatients, 13417
appointment keeping, 13–74 yr old outpatients attending clinical psychology clinics, 10720
automated examination & diagnosis, 23 yr old paranoid schizophrenic outpatient, 8153
client-clinician match in age & sex & ethnicity, clinicians' ratings at treatment termination & client report of functioning & rehospitalization, outpatient mental health clients with mean age of 3.1 yrs, 13144
continuity of care, premature termination from psychotherapy, 18–73 yr old clients of community mental health center, 13342
cost effectiveness of day hospitalization vs inpatient care, 18–24 yr old Black schizophrenic males, 13373
deinstitutionalization in child & adolescent psychotherapy, newborn child & his parents, 8474
demographic characteristics & epidemiology of admissions to psychiatric outpatient clinic, children & adolescents, 10931
development & use of 5-phase group curriculum, outpatient alcoholism treatment, 1876
efficacy & cost effectiveness of partial hospitalization, literature review, 1758
efficacy of day clinic vs inpatient treatment program, alcoholics, 12-mo followup study, 11078
efficacy of psychiatric hospital outpatient treatment, schizophrenics, 13374
efficacy of psychotherapy & alprazolam vs imipramine, moderately to severely depressed 61–81 yr old outpatients, 1488
ego activation method, treatment of anxiety states & nonbipolar & nonpsychotic acutely depressed outpatients, 1617
evaluation of court-ordered outpatient commitment as least restrictive alternative to involuntary hospitalization, 4071

evening psychotherapy in part-time institution & outpatient psychotherapy vs institutionalization, emotionally disturbed children & adolescents, 8374
followup adjustment, outpatient dropouts with mean age of 38.3 yrs, 13119
inpatient vs outpatient treatment, social functioning, drug abusing delinquents with mean age of 16 yrs, 4108
methadone maintenance vs therapeutic community vs outpatient drug free vs detoxification, effectiveness, drug abusers, 8828
methadone maintenance vs therapeutic community vs outpatient drug-free vs detoxification, outcomes, clients treated for drug abuse, followup study, 8808
new ideas & part-time institutional practices, child & adolescent psychiatry, 8734
outpatient group therapy at Senlis Medico-psycho-pedagogic Centre, France, 8467
outpatient management of pain, implications for role of anesthesiologists, 13303
outpatient psychotherapy & home-care nurse as alternative to hospitalization, markedly dysfunctional psychiatric patients, 8428
outpatient treatment as only practical treatment, psychotic children under age 20, Sweden, 6055
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
part-time & group therapy vs institutionalization, child psychiatry, severely emotionally disturbed children, 8388
part-time institutional action & multipolar approach to therapy & inclusion of family & school, 6 yr old emotionally disturbed female, 8392
patient selection criteria for partial hospitalization programs, 1739
patterns of large urban day hospital use, long stay psychiatric patients, 6366
satisfaction with partial hospitalization program, psychiatric patients, 13352
severity of symptoms, inpatient vs outpatient alcoholics, 4112
sex differences, use of hospital & outpatient services & social adjustment, 15–45 yr old schizophrenics, 10708
social & clinical factors, use of therapeutic clubs, psychiatric outpatients, 8677
supportive group psychotherapy, resocialization, adult nonpsychotic psychiatric outpatients with moderate social ineptness, 10750
theories & methods of outpatient care, severely disturbed adolescents, 8440
treatment integrated into school & home environment, school failure, neurotic children, 8364
videotaped expectancy shaping vs informational preparation strategies, success in transfer to outpatient community, aftercare psychiatric inpatients with mean age of 35.8 yrs, 10941

Outpatients
EEG sleep, outpatients with generalized anxiety vs depression, 12856
halazepam vs oxazepam, anxiety, psychiatric outpatients, 3952
halazepam vs oxazepam vs placebo, anxiety, anxious neurotic outpatients with mean age of 32.6 yrs, 3955
hypertensive disease & DSM-III diagnoses of depression, psychiatric outpatients, 12853
MMPI profiles & severity of brain damage & neuropsychological assessment, 17–64 yr old patients with known or suspected brain damage vs mental health outpatients, 7077
social support networks, life events & social adjustment & depressive symptoms, 19–71 yr old depressed outpatients, 5755
suicidal behavior, psychology clinic outpatients vs Ss interviewed at shopping center, 12929
telephone prompting, attendance at outpatient clinic & appointment keeping, psychiatric outpatients, 1719
trazodone vs imipramine, treatment of depression, outpatients, 8559
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158
80 vs 160 mg/day halazepam vs placebo, anxiety, anxious neurotic outpatients, 3944

Ovariectomy
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
estrus cycle & ovariectomy, fat intake, female hamsters, 12197
prepubertal ovariectomy, scent gland development & scent marking & aggressive behavior, female monkeys, 590
presence of intact vs castrated vs ovariectomized juveniles, aggressive interactions, adult male rats, 2993

Overachievement (Academic) [See Academic Overachievement]

Overlearning
long vs short durations of positive practice overcorrection, reduction of off-task behavior, mentally retarded 10.9–13.6 yr olds, 1567
overtraining, morphine-induced reduction of classical aversion CRs, male rabbits, 12297

Overpopulation
analysis of overcrowding & disciplinary problems in Texas prison system, 13400

Overweight [See Obesity]

Ovulation
testosterone-treated castrated males & androgenized ewes & intensity & duration of stimulation & number & libido of "teasers," effectiveness at inducing breeding activity & ovulation, anovular ewes, 562

Oxazepam
benzodiazepine ethyl ioflazepate vs oxazepam, anxiety, 11.5–55 yr olds, 1638
halazepam or oxazepam, withdrawal effects, patients with anxiety neurosis, 6277
halazepam vs oxazepam, anxiety, psychiatric outpatients, 3952
halazepam vs oxazepam vs placebo, anxiety, anxious neurotic outpatients with mean age of 32.6 yrs, 3955

Oxidases [See Also Monoamine Oxidases]
neuroleptics, platelet MAO & plasma amine oxidase, 19–27 yr old chronic schizophrenic patients, 1626

Oxilapine [See Loxapine]

Oxygen
dive compression rate, effect of trimix of helium & nitrogen & oxygen on high pressure nervous syndrome tremors, 24–40 yr old experienced divers, 9716
ethanol concentration, blood oxygen & carbon dioxide & pH & respiration rate, long sleep & short sleep mice, 7590
hypoxia induced by pure nitrogen vs nitrogen-oxygen, transient amnesia with vs without seizures, male rats, 2915
post-hypoxic hyperoxia, prevention of amnesia induced by hypoxia, male rats, 2916

Oxygenation
plasma catecholamines & blood pressure & heart rate & oxygen saturation & respiration & sleep patterns, obstructive sleep apnea, 55 yr old female, 6039

Oxytocin
acquisition & retention of passive avoidance behavior & shock intensity, arginine-8-vasopressin & oxytocin & neurophysin levels in CSF & plasma, male rats, 5120
icv arginine vasopressin fragments vs oxytocin vs oxytocin fragments, pressor response & bradycardia induced by electrical stimulation of mesencephalic reticular formation, male rats, 5251
levo-propyl-levo-leucyl-glycineamide, retention of previously learned aversive response, chickens, 633
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
vasopressin vs oxytocin, conditioned avoidance response, Brattleboro rats, literature review, 3099

Pain [See Also Aphagia, Back Pain, Headache, Migraine Headache, Muscle Contraction Headache, Psychogenic Pain]
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565
amino-terminal fragments of substance P, naloxone-reversible antinociception, male mice, 695
amitriptyline, treatment of chronic intractable pain, patients, 1656
applied relaxation training, chronic pain patients, 6214
basic physiology & psychological effects of pain, animals, implications for experimental ethics in animal research, 316
behavior therapy & hypnosis & psychodynamic psychotherapy, pain relief, 41 yr old female with systemic lupus erythematosus, 8406
biofeedback & relaxation & operant conditioning & cognitive behavioral treatment, chronic pain, literature review, 13251
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
childbirth educator communication skills training, postpartum reports of pain during labor, new parents, 6314
clinical psychology, treatment of chronic pain, Great Britain, 3781
concept & psychotherapeutic treatment, pain-prone patients, 3852
construction & reliability & validity of UAB Pain Behavior Scale, chronic pain patients, 7062

depression & anhedonia & illness behavior & pain estimate, patients with chronic facial & back pain, 13049
diagnostic subgroup & depressive symptomatology, depressed patients reporting pain as symptom, 8173
efficacy of new scoring method, McGill Pain Questionnaire, 32–84 yr old cancer patients, 11660
EMG & temperature biofeedback, phantom limb pain, 51 yr old male, 8543
factorial structure of Revised German Multidimensional Pain Scale, differential therapeutic measures for predomination of sensory vs affective aspects of pain, Ss with clinical symptoms of pain, 9322
hierarchical clustering of MMPI profiles, female pain patients, replication of experiment by C. K. Prokop et al, 4819
hypnosis in treatment of pain, literature review, 8594
hypnotic imagery, pain, 27–54 yr old cancer patients, 10886
instruction to return to work as treatment component, work resumption, workman's compensation patients with chronic pain, 1840
item level & subscale analyses, Hypochondriasis & Depression & Hysteria & Defensiveness scales of MMPI, chronic pain patients with mean age of 44.1 yrs, 7074
marital relations & sexual dysfunction & spouse emotional illness, patients with hypochondriasis vs chronic pain vs obesity vs myocardial infarction, 12760
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
noxious radiant heating of hindfoot skin, inhibition of dorsal horn responses by medial preoptic & septal stimulation, cats, 434
outpatient management of pain, implications for role of anesthesiologists, 13303
pain as sensory indication of presence of life, 39 yr old male headache sufferer, implications for hypnoanalysis, 8593
pain, facial expressions & soothing time required, infants with mean ages of 2.1–19.2 mo, 5438
pain, patients with far-advanced cancer, 3766
pain relief associated with religious visitation, 68 yr old Black female partial colectomy patient, 8611
pain-induced vocalization, evaluation of pain, prelingual children, literature review, 1391
perioperative teaching, coping & anxiety & recovery & pain & satisfaction, 18–65 yr old patients & nursing staff, 8612
personality styles associated with patterns of depression, 26–57 yr old chronically ill patients with asthma & tuberculosis & pain, 13007
personality traits, volunteers for painful experiments, 5686
plasma arginine vasopressin during ischemic muscle pain vs mental task, male college students, 7469
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
prevalence & personality correlates & treatment outcomes, chronic pain patients with alexithymia, 3737
psychiatric factors, development & treatment of chronic pain, 1383
psychosocial & hypnotic interventions, pain management, 25 & 29 & 53 yr old female patients, 8588
sex & age, description of pain, hospitalized vs nonhospitalized 9–12 yr olds, 1423
sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614
similarities in family & personal history & treatment outcome, depressed vs nondepressed 23–67 yr olds with chronic pain, 10607
social & vocational rehabilitation, chronic pain, literature review, 6453
social adjustment & psychological characteristics, chronic pain patients, 3746
social reinforcement & modification of type & dosage & time of medication, chronic pain, adults, 1671
sociocultural factors, cupping as indigenous treatment of pain, Finland, 1711
transcutaneous electrical nerve stimulation, acute orofacial pain, 19–54 yr old dental surgery patients, 10907
vicarious experience & stimulus intensity, pain & work avoidance, female college students, 9755
Western history & current models & treatment & empirical methodology, pain, literature review, 13123
Pain (Psychogenic) [See Psychogenic Pain]
Pain Perception [See Also Analgesia, Pain Thresholds]
ascending efferent projections to forebrain from midbrain periaqueductal gray, squirrel monkeys, support for hypothesis of periaqueductal gray as integrator of nociceptive & visceral & cognitive functions, 12111
constant-current &/vs constant-voltage shock, skin resistance & S rating of intensity, college students, verification of preparatory-response hypothesis, 2884
construction of questionnaire, description of pain experience, 8–15 yr olds, 11721
depression & anhedonia & illness behavior & pain estimate, patients with chronic facial & back pain, 13049
electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
factorial structure of Revised German Multidimensional Pain Scale, differential therapeutic measures for predomination of sensory vs affective aspects of pain, Ss with clinical symptoms of pain, 9322
hereditary sensory neuropathy, 4 yr old male & 9 yr old female, 6038
immobilization stress, pain sensitivity & responsivity in 2-choice 2-shock discrimination task performance, male rats, 2919
learned helplessness indicators, effect of lumbar sympathetic nerve blocks with bupivacaine vs saline on subjective pain intensity, chronic low back pain patients with mean age of 43 yrs, 8283
morphine, stimulation of release of endogenous opiates, mice & rabbits, 7578
morphine vs naloxone, latency of hot plate induced foot movement, terrestrial snails, 12286
neural network model of pain mechanisms, 182
neurotoxin triethyl lead chloride, activity & tailflick latency & avoidance task, male rats, 12325
nociceptive receptor stimulation, hyperalgesia of glabrous vs hairy skin, monkeys, 7113
pain sensitivity, 20–67 yr old obese Ss, implications for endogenous opiate control of ingestive behaviors, 13052
personal history of pain & coping strategies, college students, test of fear-avoidance model of exaggerated pain perception, 13081
prednisolone, water intake & nociception & locomotion & grasping responses & body weight, male rats, 3087
psychosocial factors in exaggerated pain perception, development of fear-avoidance model based on multidisciplinary treatment of chronic low-back pain, 13044
role of vasopressin & ACTH in hyperalgesia & analgesia deficits, homozygous Brattleboro vs normal rats, 3005
skin conductance level & heart rate prior to & during & after cold pressor task & responses to McGill Pain Questionnaire after task performance, male college students, 7457
spinal & trigeminal nociceptive mechanisms, literature review, 12083
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds
attention to vs distraction from sensory aspects vs expression of emotions associated with painful stimuli, pain thresholds & tolerance & distress, male college students, replication & extension of work of H. Leventhal et al, 4839
awareness, pain tolerance, humans, 12158
central injection of substance P & neurotensin antisera, thermal pain threshold & shock reactivity, male rats, 9797
ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
cold pressor vs arithmetic-induced stress & naloxone, pain thresholds, humans, implications for role of endogenous opioids in pain tolerance, 7459
content & length of cognitive pain-control strategy instructions, pain tolerance, college students, 7487
humane behavioral test, tolerance for aversive mechanical stimuli, sympathectomized cats, 9789
hypothalamic arcuate nucleus lesions, regulation of mesencephalic opiate receptors & pain sensitivity, mice, 9748
icv neurotensin & morphine, attenuation of thyrotropin-releasing hormone-induced wet-dog shakes, male rats, 9805
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
intrathecal substance P analog, nociceptive thresholds & motor function, male rats, 9853
iontophoretic application of 5-HT to nucleus raphe magnus, nociceptive thresholds & neuronal firing rate, rats, 5219
kindled seizures, tail withdrawal vs single vs multiple squeaks as measure of pain sensitivity & blockade by naloxone, male rats, 2360

naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
neurotensin & related peptides, hypothermia & pain sensitivity, mice & rats, 9801
neurotensin, open field & active & passive avoidance & footshock sensitivity & amphetamine induced locomotor activity, male rats, 9866
neurotensin spinal localization & physiological modulation of release & pain threshold elevation antagonism by naloxone, cats, 9684
pain sensitivity & coping strategies, dysmenorrheic vs nondysmenorrheic female college students, 1325
prolyl-leucyl-glycinamide vs naloxone, morphine analgesia, goldfish, 3017
solid state circuit, tail-flick measurement of thermal pain sensitivity, rats & mice, 11632
substance P vs partial substance P homologue eledoisin-related peptide, RT to painful stimulation, male rats, implications for chronic pain syndromes, 709
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
Painting (Art)
cognitive-affective defenses & controls & coping modes & personality & artistic styles, 32–58 yr old painters, 5657
Paired Associate Learning
active searching for common elements in stimuli, paired associate learning vs categorization of geometric figures, college students, 4908
auditory &/vs visual stimulus pairs, inter- & intrasensory paired vs serial recall errors, 9–13 yr old males in normal vs primary vs secondary reading diagnostic groups, 12969
BASIC program for study of paired associate learning, 4690
BASIC-PLUS-2 programs, control of serial paired-associate learning experiments, 11610
differentiating cue noun & semantic similarity of stimulus adjectives, interference in paired associate learning, 2653
elaborative strategy used during acquisition, learning speed, college students, implications for general theory of paired associate learning, 11907
field dependence-independence & paired associates task, flexibility of information processing & memory recall, college students, 11875
generality of retention interval model of performance differences between anticipation & study-test methods, paired associate & verbal discrimination learning, 7189
incidental pair rehearsal & rehearsal interval & expectation of interruption, recall & recognition & pair memory & associative learning, college students, 4955
instructions to retrieve mediator from interactive pictures of paired associates, recall of paired associates, preschoolers & kindergartners, 5390
meaningfulness & white noise, intentionality of recall on paired associate task, male college students, 4942
noise & orienting instructions with nonassociated vs associated words, free recall, college students, 295
pair difficulty & variables that influence difficulty, paired associate learning, college students, 2660
paired associate learning strategies, French vocabulary test results, 1st & 3rd yr comprehensive school students, 9001
paired-associate learning test vs 10-word-list recall test, assessment of dementia, residents of homes for elderly with impaired memory compatible with Alzheimer's dementia, 1167
personal associations, lexical decision task performance, college students, 4945
reinforcing "right" vs "wrong" outcomes on paired associate learning task, subsequent responses, 7184
visual imagery training, paired associate learning, 20 yr old male with sectioned corpus callosum, 13071
Pakistan
perceptions of concepts "Skylab" & "America" prior to expected fall of Skylab, college students, Pakistan, 1015
Palsy [See Paralysis]
Pancreas
ip injections of antibodies to pancreatic glucagon, increase in meal size & duration, male rats, 659
Pancreozymin [See Cholecystokinin]
Panic
characteristics & physiological correlates & treatment, panic disorder, literature review, 3578
dexamethasone suppression test, panic disordered & depressed patients, 10394
dexamethasone suppression test results, 21–61 yr olds with panic attacks, 12868
imipramine, agoraphobics with vs without panic attacks, comments on studies by C. M. Zitrin et al & I. M. Marks et al, 6265
Research Diagnostic Criteria vs Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, diagnosis of depression & schizophrenia & manic & panic & anxiety disorders, 10339
Papua New Guinea
attitudes about communicative efficiency & social aspects of Tok Pisin pidgin language, indigenous vs expatriate speakers, Papua New Guinea, 732
development of strategies for studying texts, college students, Papua New Guinea, replication of A. L. Brown & S. S. Smiley's study in US, 6675
discriminative power & internal consistency & content validity of use of pictorial items on attitude measure, attitude measurement across language-culture groups, college students, Papua New Guinea, 2465
ethnographic relationship between structure & communication as exemplified by Paiela counting system, Papua New Guinea, criticism of C. R. Hallpike's thesis on primitive thinking, 5254
principle of circular causality, relationship between individual & culture & environment, Papua New Guinea, 10136
validity of survey methodology, estimated prevalence of physical & intellectual & behavioral handicap in Third World populations, Papua New Guinea, 45
Parachlorophenylalanine
dextroamphetamine & nembutal & alpha-methyl-tyrosine & parachlorophenylalanine, sleep-related spike activity & ventral hippocampus spikes, tortoises vs cats, implications for spike potentials as common electrophysiological signal of sleep, 12275
dextroamphetamine vs levamphetamine, motor activity, male rats pretreated with pargyline vs parachlorophenylalanine vs alpha methylparatyrosine, 5220
icv CSF transfer from normal vs paradoxical sleep-deprived cats, restoration of paradoxical sleep & slow wave sleep increase, parachlorophenylalanine pretreated insomniac cats, 3082
parachlorophenylalanine, electrocortical synchronization following acute midbrain reticular deactivation, cats, 9727
parachlorophenylalanine, mediation of cancer anorexia, female rats, 627
parachlorophenylalanine, shock-induced aggression & pressing responses, male rats, 692
parachlorophenylalanine-induced depletion of 5-HT levels, depression of self stimulation, male rats, 3031
parachlorophenylalanine-induced 5-HT depletion & sound level, defecation & ambulation in open field, rats, 5209
pargyline & parachlorophenylalanine, accumulation of parachlorophenylethylamine in brain, male rats, 5185
Paradigmatic Techniques [See Paradoxical Techniques]
Paradoxical Sleep [See REM Sleep]
Paradoxical Techniques
explicit demand in paradoxical intention instructions, sleep onset, 18–55 yr olds with sleep onset insomnia, 8395
formula for becoming victim, prevention of mental disorder, 8360
paradox vs therapeutic technique, literature review, 6096
paradoxical interventions, vocational decision making, indecisive 20 yr old male college student with overly involved father, 4417
paradoxical techniques, psychiatric disorders, 22 yr old female with personality disorder, literature review, 10729
uses of paradoxical communication as interpersonal influence in family therapy, 3863
Paragraphs
given-new strategy of H. H. Clark & S. E. Haviland, readability & retention of natural expository paragraphs, high school students, 830
Paralysis [See Also Cerebral Palsy, Hemiplegia, Paraplegia, Parkinsons Disease]
infantile cerebral paralysis, compensatory personality mechanisms, children & adolescents, 10635
ophthalmoplegia in Fisher's syndrome, 8290
physical handicaps, social relationships, normal vs heart diseased vs paralytic 10–17 yr olds, 5976
Paralysis (Hysterical) [See Hysterical Paralysis]
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions), Nurses, Physical Therapists, Psychiatric Aides]
coping strategies, dealing with death & dying, paramedics & emergency medical technicians, 4180

Paramedical Sciences [See Audiology, Nursing, Optometry, Pharmacology, Physical Therapy, Psychopharmacology]
Parametric Statistical Tests [See Also F Test, T Test]
testing distributional assumptions in parametric statistics, 2554
time & error measures of human performance, reply to J. M. Childs's criticism of optimal-pessimal paradox, 11732
Paranoia (Psychosis)
skin conductance responses, schizophrenic & paranoid psychotic 19–44 yr olds, 12772
structural analysis of delusional systems, female paranoid patients, 3573
Paranoid Personality
incidence of paranoia & uncooperativeness & verbal abusiveness of Alzheimer's patients & level of depression of caretakers, 10552
paranoia & pathological whining, psychopaths, 5819
powerlessness & belief in external control, paranoia, 18–65 yr olds, 12842
telephone therapy, extension of psychotherapy to unreachable clients, paranoids & phobics & borderlines, 8698
validity of obvious vs subtle MMPI Paranoia subscales, prediction of paranoid behavior, male college students, 7037
Paranoid Schizophrenia
analysis of C. B. de Holanda's "Little Yellow Riding Hood" according to M. Klein's theories of schizophrenic paranoia & depression, 12352
attemped suicide with Drano, paranoid schizophrenic 50 yr old male, 5812
automated examination & diagnosis, 23 yr old paranoid schizophrenic outpatient, 8153
cholecystokinin, symptoms, 24–49 yr old chronic paranoid schizophrenics, 6272
convergent & discriminant validity of Whitaker Index of Schizophrenic Thinking, measurement of schizophrenia & severity of disorder, paranoid vs nonparanoid schizophrenic patients, 7049
death by asphyxiation, 20 yr old paranoid schizophrenic male in seclusion, 10405
delusional beliefs, foreign body ingestion, 32 yr old chronic paranoid schizophrenic male, 5754
diagnosis & prognosis, adolescents with paranoid vs psychopathic schizophrenia, 5750
diagnosis of paranoid schizophrenia, 41 yr old female with multiple sclerosis, 5695
diazepam, symptoms, paranoid schizophrenics, 6274
lateral brain ventricular size, 22–50 yr old hebephrenic vs paranoid vs undifferentiated schizophrenics, 3529
letter naming & dot enumeration of unstructured & structured arrays, assessment of information processing strategies & hemispheric specialization & thought processes, 18–60 yr old paranoid & nonparanoid schizophrenics, 8139
optical illusion test, paranoid schizophrenics, 12814
paranoid schizophrenia & homosexuality, 23 yr old male, 8095
role of therapist as mentor, therapist & 57 yr old paranoid schizophrenic male, 6139
scores on neuropsychological measures, acute paranoid schizophrenic female, 10433
temporal & amplitude cues, auditory lateralization, paranoid vs nonparanoid schizophrenics vs normal 62–80 yr olds, 12771
thiothixene therapy, nightmares, 27–68 yr old females with paranoid schizophrenia & depression with paranoid delusions, 10869
Paraplegia
attitudes toward alcoholic vs mentally retarded vs paraplegic vs schizophrenic clients, vocational rehabilitation counselors, 4156
sport therapy, psychoneurotic personality traits of anxiety & obsession & somatization & depression associated with athletic activity, 13–49 yr old athletic & nonathletic paraplegics, 1480
Paraprofessional Education
evaluation of paraprofessional cotherapist training model, educational behavior therapy, students & basic education teachers & parents & educators of mentally retarded, 4230
mental health training program, Indian & Alaska Native paraprofessionals, 8887
training & use as paraprofessionals for teaching severely handicapped children in developmental day care center, 54–81 yr old retired females, 2101
training in paraprofessional Christian counseling, 13466
Paraprofessional Personnel [See Also Attendants (Institutions), Paramedical Personnel, Physical Therapists, Psychiatric Aides]
addition of staff employment specialists, clinic functioning & client outcomes, drug abuse treatment programs, 8824
employment specialist on staff of drug abuse clinic, drug use & retention & employment, clients, 8827
job description, technical level social service workers, 8848
mental health training program, Indian & Alaska Native paraprofessionals, 8887
paraprofessional training as weight management specialist & involvement in specialist role, weight loss & maintenance & self esteem & well being, 20–65 yr olds, 8924
paraprofessional-led assertiveness training, self actualization & assertiveness, 18–37 yr olds, 6223
Parapsychological Phenomena [See Also Clairvoyance, Extrasensory Perception, Precognition, Psychokinesis, Telepathy]
applications of biolocation, determination of oil deposit boundaries, USSR, 2319
classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
cognitive complexity & paranormal beliefs, college students, 12745
coincidences as spontaneous psychic phenomena, literature review, 11513
correlates of belief in parapsychological phenomena, university professors, 13508
definition of numinous experience in work of Jung & frequency of occurrence of archetypes & role of numinous images & rituals in psychic change, implications for psychotherapy, 6926
detection of & research on exceptional human body radiation, 7
distinctions between culture & nature & view of supernatural, Susu, West Africa, 7868
dowsing & sensitivity to magnetic fields, literature review, 2311
dowsing, detection of voltages on overhead wires, 2318
existence of biofields used to explain parapsychological phenomena, 13
gentle stroking of nitinol wire, paranormal deformations & altered memory of wire, 13 yr old male, replication of study of E. Byrd, 2321
hypnotic responsiveness, childhood & adult memories & fantasies & psychic experiences, 19–63 yr old females, 2322
imagery ability, out-of-body experience & lucid dreams, college students in parapsychology & psychology courses, 11509
interpretation of veridical apparitions as evidence of survival after death, literature review, 11517
intuitive consensus as methodology for generating scientific information, 2313
measurements of nen-field by use of silicon diode, parapsychologically gifted S, Japan, 2317
mediumship of E. Palladino, England, 11511
mental influence, computer pseudo-random number generation, 11515
near death experiences, work of E. Kubler-Ross & R. Moody, 7213
paranormal abilities, 34 yr old male, Brazil, 2320
paranormal beliefs & trait anxiety, college students, 5689
parapsychological powers of N. Kulagina, USSR, 2308
personal value transformations & suicidal ideation, survivors of near-death experiences, 4612
poltergeist activity & automatic writing & psi ability, case of M. Manning, 4611
psi experiences as unconscious coping mechanisms, impact of cultural & technological change on psi conditioned behavior, members of primitive vs nonprimitive societies, 6908
psychic energy experiments using Yoga techniques, 2315
report of poltergeist activity, home owner, England, 11512
role of healer vs patient, EEG power during psychic healing, adult male, 2312
role pressures & personal maladjustment & social protest, spirit possession, 25–38 yr old females, Trinidad, 3507
similarities between qigong meditation & ESP abilities & relation to acupuncture & health care, 8
somnambulistic hypnotic state, heightened suggestibility & paranormal capabilities, 11
supersensible/spiritual dimension, societal & organizational & group & individual development, implications for management training, 9156
theory of formative causation & existence of morphogenetic fields, implications for nature of memory & psychical research, 6910
Parapsychology [See Also Clairvoyance, Extrasensory Perception, Parapsychological Phenomena, Precognition, Psychokinesis, Telepathy]
anthropology of magic & parapsychological research, literature review, 11519

attitudes toward ESP & parapsychology & anomalous experience, scientists, 2314
cryptomnesia & parapsychology, literature review, 11518
current status of research in parapsychology, 4610
existence & nature of psi & individual survival of mental function after death, proposal for establishment of commission of inquiry on parapsychological issues, 4608
history & current research, parapsychology, 4614
history of anomalistic psychology & comparison with parapsychology, US, 2324
mental imprints & parapsychology, 10
research of scientist F. Kahuda & revival of interest in parapsychology, Eastern Europe, 9
use of term "psychometry" in parapsychology, 12
Parasitic Disorders
incidence of chronic parasitic blood infections & quality of striking display, passerines, implications for mechanism of fitness heritability in mate selection, 373
parasite resistance, evolution of plumage coloration, birds, criticism of W. D. Hamilton & M. Zuk's hypothesis, 2803
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]
parasympathetic rebound following EMG biofeedback training for back & leg pain, 40 yr old female, 8506
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parent Child Communication
age differences, listening preference for rhyme vs tone vs baby vs adult talk by mother, Down's syndrome vs normal infants at developmental ages of 9 vs 18 mo, 5901
age of child, maternal speech characteristics in book-reading context, mothers & their 1.5–6 yr olds, 1000
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
attitudes toward their "open" marriages & disclosures to their children, parents, 10172
brief parent training, application of behavioral procedures to instruction & child learning of intellectual skills, parents & their 2.5–5 yr olds, 1553
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
complexity of maternal verbal output, verbal performance, 20–24 mo olds, 7756
conversation between mothers & their children, reply to criticism by L. Olsen-Fulero, 973
description style in referential task, child's communication task performance, 4 yr olds & their mothers vs teachers, Japan vs US, 3187
development of vocal interactions, Down's syndrome vs normal infants from birth to 6 mo & their mothers, 5888
fetal-material communication as model for mother-child communication & psychopathology, 3483
frequency & type of fantasy in maternal speech, mothers & their 12–27 mo olds, 976
functional & referential changes in maternal speech, mothers and their infants at age 3 & 6 mo, 984
imaginative play & role of caregiver, development of oral language, preschool age children, 10028
infant age, characteristics of maternal speech, mothers & their infants at 4 vs 12 vs 24 mo, 993
intelligibility of words spoken to adults vs 1.8–3 yr old children, college students, implications for children's speech perception studies, 9943
interaction with mother under seeing &/vs hearing conditions, affect, 3 mo olds, 5346
letters from mothers of schizophrenics vs female nonschizophrenics, ratings of similarity to letters received from their own mothers, schizophrenic vs nonschizophrenic patients, 5807
methylphenidate, interpersonal speech patterns, hyperactive males with mean age of 9.2 yrs & their mothers, 3936
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
mother-child conversations as mode of informational exchange, criticism of study by C. J. Howe, 983
mother-child interaction & communication, hearing mothers & their deaf vs hearing 3–6 yr olds, 3715
parental facilitation of child's preparatory play with stress-relevant materials, 4–9 yr olds preparing for elective surgery & their parents, 10906
parental language patterns, autistic 29–74 mo olds, 10443
parental speech during free play with child, mothers vs fathers & their 1.5 vs 2.5 vs 3.5 yr olds, 979
presentation context & object category, selection of category names in naming objects for 2 vs 4 yr old children, mothers, 12459
quality of language addressed to Down's syndrome children from age 12–24 mo, mothers, 5910
referential-expressiveness of infant, communicative intent & focus of attention & evaluation characteristics of maternal speech, mothers & their 1.3–1.7 yr olds, 959
sex of child vs parent, kind of parental directives used in construction task, 2.5–5 yr olds & their parents, 955
speech patterns with 1st born 3 yr old son, mothers vs fathers, 5538
spontaneous action-directives to 1.5–3.5 yr olds, mothers, 10164
structure of parental speech to infants prior to 8 mo of age, parents & their 1st born infant, longitudinal studies, 3282
syntactic & conversational characteristics during interaction with their 2 yr olds, fathers vs mothers, 974
syntactic & discourse & communicative functions of maternal speech, language development, 1.9–2.1 yr olds, 10018
taxonomic level of nouns used in speech to young children, nursery school teachers & their 2–4 yr old students & mothers & their 18–30 mo old children & college students, 9947
verbal & concomitant nonverbal components of directives to 10 & 18 mo olds during play, mothers, 10162
Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]
aftercare, parents' use of community based resources & parenting skills & parent-child relations & child's adjustment, 10–15 yr old males discharged from residential treatment, 13386
age & intelligence & physical fitness & self concept & parent-child relations, creative thinking abilities, gifted elementary & junior high school students, Taiwan, 802
age & physical problems & rejection by perpetrator & misbehavior of child & sex & race & discipline attitudes of perpetrator, severity of child abuse, criticism & reanalysis of D. Gil's & J. R. Seaberg's studies, 3594
age at childhood separation due to child vs parent illness vs parental discord vs war evacuation, depression & anxiety & morbidity, 18–64 yr olds, 1217
age, self image & attitudes toward solitude & heterosexual relations & friendship & relations with parents & authority, Ss with mean age of 11.4 vs 13.5 vs 15.6 vs 17.5 yrs, 7796
attachments to peers & parents, delinquent behavior, 10–18 yr old males, test of social control vs differential association learning theories of causes of delinquency, 8190
attention to mothers & appearance of having fun during interactions, high risk infants, 5704
attitudes toward daily interaction with intellectually handicapped 1.7–11.8 yr olds, parents, Australia, 10532
bidirectional influences between parents & children, compliance & attachment, male 2 yr old twins &/vs singletons & their parents, followup at age 9, 7888
birth order & sibling sex, parental support & involvement with sons vs daughters, 12–16 yr olds, 12565
Brazelton Neonatal Assessment Scale, recognition of infant capabilities & cues & parent-infant interaction, parents of hospitalized high-risk newborn infants, 6324
childrearing practices, Hispanic parents, implications for school psychologists, 4402
child's psychotherapy, persistence in treatment & parent child relations, parents, 13146
circumstances surrounding occurrence of physical abuse & emotional cruelty & neglect, 0–17 yr olds, 5857
congruence of parent-child sports values, child self esteem, children participating in National Youth Sports Program, 3241
description of motor behavior during interaction, parents & their 1.5–4.3 yr olds, 7870
development & validity & reliability of Parent Affect Test, assessment of child behaviors causing anger vs pleasure in parents, couples with 2–11 yr olds, 9347
early parental behaviors & coping styles, Type A behavior, male vs female graduate business students, 12691
evaluation of intensive services project vs regular agency protective services, parents with children at risk for foster placement, 1-yr followup, 4055
family relationships following divorce, parents & children, 975

family structure & parental & household characteristics & parent-child relationships, prediction of delinquency, parents & their male vs female 13 yr olds, 1239
importance of learning childrearing skills to foster character development in children, parents of preschool children, 3305
importance of various home-leaving indicators, late adolescents, 10069
intensity & situational modulation of punishment by parents, male vs female children with mean age of 11 yrs, 12548
menarche, identification with mother & relationship with father, females, 761
modeling, parenting & infant development, 29 yr old father & 26 yr old mother & 6 yr old son & 8 mo old daughter in treatment for son's behavior problems, 6169
mother's vs father's behaviors toward their children, prosocial behavior, 36–72 mo olds, 10071
neighborhood & parental support & income & educational level, academic achievement, 1st graders, 11233
nonshared within-family environmental variation, IQ, children, 5381
parent child interaction & attitudes, parents of brain damaged vs Down's syndrome 1.7–11.8 yr olds, 1131
parent coping behavior & functioning & infant temperament, 19–48 yr old mothers & fathers of 2–3 mo olds, 997
parent smoking behavior & self esteem & attitudes toward school, smoking activity, 5th & 6th graders, 5414
parental authority & attitudes toward marriage & dowry, female college & graduate students, India, 10170
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
parental perceptions of child's temperament, implications for parent child relations & psychosocial development, response to criticism by A. Thomas et al, 864
parental vs own perception of self image, 15–17 yr olds, 3246
parental vs peer influence, religious orientation, 16–18 yr olds, Australia, 5425
parenting skills & substance abuse education program, family environment & sensitivity toward & acceptance of children, parents, 13576
pathological triangular fusion & perverted & persistent triangular relations, parents & children, 3550
peer vs parental influence & orientation, sexual behavior, 14–19 yr olds, Nigeria, 5455
perceptions of parent caregiving behavior, 7 yr olds & their parents, 981
pre-birth parent characteristics & parent-infant & infant behavior during 1st yr, parent-child interaction & infant development, 1 yr olds, 883
problems in parenting gifted children, 7880
race & locus of control & self esteem, prediction of parent vs peer orientation, Black vs White 12th graders, 10045
rating scale, measurement of job time-demands conflicting with time for family responsibilities, employed divorced mothers with children under 13 yrs of age, 7040
role of family in sex education, literature review, 7904
role of pet dog, adolescent conflicts & bonds with parents & transference, 19 yr old patient, 13165
roles assumed during in-home interactions, parents & their 4–7 yr olds with Down's syndrome, 8264
school-based Parent Effectiveness Training program, self confidence & relations with children, parents of learning disabled 4th–6th graders, 4404
separation as family developmental task & role of family therapy, families with adolescent or young adult children, 10765
sex role orientation & parental childrearing practices, female college students, 10208
symbolic interaction in parent-child relations vs social learning variables, self esteem, adolescents, 10074
symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
systems approach to planning guidance programs, parents of gifted children, 1560
topic variation, level of agreement, surveyed parents & their adolescents, 10058
traditional vs nontraditional paternal involvement in childcare & security of mother- & father-infant attachment, sociability with strangers, 11–13 mo olds, Sweden, 891
type & severity & victim of children's transgressions, maternal discipline, mothers of female vs male 7–9 yr olds, 7884
validity & stability of measurement & use with at-risk groups & effect on caretaker-child relations, temperament, children, literature review, 12483
violent experience in childhood & parental warmth & stressful family relations, intergenerational transmission of family violence, clients reporting violence toward spouse, 5843

Parent Educational Background
measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
neighborhood & parental support & income & educational level, academic achievement, 1st graders, 11233
parental educational level, parent-offspring correlations for spatial ability & rule inference test scores, families, 9600

Parent Effectiveness Training [See Parent Training]

Parent School Relationship
attitudes & program duration, participation patterns in preschool education program, parents, 11219
attitudes about community involvement in collective bargaining with teachers, school superintendents vs school board presidents vs teacher association presidents vs Parent Teacher Association presidents, 11185
dispute over educational psychologists' reports, parents, 13695
family contacts with school, academic achievement & learning attitudes & achievement motivation & effort & attitudes toward school & competency & personality adjustment, 5th graders, Taiwan, 2090
individual preferences, involvement in special vs regular education, parents, 4355
library program as supplement to counselor-teacher work with parents, provision of books on parenting skills, parents of elementary school students, 4282
parent-teacher cooperation, gifted education, 6756
reframing technique in parent conference, school psychologists, 6766
school-family systems orientation, provision of psychoeducational services, multidisciplinary teams, 11321

Parent Training
agency values & staff development & program flexibility & support of parents as primary family life educators, sex education in Colorado's Project RAM, 6368
anger control training, abusive parents, 2–6 mo followups, 1606
attitudes & program duration, participation patterns in preschool education program, parents, 11219
behavioral parent training, children's behavior problems & self help skills, single mothers of physically handicapped 4–10 yr olds, 10771
brief parent training, application of behavioral procedures to instruction & child learning of intellectual skills, parents & their 2.5–5 yr olds, 1553
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
effectiveness & generalization of parent advice package, restaurant behavior, preschool age children, 1552
efficacy of behavior modification vs communications training, parents of hyperactive 6–10 yr olds, 10791
efficacy of home parenting techniques training by childcare worker, parents trying to maintain wardship of their 2 & 4 yr old sons, 10975
evaluation of paraprofessional cotherapist training model, educational behavior therapy, students & basic education teachers & parents & educators of mentally retarded, 4230
evaluation of parent education & communication skills program, fathers of 6–12 yr olds, 8490
evaluation of use of volunteers vs professionals, parent education, 8488
evaluation of video course about mentally handicapped children at play, parents of moderately to severely retarded 2–15 yr olds, 3884
evolution of parent group from directive/educational to autonomous/mutual support structure & purpose, parents of handicapped children, 13654
Family & Child Resource Program, parent-child interaction, mothers aged 19–26 yrs & their 1.4–2 yr olds, implications for early child development, 11196

family characteristics, prediction of outcome of parent training in skill teaching & behavior-problem management, parents with retarded 3–13 yr olds, 1554
generalization & maintenance in behavioral training, parents, literature review, 8535
home-centered instructional strategy utilizing parents & professionals, language learning, nonverbal severely handicapped children, 3978
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
involvement in infant assessment as intervention & education, parents, 11655
library program as supplement to counselor-teacher work with parents, provision of books on parenting skills, parents of elementary school students, 4282
observation methods, assessment of child compliance during behavioral parent training, mothers & their 2.5–7 yr old children, 66
parent behavior modification training, literature review, 3925
parent education, prevention of drug abuse, 6475
parent education up to 1965, US, 3294
parent instruction & 20-day separation from family, speech & language learning, 6 yr olds with speech & language retardation & good vs poor hearing, 10895
parent training, enhanced development, children, implications for school counselors, 4424
parent training in behavior therapy, 1975–81, literature review, 1604
parent training in milieu treatment program, mutual child & parent play & spontaneity & interactive behavior, parents of schizophrenic children, 6053
parent training, prevention of cerebrovisceral regulation disturbances, adolescents, 1768
parent training program, effective reading tutoring, mothers of 8–9 yr old males, 2008
parent training, relationship building skills, mothers & their children with mean age of 39.7 mo, 10773
parenting skills & substance abuse education program, family environment & sensitivity toward & acceptance of children, parents, 13576
physical punishment for enforcement of time out duration, compliance, 2–5 yr olds, implications for parent training, 6196
redecision therapy as combination of transactional analysis & gestalt & psychodrama techniques in preparenting workshop, enhancement of parenting skills, college students, 8486
reframing technique in parent conference, school psychologists, 6766
school-based Parent Effectiveness Training program, self confidence & relations with children, parents of learning disabled 4th–6th graders, 4404
summary of proceedings of 11th World Congress of International Federation for Parent Education, 3791
systems approach to planning guidance programs, parents of gifted children, 1560
toy demonstration vs discussion group parent education intervention, maternal & child development, lower income Black mothers & their 18–44 mo old children, 12499
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
value in socialist society & purpose & methodological principles & limits on success, prophylactic parent training courses, East Germany, 5536
workshop emphasizing transactional analysis concepts, parenting skills, parents & others involved in child care, 8487

Parental Absence [See Also Father Absence, Mother Absence]
age & sex & race & birth order & parental presence & family income level & religion & geographic locale & type of delinquency offense, loneliness, 12–18 yr old delinquents, 5886
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
optimism about future, 12–19 yr olds from intact vs separated or divorced homes vs with deceased parent, 12497
parental marital status, health-risk behavior, adolescents, 9928
psychological development, 1st & 2nd graders in boarding school for parentless children, 2-yr longitudinal study, 6430
social support, single parent families of high vs low achieving 7–18 yr old students, 11231

Parental Attitudes
aftercare, parents' use of community based resources & parenting skills & parent-child relations & child's adjustment, 10–15 yr old males discharged from residential treatment, 13386
age & residence in district with tense vs harmonious race relations & mother's ethnic attitudes, ethnic preferences, White 3–7 yr olds, 8-yr followup, 5460
anxiety about disability & lack of family communication & negative parental attitudes toward handicapped child, emotional maladjustment, siblings of handicapped children, 10329
attitudes & program duration, participation patterns in preschool education program, parents, 11219
attitudes toward children's home language & English language in schools, Muslim fathers in families who came from India, UK, 12347
attitudes toward daily interaction with intellectually handicapped 1.7–11.8 yr olds, parents, Australia, 10532
attitudes toward family evaluation & therapy, parents with children referred to child psychiatry clinic, 6155
attitudes toward instruction in sexuality for sensorially impaired students at Alabama Institute for Deaf & Blind, parents & staff, 9068
attitudes toward preschool mainstreaming, preschool teachers & parents of preschool students, 11259
attitudes toward preschool rehabilitation program involving parent counseling & home instruction in speech & lip reading, parents of hard of hearing children, 6–10 yr followups, 6463
attitudes toward provision of services in home intervention program, parents of Down's syndrome infants, 4020
attitudes toward school curricula, parents of elementary & secondary school students, Japan, 4258
attitudes toward sickness & arguments & tension & social isolation & thinness & growing up & grown up, 13–23 yr old anorexia nervosa patients vs their 36–54 yr old mothers, 13024
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
attitudes toward their "open" marriages & disclosures to their children, parents, 10172
behavioral & demographic correlates, prediction of negative attitudes toward their preterm infants, mothers with mean age of 26.1 yrs, implications for preventive intervention, 5545
cross cultural differences, educational aspirations, Israeli vs Moroccan vs Rumanian parents of 9th graders, Israel, 4311
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
demographic characteristics & parental values & childrearing practices, child development, single mother vs traditional vs social contract families vs communal living groups, 12369
demographic variables & parental separation & maternal perception of child's academic abilities & future success, learning disabled students with mean age of 8.5 yrs, 1314
educational groups, actual vs ideal perceptions of family social outcome, stepmothers & stepfathers with mean ages of 33.8 & 36.8 yrs, 1530
effects of punishment, children, proposals to modify parent & teacher & family attitudes toward punishment, 904
factorial validity of Ideal Child Checklist, middle class parents, 9362
family interaction & parental pride & children's personality adjustment, families with 1 vs both children attending gifted school programs, 757
family relations & parental perceptions of child, families with 6.6–12.8 yr old epileptics vs diabetics, 13015
importance of having children, retired childless vs adoptive couples vs stepparents vs parents vs grandparents vs great-grandparents, 7878
marital & parenting satisfaction, parenting behavior in early infancy, primiparous mothers with mean age of 25.8 yrs vs fathers with mean age of 27 yrs, 5533
maternal life stress & social support & satisfaction with life & parenting, maternal attitudes & mother-child interactions, mothers & their premature vs full term infants, 958
maternal symptoms & attitudes during pregnancy vs postpartum, development, mothers & their male vs female children, 7–8 yr followup, Sweden, 3149
measured vs own vs parents' expressed occupational interests at age 13, prediction of occupational entry, 18 yr olds, UK, 4464
memory & consequences of knowledge of child's average vs above average IQ, parents of 6–15 yr olds, 960
mothers' & children's reactions to child's inpatient treatment, need for separation of child & adolescent from adult psychiatric clinics, 8709
own vs peer vs parent vs community vs religious standards for beer use, incidence of alcohol problems, high school seniors, 10081

parent predictions of child's attributions & trait ratings, parents & their 5–13 yr olds, 7776
parental attitudes about school, expectations, kindergartners entering 1st grade, Israel, 13630
parental awareness, urban vs rural abusive vs nonabusive parents, 12935
parental perceptions of child's temperament, implications for parent child relations & psychosocial development, response to criticism by A. Thomas et al, 864
parental vs own perception of self image, 15–17 yr olds, 3246
parents' & teachers' attitudes, truancy, junior high school students, 13623
parents' expectations, child's academic achievement, literature review, 2064
parents' views, provision of services to handicapped families, parents with mentally handicapped children, Wales, 8671
paternal-fetal attachment behavior & marital relationship, expectant fathers, 12567
perceived career education needs, secondary school students & teachers & parents, 6641
perceived role & function of secondary school counselor, secondary school administrators & counselors & parents & members of community, 11171
perceived values & costs of children, voluntarily childless couples vs parents, Australia, 12543
perception of factors influencing patient-therapist relationship, medical student therapists vs parents obtaining psychiatric evaluations of their 4–11 yr olds, 6150
perception of responsibility for management of diabetes mellitus, 8–17 yr old patients & their parents, 10656
perception of their preschooler's hearing ability, parents of 2–5 yr olds, 1366
perceptions of mother-child relationships, 24–47 yr old mothers with vs without custody of their children, 10151
perceptions of parental behavior, mothers vs fathers vs their 7th grade children, 10155
perceptions of reasons for removal of children from home by legal authorities, neglected 6–16 yr olds & their parents, South Africa, 8234
perceptions of workplace & neighborhood & home & school environment, academic achievement, parents & children, 2066
problems & adjustment, joint custody, parents of 6–18 yr olds, 12560
psychological meaning of pregnancy & fetus/infant, neonatal perceptions & mother-infant relationship & mothering behavior, mother & daughter pairs, 5523
ratings of children's activity level & symptomatic behaviors, mothers of preschool age children with behavior problems including hyperactivity, 3691
self perception & childrearing attitudes & practices & social support, heroin addicted vs nonaddicted mothers, 3592
self vs teacher's vs mother's perceptions of behaviorally-disordered child, 1st–6th graders & their teachers & mothers, 13622
SES & child age & illness, depiction of & ideals for child, mothers of normal vs heart diseased 7.5–8.8 vs 9–10.8 vs 11–13.8 vs 13.9–16 yr olds, 6019
similarity in perception of restrictiveness-permissiveness vs acceptance-rejection dimension of home environment, monozygotic vs dizygotic twins vs same vs opposite sex adolescent sibling pairs, 5466
social desirability, report of marital & child adjustment & parenting attitudes, spouses with 2–13 yr olds, 10161
stress & social support & maternal attitudes & interaction with children, depression, 15–19 yr old mothers, 10354
trust & anger & client characteristics & family dynamics & parental denial of problem, violent adolescents, 8207
views on fatherhood & relations with mother of child, unmarried adolescent fathers, 5434

Parental Authoritarianism [See Parental Permissiveness]

Parental Behavior (Animal) [See Animal Parental Behavior]

Parental Influence [See Parent Child Relations]

Parental Occupation

measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
mothers' employment status & role models used, 25–84 yr old female lawyers, 12590
social class indicated by father's occupation & academic skills, self esteem, 5th–8th graders, replication & extension of M. Rosenberg & L. I. Pearlin's study, 10044

Parental Permissiveness

breakdown of family & parental authority & competitiveness of schools & age group, school phobias, school phobic children, Japan, 8174
similarity in perception of restrictiveness-permissiveness vs acceptance-rejection dimension of home environment, monozygotic vs dizygotic twins vs same vs opposite sex adolescent sibling pairs, 5466

Parental Role

agency values & staff development & program flexibility & support of parents as primary family life educators, sex education in Colorado's Project RAM, 6368
assessment of parental ability to fulfill child's developmental needs, 12563
centrality & control afforded parents, family leaving/staying patterns & satisfaction & communal childrearing attitudes, families living in communes, US, 10150
deinstitutionalization, parental caretaking role & impact on family, schizophrenic & mentally ill patients & their families, 1823
development & psychometric properties of Index of Parenthood Motivation, unmarried 16–30 yr old female college students & childless 21–42 yr olds, 11680
development & reliability & construct validity, comprehensive measure of perceived parental role responsibilities, fulltime college staff members, 7026
development & specialization & recruitment & legal issues & success of foster homes, ambiguity of foster parent role, literature review, 962
deviance & pathology perspective, research on single parent families headed by mothers, literature review, 967
family structure & process, perceptions of parental role, college students, 12557
historical context of role of parent as means of grace, faith development, 10129
humanistic approaches of T. Gordon & C. Rogers, family conflict resolution & socialization of children, 12564
impaired parental functions & problems in interpersonal relationships, latency age children of alcoholic parents, 10488
intensive long-term nursing aftercare, conflict with maternal role & life event stress & understanding needs of child, formerly hospitalized psychotic mothers with children less than 6 yrs old, 10934
maternal employment status, involvement in child care, fathers, Australia, 7894
needs & maintenance as functioning unit, families of offenders, 10509
parental awareness, urban vs rural abusive vs nonabusive parents, 12935
perceptions of parental behavior, mothers vs fathers vs their 7th grade children, 10155
problems in parenting gifted children, 7880
role & contributions of children, social world & life, parents, literature review, 10159
shift in responsibility for child support from public to parents, social work practice, families receiving Aid to Families with Dependent Children, 4045

Parents [See Also Adoptive Parents, Fathers, Foster Parents, Mothers, Schizophrenogenic Mothers, Single Parents, Stepparents, Unwed Mothers]

assessment of program effectiveness, selection of parents at risk for parenting problems & child abuse, 8638
attributions toward teachers vs parents vs schoolmates, 6–11 yr olds, 5446
behavior modification vs nutrition education, changes in percentage overweight, children vs their parents, reanalysis of study by present authors et al, 3913
bidirectional influences between parents & children, compliance & attachment, male 2 yr old twins &/vs singletons & their parents, followup at age 9, 7888
Brazelton Neonatal Assessment Scale, recognition of infant capabilities & cues & parent-infant interaction, parents of hospitalized high-risk newborn infants, 6324
brief therapy with parent of 7 yr old male, implications for school psychologist, 6194
call-in radio program for questions about childrearing & parenting concerns, 713
centrality & control afforded parents, family leaving/staying patterns & satisfaction & communal childrearing attitudes, families living in communes, US, 10150
characteristic symptoms & child's personality structure & defense mechanisms & parental personality & anxiety, hyperkinetic syndrome, 10614

characteristics of family organization & treatment intervention involving parents, suicidal children, 13219
childbirth educator communication skills training, postpartum reports of pain during labor, new parents, 6314
child's psychotherapy, persistence in treatment & parent child relations, parents, 13146
choice of hospital vs home care for terminally ill children, physicians & parents, 8607
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
communication patterns, 7–11 yr old asthmatics & their families, 6042
conflict between teaching & parenting roles, participation in home tutoring program, parents of culturally deprived kindergartners & 1st graders, 4299
death of child from cancer, grief & adaptation, 26–58 yr old parents, 3-yr longitudinal study, 3466
death of parent vs spouse vs child, grief experiences, adults over 50 yrs old, 3310
deinstitutionalization in child & adolescent psychotherapy, newborn child & his parents, 8474
diagnosis & training of deaf children in comprehension & use of sign & spoken language & lipreading, parents of deaf children, 6306
dimensions of parental behavior, parents, 7890
disease-related perceptions, 11–20 yr old cancer outpatients vs their parents, implications for health care delivery & coping behavior, 3992
divorce rate, parents of mentally retarded/genetically handicapped children, 12975
early memories, coping behavior, parents of genetically handicapped children, 1533
evolution of parent group from directive/educational to autonomous/mutual support structure & purpose, parents of handicapped children, 13654
expectations for childhood development, abusing vs nonabusing parents, 1249
experience with children, voice pitch when addressing infant or small child, 21–30 yr old parents vs nonparents, 5267
factor analysis, perceived central components of empathy, parents of 9–12 yr olds, 12717
family oriented psychological intervention program, coping with schooling & financial pressures & information on hospitalization experience, parents of seriously ill children, 4039
family structure & parental & household characteristics & parent-child relationships, prediction of delinquency, parents & their male vs female 13 yr olds, 1239
family therapy in large groups, parents of psychotic patients, 3885
free & appropriate special education & educational environments & individualized education programs & parent involvement in decision making, handicapped children, 4369
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
genetic disposition & genetic association, schizophrenia & Stein-Leventhal syndrome, 55 & 56 yr old parents & their 18–23 yr old daughters, 3498
genetic predisposition to psychological problems related to drinking, adult children of alcoholics, 10467
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
group counseling treatment, 13–17 yr old children of alcoholic parents, 1877
group psychotherapy within school setting, 16–17 yr olds with alcoholic parents, 10758
group therapy, parents of delinquent children, 10747
group work with natural parents, foster care, 13343
group work with parents of children in residential treatment, parent participation in long term planning, 13372
guidelines for use of natural & direct consequences for child's violent behavior, parents, 12556
health & affection & communication in & quality of relationship with adult children, personal & family adjustment, parents aged 61 yrs & over, 7892
health beliefs & behaviors, parents & their 6–17 yr olds, 5294
heart rate & systolic & diastolic blood pressure during rest vs stress, 18–27 yr old sons of hypertensive vs normotensive parents, 519
historical development of public policy, children of alcoholics, 10493
home environment & social class, capacity for voluntary learning, 11–12 yr olds & their parents, 12411
home instruction methods, teaching deaf children English & Hindi, parents, 6752
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
impaired parental functions & problems in interpersonal relationships, latency age children of alcoholic parents, 10488
incarceration of parent, coping, children & family members of inmates, 11026
individual preferences, involvement in special vs regular education, parents, 4355
intensive care nursery liaison program for parent–staff alliance, parents of critically ill infants, 4089
interactions with other parents, parents of handicapped vs nonhandicapped children in mainstreamed preschool, 4339
interrater reliability of behavioral ratings of own vs unknown 4.5–6 yr old, parents, 4667
involvement in social activities & smoking habits of parents & siblings & friends & attitudes toward smoking, risk of smoking, secondary school children, 1-yr followup, 3244
judgments from videotapes of reactions by 3 & 10 mo olds to caregivers vs objects vs being alone, college students vs parents, 5430
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
legal aspects of adoption & search for biological parents, adoptees, 5549
library program as supplement to counselor-teacher work with parents, provision of books on parenting skills, parents of elementary school students, 4282
life change in etiology & dynamics of coercive treatment, child abuse, parents, 8198
low self esteem & confused sense of self & personality maladjustment & low personality integration & personality dysfunction, child abuse, abusive parents with median age of 23.4 yrs, 1227
marital discord & parental psychopathology & knowledge of behavioral principles & tolerance for child deviancy & expectations, families with 4–12 yr olds with behavior problems, 5743
mental health outreach project, high risk parents & their infants, 1735
modeling, parenting & infant development, 29 yr old father & 26 yr old mother & 6 yr old son & 8 mo old daughter in treatment for son's behavior problems, 6169
morbidity risk for psychiatric illness for parents & siblings, patients with schizophrenia vs bipolar vs unipolar depressive vs schizoaffective psychosis, 5841
mother vs father vs child evaluation of severity & duration of child's depression, 6–13 yr old inpatients & their parents, 10379
multidisciplinary parent support group, prevention of child abuse, potentially abusive parents, 3868
multidisciplinary provision of preventative & clinical services, infants & parents with emotional problems, 6364
multiple-family therapy & parallel group therapy at community mental health center, parents & children, 1543
murders of Black youths in Atlanta in 1979–81, responses, Black vs White parents of other children living in Atlanta vs Cleveland vs Tuscaloosa, 12506
necessary information about diagnosis & special education, parents of learning disabled children, 1313
need for parent support system including community services & social expectations, 1754
new findings relevant to genetic counseling, parents of children with Down's syndrome, 1688
new intervention approaches, abused children & their parents, 6076
optimism about future, 12–19 yr olds from intact vs separated or divorced homes vs with deceased parent, 12497
parent alcoholism, health & behavior & learning problems, alcoholic parents with mean age of 36.4 & children with mean age of 9.2 yrs, 1265
parent coping behavior & functioning & infant temperament, 19–48 yr old mothers & fathers of 2–3 mo olds, 997
parent reports & laboratory behavioral observations & cognitive tasks, assessment of hyperactivity & behavior problems, parent-referred 2–3 yr olds, 3690
parent training in milieu treatment program, mutual child & parent play & spontaneity & interactive behavior, parents of schizophrenic children, 6053

parent-as-client orientation, school psychology, school psychologists, comment on A. P. Pantaleno's paper, 11308
parent-as-client orientation, school psychology, school psychologists, comment on A. P. Pantaleno's paper, 11304
parental age, psychosis, 3–19 yr old psychiatric inpatients, 3535
parental images & other factors, homosexuality, 28 yr old male homosexual, 8183
parental social self esteem & social avoidance & distress, interpersonal competence, college students & parents, 7779
parents & teachers as mediators, students with behavior problems, 11320
parents' motivation & psychosocial diagnosis & team's relationship with & reaction to parents, interprofessional treatment team members & parents of hospitalized abused children, 1792
paternal & maternal age at birth, schizophrenics, 10384
perception of parental interest & academic achievement, disadvantaged 4 yr olds, 4309
perception of their preschooler's hearing ability, parents of 2–5 yr olds, 1366
personality anomalies, children with schizophrenic parents, 3520
predisposition to psychiatric disorder, children of parents with major affective disturbances, literature review, 10346
preferences, values to be cultivated in education, parents & students & teachers, 4213
preparation for discharge of mentally retarded & emotionally disturbed children from residential therapy schools, parents, 8719
prevalence of & attitudes toward parent-involvement teaching programs, 1st & 3rd & 5th grade public school teachers, 4262
prevalence of shiftwork, dual-earner couples with children, 11436
preventive interventions, children & adolescents of fatally ill parents, 1689
problems & experiences with parent-involvement teaching programs, 1st & 3rd & 5th grade teachers, 4273
problems encountered in daily life with retarded child, parents, implications for social work counseling, 1772
psychotherapeutic counseling, parents with seriously ill children, 8480
reliability & validity of Parent Perception Inventory, assessment of perception of parental behavior, 5–13 yr olds, 4760
resemblance of IQ to biological vs adoptive parents, 5 to over 10 yr olds, 5363
responsibility & role as clients vs partners in special education, parents, Great Britain, 13664
road-crossing behavior before vs after pedestrian training program, preschool children & their parents, 11222
role of lay therapist in long term treatment, abusive parents, 1526
role of professional, self help groups, bereaved parents, 10772
school-based Parent Effectiveness Training program, self confidence & relations with children, parents of learning disabled 4th–6th graders, 4404
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
self help concept & use in bereavement & theological implications & alternate mode of ministry, Compassionate Friends, parents whose children have died, 13213
SES, choice of parent-caring modality as care provision vs care management, women caring for chronically ill parents & parents-in-law, 8597
sex & experience of loss & academic underachievement & parents' marital problems & intrafamilial violence, suicidal vs nonsuicidal 5.2–13.9 yr olds, 12924
sex & self rating of health, perceptions of parental health status & attitudes toward personal & peers' aging, Ss with mean age of 21.9 yrs, 8044
sex differences, factor analysis of intelligence, parents vs their natural vs adopted 14–22 yr olds, 7727
sexuality training, attitudes toward sexuality of mentally retarded, parents & sheltered workshop & institutional & group home staff & student teachers, 4134
shift in responsibility for child support from public to parents, social work practice, families receiving Aid to Families with Dependent Children, 4045
short form of Questionnaire on Resources & Stress, measurement of stress in family, parents of handicapped & mentally retarded children, 11677
signal detection analysis, identification of positive & negative behaviors in written family scenarios, parents of normal vs problem behavior children, 2373
social networks, adults with vs without children, 3300
speech comprehension, children of schizophrenic parents with mean age of 12.5 yrs, implications for possible defects of interhemisphere integration, 12803
support for parent-as-client orientation, school psychology, school psychologists, 11319
training in behavioral tutoring procedures, reading errors & progress of 11–12 yr old low-progress readers, mothers & classroom teachers, 11273
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371
values, adolescent drug abusers vs parents vs peers, 8180
Vermont Vulnerable Child Project, community-based preventive intervention research, at risk children living with mentally disturbed parents, 6090
workshop emphasizing transactional analysis concepts, parenting skills, parents & others involved in child care, 8487

Pargyline
dextroamphetamine vs levamphetamine, motor activity, male rats pretreated with pargyline vs parachlorophenylalanine vs alpha methylparatyrosine, 5220
metatyrosine & pargyline vs saline pretreatment, behavior & neurochemistry, male rats, 5201
pargyline & parachlorophenylalanine, accumulation of parachlorophenylethylamine in brain, male rats, 5185
pargyline treatment for concurrent depression & hypertension, manic psychosis, 47 yr old male, 8560
pargyline vs tranylcypromine vs nialamide, regulation of food & water intake & body weight, male rats, 3108

Parietal Lobe [See Also Somatosensory Cortex]
anodal polarization of parietal cortex, latent period of salivation as measure of individual characteristics of experimental Ss, dogs, 9763
bilateral lesioning of amygdalocortical projections, conditioned taste aversion learning, male rats, 9779
lesions of medial vs orbital frontal vs parietal cortex, spatial localization, rats, 2979
perception threshold for trains of rapid tactile pulses, 14–70 yr old patients with parietal lobe vs median nerve lesions, 3764
performance on tests sensitive to frontal & temporal & parietal lobe function, schizophrenics with mean age of 28.5 yrs, 12823
presentation of aversive taste vs medial forebrain bundle rewarding stimulation as CS, unit activity in gustatory cortex & amygdala & hypothalamus, rats with conditioned taste avoidance, 9625
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764

Parkinsons Disease
behavior therapy & meditation, levodopa-induced dyskinesia, 44 yr old male Parkinsonian patient, 8540
chronic levodopa therapy, "on-off" effects & akinesia, patients with Parkinson's disease, 8569
clinical criteria, diagnosis of Parkinson's disease vs neuroleptic-induced parkinsonism, 65–70 yr olds, treatment implications, 8564
confusion, Parkinsonian patients with dementia & receiving vs not receiving anticholinergic treatment, 8558
degeneration of components of extrapyramidal system, Parkinson's & Huntington's disease & tardive dyskinesia, literature review, 5966
dementia etiology & severity, confrontation naming ability, patients with Alzheimer's vs Huntington's vs Parkinson's disease, 5941
formation & therapeutic application of artificial stable functional brain connections, dynamics of very slow fluctuations of brain potentials, 40–50 yr olds with rigid tremulous form of Parkinson's disease, 13096
prevalence & severity of cognitive impairment, 52–84 yr old patients with Parkinson's disease vs psychiatric patients, 3739
psychopathological diagnoses, Parkinson patients admitted to psychiatric hospital, 3748
sodium valproate vs biperiden, neuroleptic induced akathisia & parkinsonism & hyperkinetic movements, psychiatric patients with mean age of 37 yrs, 13279
tryptophan deficiency stupor & associated psychiatric symptoms, 49–66 yr old carcinoid & parkinsonian patients, 8322

Parks (Recreational) [See Recreation Areas]

Parochial School Education [See Private School Education]

Parole
categorical vs dimensional coding of causal attributions, prediction of willingness to grant parole & prognosis for rehabilitation & risk of future crime, expert parole decision makers, 4092
establishment of psychological services in probation & parole department, Canada, 1844

medical model, prediction of parole process & parole-reparole outcomes, incarcerated offenders, 13411
parole supervision discharge, recidivism, youths, 11033
Special Supervision Unit, at risk parolees, Australia, 1838
Partial Reinforcement [See Reinforcement Schedules]
Partially Hearing Impaired
acoustic reflex measurement with vs without airtight sealing, 5–31 yr olds with normal hearing vs C-type tympanogram, 6311
addition of sign language pictures & cloze format, reading comprehension, hearing impaired elementary & secondary students in residential program, 9079
age & high frequency hearing loss, auditory brain stem response, 60–80 yr olds vs 18–31 yr olds vs hearing impaired 17–45 yr olds, 3744
articulatory & acoustic variables, voice quality & speech intelligibility, hearing impaired 11–15 yr olds, 8326
attitudes toward preschool rehabilitation program involving parent counseling & home instruction in speech & lip reading, parents of hard of hearing children, 6–10 yr followups, 6463
auditory brain stem EP, diagnosis of pathological hearing adaptation, hearing impaired, 3705
brain stem audiometry, hearing aid selection, hearing impaired children, 3722
definition of lower audiometric frequency limit for reproducible auditory brain stem responses, hearing impaired, 3678
developmental school counseling program, hearing impaired elementary school students, 11332
educational auditory training, hearing impaired children, 13634
evaluation & assessment, hearing impaired bilingual Hispanic preschoolers, 13016
evaluation of program for early identification of hearing impairment, 5 yr olds, Sweden, 10603
hearing impairment & social isolation, community residents over age 65, 6041
hearing levels, levels of acoustic reflex thresholds, 20–89 yr old partially hearing impaired Ss, 3704
hearing thresholds of long vs short duration tones, 44–72 yr olds with noise-induced hearing loss, 1342
high-output hearing aid overamplification, hearing loss, 43 yr old female, 6321
inservice workshop on hearing loss, mainstreaming of hearing impaired children, educators, 1979
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
masking level difference, differentiation of types of presbycusis, 18–95 yr olds with metabolic vs sensory vs neural presbycusis, 6010
method for examination for threshold of acoustic reflex, otoscopically & tympanometrically normal 24–30 yr old males with noise-exposed hearing loss, 11586
method for measurement of temporal resolution based on masking period patterns, patients with conductive vs noise-induced vs age-induced vs sudden vs retrocochlear vs ototoxic hearing loss vs Meniere's disease, 3776
mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
modeling & positive reinforcement & punishment, auditory-verbal behavior, hearing impaired 5 yr old male, 6229
new edition of 7th edition of Stanford Achievement Test, hearing impaired students, 9087
performance-intensity functions of Maryland NU 6 Auditory Test, normal-hearing college students vs 30–81 yr old hearing impaired veterans, 3661
phonetic context & articulatory parameters resulting from coarticulatory effects, lipreading performance, hearing impaired 16–36 yr olds, 5942
premeaningful vocalizations, Down's syndrome vs hearing impaired vs normal infants, extension of study by B. L. Smith & D. K. Oller, 5722
prevention of learning impairments, hearing impaired children, 4354
refinement of measures of locus of control & people orientation & study habits & attitudes, hearing impaired college students, 7014
reliability of Synthetic Sentence Identification test, 15–81 yr olds with mild to moderate sensorineural hearing loss, 2420
selection & use & precautions in using hearing aids, children with varying degrees of hearing loss, 6307
selective auditory filter amplifier, rehabilitation of language & speech, children with varying degrees of hearing loss, 6300
sequence of written English preposition comprehension, severely to profoundly hearing impaired adolescents, 5983
symbolic play & communication, hearing impaired children, literature review, 10639
synthetic speech identification test, audiometric assessment, normal & hearing impaired 16–42 yr olds, 6007
teacher feedback & public posting of information, usage of hearing aids in classroom, 5–12 yr olds, 2114
tone pips & clicks, auditory brain stem response, normal 4–12 & 23–32 yr olds vs hearing impaired 4–16 yr olds, 1370
Total Communication vs pantomime vs visually-aided vs standardized test instructions, WISC-R performance subtest scores, severely/profoundly hearing impaired 6.3–12.3 yr olds, 2139
TV program with vs without captions, affective responses & perception of TV characters, hearing impaired 8–12 yr olds, 6006
use of oral vs Total Communication method of teaching, schools or units for deaf & partially hearing children, UK, 6740
use of sign language as minority language in instruction, English literacy skills, hearing impaired students, 6745
voice fundamental frequency characteristics of oral reading & spontaneous speech, hard-of-hearing 16–19 yr old females, 5977
word classification & comprehension performance, hearing impeired 9–16 yr olds, 3755
Partially Sighted
barriers in graduate social work education, partially sighted & blind students, implications for support & assistance by rehabilitation counselors & college faculty, 6528
design & evaluation of "sensory" playground using fixed & movable components & gravity & construction play, blind & partially blind & deaf-blind children & adolescents, 1855
development of tactual-visual ability to identify colors & letters & numbers & drawings, blind & partially sighted, 1408
diameter & thickness of new coin, confusion with coins of other denominations, young & elderly blind & partially sighted Ss, Great Britain, 6875
recall of homonymous "Kanji", congenitally vs adventitiously blind braille readers vs sighted vs partially sighted "Kanji" reading college students, Japan, 1427
speech compressed by microcomputer, comprehension, visually impaired students, 3719
Participation [See Also Group Participation]
attitudes & program duration, participation patterns in preschool education program, parents, 11219
benefits of participation in performance appraisal process, employees, 4485
community-based daycare centers vs group daycare homes, caregiver-child interaction & social participation, 4 yr olds, 3303
cultural factors & formal structures & technological processes in participatory research, organizational change, textiles plant, 11403
Delphi methodology, sensitivity & validity of self developed quality of work life measures, white collar employees, 11427
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
development of educational orientation index, assessment of perceived ability to learn & educational needs & interests & locus of control & use of free time & barriers to participation in educational/cultural events, 55–81 yr olds, 4423
leadership & structure initiation & participation & feedback behavior of supervisors, role stress & job satisfaction, industrial salespersons, 2267
need for research to identify factors in motivation & participation in occupational therapy, physically handicapped, comments on G. Kielhofner & C. Nelson's health belief model, 8769
participation in performing arts workshop & sex differences, interest & participation in aesthetic & athletic & leisure activities, entering college students & high school students, 5422
participation vs ownership, motivation & satisfaction & attitudes toward change & trust in organization, employees, 4505
participative methodology to involve all affected individuals & group in "decision-taking", design of new technical & work systems, 11456
participative vs assigned goal setting, intrinsic motivation for interesting vs boring tasks, male college students, 11911
participatory research project for "humanization" of working life, metal workers, 11412
perceived likelihood of harm from experimental procedures & willingness to participate as Ss, college students, 11595
qualitative vs quantitative approaches to research on participation in adult education, literature review, 4332
reasons for community participation, 7852

technique of organizational mapping & participative research & democratization of organizational change, Norway, 11409
uninformed vs informed consent & participation models of parent involvement in educational goal planning, parents of disabled children, 4371
worker participation in research on quality of working life, 11410
Parturition [See Birth]
Passive Avoidance [See Avoidance Conditioning]
Passiveness
model for overcoming passivity in classroom, questioning & integrative & synthesizing attitude & formation of core question, 6709
Pastoral Counseling
Bible study based on D. Meichenbaum's cognitive restructuring & A. Ellis's rational emotive therapy, prisoners, 11035
counseling child rape victims, chaplains, 6379
demographic variables & professional activities & supervisor attitudes, Diplomates & Fellows of American Association of Pastoral Counselors & Supervisors of Association for Clinical Pastoral Education, 11111
distinction between spiritual guidance & counseling or psychotherapy, 10961
history of pastoral care standards, 11096
holistic ministry, substance abuse & addiction, 13349
information for counselors about sexually transmitted diseases, Christian counseling, 4048
nurturing role, effectiveness as pastoral counselors, females, 11097
pastoral care, alcoholics, 11060
pastoral care, secondary school students, UK, 9104
pastoral counseling, battered women, 6374
pastoral grief counseling, bereaved adults, 10987
preference for Christian vs secular counseling & between 4 Christian treatment approaches, conservative vs moderate Christians, 12516
premarital counseling & facilitation of parenthood decisions & family planning, clergy, 6381
role & training in long term counseling, pastors, response to R. L. Krebbs's article, 10984
role in referral & pastoral & group consultation & use of written communication, pastors, 10967
services & demographic characteristics of clients, pastoral counseling centers, 13346
stepwise multiple regression & ANOVA, identification of factors predictive of pastors' openness to interaction with counseling service, 12533
suggested outline of Christian premarital sex counseling, ministers & counselors, 4043
systems perspective, pastoral marriage counseling, 10978
use of systematic desensitization in pastoral counseling, 10964
value of pastoral diagnosis, persons seeking pastoral help, 10986
Pastors [See Ministers (Religion)]
Pathogenesis [See Etiology]
Pathology [See Also Neuropathology, Psychopathology]
linear numbering system & mathematical model based on medical data & age differences, classification & discrimination of pathologies, general aviation pilots, 4820
population density, fertility, test of spatial autocorrelation model & reanalysis of data on pathology by O. R. Galle et al, 10112
role of aging & genetics & pathology & stages of Alzheimer's disease & relationship to Down's syndrome, 3504
Patient Attitudes [See Client Attitudes]
Patient Characteristics [See Client Characteristics, Patients, Personality Traits]
Patient History
case history & Freudian interpretation, 1st responses to P. N. projective test, children & psychotic child, 5744
characteristics & assaultive behavior in chronic care medical facility, patients, 1784
characteristics of bulimia & "pseudobulimia", 16–21 yr old females, 10624
characteristics of psychotic states developed from variants of juvenile psychopathy-like heboidophrenia, patients, followup study, 1170
child abuse/neglect, subsequent alcohol/drug addiction, patients over 18 yrs of age in drug rehabilitation, US & Australia, 5846
childhood minimal brain disorder & hyperactivity & familial alcoholism & alcoholism severity & psychopathology, male VA alcoholic inpatients, 10445
early onset & incidence of childhood & adolescent psychopathology & poor functioning & treatment problems, bipolar patients with vs without borderline personality disorder, 1161
epidemiology of affective disorders & patient histories, hospitalized 13–19 yr old psychiatric patients, 12796
factor analysis of Restraint Scale scores & relation to degree of self reported overweight, adults, 100
family history of alcoholism in 1st-degree relatives, alcoholic males with mean age of 47.2 yrs, 5879
frequency of occupational history taking in family practice center, 8605
history of childhood hyperactivity, opiate addicts, 12907
history of physical abuse by spouse, 73 & 76 yr old females admitted to geropsychiatric unit for depression, 1162
history of suicidal behavior, depressed borderline inpatients with mean age of 21.5 yrs, 12795
medical & social characteristics, 21–49 yr old alcoholic mothers vs childless females, 12917
objections to & purposes & examples of case studies as scientific evidence in psychology, 9244
past & current psychosocial experience, 23–44 yr old females with severe premenstrual tension, 10632
past centered vs present centered approaches & family history, family therapy, reply to criticism of J. R. Jordon, 3895
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
previous puerperal admissions & delusions & use of ECT, patients with puerperal mental illness, 1799
psychiatric history assessment via computer, 19–63 yr old psychiatric inpatients, 9246
psychological autopsy following suicide, male 22 yr old Bruton's agammaglobulinemia patient, 5720
psychological characteristics before vs after surgery, replantation patients, 6337
reliability, lifetime diagnoses & symptoms in psychiatric patients with current disorder, psychiatric social workers & psychiatrist, 3798
similarities in family & personal history & treatment outcome, depressed vs nondepressed 23–67 yr olds with chronic pain, 10607
sociodemographic & biographical & psychopathological variables, patients with repeat vs 1st suicide attempts, 12926
treatment history, outpatients with borderline personality & mean age of 30.3 yrs, 12870
types of dangerous behavior & patient characteristics, chronic psychiatric patients, 5825
weight change & dietary concern components of Restraint Scale, overweight adults, criticism of work of A. Drewnowski et al, 110
weight history & restraint factors in the Restraint Scale, reply to criticism of C. P. Herman & J. Polivy, 101
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]
age differences & geographical location, EEG recordings of slow posterior activities, patients, Brazil, 5706
construction & reliability & validity of UAB Pain Behavior Scale, chronic pain patients, 7062
course & consequences & cognitive & emotional & behavioral effects of doctor-patient relationship, application of T. Tomaszewski's depiction of situation as system of values & possibilities, 10681
court decisions & case law development & alternatives, right to refuse treatment, patients, 10194
detection & treatment of difficult patient, description of papers presented at 1982 Vail Conference, 13132
factorial structure of Revised German Multidimensional Pain Scale, differential therapeutic measures for predomination of sensory vs affective aspects of pain, Ss with clinical symptoms of pain, 9322
family/systems theories, individual vs family as patient & doctor-patient relationship, 13220
Gottschalk-Gleser method vs anxiety topics dictionary, analysis of affective content of verbal behavior during psychotherapeutic interviews, patients with mean age of 28.5 yrs, 3842
impact on therapists & preventive & therapeutic approaches, difficult patients, 13125
mechanisms & role difficulties, doctors who become patients, 4147
multiple time point sampling, sensitivity of dexamethasone suppression test, neuropsychiatric inpatients, 10369
music as reinforcement & behavior modification techniques, music therapy, developmentally disabled & mentally retarded & juvenile delinquents & students & patients, literature review, 8517
negatively stereotyped patient characteristics, Australian vs American & older vs younger physicians, 1934
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
relevance of DSM-III for consultation-liaison psychiatrists, 5708

sex & neuroticism & tolerance for dental pain & anxiety & efficacy, dental patients with mean age of 30.5 yrs seeking therapy for reduction of dental avoidance, 8614
therapeutic processes & patient acknowledgement of psychosocial influences, etiology of illness, patients, 3778
Pattern (Stimulus) [See Stimulus Variability]
Pattern Discrimination
age, pattern preference & visual acuity, neurologically normal vs abnormal preterm vs full-term infants, 6001
auditory task requirements & sequential dependencies in signal presentations, attention shifts in identification & discrimination of intensity, humans, 9445
brief training on spatial tasks, sex differences in visual spatial skills, college students, 237
categorization behavior, recognition of visual forms, 3–4 mo old infants, 3159
chemical induction of visual orientation & pattern discrimination, hermit crabs, 2748
complexity & intensity of tactile temporal patterns presented to right vs left hand, accuracy of pattern perception, right vs left-handed Ss, 459
convergence distance, dynamic wallpaper phenomenon, 11806
development of tactual-visual ability to identify colors & letters & numbers & drawings, blind & partially sighted, 1408
dotted test region embedded in dotted surrounds, assimilation-enhancing effect, human Os, 245
double-pulse pattern presentation, visual EPs, humans, 12115
ectostriatal vs Wulst lesions, pattern discrimination & shift to color vs color discrimination & shift to pattern, male autosex pigeons, 2988
extent of damage to central visual representation in striate & peristriate cortices, effects of serial lesions of occipital & temporal lobes on visual pattern discrimination, bushbabies, 12226
flash duration & abrupt vs gradual stimulus onset vs offset, apparent contrast of flashed low spatial frequency gratings, 9472
high frequency graphic undulation, perception of perspective drawings, 9458
luminance contrast & mode of temporal presentation, perceived size, 4867
movement of random lights vs lights placed on moving S's limbs & joints, discrimination of biological motion patterns, 2–6 mo olds, 814
number & organization of elements in facelike patterns & fixed trial vs S-control over onset &/vs offset of trials methodologies, responses, 10 wk olds, 768
pattern depth & connectedness & structural relevance of target line, identification of line segment, human Os, implications for object superiority effect, 242
pattern recognition vs stimulus classification tasks, N2 vs N sub A event related potentials, adults, 525
pattern reversal visual EPs, 12–64 yr olds with multiple sclerosis, Japan, 8343
pattern reversal evoked potential as diagnostic aid, multiple sclerosis, 1406
pattern structure & training, RT & method of pattern analysis, verification of D. Klahr's theory, implications for number comprehension, 2597
perception of subregions in blob shapes, humans, 11793
performance on hidden patterns & gestalt completion & cube comparison tests, male US Navy sonar operators vs recruits, implications for screening, 4473
repeated exposure to musical selection, perception of thematic structure, college student musicians vs nonmusicians, 251
representations of facial vs nonfacial patterns on same-different judgment tasks requiring mental rotation vs comparison of individual features, RT & accuracy of judgments, college students, 7152
skills training in visual scanning & imagery & pattern discrimination, perceptual/cognitive skills & driving performance, Ss with brain damage, 8405
spatial & temporal separations between stationary vs moving target forms, detectability, experienced Os, 11795
spatial frequency & contrast & motion direction, coherence & ambiguity of pattern motion in aperture viewing of superimposed sinusoidal gratings, humans, 2582
spatial frequency of square wave gratings presented to left vs right visual field, hemispheric differences in visual pattern recognition, 18–45 yr old males, 7421
spatiotemporal frequency & contrast of inducing grating, visibility of phantom grating, human Os, 227
tachistoscopic presentation of short duration shape stimuli, extraction of topological dimensions in visual perception, humans, 215
temporal limits, detection of correlation in transpositionally symmetric dynamic dot textures, 9466
temporal patterns of keypecks & behavioral adaptation to reinforcement contingency & dissociation between tacit knowledge & knowledge, pigeons, 7267
theory of musical rhythm perception, 2606
threshold between striation & randomness in dynamic dot textures as spatial limit to detection of transpositional symmetry, 20–33 yr old males, 11803
uncertainty about spatial frequency vs position vs contrast of sinusoidal grating, pattern discrimination, 9455
unilateral vs bilateral lesions of lateral suprasylvian area, acquisition & interhemispheric transfer of visual pattern discrimination, cats, 9785
visual angle & pattern size, perspective reversals, 20–38 yr olds, 9452
visual pattern deprivation, visual EPs, cats, 9750
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test
age equivalent values for PPVT vs PPVT-R, 3.5–4.5 yr olds, implications for diagnosis of language disorders, 2414
PPVT & Columbia Mental Maturity Scale & Auditory Discrimination Test & WISC Digit Span subtest & WISC-R Verbal Comprehension Factor, academic achievement prediction, impulsive vs reflective 1st graders, 2170
PPVT-R & Luria-Nebraska Neuropsychological Battery for Children scores, 8–13 yr olds, 11709
score correlations between Forms L & M of PPVT-R & Woodcock-Johnson Psycho-Educational Test Battery subtests, 8–9.9 yr old nonreferred regular education vs learning disabled students, 13670
score correlations between WISC-R & PPVT-R, 6.2–14.5 yr old students referred for psychiatric services, 13696
standardization & reliability & validity, revised PPVT, 117
WISC-R vs PPVT, 6–12.3 yr old Navajo children, 9358
Pearson Prod Moment Correl Coeff [See Statistical Correlation]
Pecking Order [See Animal Dominance]
Pederasty [See Pedophilia]
Pedestrian Accidents
environmental & time variables, pedestrian accidents, children, implications for environmental design, 4586
methodology for measurement of relative risk of pedestrian accidents, 11585
Pedestrians
computer simulation model of pedestrian behavior, walkway design, 2357
crowding & sex & group size, walking speed, pedestrians, walkway design implications, 4564
development & implementation of training program for child pedestrian observation studies, interrater reliability, Os, 11628
direction of pedestrian travel after alighting from bus, passengers, implications for placement of stops, 4581
evaluation of Guard Training Program vs Pedestrian Safety Instructional Package, quality of instruction given by crossing guards & children's street crossing behavior, kindergartners & 1st graders & adult crossing guards, 13598
patterns of pedestrian behavior at crowded intersections, 4587
permanent vs temporary vs no facial disfigurement, proxemic behavior, pedestrians, 10255
road crossing at pedestrian crosswalk & role of adults in example setting, behavior, children & accompanying adults, road safety program implications, 2203
road-crossing behavior before vs after pedestrian training program, preschool children & their parents, 11222
use of models & videorecording in teaching pedestrian skills, autistic 10 yr old female, 8774
utilization patterns, mall partly segregated from motor traffic, 4566
Pediatricians
knowledge of normal development & developmental disabilities & comfort in discussing epilepsy vs mental retardation vs hyperactivity, parents & pediatric residents, 3502
model which integrates living conditions & quality of health care, physical & psychological well-being, children & their families & pediatricians, 3147
patterns of diagnosis & management of children with developmental disabilities including mental retardation & learning disabilities, pediatricians, 10515
pediatrician & psychiatrist as cotherapists in treatment, 14 yr old female with anorexia nervosa, 10742

prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
role in assisting with divorce-related problems, pediatricians, 11115
treatment of childhood hyperactivity, family physicians vs general practitioners vs pediatricians, 10659

Pediatrics
age-sex distribution & visiting patterns & health problems, pediatric patients visiting family practices, 1411
clinical psychology training program in pediatric neurology clinic, 6509
integration of child psychiatrist into pediatric-surgical service, 6327
pediatric behavioral science curriculum, family practice residency, 8897
pediatric care & family therapy, chronically ill children & their families, 3891
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
problems with hypnotherapy, pediatric cancer patients, 10881
reciprocal effects among client characteristics & medical care structure & process & outcomes, medical model of health care delivery system for outpatient pediatric care, 1708
relaxation imagery, pediatric cancer patients, 10883
reliability of grading in oral examination, American Board of Pediatrics examiners, 6487
role of psychological services in primary health care, children, 10917
screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
special characteristics of pediatric hospices, terminally ill children, 4088

Pedophilia
epidemiological & demographic studies of hebephilia & pedophilia, literature review, 1236
medroxyprogesterone acetate, hypersexuality, 25 yr old pedophiliac male sex offender, 13273
patterns of pedophilic behavior & types & characteristics & treatment, 20 & 37 yr old male child molesters, 1241

Peer Counseling
communication skills training for computer assisted career counseling, student peer counselors, 2151
implementation of peer counseling program, secondary schools, 9102
model for training peer counselors, outreach & self help preventive mental health program, aged, 10963
peer counseling & tutoring program, high school students, 2173
peer support program, newly diagnosed renal patients facing dialysis or transplantation, 10918
Teen Advocate Program, clinic-based peer sex education & health counseling program, adolescents, 3998

Peer Evaluation
behavioral goals with vs without peer feedback, peer interactions, 11 yr old males described as negative & abusive with peers, 1591
factors affecting acceptability of psychological research by nonpsychologist review committee members, 9257
friend vs stranger & single vs multiple instances of aid & ego- vs non-ego-relevant task dimensions, affect & self & helper evaluations, male college students, 5634
government policy, performance measurement & quality assurance vs client outcome models for mental health program evaluation, 1721
interdependent tasks vs role play, sociometric status, 3rd–5th graders, implications for primary prevention, 2070
peer rankings, personnel evaluation, police officers, 4488
peer rated popularity & rejection, successful identification of male classmates' hyperactive & aggressive behaviors, preschool students, 4327
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
physical attractiveness, peer status & social competence, 4.7–5.6 yr olds, 10092
psychodynamic vs eclectic theoretical orientation, evaluation of psychodynamic psychotherapy treatment reports, psychologists, replication of study by L. Cohen & D. Pizzirusso, 8896
reliability, peer judgments of psychology research proposals, ethical review committee, 13453
validity of behavioral role play test & peer nominations & social skill evaluation & interview & teacher ratings, assessment of social skills, 3rd–5th graders, 9350

Peer Relations
acting out & compliance to social norms & peer friendship choices & diagnosis, 12.5–16.4 yr old psychiatric inpatients, 10421
attachments to peers & parents, delinquent behavior, 10–18 yr old males, test of social control vs differential association learning theories of causes of delinquency, 8190
attention & encouragement from teachers, growth in popularity, unpopular 5–6 yr olds, 6712
behavior during organized school play activity, male 3rd–6th graders ranking lowest in social hierarchy, 3223
behavioral goals with vs without peer feedback, peer interactions, 11 yr old males described as negative & abusive with peers, 1591
coaching in specific social skills, increased peer social interactive behavior, severely withdrawn & isolated 3rd graders, replication of G. Ladd's study, 11288
cognitive processes during task completion, 5–6 yr olds paired with peer vs adult, 9952
cooperative vs individualistic learning experiences, interactions & relationships with nonhandicapped peers, severely adaptively handicapped 7th graders, 9061
developmental sequence of friendship & ability to relate to peers, 9 mo through 16 yr olds, 907
factors related to peer-perceived dominance, 15–18 yr old males, 10094
fathers' behavioral/personality traits & childrearing practices & peer influences, adolescent marihuana usage, male college students, 7765
frequency of interaction with peers, identification of socially withdrawn & isolated children, implications for intervention, literature review, 10034
group contingency vs peer administered token economy, coercive behavior, behaviorally disordered 7–13 yr olds, 10806
group development level, peer status perceptions, college students, 5628
group member compatibility, peer group learning, college students, 5638
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
interpersonal problem-solving skills training, peer interaction, 4.2–5.5 yr old preschool students, 11224
models & self control & self reinforcement, learning not to drink, nondrinking 12–17 yr olds, 12502
multilevel approach for assessment of peer group interaction, individual & group behavior & affective responses, nurses, 10246
occupational planning & attitudes toward religion & peer relations & experience & resolution of crises in beliefs & values, relationship between identity status & academic achievement, female 12th graders, 5437
own vs peer vs parent vs community vs religious standards for beer use, incidence of alcohol problems, high school seniors, 10081
parental vs peer influence, religious orientation, 16–18 yr olds, Australia, 5425
peer contacts & types of play & social interactions during classroom free time, 3–5 yr olds from single vs 2-parent families, 7775
peer interaction & English language proficiency & language preference, Spanish-preferring 4 yr olds in bilingual preschool, 7714
peer interaction in presence vs absence of toys, 5.2–7.8 mo olds, 7786
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
peer vs vertical relationships, psychological involvement, Ss aged 21 yrs or older, 12649
peers as social training agents, social withdrawal, preschool & elementary school children at developmental risk, 13661
peers vs adults as sources of satisfaction, need for affection, preschoolers, 5472
perceived motivation for imitation by peer & attraction toward imitator, reactions to being imitated, 10–12 yr olds, 10089
perception of self vs other students vs cadets, ROTC vs non-ROTC college students, 4329
personality & family & peer variables, drug usage, 9th–10th graders, 7764
physical abuse, peer social interaction & hostility, abused 5–10 yr olds, 1245
preference for play with same vs other color peers during recess, Black vs White kindergartners, 5428
Q-sort correlation, visual regard of peers as behavioral index of social competence, 3–6 yr olds, 10093
race & locus of control & self esteem, prediction of parent vs peer orientation, Black vs White 12th graders, 10045
relationships with classmates, flight training dropouts, Japan, 2223

reliability & interrelationships of measures of self definition, verbal comprehension & peer relations, 2 yr old males, 9989
same-age vs mixed-age groups & acquaintanceship between members, performance at tower-building task, 1st & 3rd graders, replication of previous studies, 10039
social interaction initiations & acceptance by regular class peers, 8.5–12.7 yr old learning disabled students, 9083
social process of instigating as reporting of what was said behind one's back, Black 7–13 yr old females, 881
social processes in formation of friendship with peers, 3–9 yr olds, 5432
social skills training with vs without contingency management, classroom social adjustment & peer-to-peer skills, mentally handicapped 6–12 yr olds, 9086
social structure revealed by peer terminology, Black adolescent gang, 5441
sociometric status & teacher & peer ratings of personality variables, mainstreamed learning disabled 10th graders, 4363
stability of reciprocal friendships vs unilateral relationships, 34–61 mo olds, 10050
supervisory & peer group interaction & organizational work facilitation, role ambiguity & conflicts & job performance & satisfaction & propensity to leave job, 22–59 yr old nurses, 1901
verbal compliance-gaining strategies in naturally occurring conflicts with peers, 2–5 yr olds, 12378
Peer Review [See Peer Evaluation]
Peer Tutoring
cross-age tutoring in mathematics, mathematics achievement, 2nd–3rd grade tutees & 5th–6th grade tutors, 13594
Tutor Huddle, skill acquisition, 1st grade peer tutors in mainstreamed classroom, 4280
Peers
aggregation of items & raters & use of moderator variables, validity of self-peer ratings in personality assessment, male college students, 92
antecedents & consequences of alcohol drinking behavior as determined by peer survey, low SES 12–17 yr olds from high-crime urban areas, implications for social learning, 914
authority & peer pressure, evaluative responses to videotaped counseling sessions, counseling psychology graduate students, 11131
labels & assigned attributes, ratings of peers, 4th graders, implications for teacher-student relations, 5474
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
maturity of self perceptions vs perceptions of peers, 15–18 yr old males, 3210
peer training of safety related skills, performance in emergency situation, 18–60 yr old institutional direct care experienced & new staff, 13385
peer vs parental influence & orientation, sexual behavior, 14–19 yr olds, Nigeria, 5455
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
values, adolescent drug abusers vs parents vs peers, 8180
viewing peer labeled as slow vs fast learner estimate recall & attempt to remember items, estimates of own recall & actual memory, educable mentally retarded 12.9–14.9 yr olds vs nonretarded 8–14.9 yr olds, 1303
Pemoline
pemoline combined with lithium, improvement, 18 yr old with attention deficit disorder & hyperactivity, 13271
pemoline treatment of attention deficit disorder, response to alcoholism treatment & aftercare, 35 yr old male, 6100
Penguins
discriminant analysis of morphometric characters, sex determination, penguins, 11934
Penis
alloplastic genitourinary penile prostheses, erectile impotence, male patients, 4011
psychodiagnostic evaluation & surgical technique, circumcised males requesting foreskin reconstruction, 3986
surgery for hypospadia in childhood, neurotic disturbances & shyness & enuresis & depression & anxiety & defense mechanisms & social relations in child- & adulthood, 21–34 yr old males, 1692
Penis Envy
clinical meaning & significance of penis envy, depressed 32 yr old female, 3854
Penitentiaries [See Prisons]
Penology
criticism of government Mandatory Supervision program, prisoners not eligible for parole, 8775
models of tertiary psychiatry & postrelease care in correctional rehabilitation, 4107
perceived seriousness of crime & determinants of punishment severity, white collar crime, comments on desert theory article by J. Braithwaite, 6471
rehabilitation & preclusive vs minatory deterrence, crime rate, 6470
strategy for change in correctional services for female offenders, Canada, 1836
Pentobarbital
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
dextroamphetamine & nembutal & alpha-methyl-tyrosine & parachlorophenylalanine, sleep-related spike activity & ventral hippocampus spikes, tortoises vs cats, implications for spike potentials as common electrophysiological signal of sleep, 12275
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
inhibitory interactions between neurons in visual cortex, awake vs pentobarbital anesthetized cats, 7424
ip vs icv vs iv thyrotropin releasing hormone vs its analog DN-1417, pentobarbital-induced sleep, male rats pretreated with icv vs intrahypothalamic atropine methyl bromide, 3056
neurotensin, CNS depressant effects of ethanol & pentobarbital, mice, 9838
pentobarbital, response rates & stimulus control, pigeons, 654
preference for diazepam dose vs pentobarbital, drug dependent 28–63 yr olds, 12915
prior pentobarbital-lithium chloride pairings, pentobarbital-induced hypothermia, male rats, 3093
sodium pentobarbital, behavioral tolerance as determined by within-S operant reinforcement task, male squirrel monkeys, 3007
thyroliberin & analogs, antagonism of pentobarbital narcotic effects & behavior & sleep characteristics, rats, 7559
Pentylenetetrazol
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
diazepam vs other anticonvulsants, pentylenetetrazol-induced genetically determined stereotypic behavioral convulsions, C57BL/6J mice, 12323
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
pentylenetetrazol vs amphetamine vs strychnine vs bicuculline, discrimination & generalization between chlordiazepoxide & triazolopyridazine CL218,872, male rats, 3055
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China
ancient & modern history, developmental psychology, China, 772
child & adolescent psychiatry, People's Republic of China, 13124
Marriage Law of 1981 as model for family responsibilities & relationships, China, 3301
parent's social position, educational achievement & inequalities in selection for higher education, junior high & high school & college students, China, 13606
revision & evaluation & reliability & validity, MMPI, China, 7051
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Cholecystokinin, Endorphins]
affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
amino-terminal fragments of substance P, naloxone-reversible antinociception, male mice, 695
bombesinlike peptides, CNS regulation of homeostasis, mammals, literature review, 2851
brain distribution of neurotensin, normals vs schizophrenics vs Huntington's choreics, 10618
brain site of neurotensin injection, hypothermia & pain threshold elevation & dopamine turnover, male rats, implications for etiology of schizophrenia, 9832
central injection of substance P & neurotensin antisera, thermal pain threshold & shock reactivity, male rats, 9797

ceruletide vs pentazocine dosages & naloxone mediated reversibility, threshold & tolerance to electrical & thermal cutaneous pain, 19–37 yr olds, 7624
delta sleep inducing peptides, amphetamine effects on locomotor activity, female mice, 653
delta sleep-inducing peptide, slow sleep duration, rabbits, 7594
delta-sleep-inducing peptide & electrical stimulation, resistance to acute emotional stress, male rats, 9752
drug-free vs neuroleptic-modulated CSF levels of neurotensin, normal vs schizophrenic 20–42 yr olds, 9868
dynorphin, motor functions & EEG, male rats, 704
food & water deprivation, day & night levels of dynorphin in hypothalamus & pituitary, male albino rats, 5086
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
freezing seawater temperature, migratory behavior & physiological changes, cold-water fishes, literature review, 9575
gastrin releasing peptide, food intake, mildly food deprived male rats, 694
H-Phe-Ile-Tyr-His-Ser-Tyr-Lys-OH, passive & active avoidance & open field activity, male rats, 3101
hormones, memory, literature review, implications for effects of adrenergic catecholamines & pituitary & opiate peptides, 5119
hypothalamic peptides, inhibition of buprenorphine induced tolerance, male rats, 7563
hypothalamic-pituitary & opiate peptides & psychotropic drugs, intraspecies aggression & sociability, isolated mice, 3072
icv neurotensin & morphine, attenuation of thyrotropin-releasing hormone-induced wet-dog shakes, male rats, 9805
icv neurotensin, catalepsy & relationship with hypothermia, male mice, 9809
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
in utero injection of met-enkephalin & learned taste/odor aversion at fetal day 20, odor aversion, 16 day old rats, 7625
intracerebral neurotensin as reinforcer in conditioned place preference, rats, 9822
intrathecal substance P analog, nociceptive thresholds & motor function, male rats, 9853
levo-propyl-levo-leucyl-glycineamide, retention of previously learned aversive response, chickens, 633
met-enkephalin vs beta-endorphin antibody, analgesia induced by icv Substance P, male mice, 5230
MIF-1 hypothalamic tripeptide vs naloxone, antagonism of leucine-enkephalin cardiovascular effects, dogs, 3083
morphine, release of cholecystokinin & neurotensin & substance P from hypothalamus, cats, 667
muramyl peptide microinjections into brain sites, sleep induction, rabbits, 7587
neurohypophyseal peptide structure, tolerance to ethanol effects, male mice, 3038
neuropeptide memory modulators, retrograde & anterograde amnesia & learning before vs after electric shock, rats, 9738
neurotensin & related peptides, hypothermia & pain sensitivity, mice & rats, 9801
neurotensin, brain dopamine system function & comparison with neuroleptic drug action, literature review, 9841
neurotensin, central & peripheral functions & interaction with dopamine & antagonism by thyrotropin-releasing hormone, implications for schizophrenia, 9848
neurotensin, CNS depressant effects of ethanol & pentobarbital, mice, 9838
neurotensin injection into paraventricular hypothalamus, suppression of food intake, rats, 9860
neurotensin, open field & active & passive avoidance & footshock sensitivity & amphetamine induced locomotor activity, male rats, 9866
neurotensin spinal localization & physiological modulation of release & pain threshold elevation antagonism by naloxone, cats, 9684
pinealectomy, bombesin effects on body temperature regulation, goldfish, 7497
porcine hypothalamus peptides vs ACTH, morphine induced analgesia, male rats, 7627
pretreatment with colchicine, distribution of dynorphin in CNS, rats, implications for regulation of sensory functions & motor activity, 7600
prolonged intermittent vs brief continuous footshock, stress analgesia & tolerance & mediation by opioid vs nonopioid pain-inhibitory substrates, rats, 7538
prolyl-leucyl-glycinamide vs naloxone, morphine analgesia, goldfish, 3017
receptors & distribution & precursors & degradation & behavioral effects & involvement in physiological responses & interactions with hormones & other peptides, endogenous opiate peptides, literature review, 7463
substance P vs partial substance P homologue eledoisin-related peptide, RT to painful stimulation, male rats, implications for chronic pain syndromes, 709
synthetic peptide ORG 2766, senile dementia, 75–91 yr old females, 13289
Perception (Self) [See Self Perception]
Perception [See Also Related Terms]
age & sex, incidence of motor vs sensory aphasia, patients with mean age of 48.7 with left-sided vascular lesions, 12996
assessment of individual differences, control of intensity of sensory stimulation, 4858
assumptions about invariance in perception, 11765
bioenergetic aspects, relationship between image of perception & perceived object, implications for psychokinesis, 2323
causal interpretation, percept-percept couplings, literature review, 198
computer-sculpted 3-dimensional bust using cardioidal strain transformation, perceived age of bust model, 9443
environment & study & testing phase intervals & word overlap in stimulus variations, recognition memory & perceptual enhancement, college students, 4947
exercise, dyspnea & perceived magnitude of respiratory load, review of psychophysical research, 9604
expectation context & observation as selective direction of attention processes, support for K. R. Popper's view, 9534
gonadal hormones & sensory function, humans & animals, literature review, 9689
occurrence of reference stimulus in variable temporal contiguity with rapid voluntary muscular contraction, perceived temporal sequence of stimulus & contraction, humans, 11778
psychosocial stress & GSR patterns, perception of & response to stress, college students, Taiwan, 522
relations between phenomenal experience & conscious & nonconscious perceptual processes, 9430
seismic & solar geomagnetic variables, prediction of UFO reports, US, 1970–82, 13803
sensory conflict theory & role of limbic system in integration of sensory information & memory, motion sickness, 5984
sensory/cognitive representations of world, measurement of psychocultural distance, 12536
solar & seismic variables & luminosity events between 1849–1926, prediction of UFO reports, Europe, 1945–71, 13804
theoretical analysis, subjective perceptions of environment, 11476
verbal vs performance scores on psychological tests & right vs left hand performance, verbal vs performance ESP tasks, 25 vs 34 yr old right handed females with motor vs verbal occupations, 4613
Perceptual Aftereffect [See Also Afterimage]
duration of inward vs outward rotating spiral, duration of spiral aftereffect, college students, 7133
hypnotic induction of limb anesthesia, prism-induced visual displacement aftereffect, college students, 4847
inspection time & time after inspection, magnitude of tactile-kinesthetic aftereffect in weight comparison task, humans, 201
loom-zoom visual subsystem for explaining paradoxical apparent size & distance of moon illusion & spiral aftereffect, 222
monocular vs binocular adaptation to rotating disc, monocular vs binocular motion aftereffects, humans, 11787
perceived depth from motion parallax & stereoscopic information, simultaneous & successive contrast effects, humans, 9459
separation of inducing & static areas & monocular component, aftereffect of induced rotation, 19–42 yr olds, 11817
spatial frequency of test spirals, spiral aftereffects, college students, 7122
spatiotemporal frequency & contrast of inducing grating, visibility of phantom grating, human Os, 227
tilt aftereffect following binocular adaptation to cyclopean vs noncyclopean test stimulus, 19–57 yr olds, implications for existence of purely binocular process, 9486
Perceptual Closure
amodal completion of moving patterns, alternating expansion & shrinkage of visual space, findings counter to G. Kanizsa's work, 11788

amodal completion with 3-dimensional objects, apparent surface, 11809
performance on hidden patterns & gestalt completion & cube comparison tests, male US Navy sonar operators vs recruits, implications for screening, 4473
performance on Mooney Closure Faces Test, adults, 2476
Perceptual Development
age & texture-density cues of rotating figures, perceived depth & shape constancy, 3 vs 4 vs 5 vs 21 yr olds, 12433
age differences, performance changes in dichoptic viewing task, 7–14 yr olds vs adults, 10022
attention development, reply to commentaries of J. W. Hagen & K. P. Wilson & W. E. Jeffrey & R. D. Odom, 9986
canonical sentence form & word order & inflectional perceptual strategies, comprehension of simple transitive sentences, English vs Italian vs Serbo-Croatian vs Turkish speaking monolingual 2–4.4 yr olds, 5399
chronic atropine into 1 vs both eyes, development of visual acuity, kittens, 12319
classical views vs recent work on early sensory mechanisms & cognitive capacities, spatial reference, infants, 7711
constant early visual exposure to vertical &/vs horizontal stripes, subsequent visual acuity, cats, 567
development of auditory perceptual sharpening, 16–17 vs 19–20 day old rats, 7219
development of cross-modal object recognition, infant pigtail monkeys, 4981
development of size constancy, children & adults, 5342
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
lead & cadmium levels, visual perceptual development, 6–12 yr olds experiencing learning problems, 12448
letters vs geometric shapes, visual search strategy, 5.3–6.2 vs 6.6–7.6 yr olds vs college students, 12409
logical reasoning ability & visual-motor integration & verbal development, achievement scores in kindergarten & 2nd & 3rd grade, kindergartners, 13611
manipulatory translations of spatial position markers, 8–9 yr olds vs adults, 9995
number & type of spatial relationships in stimulus display, spatial perspective taking, 4 vs 6 vs 8 yr olds, 7748
organizational patterns of sensorimotor intelligence, Down's syndrome infants with mean CAs of 15.3 & 13 mo enrolled in home- vs center-based early intervention, 8246
perception of causality assessed by differential dishabituation of looking technique, 24–38 wk olds, 3178
performance on verbal vs nonverbal version of number conservation problem, 4 & 5 yr olds, 10010
quantitative & memory & perceptual & motor abilities & verbal performance, 3 vs 4 yr olds, 7739
retinal growth changes, ability to capture planktonic prey, bluegill sunfishes, 2745
selective adaptation & visual habituation, infants during 1st 6 mo of life, 9960
self perception in relation to environment, drawing, 1st–5th graders, 5352
sensorimotor & language development & symbolic activities, 10–30 mo olds, 10023
targets surrounded by Hirakana vs Katakana vs alphabet vs object shapes, RT, 1st vs 2nd grade good vs poor readers, Japan, 5359
training & development of development drawing skills, 2nd & 3rd & 4th & 6th graders, 12418
use of computers in classroom & visual-tactical development & attention span & other visual skills, primary school students, 8973
use of gestalt perceptual strategy of rectangularity discrimination, 1st vs 2nd vs 4th vs 7th graders, US vs Africa, 10001
visual vs haptic vs verbal input modality, spatial transformation, 7–12 yr olds, 12440
visual vs verbal messages, judgment of ambiguity, 5.1–7 yr olds, 5393
Perceptual Discrimination [See Also Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]
discrepant auditory vs visual information, lipreading, college students, 7129
fixation on visual target presented to left vs right side & electric shock to ipsi- vs contralateral ankle, detection of or RT to shock, 7116
information transmission in perceptual modality & illumination perception of body position, human Ss, 7117
magnitude of differences in orientation & length & width between stimuli, stimulus discriminability, 7104
perceptual reference frames, identification of 2-dimensional shapes, college students, support for computational approach to object representation, 9465
relationship between signal & noise stimuli in weight discrimination, 2570
Perceptual Distortion
errors in copying angles, 5 yr olds, support for distortion by angle bisection, 3161
Perceptual Disturbances [See Also Agnosia, Auditory Hallucinations, Drug Induced Hallucinations, Hallucinations, Visual Hallucinations]
auditory & verbal pattern evoked potentials techniques, diagnosis of perceptual deficits, 16 mo old, 8323
development of individual strategies for coping with perceptual disturbances, elementary school students with learning problems, 9045
diagnosis of auditory perceptual disorders, 18.7–58.3 yr old patients, 5975
exposure of fathers to Agent Orange in Vietnam, sensory integration level, 4–8 yr olds, 1332
frequency of hyperkinesis, 7 yr olds with preschool perceptual & motor & attentional deficits, 3706
hereditary sensory neuropathy, 4 yr old male & 9 yr old female, 6038
long term exposure to lead & mercury, psychomotor & emotional disturbances & intellectual deterioration, 5709
occupational therapy based on sports & Atelier's therapy, psychomotor inhibitions, 1831
psychiatric abnormalities, 7 yr olds with attention deficits & motor/perception dysfunction, Sweden, 13019
Perceptual Fill [See Perceptual Closure]
Perceptual Localization [See Also Auditory Localization]
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
binocular deprivation, visual & auditory spatial task learning, cats, 9744
compensation of localization function assessed by cortical evoked potentials, cats with unilateral section of brachia of posterior colliculi, 2965
hidden objects & relative positions of subject & apparatus, localization & retrieval of objects, 16–24 mo olds, 3185
left-right discrimination, 3.3–4.3 yr olds, 5357
lesions of medial vs orbital frontal vs parietal cortex, spatial localization, rats, 2979
model, development of mechanisms used for assessment of visual location, 4885
orientation & physical separation & body locus of electrodes, temporal order thresholds for brief electrical stimuli, male adults, 7528
parafoveally presented pairs of geometric figures appearing above/below vs left/right of fixation, report-order inversions, college students, 7124
systems of spatial reference & mirror localization, preschool age children, 7734
time interval & body locus & electrode configuration, perceived distance between brief electrical stimuli, male adults, 7529
unilateral 6-hydroxydopamine along mesotelencephalic dopaminergic pathway, temporal parameters of recovery of tactual & somatosensory stimulus localization & hemispheric 2-deoxyglucose uptake, male rats, 7546
verbal & dot localization tasks, visual half-field performance, monolingual vs bilingual college students, 475
Perceptual Measures [See Also Rod and Frame Test, Stroop Color Word Test]
artificially reduced visual acuity, performance on Farnsworth-Munsell 100-Hue Test for the Examination of Color Discrimination, 18–23 yr olds, 10554
contrast-reversed sinusoidal luminance gratings, clinical assessment of spatial resolution for pattern & movement detection, Ss with various ocular conditions, 10617
interrater reliability of scoring of protocols for Developmental Test of Visual-Motor Integration, kindergarten teachers & school psychology externs screening 5.2–7.5 yr olds, 13685

opposed-set measurement of local cue strength & viewer's intention, durations of perceptual organizations of drawings & 3-dimensional objects, college students, 11780
performance on hidden patterns & gestalt completion & cube comparison tests, male US Navy sonar operators vs recruits, implications for screening, 4473
performance on Mooney Closure Faces Test, adults, 2476
performances on modified Petrie Block Task, 18–33 yr olds, 11707
score correlations between Revised Test of Visual-Motor Integration & Bender Visual-Motor Gestalt Test, kindergartners through 3rd graders, 13692
Perceptual Motor Coordination
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817
hierarchical cluster analysis of short test battery, assessment of intelligence & perceptual motor coordination & academic achievement, 6–16 yr olds, 9392
hyporesponsive postrotary nystagmus & subnormal visual-motor control skill, emotionally disturbed behavior disordered 5.9–12.4 yr olds, 1275
immersion hypokinesia, eye & head movements during gaze fixation reaction, humans, 551
lateral preference & hemispheric specialization for cognition, perceptual motor abilities & sports performance, left vs right handed Ss, 7379
models & analysis of catching skills, 34–36 week olds, 5406
overshoot rate & end point dispersion & boundary distance & target width, pursuit-tracking task, 18–31 yr olds, theory verification, 2566
position anticipation, visuo-locomotory pointing task, humans, 9442
silence vs nonspeech vocalization vs speaking & hand used & visual guidance, motor performance, right handed Ss, evidence of operation of left hemisphere motor control systems, 4840
target location & visual feedback, accuracy of aiming, right handed male college students, 11785
validity of Frostig Developmental Test of Visual Perception, prediction of skills needed for putting on shirt, adult stroke victims with left hemiplegia, 128
visual control vs kinesthetic technique & putting distance, putting accuracy, right handed females, 11762
Perceptual Motor Development [See Motor Development, Perceptual Development]
Perceptual Motor Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
electrical nerve stimulation of brachial plexus, linear positioning performance, right handed college students, 2950
electrooculography, prediction of saccadic eye movements with induced fixation errors in learning, humans, 6961
estimate of just noticeable difference in linear displacement response, prediction of retention of motor displacement reproduction, 11777
integration of sensory & perceptual motor training into classroom activities, 9002
intertrial intervals in spaced practice, psychomotor reminiscence, college students, implications for inhibition vs consolidation theories, 11908
motor learning, role of climbing fiber activity in cerebellar synaptic plasticity, 426
perceptual training, specificity of enhanced discrimination ability in detection of visual motion direction, humans, 210
practice & side preference, bilateral transfer of complex dance movements, college students, 9449
pretraining on nonrepeated oddity task, repeated oddity learning vs discrimination learning, kindergartners, 12449
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
program of motor & cognitive tasks, cognitive & motor skills, learning disabled kindergartners, 13572
repetition of target movement patterns, learning visual tracking task, 17–39 yr olds, 2569
stimulus speed during training, coincident timing skill learning, 6.6–8.3 yr olds, 9936
systematic teaching of manipulatory ability, reduction of stereotypies, nonambulatory profoundly retarded, 4101
transfer of motor task to hand which was vs was not engaged in unrelated task during training, right handed students, 452
training & development of development drawing skills, 2nd & 3rd & 4th & 6th graders, 12418
variable vs constant practice &/vs modeling vs physical information mode, motor learning, right handed college students, 9435
visual control vs kinesthetic technique & putting distance, putting accuracy, right handed females, 11762
Perceptual Motor Processes [See Also Perceptual Motor Coordination, Rotary Pursuit, Tracking, Visual Tracking]
acute low-level exposure to organic solvents, CFF & vigilance & psychomotor performance & EEG, humans, 5252
age & sex, time & error & log error on Gibson Spiral Maze, 20–89 yr olds, 7723
age, eye movement patterns & accuracy in perceptual motor performance, 19–39 vs 62–72 yr olds, 3169
auditory stimulation & psychopathy, selective attention during complex perceptual motor task, prison inmates with mean age of 28.8 yrs, 12921
brief visuomotor task, lateralized shifts in spatial patterns of dynamically correlated electrical brain potentials, right handed adults, methodological implications, 12090
buspirone &/vs alcohol, psychomotor skills, 19–23 yr old males, 5221
clemastine vs diphenhydramine vs hydroxyzine, psychomotor & cognitive performance & CNS arousal, 21–30 yr old male college students, 7615
directional preference for horizontal hand movements, right- vs left-handed 4 yr olds, 3199
efficacy of tutoring in visual information processing, visual processing & academic achievement, Hispanic kindergartners through 2nd graders determined to be poor visual processors, 2033
evaluation of workload assessment techniques using psychomotor loading task, 23–50 yr old male instrument-rated pilots, 4490
exposure of fathers to Agent Orange in Vietnam, sensory integration level, 4–8 yr olds, 1332
exproprioceptive information available in optical flow arrays induced by curved paths of observation, 11819
factor analysis of response patterns, finger maze learning, normal vs mentally retarded children, 5912
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
horizontal vs antiorthostatic position during performance of sensorimotor activities, adaptive reactions, males, 7454
illumination & stimulus pattern, optomotor response, weak-electric mormyrid fishes, 7226
individual differences in speech rates & pauses vs rates of other psychomotor acts, 18–30 yr olds, 7114
information load in hand-eye coordination task, performance & risk taking & physiological responsivity, 23–71 yr old males, 11784
interpersonal dynamics in psychomotor treatment, 6 yr old epileptic male, 3834
iv noradrenaline & dopamine, food intake, male rats with lateral hypothalamic lesions, 9754
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
length conservation & graphic copying of single geometrical shapes, 3–5 yr olds, 821
long term exposure to organic solvents, cognitive & sensorimotor functions & risk of neuropsychiatric disease, industrial workers, 5713
measurement of tactile information processing ability, blind workers, 4681
methodological issues, studies of object reception, 2384
mirror writing, right- vs left-handed 17–29 yr olds, 5098
motivation, psychomotor performance, 10 vs 12 vs 14 yr olds, 12429
movement direction & preprogramming vs programming vs reprogramming, ballistic motor act, females with mean ages of 21.9 vs 69.1 yrs & right vs left handed college students, 3174
myokinetic psychodiagnostic test of M. Lopez, interhemispheric functional asymmetry, normal vs neurotic vs schizophrenic Ss, 10361
occupational therapy, sensory integrative dysfunction, paper submitted by American Occupational Therapy Association, 6457
positive-involving posthypnotic suggestion, performance on rotary pursuit task, hypnotized vs awake college students, 2562
red vs level of white light illumination, navigation test performance, navigation school students, 9187
rhythmic training, mentally retarded, 1471
right hemisphere stroke, perceptual motor disturbances, adult patients, 10595
right hemisphere stroke, recovery of perceptual motor processes, adult patients, 10596
role & function in treatment of sensory integrative dysfunction, occupational therapists, 6458

sensorimotor characteristics of eye movement, visual perception, 11801
sensory integrative treatment, self injurious behavior, profoundly mentally retarded multiply handicapped Ss, 8544
simulated dive to 660 meters, cognitive ability & perceptual motor performance & sleep quality & emotions, male divers, 7500
sociocultural intervention & psychomotor & play activity, elective mutism, 6 yr old female, 3856
spontaneous pulvinar nucleus EEG & changes during perceptual motor processes, males undergoing stereotaxic operations, 1703
surgically induced esotropia & prismatically induced strabismus vs monocular deprivation, strabismic amblyopia, cats, 9741
systems approach to interaction of sensory systems, mental processes, 11758
tactile sensory coding in glabrous skin of hand, role in perception & motor function, humans, 7388
threat of electric shock, motivation & perceptual motor task-induced physiological changes, 20–24 yr olds males, 534
unexpected sensory & postural support conditions, environmental context adaptation of postural reactions & simple arm movement execution, humans, 203
unilateral electrolytic lesions of far lateral hypothalamic area, sensorimotor impairment & recovery & reappearance of impairment during aging, male rats, 2990
visual stimulus velocity & information feedback, receptor anticipation performance, mentally retarded 20–36 yr olds, 8269
visuomotor behavior rehearsal, anxiety & karate performance, 18–24 yr olds, 4857
visuomotor organization, sinistrals who wrote with vs without inverted hand posture, 431
Perceptual Orientation [See Also Spatial Orientation (Perception)]
information transmission in perceptual modality & illumination perception of body position, human Ss, 7117
tilted luminous frame with peripheral circular contours, inhibition of visual orientation control system, student volunteers, implications for motion sickness, 2587
time perspective & future orientation, cognitive psychology viewpoint, 3460
Perceptual Stimulation [See Also Auditory Feedback, Auditory Stimulation, Delayed Auditory Feedback, Filtered Noise, Illumination, Loudness, Noise Levels (Work Areas), Olfactory Stimulation, Pitch (Frequency), Prismatic Stimulation, Somesthetic Stimulation, Speech Pitch, Stereoscopic Presentation, Tachistoscopic Presentation, Tactual Stimulation, Taste Stimulation, Ultrasound, Visual Feedback, Visual Stimulation, White Noise]
biological bases of personality & introverts' vs extroverts' response to sensory stimulation, comment on T. J. Paisey & G. L. Mangan's neo-Pavlovian temperament theory, 7998
heuristic mathematical model of dynamics of sensory conflict, motion sickness, 11750
mechanical vs heat vs cold vs chemical stimulation of A-delta-fibers, evoked subjective sensations, adults, 7343
sensory cerebellar stimulation, EPs &/vs afferent pathway responses, catfish, 7362
sex & familial handedness & sensory & hemisphere mode stimulation, stimulus specific & nonspecific responses with greater magnitude on left hand, right handed college students, 5095
Perceptual Style
need for multisensory computer programs for instruction to accommodate various perceptual learning styles, 8985
Performance [See Also Group Performance, Job Performance, Motor Performance]
ability &/vs effort &/vs performance, perceptions of justice of equal vs unequal allocations of monetary rewards, 12681
acute alcohol ingestion & prior success vs failure, cognitive performance & physiological arousal & skin resistance, 21–30 yr old males, 9845
age & education, neuropsychological test performance, patients with symptomatic carotid artery disease, 10551
amount of practice prior to analogy test related vs unrelated to practice, choice of others with same vs different amount of practice for comparison, college students, 1084
assessment of public speaking as ethically acceptable situation for study of effects of apprehension on performance, inexperienced adult male speakers, 11583
atenolol, stage fright & performance with vs without audience, 20–54 yr old musicians, 670
auditory vs visual input & spatial vs verbal central processing & manual vs speech output, performance on simulated flight task, 22–46 yr old right handed male students & US Naval air test center employees, 9188
autoshaping & response production & association & old vs recent performance models, classical conditioning, literature review, 6920
behavioral & emotional & physiological measures of stress, Three Mile Island residents, 13797
bifocal glasses & interpolated rest periods, target detection time in radar monitoring task, 40–50 yr olds, implications for air traffic control displays, 4880
biofeedback, psychophysical performance & stress control, literature review, 6195
blame for task failure & ability known vs not known by teacher, estimation of test performance & interest in task, Ss acting as teachers & students, 2672
choreoathetoid movements, Quick Neurological Screening Test performance, learning disabled 6–8 yr old males, 5905
coding processes & memory strategies, memory performance, dyslexic children, literature review, 12966
cognitive intervention, performance in intercollegiate sports, male athletes, 1613
cold exposure & cold-protective clothing, skin temperature & manual counting task performance, 30–35 yr old males, 2942
competition vs cooperation & coaction vs alone & sex & item difficulty, performance on Remote Associates Test, college students, experimental replication, 3394
context & setting of competitive basketball game, athletic performance & game strategy & performance anxiety, mildly retarded vs nonretarded 21–35 yr old players, 1300
continuous loud noise & perceived control, tracking task performance & Stroop Color Word Test performance, 18–55 yr olds, 194
cross-sectional & longitudinal & secular trends, track & field athletic performance, middle aged and older male athletes, 2545
decision making method, selection of test for organizational performance measurement, 168
discrepancy between tracking-task difficulty & ability level & individual standards of success, regulation & perceived efficiency of performance, 196
duration & variability of system response time, performance of selection concept-learning task, college students, 7148
efficacy of hierarchic list with complete vs implicit numbering, humans, 13795
extraversion/introversion & emotional stability/neuroticism, guessing task performance, Ss in groups vs individually, 8050
factor structure, self reported peak performance variables, college students, 3464
feedback, performance of Piagetian conservation tasks, 6.5–7.5 yr olds, Nigeria, 12432
group interdependence, supervisor performance evaluations, college students, 11369
high vs gradually increasing stress levels during training with vs without ceiling, performance of visual search task under stress, military officer trainees, Israel, 4474
high vs low scores on bowling game, strategy analyses & explanations of performance, learning disabled vs normal 2nd–6th graders, 3652
instruction vs visual imagery vs education, instrument control performance, male technical vs academic high school students, 13787
inter-response time contingencies & monetary reinforcement, button pressing 18–22 yr olds, 2663
involvement of S, moderation of performance cues & leader behavior descriptions, college students, 12675
iv diazepam, acquisition & performance of discrimination involving response chains, 24–25 yr old males, 638
knowledge of being in control group, performance on & attitudes toward experimental task, college students, 4701
lateral preference & hemispheric specialization for cognition, perceptual motor abilities & sports performance, left vs right handed Ss, 7379
monetary task incentive, heart rate & blood pressure & skeletal muscle vasodilation & task performance, Type A vs Type B males, 2878
noise, performance of multiple tasks, adult females, 2564
noise, semantic memory, adult females, replication of M. W. Eysenck's study, 2565
organized vs question-only study sessions, final exam performance, college students in general psychology course, 6662
overreward vs underreward, performance, 9th & 10th grade internal vs external locus of control students, Hong Kong, 3237

perceived task difficulty & vocational ability & work & authority attitudes, building project performance, 8th grade male vocational students, test of motivational feedback loop hypothesis, 889
perceived value of positive vs negative self reward vs punishment, arithmetical problem solving performance, postgraduate students, 4914
performance on French language test intended for 11–12 yr olds, college students & primary & secondary school teachers, France, 7652
positive reinforcement, performance on Mental Status Questionnaire, 82 yr old male with dementia & depression, 1566
prior extended vs regular pursuit tracking task practice, alcohol-induced performance impairment, male college student social drinkers, 9795
proceedings of new multidisciplinary International Society of Ecological Psychology, experimental & theoretical analysis of environments & human & animal achievement, 6891
same/different discrimination techniques & readiness training & song vs no song tonal pattern training, tonal & rhythmic aural perception & vocal performance, 5.3–6.5 yr old female vs male kindergartners, 8977
scores on Perceived Competence vs Perceived Contingency Scales, performance on intentional vs incidental task, internal vs external Ss, 12707
selection & training & maintenance of observational performance in natural settings, social & behavioral research, Os, literature review, 2387
self directed attention, performance & persistence, college students with high vs low test anxiety, 12692
self efficacy beliefs, tennis performance, tennis players with mean age of 26.6 yrs, 11763
self esteem & performance feedback, social comparison choices, Ss recruited by telephone, 7972
self evaluation &/vs audience evaluation of relative performance & similarity of competitor, judgment of task relevance, male college students, evidence for self evaluation management strategies, 12684
self image & tendency to dominate vs submit & aspirations, performance effectiveness, 17–26 yr old volleyball & handball & soccer players, 2198
self set standards vs performance, self reward, college students, support for F. H. Kanfer's self regulation model, 11913
sex of E, performance on E imposed vs self selected goals, humans, 11910
simultaneous verbalization of cognitive processes vs subsequent verbalization with vs without recall aids, sorting task performance, adults, 4910
simultaneous vs alternating vs massed response strategy, multiple vs single task performance, 18–35 yr old males, 7154
sleep disturbances, performance & mood, literature review, 5140
status in one area, status & self perceived competence & performance in other areas, high school students, 3372
task evaluation & sex differences, task performance & aspirations for future performance, high school students, 12488
test performance, causal attribution & affect, college students, 6702
time of day, simple task performance, college students, theory verification, 2631
time sharing factor, performance of complex tasks, right handed female college students, 2580
triazolam vs flurazepam, sleep & daytime sleepiness & performance & mood, 64–79 yr old insomniacs, 3941
valence of performance feedback given to handicapped vs nonhandicapped person, perception of feedback, college students, 3426
visuomotor behavior rehearsal, anxiety & karate performance, 18–24 yr olds, 4857
weak vs strong gestalt vs analytic strategy training, performance on gestalt vs analytic progressive matrices items, 4th vs 6th vs 8th graders, implications for intellectual assessment, 5369
yrs of schooling & being in school, metamemory & memory performance, female college students aged 18–26 vs 35–44 yrs vs out-of-school females aged 36–49 vs 60–86 yrs, 10029

Performance Tests

accuracy/incentive vs speed & accuracy/incentive value of visual stimuli, event-related potentials, adults with mean age of 25.8 yrs, 2877
activation level, disturbance & cue utilization in scaling of emotions & comparison with information processing performance testing, 511
auditory evoked potentials vs sensitive performance measures vs EEG, assessment of excessive daytime sleepiness & drowsiness, untreated 19–65 yr olds with narcolepsy cataplexy, 3687
computerized postural stability & white noise rotational tests, diagnostic screening for dizziness, patients with Meniere's disease & other vestibular dysfunctions, 13091
frequency of Verbal-Performance discrepancies in WAIS-R standardization sample, 11684
interrater reliability of scoring of protocols for Developmental Test of Visual-Motor Integration, kindergarten teachers & school psychology externs screening 5.2–7.5 yr olds, 13685
personality traits & motor characteristics in traffic psychological coordination test, 11783
score correlations between Revised Test of Visual-Motor Integration & Bender Visual-Motor Gestalt Test, kindergartners through 3rd graders, 13692
speed & accuracy of judgments on Kansas Reflection-Impulsivity Scale for Preschoolers & length discrimination task, 3.6–5 yr olds, implications for behavioral flexibility vs cognitive style, 9978
statistical removal of ratings on invalid from valid items, elimination of halo in performance ratings, personnel, 4710
time & error measures of human performance, reply to J. M. Childs's criticism of optimal-pessimal paradox, 11732
validity & reliability of Leiter International Performance Scale, nonverbal assessment of intellectual development, kindergartners, 4786

Performing Arts [See Dance, Drama, Music]

Peripheral Nerve Disorders

Charcot-Marie-Tooth disease & Refsum's disease, literature review, 8339
decreased dosage of disulfiram & added multivitamins, reversibility of paresthesias, 32 yr old abstinent alcoholic male, 11095
injury to peripheral nerves or spinal cord, functional reorganization of somatosensory system, mammals, literature review, 2983
spontaneous electromyelogram activity, patients with central vs peripheral nerve disorders, 8297

Peripheral Nerves [See Also Abducens Nerve, Acoustic Nerve, Afferent Pathways, Cranial Nerves, Efferent Pathways, Facial Nerve, Neural Pathways, Olfactory Nerve, Optic Nerve, Spinal Nerves, Trigeminal Nerve, Vagus Nerve]

electrical stimulation of cutaneous & muscle nerves & noxious vs innocuous mechanical stimulation of muscle & tendon & cutaneous tissues & intra-arterial algesic substance injection, ventroposterolateral nucleus responses, cats, 12216
peripheral nerve stimulation, analgesia, cats, implications for human neural mechanisms, 7536
sciatic & saphenous nerve transection, left dorsal horn neuronal activity, cats, 7547
stimulation of posterior tibial nerve, somatosensory EPs, 18–42 yr olds, 9769

Permissiveness (Parental) [See Parental Permissiveness]

Persecution

forms & psychological methods & psychopathological consequences, torture, South America, 12948
methodological problems, research on torture, 11630

Perseverance [See Persistence]

Perseveration

age differences, perseveration & selective use of information in search behavior, 9 mo through 4 yr olds, 7755
apomorphine, self stimulation response rate & extinction, male rats, 7568
methylphenidate, attention tasks & perseveration, hyperactive 7.5–11.3 yr olds, 1636
perseveration & search on 5-choice visible displacement hiding task, 8–10 mo olds, 9958

Persistence

analysis of behavioral momentum & resistance to change, learned behavior, pigeons, 7259
attribution for expected failure to self vs environment, effect of negative expectations on performance, college students, 1072
beliefs based on concrete vs abstract data, perseverance effect, college students, 11838
child's psychotherapy, persistence in treatment & parent child relations, parents, 13146
early goal commitment & academic integration, college persistence, college students, 2067
rational vs irrational self verbalizations, anxiety & persistence on performance task, male college students, 3930
required effort exertion in preliminary task, persistence & cheating in subsequent tasks, college students, 9525
self attentiveness & outcome feedback, task persistence, college students, 3471

self directed attention, performance & persistence, college students with high vs low test anxiety, 12692
self vs external monitoring, perceived self efficacy & arithmetic skill & persistence, 8.5–9.4 yr olds, 10012
sex & persistence, academic achievement, college students, 4303
sex differences, persistence & alternative occupational choice & long-term academic achievement, unsuccessful applicants to medical school, Israel, 11118
Personal Adjustment [See Emotional Adjustment]
Personal Construct Theory [See Personality Theory]
Personal Growth Techniques [See Human Potential Movement]
Personal Space
age, interpersonal spacing toward adult caretakers vs playmates, 6–60 mo olds, 3212
boundaries in built environment & social ramifications, 6890
change in apparent interactive distance & interviewer eye contact, heart rate & pulse amplitude, college students interviewed across interactive TV, 9704
cognitively complex occupation, office furniture arrangement & spatial & working behavior, social scientists, 13774
concepts of proxemics vs personal space, 7961
development of personal space & self-boundary structures, infants, literature review, 10055
development of personality trait of mental distance & development of mental tempo, nursery vs elementary vs junior high school students, 5452
instructional set & sex guilt & degree of body accessibility & sex, touching, college students, 12638
interpersonal distance & locomotion trace & range of locomotion & behavior density, development of cognitive & behavioral aspects of spatial behavior, children & adults & animals, literature review, 5332
invasion of personal space by male vs female approaching from near vs far proximity, withdrawal, male vs female college students, 7962
leadership training, self esteem & body image & personal space, US Army recruits, 11362
need & function & strategies for maintaining & factors which affect personal space, 5621
perception of maladaptive student behavior, proximity & touching, 4th grade teachers, 11243
permanent vs temporary vs no facial disfigurement, proxemic behavior, pedestrians, 10255
personal space preferences & crowding & stress, literature review, 1066
properties & functions of interpersonal space & type of hypnosis, hypnotic induction, 9532
residential building size, personal crime & fear of crime, moderate- & low-income housing project residents, 4577
spatial zones of co-presence in face-to-face interaction, Ss observed in naturalistic settings, 12631
use of common armrest on airplanes, males vs females, 5663
validity of psychological distance map, assessment of interpersonal psychological distances during transition to new environment, college students, 11689
Personal Values
age, work values & job rewards & job satisfaction, 16–61 yr olds, 10062
allocator motive & gender & Protestant ethic endorsement, reward distribution, male vs female college students in hypothetical business setting, 5649
attitudes on becoming psychiatrists & interpersonal relationships & values regarding medical training & board certification, 3rd-yr psychiatric residents, 11140
congruence of parent-child sports values, child self esteem, children participating in National Youth Sports Program, 3241
depressive symptoms & self esteem & Protestant Ethic values, attributional style, college students, 12703
educational & social & psychological correlates, vocational maturity, 9th–12th graders, 7793
educational goals & personal values & attitudes, academic success, engineering students, support for college-fit theory, 11232
emphasis on values in sex education, adolescents, 8963
ethnic origins & personal values, business students, Nigeria, 8005
implicit vs explicit importance of career values in career decision making, 12th graders, 5423
interaction between work values & environment & significance of work at various life stages & responsibility of & value to industry of techniques to assist needs & values clarification, employees, South Africa, 9167
kind of decision & amount of personal conflict & program content, use of evaluation information in decision making, school board members vs administrators, 11178
level of fairness reasoning & values, participation in justice-related events, graduate students with mean age of 36 yrs, 8054
life orientations, 17–30 yr olds vs 45 yr olds & older, Poland, 3431
methodology employing repertory grid technique, experimental assessment of teachers' beliefs & principles & decision making, 64
objective & subjective values & valuations in psychological therapies, 8460
organizational goals & personal values, decision making, Black vs White managers, support for G. W. England's model, 13747
organizational type, information/privacy values & beliefs & attitudes & behavioral intentions, adult Ss, 12583
personal value transformations & suicidal ideation, survivors of near-death experiences, 4612
personal values & product class & brand preferences, consumer panel members, 9201
preferences & values & self beliefs & life events, symptoms of strain, employed Ss, 12693
reaction of staff & students & parents & effect on students' attitudes & values & behavior, human sexuality course at Mennonite liberal arts college, 4288
sex & morality & cross cultural comparison, factor structure of values, college students, Taiwan vs US, 1099
teaching model & evaluation, course on values clarification & attitudes about gender & psychotherapy, psychiatric residents, 6519
training in values clarification & time management, feelings of time competency, college students, 6230
uncommonness & importance of specific values in value similarity, friendship choice, college students, 1055
value importance, value fulfillment/job satisfaction, state vs bank employees vs US Navy cadets, 13755
values & self concept, normal males with mean age of 17.1 yrs vs 16–19 yr old juvenile delinquents, 8219
values, therapeutic style, family counselors & therapists, literature review, 1942
Personality Assessment [See Personality Measures]
Personality Change
acquisition of shamanistic status, conscious & unconscious mechanisms of psychological adjustment as seen in Rorschach responses, 50 yr old Apache female, 941
analytic group psychotherapy, transformation of psychic structures, 6160
causal model, antecedents of change in aspects of intellectual ability & personality & self perception of change, aged with mean age of 69 yrs, 2-yr longitudinal study, 9922
change in group psychotherapy, discussion of E. N. Fried's & H. E. Durkin's articles, 6152
changes in MMPI indices of psychopathology, 16–70 yr old abstinent vs periodically drinking alcoholics, 4-yr followup, 1261
form of aphasia, self esteem, patients during restorative training, 10587
role theory vs individual personality dynamics as possible explanation for authoritarianism & personality & attitudinal changes, police, 2253
stability of intellect & personality, chronic schizophrenic patients with mean age of 41 yrs, posttreatment followup, 10359
stability of self concept vs self assessed vs spouse rated personality traits, 21–89 yr olds, 896
Personality Characteristics [See Personality Traits]
Personality Correlates
back pain chronicity, MMPI psychopathology indices & anxiety & depression, low back pain patients, 10584
characteristic symptoms & child's personality structure & defense mechanisms & parental personality & anxiety, hyperkinetic syndrome, 10614
closed mindedness & extraversion & neuroticism & psychoticism & use of corporal punishment, public school teachers, 11183
cognitive & cultural & attitudinal & personality correlates, secondary arts vs science students, 11235
effectiveness of MMPI Hs-Pt index, discrimination between brain disorders & functional disturbance, 17–64 yr old male patients, 9391
factor analysis of screening battery, assessment of personality & intellectual & demographic & behavioral variables, incarcerated male & female delinquents, 9325
human blood groups, personality, college students, 7475
infantile cerebral paralysis, compensatory personality mechanisms, children & adolescents, 10635

item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
meta-analysis of research on correlates of role conflict & ambiguity, literature review, 5659
MMPI personality correlates of neuropsychological status as measured by Halstead-Reitan Neuropsychological Test Battery, 19–61 yr old male veterans with brain disorders, 8280
neuroticism & psychoticism, professional cartoonists with mean age of 44.4 yrs, 8039
personality & family & peer variables, drug usage, 9th–10th graders, 7764
personality characteristics, 20–54 yr olds with multiple sclerosis vs 16–64 yr olds with neuromuscular disease vs 30–63 yr olds with rheumatoid arthritis vs 19–66 yr olds with complex partial seizures, 6044
personality correlates & developmental aspects of political radicalism, college students, 5669
personality correlates & pharmacotherapy & hypnotherapy, digestive diseases, 13037
personality correlates, ability to taste phenylthiocarbamide, college students, 12162
personality correlates of acquiescence to F Scale-type items, Whites, South Africa, 7034
personality correlates of functional cerebral asymmetry, 3.8–6.6 yr olds, 769
personality correlates of sexual dysfunction, college students, 8075
personality correlates, TV viewing patterns & preferences & motives, 8029
personality correlates, vigilance & self monitoring accuracy, college students, 306
personality maladjustment, functionally vs organically infertile females, 3683
personality profile, females with mean age of 29.1 yrs attending artificial insemination by donor clinic, 8006
personality structure & pharmacodynamics of nicotine, smoking behavior, 10222
personality styles associated with patterns of depression, 26–57 yr old chronically ill patients with asthma & tuberculosis & pain, 13007
personality subgroups delineated from cluster analysis of Eysenck Personality Questionnaire, number of previous convictions &/vs type of offense, 14–17 yr old delinquents, partial support of H. J. Eysenck's theory of criminality, 8212
prevalence & personality correlates & treatment outcomes, chronic pain patients with alexithymia, 3737
psychosocial correlates, Back Pain Classification Scale scores, 21–65 yr old patients, 104
psychosocial stress & predisposing personality factors, development of cancer, 10565
structural equation model of sociability as function of personality & work strain & exposure to mass media, Ss retired for 3 yrs vs near retirement vs expected to retire in 3 yrs, 9395
TAT characteristics, chronic alcoholics, 5850

Personality Development [See Also Separation Individuation]

abortion as developmental step, unconscious staging of mourning, 10901
age & SES, development of self concept, Euro-American vs Afro-American vs Mexican-American 9–11 yr old females, 3222
birth order, intelligence & personality & behavior problems, 1st born vs laterborn children, 10082
body image boundaries, ego development, female 13–14 vs 15–16 yr olds vs college students, 888
characteristics of teachers & learning situations, learning & personal development, students, 6711
childrearing practices, personality, 31–32 yr olds, 10066
cognitive development model of rigidity, aged, literature review, 7733
cultural role & theoretical perspectives, personality development, Mexican Americans, 7782
dependence patterns from childhood to adulthood, 865
development & characteristics of omnipotent Age of Passion Man, 2339
development of faith, young adults, 7808
development of school related & recreational & personal & social interests, gifted elementary & middle school students, Taiwan, 3-yr longitudinal study, 774
development of self concept, nursing students, 6500
ego & moral development, adult graduate students, 3141
ego development as educational goal, 879
expression of & factors in development of faith & interaction of faith & morality & identity, 18–22 yr olds, 5319
faith & identity & morality, 18–22 yr olds, comments on article by E. J. Mischey, 5283
family & school & ego development & social & cognitive needs & academic achievement motivation, children, 9025
family's role as social agent, identity development & identity crises, children, 7770
genetic effects on personality, literature review, 5045
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
life events fostering development-inhibiting dispositions, ability to utilize development-promoting school activities, students, 9024
locus of control & search for self concept & environmental freedom, adolescent & young adult workers, 5435
major themes of analysis & trauma in psychodynamics of childhood encopresis, pesonality development, 22 yr old male, 6035
Marxist & Kantian perspectives on personality & individuality, 8019
mastery drive & aggressiveness & identity acquisition, children, 877
model of developmental process, self identity formation, lesbians &/vs feminists, 7929
moral judgment & ego strength & democratic orientation, students with mean age of 18.5 yrs, West Germany, implications for L. Kohlberg's model, 771
personality & social development, literature review, 5456
personality correlates & developmental aspects of political radicalism, college students, 5669
personality development & identity status assessed through early memories, female college students, 3229
personality theory & moral development, literature review, 5447
place-identity as cognitions of physical settings, development of self identity, 10076
plot & role playing vs interaction as result of game vs real life relationship, sharing behavior, 5–6 yr olds, 5440
primary process thinking during oedipal & latency & adolescent development, 4–17 yr old females, 3238
psychoanalytic interpretation, relationship to groups, group members, 5635
reliability & validity of J. Loevinger's sentence completion measure, theory & stages of ego development, literature review, 4792
religious personality structure & development & psychology of A. Van Kaam, 12525
role of animals in cultural & ethnic groups & effect on human personality development & human-animal communication & therapeutic use of animals in institutions, development of field of animal-human relations, 3
Rorschach developmental level, subsequent psychiatric treatment, 4–20 yr olds of psychotic vs physically ill vs normal parents, 8-yr followup, 9307
self & parent & teacher evaluations, development of personality & cognitive abilities, 9th–10th graders, teacher training implications, 6544
self knowledge & self defense & personal growth & abandonment of defenses, behaviorists' concerns, 5656
sex role development, 7784

Iowa appraisal by objectives system, guide for training & development, employees, 11355
legal action & employer responsibilities & individual response & social support services, sexual harassment, female employees, 6866
level of personal interdependence, coordination between workers & output quantity & quality, workers in organizational work units, 4532
localized fatigue complaints & pain in upper limbs & neck, 17–29 yr old accounting machine operators, 13045
market & organizational characteristics, job attitudes & performance, bank employees, 6859
methodological problems & developments in personnel & industrial relations research, application to job analysis & pay equity, 13782
monetary contingencies & social milieu, weight loss, 23–51 yr old coworkers, 8504
need for achievement & job features, work satisfaction & motivation, employees, test of validity of model of J. R. Hackman & G. R. Oldham, 9170
occupational cervicobrachial disorder, Japan, literature review, 13046
permanent part-time work, future job status & wages, 14–24 yr olds, longitudinal study, 10078
personality correlates based on J. Holland's typology, occupational status, employed males with mean age of 40.4 yrs, 9172
personality traits & job factors & morale, personal relations, physically handicapped workers, 1404
physical health change & psychopathology & responses to increased work load, cortisol & growth hormone secretion, male air traffic controllers, 527
preferences & values & self beliefs & life events, symptoms of strain, employed Ss, 12693
preferred settings & body postures, visual display terminal operators, 13785
psychodynamics of theft, convenience store employees, 8236
psychological effects of multilevel production organization, workers, 9176
psychosocial aspects of work, job dissatisfaction & work-related exhaustion, male vs female workers, Finland, 11420
relationships between work & life satisfaction, workers, 4530
secretion of cortisol & human growth hormone, male air traffic controllers, 528
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
specialized intervention in employee assistance program, knowledge about alcoholism & referrals to program, female employees with drinking problems, 11055
statistical removal of ratings on invalid from valid items, elimination of halo in performance ratings, personnel, 4710
status & power, perceptions & responses to sexual harassment in workplace, 6856
typology of types of employee ownership, implications for social science research, 13781
visibility of handicap, wage level, mentally ill & mentally retarded & physically handicapped sheltered workshop employees, 8067
weariness & visual fatigue & potential risks, video display terminal operators, 2270
work stress & neuroticism, ectopic beats, ships' pilots, 8285
worker participation in research on quality of working life, 11410
working conditions, prevalence of neck & upper limb disorders, different occupational groups, Finland, 13041
working conditions, prevalence of occupational cervicobrachial disorders, office machine operators vs office workers without machines vs assembly line workers, 13062
work/rehabilitation program at National Institute of Social Welfare, rehabilitative & preventive treatment, workers with job-related physical & psychological disorders, Brazil, 13410
wrist vs hand vs foot bone fractures, length of absence from work, 18–59 yr old employees, 8319
writer & rater sex & organizational position & memo quality, evaluation of business memos, personnel, 1076

Perspective Taking [See Role Taking]

Persuasive Communication [See Also Brainwashing]
attitude toward thematic object, speaker's rhetorical strategies & listener's sensitivity to arguments, 12341
categorization system for slogans & pictorial propaganda & methods for investigation of propaganda effectiveness, 12336
cognitive complexity & construct system abstractness, listener-adaptive persuasive communication strategies, college student dyads, 3374
communicator physical attractiveness, credibility & persuasiveness, literature review, implications for advertising, 2291
door-in-face & foot-in-door compliance techniques, altruism, shoppers, 7974
explanation by example as tool for persuasion, 7657
group contingency vs peer administered token economy, coercive behavior, behaviorally disordered 7–13 yr olds, 10806
model of situation perception in compliance-gaining situations, factor analysis of extant studies, college students, 5610
neutral message about consumer product brand in context of predominantly positive vs negative messages about other similar brands, delayed evaluation of neutral brands, 2626
prompting strategies, appointment compliance, hypertensive 15–87 yr old mental health center clients, 6219
recall data & theory of recall & validity of recall vs persuasion, assessment of advertising effectiveness, 4595
resolving disagreements in purchasing decisions, spouses, 2302
rhetorical game "playing the dozens", regulation of personal & social conflicts, Blacks, 12521
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
source & message & recipient & channel & feedback, courtroom persuasive techniques, lawyers, 1017
training in persuasion & interpersonal influence processes, counselor trainees, 1926
TV commercials vs Christian values, 10140
verbal compliance-gaining strategies in naturally occurring conflicts with peers, 2–5 yr olds, 12378

Pessimism
hopelessness & depression & previous suicide attempts, suicidal ideation, outpatient alcoholics with mean age of 38 yrs, 10449
hopelessness & social desirability, prediction of attempted suicide, patients with mean age of 26.9 yrs, 12939
level of hopelessness & depression & self esteem, 8–13 yr old psychiatric inpatients with vs without suicidal intent, 12820
level of hopelessness, hospitalized 17–60 yr olds with acute vs chronic physical disorders, 8301
levels of hopelessness, depressed patients, implications for suicide prevention, 3560
nuclear war threat, feelings of powerlessness & futility in planning for future, 7834
stability of negative recall bias & mood state, vulnerability to depression, medical students, 10295

Pesticides [See Insecticides]

Pets
perception of food flavor preferences of pet dogs, owners, comparison with food flavor preferences of laboratory Beagles, 11935
pet ownership & self esteem & social sensitivity & interpersonal trust, college students, 12714
pets as source for pleasure & responsibility & learning, handicapped children, 13105
role of animals in cultural & ethnic groups & effect on human personality development & human-animal communication & therapeutic use of animals in institutions, development of field of animal-human relations, 3
role of pet dog, adolescent conflicts & bonds with parents & transference, 19 yr old patient, 13165
sex & breed & reproductive status, aggressive behavior, dogs kept as companion animals, 11980

Phantom Limbs
emergence of body self during 1st 15 mo of life through separation-individuation, infants, implications for psychosis & Gilles de la Tourette's syndrome & phantom limb disturbances, 7800

EMG & temperature biofeedback, phantom limb pain, 51 yr old male, 8543
tardive dyskinesia in phantom limb, 42 yr old male, 10323
Pharmacology [See Also Psychopharmacology]
concurrent validity of Test for Studies in Pharmacy, prediction of academic success, pharmacy students, West Germany, 2409
multivariate generalization procedure, hypothesis testing of rated differential response patterns in multigroup pharmacological studies, 3080
neurochemistry & pharmacology & behavioral correlates, buspirone, 5246
pharmacokinetic variables & relationship between antidepressant plasma levels & therapeutic response, depressed patients, literature review, 1640
pharmacology & neurochemistry & tranquilizing effects, buspirone, 5238
usefulness of pharmacokinetic parameters in optimization of drug therapy regimens, 6254
Pharmacotherapy [See Drug Therapy]
Pharynx
specialized pattern of electrical activity in pharyngeal muscles, mollusc-eating sunfish, 9645
Phencyclidine
characteristics of chronic dependence, 14–38 yr old chronic phencyclidine abusers, 8222
chronic phencyclidine administration & subsequent abstinence, disruption of operant behavior, male rhesus monkeys, 7622
cortical distribution of phencyclidine receptors, rats, 7423
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
evidence of phencyclidine in umbilical cord blood, neonates & drug dependent mothers, implications for pediatrics & juvenile law, 5866
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
ketamine vs phencyclidine vs N-substituted analogs of phencyclidine, discrimination & generalization, rhesus monkeys, 5247
phencyclidine & analogs, establishment as reinforcers & tolerance to behavioral effects, male rhesus monkeys, 7570
phencyclidine, active avoidance learning & radial arm maze performance, male rats, 12287
phencyclidine, pyramidal cell discharges on hippocampus, rats, 3091
phencyclidine, spontaneous vs electric shock induced aggression, squirrel monkeys, 9721
phencyclidine usage, US, literature review, 1039
phencyclidine, visual evoked potentials, rhesus monkeys, 7607
psychiatric symptoms, Black vs White male vs female phencyclidine-toxic patients, 12801
psychological autopsy, phencyclidine-related deaths, 1242
types of phencyclidine-related violence & crime, 5851
Phenelzine
dramatic mood swings & treatment with MAO inhibitor phenelzine, 35 yr old single female diagnosed as hysteroid dysphoric, 13278
lithium & prothiaden or lithium & mianserin & chlorpromazine, endogenous depression, 64 & 66 yr old males resistant to prothiaden or imipramine or phenelzine or lithium or mianserin or chlorpromazine, 10849
phenelzine, biphasic behavioral stimulation, male rats, 5200
phenelzine therapy, depression, 60–84 yr olds, 8562
triiodothyronine & thiothixene-phenelzine, 67 yr old with refractory depression, 6255
Phenobarbital
acute dextroamphetamine & phenobarbital, operant stimulus discrimination performance errors & response time, male rats & juvenile baboons, 3028
diazepam vs phenobarbital vs placebo, EEG & attention test performance & mood, 30–50 yr old male alcoholic inpatients, 1665
morphine & phenobarbital vs chloral hydrate anesthesia, globus pallidus unit activity, rats, 9840
neonatal exposure to phenobarbital, sensitivity to apomorphine induced climbing behavior, mice, 3109
prenatal phenobarbital, body temperature & function of dopamine receptors following apomorphine administration, mice, 12290
Phenomenology
depersonalization & F. Brenano's phenomenology, 3580
distinctions between cognitive & behavioral psychology & phenomenology, 9218
exemplification of T. Kuhn's concept of "paradigm debate" in conflict between behaviorism & phenomenology, 4631
givenness of self & others in E. Husserl's transcendental phenomenology, 4617
phenomenological analysis, perceptions of self & time & environment during premenstruum, females, 5134
phenomenological perspective, imagination, 4902
phenomenological recreation, pathography of J. Didion's "Play It As It Lays", 5278
Phenothiazine Derivatives [See Also Chlorpromazine, Chlorprothixene, Fluphenazine, Thioridazine, Trifluoperazine]
treatment recommendations, 24 yr old male schizophrenic resistant to phenothiazine treatment, 8556
Phenotypes
genetic architecture, escape-avoidance conditioning, wild rats cross bred with inbred sublines of Roman High vs Low Avoidance strains, 9602
genotype &/vs environment, phenotype, 5048
heritability & directional dominance in nonrandom phenotypic variation for olfactory discriminative avoidance conditioning performance, Drosophila melanogaster, evolution implications, 7336
immunoglobulin allotypes Gm & Km in etiology, chronic schizophrenic inpatients, 10415
maze dimensions & enriched vs impoverished environment, spontaneous alternations, male dwarf mice, 7286
phenotype for selectively bred sensitivity to locomotor depressant effect of ethanol & relation to ethanol induced impairment of swimming, rats, 9592
phenotypes & genotypes in genetics, mental functioning & psychopathology, 12075
single major gene correlate, central excitatory state, pure-bred black blow flies, 2812
spatial distribution & association & phenotype matching & recognition alleles in kin recognition, animals, 9580
triple-test cross analysis, genetic architecture of alcohol preference, female rats of various strains, 9597
Phenoxybenzamine
amobarbital & chlordiazepoxide & piperoxan & phenoxybenzamine, discriminative stimulus properties of clonidine & dextroamphetamine, male rats, 641
iv phenoxybenzamine vs phentolamine vs yohimbine, heart rate deceleration induced by hypothalamic electrical stimulation, rabbits, 7582
Phenylalanine
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
Phenylketonuria
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
screening for adult phenylketonuria, 12–90 yr old psychiatric patients, 3569
Pheromones
female urinary chemosignal, suppression of reproductive maturation, male-stimulated virgin female voles, 9690
gregarization vs solitarization pheromone, social behavior, desert locust, 12003
identification of sex pheromone R-1-methylbutyl decanoate, female bagworm moths, 5026
methyl thiolbutyrate, signal of estrous state & attraction of males & facilitation of copulatory behavior, female hamsters, 5128
olfactory stimulation by androstenol, mood variations throughout menstrual cycle, female college students, 5188
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
responses to dominant vs subordinate conspecific males & differential urine odor preferences, female bank voles, 12011
role of abdominal coremata in male lek formation & female sex pheromones & calling in mating, Arctiid moths, 7328
role of pheromones in regulation of queen number in colonies, fire ants, 5020
Philippines
causal attribution & sex, school performance, 10–15 yr old barrio children, Philippines, 4310
self esteem & locus of control, sex role perceptions of self vs opposite sex, male vs female adolescents, Philippines, 3260
Philosophies [See Also Animism, Dualism, Epistemology, Existentialism, Fatalism, Humanism, Idealism, Logic (Philosophy), Materialism, Metaphysics, Mysticism, Reductionism]
aesthetic theory & root metaphor of selective act in world hypothesis of S. C. Pepper, implications for literature & human behavior, 5276

application of philosophy of root metaphors, interdisciplinary curriculum development, implications for secondary school literature, 6636
application of S. C. Pepper's root metaphor to analytic aesthetics, 4632
application of social basis of root metaphor to "Apocalypse Now" & "The Heart of Darkness", 5275
application to psychoanalysis of scientific explanation of C. G. Hempel & P. Oppenheim, 37
approaches to literary experience & inquiry by S. C. Pepper & J. Dewey, 5271
arguments against the Epicurian position that fear of death is irrational, 4636
attitudes toward death, physicians, comparison with attitudes of Heidegger & Lacan & Oraison, 4136
Cartesian & Kantian notions of mental processes, 11526
comparison of E. Bloch's "concrete utopia" & gestalt theory, psychological utopia research, 2333
concept of rationality in social sciences, 2306
conceptions of evidence in S. C. Pepper's world hypotheses, teaching, 6541
contributions of K. Jasper to psychiatry, 11539
diminution during maturation & postulates of nature of creativity, 10281
discovery of truth, 11533
DNA technology & Copernican world view, 9605
evil & evil behavior & role of humanistic psychology & client centered therapy, reply to letter from R. May to C. Rogers, 35
evil is good, comment on discussion between R. May & C. Rogers, 25
explanation of L. Kohlberg's cognitive developmental characterization of moral development based on Rousseau's "Emile", 9930
Freud's theory of instinct & its relation to philosophy, 9234
future of psychology as inferred from current philosophical writing, 2336
history of psychology from philosophy to empiricism to nationalism to scientific tradition, contributions of W. Dilthey & F. Nietzsche & Jung, 9211
ideology & educational theory, 11153
intention & demonstration & references of speaker, comments on D. Kaplan's & R. Bertolet's arguments, 5263
Marxist & Kantian perspectives on personality & individuality, 8019
maximal opposition in psychoanalytic technique, philosophical definitions, 11540
Myth of Id in 20th century, 29
nature of creativity & enhancement by transcendental levels of awareness & use of transcendental meditation techniques, 8052
nature of evil, comment on dialog between C. Rogers & R. May, 16
philosophical aspects of functional independence & occupational therapy, 1856
philosophical implications of pictorial theory of language & thought & reality & relation of concept to means of expression & common neural pathways to encode object & picture, 4629
philosophical issues, personality structure & assessment, literature review, 5679
philosophical logic & philosophy of mathematics & mind & psychological theory testing, review of posthumous publications of L. Wittgenstein, 6915
philosophical orientation & relation to other thinkers & conception of psychopathology of K. Jaspers, 9227
philosophies of K. R. Popper & psychoanalysis, reply to D. Will's contributions, 11544
philosophy, counseling theory, 10970
philosophy of science, growth of knowledge in psychoanalytic theory, 11545
political education in Marxism-Leninism, USSR, 6640
principle of sympathy in G. Campbell's "The Philosophy of Rhetoric", 4620
psychological & medical models of objectivism, 9217
relevance of S. C. Pepper's "World Hypotheses" to curriculum, 6615
religion vs E. Becker's "heroism" as basis for new psychology, theology & metaphysics as source of human meaning, 11551
role of psychology & psychiatry, concept of faith, 8377
sociology of psychological knowledge & Marxist-Leninist ideology & belief in genetic basis for individual differences in intelligence, 9220
theoretical implications of W. Wundt's appointment to chair of philosophy at University of Leipzig, Germany, 9215
thought processes in writings of Freud & M. Heidegger, 11547
wanting vs intention vs willingness to act, criticism of A. R. Miller's article, 4630

Phobias [See Also Acrophobia, Agoraphobia, Claustrophobia, Dysmorphophobia, Ophidiophobia, School Phobia]
assertiveness training, concept of self & body, 23–42 yr old social phobics, 1570
behavior therapy vs supportive psychotherapy, agoraphobia & mixed & simple phobia, patients, 6078
behavior therapy with vs without imipramine vs supportive psychotherapy & imipramine, phobia, 21–45 yr olds, 6103
client characteristics, prediction of therapeutic outcomes, phobics, literature review, 12848
conventional clinical vs computer assessment, identification of phobia severity & assessment of behavioral targets, phobics, 8099
current & historical definitions & psychoanalytic & behavioral treatments of phobia, literature review, 5761
demographic characteristics & symptoms, 16–51 yr old social phobics vs 20–65 yr old agoraphobics, 10336
exposure in vivo & social skills training & cognitive modification, psychogenic vomiting, 23 yr old male with social phobias, 13262
exposure therapy, clients with phobias & compulsive rituals & anxiety disorders, 10819
graded exposure to anxiety-evoking stimuli, fainting & vasovagal syncope with hypotension & bradycardia, 22 & 37 yr old male patients, 10789
history of classification of phobic disorders, 10427
hypnotherapy, dental phobia, 30 yr old female, 3964
hypnotizability, 21–59 yr old females with snake or spider or rat phobias, 12815
modified desensitization, phobic 7 yr old male, 10786
perceived physiological arousal, heart rate, 20–60 yr old social phobics & claustrophobics, 1172
physiological disturbances, patients with neurosis vs phobia vs hysteria vs neurasthenia, 5797
presence vs salience of threat, self statement systems, phobic vs nonphobic college students, 12810
reactions to computer assessment, phobic patients, 8098
reinforcement & laughter as anxiety inhibitor, phobic responses, autistic 4.5 yr olds, 1589
reliability & validity of Dutch translation of EMBU, Swedish inventory for assessment of memories of parental rearing behavior, normal & phobic & obsessive-compulsive Ss, 11650
reliability & validity of Willoughby Personality Schedule, assessment of social anxiety, normal Ss & outpatient simple & social phobics & agoraphobics & sexually disordered & obsessive compulsives, 153
Phobic Neurosis
telephone therapy, extension of psychotherapy to unreachable clients, paranoids & phobics & borderlines, 8698
Phonemes [See Also Consonants]
anatomic locus of cerebral lesion, phoneme & semantic-lexical discrimination disorders, patients with Broca's vs Global vs Conduction vs Amnestic vs Wernicke's aphasia, 3702
feature analysis of stuttered phonemes, 18–50 yr old male stutterers, 10543
phonemic differentiation, schizophrenic 17–56 yr olds vs depressed 20–60 yr olds vs normal 20–49 yr olds, 8130
phonemic reading & reading comprehension, 16 yr old male with Broca's aphasia, 1367
phonemic rhyme & semantic association norms for words, college students, 11849
phonemic segmentation & word type, 14–15 yr old good readers/poor spellers vs poor readers/poor spellers vs good readers/good spellers, 13609
phonemic segmenting & dysphonetic spelling, 3rd graders with severe reading disabilities, 3-yr followup, 6732
phonemic substitutions as reflected by voice onset times, Broca's aphasic patients, 10649
position in utterance & stress, voicing of /p/ vs /b/, adult females, 726
speech therapy using phonemes to encourage development of phonological patterns, 3.9 yr old female with profoundly unintelligible phonological system, 1684
spoken syllables, classification by common phoneme vs overall similarity of whole syllables, 3.6–5.5 yr olds vs college students, 5401
Phonetics [See Also Morphemes, Phonemes, Syllables, Words (Phonetic Units)]
digit naming speeds & short term serial memory for pictures under rhyming vs nonrhyming conditions, reading disabled vs normal 3rd–5th graders, 5920

geographical dialect & general developmental processes & individual variability, acquisition of fricatives, 3 yr old monolingual Spanish-speaking children, 9963
instructions on attention in shadowing task, phonetic & semantic coding & short & long retention, college students, 4976
phonological ambiguity of Serbo-Croatian words & pseudowords, lexical decision performance, college students, 12340
phonological recoding, development of word identification & reading comprehension, review of normal adult reading & child reading disability literature, 12963
prior listening to words, subsequent spelling of nonword, college students vs male with surface dyslexia, 5891
semantic vs nonsemantic orienting task, false recognition of incidentally learned material, college students & staff, 11896
silence & sentence position & talker change & perceived number of talkers, fricative-affricate distinction, native English speakers, 9492
spectral patterns for synthesis, French speaking adult males, 733
training games, phonetic segmentation skills, kindergartners, 4267
voice onset time & voiced vs voiceless syllables & within vs between category, discrimination of speech sounds, macaque monkeys, implications for models of speech processing & evolution of language, 7248
word length & phonological similarity, recall, college students, implications for reading, 4938
Phonics
auditory vs conventional spelling vs phonically misspelled presentation of pretrained words, word recognition, 18–32 yr olds, 276
phonic decoding ability, normal 2nd–5th graders vs learning disabled children with mean age of 10.3 yrs, 10521
preschool sensitivity to rhyme & training in sound categorization with vs without explicit connection to alphabet, reading & spelling & mathematics achievement, elementary school students, 4-yr longitudinal study, 8964
Phonology
behavioral speech therapy, changes in phonological system, misarticulating 3.8 yr old male, longitudinal study, 1682
CV sequences in speech development, children, 10019
lexical vs nonlexical automatic access to phonology, visual word recognition, college students, 2559
linguistic stress & pragmatic functions & natural phonological processes, speech delayed 4.8–6.6 yr olds, 5926
methodology, study of sociophonological variation in Viennese German, literature review, 5265
phonological & articulation problems, speech disordered 3.8 yr old female, 1318
phonological analysis, acquisition of reading skills, discussion of work of L. Bradley & P. Bryant, 7717
phonological disorder involving final ingression for English sibilants, 4 yr old male, 1321
phonological evaluation & remediation of speech deviations, 5 yr old male with repaired cleft palate, 3975
phonological processing during silent reading, left-brain-damaged aphasic vs right-brain-damaged nonaphasic patients, 10637
phonology & syntax & speech & language delays, speech-delayed 4.1–8.5 yr olds, 5934
recall of rhyming & nonrhyming letter strings, dyslexic 9 vs 12 vs 14 yr olds, 1296
reduplication in early phonological acquisition, reply to criticism of J. Fee & D. Ingram, 10013
reduplication in phonological development, children, 810
selective impairment of phonological processing ability, 44 yr old aphasic male, 1340
silent reading of tongue-twister phrases, phonological activation & interference with reading speed, college students, 2630
special education approach involving systematic exposure to written language, phonological development, speech disordered 4.8 yr old female, 2112
spectographic analysis of spoken & sung words & structural limitation of auditory sensation & Japanese phonic sound structure, tonal sense, 21–51 yr olds, Japan, 5269
speech therapy using phonemes to encourage development of phonological patterns, 3.9 yr old female with profoundly unintelligible phonological system, 1684
stress position & phonetic environment & reactive recency of sound acquisition, accuracy of initial consonant cluster production in words, 4 yr olds, 800
stress-timed vs syllable-timed languages & isochrony, English vs Thai vs Spanish vs Italian vs Greek, 9886
therapy & phonological development, language delayed male between ages of 3.4–5.8 yrs, 1686
universal rank order among elements of phonological systems, discussion of R. Jakobson's theory, 9882
word regularity & consistency, use of visual vs phonological stimulus codes in lexical decision & word naming tasks, college students, support for dual-access vs activation & synthesis models of word recognition, 2609
Phosphatides
dietary lecithin, enhancement of maze learning, 3–4 mo vs 23–41 mo old female mice, 5153
lecithin as dietary supplement, depression & weight gain & serum lipid levels, chronic schizophrenics with tardive dyskinesia, 6102
lecithin dietary supplements, secretion of catecholamines & ACTH & insulin & neurobehavioral profiles, 23–35 yr old males, 12310
lecithin, memory enhancement & plasma choline levels, 22–55 yr olds, 12274
Phospholipids [See Phosphatides]
Phosphorylases
phosphorylation of rhodopsin in retinal rods, frogs, 12116
Photic Threshold [See Illumination, Visual Thresholds]
Photographs
comprehension of colored photographs vs paintings, Indian 6 yr olds, Mexico, 3186
efficacy of photodrama, hospitalized patients, 10671
humor ratings for events depicted in cartoon vs photograph, college students, 11823
image value & desirability & complexity of landscape photograph, long term memory, humans, 9518
level of cognitive development, perception of implied motion in still photographs, kindergartners vs 1st graders, 7710
live model vs doll vs photograph vs line drawings, ability to mimic & describe poses, 3–6 yr olds, 9982
masking of photographs by high- vs low-frequency visual noise, object recognition, adult females, implications for models of visual information processing, 9457
presentation & discussion of family photos & movies in family therapy, 6168
recall vs recognition of classmates' photographs, male vs female 3.6–5.3 yr old preschool students, 9964
Photopic Stimulation
binocular perception of differential light stimulation, humans, 2598
circadian rhythms, visual EP vs electroretinogram photic responses, female rabbits, 7357
constant light vs light/dark schedule, circadian variations in stress induced analgesia, mice, 2936
light vs auditory stimulation during suckling period, milk ejection, pinealectomized lactating rats, 599
local stimulation of dark adapted retina with light spots, electroretinographic responses, cats, 7416
moving light as CS, CR following enucleation, goldfish, 7543
Photoreceptors [See Also Cones (Eye), Rods (Eye)]
adaptation level, 3-dimensional organization of pigment granules relative to microtubules in retinula cells, crayfish, 7368
change in illumination by masking part of eye to simulate night, shedding & assembly of photoreceptor membrane, locusts, 571
conversion of rhodopsins to metarhodopsins after absorption of light, eyes of intact butterflies, 5106
cyclic adenosine monophosphate-dependent protein kinase, input resistance & voltage-dependent potassium current in type B photoreceptors, nudibranch Hermissenda crassicornis, 5183
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591
electronic artificial visual neuron to simulate spike trains of cat retinal ganglion X-cell receptive field centers, evaluation of computer programs that track visual sensitivity & recording apparatus, 11617
lateral eye photoreceptor responses & projections, giant barnacle, 7414
migration of proximal & distal accessory photopigments in dark adaptation, modulation of light sensitivity, crayfish, 7425
photopic spectral sensitivity, dichromatic freshwater perch, 433
retinal cell types & their functional organization, cats, literature review, 12124
voltage response changes during retention of associative learning of eye photoreceptor cells, mollusks, 489
Phrases
grammatical & semantic use of noun phrases in narratives & achievement of textual coherence, 2–5 yr olds, 791
restricted environmental stimulation & number of modifiers per noun & self embedded phrases in sentences, sentence recall & paraphrasing, 11884
Phrenic Nerve [See Spinal Nerves]

Phylogenesis
character compatibility analysis, phylogeny, gibbons, 9538
courtship & reproductive behaviors, honey vs dwarf vs thick-lip vs giant gourami fishes, phylogenetic implications for behavioral evolution in Colisa & Trichogaster genera of Belontiidae family, 12035
integration of brain development & behavioral complexity, review of research on evolution & comparative anatomy & behavior, 423
Physical Appearance [See Also Physique]
confrontation with silent vs talkative & aggressive vs friendly confederate, perception of appearance & dress, experimental Ss, 7980
medication, behavior & appearance, physically or mentally ill legal clients, 10177
permanent vs temporary vs no facial disfigurement, proxemic behavior, pedestrians, 10255
physical appearance & criminality, literature review, 10455
physical appearance vs behavior vs learning difficulties, assignment to special education classes, 6th graders in regular vs special education classes, Canada, 11267
public & private self consciousness & makeup use & attitudes toward makeup & physical attractiveness, female college students, 3456
self rated attractiveness & physical appeal & attractiveness stereotyping & sex typed attributes, 8th–10th graders, 7777
use of prototypes & stereotypes, person perception in everyday life, 7983
Physical Attractiveness
age & SES & race & chronicity & severity of disorder, physical attractiveness, 13–66 yr old psychiatric patients, 5823
age-related changes in body proportions & body size, perceived cuteness, college students, 12661
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
communicator physical attractiveness, credibility & persuasiveness, literature review, implications for advertising, 2291
cross vs within racial judgments of attractiveness & aesthetic criteria used, Chinese vs White vs Black graduate & college students & volunteers, 7969
cultural delusion of possibility of individual maturity without concurrent physical aging as manifested in modern beauty industry's marketing, 3350
female counselor & client attractiveness, perceived therapeutic effectiveness & expectancies about future success, male vs female clients, 6403
infant facial expression vs configuration, ratings of physical attractiveness, college students, 5305
motive ambiguity, interpersonal approach, male college students with attractive confederate females, 7953
objective vs subjective judgments of attractiveness, stereotyped personality inferences, male college students, 12666
perception of attractiveness of outspoken vs inactive advocates vs critics of feminism, Ss from different geographic & cultural samples, 7979
physical appearance & criminality, literature review, 10455
physical attractiveness & college attended by S & potential comparison with others, choice for comparison of test performance of other with similar vs dissimilar test-related vs -unrelated attribute, female college students, 1075
physical attractiveness & locus of control, 3rd–6th graders, 5316
physical attractiveness & neatness & grooming & professional demeanor, faculty ratings of social skills & professional commitment, medical residency applicants, 8841
physical attractiveness of husband vs wife having affair, perception of extramarital affair, college students, 12668
physical attractiveness of rape victim, attribution of responsibility, Os, 10278
physical attractiveness of target, attributions of attitude similarity, college students, 3421
physical attractiveness of target females in photographs, judgments of attractiveness & likelihood of virginity & masturbation, college students, 5592
physical attractiveness, peer status & social competence, 4.7–5.6 yr olds, 10092
physical attractiveness, social interaction with same vs opposite sex, male vs female college students, 1061
public & private self consciousness & makeup use & attitudes toward makeup & physical attractiveness, female college students, 3456
self rated attractiveness & physical appeal & attractiveness stereotyping & sex typed attributes, 8th–10th graders, 7777
setting & sex & physical attractiveness of E vs S, expressions of gratitude for altruistic acts, 7–75 yr olds, 918
sex & attractiveness of target 3rd grader referred for poor school achievement & behavior problems, bias in program placement recommendations, school psychologists, 2108
sex & physical attractiveness & sex role orientation of stimulus applicant, evaluation of suitability for masculine vs feminine vs sex-neutral occupations, 23–58 yr old personnel consultants, 11360
similarity in physical attractiveness, formation of dating relationships, Ss with mean age of 36 yrs, 3383
target S's sex & physical attractiveness, perceived risk for future susceptibility to mental illness, male vs female college students, 1200
Physical Comfort
preferred vs imposed dimensions of visual display terminal workstation, body postures & physical symptoms of static efforts in neck & shoulder & hand & arm, 19–45 yr old female typists, 6878
religious attendance & sociodemographic characteristics & alcohol/tobacco use, satisfaction with health & physical condition, persons aged 65 & over, 906
Physical Contact
early contact, mother child relations, mothers & neonates, 12549
early handling & rearing in enriched vs group cages, muricide, male rats with left vs right neocortical ablations, 12183
eye contact & gesturing & self contact behaviors on right vs left sides of body during interpersonal contact vs emotional situations, right handed 19–35 yr old females, Italy, 3401
holding newborn at delivery, bonding behavior, 21–32 yr old 1st-time fathers, 7902
instructional set & sex guilt & degree of body accessibility & sex, touching, college students, 12638
location of touch & sex of E, ratings of relaxation/comfort, male vs female college students, 7958
neonate birth order & age & sex & full term vs premature birth, tactile contacts in 1st days following birth, mothers & their neonates, 5543
perception of maladaptive student behavior, proximity & touching, 4th grade teachers, 11243
personal log method, occurrence of interpersonal touch, college students, 6991
planned intermittent human tactile contact, clinical improvement & behavioral changes, mechanically ventilated short gestation infants, 10911
sex of strange vs familiar cage mates & strange vs familiar cage bedding, huddling, rat pups, 367
Physical Development [See Also Motor Development, Prenatal Development, Psychomotor Development, Sexual Development, Speech Development]
abnormal visual input, development of abnormal axon trajectories, frogs, 7341
acoustic stimulation at 500 vs 1500 vs 3000 Hz, site of receptor damage in basilar papillae, chicks at embryonic day 20 vs postnatal day 10 vs 30, 7427
adrenal hormones, brain & body size, female rats, 9720
age & sex, parent vs teacher ratings of behavioral adjustment, 6–16 yr olds with constitutional delay or growth hormone deficiency or Turner's syndrome, 3717
age, development of orientation columns in striate cortex demonstrated by 2-deoxyglucose autoradiography, 2–5 wk old cats, 7444
age-related changes in body proportions & body size, perceived cuteness, college students, 12661
auditory stimulation, tonotopic organization of brain stem auditory nuclei, embryonic vs hatchling chickens, 7400
biphasic mechanism of neural map formation, vertebrate brain, 7360
computer-sculpted 3-dimensional bust using cardioidal strain transformation, perceived age of bust model, 9443
delayed & abnormal physical & behavioral & social development & mental retardation, triple-X & mosaic XX/XXX female pigtailed macaques, implications for animal model of human retardation, 1421
developmental patterns of heart period activity & respiration frequency, rat pups between birth & 24 days of age, 2684
enriched vs isolated environment, dorsal hippocampus formation, male rats, 9676
estrogen pellets in left vs right hypothalamus, behavioral & hormonal sexual differentiation, female rats, 672
explantation of stage 28 embryonic eye rudiments onto embryos with normal vs nasotemporal orientation reversal & subsequent retransplantation to stage 32/34 embryo with vs without orientation reversal, visuotectal projections, toads, 9722
fostering, calf suckling & growth, cross-bred cows, 2775

growth-produced changes in body shape & size, perceived age & caretaking inclinations, college students, 1067
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
late onset of hearing, ferrets, implications for use of ferrets in studies of developmental mechanisms, 4984
medial septal lesions, function recovery as measured by radial arm maze performance & role of sympathetic sprouting vs residual hippocampal fibers, rats, 9774
misrouting of optic tract fibers as basis for disproportionate ipsilateral vs contralateral development of retinogeniculate projections, Siamese cats, 2842
optic nerve crushing & impulse activity elimination by tetrodotoxin during axonal regeneration, retinotopography, goldfish, 9739
phyletic size change & brain/body allometry, African apes, literature review, 7317
physical & psychological development & environment, causes & commonality of accidental injuries & deaths, children, prevention implications, Finland, 7697
physical development & reproductive parameters & family relations & infant mortality, free-ranging hamadryas baboons, 7319
prenatal & neonatal administration of cimetidine, hypoandrogenization in adult life & development of androgen-dependent tissues & testosterone, male rats, 610
retinal growth changes, ability to capture planktonic prey, bluegill sunfishes, 2745
role of vasopressin in brain growth, Brattleboro diabetes insipidus rats, 2798
SES & sex, physical & cognitive growth, 1st–6th graders, Guatemala, 750
social vs isolated housing condition, occipital dendritic tree development of pyramidal cells, rats, implications for reporting results from aging studies, 2817
temporal interval following surgical redirecting of retinotectal fibers, ocular dominance column development, goldfish, 9781
transsexually grafted antennae, development of sexually dimorphic neurons, moths, 602
typological analysis of family & social situation & physical & psychological development, identification of risk groups, children assessed at 3 & 9 & 18 & 36 mo, 5291

Physical Disfigurement
cosmetic treatment, psychological relief, 27 yr old female with cosmetic facial blemishes, 13324
minimal physical anomalies & developmental delay of language, 3 yr old male wth extra 15q- chromosome, 8325

Physical Divisions (Geographic) [See Geography]

Physical Education
development of secondary school reading program adjunctive to physical education curriculum, 2035
factor analysis, verbal & nonverbal communication in physical education class, female student teachers, 4237
inservice training, attitudes toward mainstreaming, physical education directors, 4241
motor performance & self concept, mainstreamed handicapped vs nonhandicapped kindergartners through 3rd graders in physical education classes, 4356
participation in coeducational volleyball class taught by female teacher, attitudes & motor skills, male vs female 9th–12th graders, 4295
prescribed weight training vs basketball programs, basketball skill test scores, 9th graders, 13561
psychomotor education, mentally retarded, 6736
responses to sex typed behaviors of male vs female students, male vs female physical education student teachers, 1989
role conflicts & school pressures, coaching, high school physical education teachers, Canada, 6563
student behavior & characteristics & needs & program characteristics, public school physical education, disabled children, 11271
wrestling in physical education program, coordination & self discipline & self concept, emotionally disturbed & learning disabled students, 9042

Physical Endurance
cognitive strategy based on dissociation of sensory input, physical performance, males enlisted in US Army, 11779
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
stationary bicycle riding, physical work capacity, mentally retarded 11–19 yr olds, 3782
temperature decrease vs monetary reward, coping strategies & thermoregulation, 20–27 yr old males, 5156

Physical Exercise [See Exercise]

Physical Fitness
aerobic fitness & emotional arousal, response to J. D. Zimmerman & M. Fulton's criticism, 12155
aerobic fitness & recovery heart rate, reply to criticism by J. L. Jamieson et al, 7468
age & intelligence & physical fitness & self concept & parent-child relations, creative thinking abilities, gifted elementary & junior high school students, Taiwan, 802
age & sex & body composition, prediction of basic motor task & health-related fitness item performance, 1st–3rd graders, 12434
energy expenditures for walking on various terrains, evaluation of physical fitness, humans, 508
factors & prediction of adherence to & physical & psychological benefits of exercise program, literature review, 6082
free play with playground apparatus, upper body muscular endurance, 49–83 mo olds, 12376
health locus of control, participants vs dropouts vs nonparticipants in physical fitness program, 3461
physical fitness test performance, learning disabled 2nd–6th grade males in segregated private school vs public school mainstream program, 13638
physique & physical fitness, 4th & 6th & 8th grade gifted students, Taiwan, 755

Physical Geography [See Geography]

Physical Growth [See Physical Development]

Physical Handicaps (Attit Toward)
acknowledgement of handicap, social acceptance, laryngectomized male 59 & 62 yr olds, 5945
attitudes toward alcoholic vs mentally retarded vs paraplegic vs schizophrenic clients, vocational rehabilitation counselors, 4156
SES & child age & illness, depiction of & ideals for child, mothers of normal vs heart diseased 7.5–8.8 vs 9–10.8 vs 11–13.8 vs 13.9–16 yr olds, 6019

Physical Restraint
capsaicin pretreatment & morphine, body temperature, freely moving vs restrained male rats, 12324
conditioned heart rate deceleration & Kamin effect, restrained albino rats, 344
contingent immobilization vs environmental restriction vs time out, out-of-seat classroom behavior, 5 & 8 yr old developmentally disabled males, 2092
head-holding procedure, eye contact, developmentally delayed 3 yr old male, 1562
immobilization stress & adrenalectomy & hydrocortisone, heparin clearance, rats, 5158
immobilization stress, pain sensitivity & responsivity in 2-choice 2-shock discrimination task performance, male rats, 2919
physical restraint, violent child patients, 8394
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
tethering system for intravenous & intragastric drug administration, baboons, 2379
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
use of physical restraint, psychiatric emergency room therapists, 8743
wrist immobilization, performance on Jebsen Hand Function Test, 21–45 yr olds, 9436

Physical Strength
field dependence & handedness strength & EEG, right vs left handed Ss, reanalysis of K. P. O'Connor & J. C. Shaw's data, 5145
field dependence & handedness strength & EEG, right vs left handed Ss, reply to data reanalysis by P. Zoccolotti, 5135
material density & task frequency & load center of gravity locations in direction of preferred vs nonpreferred hand, maximum acceptable weight of lift, 2578
menstrual cycle, stability of grip strength, female college students, 7453
myoelectric feedback vs force feedback vs no feedback in isometric strength training, strength & myoelectric effects & retention, 17–28 yr old college students, implications for experimental design, 2885
short term performance of maximal contractions of plantar flexors, repeated measures of rate of tension development & role of neural mechanisms, male college students, 9441

simultaneous bilateral vs separate unilateral elbow extension & flexion, voluntary isometric arm strength, female college students, 9608
Physical Therapists
detection & treatment by physical & occupational therapists, abuse/neglect of elderly, 13128
Physical Therapy
environments as integral part of rehabilitation program, older clients of physical & occupational therapists, 13406
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
outpatient physical vs behavioral therapy, chronic low back pain, 20–62 yr olds, 8365
physical therapy & exercises, obesity & coordination & anxiety & dependency & lack of socialization, 15 yr old male with hysterical paralysis, differential diagnosis implications, 4105
usefulness & validity & reliability of Illinois Test of Psycholinguistic Abilities in occupational & physical therapy, 7010
Physical Trauma [See Injuries]
Physical Treatment Methods [See Also Acupuncture, Adrenalectomy, Amputation, Catheterization, Decerebration, Decortication (Brain), Dental Surgery, Dental Treatment, Dialysis, Endocrine Gland Surgery, Heart Surgery, Hemodialysis, Hypophysectomy, Hysterectomy, Induced Abortion, Male Castration, Mastectomy, Medical Treatment (General), Neurosurgery, Organ Transplantation, Ovariectomy, Pinealectomy, Plastic Surgery, Psychosurgery, Radiation Therapy, Surgery, Sympathectomy, Vagotomy]
coma as symbolic death, depression, 15 yr old male in mourning for dead brother & absent father, 10709
diagnosis & treatment, male impotence, 3675
hypnosis, physiological & psychological side effects of cancer therapy, 10916
information vs muscle relaxation training, distress during gastrointestinal endoscopy, 21–93 yr olds, 4013
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
treatment, spinal cord vascular malformation causing perimenstrual symptoms & depression & dysphoria, 36 yr old female, 1465
Physically Handicapped [See Also Amputees, Health Impaired]
automatic development of sets of language units for system of interactive communication, severely motor handicapped nonvocal persons, 1683
behavioral parent training, children's behavior problems & self help skills, single mothers of physically handicapped 4–10 yr olds, 10771
career education, physically handicapped adolescents, 11272
counselor attending behavior & disability status, perception of expertness & attractiveness, 18–53 yr old physically disabled Ss, 6401
development & survey design test, model of motivation & cooperation/participation in occupational therapy, 18–88 yr old physically disabled Ss, 8760
educational needs, adults paralyzed vs with amputation due to injury vs illness, 6751
intellectual development, left- vs right-handed preschool children with orthopedic disabilities, 10-yr longitudinal studies, 10545
model, clinical reasoning during assessment of physically disabled, occupational therapists, 1857
need for research to identify factors in motivation & participation in occupational therapy, physically handicapped, comments on G. Kielhofner & C. Nelson's health belief model, 8769
neuroticism & security-insecurity, orthopedically disabled vs normal 20–30 yr old males, 6024
personal & social & economic meanings of work, 20–35 yr old male physically disabled rehabilitation clients, verification of C. P. Alderfer's theory of human needs, 1847
personality traits & job factors & morale, personal relations, physically handicapped workers, 1404
physical handicaps, social relationships, normal vs heart diseased vs paralytic 10–17 yr olds, 5976
time spent with mainstreamed physically handicapped vs normal high school students, classroom teachers, 6724
training to perform as aide to quadriplegic, 8 yr old female capuchin, 8781
use of groups in self help community services-sponsored day center, physically frail handicapped aged, 6354
visibility of handicap, wage level, mentally ill & mentally retarded & physically handicapped sheltered workshop employees, 8067
Physically Ill Patients [See Patients]
Physician Patient Interaction [See Therapeutic Processes]
Physicians [See Also Family Physicians, General Practitioners, Internists, Obstetricians, Pediatricians, Psychiatrists, Surgeons]
adequacy of performance of commitment evaluations, psychiatric vs non-psychiatric physicians, 4079
age & recent experience, attitudes toward terminal patients & their care, physicians & housestaff & nurses, 10999
amount of coverage of diseases in medical journals & encounters with persons suffering from diseases, estimates of mortality rate of various diseases, physicians vs college students, 5953
attitudes toward death, physicians, comparison with attitudes of Heidegger & Lacan & Oraison, 4136
attitudes toward job components, sources of satisfaction, university physician faculty, 6516
attitudes toward psychiatry, physicians & medical students, implications for patient referral & choice of psychiatry as career, 1949
care & referral of anxious & depressed patients for psychiatric consultation, primary physicians, 6336
career stage, professional values, physicians, 4130
characteristics of professional impairment through drug & alcohol abuse & mental disorder & response of medical establishment, physicians, 4175
choice of hospital vs home care for terminally ill children, physicians & parents, 8607
client & doctor & care system characteristics & pressures for change in medical education, 11099
concept of demonic possession & need for communication between client's physicians & religious leaders, schizophrenic clients considered possessed, 8117
conflict & perceived stress associated with working with pregnant colleague, clinical faculty & residents in medical school, 11113
course & consequences & cognitive & emotional & behavioral effects of doctor-patient relationship, application of T. Tomaszewski's depiction of situation as system of values & possibilities, 10681
cultural attitudes toward death & mourning, implications for physicians, 6310
development & testing & validity of health role expectations index, measurement of attitudes on shared responsibilities, nurses & physicians & consumers, 4814
effectiveness of medical consultation measured by compliance with consultant's recommendations, physicians, 8877
ethnic similarity, physician-patient interaction, Western-trained Chinese physician & Chinese patients, 8389
evaluation of physicians' requests for autopsies, physicians' effectiveness in obtaining permission, chaplains & seminary students, 8876
extent of wrongful commitment of mentally ill, physicians, Canada, 12576
financial vs psychological & social considerations, medical decisions for treatment of end-stage renal disease, physicians, public policy implications, 3991
gerontology instruction, physicians, 1907
hospices, provision of professional training in care of dying, physicians, 4145
knowledge & use of & attitudes toward biofeedback, physicians, 1618
knowledge of special education legislation for handicapped children, physicians, 4171
labor vs management pressure, role conflict, company doctors, 4208
liaison psychiatry education, psychiatric needs of medical patients & educational needs of medical staff, medical outpatients & physicians, 11103
mechanisms & role difficulties, doctors who become patients, 4147
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
motives for own suicide & attitudes toward suicidal patients & treatment approaches, hospital physicians, 3811
need to dispel misconceptions regarding aging, physicians, 11132
negatively stereotyped patient characteristics, Australian vs American & older vs younger physicians, 1934
nurse vs physician vs nonhealth care provider authorship, image of nurse in novels, 9902
outcome & satisfaction with treatment by shamans vs physicians, patients, Taiwan, 3799
perception of male vs female physicians, patients vs medical students vs physicians, 13482
phenomenological & sociolinguistic analysis, report of medical error made by surgeon, family physician witness, 4179
physician characteristics, prescribing of psychotropic vs nonpsychotropic drugs, physicians, 1920

physician guidelines, diagnosis & management of adolescent drinking problems, 11049
physician's role in preparation of court report in relation to access to children, 46 yr old recovering psychiatric patient, 3332
professional interaction, physicians & psychologists, 11108
professions practicing psychotherapy, psychiatrists & psychologists & social workers & physicians & ministers & psychiatric nurses & counselors, 1902
psychological aspects of medical behavior & integration of biomedical vs political ideology vs individual behavior, doctors, Nazi Germany, 4170
religious orthodoxy, likelihood of informing patients of their illness, Orthodox vs Conservative Jewish vs nonreligious physicians, Israel, 4193
role conflicts in identification with patient vs senior doctor, physicians, 8895
roles & communication as co-workers, psychologists & physicians, 13459
satisfaction with role in medical education, volunteer faculty members in teaching hospital, 6525
scientific medicine, decline of bloodletting & social role of physician, 19th century, 930
sex education, perception of own vs practicing physicians' sex knowledge & attitudes, sophomore medical students, 6522
situational & occupational factors & strategies, delivery of news of death, physicians & nurses & law enforcement officers & clergy, 8847
social costs & benefits, licensure, physicians, 13476
sociodemographic & status characteristics of physician, satisfaction, clients at fee for service vs prepaid multispecialty group practices, 8626
sociology of medicine & illness as legitimized deviance, effects of religious affiliation & religiosity on decision making, physicians, 13442
statistics & decision making training, judgmental skills assessed by intuitive logical reasoning problems, physicians vs clinical nurses vs hospital laborers, 4133

Physics

classical epistemology vs meta-modeling & "epistemotherapy" as extension of Jung's approach, psi & modern physics & psychophysical interaction, 4615
consensual cognition & social solutions to human problems, holonomy physics of D. Bohm, 5491
curvilinear impetus belief, observations & interactions with moving objects, college students, 4852
frequency glides from continuous tone, cortical magnetic fields, right handed males, 2814
influence of physics on psychology, 6907
modern physics as indication of wholeness & representation of implicit order & role of symbols in science & art, interpretation of book by D. Bohm, 2344
perception of learning environment, students in open inquiry-based vs conventional physics classes, 11211
prevalence of consultation with colleagues regarding soundness of manuscripts prior to submission for publication, social vs physical scientists, 11139
sociophysics, analysis of sociological collective behavior, 5612

Physiological Aging

accelerated neurological aging & senile dementia, elderly Down's syndrome individuals, literature review, 12953
adaptive model of cognitive & physiological aging, 5318
age & sex & IQ differences & duration of institutionalization, age perception of self & others & death concepts, mentally retarded 17–62 yr olds, 8255
age, development & nature & functions & intelligence & wisdom & cognitive ability, 805
age, presynaptic cholinergic markers & muscarinic antagonist & agonist binding sites, 6 vs 24 mo old rats, implications for cognitive impairment in aging humans, 5060
age, spinal cord enkephalin levels, 3 vs 25 mo old rats, 9651
age-related changes in endocrine & immunologic function & trisomy 21 & similarity with Alzheimer's disease, Down's syndrome patients over age 35, literature review, 3495
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
aging, circadian rhythmicity & sleep, animals, literature review, 9691
aging, EEG sleep patterns, depressed patients, 10387
amplitude & latency of auditory EP components, 15–80 yr olds, 9624
analysis of problems & attitudes of & toward & proposals for meeting basic needs, aged, 5315
biological & psychological & social aspects, aging, 9909
biological vs cognitive effects, taste perception, 65–76 vs 17–18.5 yr old females, 9984
dietary lecithin, enhancement of maze learning, 3–4 mo vs 23–41 mo old female mice, 5153
ethanol, body temperature & righting response, 8 vs 18 vs 28 mo old male mice, 5253
genetics & environmental agents & chromosome abnormalities & age-related processes, etiology of Down's syndrome & Alzheimer's disease, literature review, 3508
genetics in etiology & potential therapies, senile dementia & symptoms of aging, literature review, 3813
gerontological perspective, research on life span & change, 7703
intensity & repetition rate & rise time of clicks & binaural vs monaural stimulation & masking noise, auditory brain stem responses, 1–3 vs 12–23 yr old cats, 5069
movement direction & preprogramming vs programming vs reprogramming, ballistic motor act, females with mean ages of 21.9 vs 69.1 yrs & right vs left handed college students, 3174
neuron loss & change in synaptic endings & accumulation of age pigment in medial nucleus of trapezoid body, 2–3 vs 6 vs 18 vs 24 mo old male rats, 5062
normal aging & senile dementia, 8329
patterns of coping behavior, aged, 764
philosophical & psychological & social & cultural factors, beliefs in behavioral & mental incompetence due to aging, literature review, 7677
physical & mental characteristics & problems, aged, India, 12384
psychodynamics, illness, aged, social work implications, 10973
psychology of adult development & aging, literature review, 5284
psychosomatic disorders & aging, 10594
religious attendance & sociodemographic characteristics & alcohol/tobacco use, satisfaction with health & physical condition, persons aged 65 & over, 906
role of aging & genetics & pathology & stages of Alzheimer's disease & relationship to Down's syndrome, 3504
sex & self rating of health, perceptions of parental health status & attitudes toward personal & peers' aging, Ss with mean age of 21.9 yrs, 8044
social vs isolated housing condition, occipital dendritic tree development of pyramidal cells, rats, implications for reporting results from aging studies, 2817
spontaneous decline in activity of noradrenergic cells in locus ceruleus, 3 vs 10 vs 22 mo old rats, 2809
stress & age & brain region, levels of noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol sulfate, 2 vs 10 vs 15 mo old rats, 5076
test duration & age, sexual performance, aging male rhesus macaques, 403
unilateral electrolytic lesions of far lateral hypothalamic area, sensorimotor impairment & recovery & reappearance of impairment during aging, male rats, 2990
vision research issues, aged, 10014

Physiological Arousal

ability to approach snake following physical vs emotional arousal, snake-fearful female college students, 11919
activation level, disturbance & cue utilization in scaling of emotions & comparison with information processing performance testing, 511
acute alcohol ingestion & prior success vs failure, cognitive performance & physiological arousal & skin resistance, 21–30 yr old males, 9845
alertness level as modified by barbiturate & air-puff to corner of closed eye, organization of receptive fields of primary visual cortex, cats, 9867
anti-smoking with fear appeal, arousal & anxiety & smoking attitudes, 18–60 yr old smokers, 12172
arousal level, rehearsal, college students, 4946
arousal level, visual preferences, premature infants, 766
arousal vs unusualness & embarrassment as result of fast vs slow running in place, self focus, reply to criticism of P. J. McDonald et al, 5692
autonomic arousal measured by skin conductance & habituation to tones, 14–42 yr old females with anorexia nervosa vs bulimia nervosa, 8279
caffeine & impulsivity & task demands, visual search task, undergraduates, implications for arousal dimension common to caffeine consumption & body temperature, 7558

caffeine & overhabituation & dishabituation, arousal, extraverted vs introverted college students, partial support for H. J. Eysenck's hypothesis, 3089
clemastine vs diphenhydramine vs hydroxyzine, psychomotor & cognitive performance & CNS arousal, 21–30 yr old male college students, 7615
crowd noise during arm wrestling match, arm EMG & arousal measured by skin conductance, college student Os, 12161
emotional arousal, plasma lipids, adults, literature review, 515
erotic stimulation, subjective sexual arousal & genital response, female college students, 12156
excitability & learning, rats, 2728
expectation of high- vs low-intensity shock & presence vs absence of male vs female companion, arousal & attributions for arousal & attraction to companion, male college students, 12650
expectations about relevance of cognitions, physiological arousal to negative vs neutral self statements, female college students preselected for high interpersonal anxiety, 5141
eye color, fast food consumption, 19–65 yr olds, 12166
failure to consciously recognize vs heightened physiological response to recorded voice of self vs familiar other, female college students, implications for self deception, 9703
fast vs slow running in place vs sitting, self awareness, college students, alternative explanation of findings of D. M. Wegner & T. Giuliano, 5674
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
fetal heart rate during last hr of labor, attention-orientation & temperament & arousal, 2–3 day olds, 760
heart rate biofeedback training &/vs speech skills training, physiological & overt motor & self reported public speaking anxiety, college students, 1601
high arousal withdrawal & negative mood states, motivation & cue to drink, severely vs moderately dependent alcoholic males & females, 5874
individual differences in activation state & trait & reaction, male college students, 12149
information load in hand-eye coordination task, performance & risk taking & physiological responsivity, 23–71 yr old males, 11784
lesion of serotonergic metacerebral cells, biting responses & food arousal, aplysia, 7552
locus of control & extraversion, autonomic activation during biofeedback training of EEG alpha, 20–53 yr olds, 7476
mastectomy, physiological & emotional reactions to erotic stimuli & attitudes about self & body image & attractiveness & sexuality & relationships with men, 34–57 yr old White & Oriental females with breast cancer, 6318
model of emotions deriving circular ordering of primary emotional categories from postulated underlying dimensions of hedonic & autonomic arousal, 2665
morningness vs eveningness, diurnal variation of mood & arousal, 18–50 yr old females, 12144
Multiple Sleep Latency Test, measurement of physiological arousal state, 4735
perceived physiological arousal, heart rate, 20–60 yr old social phobics & claustrophobics, 1172
physiological arousal & positive vs negative mood induction & self awareness, misattribution of residual arousal, college students, 2673
premenstrual cycle phase, autonomic arousal, 18–30 yr old females, 2874
psychological stress conditions, subjective feelings & physiological response patterns, male students, 517
psychophysiological responsivity & Type A vs Type B behavior patterns, literature review, 12153
psychophysiological responsivity, Type A vs Type B Ss, literature review, 12154
recent life-stress experience, physiological reactivity, college students, 5137
repetitive photic stimulation, effect of posture on probability of EMG responses in various muscles, rabbits, 9665
skin resistance & arousal thresholds, blind & deaf males with mean ages of 10 & 11.1 yrs, 5952
stress-related anxiety symptoms & physiological arousal & psychiatric illness, military aircrew, selection & assessment & training implications, 10349

Physiological Correlates

acute & chronic exercise, improved affect & beta-endorphin & beta-lipotropin activity, literature review, 5122
age-related changes in endocrine & immunologic function & trisomy 21 & similarity with Alzheimer's disease, Down's syndrome patients over age 35, literature review, 3495
anxiety & depression induced by self statements & physiological correlates of mood states, female college students, 12163
battery of psychophysiological responses, prediction of success of biofeedback & relaxation training, headache patients, 10779
biofeedback & development of psychophysiological profile & disregulation of migraine headaches, female chronic sufferers, test of hypothesis by F. Schwartz, 10817
cardiovascular autonomic activity, depressive severity, unipolar depressed inpatients with mean age of 66.9 yrs, 8096
cardiovascular manifestations of anxiety, literature review, 9710
characteristics & physiological correlates & treatment, panic disorder, literature review, 3578
chronic chlorpromazine administration & withdrawal, oral dyskinesia & electrophysiological correlates, cats, 651
clinical & pathological similarities between Alzheimer's disease & Down's syndrome, literature review, 3501
conflict resolution vs concept learning tasks, habituation of heart rate & pulse amplitude & EMG & skin conduction, 18–51 yr old males, 9711
controllability & consistency of controllability over aversive shock, denial & projection & preoccupation & coping with stress & physiological responses, Type A vs Type B Ss, 10299
dosage of hydromorphone, physiological & subjective effects, 28–35 yr old male postaddict volunteers, 7608
electrophysiological & psychophysiological & biochemical correlates of a nature-nurture problem & etiology, schizophrenia, literature review, 1157
etiology & physiological correlates & characteristics & differentiation from nightmares, night terrors, literature review, 3484
fatiguing auditory stimuli, blood parameters & heart rate, 18–24 yr old males, 5139
fluphenazine, blood levels of fluphenazine & clinical improvement, psychotic patients, 1643
heart rate & GSR, indicators of workload during learning of simulated aircraft carrier landing task, male ROTC students, 6821
incidence of sleep-related breathing disorders & underlying mechanisms, 55–70 yr old males, 10622
interpersonal relations, cooperation & physiological correlates, female work crews, 6836
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
low urinary methoxyhydroxyphenylglycol levels preceding relapse of depressive episode, 42 yr old female with atypical depression, 5791
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
occupational therapy, hand dysfunction, implications for therapist education on psychological & physiological correlates of severe hand dysfunction, 11025
pathophysiological processes, insomnia & sleep apnea & nocturnal myoclonus & daytime sleepiness, aged, 10608
personality profiles & physiological response patterns to stress, 20–50 yr olds with long-term migraine histories vs psychosomatic disorders, 8311
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
physiological correlates of conduct problems & anxiety, hyperactive & learning disabled children with mean age of 10 yrs, 5702
physiological disturbances, patients with neurosis vs phobia vs hysteria vs neurasthenia, 5797
plasma concentrations of beta-endorphin, depressed vs other psychiatric patients, 1206
plasma fibrinogen & serum total & lipoprotein cholesterol screening, risk of coronary heart disease, 28–59 yr old air traffic control officers, 3736
positive events & social supports, negative life stress & depressive & physical symptomatology, college students, 12633
prediction of resynchronization after time-zone flights, male students, 9699
psychological stress conditions, subjective feelings & physiological response patterns, male students, 517
pulse & skin temperature changes vs self reports, measurement of attitudes toward handicapped children, pre- vs inservice vs special education teachers, 6733

relaxation & psychological stress, psychophysiological responses, muscle contraction & classic & common migraine headache sufferers with mean ages of 37 & 41 & 42 yrs, 5954
rest vs paced respiration vs mental arithmetic, pulse transit time & intra-arterial systolic & diastolic blood pressure & mean arterial pressure, 22–33 yr old males, 2888
shift schedule changes from 8-hr/12-day to 12-hr/8-day cycle, cardiorespiratory fitness & blood pressure & sleep deprivation & quality & alertness, police personnel, 11434
similarities in etiology & symptomatology of Alzheimer's & Creutzfeldt-Jakob disease, literature review, 3688
single major gene correlate, central excitatory state, pure-bred black blow flies, 2812
skin conductance level & heart rate prior to & during & after cold pressor task & responses to McGill Pain Questionnaire after task performance, male college students, 7457
sociocultural factors, physiological symptoms as indicators of psychiatric disturbances, hospitalized village Eskimos, 8070
stress & anticipation of stress, heart rate & skin conductance & finger pulse amplitude, chronically depressed female college students, 8106
therapist's experience & characteristics & patient's level of physiological change & regularity of home practice, biofeedback &/or relaxation treatment outcome, 18–68 yr old chronic headache patients, 10780
threat of electric shock, motivation & perceptual motor task-induced physiological changes, 20–24 yr olds males, 534
tilt-induced body fluid shifts, physiological & behavioral responses & auditory thresholds, college students & 28–32 yr olds, implications for testing susceptibility to motion sickness in astronaut candidates, 5163
tobacco smoking, manifest anxiety & somatic symptoms, smokers with mean age of 32.1 yrs, 10227
Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379
unsignaled vs self administered hydromorphone vs saline injections, psychological & physiological responses, methadone-maintained opiate addicts, implications for opponent process view of addiction, 8235
visual-neural correlates of speech reading ability, normal-hearing adults, 5093
work & interpersonal conflict & personality structure & physical complaint, psychodynamics & physiological correlates, patients with Crohn's disease & duodenal ulcers & ulcerative colitis, 6046
Physiological Psychology [See Also Neuropsychology]
failure of general & physiological psychology, 6906
laboratory project involving identification of unknown drug given to animal & requiring design & administration of behavioral tests, undergraduate physiological psychology students, 6647
physiological aspects & levels of abstraction in verbal & nonverbal representation & role in human thought, imagery, 9497
Physiological Stress
apomorphine vs haloperidol, role of telencephalic dopamine in feeding-induced behavioral stereotypy, food deprived pigeons, support for findings of S. M. Antelman & A. R. Caggiula, 9724
dexamethasone, reversal of adrenalectomy-enhanced footshock-induced analgesia, mice, 9736
factor structure, frequently reported physical stress reactions, male vs female Ss, 1433
heat stress in thermal environment, psychological change & subjective discomfort, glass factory workers, Sri Lanka, 2272
physiological & psychological stress states, causes & coping behavior, elementary school teachers, 1972
physiological stress, cyclic adenosine & guanosine monophosphate in pituitary & pineal body & other brain regions, male rats, 549
physiological stress, ir-dynorphin levels in cortex & hypothalamus, rats, implications for physiological role of dynorphin in appetite & temperature regulation, 7502
psychophysiological stress due to captivity & confinement & handling in research, dolphins, 308
reproductive behavior & physiology, female offspring of prenatally stressed vs normally handled female rats, 9714
simulator flight task, heart rate & stress cardiac output & index, 27–59 yr old pilots, 12137
stress-induced analgesia from escapable vs inescapable shock, naltrexone sensitivity & reactivity to morphine, male rats, 548
Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
Physiology [See Also Related Terms]
biological markers & prediction of treatment response, depression, literature review, 8171
hypnosis, control of subconscious & mobilization of physical & intellectual & psychophysiological reserves, 11928
neuronal structure in preoptic area of brain, prepubertal male vs female macaque monkeys, implications for reproductive physiology & behavior, 5055
physiological factors related to speech disturbances due to delayed auditory feedback & stuttering, literature review, 8272
physiology of sexual dysfunction associated with antipsychotic drug therapy, male schizophrenics, literature review, 13290
postovulatory predecidual tissue development, baboons & chimpanzees & humans, 2861
psychodynamic & physiological processes & learning & heredity, psychosomatic disorders, 13040
radiation emitted during performance of exceptional capabilities, gifted Ss, 537
receptors & distribution & precursors & degradation & behavioral effects & involvement in physiological responses & interactions with hormones & other peptides, endogenous opiate peptides, literature review, 7463
Physiotherapy [See Physical Therapy]
Physique [See Also Body Height, Body Weight, Obesity, Underweight]
age & sex & body composition, prediction of basic motor task & health-related fitness item performance, 1st–3rd graders, 12434
age & sex, parent vs teacher ratings of behavioral adjustment, 6–16 yr olds with constitutional delay or growth hormone deficiency or Turner's syndrome, 3717
age-related changes in body proportions & body size, perceived cuteness, college students, 12661
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
body build stereotypes & self identification & self esteem, 9–16 yr olds, 3256
growth-produced changes in body shape & size, perceived age & caretaking inclinations, college students, 1067
physique & evaluation of own body type, physique preferences for males vs females, postgraduate students, 3418
physique & personality, dogs, implications for W. H. Sheldon's theories, 12023
physique & physical fitness, 4th & 6th & 8th grade gifted students, Taiwan, 755
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
workplace layout design using anthropometric data, male & female machine operators, 11451
Physostigmine
haloperidol & physostigmine, self administration of procaine vs cocaine, monkeys, 3013
imipramine with vs without physostigmine vs platform size, reversal of memory disruption caused by REM sleep deprivation, male rats, 2921
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
physostigmine-induced escape from dexamethasone suppression, 22–34 yr olds, replication of experiment by B. J. Carroll et al, 7579
saline vs physostigmine injection, defensive burying conditioning & retention, male rats, 634
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
Piaget (Jean)
analysis of C. Darwin's creative process, development of theory of individual creative work consistent with theories of T. S. Kuhn & Piaget, 6924
application of Piaget's theory to adolescents, instructional implications, literature review, 4294
child development theories of Piaget vs R. Steiner, implications for teaching, 8930

fallacy of Piaget's theory of cognitive development, educational implications, 7721
inappropriate conservation judgments & Ss' confidence in response, 5–11 yr olds, findings contradictory to Piaget's theory, 9971
Piaget's theory of cognitive development, 12452
rejection of Darwinism by Piaget, developmental psychology, 6946
relationship between class inclusion developmental levels & ability to make logical necessity inferences, judgment, 2nd–6th graders, support for theory of Piaget & G. Henriques, 9956
status of equilibrium in Piaget's model, 5394
symbol formation in theories of Freud & Piaget, 765
Piagetian Tasks
feedback, performance of Piagetian conservation tasks, 6.5–7.5 yr olds, Nigeria, 12432
presentation of 2-D vs 3-D stimuli, matrix classification, 12 yr old Indians, South Africa, implications for Piagetian assessment, 10005
Pica
delusional beliefs, foreign body ingestion, 32 yr old chronic paranoid schizophrenic male, 5754
Picketing [See Social Demonstrations]
Picrotoxin
apomorphine or haloperidol bilaterally administered into caudate nucleus, behavior deficits elicited by unilateral injection of picrotoxin or muscimol into nigral pars reticulata, cats, 7574
diazepam &/vs picrotoxin, hyponeophagia, rats, 693
icv vs ip injection of GABA agonists & picrotoxin, apomorphine-induced climbing behavior, male mice, method for testing GABAergic compounds, 3024
muscimol vs picrotoxin vs naloxone, chlordiazepoxide-induced ataxia, rats, 3020
picrotoxin, somatosensory cortex neuronal responses to acoustic stimuli, cats, 5214
Pictorial Stimuli
addition of sign language pictures & cloze format, reading comprehension, hearing impaired elementary & secondary students in residential program, 9079
age differences, picture memory & discrimination, 18–23 vs 57–70 yr olds, 3201
age, discrimination of visual successiveness, 18–19 vs 68–83 yr old females, 3195
aggressive vs symbiotic vs neutral pictorial stimuli, pathology, more- vs less-differentiated 18–60 yr old male schizophrenics, 3553
attention paid to & use made of pictures in psychology textbooks, recognition memory for pictures, college students, 11879
aurally presented sentences & pictures, sensitivity to functors in sentences for verification with respect to picture, 20–78 yr old amnesic vs Wernicke's vs Broca's aphasia patients, 8316
categorization system for slogans & pictorial propaganda & methods for investigation of propaganda effectiveness, 12336
cerebral asymmetry, processing of random line drawings, college students, 5075
characteristics of & conscious identification of word vs pictorial prime & stimulus duration & interstimulus interval, semantic representation & latency in naming & automatic access to meanings vs names of target words & pictures, college students, , 255
complete vs partial vs no illustrations in reading material, reading performance, learning disabled 2nd–4th graders, 4347
comprehension of colored photographs vs paintings, Indian 6 yr olds, Mexico, 3186
concept codability & frequency of concept's label, picture-naming latency, kindergartners through 3rd graders vs graduate students, 5350
concrete objects & pictures & verbal instruction, development of arithmetic operations, 4–6 yr olds, 3166
concreteness & familiarity of depicted object, perception & comprehension of pictorial symbols, adults, 2592
development of tactual-visual ability to identify colors & letters & numbers & drawings, blind & partially sighted, 1408
digit naming speeds & short term serial memory for pictures under rhyming vs nonrhyming conditions, reading disabled vs normal 3rd–5th graders, 5920
discriminative power & internal consistency & content validity of use of pictorial items on attitude measure, attitude measurement across language-culture groups, college students, Papua New Guinea, 2465
instructions to encode item &/vs its color &/vs spatial location, intentional & incidental memory, 1st & 3rd & 5th graders, 842
instructions to retrieve mediator from interactive pictures of paired associates, recall of paired associates, preschoolers & kindergartners, 5390
live model vs doll vs photograph vs line drawings, ability to mimic & describe poses, 3–6 yr olds, 9982
memory for photographs vs nonsense designs vs nonsense syllables, 2nd grade good vs poor readers, 5375
nonverbal visual memory & decision speed & bias, patients with left vs right hemisphere stroke lesions, 6020
philosophical implications of pictorial theory of language & thought & reality & relation of concept to means of expression & common neural pathways to encode object & picture, 4629
pictorial representations as communication means, generalization learning, severely mentally retarded 8.5–10.4 yr olds with or without autism, 3645
pictorial stimuli, same/different judgments & categorization of visual memory, male rhesus monkeys, 345
pictures of normal vs taboo topics, emotional responses & duration of visual inspection & role of social pressure, male vs female college students, 533
pictures vs nouns of high imagery, immediate vs 48 hr recall in verbal vs pictorial mode, college students, 7196
picture/word interference in unilateral stimulus presentation, college students, 7404
print vs oral vs pictorial stimulus presentation, free recall, 3rd vs 6th vs 9th graders, 808
processing level of pictorial vs verbal primes vs targets, order of access to stored information, college students, 7162
processing of linguistic vs nonlinguistic stimuli presented to right &/vs left visual field, congenitally deaf vs normally hearing 20–56 yr olds, 3680
processing of pictorial vs verbal advertisement, 20–28 yr olds, 11486
random variation of stimulus & poststimulus interval durations, recognition memory for pictures, college students, replication of W. O. Shaffer & R. M. Shiffrin's experiment, 11898
recall of homonymous "Kanji", congenitally vs adventitiously blind braille readers vs sighted vs partially sighted "Kanji" reading college students, Japan, 1427
recognition & recall of pictorial stimuli, literature review, 2648
recognition memory of form vs content for pictograms vs outline pictures vs words, college students, 280
representations of facial vs nonfacial patterns on same-different judgment tasks requiring mental rotation vs comparison of individual features, RT & accuracy of judgments, college students, 7152
same vs mixed picture & word pairs, judgments of conceptual size vs associative relatedness, college students, 2639
test administration under single vs double pass-paired sentences procedure, picture avoidance responses, 3–7 yr olds, 2466
text illustrations &/vs other graphic or mental imaginal aids &/vs oral prose, school learning, elementary through college students, literature review, 8980
visual field laterality effect, semantic level of processing of Kanji characters, right handed college students, 193
visual vs imaginal strategies for resisting distraction, recognition memory for verbal vs visual information, 2nd graders, 806
Pigeons
ablation of posterodorsolateral neostriatum, retention of delayed alternation & visual discrimination learning & comparison with mammalian prefrontal cortex function & dopaminergic innervation, pigeons, 9652
analysis of behavioral momentum & resistance to change, learned behavior, pigeons, 7259
anesthesia of olfactory membrane, orientation ability, homing pigeons, 12282
angular orientation of comparison forms, rotational invariance in visual form recognition, pigeons vs humans, 223
apomorphine vs haloperidol, role of telencephalic dopamine in feeding-induced behavioral stereotypy, food deprived pigeons, support for findings of S. M. Antelman & A. R. Caggiula, 9724
arrangement of multiple concurrent CSs, response distribution across CSs, pigeons, support for findings of P. L. Brown & H. M. Jenkins, 11954
autocorrelation analysis of FI reinforcement & postreinforcement pauses, performance, rats & pigeons, 9565
autoshaping, color preferences, adult pigeons, 9547
autoshaping paradigm, assessment of short term memory, pigeons, 11625
change-over-delay, discrimination training in signal key procedure, pigeons, 11948
concurrent chains vs simple concurrent VI schedules, reinforcement values, male pigeons, implications for extension of delay-reduction hypothesis to 3-alternative choice, 11944

concurrent schedules of reinforcement, response rate & rate constancy, pigeons, 9567
concurrent VI schedules in signal detection/matching law paradigm, stimulus discrimination & response bias & choice behavior, pigeons, 7250
concurrent VI VI & VR VI reinforcement schedules, momentary maximizing & reinforcement probability, pigeons, 7243
continuous vs random target availability, schedule induced attack behavior, male pigeons, 4998
cumulative dosage of phencyclidine & pentobarbital & dextroamphetamine, operant responding, pigeons, 7629
daily diazepam, attenuation of meperidine & normeperidine & morphine & pentobarbital & dextromethadone effects on operant keypecking, male pigeons, 3051
delay since presentation, recall of single vs relational stimuli, pigeons, 351
dimension of interfering stimulus, proactive inhibition of discrimination learning, pigeons, 5000
disparity between positive & negative stimulus, stimulus discrimination & observing, pigeons, 323
distinctive feature as positive vs negative stimulus, discrimination between single vs paired stimuli, pigeons, 5008
dosage of 1-desamino-8-dextroarginine vasopressin vs scopolamine vs dextroamphetamine, delayed matching to sample, pigeons, 3094
duration of stimulus during time out, response rate & latency & resistance to change, female pigeons, 9550
durations of stimuli presented during response-reward interval, discrimination learning rate, pigeons, 353
ectostriatal vs Wulst lesions, pattern discrimination & shift to color vs color discrimination & shift to pattern, male autosex pigeons, 2988
elimination of 1 of 2 concurrent VI reinforcement schedules, response rate to remaining schedule, male pigeons, 326
forward pairing of keylight & doorlight signaling access to social space, maintenance of autoshaping, pigeons, 341
FR reinforcement with vs without pretrial timeouts, interresponse times, pigeons, 339
greater reinforcement of 1 color in communication of hidden colors to cohort, frequency of reporting that color, pigeons, 337
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs parahydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
illumination & dextroamphetamine vs pentobarbital, response suppression, pigeons, 7591
individual differences, preferences for particular stimulus matches to begin sequence, pigeons, 342
information, cooperative behavior, pigeons, 2698
injection of labeled GABA into visual Wulst, retrograde labeling in ipsilateral thalamic relay, pigeons, 7349
interfood interval, type & frequency & distribution of activity, male pigeons, 9552
intertrial interval & sample durations, delayed matching-to-sample performance, pigeons, 11958
intertrial intervals, response-reinforcer pairing viewed as stimulus event vs response strengthener, pigeons, 7274
interval values of FI reinforcement schedules, bisection of temporal intervals, male pigeons, 11955
iv & icv crinia-angiotensin II vs angiotensin II, water intake & hypertension, pigeons & male rats, 3008
length of retention interval between stimuli in delayed matching-to-sample procedure, subjective shortening in memory for event duration, pigeons, 2707
letter discrimination learning, pigeons, comparison with human similarity judgment data, 319
local reinforcement distribution & schedule changeovers, matching response rates, pigeons, 324
methylmercury, operant behavior, pigeons, 12292
metkephamid dosage with vs without naloxone, operant conditioned responses, male pigeons, 661
multiple VI VI schedules & delayed stimulus control, forgetting, pigeons, 7271
multiple VI VI schedules & extinction, positive behavioral contrast, pigeons, 7256
neurotoxic vs electrolytic lesions of ventral mesencephalon vs substantia nigra vs area ventralis of Tsai, telencephalic catecholamine levels & operant pecking rates, pigeons, 2974
novel sample trials, acquisition of delayed matching of key location & transfer to new location, pigeons, 7273
number conception & number transfer, pigeons, 7266
olfaction & orientation, navigation, pigeons, criticism of J. L. Gould's article on homing mechanism, 414
olfaction, navigation, pigeons, criticism of J. L. Gould's findings, 358
olfaction, navigation, pigeons, criticism of J. L. Gould's negative findings, 399
olfaction, navigation, pigeons, reply to criticism by H. G. Wallraff & S. Benvenuti & F. Papi of author's findings on homing mechanism, 371
operant conditioning, symbolic communication & insight & self awareness & memoranda use, pigeons, behavioristic test of animal simulation studies of complex human behavior, 329
operant procedure, measurement of olfactory perception, male pigeons, 5015
operant training & bemegride, discrimination & generalization of intragastrically administered ethanol & diazepam, pigeons, 3041
otolith & canal stimuli, nystagmus, pigeons with unilaterally sectioned saccular nerves, 604
paleostriatal lesions, enhancement of classical conditioning components of FI schedule responding & operant go-no-go discrimination & alternation, pigeons, 9782
pecking & flashes, electrical phenomena in telencephalon, pigeons, 7355
pecking behavior, pigeons, 5042
pentobarbital, response rates & stimulus control, pigeons, 654
peripheral vs icv apomorphine, stereotyped behavior, pigeons, 12259
phase of chain VI-VI schedule in effect, response to chain vs simple concurrent schedule, pigeons, 340
physical distance between stimuli, sensitivity of response ratios to variations in reinforcement ratios, pigeons, 7270
piribedil vs haloperidol vs dextroamphetamine vs tetrabenazine methane sulphate vs alpha-methylparatyrosine, FI responding, pigeons, 660
postreinforcement pause & interim & terminal behavior in FI responding, male pigeons, 9551
relative immediacy of reinforcement & average time to reinforcement, choice behavior, pigeons, 327
relative reinforcer duration & FR changeover requirement, choice behavior, pigeons, 328
required response force in FR schedules, response rate & interresponse times, pigeons, 4996
salience of color stimulus, acquisition of conditional discrimination, pigeons, 352
sample specific ratio effects in matching to sample, pigeons, 7262
sample-specific behavior vs sample hue, matching-to-sample performance, pigeons, 11946
similarity of food & key stimuli, acquisition & maintenance of autoshaped keypecking, pigeons, 348
simple vs multiple VI schedules of reinforcement, response rates & behavioral contrast, pigeons, 2700
stimulus ambiguity & pairing with positive vs negative stimulus & reinforcement, conditional discrimination, pigeons, 9556
stimulus color & form & movement & intermittent reinforcement, discrimination learning, pigeons, 7263
symbolic matching-to-sample task with surprising vs expected trials, short term retention, pigeons, 2695
tandem & chain & FI schedules of reinforcement & interreinforcement intervals, response rates, pigeons, failure to replicate L. R. Gollub's study, 2713
temporal & spatial information conveyed by stimuli & conditioned reinforcement, observing behavior, pigeons, 9546
temporal factors vs segmentation of interreinforcement interval, preference for unsegmented vs comparable segmented reinforcement schedules, pigeons, 7236
temporal patterns of keypecks & behavioral adaptation to reinforcement contingency & dissociation between tacit knowledge & knowledge, pigeons, 7267
value of VI vs FI schedule in search stage of foraging experiment, acceptance of long VI in choice state, male pigeons, 317
VI reinforcement & minimum detectable luminance levels, stimulus discriminability & response bias, 7255
Pigments [See Also Hemoglobin, Melanin]
adaptation level, 3-dimensional organization of pigment granules relative to microtubules in retinula cells, crayfish, 7368
color perceptual confusions & photoreceptor spectral sensitivity & importance of standard O data & fundamental response curves in research, dichromats, 1453
conversion of rhodopsins to metarhodopsins after absorption of light, eyes of intact butterflies, 5106
dark-adapted retinal sensitivity & electroretinographic responses, hypopigmented mutant pearl mice, 9591

EP techniques, functional anatomy of decussating brain stem auditory pathways, albino vs pigmented vs Siamese cats, 7361
eye color & ethnic origin & family size & birth order, cognitive performance & emotional stability, 20–26 yr old Sephardi vs Ashkenazi Jewish males, 3285
individual variation, color discrimination & potential role of mechanisms at photopigment vs opponent-process neural level, normal vs color deficient Ss, 1378
individual variation in color vision as measured psychometrically & by cone pigment absorbance, squirrel monkeys, 454
lead vs succinylacetone, porphyrin metabolism & neurochemistry & behavior, rats, 12317
migration of proximal & distal accessory photopigments in dark adaptation, modulation of light sensitivity, crayfish, 7425
multiple matings & sexual dichromatism, blue vs dwarf gouramis, 2771
retinal ganglion cell receptive field organization & light sensitivity, normally pigmented vs congenic hypopigmented mutant female mice, 428
utilization of exogenous retinol, frog pigment epithelium in vitro vs in vivo, 5203
Pigs
aggression regulation via avoidance order & sequence analysis, fighting behavior, group housed dry sows, 384
behavior in slaughterhouses & application to plant design, pigs, 2743
development & stability of dominance hierarchy, 26–30 day old pigs, 7323
dosage of iv cholecystokinin, frequency of operant responses for food & water & sucrose solution & radiant heat, hungry vs thirsty vs nondeprived pigs, 12177
environment, mother-infant interaction, sows & piglets, 7327
experience & attitudes toward slaughtering cattle & hogs & use of animals, college student work crew involved in cattle & hog butchering, 13621
housing preferences, 63 day old miniature pigs, 7308
nursing termination & resting behavior, sows & piglets, 7314
pleasant handling vs stress, plasma protein & glucose & urea, pigs, 7455
space use for excretory behavior, suckling piglets, 7313
urination & defecation behavior, piglets, 2724
Pilocarpine
apomorphine & haloperidol & scopolamine & pilocarpine, motor activity level & tonic immobility, male chickens, implications for cholinergic & dopaminergic bases of motor activity, 7618
mianserin, pupillary responses to pilocarpine vs tyramine vs phenylephrine, 25–68 yr old depressives, 10868
Pilots (Aircraft) [See Aircraft Pilots]
Pimozide
apomorphine & domperidone vs sulpiride vs pimozide, avoidance & escape responses, female rats, 12313
behavior therapy program & pimozide, weight gain & attitude toward treatment, 15–36 yr old anorexic inpatients, 3820
chronic vs acute estrogen treatment, potentiation of pimozide-induced cataleptic response, ovariectomized female rats, 3042
cognitive-behavioral treatment with vs without pimozide, 38 & 43 yr old males & 35 yr old female with delusions, 8380
continuous amphetamine vs caffeine & haloperidol vs pimozide, self biting, male rats, 3058
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
pimozide & apomorphine, locomotor activity & stereotypy, C57BL/6 vs DBA/2 mice, 425
pimozide, acquisition of avoidance vs cue vs response-choice discrimination learning, male mice, 2999
pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103
pimozide, leverpress vs wheel running responses for brain stimulation reinforcement, male rats, 9715
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
pimozide, secondary reinforcement in sign tracking & place preference tests, male rats, implications for dopamine mediation of reward processes, 3096
pimozide, spontaneous alternation & food or food cue approach behaviors, male mice, 9831
pimozide vs clozapine vs fluphenazine & no retraining before extinction, response rate & duration, male rats, 643
pimozide vs domperidone pretreatment, hypothermia induced by apomorphine vs dopamine receptor agonist RDS-127, rats, 5184
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
pimozide, 2-deoxyglucose autoradiographic analysis of neural system activated by rewarding stimulation of medial forebrain bundle, rats, 3030
pretreatment with dopamine receptor blocker pimozide, stereotypies induced by dextroamphetamine vs apomorphine, gerbils, 3012
Pineal Body
light vs auditory stimulation during suckling period, milk ejection, pinealectomized lactating rats, 599
physiological stress, cyclic adenosine & guanosine monophosphate in pituitary & pineal body & other brain regions, male rats, 549
pinealectomy, bombesin effects on body temperature regulation, goldfish, 7497
Pinealectomy
light vs auditory stimulation during suckling period, milk ejection, pinealectomized lactating rats, 599
photoperiod, courtship & nest building, pinealectomized vs sham-operated male ring doves, 597
Piracetam
piracetam & GABA, defensive conditioned reflexes, frogs, 12285
Pitch (Frequency) [See Also Speech Pitch, Ultrasound]
acoustic stimulation at 500 vs 1500 vs 3000 Hz, site of receptor damage in basilar papillae, chicks at embryonic day 20 vs postnatal day 10 vs 30, 7427
definition of lower audiometric frequency limit for reproducible auditory brain stem responses, hearing impaired, 3678
frequency & amplitude perturbation of voices, female 25–49 yr olds, 3118
frequency difference between dichotically presented tones, ear dominance, right handed Ss, 9489
frequency glides from continuous tone, cortical magnetic fields, right handed males, 2814
limited binaural additivity model, contralateral binaural inhibition for interaural intensity differences that exceed critical level, adults, criticism of work of W. J. Levelt et al, 4889
music training & sung vs spoken verbal vs numerical vs pitch stimuli, sung vs spoken recall, college student musicians vs nonmusicians, 4948
pattern of announcement pause durations & information forms for 10-digit telephone numbers, subjective preference & memory, 20–60 yr olds, 6886
standard of hearing thresholds at preferred frequencies for acoustical measurement, normal hearing 23–30 yr olds, 2602
synchronization of voice frequency & speech parameters in conversation & quantitative computer analysis, dyads, 10241
titration method, measurement of auditory processing of amplitude vs frequency changes, humans, 4896
tone frequency, auditory thresholds, 6–18 mo olds, 7709
vigilance level, conditioned electrodermal response to high vs low frequency sound, cats, 494
Pitch Discrimination
absolute sensitivity & frequency discrimination & sound localization thresholds, female Indian elephant, 498
frequency difference between dichotically presented tones, ear dominance, right handed Ss, 9489
left vs right anterior temporal lobectomy, ear dominance for pitch of dichotically presented tonal stimuli, patients, 10573
perceptual vs attentional asymmetry vs hemispheric specialization in processing of tonal stimuli, ear dominance for pitch, right handed Ss, 9490
pitch & location & duration of tone pips, event-related brain potentials as signs of selective processing, 17–35 yr olds, 4890
same/different discrimination techniques & readiness training & song vs no song tonal pattern training, tonal & rhythmic aural perception & vocal performance, 5.3–6.5 yr old female vs male kindergartners, 8977
spectographic analysis of spoken & sung words & structural limitation of auditory sensation & Japanese phonic sound structure, tonal sense, 21–51 yr olds, Japan, 5269
Pitch Perception [See Also Pitch Discrimination]
perception of tonal contrasts, 28–67 yr old aphasics & nonaphasic brain damaged speakers of tone language, 1362
Pituitary Disorders [See Hypopituitarism]
Pituitary Dwarfism [See Hypopituitarism]

Pituitary Gland [See Also Hypothalamo Hypophyseal System]
hypothalamic-pituitary-adrenal axis function, depressed alcoholic patients with mean age of 37 yrs, implications for usefulness as marker for endogenous depression, 5724
hypothalamic-pituitary-adrenal axis, 19–70 yr old alcoholics, 10463
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
physiological stress, cyclic adenosine & guanosine monophosphate in pituitary & pineal body & other brain regions, male rats, 549
Pituitary Gland Surgery [See Hypophysectomy]
Pituitary Hormones [See Also Corticotropin, Oxytocin, Somatotropin, Thyrotropin, Vasopressin]
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
hypothalamic-pituitary & opiate peptides & psychotropic drugs, intraspecies aggression & sociability, isolated mice, 3072
PKU (Hereditary Disorder) [See Phenylketonuria]
Place Disorientation
number of ECT treatments & sine vs pulse ECT & electrode placement, recovery of person & place & time orientations, literature review, 3787
Placebo
biofeedback strategies, behavioral medicine, 10778
learned helplessness indicators, effect of lumbar sympathetic nerve blocks with bupivacaine vs saline on subjective pain intensity, chronic low back pain patients with mean age of 43 yrs, 8283
midazolam vs flunitrazepam vs placebo, midwinter insomnia, 18–60 yr olds living north of Polar Circle, Norway, 10854
moral therapy & dynamics of cyclic historicity of psychiatric treatments, 10684
placebo effect & biofeedback, 8511
placebo vs naloxone & treatment for snake fear, fear reduction, female college students, implications for role of endorphins in placebo fear reduction, 7481
psychological factors of placebo phenomenon in therapeutic settings, 13108
zimelidine vs placebo, side effects & effectiveness, 18–65 yr olds with primary major depressive disorder, 13291
Placement (Educational) [See Educational Placement]
Placenta
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
Planning (Management) [See Management Planning]
Plasma (Blood) [See Blood Plasma]
Plastic Surgery
reconstructive surgery, body image & self confidence & individual & family adjustment, 6 wk to 39 yr old patients with severe craniofacial deformities, 1702
Platelets (Blood) [See Blood Platelets]
Play [See Recreation]
Play (Animal) [See Animal Play]
Play Behavior (Childhood) [See Childhood Play Behavior]
Play Development (Childhood) [See Childhood Play Development]
Play Therapy
group play therapy, 4.5–5.3 yr old male stutterers, Japan, 6-mo & 5-yr followups, 10898
play & family therapy, child psychiatry, implications of Piaget's theory for skill integration, 6065
play therapy, psychotic 6 yr old male, 8359
sociocultural intervention & psychomotor & play activity, elective mutism, 6 yr old female, 3856
therapeutic sand play, 27 yr old male schizophrenic & 13 yr old male elective mute, 10728
therapeutic structured play group, attitudes & behavior, disruptive 3rd graders, 4388
Playgrounds
design & evaluation of "sensory" playground using fixed & movable components & gravity & construction play, blind & partially blind & deaf-blind children & adolescents, 1855
free play with playground apparatus, upper body muscular endurance, 49–83 mo olds, 12376
Pleasure
attention to mothers & appearance of having fun during interactions, high risk infants, 5704
clinical differences & characteristics, inpatients with mean age of 38.8 yrs & anhedonic vs normally hedonic depressive states, 12790
discrimination & intensity perception & perceived pleasantness of sucrose sweetness, overweight vs nonoverweight 24–53 yr old females, 1358
occupational strain & pleasure, male vs female full- vs part-time employees, Great Britain, 6874
pleasure &/vs pain & subjective distance & directedness & duration & imagination, emotions, 3478
relative vision vs hearing dominance, pleasure &/vs arousal judgments about environment, college students, 2558
Plethysmography
light-emitting diode transistor optoelectronic device, measurement of peripheral vascular flow & comparison with strain-gauge, 19–28 yr old males, 11626
Pneumoencephalography
objective assessment of cella media region & its use in psychodiagnosis, 1483
pneumoencephalographic & computerized axial tomography scan changes, patients with severe affective disorders, 5822
pneumoencephalography, assessment of brain atrophy, 17–36 yr old acute schizophrenics vs 19–59 yr old chronic schizophrenics, 1168
Poetry
biblio-poetry therapy, acute psychotic patients, 10688
parallels between lives of poets E. A. Poe & A. Jozsef, 3436
poetic techniques, trance induction potency of poems, 3131
poetry as communication & psychotherapeutic processes & psychotherapy schools of S. Arieti, 24 yr old schizophrenic male, 3836
potential utilization of poems, facilitation of educational guidance & counseling, 4405
psychoanalyst as poet, critique of F. B. Davis's paper, 8416
psycholinguistic analysis of didactic scientific texts & poetry, 9883
role of silence in analysis, relationship between silence & words in poetic works, 6121
use of poetry in group therapy as catalyst for emotional expression, emotionally isolated 21–48 yr old males, 8465
writing poetry, clarification of countertransference, analysts, 8424
Poisoning [See Toxic Disorders]
Poisons
exposure to toxic agents used in wildlife management, conditioned food avoidance, rats, 7595
poison-secreting granular glands of skin & role in evolutionary preadaptation, dendrobatid frogs, 12139
removal of inner ear, emetic response to poison, male mongrel dogs, implications for role of inner ear in motion sickness, 2984
Poisson Distribution [See Skewed Distribution]
Poland
academic achievement & self evaluation & parents' SES, educational & professional aspirations, 11–18 yr olds, Poland, 10091
aspirations of contemporary youth, Poland, literature review, 10083
attitudes toward trade unions & employee self government, industrial employees, Poland, 6862
content analysis, Polish sociological journals, 2347
cultural & biological & psychological factors, feminism, Poland, 5604
life orientations, 17–30 yr olds vs 45 yr olds & older, Poland, 3431
modern childrearing & education as reflected in activity of Social Pedagogics Department of Silesian University, Poland, 8933
neutral vs achievement motivation evoking situation, responses to TAT, 16–19 yr olds, Poland, validity of TAT for Polish populations, 9343
perceptions of Poland & prejudices against Poles, West Germany, 1951–75, 5490
pictorial reactions to visit of Pope John Paul II, 4–15 yr olds, Poland, 3211
school psychology, Poland & Spain & Belgium, 13699
value systems, Poland, 3270
Police Personnel
action taken in investigation of domestic arguments, police, 5564
beliefs about causes & effects of marihuana use & enforcement of existing laws, police personnel, 10451
comparison of work shift systems & importance of physiological & psychological & social criteria in design of shifts, police, West Germany, 11343
criteria for organizational dispute resolution, managers & nonmanagers & police officers, 11428
critical-incident approach with interview & cassette taping, assessment of work related attitudes & behaviors, police officers, evaluation of T. R. Berry's study, implications for participant-oriented training programs, 2229
development of basic psychology course, police officers, 6832

development of survey to study mentoring, frequency & benefits & relationship to job satisfaction & burnout & future mentorship, teachers vs police officers vs nurses, 4235
developmental stages, male 27–55 yr old police officers, implications for D. H. Levinson's model of adult development, 12373
drug usage & attitudes toward alcohol, male law students vs police trainees, Australia, 12617
dynamics of robbery associated assaults on police vs general police assaults & weapons involvement, implications for handling conflict situations, 1256
helping behavior & reasons for career choice, police officers, 9119
needs satisfaction framework, evaluation of political & bureaucratic & professional & community organizational models based on degree of motivation, 22–32 yr old police officers, 2258
occupational demands, family functioning, police families, 2263
offense type & suspect sex & stereotypical gender behavior & victim characteristics, arrest decisions & chivalrous behavior, police officers, 11041
peer rankings, personnel evaluation, police officers, 4488
perceptions of juvenile delinquency, mothers & high school & college students & junior & senior high school teachers & police probation officers & psychologists & correction service personnel & delinquents, 3613
personality & attitudes & needs measured by EPPS & androgyny scale & attitude toward rape scale, female 19–33 yr old state police recruits, 2261
police program for employment, police detentions, 14–16 yr old gang members, 11044
political factors, reporting of crime statistics, police, 1948–78, 1025
presence of plainclothes patrol officers issuing juvenile citations, criminal incidents, 13394
role theory vs individual personality dynamics as possible explanation for authoritarianism & personality & attitudinal changes, police, 2253
shift schedule changes from 8-hr/12-day to 12-hr/8-day cycle, cardiorespiratory fitness & blood pressure & sleep deprivation & quality & alertness, police personnel, 11434
spouse training program, marital relationship, spouses of law enforcement officers, longitudinal study, 2227
stress & health status evaluation & cost effectiveness of wellness screening, police officers, 1713
survey of current status of Black female police officers, 3338
Policy Making (Foreign) [See Foreign Policy Making]
Policy Making (Government) [See Government Policy Making]
Political Assassination
diffusion of news about attempted R. Reagan assassination through mass media vs other persons, 9875
Political Attitudes [See Also Nationalism, Political Conservatism, Political Liberalism, Political Radicalism]
age & political attitudes, 20–79 yr olds, 8032
determinants of voting behavior & political activity, surveyed urban residents, US vs Canada, 1030
employment vs unemployment & voting pattern & education & age & sex, explanations for unemployment, 18–68 yr olds, UK, 1069
locus of control, sociopolitical & protest behavior, 8059
media channel & motivation for attending to political advertisement, processing & effect of ad, college students, 7912
moral judgment & ego strength & democratic orientation, students with mean age of 18.5 yrs, West Germany, implications for L. Kohlberg's model, 771
perceived actual vs deserved political power, survey respondents, 1018
perceptions of concepts "Skylab" & "America" prior to expected fall of Skylab, college students, Pakistan, 1015
political efficacy-trust vs relative deprivation perspectives, prediction of participation in individual instrumental vs expressive vs collective anti-busing protest, 18–65 yr old city residents, 3264
power & intimacy & affiliation & achievement motivations in TAT profiles, former politically radical vs moderate Ss with mean age of 42 yrs, 3455
professional qualification, tolerance of ambiguity & interrelationship with political attitudes & conservatism, teachers, West Germany, support for authoritarian personality theory, 13522
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
sex & education & voting patterns, attributions for wealth, 18–76 yr olds, 3446
sex & political attitudes, causal explanations for poverty, Conservative vs Labour voters, Great Britain, 931
sex & religion, political orientations, Christian vs Muslim Arab college students, US, 7866
sex role orientation, attitudes toward Equal Rights Amendment, male vs female college students, 7913
socioeconomic class of origin vs projected destination, sociopolitical attitudes, 12th graders, 10051
tolerance of political rights of Israeli Arabs, adult Jewish citizens, Israel, 952
use of semantic differential, changes in perceptions of political party leaders between 1975 & 1979, high school students, Sweden, 10180
Political Campaigns
media coverage, popularity prior to 1976 nominating convention, presidential candidates, 1008
selective exposure to political campaign communications, reinforcement of partisan predispositions, 10–17 yr olds & parents interviewed early & late in 1980 presidential campaign, 7766
time period & audience cohort & age group composition, TV viewing for presidential campaign information, adults, US, 1952–80, 7907
Political Candidates
reliance on TV vs newspapers, use of candidate images vs political issues in voting decisions, adults, 7917
sex & race & age of candidate & candidate-voter similarity, voting preferences, male vs female Black vs White college students, 3336
Political Conservatism
anti-intellectualism & SES & intrinsic religiosity & political conservatism & attitudes toward government-sponsored family planning & day care programs, attitudes toward public school sex education, evangelical Christians, 3284
birth order & sex, socio-political conservatism, college students, 5664
System for Multiple Level Observation of Groups, uniformity & structure of social values & attitudes & political liberalism/conservatism, college students, 10272
Political Divisions (Geographic) [See Geography]
Political Economic Systems [See Also Capitalism, Communism, Democracy, Fascism, Socialism, Totalitarianism]
educational & counseling needs & vocational integration, blind persons, Switzerland, 1835
ethnicity & social stratification & political economy, national culture, Jamaica, 5504
evolution of position of family & implications of family for economic & social control & sex roles, kibbutzism, Israel, literature review, 935
political economy & other factors, development of administrative practice curriculum for human services administrators, critical comments & author's reply, 13431
Political Elections
views on election polls, delegates elected to Democratic & Republican state conventions, 10176
Political Issues
framework for understanding & design guidelines for interventions, social problem solving, residents & corrections officials involved in implementation of Minnesota Community Corrections Act, comment by C. L. Chiles & author's reply, 12574
Political Liberalism
System for Multiple Level Observation of Groups, uniformity & structure of social values & attitudes & political liberalism/conservatism, college students, 10272
Political Parties
opinions on domestic welfare & civil rights policy, prediction of political party membership, citizens, US, 1956–80, 5553
Political Processes [See Also Political Campaigns, Political Elections, Voting Behavior]
development & revision, "World Handbook of Political & Social Indicators", 12584
economic & social & biological & political & psychological threats of systematic application of technology, 5485
function & political influence, citizen activist groups, West Germany, 5578
interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
political development & culture-specific vs -general factors in industrial societies, studies of values, USSR, 3272
political uses of dead citizens, social control, 7914
simulation game of presidential election selection process, student reaction & role playing & interest in politics, college students in political science class, 6609
use of psychiatric commitment as political repression, USSR, 3326

Political Radicalism
personality correlates & developmental aspects of political radicalism, college students, 5669
power & intimacy & affiliation & achievement motivations in TAT profiles, former politically radical vs moderate Ss with mean age of 42 yrs, 3455
Politicians
cognitive complexity in interpersonal relations & impressions formed of political figures, college students, 7975
George Washington as heroic archetype of Anglo American Whig tradition, 9233
media coverage, popularity prior to 1976 nominating convention, presidential candidates, 1008
significance of E. Mayo to political psychology of H. D. Lasswell, 1028
use of semantic differential, changes in perceptions of political party leaders between 1975 & 1979, high school students, Sweden, 10180
Politics [See Also Political Attitudes, Political Campaigns, Political Candidates, Political Elections, Political Issues, Political Parties, Political Processes, Voting Behavior]
background factors, prevention & treatment, children of South American political refugees, 13110
contacts with institutions in host country, Latin American political exiles, 12568
contradiction of M. Marien's view of transformation as "sandbox syndrome", 7910
definition of "sandbox syndrome" as set of behaviors associated with political impotency, individuals & organizations who work for social change, 7915
ego psychology & object relational theory, implications for politics, literature review, 1007
evolutionary biology & political theory, 5559
historical & political factors & sex differences, differences in drug regulations & usage, 3358
modern politics, human values, 7832
political factors, reporting of crime statistics, police, 1948–78, 1025
psychiatric prevention program, anomie, political refugees, South America, 13335
psycho-sociological analysis of transculturation & stages, Chilean exiles, 12585
significance of E. Mayo to political psychology of H. D. Lasswell, 1028
Pollution
air pollution, health & behavior, humans, 11469
behavioral adjustment to natural hazards & pollution in environment, residents, Canada, 4580
learning & memory & psychomotor functions & visual perception & vigilance, urban bus drivers exposed to exhaust gases, Denmark, 6888
Polydipsia
electrolytic lesion of medio-ventral septal area, polyuria & polydipsia & vasopressin levels, rats, implications for human neurogenic diabetes insipidus, 5174
intraperitoneal preloads of water vs isotonic saline, suppression of schedule-induced polydipsia, rats, 560
nucleus accumbens septum lesions via 6-hydroxydopamine, operant schedule-induced drinking & motor activity & plasma corticosterone, male rats, 2995
schedule-induced alcohol solution consumption, blood alcohol levels, rats, 5003
schedule-induced polydipsia & autoshaped leverpressing as substitutes for eating, rats, 7230
somatic symptoms in psychogenic polydipsia, hospitalized psychiatric patients, 10350
Polygamy
problematic male/female ratio & possibility of & attitudes toward polygamy as solution, Blacks, 988
Polygraphs
guilty knowledge technique of mock crime enactment, GSR response on polygraph, 36 yr old male with pseudologia fantastica, 8221
Pons [See Also Raphe Nuclei]
chloramphenicol vs thiamphenicol, single unit activity in midbrain & pontine medial reticular formation during sleep, cats, 642
lesions of medial pontine reticular formation, apomorphine- & amphetamine-induced stereotyped head movements & turning, rats, 9749
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
morphine microinjection into spinal trigeminal complex, threshold for aversive reaction, rats, 9854
neuron loss & change in synaptic endings & accumulation of age pigment in medial nucleus of trapezoid body, 2–3 vs 6 vs 18 vs 24 mo old male rats, 5062
optokinetic stimulation, neuronal activity in pontine gray, monkeys, 7392
periocular electrical stimulation, nictitating membrane response & electrophysiological response of abducens nerve & nucleus & accessory abducens nucleus, rabbits, 7514
pons lesions, reversal of REM sleep atonia, cats, 9655
pontine taste area neuronal collateral projections to posterior ventromedial thalamic & geniculate nucleus, rats, extension of K. Voshar & D. Van der Kooy's results, 7398
projections of oculomotor internuclear neurons to abducens nucleus, cats, 9647
spinal & trigeminal nociceptive mechanisms, literature review, 12083
Popularity [See Social Approval]
Population [See Also Overpopulation, Population (Statistics)]
artificial feeding vs subsequent foraging in natural habitat, body weight & primiparous age & age-specific natality & mortality & population growth, Japanese monkeys, 9544
breeding success & predation & nest density, snowy plovers, 12039
capture, size & utilization of troop range & birth rate & mortality, Japanese monkeys, 383
church programs & age of members & urbanization & community ethnicity & population density & affluence, changes in congregation size during 1970–78, United Church of Christ, 12530
competition for mates, predominant dispersal of juvenile males, California ground squirrels, 2733
ecological impact & control of feral dogs, Galapagos Islands, 9569
evolution of social interaction & altruistic behavior, density-dependent mortality, animals, 2720
general aviation accident rates & population size of involved pilots' rural vs urban community of residence, 4454
home range & group size & population density & foraging resources, habitat quality, endangered red-cockaded woodpeckers, 382
minority concentration & cultural &/or socioeconomic context, lynching rates in southern counties from 1889 to 1931, Blacks, partial support for H. M. Blalock's power-threat hypothesis, 7837
predator pressure via availability of hiding places & food abundance, spatial distribution, octopus, 2762
proximity to tense northern border & population size of settlement, fear, 6th–8th graders, Israel, 7794
seasonal variations & mortality factors & health, size & structure of community & population dynamics, chimpanzees, Tanzania, 15-yr study, 9578
trends in location of psychiatric hospitals close to larger population centers, US, 1960–80, 13356
Population (Statistics) [See Also Statistical Sample Parameters, Statistical Samples]
analysis of species of Ss used in research articles published in "Journal of the Experimental Analysis of Behavior" from 1958–81, 9259
Population Characteristics [See Demographic Characteristics]
Population Control [See Birth Control]
Population Genetics
adaptation to host tree & natural selection & outbreeding depression, population sex ratio, black pineleaf scale insects, 12071
incidence of chronic parasitic blood infections & quality of striking display, passerines, implications for mechanism of fitness heritability in mate selection, 373
partial bivoltinism, model of evolution of sex ratios, various insect species, 9611
Pornography
exposure to pornography, perceptions of sexuality & sensitivity about rape, male & female college students, 1038
extent of prior provocation, effect of erotic stimuli on hostile behavior, male college students, 300
justification for societal condemnation, anti-female violent pornography, 5586
Porteus Maze Test
cognitive behavior modification, impulsive responding in Porteus Maze Test & Matching Familiar Figures Test, institutionalized aggressive impulsive 10–16 yr olds, 13236
Positive Reinforcement [See Also Praise]
area postrema vs nucleus accumbens lesions, aversive & positive reinforcing effects of apomorphine, male rats, 7510
behavior therapy & aversion therapy & positive reinforcement, nervous & mental disorders, USSR, literature review, 8521
classroom DRO vs omission training vs positive reinforcement withdrawal vs contingent restraint, self injurious behavior, severely mentally retarded students, 4344

group size & classroom social homogeneity & feedback vs verbal praise vs candy & direct vs indirect rewards, extinction of conditioned handwriting performance, 1st vs 3rd vs 6th graders, replication of C. F. Sharpley's work, 6803
positive reinforcement, performance on Mental Status Questionnaire, 82 yr old male with dementia & depression, 1566
reasons for non-use of positive reinforcement for job performance, managers, 11390
satiety, positive reinforcement of actually fed vs sham-fed food, rats, 7325
true vs pseudodiscriminative conditioning & stimulus reinforcer, associative & postprandial control of schedule-induced drinking, rats, implications for study of interim behavior, 7257
unexpected cutaneous shock vs food presentation, extracellular potassium ion EP activity changes in frontal cortex, cats, 7435
visual & auditory & social & vibratory reinforcement, head turning, 9 yr old multiply handicapped profoundly retarded male, 3915
Positivism
desirability & applicability to self or well-liked other & positivity vs negativity, memory for trait adjectives, college students, attempt to support theoretical schemata of encoding of personally relevant information, 4943
logical positivism in social sciences, 22
Postganglionic Autonomic Fibers [See Autonomic Ganglia]
Postgraduate Students
empirical investigation of psychoanalytic training, students & members of psychoanalytic training institute, 11145
student & teacher sex, teacher evaluation, high school vs college vs postgraduate students, 4334
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
Postgraduate Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Medical Internship, Medical Residency]
Adelphi model of respecialization training in clinical psychology, 8921
description of clinical postdoctoral retraining program, 8892
development of postdoctoral retraining program in clinical psychology, 8916
ethics & standards of professional psychology regarding licensing & respecialization, 8865
internship & postdoctoral training, pediatric & clinical child psychology, 13492
personal reflections on respecialization in clinical psychology, retrained psychologist, 8870
problems involved in respecialization training in clinical psychology, 8839
recommendations for psychology postgraduate education, Great Britain, 13432
role of internship in respecialization in clinical psychology, 8891
Postnatal Period
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
characteristics of auditory discrimination learning after hatching vs imprinting to visual stimuli, precocial & semiprecocial birds, literature review, 7221
maternal symptoms & attitudes during pregnancy vs postpartum, development, mothers & their male vs female children, 7–8 yr followup, Sweden, 3149
perinatal glucocorticoid administration, body & brain weights & spatial learning task acquisition, male rats, 635
perinatal malnutrition, ambulation & rearing & defecation & corticosterone response to novel stimuli, adult rats, 5168
postnatal neural development & synaptic formation, literature review, 9631
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
prenatal & natal & postnatal symptoms, institutionalized mentally retarded children, 5914
previous puerperal admissions & delusions & use of ECT, patients with puerperal mental illness, 1799
prolactin levels, distress & hostility, postpartum females, 9706
undernourishment during prenatal period & lactation, postweaning food & water intake, rats, 7489
undernutrition during prenatal period, subsequent weight gain, male rats, replication of study by G. P. Ravelli et al, 9726
Postpartum Depression
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
attributional style & causal attributions for stressful events, 18–35 yr old mothers with postpartum depression who were vs were not depressed during pregnancy, 5747
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
season of conception, frequency of postpartum depression, females, Sweden, 12768
self report questionnaires on anxiety & depression & visual analog scales, detection of psychiatric morbidity, females with mean age of 26 yrs during pregnancy & postpartum period, 9321
visual & auditory & kinesthetic stimulation in maternal behavior & eye contact, 16–35 yr old postpartum depressed mothers & their neonates, 8137
Postsurgical Complications (Physical
complications & mortality rate from above-knee amputations, psychiatric inpatients with mean age of 72.8 yrs, 12759
open heart surgery, cardiac psychosis & problems of visual acuity & accuracy & reality testing, patients, 6330
Posttesting
correction for within-group posttest on pretest regression slope variation from 1, conflict between Gain Score Analysis & ANCOVA in testing differential effects, 2524
problems in reliability of difference scores, 11658
tables for evaluation of differences in test-retest scores for WAIS, 9296
Posttreatment Followup
acupuncture vs behavior therapy, smoking cessation, cigarette smokers, 12-mo followup, implications for posttreatment maintenance, 13420
antipsychotic drug therapy, tardive dyskinesia, psychiatric patients with mean age of 53.3 yrs, 3-yr followup, 10830
behavior therapy smoking rehabilitation, cigarette smoking, 1–3 yr followup, 6473
criteria for treatment effectiveness evaluation, neurotic patients, 42-mo followup, 6064
diagnosis & ease of access to care center & domicile & drug therapy, health care utilization, discharged psychiatric inpatients, 1-yr posttreatment followup, 4031
diagnosis & intervention & followup, psychological emergencies, counselors, 13348
early parental separation & response to treatment, multiply acting out 10–16.5 yr olds discharged from secure residential treatment program, 10491
postdischarge followup services, rehospitalization, patients with mean age of 29.4 yrs discharged from acute psychiatric unit, 10950
psychotherapeutic outcomes evaluated at posttreatment vs followup, neurotics, implications for necessity of followups for treatment evaluation, literature review, 1517
recovery & relapse, concurrent major depressive disorder & chronic minor depression, adult patients, 2-yr posttreatment followup, 10380
social & vocational rehabilitation & reintegration, formerly hospitalized adult psychiatric patients, West Germany, 1860
social adaptation problems & repeat suicide attempts & need for continued treatment, suicide attempters, 3-yr followup, 12895
stability of intellect & personality, chronic schizophrenic patients with mean age of 41 yrs, posttreatment followup, 10359
testosterone & cotherapy & sex therapy, female sexual dysfunction, couples with mean age of 30.3 yrs, 10691
videotaped expectancy shaping vs informational preparation strategies, success in transfer to outpatient community, aftercare psychiatric inpatients with mean age of 35.8 yrs, 10941
Posture
ACTH unilateral microinjection into brain stem, postural asymmetry & movement disorder & resemblance to human dystonia, male rats, 7599
association of qualifying words & bodily expressions with musical excerpts, college students, 742
audio feedback system, head control, profoundly retarded multiply handicapped 2–16 yr olds, 8523
body & neck & abdomen shape & head & shoulder posture, attractiveness of male physiques, male vs female college students, Israel vs US, 3415
caudate nucleus head stimulation in right vs left hemispheres, EMG & mechanographic components of instrumental avoidance reflex associated with posture maintenance, dogs, 5170

computerized postural stability & white noise rotational tests, diagnostic screening for dizziness, patients with Meniere's disease & other vestibular dysfunctions, 13091
counselor postural congruence, perception of counselor empathy, 11th graders, 6391
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
EMG analysis, relaxed vs unrelaxed postures, 23–27 yr old males, 7465
horizontal vs antiorthostatic position during performance of sensorimotor activities, adaptive reactions, males, 7454
mental practice & standing vs supine position, accuracy of blind kinesthetic positioning, 18–44 yr old college students, 7119
overcorrection & time out treatment, mealtime posture, 14 yr old profoundly mentally retarded female with Down's syndrome, 8532
posture & emergence of spontaneous fetal motility, 12 wk longitudinal assessment, 12365
posture & movement & role of CNS in controlling muscular length/tension ratios at joints, literature review, 5058
posture sharing vs neutral movement, interview dyads, 3396
preferred body posture & settings of adjustable work station, 18–56 yr old visual display terminal operators, 9181
preferred settings & body postures, visual display terminal operators, 13785
preferred vs imposed dimensions of visual display terminal workstation, body postures & physical symptoms of static efforts in neck & shoulder & hand & arm, 19–45 yr old female typists, 6878
small group exercise instruction, posture, 8–12 yr olds with scoliosis, 8379
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
unexpected sensory & postural support conditions, environmental context adaptation of postural reactions & simple arm movement execution, humans, 203
visual & support surface orientation, postural control & role of disturbed reference to gravity, patients with abnormal vestibular function, 12994
visual information, vestibular head righting response, 3.2 & 4.2 mo olds, 9979
working environment & posture & lighting & work rest cycles, visual & muscular fatigue, 18–37 yr old visual display terminal operators, 2271

Potassium [See Also Potassium Ions]
cyclic adenosine monophosphate-dependent protein kinase, input resistance & voltage-dependent potassium current in type B photoreceptors, nudibranch Hermissenda crassicornis, 5183
hypokalemia & membrane resting potentials & CSF & plasma potassium levels & role of vasopressin in avoidance behavior, Brattleboro diabetes insipidus vs Long Evans rats, 2805

Potassium Ions
buccal ganglion intracellular injections to decrease hydrogen ion concentration, potentiation of slow inward current, snails, 7374
unexpected cutaneous shock vs food presentation, extracellular potassium ion EP activity changes in frontal cortex, cats, 7435

Potential Dropouts
familial factors & satisfaction with school & student/faculty relationships & academic interest & skills & educational goals, dropout rate, college students, 2079

Potentials (Evoked) [See Evoked Potentials]

Potentiation (Drugs) [See Drug Interactions]

Poverty
changes in incidence of poverty, aged, 1969–78, 7850
explanations for poverty & comparison with British explanations, Hindu vs Moslem vs Christian vs Parsee college students, India, 12519
level of public assistance, incidence of crime, poor families, US, 10462
poverty & social attitudes & society imposed marginalization, violence & victimization, aged, 9923
poverty & subsequent stress, social support networks, urban residents, literature review, 10099
sex & political attitudes, causal explanations for poverty, Conservative vs Labour voters, Great Britain, 931
vulnerability to social isolation & public dependency & poverty, aged, Australia, 7813

Poverty Areas
childrearing practices & attitudes, mothers of 31–60 mo olds from economically depressed areas, Jamaica, 7883

Power
approaches to redress inequities & diminish injustice, powerless & oppressed persons, 7841
charisma & use & misuse of power in R. Browning's "The Pied Piper", 744
construct theory approach, use of power in educational & other organizations, 6551
contextual effects & member level variates, attributions of power, professional workers, 10269
demographic & personality characteristics, jury verdict & juror's predeliberational verdict & tendency to change verdict & self perceived participation & influence, felony jurors, 1021
desire for control & extrinsic rewards, susceptibility to illusion of control in gambling game, college students, 3437
evolution of brain, implications for use of power & justice & law, 5046
fairness of opponent's behavior & merit of power & performance experience, threat frequencies & strategy decisions & outcome & satisfaction, 3395
intraorganizational power distributions, strategic decision makers in profit vs nonprofit institutions, 9153
legal rights & power & status & authority, widows, 1535–1650, Netherlands, 3319
locus of control & field dependence & need for power, efficacy of electroconditioning aversion program with vs without covert sensitization & preferred vs nonpreferred beverage, male alcoholics, 4118
male oriented vs balanced-to-sex TAT, measurement of need power & achievement motivation & affiliation motivation, male vs female working managers, 94
manager's reputation & positive vs punitive vs goal setting manner, perceived power, college students, 13740
meditation, existential crisis & acceptance of vulnerability in existential & Buddhist psychology, 10746
moving to nursing home, perceived control & well-being & mortality, 65–97 yr old nursing home residents, 4074
need for power & activity inhibition, 24–55 yr old light vs heavy drinkers, implications for power motivation of alcoholism, 10224
perceived actual vs deserved political power, survey respondents, 1018
perception of power & ability to help youth & perceptions of youth & attributions for youth's problems, childcare workers, 4151
personal & interpersonal power, model of organizational power & control, 11430
personal authority, support for positional authority, male college students in small groups, support for Machiavelli's observations on power relations, 12653
possibility of control over task outcomes, causal attributions for outcomes, college students, 7990
power & intimacy & affiliation & achievement motivations in TAT profiles, former politically radical vs moderate Ss with mean age of 42 yrs, 3455
power acquisition & communication, majority of token minority group relations, organizational members, 13758
power interactions & marital satisfaction, spouses, literature review, 5534
power position & generalized self efficacy, situational self efficacy & outcomes in negotiation networks, female college students, 7966
power tactics, high- vs low-Machiavellian Ss, 8062
power-base training model using behavioral rehearsal & feedback & modeling & practice, perceived personal power & involvement in creative problem solving, females, 10768
powerlessness & belief in external control, paranoia, 18–65 yr olds, 12842
powerlessness & job satisfaction & content & intrinsic reward & social alienation, problem drinking, employed males aged 21 or older, 10225
sex bias & degree of expert power, compliance, college students, 12652
societal devaluation & social exchange & power theory of nonverbal communication, loss of status & social control & dominance, aged, 897
status & power, perceptions & responses to sexual harassment in workplace, 6856
structure & dynamics of power, 3365
teacher expectations & control, performance, 3rd graders, 2059
teaching & role modeling & judicious use or omission of diagnosis & analysis & interpretation of client experiences & other communication techniques, affirmative social action in clinical counseling, psychotherapists, 6114
vicarious victory vs defeat through football game, preference for actual- vs image-of-power position, spectators, 12742

Practice [See Also Distributed Practice, Massed Practice]
academic success & type of self generated elaborations, retention, 5th graders, 851
amount of practice prior to analogy test related vs unrelated to practice, choice of others with same vs different amount of practice for comparison, college students, 1084
behavior rehearsal &/vs self vs other modeling, grooming skills, 19–60 yr old mentally retarded females, 6224
brief training on spatial tasks, sex differences in visual spatial skills, college students, 237
covert rehearsal, motor long term memory, right handed Ss, 2644
didactic instruction with vs without modeling & practice with feedback, intake interviewing skills, graduate students in rehabilitation counseling, 4181
early brief multiple choice practice test, later performance in introductory psychology course, college students, 13604
effectiveness of written or videotape model &/vs role play practice, counselor trainees, 8861
efficacy of assertiveness training based on narrow vs broad definition of assertive behavior & modeling &/vs rehearsal with instructions, unassertive Ss, 6217
encoding constancy vs variability produced by use of 1 or more mnemonic devices & semantic context & semantic-orienting tasks, memory performance, college students, 2664
high vs low experience & talent, creativity, 13–17 yr old drama students, 9912
home practice exercises, EMG activity subsequent to biofeedback training, female college students, 7477
incidental pair rehearsal & rehearsal interval & expectation of interruption, recall & recognition & pair memory & associative learning, college students, 4955
internal vs external imagery, biceps EMG activity & ocular responses, male college students & faculty experienced vs inexperienced in weight lifting, replication of E. Jacobson & P. J. Lang's findings, 2886
level of recall & hypermnesia & level of processing & imagery, criticism of article by H. L. Roediger et al, 2646
level of recall & hypermnesia, response to criticism by M. Erdelyi, 2658
level of recall in verbal learning task & hypermnesia, college students, 2659
lexical vs morphological vs physical priming, auditory word recognitions, 20–50 yr olds, 282
long vs short durations of positive practice overcorrection, reduction of off-task behavior, mentally retarded 10.9–13.6 yr olds, 1567
mental practice & standing vs supine position, accuracy of blind kinesthetic positioning, 18–44 yr old college students, 7119
meta-analysis, effects of coaching on Scholastic Aptitude Test scores, 11289
mobilization of prior knowledge, free recall, college students, 2657
modeling & instruction & behavior rehearsal in social skills training program, 35 yr old male homosexual, 8492
nonspecific experience, perception of random dot stereograms, medical & dental students, 241
number of objects/stimuli, fatigue & boredom & practice effects on multidimensional scaling reliability using method of complete triads, college students, 2419
power-base training model using behavioral rehearsal & feedback & modeling & practice, perceived personal power & involvement in creative problem solving, females, 10768
practice & binocular disparity of test squares, foveal & peripheral stereoacuity, male college students, 11796
practice & new contextual stimuli, persistence & transfer of directional error in anticipating speeds, female college student athletes, 9464
practice & organization of to-be-remembered digits, enhancement of memory, normal vs trained vs exceptional memory adults, 2647
practice & side preference, bilateral transfer of complex dance movements, college students, 9449
practice effect & transfer, orientation discrimination RT, humans, 11812
practice, efficacy of letters vs digits vs shapes vs colored dots as visual display codes, male undergraduates, 2586
practice on small vs intermediate size problems in familiar vs unfamiliar context, solution of large size problems, college students, 11905
practice, strength &/or acquisition rate of McCollough effects, Ss with superior color discrimination ability, evidence against M. Schmidt's learning model, 7137
prior extended vs regular pursuit tracking task practice, alcohol-induced performance impairment, male college student social drinkers, 9795
rehearsal with 1- vs multi-item repetitions, free recall of semantically & phonemically related words, learning disabled vs nondisabled 8–10 yr olds, 8267
reliability & validity of Law School Admission Test scores, students administered different versions of test & tested with vs without coaching, 11324
repeated measures of forgetting of spatial information, 22–24 vs 30 yr old rhesus monkeys, 2731
repetition of target movement patterns, learning visual tracking task, 17–39 yr olds, 2569
semantic processing vs cumulative rehearsal of words, free recall & retention, educable mentally retarded with mean age of 14.4 yrs, 12957
short term performance of maximal contractions of plantar flexors, repeated measures of rate of tension development & role of neural mechanisms, male college students, 9441
speech reading of nonsense syllables vs isolated words vs sentences, speech reading proficiency, college students, implications for training deaf, 6299
spontaneous vs 1-item vs multi-item rehearsal, expected & actual word recall, learning disabled vs nondisabled 8–10 yr old readers, 10533
sport & performance experience & practice & presence of audience, dominant vs novel task performance, 9 yr old males, 3171
therapist's experience & characteristics & patient's level of physiological change & regularity of home practice, biofeedback &/or relaxation treatment outcome, 18–68 yr old chronic headache patients, 10780
training & feedback, voluntary physical exertion, 4851
variable vs constant practice &/vs modeling vs physical information mode, motor learning, right handed college students, 9435
varied vs consistent mapping & workload & practice, word & word-category search, college students, 11845
verbal rehearsal training with vs without feedback & looking strategy & instructions, serial recall performance, kindergartners & 1st graders, 7732
verbal rehearsal vs visual imagery, reading comprehension, learning disabled children with mean age of 8.9 yrs, 10527
visuomotor behavior rehearsal, anxiety & karate performance, 18–24 yr olds, 4857
weak vs strong gestalt vs analytic strategy training, performance on gestalt vs analytic progressive matrices items, 4th vs 6th vs 8th graders, implications for intellectual assessment, 5369
word frequency & length & practice, articulation & total reading & pause durations, college students, 7650
Practice Effects [See Practice]
Practicum Supervision
classification of countertransference & utilization in supervision, psychiatric residents, 6508
construct validity & structure of R. A. Hogan's model of counselor development & supervision, university counseling center staff & interns & trainees, 6518
controlled analysis in psychoanalytic instruction, contributions of H. Deutsch, 8852
control/supervised analysis, contributions of H. Deutsch, 8903
fieldwork assessment in social work, 1908
framework for organization of approaches to supervision, supervisors of psychotherapist trainees, 8857
functions & goals of psychoanalytic supervision, 11148
objectives of psychotherapy supervision, psychologists, Norway, 1938
practicum supervision, review of research, 1975–82, 8874
practicum training device to aid conceptualization of client psychological functioning, counselors, 8885
psychoanalytic & supervisory process, psychoanalytic supervisors, 8884
supervised analysis in psychoanalytic training, comments on views of H. Deutsch, 8927
supervisor technique in psychoanalytic training, production of regression which interferes in working relationship, 6521
supervisory emphasis on supervisees' skills vs conceptual sophistication vs personal qualities, behavioral vs eclectic vs psychoanalytic counseling center supervisors, 6502
training experience level & supervisor demographic characteristics, variation in supervision process, practicing supervisors, 11125
verbal interactional patterns during supervision sessions, satisfaction, supervisors & counseling trainees, 6507

Praise
feedback with vs without praise, efficiency, 18–64 yr old manufacturing employees, 2252
peer praise vs disapproval, group use of praise vs disapproval & music learning, high school music students, 9006
praise vs blame & help giving vs neglect & assignment of easy vs difficult tasks & pity vs anger, implied evaluation of ability & target person's self perception, 12645
praise vs criticism from teacher, attitudes toward teacher & self, 9 & 10 yr old students, 11252
public posting & individualized feedback, delivery of verbal praise & nontargeted behavior & resident on-task behavior, hospital staff & mentally retarded inpatients, 1927
public posting of praise & feedback fading, praising behavior, teachers of handicapped preschoolers, 8945
self reinforcement &/vs descriptive praise, maintenance of token economy reading performance following token removal, 2nd–6th graders, 8989
use of praise in teacher-child interaction models, 6719
Prayer
frequency of prayer, friendliness & cooperativeness, noninstitutionalized adults, 8034
Precocious Development
situational context, preciousness & regression in number conservation comprehension, children, extension of analysis of M. Bovet et al & replication of J. McGarrigle & M. Donaldson's study, 5386
Precognition
auditory precognition within radio newscast of future automobile accident, 2309
present vs future targets, clairvoyance vs precognition scores, college students, 2316
Predatory Behavior (Animal) [See Animal Predatory Behavior]
Predelinquent Youth
perceived problems & recommendations, guided peer group interaction treatment programs, troubled 13–17 yr olds & staff members, 1531
perception of which youth-related problems most need to be addressed by youth services, participant & nonparticipant youths in neighborhood delinquency programs & staff members, 4028
Prediction [See Also Academic Achievement Prediction, Occupational Success Prediction]
age & marital status & referral source & diagnosis & length of stay & ward, prediction of psychiatric hospital discharge against medical advice, patients, 8712
age & sex & body composition, prediction of basic motor task & health-related fitness item performance, 1st–3rd graders, 12434
alcohol-related expectancies vs demographic variables, prediction of alcohol drinking, 12–19 yr olds, 871
analysis of protocols from Wechsler Bellevue Intelligence Scales & Rorschach & TAT & Word-Association Test, prediction of suicide attempt, suicides & attempted suicides, 2468
athletes' vs coaches' expectations vs previous competition scores, prediction of competition performance, 7–12 yr old female gymnasts, 3138
attitudes & cognitions toward theft, prediction of future theft & counterproductivity, home improvement center employees, 12920
battery of psychophysiological responses, prediction of success of biofeedback & relaxation training, headache patients, 10779
behavioral characteristics of jobs, prediction of job stress, 6872
beliefs about self & norms & goals & general beliefs, prediction of punctuality & conformity & assertiveness & orderliness & pain tolerance & honesty, college students, Israel, verification of H. Kreitler & S. Kreitler's theory, 3452
biological markers & prediction of treatment response, depression, literature review, 8171
client characteristics, prediction of therapeutic outcomes, phobics, literature review, 12848
clinical &/vs statistical predictions of recidivism, probationary performance, adult male felonists on probation, 6459
clinical judgment process in selection of drug addicts for inpatient treatment & predicted length of stay, patients' actual length of stay, drug clinic staff, 8790
communication variables, multiple indicator model for prediction of organizational effectiveness, 11418
conjoint measurement analysis of predictions of suicide, systems oriented therapists, 2502
contextual specificity & conditional intention measures, prediction of purchase intention-behavior relationships, females, replication of P. R. Warshaw's study, 9200
cross-situational behavioral consistency & stability, predictive reliability & validity, reply to criticism by W. Mischel & P. K. Peake, 3443
definition & Research Diagnostic Criteria vs DSM-III typologies & prediction of outcome, mania, 17–55 yr olds, 5737
demographic & clinical characteristics, prediction of length of psychiatric hospital stay, patients, 13358
demographic & driving record characteristics, drivers involved in fatal accidents, implications for prediction, 4444
development & test of model for prediction of group consensus in choice dilemma situations, 7954
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
dilution of predictive information about individual by receipt of poorly correlated information, use of predictor variables, college students, 1085
driving records & attitudes, long term prediction of traffic accidents & violations, drivers, 2197
economic factors & causative model, prediction of mental health services utilization, rural Appalachia residents, 4014
electrooculography, prediction of saccadic eye movements with induced fixation errors in learning, humans, 6961
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817
etiology & prediction, criminal behavior, literature review, 12940
evaluation of methods for formulation of occupational outlook for projections & limitations for career counseling & academic planning, 2039
excellence as personality variable, mediation between attitude toward & intention to enter master's program in business administration, new students, support for predictive effectiveness of multiattribute attitude model, 13612
expected utility of present vs alternate civilian role & behavioral intention to complete enlistment & to reenlist, prediction of turnover, US Marine Corps enlistees, 4-yr longitudinal study, 13783
expressed vocational choice & career development measures, prediction of occupational choice, high school students, 7807
factors predictive of rehospitalization after inpatient treatment, male alcoholics, 11087
family structure & parental & household characteristics & parent-child relationships, prediction of delinquency, parents & their male vs female 13 yr olds, 1239
forced vs free sampling as task variables, predictive vs diagnostic learning, 4956
frequency of tavern exposure, prediction of excessive drinking, adults, 1040
health beliefs & intentions, prediction of return compliance for tuberculosis test reading, volunteers with average age of 22.3 yrs, 10927
hopelessness & social desirability, prediction of attempted suicide, patients with mean age of 26.9 yrs, 12939
institutional behavioral adjustment measures vs MMPI, prediction of recidivism, 17–40 yr old male felons paroled from institutional behavior modification program, followup study, 1853
instrumentality &/vs valence variables, prediction of job satisfaction, recent high school graduates starting 1st permanent job, longitudinal study, 6870
job attitude & involvement & role stress & intrinsic motivation & role ambiguity & conflict, prediction of satisfaction, lower & middle & higher level managers, 11388
job satisfaction as component of life satisfaction, social history of work as predictor of life satisfaction, 13772
Learned Helplessness Inventory performance, prediction of learning performance following solvable vs unsolvable task, college students, 152
life events & perceived dimensions of events & social support, prediction of psychological symptoms & depression & anxiety, college students, 12845
locus of control, prediction of success in jaw-wiring program, obese females with mean age of 32.5 yrs, 13122
medical model, prediction of parole process & parole-reparole outcomes, incarcerated offenders, 13411
miniature job training & evaluation approach, prediction of job performance, low aptitude navy recruits, 2232
MMPI, prediction of treatment response to electrical spinal epidural stimulation, patients with chronic pain or movement disorders, 7006
model for identification of potential rehabilitation failures, 26–34 yr olds, replication of authors' previous study, 1869

models for prediction of odor intensities of mixtures, 2576
models of cognitive control based on social learning vs propositional control theory, prediction of desire & intention & actual self disclosure, college students, 12749
multiple regression vs unit-weighting multiple regression, clinical prediction, 2531
opinions on domestic welfare & civil rights policy, prediction of political party membership, citizens, US, 1956–80, 5553
path analysis, prediction of college persistence, college freshmen, testing of V. Tinto's theory, 6705
performance feedback, extrapolation of constant velocity & acceleration trajectories, college students, evidence for nonveridical internal model, 4915
personal characteristics & salary base & promotion/recognition opportunities & earnings opportunities, reward attractiveness, industrial salespeople & sales managers, 9169
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
positive vs negative feedback from supervisors vs co-workers vs clients, prediction of motivation & job performance, nurses, 13471
prediction of behavior in situations using template matching technique, theory verification & exploration in person-situation interaction research, 11557
prediction of behavior therapy outcome, agoraphobic females, implications for importance of husband's involvement in therapy, 13248
prediction of group & individual frame choices & support for prospect theory, 4907
prediction of proportion of masters in given population using criterion referenced tests, critique of A. Hamerle's presentation of J. A. Emrick's model, 6814
prediction of resynchronization after time-zone flights, male students, 9699
prediction of voluntary & involuntary attrition using GPA & index of personal needs satisfaction & college climate, college freshmen, replication & extension of study by J. E. Edwards & L. K. Waters, 4401
predictive factors, long term treatment outcome, heroin addicts admitted to methadone maintenance program, 11072
predictive model, burglar characteristics & burglary incidents, 12905
predictor variables & mood, estimation of correlation, college students, implications for accuracy & use of a priori causal theories, 303
presentation of alphabetic letters followed by aversive white noise vs silence, judgments of probability of letters resulting in noise, college students, 2561
problems in prediction of outcomes of national football league games, implications for psychological research, 4827
psychosocial data, prediction of time of transition from virginity to nonvirginity, 7th–9th graders, 9-yr longitudinal study, 10059
range restriction by K. Pearson's formulas & variations in selection process, implications for studies of predictive bias & estimates of educational effects in selected samples, 9100
Reasons for Living Inventory, differentiation of suicidal vs nonsuicidal Ss, general public & psychiatric inpatients, 123
regression equation, identification of factors related to length of hospitalization, 16–77 yr old defendants acquitted by reason of insanity, 11016
replacement of concept of accident proneness with "differential accident involvement", implications for measurement & prediction, 2195
role of psychiatry, prediction of future dangerousness of persons convicted of violent crimes, 5856
Rorschach measures of object relations & thought organization assessed at 6–11 yrs of age, prediction of adjustment & rehospitalization, former patients at child residential center, 17–30-yr follow-up, 4807
satisfaction with relationship & individual investment & available alternatives, prediction of response to problems in romantic involvement, college students, 1063
seismic & solar geomagnetic variables, prediction of UFO reports, US, 1970–82, 13803
self efficacy vs behavioral measures, prediction of behavior after assertiveness training, female college students, results contrary to A. Bandura's findings, 10801
self fulfilling prophecy, implications for prediction in sociological research, 4678
self reported variability of trait anxiety & extraversion, prediction of anxiety & extraversion in specific situations, college students, 5666
social & family & child characteristics, actual vs predicted placement in foster care, abused children, 1750
social & psychological risk factors, prediction of suicidal behavior, children & adolescents, 8220
social pressures vs health status vs income, prediction of early retirement intentions, 46–66 yr old industrial workers, 13762
sociocultural & economic & demographic factors & alcohol consumption & availability, prediction of alcoholism, US, 10459
solar & seismic variables & luminosity events between 1849–1926, prediction of UFO reports, Europe, 1945–71, 13804
stepwise multiple regression & ANOVA, identification of factors predictive of pastors' openness to interaction with counseling service, 12533
subjective weighting of inventories of life events, prediction of depression, college students, 11729
task success vs failure & sex differences, attribution & prediction of future task performance, adolescents, 3213
topical knowledge & interest, prediction of listening comprehension, 1st graders, 9007
urban residential mobility, social integration & crime rate, 5847
victim characteristics & behavior, prediction of sexual assault prosecution outcome, defendants charged with sex vs other crimes, 5563
WISC-R & subtests, prediction of nonverbal learning, learning disabled 10.4–11.2 yr olds, 7012
Prediction Errors [See Also Type I Errors, Type II Errors]
perceptual & predictive errors & sources & means of removal from empirical data, attributional errors, 9277
prediction errors from misrepresentative language samples, criticism of findings of M. R. Marler, 2528
prediction errors from misrepresentative language samples, reply to criticism by G. R. Miller, 2526
Predictive Validity
Alcohol Use Inventory, prediction of drinking, male heavy social drinking college students, 9369
between assessor differences in overall ratings & validity of behavioral assessment, US Army recruiters, 13716
California Psychological Inventory scores & family background, prediction of GPA, 8th–12th graders, Greece, 6798
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
concurrent & predictive validity estimates, WISC-R & estimated learning potentials, White & Black & Mexican American 1st–8th graders, 2179
concurrent & predictive validity of revised Strong-Campbell Interest Inventory, prediction of college majors, college students, 6777
concurrent validity of Test for Studies in Pharmacy, prediction of academic success, pharmacy students, West Germany, 2409
construct & predictive validity of adaptive behavior assessment, mentally retarded 10–48 yr olds, 51
construction & predictive validity of Fear of Success Questionnaire, measurement of fear of academic success, college students, 2180
construction & predictive validity of questionnaire based on A. H. Maslow's need hierarchy theory, measurement of neighborhood social life satisfaction, residents, 7043
contribution of work sample items & items on self reported past & predicted grades, predictive validity of Orleans-Hanna Algebra Prognosis Test, 8th graders, 4407
cooperative standards, predictive validity of bargaining set in 3-person games, 5633
correlation correction formula for restricted range with violations of distribution & selection assumptions, validity of selection tests, 11640
cross-validation of equations predictive of assaultive behavior in hospital &/or community, mentally incompetent male felons vs involuntary mental patients with mean age of 31 yrs, 2543
demographic & situational factors, prediction of absence without leave, community mental health center inpatients, 6426
development of Vanderbilt Psychotherapy Process Scale, assessment of patient & therapist characteristics predictive of outcome, male college students with symptoms of anxiety & depression & introversion, 11705
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
generalized definition of suppression & conditions for suppressor structures in General Linear Model procedures, 2512

group heterogeneity & selection formulas, validity of spatial ability measures in prediction of achievement & orientation, technical school students, 6764
high school GPA & Scholastic Aptitude Test scores, bias in prediction of 1st semester GPA, Asian vs Hispanic vs Black vs American Indian college freshmen, 11311
judgmental procedures of R. L. Ebel vs L. Nedelsky vs W. H. Angoff in setting minimum competency cut-off scores on Missouri College English Test for admission to teacher education program, 4406
long range predictive & convergent & divergent validities of Scholastic Aptitude Test, medical school students, 4438
long term comparative validities of SRA Assessment Survey subtests & Dimensions of Self Concept subscales, prediction of achievement, secondary school students, 4397
measured vs own vs parents' expressed occupational interests at age 13, prediction of occupational entry, 18 yr olds, UK, 4464
methodological problems & interview strategy & criteria dimensionality & purpose of interview validity & reliability, female officers who interviewed 20–77 yr old female candidates for officers' school, 11365
Mortimer-Filkins test, prediction of recidivism rates, drunk drivers, 2478
normative data & construct & concurrent & predictive validity of Norbeck Social Support Questionnaire, 22–67 yr olds & graduate students, 7052
PPVT & Columbia Mental Maturity Scale & Auditory Discrimination Test & WISC Digit Span subtest & WISC-R Verbal Comprehension Factor, academic achievement prediction, impulsive vs reflective 1st graders, 2170
predictability of intelligence test performance, 9 & 10 yr olds, 2445
predictive accuracy of statistical vs actuarial models for evaluation of results on WAIS & Halstead-Reitan Neuropsychological Test Battery, lateralization of brain damage, brain damaged vs schizophrenic patients, 79
predictive probability distribution, validation of selection tests, 2505
predictive validity of Career Decision Scale, high school seniors, 13680
predictive validity of entrance tests, academic achievement, psychology students, Mexico, 6763
predictive validity of flight selection test, UK Royal Air Force pilot candidates, 9138
predictive validity of infant performance on Gesell Developmental Schedules, WISC-R Performance & Verbal IQ & PPVT & Wide Range Achievement Test scores at age 12, middle class males, longitudinal study, 2459
predictive validity of intelligence tests, infants, 11670
predictive validity of McCarron-Dial Evaluation System, prediction of future vocational behavior & earnings, psychiatrically disabled sheltered workshop workers, 7020
predictive validity of McCarron-Dial Evaluation System, prediction of residential status & income & vocational level attainment, psychiatrically disabled sheltered workshop workers, 7021
predictive validity of scoring systems for Social Readjustment Rating Scale, assessment of life stress factors & coping resources, 16–81 yr olds, 9351
predictive validity of Screening Test of Academic Readiness, incoming kindergartners, 11333
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, 11326
predictive validity of teacher ratings of creativity, students tested in 4th & 6th grade, 6780
predictive validity of V. Tinto's model of withdrawal, college students at residential vs community 2- vs 4-yr institutions, 13689
problems in prediction of outcomes of national football league games, implications for psychological research, 4827
scores on American College Test vs GPAs, prediction of performance on Florida Teacher Certification Examination, teacher candidates, 1995
sex & race, accuracy of high school GPA & Scholastic Aptitude Test scores in prediction of academic performance, Black vs White college developmental students, 11301
short term validity of demographic & affective & personal & cognitive factors, prediction of cheating on tests, community college students, 11285
subjective vs objective measures of alcohol dependence, relapse prediction, 18–60 yr old alcoholics, 2435
test construction based on self report of neuroleptic therapy experience, prediction of drug compliance, schizophrenic patients with mean age of 41 yrs, 9336
test-retest reliability & predictive validity of self assessed hand preference questionnaire, 6–8 yr olds, 7064
validity of Frostig Developmental Test of Visual Perception, prediction of skills needed for putting on shirt, adult stroke victims with left hemiplegia, 128
validity of G. H. Betts's Questionnaire Upon Mental Imagery, prediction of affluence, 9329
validity of locus & stability scores derived from S's causal ascriptions according to taxonomy of Weiner et al, 11864
validity of Personality Inventory for Children, prediction of response to methylphenidate, hyperactive 5–15 yr olds, 9387
validity of self explicated vs Huber-hybrid vs traditional conjoint vs hybrid conjoint models, prediction of preferences for health maintenance organizations based on multiple attitudes, 22–64 yr old community residents, 9197
validity of self reported confidence & rated importance of knowledge of research competencies & attitudes toward educational research as predictors of research quality & quantity, graduate & postgraduate education students, 4432
validity of subscales of Inventory of Learning Processes, prediction of college entrance examination scores & 1st-yr college GPA, liberal arts & science majors, Philippines, 11336
validity of Suinn Test Anxiety Behavior Scale, prediction of academic achievement, Lebanese high school students, 4428
validity of WAIS Information & Vocabulary subtests, prediction of self rated intelligence, college students, 2424

Predisposition

abnormal mental status exam, identification of risk for suicide, psychiatric residents, 8901
affective disorder & neuroleptic therapy, predisposition to tardive dyskinesia, 17–69 yr old inpatients, 6269
assessment of familial risks of psychosis & genetic counseling, literature review, 6325
assessment of program effectiveness, selection of parents at risk for parenting problems & child abuse, 8638
assortative mating & predisposition to & prevalance of mental illness in 1st-degree relatives & diagnostic concordance between patient & spouse, married inpatients with primary affective disorders & spouses, 3557
attention to mothers & appearance of having fun during interactions, high risk infants, 5704
Brazelton Neonatal Assessment Scale, recognition of infant capabilities & cues & parent-infant interaction, parents of hospitalized high-risk newborn infants, 6324
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
community based early intervention program, infants & toddlers to 3 yrs of age at risk for developmental deviation or physical or emotional impairment, 8668
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635
component analysis, Bayley Scales of Infant Development, high-risk infants at 92 wks postconceptual age, 121
computerized tomography scanning, identification of risk of post-traumatic epilepsy, patients with head trauma, 8287
court decisions on prediction & risk of violence & risk management, released mental patients, 8729
creativity & divergent thinking, allusive thinking, high school students & artists, Australia, implications for predisposition to schizophrenia, 3202
demographic characteristics & maternal mood & responsiveness to infant, perceptions of infant temperament, mothers of high risk developmentally delayed infants, 10143
demographic characteristics & risk for psychiatric impairment & need for mental health services, 17–92 yr olds, 10426
Developmental Education Birth through Two early intervention project, fine motor & social & language skills & subsequent student placement, at-risk & handicapped children with mean age of 16 mo & their parents, 2125
differential morbidity risk, offspring of schizophrenic mothers vs fathers, 8152
early intervention program planning, delayed development, high risk infants, literature review, 6089

early observation of disturbances in mother-child relationship, child abuse prevention, mothers during pregnancy & postdelivery, Italy, 6345
enlarged ventricles, premorbidity & onset of illness, 5–15 yr old psychiatric patients at risk for major psychopathology, 5806
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
era of deinstitutionalization & mortality rate & risk, psychiatric inpatients, 10993
evaluation of multidisciplinary prevention program, families at risk of poor parenting & child abuse & neglect, 6343
family history of affective disorder & alcoholism, 21–25 yr old male college students, implications for increased risk of mental health problems, 12758
genetic counseling in adoption program, identification of infants at risk for genetically caused mental retardation, 1699
genetic disposition & genetic association, schizophrenia & Stein-Leventhal syndrome, 55 & 56 yr old parents & their 18–23 yr old daughters, 3498
genetic markers of biological predisposition to primary affective disorders, 5834
genetic predisposition to psychological problems related to drinking, adult children of alcoholics, 10467
genotype & sex differences in hand preference & left vs right hand skills & developmental language problems, children more than 5 yrs old raised by 2 left-handed parents, 12392
histological determination of auditory & vestibular degeneration & occurrence prior to vs with seizure, audiogenic seizure prone 22 day old chicks, 7331
hypnosis, cancer prevention, at risk population, 10880
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
incidence & risk of specific physical diseases, patients with schizophrenia & affective disorder, 10439
involvement in social activities & smoking habits of parents & siblings & friends & attitudes toward smoking, risk of smoking, secondary school children, 1-yr followup, 3244
learning of high risk for premature heart disease, psychological stress response syndrome, 35–57 yr old males, 13028
limitations of normative assessments, high risk infants, literature review, 4725
lipid screening project for identification of coronary risk factors, behavioral response & subsequent cholesterol & triglyceride levels, medical students, 8618
long term exposure to organic solvents, cognitive & sensorimotor functions & risk of neuropsychiatric disease, industrial workers, 5713
magical ideation as indicator of schizotypy, college students, 1153
maintenance of community register, infants at high risk for hearing loss, 6353
marital status & social class, risk of alcohol-related hospital admissions, 25–64 yr old females, Finland, 11012
mental health outreach project, high risk parents & their infants, 1735
mental health treatment & preventive services, infants in severely disorganized families, 1745
mild conductive hearing loss due to otitis media, auditory & language & academic skills, children, implications for early identification of learning disabilities, 8334
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
morbidity risk for psychiatric illness for parents & siblings, patients with schizophrenia vs bipolar vs unipolar depressive vs schizoaffective psychosis, 5841
morbidity risks for depression among 1st- & 2nd-degree relatives, unipolar & neurotic-reactive depressives, 5799
multidisciplinary parent support group, prevention of child abuse, potentially abusive parents, 3868
multiple risk factor intervention, reduction of smoking & hypertension & serum cholesterol, 35–57 yr old males at risk for coronary heart disease, 8613
neuropsychological & psychometric characteristics, 28 yr old monozygotic female twins discordant for schizophrenic symptomatology, 5769
onset & behavioral characteristics & psychological symptoms & predisposing factors, deliberate self harm syndrome, 10495
personality & physiological response to verbal & acoustic & color stimuli, male duodenal ulcer vs hypertension patients, implications for identification of persons at risk, 1384
personality subgroups delineated from cluster analysis of Eysenck Personality Questionnaire, number of previous convictions &/vs type of offense, 14–17 yr old delinquents, partial support of H. J. Eysenck's theory of criminality, 8212
plasma fibrinogen & serum total & lipoprotein cholesterol screening, risk of coronary heart disease, 28–59 yr old air traffic control officers, 3736
platelet MAO activity distribution, college students, 2810
predisposition & self esteem & dependency & psychotherapy, depression, 3514
predisposition for alcoholism defined by parental alcoholism, WISC IQ, 12 yr olds, Denmark, 12911
predisposition to psychiatric disorder, children of parents with major affective disturbances, literature review, 10346
predisposition to suicide & suicide rate, psychiatric emergency room patients, 6 mo through 7-yr followup, implications for emergency room practice & compliance, 6357
prenatal & perinatal & neonatal risk factors, Ss with infantile autism, 10367
pretreatment alcohol consumption levels, posttreatment consumption & risk of relapse, 21–60 yr old male alcoholics, 4111
prevalence & stress & emotional support in etiology of nonpsychotic postpartum depression, females, literature review, 3524
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
preventive psychiatric intervention, predisposition to psychopathology, children of divorced & depressed parents, 6087
primary prevention of psychopathology & psychosis, children at high risk, 10928
protein synthesis inhibition via chloramphenicol & thiamphenicol, REM sleep & seizure susceptibility, kindled & nonkindled cats, 5190
psychiatric decompensation risk factors, elderly, France, longitudinal study, 1139
psychopathology of mother during perinatal period, cognitive & psychomotor & social & emotional development, children of neurotic-depressive vs schizophrenic vs personality disordered mothers, 2.5 yr longitudinal study, 1209
psychosocial stress & predisposing personality factors, development of cancer, 10565
risk for affective disorders, 1st degree relatives of 17–39 yr olds with anorexia nervosa vs 16–56 yr olds with bulimia vs 13–43 yr olds with both disorders, 10600
risk for major depression & anxiety disorders, relatives of Ss with major depression with vs without anxiety disorder, 10389
role of aging & genetics & pathology & stages of Alzheimer's disease & relationship to Down's syndrome, 3504
role of behavioral scientists, multiple risk factor intervention & hypertension prevention trials, 10700
rooming in for 1st 2 days following birth, interaction & child development, low income mothers at high vs low risk for child abuse & their infants observed between birth & 18 mo, 6427
scales of schizophrenia proneness & Phillips Scale of Premorbid Adjustment, measurement of anhedonia & ambivalence & perceptual aberrations underlying social functioning, schizophrenic patients, 7008
schizophrenic tendencies & verbal memory deficits, normal Ss, 3521
screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
screening & primary prevention programs, high risk neonates & families, 1475
SES, obesity & nutritional knowledge & self perception, mothers & their 2–14 yr olds, implications for prevention, 10589
sex & length of admission & diagnosis, risk of suicide, hospitalized psychiatric patients, 1783
social & demographic factors, suicide in cities, West Germany, 1229
social & demographic factors, suicide, West Germany, 1257
social & psychological risk factors, prediction of suicidal behavior, children & adolescents, 8220
somatic risks & sociocultural factors, language development & disorders, 2.9–3.3 yr olds, 8270
stability of negative recall bias & mood state, vulnerability to depression, medical students, 10295
stress & social support & maternal attitudes & interaction with children, depression, 15–19 yr old mothers, 10354
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044

structural equation model analysis, stability of competence, 30–48 mo olds at risk for mental disorder, longitudinal study, 5815
subtypes of left handedness & predisposition for particular subtypes of dyslexia, literature review, 1279
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
target S's sex & physical attractiveness, perceived risk for future susceptibility to mental illness, male vs female college students, 1200
theoretical view of personality dispositions as summaries of act frequencies, 3438
threat of redundancy, minor psychiatric morbidity, newspaper journalists, 3543
Type A behavior & social desirability & introversion, 17–39 yr old males with elevated systolic blood pressure, 8294
Type A behavior, assessment of coronary artery disease severity, patients with mean age of 53.7 yrs with vs without history of myocardial infarction, 1379
typological analysis of family & social situation & physical & psychological development, identification of risk groups, children assessed at 3 & 9 & 18 & 36 mo, 5291
unemployment & loss of work, mental & psychosomatic disorders, literature review, 5710
unemployment, risk of minor psychiatric morbidity, 16 yr olds, longitudinal study, 3512
validity & stability of measurement & use with at-risk groups & effect on caretaker-child relations, temperament, children, literature review, 12483
Vermont Vulnerable Child Project, community-based preventive intervention research, at risk children living with mentally disturbed parents, 6090
vestibular response & neurological & motor & cognitive functions, high risk 3–24 mo olds, implications for use of postrotary nystagmus test in developmental evaluation, 1120
vulnerability to & prevention of combat fatigue & shock, soldiers at war, Israel, 8116

Prednisolone
prednisolone, water intake & nocioception & locomotion & grasping responses & body weight, male rats, 3087

Preference Measures [See Also Least Preferred Coworker Scale]
Hand Test performance, differentiation of vocational types measured by Vocational Preference Inventory, female college students, 2477
nonmetric algorithm for internal unfolding analysis of preference matrix based on absolute value principles, 9408

Preferences [See Also Aesthetic Preferences, Food Preferences, Occupational Preference]
age & residence in district with tense vs harmonious race relations & mother's ethnic attitudes, ethnic preferences, White 3–7 yr olds, 8-yr followup, 5460
age & school enrollment & personal characteristics, preferences for part-time work, unemployed 16–24 yr olds, 5457
age & sex differences, preferences for colors black vs white, Black vs White 6 mo to 4.5 yr olds, 12424
age & sex differences, preferred information sources, 10–14 yr olds, 7783
age differences, listening preference for rhyme vs tone vs baby vs adult talk by mother, Down's syndrome vs normal infants at developmental ages of 9 vs 18 mo, 5901
aging, clothing preferences & needs, females age 65 & over, implications for education & clothing industry, 4602
arousal level, visual preferences, premature infants, 766
autoshaping, color preferences, adult pigeons, 9547
before vs after weaning, preferences for sibling vs mother, Dalesbred & Jacob twin lambs, 7318
benzeraside & 3-(cis)-carboxy-salsolinol, preference for ethanol solutions, alcohol-aversive mice, 9802
beverage color preferences & attitudes toward artificial food colors, consumers, 9205
bivariate theory of binary preferences under conditions of risk, 6921
caretaker predictions, Reinforcement Survey Schedule responses, 54–87 yr old psychogeriatric inpatients, 1824
cluster analysis, hand preference for motor tasks, 6–81 yr old right- vs left handed vs unclassifiable Ss, 12396
construction & validation of Moore Reading Attitude Scale, measurement of reading material preferences, college students, 2175
content preferences in books & TV, male vs female 4th & 5th graders, 1970–71 vs 1978–79, 878
degree of paternal caretaker involvement, preference for mother vs father, infants observed at ages 8 & 16 mo, Sweden, 5537
demographic correlates, landscape preferences, 8–67 yr olds, 12485
directional preference for horizontal hand movements, right- vs left-handed 4 yr olds, 3199
extraversion/introversion, preference for high vs low activity interpersonal vs noninterpersonal events, 60–92 yr olds, 3465
familiarity, popularity of names, 4841
forced work for food following nonwork vs work period, preference for work vs nonwork, rats, public welfare implications, 7246
goodness of view, preference for own vs another view in spatial perspective taking task, 4–6 yr olds, 5376
housing preferences, 63 day old miniature pigs, 7308
hue & brightness & saturation of color chips, judgments of pleasantness, college students, 7109
ideologic orientations as science fiction readers & writers, females, 741
inaccessibility to predators in sleeping site preferences, grouping patterns & social structure, baboons, 2746
individual differences, preferences for particular stimulus matches to begin sequence, pigeons, 342
individual preferences, involvement in special vs regular education, parents, 4355
interest in sources of lamb odor, ewes, 2715
language used in response to puppet speaking child's preferred vs nonpreferred language, bilingual vs limited 2nd language vs monolingual 41–69 mo olds, 9993
levo-amino acids, neural thresholds & chorda tympani nerve responses & preferences, male rats, 5084
masculine vs feminine tasks & performance expectancy, preferences for skill- vs chance-determined tasks, male vs female college students, 12718
mathematical model for simple appetitive learning & preferences for predictable rewards, 275
methylmercury intoxication, appetite loss & body weight & preference for dimercaptosuccinic acid antidote, rats, 12296
mobility channel preference & educational aspirations, 15–18 yr olds, Costa Rica, 5482
naloxone & fluid deprivation & open gastric fistulas, sugar/water preference & intake, male rats, 2938
news preferences, gratification from TV news, college students, 12333
obesity, soft drink flavor perception & preferences, 18–44 yr olds, 8291
pattern of announcement pause durations & information forms for 10-digit telephone numbers, subjective preference & memory, 20–60 yr olds, 6886
peer interaction & English language proficiency & language preference, Spanish-preferring 4 yr olds in bilingual preschool, 7714
perceived ideal vs actual classroom learning environment as measured by Individualized Classroom Environment Questionnaire, 7th–9th graders vs teachers, 4317
personal values & product class & brand preferences, consumer panel members, 9201
physique & evaluation of own body type, physique preferences for males vs females, postgraduate students, 3418
pimozide, secondary reinforcement in sign tracking & place preference tests, male rats, implications for dopamine mediation of reward processes, 3096
pollimeter, assessment of attitudes & perceptions of colors, Black vs White vs Asian vs Hispanic college students, 6981
preference for Christian vs secular counseling & between 4 Christian treatment approaches, conservative vs moderate Christians, 12516
preference for diazepam dose vs pentobarbital, drug dependent 28–63 yr olds, 12915
preference for ethnic homogeneity & programming, Japanese American vs Black nursing home patients & their families, 10989
preference for male vs female shapes, male vs female 16–30 yr olds, Jamaica vs Cayman Islands, implications for sexual symbolism, 3253
preference for mixed vs constant delays of reinforcement, male albino rats, 9559
preference for play with same vs other color peers during recess, Black vs White kindergartners, 5428
preference in 1958 vs 1971 for religious homogamy in marriage partners & friends, Catholic vs Protestants, 7862
preferences & values & self beliefs & life events, symptoms of strain, employed Ss, 12693
preferences for black vs white boxes & identification, Black vs White 5 yr olds, 5431
preferences for higher education programs designed for older students, older people enrolled in Senior Auditor's Program at University of Colorado & older community residents, 4268

preferences for oral &/vs sign language learning of English vs Spanish, preschool age deaf Spanish females, 1395
preferences, values to be cultivated in education, parents & students & teachers, 4213
preferred body posture & settings of adjustable work station, 18–56 yr old visual display terminal operators, 9181
preferred listening rate & comprehension, 34–68 yr old aphasics, 8336
preferred vs actual classroom environment, academic achievement, 8th & 9th graders, 6667
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
psychological commitment, postelection evaluation & preferences, voters, 1012
racial attitudes & preferences, self esteem, Black 3rd–6th graders, implications for construct validity of racial attitude measures, 7769
reading preferences in settings & characters & group interactions, Mexican American 7th graders, 6707
responses to sex typed behaviors of male vs female students, male vs female physical education student teachers, 1989
salience of relevant other, individual & joint preferences, graduate students & their household partners, 11495
sex & community & grade level, preferences for reading themes, 5th–7th graders, Canada, 5330
sex differences & teacher participation, preferred play activities, 4–5 yr old kindergartners, 9023
sex role stereotyped vs nonstereotyped stories, preferences & recall of story, 60–75 mo olds, 12381
similarity & preference judgments of jazz vs classical vs rock music, college students, 4887
simulation techniques, model for involving employees in decision making & determining housing & settlement needs & preferences, adults, US & Botswana, 9192
size & shape & orientation of stationary prey stimuli, prey catching response, toads, 12047
smoke-mixing apparatus, measurement of cigarette smoke nicotine content preferences, smokers, 4692
structural equation method used to evaluate 6 models, fertility & education & tastes & income & labor force participation, wives, 2488
syntactic structure vs string length, parsing preferences, alternative view to J. D. Fordor & L. Frazier's theory, 7656
temporal factors vs segmentation of interreinforcement interval, preference for unsegmented vs comparable segmented reinforcement schedules, pigeons, 7236
toxicosis via lithium, generalized conditioned flavor aversion, male rats, 7261
treatment expectations & preferred counseling style, involvement & retention in treatment service areas, low SES drug abusers in polydrug treatment program, 1889
validity of self explicated vs Huber-hybrid vs traditional conjoint vs hybrid conjoint models, prediction of preferences for health maintenance organizations based on multiple attitudes, 22–64 yr old community residents, 9197
vasopressin fragments, ethanol preference, Brattleboro homozygous diabetes insipidus rats, 3075
vicarious victory vs defeat through football game, preference for actual- vs image-of-power position, spectators, 12742
voluntary regulation of lighting in Skinner boxes, domestic fowl, 346
water temperature, water intake & pleasureability, dehydrated adults, 5147
wormlike dummy & background changes, fixating & snapping behavior, toads, 5016

Preferred Rewards

choice of immediate reward vs delayed reward of higher value, 3–5 yr olds, implications for validity as measure of delay of gratification, 7698
paired comparisons of monetary & material rewards, preferences, 1st vs 3rd vs 5th graders, 3263
pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103
variety vs novelty of material rewards, preferences, 5th graders, 3261

Preganglionic Autonomic Fibers [See Autonomic Ganglia]

Pregnancy

ability to obtain desired relevant information during encounters with obstetricians, lower vs middle vs upper class pregnant females, 10923
access to diets varying in fat vs carbohydrate vs protein content, body weight regulation during pregnancy & lactation, female golden hamsters, 9688
announcement & moratorium & focusing phases, pattern of development of subjective emotional involvement in pregnancy, 1st time expectant fathers, 3309
anxiety & hostility & depression during pregnancy vs after delivery, females delivered by Caesarean section vs vaginally, 8086
attitudes toward prenatal diagnosis process & reported stress, females with mean age of 36 yrs & their husbands after amniocentesis, implications for genetic counseling, 1707
attributional style & causal attributions for stressful events, 18–35 yr old mothers with postpartum depression who were vs were not depressed during pregnancy, 5747
birth order of nonsurviving children, subsequent contraceptive use in pregnancy interval, females, Iran, 10910
birth rates & sexual activity & abortion & illegitimacy & adoption rates, White vs Black adolescent females, 920
community mental health center program, guidance of teenage parents, 4032
conflict & perceived stress associated with working with pregnant colleague, clinical faculty & residents in medical school, 11113
denial of pregnancy & childbirth, 20–39 yr old females, 3985
denial of pregnancy, single females, implications for role of social workers, 4041
estradiol benzoate, vaginal membrane rupture & body weight, pregnant guinea pigs, 7575
evidence of phencyclidine in umbilical cord blood, neonates & drug dependent mothers, implications for pediatrics & juvenile law, 5866
excessive alcohol usage during pregnancy & use of drugs known to potentiate alcohol effects, congenital abnormalities of infants, 19–42 yr old mothers, 1412
gestation length, red howler monkeys, 2859
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
incidence of depression, drug dependent pregnant females, 8223
life events reported in 6th mo of pregnancy, obstetrical complications, 16–42 yr old females, 7484
loss of virginity & pregnancy as subcultural "rite of passage", adolescents, implications for Christian church, 3247
masturbation & feelings about masturbation & genitals & self concept, conception difficulties, couples seeking consultation, 6154
maternal symptoms & attitudes during pregnancy vs postpartum, development, mothers & their male vs female children, 7–8 yr followup, Sweden, 3149
mating & pregnancy & parturition, Jamaican vs Puerto Rican vs Cuban boas, 2855
paternal-fetal attachment behavior & marital relationship, expectant fathers, 12567
phase model of course of 1st pregnancy, females, 5299
pitfalls of emphasis on reducing teenage pregnancy as sex education rationale, 4270
pregnancy & educational programs in child development & child care, adolescents, 1998
pregnancy & lactation, reactivity to nest odors, female rats, 7456
pregnancy, ethanol preference, rats, 2764
presence of 2nd litter produced by postpartum mating & length of 2nd gestation, interaction of mother with 1st litter, Norway rats, 7297
problems & social program recommendations, unwed adolescent fathers, literature review, 4015
psychological factors, attitudes & feelings & conflicts during 1st pregnancy, females, 964
psychological meaning of pregnancy & fetus/infant, neonatal perceptions & mother-infant relationship & mothering behavior, mother & daughter pairs, 5523
reliability & validity of Attitudes Toward Pregnancy Scale, females in the last trimester of pregnancy, Italy, 11668
self report questionnaires on anxiety & depression & visual analog scales, detection of psychiatric morbidity, females with mean age of 26 yrs during pregnancy & postpartum period, 9321
sexual behavior & developmental issues & contraception & pregnancy & sex education, adolescents, 3218
time of conception & gestation length & tendency to foal at night & weight of foal & fetal membrane, mares & foals, 361
ultrasound production, pregnant rats, 5118

Prehension [See Motor Development]

Prejudice

associations & ascriptions of positive & negative characteristics in racial stereotyping, White college students, 10291

education & intercompany poaching & mobility & inter-race bias & technological exposure & sociocultural problems & successful company programs, advancement at work, Blacks, South Africa, 9141
importance of tolerance for ambiguity, elimination of racial prejudice, 8008
perceptions of Poland & prejudices against Poles, West Germany, 1951–75, 5490
social issues, negative attitudes toward Unification Church, 954
Preliminary Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
Premarital Counseling
premarital counseling & facilitation of parenthood decisions & family planning, clergy, 6381
premarital counseling, young adults, 8479
relationship enhancement program, self disclosure to partner vs friends vs acquaintances, premarital couples, 3890
suggested outline of Christian premarital sex counseling, ministers & counselors, 4043
Premarital Intercourse
attitudes toward extramarital & premarital sex, fundamentalist vs nonfundamentalist males vs females, 5600
loss of virginity & pregnancy as subcultural "rite of passage", adolescents, implications for Christian church, 3247
model of premarital intercourse & contraceptive use, female adolescents, literature review, 10087
Premature Birth
age at onset of social smiling, Sephardi vs Ashkenazi premature vs full-term infants, 747
age, pattern preference & visual acuity, neurologically normal vs abnormal preterm vs full-term infants, 6001
arousal level, visual preferences, premature infants, 766
behavioral & demographic correlates, prediction of negative attitudes toward their preterm infants, mothers with mean age of 26.1 yrs, implications for preventive intervention, 5545
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
component analysis, Bayley Scales of Infant Development, high-risk infants at 92 wks postconceptual age, 121
feeding efficiency, bottle-fed preterm 25–37 wk gestational age neonates, 13002
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
infant behavior & maternal psychological reactions & mother-infant interaction patterns, mothers & their premature infants, literature review, 992
intervention strategies, premature neonates, literature review, 6084
maternal life stress & social support & satisfaction with life & parenting, maternal attitudes & mother-child interactions, mothers & their premature vs full term infants, 958
neonatal development, preterm infants assessed from actual to expected date of birth, 3139
neonate birth order & age & sex & full term vs premature birth, tactile contacts in 1st days following birth, mothers & their neonates, 5543
planned intermittent human tactile contact, clinical improvement & behavioral changes, mechanically ventilated short gestation infants, 10911
Premenstrual Tension
past & current psychosocial experience, 23–44 yr old females with severe premenstrual tension, 10632
phenomenological analysis, perceptions of self & time & environment during premenstruum, females, 5134
Premorbidity
demographic characteristics & premorbid factors & motives & family background, mentally ill vs non-mentally-ill arsonists with vs without mental deficiency, 12761
enlarged ventricles, premorbidity & onset of illness, 5–15 yr old psychiatric patients at risk for major psychopathology, 5806
factor analysis of Zigler-Phillips Social Competence Scale, measurement of premorbid social competence, schizophrenics, criticism of analysis by E. Zigler & J. Levine, 150
precipitating factors, voluntary vs involuntary commitment, 15–80 yr old psychiatric patients, 6432
premorbid adjustment & recent symptomatology, 18–41 yr old schizophrenics from families with high vs low levels of expressed emotion, 12841
premorbid alexithymic personality traits, onset of psychosomatic vs physical vs psychiatric disorder, males, 5707
premorbid social functioning, treatment outcomes, schizophrenics, literature review, 6097
prepsychotic antecedents of delusions in schizophrenic psychoses, 8113
psychological characteristics before vs after surgery, replantation patients, 6337
recovery & relapse, concurrent major depressive disorder & chronic minor depression, adult patients, 2-yr posttreatment followup, 10380
scales of schizophrenia proneness & Phillips Scale of Premorbid Adjustment, measurement of anhedonia & ambivalence & perceptual aberrations underlying social functioning, schizophrenic patients, 7008
stability of social competence factor, various populations of schizophrenics, reanalysis of data of E. Zigler & J. Levine, 10435
validity of regression equations, estimation of premorbid IQ from demographic data, brain damaged patients, 1335
Prenatal Development [See Also Embryo, Fetus, Prenatal Developmental Stages]
acoustic stimulation at 500 vs 1500 vs 3000 Hz, site of receptor damage in basilar papillae, chicks at embryonic day 20 vs postnatal day 10 vs 30, 7427
fetal alcohol syndrome, implications for prevention & treatment, 10598
fetal-material communication as model for mother-child communication & psychopathology, 3483
gestational age & intrauterine growth & sex & postnatal growth rate, age of appearance of visually directed prehension, infants up to 4 mo of age, 3190
in utero contiguity to male littermates, onset of testosterone propionate-induced sterility, female rats, 506
in utero ethanol exposure, prenatal & postnatal development & decline of ethanol tolerance, mice, 12309
intrauterine growth & gestational age, psychomotor development, infants at 4 vs 8 vs 12 vs 18 mo, Brazil, 3189
irradiation during fetal vs neonatal period, electrocorticogram, adult vs aged mice, 7501
marginally vs severely zinc deficient diets in utero & during neonatal period, brain development & passive avoidance learning, mice, 12184
maternal digestive processes & vocalizations in intrauterine sound environment, fetal lambs, 5039
maternal iv ethanol, umbilical vasculature collapse & hypoxia & acidosis in fetus, monkeys, implications for mental retardation in fetal alcohol syndrome children, 669
perinatal methadone & heroin, delayed development, infants, 8182
posture & emergence of spontaneous fetal motility, 12 wk longitudinal assessment, 12365
pre- & post-hatching vocalizations, hens & their chicks, 12064
pre- & postnatal malnutrition, body weight & sexual development & behavior & blood sugar levels, rats, 2930
prenatal & natal & postnatal symptoms, institutionalized mentally retarded children, 5914
prenatal & neonatal administration of cimetidine, hypoandrogenization in adult life & development of androgen-dependent tissues & testosterone, male rats, 610
prenatal & perinatal & neonatal risk factors, Ss with infantile autism, 10367
prenatal alcohol exposure, acquisition of avoidance conditioning, rats, 3076
prenatal alcohol exposure, cognitive behavioral deficits & physical defects, evaluation of secondary effect & dosage & segregational hypotheses, 3730
prenatal ethanol exposure, neuromotor development & response inhibition, rats, 3026
prenatal ethanol exposure, plasma corticoid stress response, rats, 3104
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
prenatal exposure to cigarettr smoke & nicotine, development & avoidance acquisition, rats, 3003
prenatal exposure to levo-acetylmethadol, unconditioned & conditioned behavior, rats, 3052
prenatal lead exposure, cognitive & behavioral development, children, ongoing prospective study, 13057
prenatal maternal ethanol dosing, delayed development & abnormalities, infant pig-tailed macaques, model of fetal alcohol syndrome, 12248
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046

prenatal nicotine, biological changes in male vs female offspring, rats, 675
prenatal phenobarbital, body temperature & function of dopamine receptors following apomorphine administration, mice, 12290
prenatal stimulation of familiar vs alien sound, postnatal heart rate & emotionality, ewes & lambs, 4988
prenatal stress, 5-HT & 5-hydroxyindoleacetic acid & norepinephrine levels in brain regions & plasma corticosterone levels, rats, 2934
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
reproductive behavior & physiology, female offspring of prenatally stressed vs normally handled female rats, 9714
trends in perinatal health policy, UK, 6335
undernourishment during prenatal period & lactation, postweaning food & water intake, rats, 7489
undernutrition during prenatal period, subsequent weight gain, male rats, replication of study by G. P. Ravelli et al, 9726
Prenatal Developmental Stages [See Also Embryo, Fetus]
prenatal alcohol exposure, cognitive behavioral deficits & physical defects, evaluation of secondary effect & dosage & segregational hypotheses, 3730
Preschool Age Children
ability to distinguish meaningful vs anomalous literal vs metaphorical comparisons, 3–6 yr olds & college students, 858
ability to segment utterances into units & construct narrative stories, 4–9 yr olds, 5349
ability to understand others' beliefs & prediction of their actions & understanding of deception, 3–4 vs 4–5 vs 5–6 vs 6–9 yr olds, 7705
abnormal or rough handling, periosteal thickening of long bones, children with mean age of 1.2 yrs, 1272
achievement & intelligence test-retest performance, 5–16 yr olds with leukemia or solid tumors, 1-yr followup, 3762
acoustic reflex measurement with vs without airtight sealing, 5–31 yr olds with normal hearing vs C-type tympanogram, 6311
acquisition criteria & model's statements & activity requested from Os, conservation learning when modeled judgments not supplemented with justifications, 5.9–7.5 yr olds, 9966
acquisition of language routines, 1–10 yr old Cakchiquel speaking Indians, Guatemala, 10025
acquisition of noun pluralization patterns in Hebrew, 1.8–2.8 yr olds, 834
acquisition of semantic knowledge & efficiency of memory processes, preschool age children, 7729
activity charts vs target setting vs suggestion teaching methods in home-based training scheme, skill learning, developmentally delayed & Down's syndrome 5–45 mo olds, 6189
activity level & temperamental factors & intelligence, hyperactive vs nonhyperactive preschoolers, 10634
adult proximity & meal serving style, mealtime language & eating behavior, 2.5–4.6 yr olds in day care setting, 10032
age & cognitive development factors & experiences with death or separation or divorce, conceptions of death & personal mortality, 5–10 yr olds, 3248
age & cross cultural differences, ability to construct geometric patterns of varying complexity, 3–6 yr olds, Nigeria vs Canada, 3188
age & developmental level & caregiving history, attachment, 6–30 mo old polymatrically reared Gusii infants, Kenya, failure to find evidence for sensitive phase for imprinting in humans, 10079
age & family structure & gender, self concept, Head Start 3.4–6 yr olds, 7788
age & labeling vs story telling task, increased vocal intensity in presence of noise, 5 vs 20–55 yr olds, 5337
age & length of US residence, food preferences & intake, Vietnamese children less vs more than 6 yrs of age, 12385
age & predictability of imitative & contraimitative responses by confederate, imitative behavior, kindergartners through 3rd graders, 3254
age & residence in district with tense vs harmonious race relations & mother's ethnic attitudes, ethnic preferences, White 3–7 yr olds, 8-yr followup, 5460
age & school achievement, frequency judgment accuracy, normal achieving kindergartners vs 2nd vs 3rd vs 5th graders vs 2nd & 3rd grade learning disabled & low reading vs low math achievement students, 3647
age & sex & handedness & disadvantaged life circumstances, patterns of choosing objects according to formal aspects, children younger vs older than 5 yrs, test of I. Hermann's findings, 12421
age & sex & race & weight, beliefs about causality & responsibility for obesity, nursery school children vs 1st vs 5th graders vs college students, 8307
age & sex, aggressive behavior, clinic-referred vs normal 3–13 yr olds, 10486
age & sex differences, identification of source of message inadequacy in ambiguous listening task, 3–6 yr olds, 5374
age & sex differences, preferences for colors black vs white, Black vs White 6 mo to 4.5 yr olds, 12424
age & situational factors, helping behavior, kindergartners through 4th graders, 5442
age & spontaneity of emotional facial expressions, recognition, 4–5 yr olds vs adults, 5295
age & texture-density cues of rotating figures, perceived depth & shape constancy, 3 vs 4 vs 5 vs 21 yr olds, 12433
age & type of task, performance on hierarchical conceptual relationships tests, 5–9 yr olds, verification of E. Rosch's theory, 3206
age, ability to complete story, 4 vs 5 yr olds, 12458
age differences, ability to distinguish real vs apparent object properties, 3–5 yr olds, 811
age differences, auditory EPs, 3–16 yr olds, 7692
age differences, comprehension & production & judgment of requests, language-impaired 3.5–9 yr olds, 4364
age differences, coordination of visual perspectives, 3–5 yr olds, 12410
age differences, divergent vs convergent reasoning categories, preschool students, 7730
age differences, perseveration & selective use of information in search behavior, 9 mo through 4 yr olds, 7755
age differences, right & left hand skill development, right vs left handed 4–9 yr olds, 7701
age, emotional attachment to objects & sucking habits 1.5–7 yr olds, longitudinal studies, 3240
age equivalent values for PPVT vs PPVT-R, 3.5–4.5 yr olds, implications for diagnosis of language disorders, 2414
age, interpersonal spacing toward adult caretakers vs playmates, 6–60 mo olds, 3212
age of child, maternal speech characteristics in book-reading context, mothers & their 1.5–6 yr olds, 1000
age, self & ethnic external & social & internal attributes, Jewish kindergartners vs 2nd graders vs college students, Canada, 12461
age, sex-stereotypic knowledge, 3–3.5 vs 3.5–4 vs 4–4.5 vs 4.5–5 yr olds, 901
age, understanding of social situations observed on videotape, 5–8 yr olds, 5334
aggressiveness & noncompliance & antisocial behavior, 5–14 yr old males vs their biological fathers, 8233
ambiguous vs informative referential communications & contextual information, judgments of functional acceptability of communications, 4–6 yr olds, 789
amount of goal information & temporal structure, story recall, 4–5 yr old preschoolers vs 1st graders, 9976
amount of schooling, pressure to conform & cultural complexity, 4–12 yr old members of 186 separate cultures, 10097
analysis of changes in pronunciation of stressed vowel in speech sample, male at 4.4 & 5 & 5.5 yrs old, 9990
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
attention/reflection & punishment of thumbsucking, trichotillomania, 3 yr old female, 8495
attractiveness & sex typed characteristics of novel toys, toy preference & exploration time, male vs female 42–75 mo olds, 10067
audio feedback system, head control, profoundly retarded multiply handicapped 2–16 yr olds, 8523
automatic vs purposive semantic processing of auditory information, language/learning disabled 10 yr olds vs normal 4 vs 10 yr olds, 5893
behavior modification program, bladder & bowel continence, developmentally retarded 2.7–3.8 yr olds functioning within profound range of mental retardation, 10811
behavioral context of Early Social Communication Scales, assessment of social development & communicative competencies, 0–30 mo olds, 11713
behavioral observation assessment of social competence & adjustment, lower income Black 3.8–4.8 yr olds, replication of work by M. Shure et al, 3250
behavioral parent training, children's behavior problems & self help skills, single mothers of physically handicapped 4–10 yr olds, 10771
behavioral speech therapy, changes in phonological system, misarticulating 3.8 yr old male, longitudinal study, 1682

behavioral treatment, fecal soiling, 4 yr old female, 8501
bidirectional influences between parents & children, compliance & attachment, male 2 yr old twins &/vs singletons & their parents, followup at age 9, 7888
brief parent training, application of behavioral procedures to instruction & child learning of intellectual skills, parents & their 2.5–5 yr olds, 1553
brightness & bulb size of pairs of partially synchronous lights, interference in comparisons of duration of burning times, 4–5 yr olds, 833
broad frequency response transducer, estimation of sound pressure level & audiometric thresholds, 5–18 yr olds, 4697
canonical sentence form & word order & inflectional perceptual strategies, comprehension of simple transitive sentences, English vs Italian vs Serbo-Croatian vs Turkish speaking monolingual 2–4.4 yr olds, 5399
card sort technique, study of animistic thinking, 5 vs 7 vs 9 vs 11 yr olds, 9946
characteristics of adult speech, language development, 2 yr olds, 790
child abuse &/vs neglect, language development, children with mean age of 47 mo, 1226
child- vs adult-generated cues & typicality, performance on cued recall task, kindergartners vs 3rd vs 6th graders, 3158
childrearing practices & attitudes, mothers of 31–60 mo olds from economically depressed areas, Jamaica, 7883
choice of immediate reward vs delayed reward of higher value, 3–5 yr olds, implications for validity as measure of delay of gratification, 7698
chronological & mental age & flexibility in play &/or nonliteral object use, problem solving, preschoolers with mean age of 56 mo, 9954
circumstance & type of bid & sex of child, responsiveness of caregivers, 24–30 yr olds from low income families in day care, 3302
classification skills, developmentally delayed vs mentally retarded preschool age children, 12982
clinico-psychological examination, infants & children up to 3 yrs of age with borderline psychic disturbances at neurotic level, 3547
cluster-analytic typology based on IJR Behavior Checklist profiles as alternative to clinical diagnostic classification, 4–17 yr old patients with behavior & other disorders, 3492
cognitive ability & behavior, physically abused vs nonabused 3.9–5.7 yr old males, 1237
cognitive development level, figure drawing ability, preschoolers & elementary school children, 5389
cognitive processes during task completion, 5–6 yr olds paired with peer vs adult, 9952
cognitive separation of response set components & coordination with task relevant information, hypothesis testing, preschool vs 2nd grade children, 12442
color vision testing for early detection of congenital color deficiencies, 4–6 & 6–13 yr old color normals & 5–11 yr old color defectives, 1445
Colorado Adoption Project, nature-nurture contribution to cognitive development, adopted children under 7 yrs old & their biological & adoptive families, longitudinal study, 5388
common & personal components of cognitive dictionaries assessed through word associations, 3–85 yr olds, 5383
common etiology & possible transmission from parents, tics & night crying & sleepwalking & night terrors, 3 yr olds, followup at age 8, 8328
communication skills, cognitive development, preschoolers, 5397
community based early intervention program, infants & toddlers to 3 yrs of age at risk for developmental deviation or physical or emotional impairment, 8668
community self help program, construction of play materials for enrichment, 2.5–6 yr olds, Thailand, 6593
community-based daycare centers vs group daycare homes, caregiver-child interaction & social participation, 4 yr olds, 3303
complexity of maternal verbal output, verbal performance, 20–24 mo olds, 7756
complexity of sentences, comprehension of sentences containing preposition "between", 3–6 yr olds, 12406
comprehension & recall of visually presented stories, 2.5–12 yr olds, 9948
comprehension & utilization of pluperfect tense, 4–10 yr olds, 5356
comprehension of positive vs negative prepositions, 3 vs 4 yr olds, 9937
comprehension of temporal function word in control of sentence, 4–5.6 yr olds, implications for semantic-feature hypothesis of E. Clark, 3182
comprehension of transitive & intransitive verbs & sentence structure, 3–6 yr olds, 9953
comprehension of word-object relationship, mono- vs bilingual 4 & 5 yr olds, 7747
comprehension vs production of agent-action-patient word order, 23–31 mo olds at Stage I in language development, 5392
computed tomographic brain scan findings, 2–22 yr olds with infantile autism vs mental retardation vs childhood psychoses, 3536
concept codability & frequency of concept's label, picture-naming latency, kindergartners through 3rd graders vs graduate students, 5350
concrete objects & pictures & verbal instruction, development of arithmetic operations, 4–6 yr olds, 3166
concurrent validity, Rorschach interpretations, 3.6–6.7 yr olds, 97
conditional statements in spontaneous speech, 2.1–7.3 yr olds interacting with siblings, 836
conservation of number tasks, use of matching & counting in equivalence judgments, 4.5–5.5 yr olds, 818
consideration of need in allocations & justifications, preschoolers, 7676
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
consultation services of infant mental health program, evaluation & treatment of custody cases, families & their children up to 3 yrs of age, 1732
convergent & discriminant validity of Iowa Social Competency Scale, 3.3–6.6 yr olds, 2483
counseling child rape victims, chaplains, 6379
counting skills & number conservation development, kindergartners & 1st graders, 12394
criterion-related validity of Minnesota Child Development Inventory, 30 mo olds, 11682
criticism of goals of language programs, disadvantaged preschoolers, 2102
cross cultural differences, child abuse, abused Chinese Canadians with mean age of 3.1 vs Canadian Indians with mean age of 2.6 vs Anglo Canadians with mean age of 2.8 yrs, 12928
day care & maternal attitude, intellectual & social development & mother-child emotional attachment, preschool children of working mothers, literature review, 3145
day care, exploratory behavior & mother-child attachment, 3 yr olds, 5463
day care, review of studies & suggestions for future research & impact on cognitive & emotional & social development, infants & preschool age children, 5286
deafness & age, recognition of facial expressions of emotion, normal vs deaf 5–17 yr olds, 6027
degree of difficulty of sentences using "ask" vs "tell", 5–6 yr olds, 838
demographic characteristics & presenting problems & intervention, preschoolers to adolescents referred for psychological assistance in community based health care facility, 8679
description of motor behavior during interaction, parents & their 1.5–4.3 yr olds, 7870
description style in referential task, child's communication task performance, 4 yr olds & their mothers vs teachers, Japan vs US, 3187
descriptive mental growth curve, 1–16 yr olds with Down's Syndrome, 12971
design considerations & effectiveness of lightpen as means to interact with computer, children with mean age of 5.2 vs 10.8 yrs, 11554
detection of logical inconsistency between premises & conclusions in stories, 5 vs 6 vs 7 yr olds, 12457
development & maintenance of motivation for discrimination-classification game, normal & mentally retarded 5 & 6 yr olds, 5924
development & standardization of Piagetian-based Moral Development Scale, kindergartners through 7th graders, 2444
development of causal reasoning about social &/vs physical phenomena, 3 yr olds to adults, literature review, 7700
development of compensatory language programs, preschool age children, 2030
development of conservation concept, object &/vs relation fractions, 4–12 yr olds, 9998
development of conservation of number & mass & volume, rural vs urban 5–7 & 10–12 yr olds, India, 5341
development of dichotic ear asymmetries & handedness, school achievement, males evaluated in kindergarten & 2nd & 5th grade, longitudinal study, 3168
development of friendship conceptions, 4–7 yr olds, 7675

development of interpretative & relational & projective competencies, communicative functions & strategies, male vs female 2–5 yr olds in daycare, 7 mo longitudinal study, 5303
development of Matson Evaluation of Social Skills with Youngsters rating scale, 4–18 yr olds, 11698
development of metacognitions about self control strategies, 3.4–11.9 yr olds, 7689
development of norms for House-Tree-Person & Draw-an-Animal tests, 5–13 yr olds, Spain, 4743
development of primitive reflex & postural adjustment assessment procedure, identification of neurodevelopmental delay, mentally retarded neurologically handicapped vs emotionally disturbed 3–10 yr olds, 8077
development of social-cognitive play behaviors, 2 vs 3 vs 4 yr olds, 7809
development of stability of mathematics concepts, 3–11 yr olds, 3163
developmental delay in establishment of cerebral dominance, autistic vs mentally retarded vs normal 4.9–17.2 yr olds, 3490
Developmental Level vs Developmental Quality systems of scoring Rorschach Test, measurement of cognitive development, 5–16 yr olds, 4788
developmental rate, types & number of clauses & use of past tense & conjunctions in story-telling task, normal 4 vs 5 yr olds vs educationally subnormal children with MA of 5 yrs, 1 yr longitudinal study, 10525
developmental stage approach vs nonverbal mode of questioning approach, recall & comprehension of TV commercials, 4–5 yr olds, 3183
dexamethasone suppression test, 5–12 yr olds with major depressive disorder, 5759
diagnostic classification, emotional adjustment reactions, 5–14 yr olds, 12898
dimensionality of spatial stimuli, coordination of perspectives, kindergartners & 2nd vs 4th vs 6th graders vs college students, 7722
dimensions & stability of behavior, 3–4 yr olds, longitudinal study, 779
direct vs indirect forms of requests, development of social influence patterns, 41–52 mo vs 54–66 mo old males vs females, 7819
directional preference for horizontal hand movements, right- vs left-handed 4 yr olds, 3199
discontinuation of low-phenylalanine diet at 5 yrs of age, results of neurophysiological & psychological & nutritional evaluations, children with classic phenylketonuria tested from 4–6 yrs of age, 8333
disjoint sets, perception of correspondences & numerical differences, 4–8 yr olds, 823
display vs occlusion of detail in 3-dimensional stimulus array, detail in drawing, 4–6 yr olds, 7720
distance &/vs location cues, recall of learned arm movement, 5.9 vs 8.6 vs 12.5 yr olds, 7718
dyadic language interactions during play, preschool age deaf vs hearing children, 5997
ear advantage in dichotic speech perception, 5 vs 7 vs 9 yr old male stutterers vs non-stutterers, 3664
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
early disturbances of waking-sleeping rhythm, subsequent sleep disorders, 2–15 yr olds, 13074
early intervention, maternal & child development, comments on study by D. T. Slaughter & its methodology, 12466
early intervention, maternal & child development, comments on study by D. T. Slaughter, 12472
early lexical acquisition, language-impaired 2.7–4.2 yr olds, 5931
educational placement & drug utilization & SES & age, prediction of perceptual motor development, hyperactive 4.2–12.5 yr olds, 13005
effectiveness & generalization of parent advice package, restaurant behavior, preschool age children, 1552
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817
elevated blood lead, slow cortical potentials, 35–59 mo olds, 2-yr followup, 13065
emergence of front & back vowels, female at 17 & 29 mo of age, 793
emotional & physical challenge, change in blood pressure & heart rate, Type A vs Type B 3–6 yr old males, 12383
empathic responding, preschool children of battered mothers, 5859
enlarged ventricles, premorbidity & onset of illness, 5–15 yr old psychiatric patients at risk for major psychopathology, 5806
environmental organization & operativity, memory for environmental layout, 5–9 yr olds, 9970
epidemiology & associated handicaps & mental retardation & sociopediatric circumstances, 4–16 yr olds with cerebral palsy or spina bifida cystica or other motor handicaps, 8072
epidemiology of neurological abnormalities, neurologically deviant vs normal newborns, 4-yr longitudinal study, 3765
errors in copying angles, 5 yr olds, support for distortion by angle bisection, 3161
estimation of length of line on vs perpendicular to axis, kindergartners, 3194
evaluation & assessment, hearing impaired bilingual Hispanic preschoolers, 13016
evaluation of program for early identification of hearing impairment, 5 yr olds, Sweden, 10603
examination of hypotheses, facilitative effects of imitation on lexical acquisition, 1.3–2 yr olds, 9988
existence & nature & extent of long term neuropsychological dysfunction, 4.3–20 yr olds with acute cerebellar ataxia, 1398
experience with children, voice pitch when addressing infant or small child, 21–30 yr old parents vs nonparents, 5267
exposure frequency to novel foods, food preferences, 2 yr olds, 7668
exposure of fathers to Agent Orange in Vietnam, sensory integration level, 4–8 yr olds, 1332
exposure to soft vs hard vs wheeled toys, play & self stimulatory behavior, autistic & other severely dysfunctional communication disordered 5.3–7.4 yr old males, 5835
exposure to stereotypic book, choice of sex-stereotypic toy, 2–5 yr olds, 12463
expressed fears of & identification with animals, 5 yr olds, 10038
factor structure, Bruininks-Oseretsky Test of Motor Proficiency Short Form, 4.5–14.5 yr olds, 9290
factor structure of body scheme, 4–5 vs 9–11 yr olds, 5281
factors affecting attendance at primary health care clinics, 10 mo to 5 yr olds, Nigeria, 3980
family characteristics, prediction of outcome of parent training in skill teaching & behavior-problem management, parents with retarded 3–13 yr olds, 1554
family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
family SES & maternal age at time of delivery & psychosocial problems in etiology, child abuse, children under age 5 yrs & mothers, 8228
feedback, adjustment of speech, 3 vs 5 yr olds telling stories to doll vs adult, 7825
feeding process & nutritional needs, handicapped infants & preschoolers, 10325
fine motor skill development, performance consistency of rod placement, 8 mo longitudinal study of 12 mo olds & cross sectional study of 18–22 vs 26–30 vs 36–40 mo olds, failure to support modular theory of motor skill, 9996
food additives & hyperactivity, preschool age children, need for controlled studies, 10644
food intolerance & hyperactivity, preschool & school age children, need for improved methodology, 10645
free play activities, 3–4 yr olds in high vs moderate vs low quality daycare centers, 13340
free play with playground apparatus, upper body muscular endurance, 49–83 mo olds, 12376
frequency & type of fantasy in maternal speech, mothers & their 12–27 mo olds, 976
function cues, judgment as chairs of objects on which one could sit, 3–5 yr olds vs college students, 9945
gender & sex role identification & adult attitudes, ethnic & language attitude formation, nursery school through 6th grade bilingual students enrolled in French-language schools, Canada, 7818
generalized imitation paradigm & reinforcement, instruction-following behavior, mentally retarded 5 yr old, 8496
generosity, kindergartners to 5th graders, cross sectional & longitudinal data, 7781
genetic & environmental influences, development of Piagetian logico-mathematical concepts & other cognitive abilities, 4–8 yr old monozygotic vs dizygotic twin pairs, 9969
geographic distribution & need for & availability of mental health services, 5–17 yr old military dependent children, 10951
geographical dialect & general developmental processes & individual variability, acquisition of fricatives, 3 yr old monolingual Spanish-speaking children, 9963

gestures & linguistic sophistication, responses to "what" questions, 1.3–1.5 yr olds, 9938
goodness of view, preference for own vs another view in spatial perspective taking task, 4–6 yr olds, 5376
grammatical & semantic use of noun phrases in narratives & achievement of textual coherence, 2–5 yr olds, 791
group home Placement Evaluation Program, evaluation of developmental needs, 4.3–12.8 yr olds, 10969
group play therapy, 4.5–5.3 yr old male stutterers, Japan, 6-mo & 5-yr followups, 10898
GSR under various functional conditions, preschool age children, 3151
handedness & age, development of intelligence & language & visuospatial ability, under 60 mo vs 60–96 mo vs over 96 mo old autistic females, 10438
head-holding procedure, eye contact, developmentally delayed 3 yr old male, 1562
health behavior, preschool age children, conference proceedings, 5287
hereditary sensory neuropathy, 4 yr old male & 9 yr old female, 6038
high vs low friendship, gaze & mutual gaze during conversation, 39–63 mo olds, 7795
high- vs low-dosage of methylphenidate, 5–15 yr olds with attention deficit disorder with vs without hyperkinesis, 13300
high-pass masking vs conventional methods, determination of bone conduction thresholds, 5–62 yr olds with low-frequency hearing loss, 1410
home environments, behavior & intelligence & expressive language & motor development, 4 yr olds with minor congenital anomalies, 10318
home vs laboratory setting & sibling presence & task structure & day of week, mother-child interaction, mother-child pairs with mean child age of 4.9 yrs, 10157
home-based speech therapy, 2.5–3.5 yr olds with delayed language development, 1687
hospital visiting program, prevention of anxiety & emotional complications upon admission, kindergartners, 6439
imaginative play & role of caregiver, development of oral language, preschool age children, 10028
imaginative play training, prosocial behavior & creativity, institutionalized 3–6.2 yr olds from deleterious home environments, 4085
imipramine or amitriptyline, clinical response, depressed 4–16 yr olds with cancer, 13294
implied vs explicitly stated nouns in 1- vs 2-noun sentences, comprehension of surface & deep structure subjects, 4.1–6.2 yr olds, 862
importance of learning childrearing skills to foster character development in children, parents of preschool children, 3305
inadequate level of difficulty of WPPSI, gifted 4–6 yr olds, 4759
inappropriate conservation judgments & Ss' confidence in response, 5–11 yr olds, findings contradictory to Piaget's theory, 9971
inappropriate word extensions in spontaneous speech, language disordered 2.7–3.3 yr olds, 3662
incidence of behavior problems, adopted 3.8–15.4 yr olds, 8225
incidence of conduct disorder & affective illness, 5–47 yr old offspring of Huntington's disease patients, genetic counseling implications, 10313
incidence of early abuse & neglect, subsequent failure in adoptive placements, 3.6–14.8 yr olds in psychiatric consultation, 5877
incorporation of echolalia into task, acquisition & generalization of receptive labeling, echolalic vs functionally mute autistic 3–14.7 yr olds, 1568
individual & age differences, suggestibility, preschoolers vs 1st graders, 5415
individual age & age interval & sex composition of sibling dyad & number of toys & presence of mother, sibling interaction, 1.5–2 & 2.5–5.5 yr olds & their mothers, 7876
individual differences in mental development, monozygotic vs dizygotic twins, 15-yr longitudinal study, 5409
individual state legislation mandating special education to preschoolers & development of certification standards for teachers of preschool special education, 6753
individual therapy & treatment of parents & grandmother, effeminate behavior, 5.5 yr old male, 13169
inference, memory for prose, kindergartners & 2nd graders, 10020
instructions to retrieve mediator from interactive pictures of paired associates, recall of paired associates, preschoolers & kindergartners, 5390
integration of gross motor training into early childhood curriculum, 8982
intellectual development, left- vs right-handed preschool children with orthopedic disabilities, 10-yr longitudinal studies, 10545
intelligibility of words spoken to adults vs 1.8–3 yr old children, college students, implications for children's speech perception studies, 9943
interpersonal & noninterpersonal behavior, 3–32 mo olds with failure to thrive, 3747
interpersonal dynamics & individual differences, frequency & nature of games & conflicts, dyads of females from 22 to 25 mo old, 7812
interrater reliability of behavioral ratings of own vs unknown 4.5–6 yr old, parents, 4667
interrater reliability of Southern California Postrotary Nystagmus Test, 4–5 yr olds with mental retardation or communication disorders or neurological or hearing impairment, 145
intrinsic task motivation, 5.5–10 yr old rewarded actors vs Os, 7805
judgments of vocal affect, language delayed 5–11 yr olds, 3660
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father, 3.5–11.5 yr olds, Israel, 12480
knowledge & orientations toward medicines vs abusable substances, urban kindergartners through 6th graders, 5289
knowledge of answer to question to be relayed, relaying vs answering of question, 5.5–9.9 yr olds, implications for apparent errors in interpretation of directives "ask" vs "tell", 853
knowledge of diabetes & locus of control, diabetic control, 5–19 yr old insulin-dependent diabetics, 3711
knowledge of placement privileges of auxiliary verbs in yes-no questions, 2.4–5.5 yr olds, 5371
La Trobe Twin Study, genetic effects in cognitive abilities, 3–15 yr old twins vs their siblings vs cousins, 12-yr longitudinal study, 5360
landmark salience & direction of travel, memory for spatial location, children with mean age of 5.6 yrs, 12438
language development test with specific versions for 4–5 & 5–8 yr olds, 93
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
language lateralization assessed through time sharing paradigm, language disordered vs normal 4–7 yr olds, 5929
language rules & difficulty in generalization of syntactic rule training, language disordered 4–5 yr olds, 1316
language used in response to puppet speaking child's preferred vs nonpreferred language, bilingual vs limited 2nd language vs monolingual 41–69 mo olds, 9993
lateral cradling preferences & handedness, females with mean age of 59 mo, 3193
lead & cadmium levels in hair, 4–16 yr olds with mild retardation vs borderline intelligence, 1305
left-right discrimination, 3.3–4.3 yr olds, 5357
length conservation & graphic copying of single geometrical shapes, 3–5 yr olds, 821
level of cognitive development, perception of implied motion in still photographs, kindergartners vs 1st graders, 7710
"life time script", structure of daily activities, 4–6 yr olds, 12431
linguistic stress & pragmatic functions & natural phonological processes, speech delayed 4.8–6.6 yr olds, 5926
linguistic structure of attribute description of stimulus, encoding & decoding performance, 5 & 7 yr olds, US vs Japan vs England, 813
live model vs doll vs photograph vs line drawings, ability to mimic & describe poses, 3–6 yr olds, 9982
locus of control, 4–14 yr olds with psychosomatic asthma or ulcerative colitis vs chronic illnesses affecting same organs, 3763
long term reliability of intelligence test scores, children with spina bifida tested at 5 & 10 & 16 yrs of age, 4805
longhand recording, spontaneous speech, 4–5 yr olds, 56
loudness of game instructions, compliance, 3.5–6.3 yr olds, 5395
male role models in family background, 3–13 yr old males with gender disturbances, 3249
marital discord & parental psychopathology & knowledge of behavioral principles & tolerance for child deviancy & expectations, families with 4–12 yr olds with behavior problems, 5743
mastery vs coping modeling, reduction of fear of dental treatment, 4–12 yr olds, 13247
maternal age & birth order, 3–12 yr olds with infantile autism, 3581
maternal characteristics, perception of child maladjustment, mothers of clinic-referred 37–94 mo olds, 1234
maternal depression, parent perception of child adjustment & parent & child behavior, mothers & their clinic-referred children with mean ages of 60 & 62 & 66 mo, 12858

maternal perception of child's temperament & childrearing techniques & mother-child interaction, mothers & their male vs female 34–53 mo olds, 5532
mean length of utterances & morphology comprehension & PPVT scores, assessment of language abilities, 20 mo olds, 9949
memory for actor sex in picture depicting sex consistent vs inconsistent activities, 5–6 yr olds, 7801
memory load & memory aids, transitive inference tasks, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 9939
method of analysis adapted from E. Mueller, initiation of social interaction, 3–5 yr olds, 10036
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
minimal physical anomalies & developmental delay of language, 3 yr old male wth extra 15q- chromosome, 8325
minor physical anomalies & obstetrical complications, hyperactive vs psychoneurotic 5–12 yr old males & their families, 10579
modeling & positive reinforcement & punishment, auditory-verbal behavior, hearing impaired 5 yr old male, 6229
modified dry bed training, enuretic 4 yr old female, 10777
mother-child interaction & communication, hearing mothers & their deaf vs hearing 3–6 yr olds, 3715
mother's teaching style, learning of climbing & placement movements, 2–4 yr olds with Down's syndrome or brain injury, 8362
mother's vs father's behaviors toward their children, prosocial behavior, 36–72 mo olds, 10071
motor abnormalities, cognitive functioning, children assessed at infancy through early school years, 5960
multidimensional assessment of psychological problems & psychopathology & cognitive development-related problems, 3–16 yr olds with cancer, 5938
neurological condition at birth, visual evoked potentials & electroencephalogram, 5 yr olds, 786
nontraditional vocational role models & curriculum, vocational role preferences, kindergartners, 12505
normative data, vestibular-proprioceptive functions, 4 yr olds, implications for sensory integration therapy with learning disabled children, 7699
number & type of spatial relationships in stimulus display, spatial perspective taking, 4 vs 6 vs 8 yr olds, 7748
number of stimuli & repetition, oddity task learning, 4.7–5.3 vs 5.6–6.2 yr olds, 12450
numerosity discrimination, 2 vs 3 vs 4 yr olds, 12439
nutritional assessment, handicapped preschoolers, 10316
observation methods, assessment of child compliance during behavioral parent training, mothers & their 2.5–7 yr old children, 66
occupational & physical therapy, motor development, retarded developmentally disabled 3–15 yr olds with motor impairment, 8757
overgeneralization errors in comprehension, 1.5 yr old females vs their mothers, response to studies by A. Fremgen & D. Fay & R. S. Chapman & I. Thomson, 9994
parent child interaction & attitudes, parents of brain damaged vs Down's syndrome 1.7–11.8 yr olds, 1131
parent predictions of child's attributions & trait ratings, parents & their 5–13 yr olds, 7776
parent reports & laboratory behavioral observations & cognitive tasks, assessment of hyperactivity & behavior problems, parent-referred 2–3 yr olds, 3690
parental age, psychosis, 3–19 yr old psychiatric inpatients, 3535
parental facilitation of child's preparatory play with stress-relevant materials, 4–9 yr olds preparing for elective surgery & their parents, 10906
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
parental speech during free play with child, mothers vs fathers & their 1.5 vs 2.5 vs 3.5 yr olds, 979
participant observation of preschool children, adults, 6986
pattern of interaction between children & between children & personnel, mixed age groups of 7 mo to 12 yr olds in multipurpose day care center facilities, 13326
patterns of family interaction, families with abused 3–12 yr olds & adolescents, implications for family therapy, 5880
pediatric examinations, emotional responses & coping behavior, 6–12 vs 18–36 vs 42–60 mo olds, 3988
peer contacts & types of play & social interactions during classroom free time, 3–5 yr olds from single vs 2-parent families, 7775
peer interaction & English language proficiency & language preference, Spanish-preferring 4 yr olds in bilingual preschool, 7714
peers vs adults as sources of satisfaction, need for affection, preschoolers, 5472
perception of factors influencing patient-therapist relationship, medical student therapists vs parents obtaining psychiatric evaluations of their 4–11 yr olds, 6150
perception of their preschooler's hearing ability, parents of 2–5 yr olds, 1366
perceptual & linguistic factors & kinds of properties, performance on class inclusion tasks, 4.4–5.7 yr old nursery school students, test of Equally Detailed Alternatives hypothesis, 3197
performance on Reynell Developmental Language Scales vs syntactical analysis of speech samples, 46–60 mo old language disordered males, 3670
performance on verbal vs nonverbal version of number conservation problem, 4 & 5 yr olds, 10010
periodicities in heart rate during play vs nap time, 44–50 mo old children, 12380
persistence of self generated grammatical errors, 4 yr olds, 10003
personality correlates of functional cerebral asymmetry, 3.8–6.6 yr olds, 769
perspective taking, ability to teach 10–24 mo old sibling, 3–5 yr olds, 784
phonological & articulation problems, speech disordered 3.8 yr old female, 1318
phonological disorder involving final ingression for English sibilants, 4 yr old male, 1321
phonological evaluation & remediation of speech deviations, 5 yr old male with repaired cleft palate, 3975
phonology & syntax & speech & language delays, speech-delayed 4.1–8.5 yr olds, 5934
physical abuse, peer social interaction & hostility, abused 5–10 yr olds, 1245
physical attractiveness, peer status & social competence, 4.7–5.6 yr olds, 10092
physical punishment for enforcement of time out duration, compliance, 2–5 yr olds, implications for parent training, 6196
pictorial reactions to visit of Pope John Paul II, 4–15 yr olds, Poland, 3211
play, listening comprehension, kindergartners, 12444
plot & role playing vs interaction as result of game vs real life relationship, sharing behavior, 5–6 yr olds, 5440
positive vs negative gender role stereotypes & age, willingness to associate stereotypes with opposite vs own sex, 4 vs 5 vs 6 yr olds, 12462
preference for play with same vs other color peers during recess, Black vs White kindergartners, 5428
preferences for black vs white boxes & identification, Black vs White 5 yr olds, 5431
preferences for oral &/vs sign language learning of English vs Spanish, preschool age deaf Spanish females, 1395
prefixation or suffixation of verbs, comprehension of tense & aspect, 2.6–3.6 yr olds, Poland, 860
presentation & number of clues in narrative story, generation & monitoring of inferences, 5–10 yr olds, 7752
presentation context & object category, selection of category names in naming objects for 2 vs 4 yr old children, mothers, 12459
pretraining on nonrepeated oddity task, repeated oddity learning vs discrimination learning, kindergartners, 12449
prevalence of behavioral & emotional disturbance, 3–5 yr old Head Start participants, 10307
prevalence of oneiroid disturbances, 2–16 yr olds with paroxysmal slowly progressing schizophrenia, 3513
preventive vs contingent techniques for avoiding conflict in supermarket, mothers & their 2.5 yr olds, 971
primary process thinking during oedipal & latency & adolescent development, 4–17 yr old females, 3238
prior knowledge of 5–8 yr olds' IQ & ethnicity, bias in scoring Stanford Binet, test examiners, 4777
probabilities of correct classification & validity of 4 color vision tests, 3–11 yr old males, 1373
problems in speech planning & execution, developmental stuttering, 2 yr old stutterer, 12987
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
project to teach communicative responses, developmentally delayed & blind 3 yr olds, 8400
pronunciation vs recognition of correct word form, 3 yr 4 mo old, 9983
psychoanalytic approach, treatment program in hospital day care center, 3–7 yr olds with major developmental problems, 11002

psychodiagnostic characteristics, arson, 5–15 yr olds, 5867
psychological intervention program, coping, families of children with mean age of 6.6 yrs with leukemia, 5-yr longitudinal study, 13214
psychopathology of mother during perinatal period, cognitive & psychomotor & social & emotional development, children of neurotic-depressive vs schizophrenic vs personality disordered mothers, 2.5 yr longitudinal study, 1209
psychotherapy & special education, dyspraxic 4.5–10.3 yr olds, longitudinal study, 10732
quality of S's message, evaluation of accuracy of listener's feedback about comprehension, Ss with mean age of 59 vs 72 vs 82 mo, 749
quantitative & memory & perceptual & motor abilities & verbal performance, 3 vs 4 yr olds, 7739
racial & age differences, adoption effects on intelligence, White vs Black & interracial 4–11 & 18–22 yr olds, 5398
ratings of children's activity level & symptomatic behaviors, mothers of preschool age children with behavior problems including hyperactivity, 3691
ratioproportionality ability, equity vs equality allocations, children with mean ages of 3.4 vs 6.4 vs 11.4 yrs, 10002
recall vs recognition of classmates' photographs, male vs female 3.6–5.3 yr old preschool students, 9964
regulation breathing method with vs without parental assistance, stuttering, 5–16 yr old stutterers, 8596
reinforcement & laughter as anxiety inhibitor, phobic responses, autistic 4.5 yr olds, 1589
relationship between signs of partial airway obstruction during sleep & behavioral & developmental & learning problems, children with mean age of 74 mo, 10333
relationship between social cognition & behavior & methodological problems & proposed reconceptualization of experimental design, preschoolers, literature review, 7682
relationship to spontaneous performance & nonlinguistic context effects, language evaluation using elicited imitations, 2.6–3.7 yr olds, clinical implications, 5927
reliability & internal validity of Teacher Temperament Questionnaire, personality assessment, 5–7 yr olds, 2408
reliability & interrelationships of measures of self definition, verbal comprehension & peer relations, 2 yr old males, 9989
reliability & validity & scalability of Mental Development Scales, children from birth to 3 yrs of age, 11723
reliability & validity of actometer, measurement of activity level, 3–4 yr olds, 7672
reliability & validity of Parent Perception Inventory, assessment of perception of parental behavior, 5–13 yr olds, 4760
reliability & validity of Preschool Play Scale, measurement of play, 4 mo–6 yr olds, 4732
reliability of Denver Developmental Screening Test, disadvantaged children with mean age of 3.9 yrs, 11685
reliability of O & mode of stimulus presentation, Behavioral Observation Audiometry, mild to severely handicapped 7–129 mo olds, 10312
removal from abusive family & placement in foster care, recovery of physical & cognitive & behavioral functioning, neglected & abused 3 yr old male & 9 mo old female, 3619
resemblance of IQ to biological vs adoptive parents, 5 to over 10 yr olds, 5363
role as hearer-addressee vs -spectator, comprehension of deictic words, 2.9–4.2 yr olds, 854
role taking ability & understanding of good & bad, deaf vs hearing 52 vs 74 vs 119 mo olds, 1386
roles assumed during in-home interactions, parents & their 4–7 yr olds with Down's syndrome, 8264
Rorschach developmental level, subsequent psychiatric treatment, 4–20 yr olds of psychotic vs physically ill vs normal parents, 8-yr followup, 9307
Rorschach norms, 3–12 yr old inner city Blacks, 4769
rotary vestibular stimulation, incidence of seizures, severely developmentally delayed nonambulatory 3.3–8 yr olds, 1482
same- vs cross-sex dyads, strategies used to initiate social contact, male vs female 3–5 yr olds, 900
sampling reliability on elicited imitation test, language disordered 5.5–6.5 yr olds, 2426
schematic & categorical organization of information, recall, 3–4.5 vs 5–6.4 yr olds, 12415
self concept & anxiety level & problem behavior, 2.9–12.7 yr old residents of battered women's shelter, 13336
self evaluation behavior modification program, compliance with parental instructions & appropriateness of verbal behavior, 5.9 yr old male, 1607
self vs group reference, attribution for choice behavior, 4 vs 9 yr olds vs college students, 884
sensorimotor & language development & symbolic activities, 10–30 mo olds, 10023
sensory feedback training, motor skill performance, multiply handicapped cerebral palsied 3.1 & 4.8 yr old females, 8538
sentences expressing spatial relationships, mastery of lexical & syntactical role of markers, 3–6 yr olds, 857
serial correspondence & length seriation task performance, kindergartners vs 1st–6th graders, 12419
SES & family constellation & parental practices, awareness of & rationales for rules & conventions, Ss with mean age of 4 yrs, 885
SES, dichotic ear preference & sentence interpretation, kindergartners, Hungary, 7719
SES, utilization of mother & child health services, rural families with children under 6 yrs of age, Greece, 8634
severe malnutrition, development, children under 3 yrs of age, East Africa, 1349
sex & experience of loss & academic underachievement & parents' marital problems & intrafamilial violence, suicidal vs nonsuicidal 5.2–13.9 yr olds, 12924
sex & handedness & asymmetry of hand & foot length, 4–9 yr olds, 7687
sex differences, reading & spelling & arithmetic, 4–8 yr olds, longitudinal study, implications for learning strategies, 12403
sex of child vs parent, kind of parental directives used in construction task, 2.5–5 yr olds & their parents, 955
sex of play partner, toy choices & social behavior, 3.1–4.3 vs 4.6–5.6 yr old males vs females, 887
sex role identity & self concept, preschool age children, 868
sex role orientation measured by toy preference, cognitive ability, male vs female 3 vs 5 yr olds, 7690
sex role stereotyped vs nonstereotyped stories, preferences & recall of story, 60–75 mo olds, 12381
sex typed labeling of toys, exploratory behavior & information seeking & retention, preschoolers with mean age of 66.2 mo, 12397
sex typing of play activities depicted in pictures based on clothing of figures, male vs female preschoolers, 12481
sex-typed toy preferences, male & female 74–104 mo olds, 12471
sexual status, 14–18.7 yr old males with idiopathic adolescent gynecomastia vs 3.5–15.8 yr olds with congenital virilizing adrenocorticism, 10626
simultaneous assessment of hearing ability & cognitive status, 52–70 mo olds at risk for developmental delay, 10641
sleep EEG recordings, neonates & infants & young children, 775
social & educational functions of mealtimes, handicapped & nonhandicapped preschoolers in school settings, 11257
social & social cognitive correlates of sociometric status, preschoolers & kindergartners, implications for intervention, 7814
social cognition, racial attitudes & cultural cognition, Black preschoolers with mean age of 69.0 mo, 909
social desirability, report of marital & child adjustment & parenting attitudes, spouses with 2–13 yr olds, 10161
social problem solving training, behavior change, maladjusted 3.8–4.8 yr olds, 6-mo followup, 6225
social processes in formation of friendship with peers, 3–9 yr olds, 5432
somatic risks & sociocultural factors, language development & disorders, 2.9–3.3 yr olds, 8270
sound based errors in speech, male from 1.2–2 yrs old, 9974
Spanish &/vs English as language of instruction, Mexican American Head Start children, 13544
spatial adjectives & context, word recognition & ease of discrimination, Maori vs non-Maori 4 yr olds, New Zealand, implications for semantic feature hypothesis, 837
speaker &/vs listener training, transfer of learning, 5 yr olds, 7754
special education approach involving systematic exposure to written language, phonological development, speech disordered 4.8 yr old female, 2112
special education, handicapped children below compulsory school age, UK, literature review, 6737
speech & language characteristics & therapy, 5 yr old female with Prader-Willi syndrome, 1352
speech patterns with 1st born 3 yr old son, mothers vs fathers, 5538
speech therapy using phonemes to encourage development of phonological patterns, 3.9 yr old female with profoundly unintelligible phonological system, 1684
speed & accuracy of judgments on Kansas Reflection-Impulsivity Scale for Preschoolers & length discrimination task, 3.6–5 yr olds, implications for behavioral flexibility vs cognitive style, 9978

spoken syllables, classification by common phoneme vs overall similarity of whole syllables, 3.6–5.5 yr olds vs college students, 5401
spontaneous action-directives to 1.5–3.5 yr olds, mothers, 10164
stability of reciprocal friendships vs unilateral relationships, 34–61 mo olds, 10050
stages in emotional adjustment to life change, kindergartners through 2nd graders entering school vs students entering junior high school vs college vs females marrying vs couples becoming parents, 911
Stanford Binet & WISC-R IQs, 4–6 yr olds, New Zealand, 7071
static vs dynamic presentations of concept exemplars, discrimination learning, nonhandicapped 3–6 yr olds vs mildly handicapped elementary school students vs severely handicapped adults, 1121
stimulus delay & fading vs differential reinforcement, concept learning, mentally retarded 30–65 mo olds, 3906
stimulus dimensionality & tactual access, identification of object & number of transformational questions about object, 3.8–5.6 yr olds, 3165
stimulus length & density & size & brightness & rapid vs slow response, similarity- vs dimension-based visual perception, kindergartners vs 2nd vs 5th graders vs college students, 5407
strategy for acquisition of synergistic language system, speech delayed 4 yr old male, longitudinal study, 1317
stress position & phonetic environment & reactive recency of sound acquisition, accuracy of initial consonant cluster production in words, 4 yr olds, 800
structural equation model analysis, stability of competence, 30–48 mo olds at risk for mental disorder, longitudinal study, 5815
structure of play objects, type of pretend play, Black & White low income 3.5 vs 5 yr olds, 7804
symptom pervasiveness, biological & psychological & behavioral variables, kindergarten-aged children with hyperactivity, 13006
symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
syntactic & conversational characteristics during interaction with their 2 yr olds, fathers vs mothers, 974
syntactic & discourse & communicative functions of maternal speech, language development, 1.9–2.1 yr olds, 10018
systems of spatial reference & mirror localization, preschool age children, 7734
talkativeness, structural complexity & discourse features in dyadic interactions with adult female, 3.5 yr old females, implications for language acquisition, 5404
task analysis of age, goal setting & attribution & affective self evaluation & perception of task difficulty as components of achievement motivation, 5–6.1 yr olds, 874
taxonomic level of nouns used in speech to young children, nursery school teachers & their 2–4 yr old students & mothers & their 18–30 mo old children & college students, 9947
temperament, adjustment to group settings, children in kindergarten vs Head Start program with mean ages of 68.6 & 46.7 mo, 2078
temperament, cognitive & verbal & motor development, 3–4 yr olds, 9926
test administration under single vs double pass-paired sentences procedure, picture avoidance responses, 3–7 yr olds, 2466
Test of Language Development norms, 4–8 yr old speakers of Black American English, 2480
text elaboration, aural language comprehension, kindergartners vs 3rd graders, 10026
therapy & phonological development, language delayed male between ages of 3.4–5.8 yrs, 1686
tone pips & clicks, auditory brain stem response, normal 4–12 & 23–32 yr olds vs hearing impaired 4–16 yr olds, 1370
torque & lateral preference & cognitive ability, kindergartners & 1st graders, 5344
total vs oral communication training in home based mother-assisted language program, language & cognitive development, 18–36 mo olds with Down's syndrome, 8780
toy demonstration vs discussion group parent education intervention, maternal & child development, lower income Black mothers & their 18–44 mo old children, 12499
training, moral judgments, 5–11 yr olds, 7670
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
TV fantasy characters' assignment of sex appropriateness to toys, toy preferences, 4–6 yr olds, 872
type of comforting communication, crying, 2–6 yr olds in day nurseries, 6215
type of message & modeling, questioning behavior, nursery school & kindergarten students & 1st graders, 3176
typological analysis of family & social situation & physical & psychological development, identification of risk groups, children assessed at 3 & 9 & 18 & 36 mo, 5291
understanding of death, children at preoperational vs concrete operational stages, counseling implications, 3184
understanding of displaced aggression, 3–5 yr olds, 7826
unexpected change in formal leadership, behavioral continuity, 3–5 yr olds, 5417
unique patterns of self regard development during 7 mo period, 2–5 yr olds, 5416
use of abridged form of WISC & proposal for other tests, diagnosis of mental retardation, 5.3–6.4 yr old males, 4741
use of new-Genevan vs result-only criteria for seriation, characteristics of seriation acquisition, 4–12 yr olds, 7731
use of similarity vs dimensional relations of stimuli, object classification, 3.5–4.6 vs 5.2–6 yr olds, 12446
validity & reliability of Ishihara & Farnsworth D-15 tests, color vision screening, 2–4 yr olds, 1344
validity & reliability of Leiter International Performance Scale, nonverbal assessment of intellectual development, kindergartners, 4786
validity of Personality Inventory for Children, prediction of response to methylphenidate, hyperactive 5–15 yr olds, 9387
validity of Personality Inventory for Children, 4–5 yr olds, 11663
validity of Psychiatric Evaluation Form, quantification of diagnostic interview data, 4–17 yr olds, 4754
validity of Symbolic Play Test & levels of imagination shown during free play, language delayed vs normal 46–60 mo olds, 2475
various forms of exploration questions, ability to verbalize novel uses for objects, 62–72 mo olds, 10000
verbal & concomitant nonverbal components of directives to 10 & 18 mo olds during play, mothers, 10162
verbal compliance-gaining strategies in naturally occurring conflicts with peers, 2–5 yr olds, 12378
verbal dichotic listening task, right-left ear performance, 3–6 yr olds, 839
verbal rehearsal training with vs without feedback & looking strategy & instructions, serial recall performance, kindergartners & 1st graders, 7732
verbal warning, transition & compliant behavior in free play situation, 3–6 yr olds, 924
verbalization vs picture selection, solution of spatial perspective & rotation tasks, kindergartners & 2nd graders, 9977
vestibular functioning, 4–6.3 yr olds with nonparalytic strabismus, 1432
vestibular-based functions & behavior problems, normal vs learning disabled & emotionally disturbed 5–9 yr olds, 8083
virus infection of CNS during 1st yr of life, intellectual abilities, 5.7–8.8 yr olds, 5951
visual stimuli presented in expected vs unexpected spatial location, RT for detection, 5 vs 7–8 yr olds vs college students, 832
visual vs tactual training, cross modal & dimensional recognition, kindergarten vs 3rd grade males, verification of D. M. Lane & F. M. Rabinowitz's model, 3191
visual vs verbal messages, judgment of ambiguity, 5.1–7 yr olds, 5393
visually directed reaching for moving objects, 4–11 yr olds with abnormal postural fixation, 1357
vowel duration of stressed syllables, 3 vs 3.3 vs 5.8 yr olds, 829
walking speed & step length & stance duration, mentally retarded 4–18 yr olds, 3650
weight loss program, overweight mentally retarded preschool age children, 8510
word order & inflections & discourse context, sentence comprehension, 2.6–3.6 yr olds, 861
words vs complex tones as stimuli, auditory identification & sequencing, language impaired 4.2–8.1 yr olds, 3669

Preschool Education

attitudes & program duration, participation patterns in preschool education program, parents, 11219
attitudes toward preschool mainstreaming, preschool teachers & parents of preschool students, 11259
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
development of standard policies for reporting suspected child abuse in day care & preschool centers, 8203
education outside the home, childhood development, preschool age children, 9028

interactions with other parents, parents of handicapped vs nonhandicapped children in mainstreamed preschool, 4339
lens-model approach, evaluation of special education in-service training program for dealing with rural handicapped preschoolers & their families, 22–55 yr old consumers & service delivery persons, 6729
mainstreaming in preschool education, handicapped preschool students, literature review, 9076
need for early identification & proper intervention services in day care & preschool education, exceptional children, 4373
prekindergarten program participation, IQ & school achievement, children evaluated during 6th–8th grades, 8987
program of motor & cognitive tasks, cognitive & motor skills, learning disabled kindergartners, 13572
scientific studies & institutional applications & future research directions, preschool education & childcare, USSR, 11158
time & space & equipment & teacher observation & participation & facilitation, dramatic & sociodramatic play, preschool students, 4275
Preschool Students [See Also Nursery School Students]
assessment & classroom intervention, facilitation of requesting, language & communication handicapped 4.8 yr old preschool student, 2133
attitudes toward specialized vs mainstreamed preschools & placement of own child, mothers of handicapped 3–5 yr olds, 4377
aural & visual segmentation ability, reading ability, preschool & kindergarten & 1st grade students, 3155
evaluation of health education curriculum, 2–4 yr olds, 6592
interactions with other parents, parents of handicapped vs nonhandicapped children in mainstreamed preschool, 4339
interpersonal problem-solving skills training, peer interaction, 4.2–5.5 yr old preschool students, 11224
interrater reliability of Infant Rating Scale, screening of educationally at risk students, 5–7 yr old students, 11323
item reliability & interrater agreement, short form of Teacher Temperament Questionnaire, preschool teachers & 3–6 yr old students, 4412
letter naming time & backward digit span, prediction of reading achievement, intellectually advanced 37–66 mo olds, 6-mo longitudinal studies, 9098
level & complexity & initiation of play behavior, handicapped segregated vs mainstreamed vs nonhandicapped mainstreamed 3–6 yr olds, 6730
mainstreaming in preschool education, handicapped preschool students, literature review, 9076
modification of combined procedures of A. Inizan & I. Meixner, detection & prevention of dyslexia, nursery school students, Hungary, 13697
peer rated popularity & rejection, successful identification of male classmates' hyperactive & aggressive behaviors, preschool students, 4327
peers as social training agents, social withdrawal, preschool & elementary school children at developmental risk, 13661
perception of parental interest & academic achievement, disadvantaged 4 yr olds, 4309
preschool program using discussion & role playing & social modeling, listening skills & perspective taking, 3–5 yr olds, 13556
psychological & social adjustment & problem behaviors & frequency of sex typed play during free period, male vs female preschool students, 4335
rate & form of behavior problems & rate of teacher attention, mentally handicapped preschool & kindergarten students in mainstreamed vs treatment classes, 9039
road-crossing behavior before vs after pedestrian training program, preschool children & their parents, 11222
shared-book experience, beginning reading instruction, 4298
social skill training, sociability & group negative behavior, 41–63 mo old preschool students, 11204
teacher promotion of positive feelings of sexuality, self concept, preschool students, 4260
teacher's ratings on Preschool Behavior Questionnaire, identification of social problems, preschool students, 11327
time & space & equipment & teacher observation & participation & facilitation, dramatic & sociodramatic play, preschool students, 4275
variation in mainstreamed vs integrated special education programs, handicapped preschool students, literature review, 9075
Presenile Dementia [See Also Alzheimers Disease]
clinical evidence of dementia, 25–64 yr old institutionalized patients with Trisomy-G Down's syndrome, 3657
dexamethasone suppression test & computed axial tomography scan, differential diagnosis of true dementia from depressive pseudodementia & prediction of response to antidepressant therapy, depressed 55–84 yr olds, 8115
EEG sleep patterns & REM activity, 54–84 yr olds with dementia vs depression, 8080
favorable response to steroid therapy, 32–57 yr old patients with senile or presenile dementia, 13293
gait & posture & cranial nerves & motor & sensory systems & reflexes & Alzheimer's disease & differential diagnosis, dementia, aged, 5974
reality orientation therapy, 30–84 yr olds with dementias, 1508
Presentation Methods [See Stimulus Presentation Methods]
Presentation Modes [See Stimulus Presentation Methods]
Preservice Teachers
adaptation of presentation context to student's background, meaningful learning & motivation, preservice teachers & nursing students, 13610
emotionally disturbed vs behaviorally disturbed labels, attitudes toward target groups, preservice & inservice regular & special education teachers, 13518
functional level in geometry concepts, ability to master higher level concepts, preservice elementary school teachers, 6565
perceived need for relaxed services for mentally retarded children, preservice vs inservice special education teachers, 9072
perceptions of teaching profession, inservice vs preservice teachers, 6567
pulse & skin temperature changes vs self reports, measurement of attitudes toward handicapped children, pre- vs inservice vs special education teachers, 6733
science methods course, attitudes toward science teaching, preservice science teachers, Nigeria, 8955
scores on American College Test vs GPAs, prediction of performance on Florida Teacher Certification Examination, teacher candidates, 1995
stage of ego development, acceptance of instructor's orientation to teaching, female preservice teachers, 6573
training in mainstreaming, attitudes toward disabled, elementary & special education majors, 8949
Pressoreceptors [See Baroreceptors]
Pressure (Barometric) [See Atmospheric Conditions]
Pressure (Blood) [See Blood Pressure]
Pressure (Diastolic) [See Diastolic Pressure]
Pressure (Systolic) [See Systolic Pressure]
Prestige (Occupational) [See Occupational Status]
Pretesting
correction for within-group posttest on pretest regression slope variation from 1, conflict between Gain Score Analysis & ANCOVA in testing differential effects, 2524
pretesting & instructional demand, social interaction & self report, socially anxious male college students, 4714
problems in reliability of difference scores, 11658
tables for evaluation of differences in test-retest scores for WAIS, 9296
Prevention [See Also Related Terms]
alcohol consumption & support for prevention of alcohol abuse, 15–85 yr olds, Australia, 11068
application of medicine & psychology, prevention & treatment of juvenile delinquency, 12893
attention to & retention & comprehension of TV program content, children, 7716
background factors, prevention & treatment, children of South American political refugees, 13110
cardiovascular risk reduction education project, diet & exercise, families of elementary school students, 3999
change in TV's image from "vast wasteland" to medium for teaching prosocial behavior & health promotion & prevention, 7642
changes in risk status, infants & children at risk for behavior & learning & mental disorders, literature review, implications for screening & prevention, 5697
characteristics & role & attitudes toward alcoholism & problem drinking & own drinking patterns, role in prevention of alcohol abuse, male vs female bartenders, 11093
characteristics, drug abuse treatment programs offering prevention services, 8825
child abuse prevention, cultural & ethnic populations, conference proceedings, 6348
company sponsored intervention program, reduction of controllable risk factors of smoking & hypertension & obesity, employees at risk for coronary heart disease, 8635

crime prevention program, Canada, 13325
crime prevention through environmental design, 9194
development of interactive TV & prevention applications, 7643
distribution of free earplugs, protection of ears & prevention of hearing loss, subway riders, 6889
early intervention program planning, delayed development, high risk infants, literature review, 6089
early observation of disturbances in mother-child relationship, child abuse prevention, mothers during pregnancy & postdelivery, Italy, 6345
earned points as tokens in alcohol abuse prevention project, boarding high school students, 8502
effectiveness of "Over Easy" TV program in communication of prevention information to aged, 7638
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006
etiology & diagnosis & prevention, burnout, ministers & other committed persons, 12515
evaluation of multidisciplinary prevention program, families at risk of poor parenting & child abuse & neglect, 6343
extent of problem & prevention, alcoholism, adolescents, 10447
factors leading to violence in open psychiatric ward & methods of management & recommendations for prevention, 33 yr old male patient, 1814
formula for becoming victim, prevention of mental disorder, 8360
hypnosis, cancer prevention, at risk population, 10880
identification & assessment procedures & intervention strategies & service delivery model, secondary prevention of child abuse by At Risk Parent Child Program, parents of young children, 1715
interdependent tasks vs role play, sociometric status, 3rd–5th graders, implications for primary prevention, 2070
knowledge of & beliefs about breast cancer, breast self examination, athletic vs nonathletic females, 3472
mass communication campaigns, smoking cessation & alcoholism & heart disease prevention programs, 10655
mental health movement, cure & prevention of mental illness, 13112
mobilization of informal social networks, prevention of abuse, aged, 13107
models of tertiary psychiatry & postrelease care in correctional rehabilitation, 4107
motivation, participation in community crime prevention programs, urban residents, 6361
multidisciplinary parent support group, prevention of child abuse, potentially abusive parents, 3868
multiple risk factor intervention, reduction of smoking & hypertension & serum cholesterol, 35–57 yr old males at risk for coronary heart disease, 8613
parent education, prevention of drug abuse, 6475
peer- vs adult-taught cigarette smoking prevention program, cigarette smoking, 7th graders, 3-yr followup, 5448
perception of which youth-related problems most need to be addressed by youth services, participant & nonparticipant youths in neighborhood delinquency programs & staff members, 4028
perceptions of legal sanctions & risk, illegal behavior, college students, 5871
prevention approaches, effects of televised violence, 7640
prevention of substance abuse, adolescents, 13421
preventive & therapeutic & reeducative aspects, drug addiction, 6481
primary & secondary & tertiary prevention, disabilities, 1479
problem solving paradigm as preventive approach in school counseling, 11296
programs & interventions & scientific rigor of their evaluation, prevention of abuse & neglect, review of English literature, 1243
promotion of student self care to preserve good health, school nurses, 4420
psychiatric prevention program, anomie, political refugees, South America, 13335
ratings of appeal of reading primers, special educators vs learning disabled students, Poland vs USSR vs Sweden vs Turkey vs Italy vs France vs Hungary vs Czechoslovakia, implications for prevention of dyslexia, 2138
rehabilitation & preclusive vs minatory deterrence, crime rate, 6470
response interruption device, prevention of self excoriation of grafted skin, 15 mo old female burn victim, 9280
role of behavioral scientists, multiple risk factor intervention & hypertension prevention trials, 10700
role of social work, prevention & treatment & control of gonorrhea, 4044
school influences, delinquency & delinquency prevention, 8189
SES, obesity & nutritional knowledge & self perception, mothers & their 2–14 yr olds, implications for prevention, 10589
social adaptation & shyness & aggressiveness & learning problems & psychological well-being in 1st grade, drug usage, 16–17 yr olds, implications for prevention of drug use, 7791
strategies for design & implementation & measurement of prevention research in service environments, tobacco use, 5th–6th graders, literature review, 11329
supply & demand & effects on child & family & child abuse prevention, child care, literature review, 8653
unemployment, relation to & recommendations for minimization of mental health disturbances, 4445
Uniform Progress & Evaluation Reporting System, evaluation of alcohol & drug abuse prevention agencies, 6476
urine monitoring, prevention of illicit drug use, methadone maintenance clients with mean age of 32 yrs, 8791
usefulness of TV messages in mass media campaigns for health promotion, 7641
Vermont Vulnerable Child Project, community-based preventive intervention research, at risk children living with mentally disturbed parents, 6090
vulnerability to & prevention of combat fatigue & shock, soldiers at war, Israel, 8116
work/rehabilitation program at National Institute of Social Welfare, rehabilitative & preventive treatment, workers with job-related physical & psychological disorders, Brazil, 13410
workshop, prevention identification & management of violent behavior, VA hospital staff, 8883

Preventive Medicine
health check-up questionnaires, identification of depressive illness, 69 yr olds, Sweden, 10362
preventive & acute & convalescent/rehabilitative intervention, Type A behavior & coronary artery disease, literature review, 4002
prior dental experiences & health behavior, compliance with novel preventive dental activity, 7th graders, 6326
unification of community mental health services with primary health care & preventative programs & focus on family as basic health-promoting unit, 6317
Whole Person Care Program, promotion of health behavior, college students, 6808

Pride
development of pride & shame, children, 912
performers' internal vs external attributions for performance success vs failure, impressions of performers' honesty & modesty & ability & likeability, college students, 10265

Primary Mental Health Prevention
behavioral & demographic correlates, prediction of negative attitudes toward their preterm infants, mothers with mean age of 26.1 yrs, implications for preventive intervention, 5545
crises & psychiatric emergency & need for prevention values, crisis intervention, 6349
developmental & preventive & multidisciplinary treatment approach, children of divorcing parents, 1486
early abuse, intellectual development & academic functioning & personality characteristics, 7–17 yr olds, longitudinal study, implications for prevention, 10465
history of primary mental health prevention thought & practice, 1908–80, 10715
Magic Circle primary prevention program, self esteem & school attitudes, 3rd graders, 6789
mandatory busing, health center response to community crisis, 4019
mental health treatment & preventive services, infants in severely disorganized families, 1745
model for training peer counselors, outreach & self help preventive mental health program, aged, 10963
need for parent support system including community services & social expectations, 1754
prevention schema & case detection & staff education & patient & family group education & institutional structural innovations, psychological health, hospitalized medical patients, 4083
preventive interventions, children & adolescents of fatally ill parents, 1689
preventive model, coping with community relocation, 4057
preventive psychiatric intervention, predisposition to psychopathology, children of divorced & depressed parents, 6087
primary & secondary & tertiary prevention, disabilities, 1479
primary mental health prevention, college students, 2146
Primary Mental Health Project, school-based program for early detection & prevention of school adjustment problems, students, 9091

primary prevention Gestalt oriented model, failure, students, Israel, 4272
primary prevention of psychopathology & psychosis, children at high risk, 10928
screening & primary prevention programs, high risk neonates & families, 1475
unification of community mental health services with primary health care & preventative programs & focus on family as basic health-promoting unit, 6317
Primary Reinforcement
reinforcement vs punishment, academic performance & accuracy of self recording, 9.2–11.2 yr old behaviorally disordered special education students, 11270
sensory stimulation as primary reinforcement & as experimental procedure, literature review, 7254
Primary School Students
biofeedback training, classroom behavior, hyperactive learning disabled primary & intermediate school students, 9058
factor structure of Rutter's Children's Behaviour Questionnaire, 7–8 yr old primary school students, India, 4436
need for health education at primary school level, children, 6611
primary education, Spain, 6624
proposed changes in school progress assessments, primary school students, 9110
proposed changes in school progress assessments, primary school students, comments on A. B. Smith's article, 9096
use of computers in classroom & visual-tactical development & attention span & other visual skills, primary school students, 8973
use of rehabilitative vs therapeutic care with nursery school & primary school children & requests for psychopedagogic assistants, teachers, 2156
Primary Schools [See Elementary Schools]
Primates (Nonhuman) [See Also Baboons, Chimpanzees, Gorillas, Monkeys]
acquisition of sign language, home reared/free ranging orangutan, 2706
behavior prior to & during & following birth, wild orangutans, 7296
character compatibility analysis, phylogeny, gibbons, 9538
development of systematic studies of infrahuman primates & role of G. V. Hamilton & R. M. Yerkes, US, 4643
ecological & size factors of mating system & activity rhythm & diet, sexual dimorphism in body weight & canine size, primates, 389
extent of damage to central visual representation in striate & peristriate cortices, effects of serial lesions of occipital & temporal lobes on visual pattern discrimination, bushbabies, 12226
gestation period & estrous cycle length, orangutans & gorillas & Celebesian black apes & Goeldi's monkeys & cotton-topped tamarins & Mayotte brown lemurs, 2860
group size & intergroup behavior, Cebus albifrons vs Cebus apella, Colombia, 366
inbreeding, infant mortality, captive primates, 406
intraspecific killing, wild nonhuman primates, implications for evolution of society, 5023
mental retardation & neurological deficits, twin orangutan, implications for human neurological assessment, 2687
phyletic size change & brain/body allometry, African apes, literature review, 7317
presence of male, menstrual cycle, Celebes black ape females, 7283
reversal learning with color & form stimuli, adolescent primates, 2699
sexual dimorphisms in overall proportions, primates, 11933
Printed Communications Media [See Also Books, Magazines, Newspapers]
publishing opportunities, counselors, 13451
Printing (Handwriting)
training for manuscript handwriting, cursive letter formation, 1st graders, 2021
Prismatic Stimulation
postnatal dark rearing prior to daily prismatic reversal of retinal image, development of interocular orientation disparity in visual cortex vs ocular dominance patterns, kittens, 12205
prism-induced lateral displacement of visual field, transfer of adaptation, autistic 7.1–15.6 yr olds vs mentally retarded 10–13 yr olds vs normal 3rd–4th & 8th–9th graders, 10399
surgically induced esotropia & prismatically induced strabismus vs monocular deprivation, strabismic amblyopia, cats, 9741
Prison Personnel
attitudes toward juvenile rehabilitation, lawyers & judges & correctional administrators & legislators & prison guards & inmates, 13393
attitudes toward their occupation, 20–33 yr old prison guards, 9131
consultation to psychiatric staff at correctional institutions, university psychiatric & counseling staff, 8842
functional behavior analysis, 13–17 yr old residents & 20–60 yr old staff of juvenile detention center, 13390
occupational demands, emotions & family life & marital & life satisfaction & coping behavior & social support, 30–60 yr old probation & parole & aftercare services administrators, 2238
problems & guidelines for research on stress factors, correctional officers, 11032
psychological report writing, 24–56 yr old correctional psychologists & probation officers & probation supervisors, training implications, 1867
Prisoners [See Also Prisoners of War]
alcohol consumption at time of violent & nonviolent crime, prisoners, Scotland, 12933
architectural aspects of prisons, site selection in incidents of violence, inmates, 13388
attitudes toward juvenile rehabilitation, lawyers & judges & correctional administrators & legislators & prison guards & inmates, 13393
Bible study based on D. Meichenbaum's cognitive restructuring & A. Ellis's rational emotive therapy, prisoners, 11035
child custody issues & mother child relations, unmarried incarcerated female & her infant, 1003
criticism of government Mandatory Supervision program, prisoners not eligible for parole, 8775
data collection problems for psychodiagnosis in jail setting, literature review, 6452
delivery of mental health services, prisoners in local jails, 6462
drug therapy & therapeutic functions in prison environment, prisoners & psychiatrists, 1837
efficacy of rehabilitation program, 18–28 yr old male prisoners, 13396
factor analysis of Overcontrolled Hostility Scale of MMPI, male prisoners with average age of 29.2 yrs, 9389
generalizability of behavioral checklist, assessment of psychopathy, prison inmates, 12943
hiring of homosexual court counselors as positive role models for homosexual offenders, 8764
incarceration of parent, coping, children & family members of inmates, 11026
incidence & reliability of DSM-III diagnosis of antisocial personality disorder, male prison inmates, 10372
item analysis of Eysenck Personality Inventory, assessment of group personality correlates, male vs female drug addicts in treatment vs prisoners, implications for management & treatment, 8188
labeling theory implications, diagnosis & treatment, mentally ill prisoners, 6455
legal precedents & issues, mental health service delivery, prisoners in local jails, 6468
level of overcontrolled hostility, assertiveness & aggressiveness, 22–51 yr old male prisoners, 3605
medical model, prediction of parole process & parole-reparole outcomes, incarcerated offenders, 13411
models, mental health service delivery, prisoners in local jails, 6448
plasma trace acid levels & platelet MAO activity, 17–57 yr old prisoners convicted of violent crimes vs sexual offenses vs armed robbery vs nonviolent crimes, 8179
problems & inequalities in women's prisons, 11039
psychodiagnostic techniques, National Advisory Commission on Criminal Justice Standards & Goals implementation, prisoners in local jails, 6461
racial discrimination vs involvement in criminal activity, racial disproportionality in state prisons, US, 6446
Special Supervision Unit, at risk parolees, Australia, 1838
strategy for change in correctional services for female offenders, Canada, 1836
supervision of child play area in prison visiting room & facilitation of family relations, maximum security prisoners, 11031
Transcendental Meditation vs relaxation training, institutional adjustment, prisoners, 4100
validity, measures of drug usage & knowledge & attitudes, male inmates, 11700
Prisoners Dilemma Game
probabilistic determination of termination point, strategies of prisoner's dilemma interactions, college students, 10247
Prisoners of War
psychological & physical strengths, surviving prisoners of war & hostages, 1104
Prisons
advantages & barriers to dignified work in prisons, prisoners, 8751

analysis of overcrowding & disciplinary problems in Texas prison system, 13400
architectural aspects of prisons, site selection in incidents of violence, inmates, 13388
art education programs in prisons, 8776
changes in criminal asylums over past 35 yrs, 6415
conviction of manslaughter by reason of diminished responsibility, sentencing to prisons vs hospitals, 7909
criminal psychodynamics & group psychotherapy in therapeutic prison community, Romania, 8758
data collection problems for psychodiagnosis in jail setting, literature review, 6452
delivery of mental health services, prisoners in local jails, 6462
drug abuse treatment in prisons, 8815
drug abuse treatment, prisons, 8818
effectiveness of prison education programs, literature review, 8762
history of criminal asylums, 6414
legal precedents & issues, mental health service delivery, prisoners in local jails, 6468
model of innovative educational program in Texas detention center, 8753
models, mental health service delivery, prisoners in local jails, 6448
problems & inequalities in women's prisons, 11039
problems & needs, juveniles confined in adult detention facilities, 6464
psychodiagnostic techniques, National Advisory Commission on Criminal Justice Standards & Goals implementation, prisoners in local jails, 6461
public attitudes & refinement of terminology, work as means of rehabilitation in prisons, 8766
research agenda, mental health services in local jails, 6469
research suggestions, mental health services in jails, 6454
summary, issues raised at workshop on mental health services in local jails, 6451

Privacy

applicant's right to privacy &/vs employer's need for accurate assessment of prospective employee, personnel selection, 9140
autonomy & privacy as public policy values, adolescents & their rights, 10190
hypothesis testing & confidence interval procedures for randomized response technique to reduce bias due to embarrassment in self report surveys, high school students, 2395
organizational type, information/privacy values & beliefs & attitudes & behavioral intentions, adult Ss, 12583

Private Practice

psychosocial support provision for aged & role of counselors, counselors on private practice medical staff, 10922
satisfactions & dissatisfactions with private practice, clinical psychologists, 1953
sociodemographic & status characteristics of physician, satisfaction, clients at fee for service vs prepaid multispecialty group practices, 8626

Private School Education

job satisfaction, 30–55 yr old public vs private secondary school teachers, 13534
position in school & level of education, belief in corporal punishment in school, male vs female & public vs private school principals vs teachers vs counselors, 1991
sex education received before attending college & sex education attitudes, students at public vs private universities, 4321
student selection & background characteristics, cognitive achievement, public vs Catholic school students, criticism of study of J. S. Coleman et al, 13599

Privileged Communication

interest in & ethics of receiving results of psychological evaluation, clients & job applicants, 6484
legal issues in consent to treatment & confidentiality, psychotherapy with minor clients, 10736
type & degree of seriousness of client's problem & counselor experience level & decision by counselor to breach vs maintain confidentiality, rating of counselor trustworthiness, male college student Os, 6393
views of confidentiality, 20–84 yr old inpatients, 12861

Proactive Inhibition

climate & altitude change, proactive vs retroactive interference in memory tasks, human Ss, 11474
conflict between story context & temporal sequence of embedded lists & delay interval, retroactive & proactive interference in recall, 17–23 yr olds, 11790
conflict between story context & temporal sequence of lists embedded in stories, retroactive & proactive interference in delayed recall, college students, 11872
dimension of interfering stimulus, proactive inhibition of discrimination learning, pigeons, 5000
orbitofrontal cortex lesions via leukotomy & role of frontal lobes, memory & proactive interference, schizophrenic patients, 1215
preexposure & context, memory for CR, cats, 7272
release from proactive inhibition vs equivalence task, understanding of relations among words in categories of differing levels of generality, 3rd & 4th vs 7th & 8th vs 11th & 12th graders vs adults, 9959
release from proactive interference & capacity for semantic encoding & temporal order judgments, patients with Korsakoff's syndrome vs verbal amnesia vs affective disorders & receiving ECT, 3761

Probability [See Also Response Probability, Statistical Probability]

induction & experience of randomness, 2627
model of multiple threshold pay-off matrix for probability estimation, support for signal detection theory of visual perception, 11794
preference tree model of choice behavior, marketing applications, comments on article by A. Tversky & S. Sattath, 6896
preference tree, probabilistic choice model, 4933
probability of bearing dizygotic twins, criticism of G. Allen's hypothesis, 9603
probability of bearing dizygotic twins, reply to W. H. James's criticism, 9590
signal probability, criterion used for signal detection, female 17–34 yr olds, 11826

Probability Judgment

attitudes toward psychotherapy & Blacks & human nature, judgment of likelihood of successful treatment of Black clinical cases, White college students, 12682
automobile trouble-shooting inference task, hypothesis generation & subjective judgments of probabilities of hypotheses, expert vs novice college students, 7168
bases for interpretation of experimental data in probability judgments, literature review, 4669
candidate's number of wins & losses & quality of opposition, prediction of winner, college students, extension of W. K. Estes' probability learning paradigm, 2656
emphasis on decision processes vs risk-cost-benefit analysis, government regulatory decisions, 5565
estimation of response to followups in mail surveys, 9281
formalization-realization cognitive style, probability judgment, 12–14 yr olds, 3181
inference & probability judgment, reply to criticism of R. Beyth-Marom & H. R. Arkes, 2613
past vs future event questions, calibration of subjective probabilities, college students, 7181
statistical procedures, estimation of probability of success in identifying sample with highest mean, unequal samples, implications for educational intervention evaluation, 11338
use of Bayes' theorem vs method of information presentation, probability estimation, criticism of study by J. J. Christensen-Szalanski & L. R. Beach, 2612

Probability Learning

candidate's number of wins & losses & quality of opposition, prediction of winner, college students, extension of W. K. Estes' probability learning paradigm, 2656
probability learning in random situation for finite set of multiple responses, humans, 9514

Probation

clinical &/vs statistical predictions of recidivism, probationary performance, adult male felonists on probation, 6459
development & reliability of Probationer Concern Inventory, assessment of needs & satisfaction, clients of New Jersey county probation office, 2429
establishment of psychological services in probation & parole department, Canada, 1844
level of violence & management by staff, probation hostels, England, 11043

Probation Officers

generality equivalence between attitudinal & behavioral entities & order & proximity of attitude & behavior questions, attitude-behavior consistency in sentence recommendations, probation officers, 9268
perceptions of juvenile delinquency, mothers & high school & college students & junior & senior high school teachers & police probation officers & psychologists & correction service personnel & delinquents, 3613

psychological report writing, 24–56 yr old correctional psychologists & probation officers & probation supervisors, training implications, 1867
teamwork in field probation offices & role of social workers, 1773
Probenecid
CSF levels of 5-hydroxyindoleacetic & homovanillic acid & probenecid & serum & CSF levels of tryptophan & tyrosine, 17–73 yr olds with depressive & nondepressive syndromes, 12824
Problem Drinking
attitudes toward alcohol problems, students pursuing professional degrees, 10508
availability for purchase of alcoholic beverages, sales & alcohol related problems, 3362
behavioral contracting, problem drinking spinal cord injured male, 8534
behavioral criteria for problem drinking, college students, 3361
behavioral self control training & bibliotherapy, control of drinking, problem drinkers with mean age of 43.9 yrs, 2-yr followup, 11079
characteristics & role & attitudes toward alcoholism & problem drinking & own drinking patterns, role in prevention of alcohol abuse, male vs female bartenders, 11093
coercion to seek alcohol counseling, treatment success, problem drinkers & alcoholics arrested for driving while intoxicated, 11064
epidemiology of problem drinking & social pathology, delinquent vs nondelinquent 13–18 yr old males, 10452
etiology & identification & treatment, drug & alcohol abuse, 13419
informant method of estimating alcohol use & alcohol-related problems, 9279
Michigan Alcoholism Screening Test, screening alcohol problems, voluntary & involuntary psychiatric inpatients, 6445
need for power & activity inhibition, 24–55 yr old light vs heavy drinkers, implications for power motivation of alcoholism, 10224
needs & attitudes & behaviors as related to students' alcohol/violence related home stress situations, elementary teachers & teachers in training, implications for alcohol education, 11195
own vs peer vs parent vs community vs religious standards for beer use, incidence of alcohol problems, high school seniors, 10081
physician guidelines, diagnosis & management of adolescent drinking problems, 11049
powerlessness & job satisfaction & content & intrinsic reward & social alienation, problem drinking, employed males aged 21 or older, 10225
screening for problem drinking, 18–65 yr old patients admitted to general medical ward, 11003
short term group treatment approach, problem drinking drivers, 1891
social pressure & family problems & self destruction, alcohol intoxication, hospital treated 6–16 yr olds, Finland, 5865
sociodemographic & distribution of consumption characteristics, drinking behavior & alcohol abuse, California, 10507
transition to capitalism, production & consumption of alcohol & drinking problems, 18th & 19th centuries, England, 7947
Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]
chronological & mental age & flexibility in play &/or nonliteral object use, problem solving, preschoolers with mean age of 56 mo, 9954
cognitive appraisals of coping resources, problem-directed coping behaviors following exam failure, college students, 11242
cognitive development & arithmetic problem solving, critique of article by J. Hiebert et al, 5400
cognitive development & arithmetic problem solving, reply to criticism by L. P. Steffe & P. Cobb, 5362
cue sentences with vs without knowledge of relevance to subsequent problem solving task, use of cue information, college students, 7171
development & validity & reliability of Clinton Assessment of Problem Identification Skills for Instructional Supervisors, 9319
dialectical inquiry vs devil's advocate technique, creativity of problem solving, female vs male college business students, 7153
divergent & convergent production on Family Test, prediction of intelligence & school achievement, 15–16 yr olds & college students, 5361
duration & variability of system response time & memory load, problem solving, college students, 7149
framework for understanding & design guidelines for interventions, social problem solving, residents & corrections officials involved in implementation of Minnesota Community Corrections Act, comment by C. L. Chiles & author's reply, 12574
information feedback & goal specificity characteristics of problem, problem solving strategies, college students, 7180
instructions to think aloud, managerial problem solving & decision making, graduate business students, 4521
intelligence & personality, effect of low intensity continuous vs intermittent noise on mental performance, 10 yr olds, 5309
interpersonal problem-solving skills training, peer interaction, 4.2–5.5 yr old preschool students, 11224
inventory construction, measurement of problem solving skills, depressed college students, 9328
majority vs minority influences, creative problem solving, male college students, 10249
mathematics problem solving before going to sleep, paradoxical sleep phases, 20–25 yr olds, 2897
mental work vs sensory intake task performance, elevation of physiological & neuroendocrine responses, Type A vs Type B males, 536
methods to overcome ambiguity in solution of verbal problems requiring logic vs imagination, 7166
model of human text editing performance, 174
nonmathematical variables affecting numerical problem solving, 3rd graders, 9005
onset asynchronies of complex stimulus sport problem & mask & level of athletic expertise, response accuracy, basketball players with mean age of 22.1 yrs, 7158
perceived value of positive vs negative self reward vs punishment, arithmetical problem solving performance, postgraduate students, 4914
perception of own memory & problem solving abilities, 65–75 yr olds, 7758
perception of sons' problem solving skills & attentiveness & cooperativeness, mothers of 3.4–5.2 yr old developmentally delayed males, 12389
phases of mathematical problem solving, instructional implications, 6603
planning & organizing in solution of tower of Hanoi problem, 7 yr olds, 10007
practice on small vs intermediate size problems in familiar vs unfamiliar context, solution of large size problems, college students, 11905
prior experience & educational background, creative problem solving, college students, 7159
problem difficulty & internally vs externally directed attention & numerical vs alphabetical tasks, eyeblink rate during nonvisual problem solving, college students, 2901
problem solving appraisal, satisfaction with & use of career planning services & vocational identity, college students, 11300
problem solving behavior, 40–58 yr old male detoxified long-term alcoholics, comparison with patients with frontal lobe damage, 10479
problem solving paradigm as preventive approach in school counseling, 11296
problem solving therapy & social adjustment, performance on Means-Ends Problem-Solving Procedure, alcoholics & prison inmates & college students & counseling clients & hospital patients, West Germany, 3878
problem solving, 17–35 yr old schizophrenics & epileptics, 8071
professional training program, learned helplessness & attending & confrontation & impact messages & problem solving, counselors who provide service to aged, 4188
research in mathematics education on concepts & strategies in mathematics problem solving, children, 13570
rest vs paced respiration vs mental arithmetic, pulse transit time & intra-arterial systolic & diastolic blood pressure & mean arterial pressure, 22–33 yr old males, 2888
role of concepts & solution methods in solving 2-step word problems with ratio, 9–14 yr olds, 12435
role taking & role sending process & organizational context, role conflicts & negotiation/problem solving, internal program evaluators, 2260
social & emotional problem solving & cognitive ability, gifted vs average 6th graders, 3231
soluble vs insoluble problems & use of means-end vs history-cued strategies, transfer effects in problem solving, 3rd & 8th graders & college students, 852
solution factors in 3-term series problems, 12 vs 15 yr olds, 9987
special instruction in biophysics, problem solving performance, 5th graders, 13584
stationary vs attribute independence hypothesis, concept identification performance, adults, 2625
strategic skill acquisition in solving bookkeeping tasks, intermediate accounting course student vs professor of accounting, 9003
strategy vs self reflection training, problem solving, 7161

system based on algorithm underlying response pattern vs conventional scoring of achievement tests, reliability & dimensionality of test scores, 8th graders, 9089
systems analysis & problem solving & roles & optimum solutions & kinds of problems, management simulation games in large socioeconomic systems, scientists from socialist countries, 6843
time of day, classroom behavior & problem solving performance fluctuations, intermediate-level attention deficit students with hyperkinesis, 13666
training in sequential problem solving, remediation of coding deficiencies, mentally retarded adolescents, 14-wk followup, 12950
type of cognitive training, problem solving, college students with science vs humanities majors, 6663
type of task & level of task difficulty & type or volume of noncontingent punitive stimulation & intelligence & personality & motivation, problem solving, human Ss, 11870
type of task, effectiveness of group vs individual problem solving, 6 & 9 & 12 & 15 & 18 yr olds, 3132
utility of scientific information in practical problem solving, difficulties of implementation, 4174
verbalization vs picture selection, solution of spatial perspective & rotation tasks, kindergartners & 2nd graders, 9977

Procaine
haloperidol & physostigmine, self administration of procaine vs cocaine, monkeys, 3013
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
procainamide vs cocaine vs dimethocaine vs lidocaine vs procaine vs chloroprocaine vs tetracaine vs propoxycaine, FI responding, male rhesus monkeys, 12329

Process Psychosis
concordant progression from affective illness to process schizophrenia, identical twins, 5774

Process Schizophrenia [See Process Psychosis, Schizophrenia]

Productivity (Employee) [See Employee Productivity]

Professional Certification
age & sex & length of service & basic education & professional qualification, propensity to change jobs &/or leave social work related employment, nursing home staff, England & Wales, 8878
certification for organizational behavior managers, 11393
individual state legislation mandating special education to preschoolers & development of certification standards for teachers of preschool special education, 6753
reasons for noncategorical teaching certificates in special education, 13511
regulation of quality & licensure & certification, mental health & psychotherapeutic services, Canada, 13491
reliability of grading in oral examination, American Board of Pediatrics examiners, 6487
reliability of oral communication, American Board of Psychiatry certification process, psychiatric candidates, 11141

Professional Communication [See Scientific Communication]

Professional Consultation
action science, diagnosis & intervention in organizational behavior, criticism by M. L. Lauderdale & reply by author, 13752
analysis of biased attributions, client & consultee & consultant in unsuccessful educational consultation, 1985
care & referral of anxious & depressed patients for psychiatric consultation, primary physicians, 6336
characteristics of consultation-liaison psychiatry programs in hospitals, 6442
client-centered consultation, skills in describing classroom problems & generating appropriate remedial plans, graduate students in school psychology, 1976
computed tomography of brain, patients referred for psychiatric consultation, 1124
consultant skills & school organizational climate, utilization of consultation service, elementary teachers & principals, 1970
consultation services of infant mental health program, evaluation & treatment of custody cases, families & their children up to 3 yrs of age, 1732
consultation to psychiatric staff at correctional institutions, university psychiatric & counseling staff, 8842
consultation to residential community facilities, mental health consultants, 8730
Consultation-Liaison Outcome Evaluation System, assessment of psychiatric consultation, 6088
consultation-liaison psychiatry in medical treatment, literature review, 1487
contributions of psychoanalysis to medicine through consultation-liaison psychiatry, 1922
demographic characteristics & presenting problems & intervention, preschoolers to adolescents referred for psychological assistance in community based health care facility, 8679
description of work responsibilities, special education teacher consultants, 6562
development of psychiatric mental health nursing consultation in general hospital, 4069
diagnostic & patient-oriented psychiatric consultations, mentally retarded child development center clients, 10948
effectiveness of medical consultation measured by compliance with consultant's recommendations, physicians, 8877
expansion of functions to include consultation & technical assistance, school based multidisciplinary teams, 11180
group consultation techniques & format of seminars & observations to assist 1st yr 6th grade teachers in classroom management & parent communication, 4229
Health Belief Model, noncompliance to medical treatment, implications for role of liaison psychiatrist, 13318

important features to include in mental health/legal report, 5587
internal consultation in organizational development, criticism of P. M. Nufrio, 4533
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
methodological issues, consultation research, implications for counseling psychology, criticism of study by C. J. Meade et al, 8683
methodological issues, consultation research, implications for counseling psychology, criticism of study by C. J. Meade et al, 8705
model of consultation with teachers, school psychologists, 4247
model of professional consultation, 11134
need for integration of liaison & geropsychiatry in general hospitals, 13366
need for joint medical & psychiatric consultations, treatment compliance, 28–42 yr old psychiatric inpatients, 6431
objectives of initial interview, behavioral consultation, literature review, 1498
past & projected relationship & delivery & likely results of services & training of graduate students, counseling psychologists in industry, 4178
patient- vs health-professional- vs organization-centered mental health consultations, 3819
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
prevalence of consultation with colleagues regarding soundness of manuscripts prior to submission for publication, social vs physical scientists, 11139
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
professional goals & training & roles in business & industry, counseling psychologists, 4190
professional services performed & professional issues encountered & interest in business & industrial settings & professional collaboration, counseling psychologists, 4203
psychiatric consultation, ambivalence toward radical surgery, 53 & 56 yr old male cancer patients, 1464
psychodynamics of organization development consultants, 11144
psychosomatic research & behavioral medicine & holistic health care & general hospital psychiatry & interdisciplinary collaboration & transformation of consultation model, consultation-liaison psychiatry, 4183
purpose & targets & prevention & development in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4172
relevance of DSM-III for consultation-liaison psychiatrists, 5708
resistance to consultation services provided by psychologists, school personnel, 13530
role as stress management consultant to school staffs, counselors, 9114
role in burn units, psychiatric nurse consultants, 1821
role in referral & pastoral & group consultation & use of written communication, pastors, 10967
role of consultants in human service programs, 10933
strategies for internal consultation in organizational development, 4548
teacher characteristics, perception of consultant's facilitative characteristics & effectiveness of consultation, classroom teachers, 1996

training of graduate students & history of neglect & need for & kinds of services in business & industry, counseling psychologists, criticism of S. H. Osipow's & J. E. Toomer's work, 4155
use of checklists for referral & consultation, elementary school counselors & teachers, 11310
use of strategic psychotherapeutic technique in psychiatric consultation, hospitalized medical patients, 6419
work environment assessment by liaison psychiatrist, morale & patient care, burn unit staff, 13464
Professional Development
agency values & staff development & program flexibility & support of parents as primary family life educators, sex education in Colorado's Project RAM, 6368
apparent trend toward de-professionalization of clinical psychology, Great Britain, 11105
career stages & individual needs, management of superior-subordinate relationship, employees & supervisors, 9162
cognitive & reflective & interactive model of development, educational administrators, 6553
consumer construction & implementation of continuing education model, health & mental health administrators, 1944
demographic variables & professional activities & supervisor attitudes, Diplomates & Fellows of American Association of Pastoral Counselors & Supervisors of Association for Clinical Pastoral Education, 11111
framework for organization of approaches to supervision, supervisors of psychotherapist trainees, 8857
improvement in social relations & social-welfare skills & professional knowledge & advancement & compliance with authority & relief from routine, participation in continuing education, nurses, 4177
interaction of academia & scientific discipline of psychology & feminism & women as scientists & content area, advocacy vs scholarship in psychology of women, 6529
mandatory continuing education, professionals, 11220
organization & conducting of career planning conference for women, 13710
organizational counseling & career development program, government employees & supervisors, 11347
perceptions of knowledge adequacies & inservice training needs & identification of vital instruction areas, rehabilitation educators, 8854
professional identity development, psychoanalyst trainees, 6494
program evaluation activities in School Nurse Achievement Program, nurses working with handicapped children, 4372
publication & professional development, educational psychologists, criticism of D. Thompson & C. Lindsay's study, 13521
skill & values & professional accomplishments, career satisfaction, elementary & high school teachers, 13515
sources of continuing education, behavior therapists, 11102
strategies for enhancing rate & quality of career growth, 11445
work assignments & inservice training & academic preparation needs, comment on article by R. E. Matkin et al, 11104
work assignments & inservice training & academic preparation needs, rehabilitation administrators & supervisors, 11123
Professional Ethics
advocacy, chronological case study of mental retardation, social scientists, ethical implications, 4143
current ethical/legal issues in psychology, 13462
defenselessness of experimental Ss & informed consent issues, moral objectives & methods of psychological research, 6958
divided loyalties in professional practice & implementation of social welfare policy, social workers, 8900
ethical & value & professional conflicts in systems therapy, family therapists, 1545
ethical aspects of organization development, 4556
ethical concerns in family therapy, 6166
ethical considerations in medical care involving contraceptive services, adolescents, 1710
ethical issues in hospice care, 3990
ethical issues in mental health policy & administration, summary of National Institutes of Health conference & annotated bibliography, 1458
ethical issues in psychohistory, comments on article by R. O. Begrup et al & author's reply, 17
ethical issues, individual psychotherapy with married client, 13473
ethical issues, industrial social work practice, 11121
ethical issues, long term gerontological care, social work implications, 11127
ethics & standards of professional psychology regarding licensing & respecialization, 8865
ethics, behavior modification, 8516
ethics of psychiatry in correctional facilities, 8750
factors causing ethical conflict in clinical decision making regarding families in therapy, clinical psychologists & psychiatrists & psychiatric social workers & nurses, 1932
history & legal authority & procedures of medical ethical review committees, Declaration of Helsinki adopted by World Medical Association in 1964, 1919
implications of Tarasoff vs Regents of the University of California, legal responsibility to warn when 3rd party threatened, psychotherapists, 5583
interest in & ethics of receiving results of psychological evaluation, clients & job applicants, 6484
interplay between organizational authority of management & professional responsibility of clinical sociologists, 6850
libel & slander issues, counselors, 11142
model for teaching ethics, family practice residency, 8913
phenomenological & sociolinguistic analysis, report of medical error made by surgeon, family physician witness, 4179
practicality & ethics, experimental evaluation of new treatment programs, implications for psychology of religion, 6069
reliability, peer judgments of psychology research proposals, ethical review committee, 13453
sex & years of clinical experience & occupation, ethical conflicts related to clinical intervention, mental health workers, 6513
survey of ethics training in graduate schools of psychology, Canada, 8894
US Supreme Court's "Tarasoff" decision, psychotherapy with potentially violent 20 yr old male & duty to warn victim, psychiatrists, 6149
Professional Fees
cash deposits, attendance & weight loss, clients of fee-for-service obesity clinic, 13126
fee payment source, duration of outpatient psychotherapy, community mental health center patients, 3825
fees & missed appointments as transference issues, borderline 30 & 22 yr old patients, 3853
free psychotherapy, perceptions of psychotherapeutic process, therapists & 19–37 yr old patients, 3844
Professional Licensing
costs of occupational licensing, minorities, 13452
ethics & standards of professional psychology regarding licensing & respecialization, 8865
history & effectiveness & recommendations, professional licensing, 13460
inconsistencies in state regulation of marriage & family therapy, 1950
professional licensing, bibliography of publications retrieved in computer search of American Psychological Association's PsycINFO database, 13448
professional registration, practicing psychologists, Great Britain, 4152
regulation of quality & licensure & certification, mental health & psychotherapeutic services, Canada, 13491
social costs & benefits, licensure, physicians, 13476
sunset review process, school psychology licensing, 1984
training & licensing in clinical psychology, UK, criticism of article by British Psychological Society, 13470
Professional Newsletters [See Scientific Communication]
Professional Organizations
changes in number & types of papers presented at Canadian Psychology Association's annual conventions, 8843
characteristics of professional impairment through drug & alcohol abuse & mental disorder & response of medical establishment, physicians, 4175
demographic characteristics & androgyny, members of Christian Association for Psychological Studies, 13449
early history of Pavlovian Society, 1937

regulation of quality & licensure & certification, mental health & psychotherapeutic services, Canada, 13491
structure & implementation of regulations governing education & professional practice, psychologists, France, 4187
Professors [See College Teachers]
Profiles (Measurement)
ability profiles on WISC-R, Black vs White 6–16.5 yr olds matched on Full Scale IQ, 5391
cluster analysis of consumer questionnaires, factor profiles of home-fashion shoppers, females, 11500
cluster analysis resulting in within-class group profiles, faculty rating form responses, college students, 2190
cluster-analytic typology based on IJR Behavior Checklist profiles as alternative to clinical diagnostic classification, 4–17 yr old patients with behavior & other disorders, 3492
concurrent & construct validity of Hysteric & Compulsive & Character Disorder subscales of Multivariate Personality Inventory, assessment of personality-psychopathology relationship, female college students, 9385
corrected profile for multiple sclerosis-related symptoms for MMPI, 19–61 yr old multiple sclerosis patients, 7050
development & validity of Computerized Marriage Assessment, 21–40 yr old married vs divorced or separated mothers of at least 2 children, Australia, 2416
fear & anger & joy factors, individual emotionality profiles, questionnaire respondents, 8042
intragroup variation, WISC-R profile diagnostic categories, learning disabled 8 yr olds, assessment of A. Bannatyne's recategorization of WISC subtests into subgroups, 4427
MMPI profile clusters, coping & pain behaviors, low back pain inpatients, 5996
MMPI profiles, suicidal vs nonsuicidal depressives, 3585
MMPI profiles, 20–40 yr old male veteran inpatients with diagnosis of borderline personality disorder, 108

MMPI-168 factor score profiles, 20–60 yr olds with diagnosis of schizophrenia vs depression vs personality disorder, 12833
modal profile analysis of revised Symptom Check List-90, patients with adjustment reaction & alcohol & nonopioid & opioid type dependence & neurosis & personality disorders & schizophrenia, 12876
personality profile, females with mean age of 29.1 yrs attending artificial insemination by donor clinic, 8006
personality subgroups delineated from cluster analysis of Eysenck Personality Questionnaire, number of previous convictions &/vs type of offense, 14–17 yr old delinquents, partial support of H. J. Eysenck's theory of criminality, 8212
power & intimacy & affiliation & achievement motivations in TAT profiles, former politically radical vs moderate Ss with mean age of 42 yrs, 3455
profiles of developmental progress of skill gain, developmentally delayed 5–45 mo olds, implications for early intervention, 9918
psychodiagnostic testing profiles & presenting complaints, patients involved in workers' compensation litigation, 3568
psychological profile & morbidity, factory workers, Romania, 10414
psychological profiles, rapists & their victims, 3599
reliability & validity, R. Likert's Profile of Organizational Characteristics, employed business administration students, 136
scores on Rotter's Internal-External Locus of Control Scale & Mini-Mult MMPI, obese vs nonobese American Indians vs Whites with mean age of 29 yrs, 2456
stable behaviors associated with high-point depression MMPI profiles, nonpsychiatric employed males, 4-yr longitudinal study, 7004
theoretical basis & clinical applications, Emotional Profile Index, 4720
validity, shortened version of Profile of Mood States, cancer patients with mean age of 53.6 yrs, 9378
Profoundly Mentally Retarded
age, development of self care activities & verbal behaviors & contact with persons & objects, severely or profoundly retarded 10.5–17.8 vs 18–26.9 yr olds, 3651
audio feedback system, head control, profoundly retarded multiply handicapped 2–16 yr olds, 8523
behavior modification program, bladder & bowel continence, developmentally retarded 2.7–3.8 yr olds functioning within profound range of mental retardation, 10811
behavioral participative management procedure, improvement of performance in patient interaction, staff members of residential institution for 10–18 yr old severely & profoundly retarded, 1780
brief correction procedure, management of high rate spitting, profoundly retarded 9 yr old, 8503
educability of profoundly mentally retarded, literature review, 8773
importance of & techniques for esthetic training, institutionalized profoundly retarded adults, 6441
nonvocal symbol system training, communication, nonverbal moderately to profoundly mentally retarded 9–17 yr olds, 1468
overcorrection & time out treatment, mealtime posture, 14 yr old profoundly mentally retarded female with Down's syndrome, 8532
sensorimotor & adaptive behavior development, severely & profoundly mentally retarded children, 12964
sensory extinction, disruptive classroom behavior, 9 yr old profoundly retarded male with cerebral palsy, 11278
sensory integrative treatment, self injurious behavior, profoundly mentally retarded multiply handicapped Ss, 8544
serum immunoglobulin levels, institutionalized profoundly mentally retarded 7–18 yr olds, 8253
simple correction & differential reinforcement, hand-mouthing stereotypy, 24 yr old profoundly mentally retarded females, 8531
single vs dual trainers, acquisition of verbal labels, 15 & 22 yr old profoundly retarded females with echolalia & inappropriate verbal behavior, 8533
systematic teaching of manipulatory ability, reduction of stereotypies, nonambulatory profoundly retarded, 4101
trial & error vs graduated stimulus change vs noncriterion related training method, size discrimination, profoundly mentally retarded 16.1–55.4 yr olds, 1311
visual & auditory & social & vibratory reinforcement, head turning, 9 yr old multiply handicapped profoundly retarded male, 3915
Progesterone
colchicine vs anisomycin vs cycloheximide, lordosis induced by estradiol benzoate & progesterone, ovariectomized rats, 5225
estradiol & progesterone & testosterone induced artificial menstrual cycle following ovariectomy, behavioral rhythms, rhesus monkeys, 559
estradiol followed by progesterone, prazosin binding to brain alpha adrenergic receptors, female guinea pigs, implications for mediation of sexual behavior, 9842
estradiol with vs without progesterone, sexual responsiveness, ovariectomized rats, 7597
estrogens & progestin, nerve cells & female sexual behavior, rats, 9844
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
midbrain & habenula implants of progesterone, sexual receptivity, female rats, 696
neonatal exposure to medroxyprogesterone, subsequent development of play behavior, male vs female rats, 12246
ovarian cycle, estradiol & progesterone levels & receptivity & proceptivity, female beagles, 5105
ovarian hormone injections, initiation of sexual contact with physically-restrained male & sexual motivation, female rats, 12263
septal lesions, lordosis, estradiol- & progesterone-primed female hamsters, 2994
Prognosis
analysis of sleep disorders & other biological factors, diagnosis & prognosis & treatment & evaluation of therapeutic response, depressed patients, literature review, 12766
categorical vs dimensional coding of causal attributions, prediction of willingness to grant parole & prognosis for rehabilitation & risk of future crime, expert parole decision makers, 4092
clinical features & prognosis of disease manifested in acute transient psychoses at mature ages, schizophrenics, 8091
clinicians' prognoses & expectations, psychiatric rehospitalization, community mental health center patients, 11015
computed tomography scanning & rescanning, cognitive function & ventricle brain ratio, patients with senile dementia, 2-yr followup, 6008
diagnosis & prognosis, adolescents with paranoid vs psychopathic schizophrenia, 5750
diagnosis & prognosis of schizophrenia, literature review, 12786
diagnosis prior to treatment, level of functioning in frustrating situations, stutterers, 6304
EEG & clinical correlates, outcome of pharmacotherapy, acute schizophrenics, 1198
influence of therapeutic process, psychosomatic symptoms & anxiety & fantasy & prognosis of disease, patients with cirrhosis of liver, 8281
introversion & extraversion, prognosis following mastectomy & breast cancer therapy, females, 6340
long term outcomes, children with alexia, 5–7 yr followup, 10536
Nishizone Self Rating Scale, diagnosis & prognosis, neurotic patients, 9361
patient & illness characteristics, prognosis for treatment outcome, 17–60 yr olds with hypochondriacal neurosis, 10604
prognostic impressions of mental retardation, pediatricians vs psychologists vs educators vs allied health professionals vs social workers, 4210
prognostic significance of clinical features, patients with periodic schizophrenia of 20 yrs duration or more, 8085
prognostic utility of Rotter's Internal-External Locus of Control Scale, 18–65 yr old agoraphobics in behavioral & pharmacological treatment, 10696
psychological prognosis, 20–60 yr olds with chronic organic solvent intoxication, 3731
severity of initial illness & physical health & life events & SES, outcomes, depressed 65–89 yr olds, 10698
sex differences, use of hospital & outpatient services & social adjustment, 15–45 yr old schizophrenics, 10708
stenotic & occlusive vessel disease, social performance, ischemic cerebrovascular disease patients, 1455
testing methods, diagnosis & prognosis, stutterers, 5933
Program Evaluation (Educational) [See Educational Program Evaluation]
Program Evaluation (Mental Health) [See Mental Health Program Evaluation]
Program Planning (Educational) [See Educational Program Planning]
Programed Instruction
programed instruction in mountain hiking safety, safety-related behavioral intentions & influence of social environment, military cadets, 2228

prompting & feedback & type & amount of information provided, learning from concept-programed material, college students, 2011
visual instruction as complement to programed instructional units, achievement, college students, 11216
Programed Textbooks
effectiveness of programed textbooks, education students, 13548
format models, technical training materials, 9135

Progressive Relaxation Therapy
compliance to progressive relaxation & orthopedic exercises & pain levels, 42 yr old female with chronic back pain, 13255
frontalis EMG biofeedback, autogenic training & progressive relaxation, dysmenorrhea, 20 yr old female, 10821
home use of tape recorded progressive muscle relaxation exercise, tension headaches or chronic anxiety or borderline labile hypertension, male veterans, 3932
music &/vs progressive muscle relaxation, tension reduction, college students, 3918
progressive relaxation & coping imagery & self instruction strategies, basketball performance, female players, 1602
progressive relaxation training & level of anxiety, memory improvement, 59–85 yr olds, implications for cognitive therapy & retraining, 3934
progressive relaxation vs imagery with vs without tension release, sleep onset insomnia, 19–71 yr olds, 13264
progressive relaxation vs mantra meditation, paradoxical relaxation-induced anxiety, Ss with mean age of 34 yrs with general tension, 1586
Project Head Start
age & family structure & gender, self concept, Head Start 3.4–6 yr olds, 7788
chi square goodness of fit statistics & incremental fit indices & coefficients of determination, assessment of causal models for Head Start Program effects, 189
heterogeneity of IQs, urban Head Start children, 3156
prevalence of behavioral & emotional disturbance, 3–5 yr old Head Start participants, 10307
Spanish &/vs English as language of instruction, Mexican American Head Start children, 13544
temperament, adjustment to group settings, children in kindergarten vs Head Start program with mean ages of 68.6 & 46.7 mo, 2078
Projection (Defense Mechanism)
controllability & consistency of controllability over aversive shock, denial & projection & preoccupation & coping with stress & physiological responses, Type A vs Type B Ss, 10299
transactional analysis method to help clients develop positive future scenarios while abandoning destructive past decisions, 8451
Projective Personality Measures [See Also Bender Gestalt Test, Holtzman Inkblot Technique, Human Figures Drawing, Rorschach Test, Rosenzweig Picture Frustration Study, Szondi Test, Thematic Apperception Test, Zulliger Z Test]
development of norms for House-Tree-Person & Draw-an-Animal tests, 5–13 yr olds, Spain, 4743
Hand Test performance, differentiation of vocational types measured by Vocational Preference Inventory, female college students, 2477
House-Tree-Person Test, measurement of pathology before vs after hemodialysis, schizophrenic 19–30 yr olds, 8156
test-retest reliability of Hand Test, 8th–10th graders transferred to alternative school for acting-out, 2447
use of Miner Sentence Completion Scale to predict turnover, US Military Academy & Officer Candidate School students, 13717
validity of Hand Test, assessment of individual variability in levels of self care & organic dysfunction & personality, institutionalized 65–101 yr olds, 9335
Projective Techniques [See Also Bender Gestalt Test, Holtzman Inkblot Technique, Human Figures Drawing, Projective Personality Measures, Rorschach Test, Rosenzweig Picture Frustration Study, Szondi Test, Thematic Apperception Test, Zulliger Z Test]
Bar-Ilan Picture Test for Children, interview aid used to elicit child's perception of place in society & school & home, elementary school students, 4410
card pull of projective test stimuli, literature review, 9299
description of play schoolroom activities, projective technique for cross cultural study of community attitudes & values, 7–11 yr olds, France vs Great Britain vs US, 5458
Projective Testing Technique
case history & Freudian interpretation, 1st responses to P. N. projective test, children & psychotic child, 5744
Developmental Level vs Developmental Quality systems of scoring Rorschach Test, measurement of cognitive development, 5–16 yr olds, 4788
human figure drawings by psychiatric patients vs normal Ss, influence of art quality on evaluations, clinicians, implications for validity of figure drawing tests, 2423
Projective Tests [See Projective Techniques]
Prolactin
apomorphine & pretreatment with domperidone vs haloperidol, prolactin responses, male rats, 5194
apomorphine-induced growth hormone secretion & prolactin responses, schizophrenics, literature review, 6259
buspirone, prolactin & growth hormone secretion, male rats & 21–27 yr old males, 5223
contingent negative variation & prolactin, schizophrenic 19–26 yr olds with initial acute psychosis & chronic schizophrenic 38–50 yr olds on vs not on neuroleptic therapy, 8579
CSF & serum prolactin concentration & memory dysfunction, neurological patients with vs without central cerebral atrophy, 1377
escapable vs inescapable shock, plasma prolactin level, male rats, 5171
escapable vs inescapable vs no shock, plasma prolactin levels, rats, 9770
fluphenazine decanoate therapy, plasma prolactin variations, chronic & acute schizophrenic males with mean age of 32 yrs, 6247
gamma endorphins, prolactin secretion, rats, 7601
gonadotropin releasing hormone, growth hormone & prolactin & thyrotropin release, depressed patients, 1138
gonadotropin releasing hormone infusion test, levels of luteinizing & follicle-stimulating & growth hormones & prolactin & thyrotropin, 46–64 yr old depressed vs 54–67 yr old nondepressed postmenopausal females, 10338
hostility & depression & anxiety, males with hyperprolactinemia, 3698
hyperprolactinemia, depression & hostility, patients, 5962
hypoglycemia, prolactin response, acutely depressed 16–65 yr olds, 5765
hypophysectomy, suckling-induced prolactin release & maternal aggression, parturient mice, 5179
induced ischemic pain, pain & thermal & tactile threshold elevations & reversal by naloxone, 20–28 yr olds, implications for endogenous opioids & adenohypophyseal system, 2933
levels of plasma glucose & glucose tolerance & serum triiodothyronine & thyroxine & thyroid stimulating hormone & prolactin & growth hormone, 19–34 yr old bulimic females of normal weight, 13055
methadone, prolactin & cortisol secretions & euphoria & elation & grandiosity, 21–47 yr old acutely manic males, 1646
monosodium glutamate & ether stress, prolactin release, male rats, 7610
physostigmine dosages, levels of arginine vasopressin & cortisol & melatonin & growth hormone & luteinizing hormone & prolactin, males, 9807
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
prolactin levels, distress & hostility, postpartum females, 9706
prolactin microinfusions into dorsal midbrain, lordosis, estrogen-treated ovariectomized rats, 12188
serial prolactin in diagnosis of hyperprolactinemia, 21–45 yr old psychiatric patients, 10365
serum testosterone & prolactin levels, impotent males, 13079
social rank & aggression & group- vs single-housing, circulating levels of cortisol & prolactin, male talapoin monkeys, 12262
tetrahydrocannabinol & castration, plasma levels of follicle stimulating hormone & prolactin & growth hormone, testosterone propionate treated vs untreated male mice, 2912
Proline
atropine sulfate vs propranolol vs captopril, bethanechol-induced water intake & urine output & heart rate & blood pressure, female rats, 3022
Prolixin [See Fluphenazine]
Promethazine
dimenhydrinate vs promethazine hydrochloride vs promethazine & dextroamphetamine during angular acceleration, visual fixation ability & visual tracking, humans, 5242
histidine & chloropyramine vs ketotifen fumarate vs clemastine vs promethazine vs cimetidine vs atropine vs antagonists of dopamine vs noradrenaline vs serotonin, bizarre behavior, male rats, 677
Promiscuity [See Prostitution]

Pronouns
distance between pronoun and antecedent, eye movements during pronoun assignment, college students & faculty, 7156
representation of females vs males in generically intended nouns & pronouns, college textbooks, 5589
Pronunciation
deep vs shallow orthography & semantic relationship & language of stimulus word & semantic priming, pronunciation & recognition of printed words, American & Yugoslavian college students, 4949
diphthongization of high vowels /i/ & /u/ & dichotomy in English sound system, 734
lexical contributions to pseudoword pronunciation, 12346
pronunciation vs recognition of correct word form, 3 yr 4 mo old, 9983
test procedures for quantitative assessment of phonetic intelligibility, synthesized-by-rule vs analysis-synthesis vs natural speech, college students & teachers, 9885
vowel sound associations, learning disabled 2nd–6th graders, 12951
word meaning & pronounceability & linguistic frequency, situational frequency estimation & recognition, college students, 4958
Propaganda
categorization system for slogans & pictorial propaganda & methods for investigation of propaganda effectiveness, 12336
psychology of propaganda, 7835
Propranolol
anxiolytics vs antidepressants vs antipsychotics vs chlorpheneramine vs phentolamine vs scopolamine, spontaneous abnormal behavior, "depressed" beagles, 12283
atropine sulfate vs propranolol vs captopril, bethanechol-induced water intake & urine output & heart rate & blood pressure, female rats, 3022
clozapine vs central anticholinergics vs propranolol, apomorphine-induced climbing & gnawing, male ICR mice, 9827
concurrent use of propranolol & maprotiline, 63 yr old depressed male with upper extremity tremor, 8574
diazepam & propranolol, ethanol withdrawal syndrome & urinary catecholamines, male rats, 9791
haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
haloperidol vs propranolol pretreatment, discriminable effects of dextroamphetamine & generalization with levamfetamine vs para-hydroxyamphetamine vs morphine vs delta-9-tetrahydrocannabinol vs apomorphine vs LSD, pigeons, 3040
propranolol, amelioration of symptoms, 12–13 yr olds & 36 yr old females with Gilles de la Tourette's syndrome, 10870
propranolol, treatment of schizophrenia, 20–35 yr old males, 10866
RT tasks vs unavoidable shock tasks vs tasks with both elements & propranolol, phasic heart rate, 19–24 yr old college students, 2896
vagotomy vs methyl scopolamine vs sympathectomy & guanethidine vs propranolol, role of vagus nerves in heart rate response to auditory & olfactory & painful stimulation, preweanling & neonatal rats, 7493
Proprioceptors
mandibular muscle spindle & histochemical comparison with mammalian masseter muscle, fish, 9649
proprioceptive sensation, maintenance of equilibrium of unstable mechanical system, 20–35 yr olds, 7340
size of figure explored by tip of index finger, identification of shapes & role of proprioception, adults, implications for design of tactile displays for education & assistance of blind, 11774
waterborne mechanical stimuli & antennular movement & anteroventral & posteroventral deflection, short hair sensilla, blue crabs, 2839
Prose [See Also Autobiography, Biography]
analysis & autobiographical content of Freud's early essay "Screen Memories", 6930
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
development of prose comprehension & writing skills, children, literature review, implications for instructional strategies, 12447
efficiency of verbal vs visual adjunct aids, concrete vs abstract prose learning, college students, 274
embedded vs intact headings with vs without use instructions, performance on processing of complex text material, college students, 4940
imagery-concreteness of prose passages used in advance organizer studies, college students, 11215
methodology using algorithms based on graph theory, analysis of structure & process in prose, 14 yr olds, 4394
modern physics as indication of wholeness & representation of implicit order & role of symbols in science & art, interpretation of book by D. Bohm, 2344
number of decisions concerning content during reading, recall of prose material, college students, 4901
organization level of prose measured by 7-point scale, scale validity & relationship between recall & organization level, 3rd & 6th graders & adults, 7073
passage length, recall & recognition, college students, 289
penmanship & complexity & accuracy of prose & length & bulk of answers & number of quotations used, "A" level English literature examination marks, students, 9011
post-adjunct vs post-interactive questioning techniques, elaboration of schemes & free recall of prose, college students, 11871
presentation & number of clues in narrative story, generation & monitoring of inferences, 5–10 yr olds, 7752
reading preferences in settings & characters & group interactions, Mexican American 7th graders, 6707
schema-directed processes & memorization of prose material, literature review, 2661
sensitivity to process of change in own lives as reflected in essays, 11–17 yr olds, 7772
structural importance of prestudy quizzed information, selective attention & memory for quizzed vs nonquizzed information, college students, 4964
syntax of clauses & announced subject matter, reading times & processing & memorization of explicit vs implicit temporal relations expressed in sentences, college students, 265
Writer's Workbench computer programs for UNIX operating system, analysis of English prose to facilitate improved writing, 4682
Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]
activity-related process-oriented diagnosis of prosocial behavioral competence, school age children, 4817
amount of noncontingent adult attention & group vs individualized teaching vs play, variability of prosocial & problem & task-related behaviors, hyperactive males, 13653
consideration of need in allocations & justifications, preschoolers, 7676
demand vs direct vs choice vs minimal telephone request for help, compliance, adult Ss, results contrary to psychological reactance theory, 12635
effects of "TV diet" of prosocial programs, social behavior, institutionalized behavior disordered 8–18 yr olds, 8741
endogenous catecholamine &/or opiate rewards, implications for reinforcing prosocial behavior, 5073
exposure to violent film following positive vs negative treatment by confederate, subsequent prosocial behavior toward confederate, female college students, implications for excitation-transfer theory, 12646
frequency of prayer, friendliness & cooperativeness, noninstitutionalized adults, 8034
imaginative play training, prosocial behavior & creativity, institutionalized 3–6.2 yr olds from deleterious home environments, 4085
moral prosocial reasoning & differentiations among potential recipients of aid, elementary & high school students, 7778
mother's vs father's behaviors toward their children, prosocial behavior, 36–72 mo olds, 10071
perceived age similarity & dying vs not dying patient, willingness to telephone or visit, Ss with mean age of 68.8 yrs, 10084
personal cost of prosocial behavior, beliefs regarding & behavioral intentions toward energy conservation, graduate students, test of S. H. Schwartz's defensive denial hypothesis, 6892
prosocial response formation technique, teaching of positive social behavior, normal & special education students, 8995
reliability & validity of Junior Eysenck Personality Questionnaire & assessment of prosocial vs antisocial behavior, 9–15 yr olds, 11678
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
TV programs, conflict resolution strategy in transmission of prosocial ideas & behavior, children, 7684
Prostaglandins
ibuprofen as prostaglandin synthesis inhibitor, schizophrenia, 37 yr old male, 6251
polymeric epoprostenol, survival time, hypoxic male mice, 5236
prostaglandin, termination of pregnancy & maternal behavior & sexual receptivity, female rats, 687
prostaglandins, apomorphine-induced circling, male mice, 3084

stimulation of mesencephalic periaqueductal gray & nucleus raphe magnus, serum prostaglandin E levels, rats, 579
Prostheses
alloplastic genitourinary penile prostheses, erectile impotence, male patients, 4011
penile prothesis surgery, psychological & marital adjustment & sexual activity levels, male patients with mean age of 51.1 yrs, 10921
Prostitution
feelings & perceptions about buying sex, 27–52 yr old customers of prostitutes, 8195
SES background & reasons for involvement in prostitution, 16–22 yr old female prostitutes, India, 10496
sex role orientation, 12–17 yr old female prostitutes vs other delinquents, 1252
Protein Deficiency Disorders
protein malnutrition, copulatory behavior, 95–325 day old male rats, 5154
protein-energy malnutrition as culture-bound syndrome, 3693
Protein Metabolism
chloramphenicol vs thiamphenicol, single unit activity in midbrain & pontine medial reticular formation during sleep, cats, 642
cyclic adenosine monophosphate dependent protein phosphorylation, synaptic plasticity, Aplysia, implications for molecular basis of classical conditioning & long term memory, 455
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
nicotine, reversal of cycloheximide amnestic effects & role of brain protein synthesis & nicotine binding sites, mice, 3086
operant learning, differential brain incorporation of sc injected methionine, male rats, 12078
protein synthesis inhibition via chloramphenicol & thiamphenicol, REM sleep & seizure susceptibility, kindled & nonkindled cats, 5190
strychnine sulfate, attenuation of cycloheximide-induced amnesia independent of catecholamine synthesis inhibition, male mice, 9835
Proteins [See Also Antibodies, Blood Proteins, Endorphins, Hemoglobin, Immunoglobulins]
acquisition & retention of passive avoidance behavior & shock intensity, arginine-8-vasopressin & oxytocin & neurophysin levels in CSF & plasma, male rats, 5120
cingulate cortex lesions, food intake of amino acid imbalanced & high vs low protein diets, male rats, 7549
high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
interphotoreceptor retinol-binding proteins, rabbits, 502
nerve growth factor, temporary facilitation of recovery from lesions of entorhinal cortex, male rats, 9751
nitrogen-deficient vs high protein diets, ingestion & transfer to oocytes of male-derived uric acid after copulation & relation to mating & oviposition interval, cockroaches, 7506
pleasant handling vs stress, plasma protein & glucose & urea, pigs, 7455
protein vs carbohydrate premeal, subsequent protein vs carbohydrate food selection, male weanling rats, 552
Protest (Student) [See Student Activism]
Protestantism
preference in 1958 vs 1971 for religious homogamy in marriage partners & friends, Catholic vs Protestants, 7862
Protestant work ethic, conservative beliefs, 18–62 yr olds, 7840
Psychedelic Drugs [See Also Lysergic Acid Diethylamide]
history of mysticism & use of psychedelic drugs to induce mysticism, 4649
Psychedelic Experiences
hallucinogen & marihuana abuse, flashbacks, 17–28 yr old soldiers discharged as unfit, 10512
Psychiatric Aides
attitudes toward physical assault by patients, VA hospital nurses & nursing assistants, 8880
improved staff cooperation, dangerous ward smoking behavior, hospital aides & professional staff & chronic schizophrenia patients, 1787
Psychiatric Classification (Process) [See Psychodiagnosis]
Psychiatric Classifications (Taxon) [See Psychodiagnostic Typologies]
Psychiatric Clinics
demographic characteristics & epidemiology of admissions to psychiatric outpatient clinic, children & adolescents, 10931
demographic characteristics & group vs individual psychotherapy, satisfaction with services at psychiatric walk-in clinics, clients, 10935
intensive treatment at preschool psychiatric day center, clinical ratings & behavior & IQ & family variables, 8 yr olds, 5-yr followup, 8672
mothers' & children's reactions to child's inpatient treatment, need for separation of child & adolescent from adult psychiatric clinics, 8709
night clinic as halfway house for psychiatric patients, 13334
race of resident & patient, initial disposition & diagnosis, Black vs White residents in psychiatric walk-in clinic, 8648
symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
telephone prompting, attendance at outpatient clinic & appointment keeping, psychiatric outpatients, 1719
training in psychiatric walk-in clinic, family medicine residents & rotating interns, 4146
Psychiatric Disorders [See Mental Disorders]
Psychiatric History [See Patient History]
Psychiatric Hospital Admission [See Also Psychiatric Hospital Readmission]
incidence of incest, adolescent females admitted to psychiatric hospital for emotional problems, 6420
mathematical model, prediction of hospital admission frequency, unipolar manics, 3565
mental health policy change, overcrowding & admission procedures, adult psychiatric inpatient units, 11005
Psychiatric Hospital Discharge
advocacy function in psychiatric hospital discharge planning, social workers, 13441
age & marital status & referral source & diagnosis & length of stay & ward, prediction of psychiatric hospital discharge against medical advice, patients, 8712
diagnosis & ease of access to care center & domicile & drug therapy, health care utilization, discharged psychiatric inpatients, 1-yr posttreatment followup, 4031
group psychotherapy, assistance with identity crisis of hospital discharge, adolescent psychiatric patients, 10767
hospital discharge, depression & involvement in dangerous acts, 25–35 yr old chronic schizophrenics, 6436
hospital discharge, readmission & use of support services, long stay inpatients, 6359
preparation for discharge of mentally retarded & emotionally disturbed children from residential therapy schools, parents, 8719
Psychiatric Hospital Programs [See Also Therapeutic Community]
assistance with psychiatric unit recreational activities, structure of volunteer program & attitudinal change, college student volunteers, 1812
changes in psychiatric services, suicide rate, inpatients vs former patients of University Hospital, Iceland, 6411
cost effectiveness of day hospitalization vs inpatient care, 18–24 yr old Black schizophrenic males, 13373
efficacy & cost effectiveness of partial hospitalization, literature review, 1758
efficacy of psychiatric hospital outpatient treatment, schizophrenics, 13374
evening intensive-care & ambulatory care & hospital daycare, child psychiatric patients, 13355
hospital quarterway house program as preparation for community living, chronic patients, 1813
integration of Foster Grandparent Program with child & adolescent hospital psychiatric service, 1801
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
model for integration of patient services during transitions between hospital & community mental health care, 3997
new ideas & part-time institutional practices, child & adolescent psychiatry, 8734
part-time institutional action & multipolar approach to therapy & inclusion of family & school, 6 yr old emotionally disturbed female, 8392
patient selection criteria for partial hospitalization programs, 1739
psychoanalytic approach, treatment program in hospital day care center, 3–7 yr olds with major developmental problems, 11002
psychosomatic research & behavioral medicine & holistic health care & general hospital psychiatry & interdisciplinary collaboration & transformation of consultation model, consultation-liaison psychiatry, 4183

satisfaction with partial hospitalization program, psychiatric patients, 13352
ward support, chronic psychiatric patients in urban community, 8735
Psychiatric Hospital Readmission
clinicians' prognoses & expectations, psychiatric rehospitalization, community mental health center patients, 11015
community environment, clinical functioning & rehospitalization, chronic schizophrenic 18–55 yr olds with multiple admissions, 10370
comprehension care system after discharge, psychiatric hospital readmission, 34–45 yr old & older schizophrenics, 1-yr followup, 4018
hospital discharge, readmission & use of support services, long stay inpatients, 6359
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
psychiatric hospital readmission rates, 1822
Rorschach measures of object relations & thought organization assessed at 6–11 yrs of age, prediction of adjustment & rehospitalization, former patients at child residential center, 17–30-yr followup, 4807
Psychiatric Hospital Staff [See Also Psychiatric Aides]
achievement of behavior change, mentally retarded & psychiatric patients in long-stay institutions, implications for staff behavior, 8745
coping with suicide on psychiatric inpatient unit, staff, 8717
due process protections of patients, decision making powers, mental hospital professionals, 8907
improved staff cooperation, dangerous ward smoking behavior, hospital aides & professional staff & chronic schizophrenia patients, 1787
psychiatric hospital patient classification system, aid for administrative decision making about staff-patient ratios, 1817
residents' levels of functioning & treatment progress, job satisfaction, direct-care workers in psychiatric institutions, 4137
Psychiatric Hospitalization [See Also Commitment (Psychiatric), Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission]
absence of neurologic signs & symptoms, 32–52 yr old patients with brain tumors admitted to psychiatric hospital with behavioral & thinking disturbances, literature review, 10550
attention & intellectual functioning & cognitive & psychosocial development, children of hospitalized schizophrenic & depressed mothers, literature review, 9916
attitudes toward psychotherapy & counseling, hospitalized psychiatric patients, 11018
characteristics, 1st time admissions to psychiatric hospital over 65 yrs of age, 3523
chemotherapy & adjustment counseling & psychotherapy, control & management of rage & depression & anxiety, hospitalized suicidal forensic patients, 4067
city vs country residence & sex differences, psychiatric admissions, patients, Western Australia, 10988
contingency contracting & extinction & DRO procedures, tantrums & self cutting behavior, 28 yr old female chronic psychiatric inpatients, 13259
conviction of manslaughter by reason of diminished responsibility, sentencing to prisons vs hospitals, 7909
countertransference hate, inpatient treatment, 24 yr old female patient with dependent & borderline personality disorders, 11011
CSF monoamine metabolites, 28–62 yr old hospitalized manic patients, 5824
death by asphyxiation, 20 yr old paranoid schizophrenic male in seclusion, 10405
death in psychiatric institution, 13360
demographic & clinical characteristics, prediction of length of psychiatric hospital stay, patients, 13358
demographic & situational factors, prediction of absence without leave, community mental health center inpatients, 6426
dexamethasone suppression test for evaluation of pituitary adrenal activity, 26–69 yr olds with major depression & repeated hospitalization, 3518
early parental separation & response to treatment, multiply acting out 10–16.5 yr olds discharged from secure residential treatment program, 10491
epidemiology of manic depression & affective psychosis, hospitalized Jewish psychiatric patients, 10990
era of deinstitutionalization & mortality rate & risk, psychiatric inpatients, 10993
family problems & involvement, psychiatric emergency inpatients, implications for training in family intervention skills, 11010
family therapy in inpatient clinics, 11001
history & principles of moral treatment, private psychiatric hospitalization, 8727
holistic prediction model, community reentry performance & dangerousness to self & others & rehospitalization, 18–82 yr old psychiatric patients, 6-mo followup, 1815
hospital entry as patients as part of training program in psychopathology, graduate students in clinical & counseling psychology, 4191
Hub Group contracting methods as eclectic approach to group therapy, adolescents in short term inpatient unit, 6410
impact of current trends, private psychiatric hospitals, 8738
incest & client characteristics, 9–17 yr old inpatients with severe psychiatric problems, 10992
incidence of minimal brain dysfunction, 18–25 yr old psychiatric inpatients, 5745
knowledge of symptom changes, recovery & treatment planning for relapse, hospitalized chronic schizophrenic 16–61 yr olds, 1820
Michigan Alcoholism Screening Test, screening alcohol problems, voluntary & involuntary psychiatric inpatients, 6445
mothers' & children's reactions to child's inpatient treatment, need for separation of child & adolescent from adult psychiatric clinics, 8709
multifamily encounter groups, reduction of chronic institutionalization, mentally ill patients, 8713
myths & rate & length of stay & treatment & cost effectiveness, mental hospitalization, implications for public policy, 4077
number of patients & length of stay in psychiatric hospitals, Switzerland, 6421
patient violence, judicial concern & type & dose of antipsychotic drugs prescribed, paranoid & schizoaffective schizophrenic & senile dementia & manic depressive psychotic inpatients, 1624
perceived parental characteristics, onset & course of schizophrenia, patients with mean age of 36.8 yrs, 5798
postdischarge followup services, rehospitalization, patients with mean age of 29.4 yrs discharged from acute psychiatric unit, 10950
preliminary psychodiagnostic examination, hospitalized psychiatric patients, 11013
previous puerperal admissions & delusions & use of ECT, patients with puerperal mental illness, 1799
principles of therapeutic community, implications for inpatient psychotherapy, 10994
psychotic symptoms & environmental features, epileptic attacks, 6 & 9 yr old hospitalized males, 3674
referral to psychiatric hospital from general hospital, 6435
regression equation, identification of factors related to length of hospitalization, 16–77 yr old defendants acquitted by reason of insanity, 11016
regulations on signed informed consent, refusal & consent to neuroleptic drug therapy, schizophrenic 20–60 yr old male patients, 6264
residents' levels of functioning & treatment progress, job satisfaction, direct-care workers in psychiatric institutions, 4137
sex & length of admission & diagnosis, risk of suicide, hospitalized psychiatric patients, 1783
sex differences, use of hospital & outpatient services & social adjustment, 15–45 yr old schizophrenics, 10708
social & cultural & political conditions, incarceration of criminals & mentally ill, 17th–19th century, 6413
social & medical characteristics & treatment, epileptics in psychiatric hospitals, 1826
structural vs adaptational psychotherapeutic models for long term inpatient treatment, borderline patients, 13361
time & space structure & alternating psychiatric hospitalizations, psychotic patients, 1798
Psychiatric Hospitals
attitudes toward psychiatrists & mental hospitals & mentally ill, civil commitment hearings, attorneys & judges, 1016
changes in criminal asylums over past 35 yrs, 6415
characteristics, chronic state hospital patients, 6429
decline of state mental hospitals as training sites, psychiatric residents, 1975–80, 11143
deterioration of general hospital psychiatric department after introduction of computer system of charting & record keeping, 13371
development of emergency care unit in psychiatric hospital, Argentina, 8722
development of multidimensional general hospital psychiatric unit, patients with severe character disorders, 13362

employment in community programs, job satisfaction & problems, former state mental hospital employees, 13486
evolution & sectorization of & intermediate structure, psychiatric hospital units, 1776
factors leading to violence in open psychiatric ward & methods of management & recommendations for prevention, 33 yr old male patient, 1814
history of criminal asylums, 6414
history of department of child neuropsychiatry, East Germany, 8736
history of psychiatric hospital, Canada, 13381
hospital planning in psychiatry, historical review, 1779
impact of current trends, private psychiatric hospitals, 8738
implementation of organizational change, psychosocial rehabilitation, state mental hospitals, 11006
improved staff cooperation, dangerous ward smoking behavior, hospital aides & professional staff & chronic schizophrenia patients, 1787
inpatient cost of psychiatric hospital treatment, Scotland, 6425
inpatient unit, teaching & learning of dynamic psychotherapy, 1943
lawsuits & hospital standards for prevention, 22–55 yr old psychiatric patients who committed suicide during hospitalization, 13367
mental health policy change, overcrowding & admission procedures, adult psychiatric inpatient units, 11005
methods used in & suggestions for policy changes in limitation of freedom of movement, adult psychiatric units, position of Canadian Psychiatric Association, 11014
model for long term intensive treatment in general hospital psychiatric unit, borderline patients, 13380
multiple functions of state mental hospitals, 1972–80, 1789
need for psychiatric hospitals & community facilities, mental health delivery systems, 8646
need for replacement of state psychiatric hospitals, 6428
patient governments & councils, VA medical centers, 8733
patterns of large urban day hospital use, long stay psychiatric patients, 6366
post-World War II changes in mental health care, chronic patients, Norway, 13314
psychiatric hospital patient classification system, aid for administrative decision making about staff-patient ratios, 1817
psychiatric hospitals & perception of mental illness, criticism of I. Silverman & D. Saunders's study, 13359
status of schools in psychiatric institutions or wards, children & adolescents, 8744
structural shift from neurological & psychodiagnostic procedures to inpatient psychotherapy, department of child & adolescent psychiatry, West Germany, 8721
systems model, therapeutic context & family & patient & psychiatric institution interactions, 6083
therapeutic community & role relationships & patient population & treatment & nature, psychiatric hospital, 8724
therapist experience & psychoanalytic psychotherapy, psychiatric hospital, 8716
treatment of involuntary patients in general hospital psychiatric unit, 6423
trends in deinstitutionalization & general hospital inpatient services, 8627
trends in location of psychiatric hospitals close to larger population centers, US, 1960–80, 13356
VA hospital therapeutic community program, posttraumatic stress disorder, Vietnam veterans, 1778
work activities, mental health personnel in private vs state inpatient facilities, 8915

Psychiatric Nurses

anxiety & depression, general & psychiatric nurses, 13446
attitudes toward physical assault by patients, VA hospital nurses & nursing assistants, 8880
development of psychiatric mental health nursing consultation in general hospital, 4069
factors causing ethical conflict in clinical decision making regarding families in therapy, clinical psychologists & psychiatrists & psychiatric social workers & nurses, 1932
grieving process, acceptance of homosexual orientation in nurse-client relationship, female, 4021
history, profession of psychiatric male nurse, 1924
microcounseling, interpersonal skills for therapeutic effectiveness, student psychiatric nurses, 1951
outpatient psychotherapy & home-care nurse as alternative to hospitalization, markedly dysfunctional psychiatric patients, 8428
professions practicing psychotherapy, psychiatrists & psychologists & social workers & physicians & ministers & psychiatric nurses & counselors, 1902
relationship with problem patients & professional identity, psychiatric nurses, 6328
role in burn units, psychiatric nurse consultants, 1821
support group led by nurses, depression, 40–60 yr old females, 4024

Psychiatric Patients

achievement of behavior change, mentally retarded & psychiatric patients in long-stay institutions, implications for staff behavior, 8745
acting out & compliance to social norms & peer friendship choices & diagnosis, 12.5–16.4 yr old psychiatric inpatients, 10421
administration & organization of community services, formerly hospitalized chronic psychiatric patients, Great Britain, 8664
age & SES & race & chronicity & severity of disorder, physical attractiveness, 13–66 yr old psychiatric patients, 5823
airport wandering as symptom of conflicts related to separation & reunion, psychiatric patients, 3574
alternative approach to teaching mathematics, adolescents hospitalized in psychiatric unit, supplement to D. Marcelli's article, 6412
amitriptyline overdose, tricyclic antidepressant plasma levels, psychiatric patients, 1661
amitriptyline vs tranylcypromine therapy, EKG parameters, 22–57 yr old psychiatric patients, 10876
antipsychotic drug therapy, tardive dyskinesia, psychiatric patients with mean age of 53.3 yrs, 3-yr followup, 10830
antipsychotic vs antidepressant drugs, somatosensory & visual & auditory evoked potentials, 17–62 yr old psychiatric patients, 1669
applicability of children's color vision tests & influence of presentation methods, mentally defective including retarded patients, 1356
approach to psychiatric care, deinstitutionalized patients, 8645
assessment & implementation of quality of life as desired outcome for community support programs, 20–86 yr old chronic psychiatric patients, implications for deinstitutionalization, 1716
attitudes & expectations regarding social work services & specific services desired, services provided & perceived helpfulness, 14–32 yr old psychiatric patients, 13347
attitudes toward long term lithium treatment, 20–65 yr old patients, 10874
attitudes toward physical assault by patients, VA hospital nurses & nursing assistants, 8880
attitudes toward psychotherapy & counseling, hospitalized psychiatric patients, 11018
attitudes toward rights of psychiatric patients, mental patients' rights groups & state hospitals & mental health associations, 3517
avocation rehabilitation approach, unemployable mentally restored, 11036
biblio-poetry therapy, acute psychotic patients, 10688
bibliography of mental patients' autobiographies, 1960–82, 12872
catamnestic research on psychiatric emergencies, 8372
chaining & continuity hypotheses on word associative processes, schizophrenic & nonschizophrenic psychiatric patients, 5820
changes in psychiatric services, suicide rate, inpatients vs former patients of University Hospital, Iceland, 6411
characteristics & outcomes, psychiatric patients transferred to state hospital after failure of treatment in general hospital, 8710
characteristics, chronic state hospital patients, 6429
characteristics, 1st time admissions to psychiatric hospital over 65 yrs of age, 3523
childhood incest & parental alcoholism & parental child abuse, adult psychosexual adjustment, 24–59 yr old psychiatric patients, 1228
chronic clorgiline treatment, growth hormone response to clonidine, psychiatric patients with mean age of 41.4 yrs, 1666
city vs country residence & sex differences, psychiatric admissions, patients, Western Australia, 10988
clinical & epidemiological & sociofamilial & legal characteristics, drug addicts admitted to psychiatric unit, 10464
clinical diagnosis vs computer assisted diagnosis based on French version of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, psychiatric inpatients, 10422
community support systems, deinstitutionalized chronically ill psychiatric patients, 8656
community-based residential treatment program, chronically mentally ill patients, 8714
complications & mortality rate from above-knee amputations, psychiatric inpatients with mean age of 72.8 yrs, 12759
computed tomography, diagnosis of CNS disorders, 31–61 yr old psychiatric patients, 1130

computed tomography of brain, patients referred for psychiatric consultation, 1124
concept of demonic possession & need for communication between client's physicians & religious leaders, schizophrenic clients considered possessed, 8117
construct validity & factor analysis of M. Snyder's Self Monitoring Scale, assessment of relationship between social skills & self monitoring, normal & psychiatric outpatient adults & school children & nurses, Great Britain & South Africa, 7023
construction & validation of Drug & Alcohol Abuse Predictor, identification of alcoholics, psychiatric vs alcoholic inpatients, 2410
court decisions on prediction & risk of violence & risk management, released mental patients, 8729
cross cultural study of patient selection, Swiss vs US psychotherapists, 13435
cross-validation of equations predictive of assaultive behavior in hospital &/or community, mentally incompetent male felons vs involuntary mental patients with mean age of 31 yrs, 2543
dangers of individual & group regression & therapeutic community dynamics, large group therapy, psychiatric patients, 3893
dangers of institutional care, psychotics, 6443
deinstitutionalization, chronic mental patients, Canada, literature review, 13329
demographic & situational factors, prediction of absence without leave, community mental health center inpatients, 6426
demographic characteristics & diagnosis & health status & behavioral traits, state hospital patients, implications for results of deinstitutionalization, 8684
demographic characteristics & group vs individual psychotherapy, satisfaction with services at psychiatric walk-in clinics, clients, 10935
demographic characteristics, deinstitutionalized chronically mentally ill adults, implications for mental health service patterns, 8651
development of rating scale, measurement of delusional experience, patients with mean age of 37.1 yrs, 4767
development of right to treatment theory, chronically mentally disabled community residents, 1481
diagnosis & ease of access to care center & domicile & drug therapy, health care utilization, discharged psychiatric inpatients, 1-yr posttreatment followup, 4031
diagnosis & management, violent psychiatric patients, 8411
diagnostic & demographic characteristics, psychiatric outpatients, Nigeria, 8151
diagnostic subgroup & depressive symptomatology, depressed patients reporting pain as symptom, 8173
diazepam & clorazepate therapy, antidepressant & neuroleptic drug-induced anxiety dreams & night terrors, 25–50 yr old psychiatric patients, 10827
dimensionality & concurrent validity of Handler Anxiety Index, 16–47 yr old medical & psychiatric patients, 11717
disturbed marriage, female psychiatric patients aged 20 or over, Great Britain, 10348
drawing styles on Memory-For-Designs Test & personality traits, 16–71 yr old psychiatric outpatients, 10375
due process protections of patients, decision making powers, mental hospital professionals, 8907
Early Memories Test responses, nonsuicidal 8–15 yr old psychiatric patients vs those who threatened vs attempted suicide, 9356
enlarged ventricles, premorbidity & onset of illness, 5–15 yr old psychiatric patients at risk for major psychopathology, 5806
ethnicity, MMPI personality differences & symptoms, 16–70 yr old Black vs White vs American Indian psychiatric inpatients, 12778
ethnopsychiatric discussion of case history, Jewish Hasidic male psychiatric patient, 12832
evening intensive-care & ambulatory care & hospital daycare, child psychiatric patients, 13355
expression of depression on MMPI D scale, 20–39 vs 40–59 vs 60 yrs old & older psychiatric patients, 3525
factor analysis & validity, French revision of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie rating scales, patients, France & Belgium, 9311
factor structure of South African version of Wechsler Bellevue Adult Intelligence Scale, White psychiatric patients, 127
factor structure of Symptom Checklist-90, psychiatric inpatients, 11686
factors leading to violence in open psychiatric ward & methods of management & recommendations for prevention, 33 yr old male patient, 1814
family relations, adolescent psychiatric outpatients, implications for family therapy, 5804
figure size on Draw-A-Person test, 18–61 yr old depressed vs nondepressed patients vs nondepressed hospital employees, 2437
general anesthesia & neuroleptic malignant syndrome following neuroleptic therapy, 49 yr old with psychotic depressive syndrome, 8571
genetics & eye tracking dysfunction, functional psychotic & schizophrenic & psychiatric patients, literature review, 12874
group counseling, rehabilitation, psychiatric clients, 13392
group psychotherapy centered around health issues & sexuality, 9–12 yr old male psychiatric inpatients, 10766
halazepam vs oxazepam, anxiety, psychiatric outpatients, 3952
halazepam vs oxazepam vs placebo, anxiety, anxious neurotic outpatients with mean age of 32.6 yrs, 3955
hierarchical framework for occupational therapy, mentally disordered patients, 1830
holistic prediction model, community reentry performance & dangerousness to self & others & rehospitalization, 18–82 yr old psychiatric patients, 6-mo followup, 1815
hospital discharge, readmission & use of support services, long stay inpatients, 6359
human figure drawings by psychiatric patients vs normal Ss, influence of art quality on evaluations, clinicians, implications for validity of figure drawing tests, 2423
hypertensive disease & DSM-III diagnoses of depression, psychiatric outpatients, 12853
identification criteria & treatment services, chronically mentally ill patients, 13327
importance of repeated clinical assessments over time for disentangling psychiatric & organic impairment, female patient with "cortical vulnerability", 10393
impression management & escalation of incidents involving aggression & violence, 18–65 yr old ex-mental patients & ex-criminal offenders & Ss from general population, 3596
instructional set of assessment procedures, role play social skills performance, 7–13 yr old psychiatric inpatients, 10378
internal consistency & interrater & item reliabilities of subscales of Level of Care Survey, psychiatric inpatients, 119
intrainstitutional relocation, physical & mental & social functioning, chronic psychiatric inpatients, 8728
IQ level & sociocultural background, academic & social success, disordered gifted children in psychiatric center, 5719
item intercorrelations of Memory Scale of Luria-Nebraska Neuropsychological Battery, psychiatric & brain damaged patients with mean age of 40.0 yrs, 9331
item intercorrelations on Luria-Nebraska Neuropsychological Battery, interpretation of results, brain damaged psychiatric patients with mean age of 40 yrs, 106
items on Reading scale vs other scales of Luria-Nebraska Neuropsychological Battery, normal vs brain damaged vs psychiatric patients with mean age of 40 yrs, 105
lack of anticholinergic effects in mianserin therapy, cardiovascular disordered & psychiatric patients, 10851
legally required warning to potential victims of patient violence, patient-therapist relationship, psychiatrists & patients, 6107
level of hopelessness & depression & self esteem, 8–13 yr old psychiatric inpatients with vs without suicidal intent, 12820
literacy skills, chronic psychogeriatric patients, rehabilitation implications, 13369
lithium therapy, delirium, 19–82 yr old psychiatric patients, 1634
living situation & social functioning vs psychodiagnostic typology, discrimination of psychiatric chronicity, posthospitalized chronic schizophrenic & chronic nonschizophrenic patients with mean age of 35 yrs, 12879
long-term benzodiazepine therapy & withdrawal, MAO metabolism, psychiatric patients with mean age of 43.7 yrs, 8576
maintenance neuroleptic dosage levels, vocational functioning, 29–66 yr old psychiatrically disabled clients, implications for rehabilitation, 4093
management issues of treatment in general hospital emergency rooms, chronic psychiatric patients, 1777
medical factors & care, psychiatric outcome, 40–89 yr old patients in geriatric psychiatry unit, 6444
mental health service needs, family caregivers of mentally ill persons, 1734
methods used in & suggestions for policy changes in limitation of freedom of movement, adult psychiatric units, position of Canadian Psychiatric Association, 11014
MMPI content scales, differential diagnosis, brain damaged vs psychiatric patients, implications for J. S. Wiggins's study, 2439

model for integration of patient services during transitions between hospital & community mental health care, 3997
movie viewing, disturbed behavior, hospitalized male psychiatric patients, 4075
multifamily encounter groups, reduction of chronic institutionalization, mentally ill patients, 8713
multiple family group therapy as aftercare, patients discharged from inpatient treatment, 6171
naloxone effects on anxiety & anger & blood pressure & respiration & CSF opioid activity & effects of surgical stress on plasma beta-endorphin immunoreactivity, 20–33 yr olds & psychiatric & surgical patients, 3499
need for joint medical & psychiatric consultations, treatment compliance, 28–42 yr old psychiatric inpatients, 6431
needs & obstacles to psychosocial reentry following psychiatric deinstitutionalization & emotional support of clubhouse model program, chronic mental patients, 1810
night clinic as halfway house for psychiatric patients, 13334
noninterpretive discussions of spontaneous metaphors in ward community meeting, psychiatric inpatients, 10998
outpatient psychotherapy & home-care nurse as alternative to hospitalization, markedly dysfunctional psychiatric patients, 8428
outpatient treatment in nursing social support program, rehospitalization & medication increase & treatment continuance, 19–64 yr old chronic psychiatric patients, 1752
overcontrolled hostility, faking good & bad adjustment on MMPI, male patients in maximum security psychiatric hospital, 12857
parallel task vs process-oriented verbal vs activity group, verbal communication, hospitalized psychiatric patients, 13379
participation in theater project, self confidence & normalization, chronic psychiatric patients, 4081
patient & treatment characteristics, incidence of extrapyramidal side effects, 14–77 yr old patients treated with haloperidol, 6268
patient-run group home, psychiatric patients, 1759
patterns of large urban day hospital use, long stay psychiatric patients, 6366
perception of curative factors in group psychotherapy, 24–61 yr old psychiatric inpatients, 10757
perception of role in psychotropic drug therapy, 21–72 yr old community mental health center clients, 1635
personality & marital relations, psychological functioning, prominent males with mean age of 53.9 yrs in psychiatric treatment, 1145
personality traits, female psychiatric patients with self injuries to skin, 10328
physical restraint, violent child patients, 8394
physician's role in preparation of court report in relation to access to children, 46 yr old recovering psychiatric patient, 3332
planning & production of videotape &/vs class attendance, acquisition of interpersonal skills, deinstitutionalized chronic psychiatric patients, 13331
postdischarge followup services, rehospitalization, patients with mean age of 29.4 yrs discharged from acute psychiatric unit, 10950
praise for on-task behavior in simulated work activity, achievement motivation & work interest & productivity, male chronic psychiatric patients, 3912
predisposition to suicide & suicide rate, psychiatric emergency room patients, 6 mo through 7-yr followup, implications for emergency room practice & compliance, 6357
preliminary psychodiagnostic examination, hospitalized psychiatric patients, 11013
prevalence of alcoholism, female hospitalized psychiatric patients & felons & narcotic addicts, implications for diagnostic predisposition to alcoholism, 3493
psychiatric care in childhood, subsequent psychosomatic & neurotic disorders, adolescents & young adults, followup study, Finland, 3777
psychiatric history assessment via computer, 19–63 yr old psychiatric inpatients, 9246
psychiatric hospital patient classification system, aid for administrative decision making about staff-patient ratios, 1817
psychiatric patient characteristics & disposition & outcome & comparison with previous patient populations, US Navy enlisted personnel inpatients at San Diego naval hospital, 11000
psychiatric rehabilitation, deinstitutionalized psychiatric patients, 8637
psychiatric symptoms & personality type, 18–77 yr old psychiatric patients, 5782
psychopathology & symptoms, delinquent vs nondelinquent psychiatrically hospitalized adolescent males, 6434
psychosocial clubhouses & programs, psychiatric patients, 4096
psychosurgery, performance on psychometric & projective tests, 16–70 yr old psychiatric patients, 8609
psychotropic drug therapy, xerostomia or dry mouth as side effects, psychiatric patients, 10863
race of resident & patient, initial disposition & diagnosis, Black vs White residents in psychiatric walk-in clinic, 8648
Reasons for Living Inventory, differentiation of suicidal vs nonsuicidal Ss, general public & psychiatric inpatients, 123
referral rate & psychiatric diagnosis & neurological findings, organic & neurological & functional psychiatric patients referred for computerized tomography scans, 3526
refusal of psychotropic drug therapy as clinical issue, psychiatric patients, 8550
reliability, lifetime diagnoses & symptoms in psychiatric patients with current disorder, psychiatric social workers & psychiatrist, 3798
reliability of WAIS-R, psychiatric & neurological patients with mean age of 38.5 yrs, 7067
REM sleep eye movement activity & CSF concentrations of 5-hydroxyindoleacetic acid, 19–51 yr old male psychiatric patients, 8090
right to refuse treatment, mental health patients, 8398
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
role play vs in vivo situation & familiarity & race of partner, assertiveness & expression of negative opinion & compliance, 19–45 yr old Black male psychiatric patients, 8149
saccadic refixation eye movements & attention, schizophrenic & hospitalized nonpsychotic patients with mean age of 17 yrs, 1149
satisfaction with partial hospitalization program, psychiatric patients, 13352
satisfaction with treatment & involuntary commitment & participation in psychiatric research & teaching, psychiatric patients, 8386
screening for adult phenylketonuria, 12–90 yr old psychiatric patients, 3569
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
self rating scale, diagnosis of depression, 12–76 yr old psychiatric outpatients, 9372
self reported motivational determinants, self & environment care & play & work, psychiatric inpatients with mean age of 31.9 yrs, 12864
sensitivity & specificity of 1 vs 2 mg dexamethasone suppression tests, psychiatric inpatients, 3539
sensory training, psychiatric patients with mean age of 78 yrs, 8401
separation from family members & culture shock & adjustment difficulties, depression & anxiety & somatization, 13–73 yr old Southeast Asian refugees resettled in Canada, 1128
serial prolactin in diagnosis of hyperprolactinemia, 21–45 yr old psychiatric patients, 10365
sex & length of admission & diagnosis, risk of suicide, hospitalized psychiatric patients, 1783
social & clinical factors, use of therapeutic clubs, psychiatric outpatients, 8677
social & vocational rehabilitation & reintegration, formerly hospitalized adult psychiatric patients, West Germany, 1860
social skills training vs client centered therapy & contingent vs noncontingent reinforcement, social skills, male patients in maximum security psychiatric hospital, 13376
socially disruptive behavior in community prior to seeking hospital treatment, low SES Black psychiatric patients, US vs Nigeria, 1251
sociocultural factors, physiological symptoms as indicators of psychiatric disturbances, hospitalized village Eskimos, 8070
sociotherapeutic environment & formation of active psychiatric therapeutic milieu, child & adolescent psychosomatic inpatient unit, 6437
sodium valproate vs biperiden, neuroleptic induced akathisia & parkinsonism & hyperkinetic movements, psychiatric patients with mean age of 37 yrs, 13279
somatic symptoms in psychogenic polydipsia, hospitalized psychiatric patients, 10350
spiritual maturity & reproductiveness & experience of God's love in level of discipleship, 35–60 yr old psychiatric patients, 12834
statistical analysis for estimation of incidence of side effects of psychoactive drugs, psychiatric patients, 4818
structure & reliability of Inpatient Multidimensional Psychiatric Scale, psychiatric inpatients, 11657
structured learning therapy, social skills & level of pathology, 24–59 yr old chronic psychiatric inpatients, 8732

structured orientation & developmental framework, prescriptive art therapy, chaotic/chronic patients, 10682
suicidal behavior, psychology clinic outpatients vs Ss interviewed at shopping center, 12929
suicidal threats &/or attempts & community adjustment prior to hospitalization, 18–64 yr old psychiatric patients, 12906
supportive group psychotherapy, resocialization, adult nonpsychotic psychiatric outpatients with moderate social ineptness, 10750
systems model, therapeutic context & family & patient & psychiatric institution interactions, 6083
systems-oriented planning principles for deinstitutionalization strategies, chronic psychiatric patients, 8639
telephone prompting, attendance at outpatient clinic & appointment keeping, psychiatric outpatients, 1719
Test-Retest Index, rating of consistency of MMPI responses, male psychiatric inpatients with high MMPI F scale scores, 2421
therapeutic community, antitherapeutic effects, psychiatric patients, 8726
Therapeutic Contract Program, promotion of cognitive-coping & self control skills, 18–72 yr old hospitalized psychiatric patients, 1800
therapist-patient communication, establishment of internal order & noncontradictory perception of reality, psychiatric patients, 6145
training of skills in activities of daily living, 23–98 yr old chronic psychiatric patients, 13103
transference in psychoanalytic psychotherapy in community settings, chronic patients, 1751
transitional employment, vocational & psychosocial rehabilitation, chronically mentally ill, 13397
treatment alternatives, chronically mentally ill, 10716
treatment of involuntary patients in general hospital psychiatric unit, 6423
type of self destructiveness involving sadomasochistic "addiction", psychoanalytic patients, 8127
types of dangerous behavior & patient characteristics, chronic psychiatric patients, 5825
US Supreme Court decisions, right to refuse treatment, psychiatric patients, 8355
use of physical restraint, psychiatric emergency room therapists, 8743
usefulness of therapist's countertransference in dealing with therapeutic conflict in group psychotherapy, difficult clients, 10754
validity, MMPI alcoholism scales, alcoholic psychiatric inpatients, critique & reanalysis of C. B. Holmes et al's study, 7033
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of MMPI Dependency Scale, assessment of dependency & relation to patient characteristics & other variables, psychiatric patients vs nonpatients, 9308
validity of Vocabulary-Block Design subtest combination for estimation of WAIS-R Full Scale IQ, psychiatric patients with mean age of 42 yrs, 2462
validity of 2- & 4-subtest short forms of WAIS-R, psychiatric patients, 4791
videotaped expectancy shaping vs informational preparation strategies, success in transfer to outpatient community, aftercare psychiatric inpatients with mean age of 35.8 yrs, 10941
views of confidentiality, 20–84 yr old inpatients, 12861
vocational background & mobility & epidemiology, psychiatric clinic walk-in patients, East Germany, 8158
voltage threshold & interpulse interval & pulse polarity of ECT, 19–87 yr old psychiatric patients, 1495
WAIS Verbal IQ & MMPI measures of organicity, psychiatric patients with mean age of 53 yrs, 113
ward support, chronic psychiatric patients in urban community, 8735
work rehabilitation model, placement as volunteers in community agencies, mental health clients, 4033
80 vs 160 mg/day halazepam vs placebo, anxiety, anxious neurotic outpatients, 3944

Psychiatric Social Workers
role playing, group supervision, social workers in child psychiatric treatment home, 1923

Psychiatric Training
abnormal mental status exam, identification of risk for suicide, psychiatric residents, 8901
administrative aspects of psychiatric practice in psychiatric residency programs, 6486
attitudes on becoming psychiatrists & interpersonal relationships & values regarding medical training & board certification, 3rd-yr psychiatric residents, 11140
biases in child psychiatry training, teachers & residents, 1914
classification of countertransference & utilization in supervision, psychiatric residents, 6508
clinical psychiatric training program, 3rd- & 4th-yr medical students, 8866
components & standards of training in child psychiatry, 1900
components of training in child psychiatry, 1952
curriculum content vs learning process in family therapy training, 1903
decline of state mental hospitals as training sites, psychiatric residents, 1975–80, 11143
development of combat psychiatry & training of US Army psychiatry residents, 4157
education in psychosomatic medicine & liaison psychiatry, medical schools, UK, 13475
liaison psychiatry education, psychiatric needs of medical patients & educational needs of medical staff, medical outpatients & physicians, 11103
mental health & incidence of emotional disorders, 3rd yr male vs female medical students before & after psychiatric clerkship, 1915
objectives & levels of training in family therapy, 1941
perceived need for training in gender-specific issues & attitudes toward women in therapy, psychiatric residents with mean age of 31.8 yrs, 13443
perspectives on psychiatric residency program selection criteria & procedures, medical students, 11133
prevalence of emotional disorders & depression in medical outpatients as indication of psychiatric educational needs, residents in internal medicine, 6492
problems of family therapy training in psychiatric residencies, 1913
psychiatric liaison program in psychosomatic medicine, medical students, 13463
psychodiagnosis for therapeutic vs administrative or forensic purposes, implications for training of psychiatrists, 8138
psychodynamic/psychoanalytical vs biological/medical orientations, educational objectives for residency training, psychiatric educators, 1921
race of resident & patient, initial disposition & diagnosis, Black vs White residents in psychiatric walk-in clinic, 8648
satisfaction with treatment & involuntary commitment & participation in psychiatric research & teaching, psychiatric patients, 8386
sensitivity training & drama groups, teaching of psychiatry, medical students, 13447
status of child psychiatry, training in child psychiatry, Australia, 11110
teaching model & evaluation, course on values clarification & attitudes about gender & psychotherapy, psychiatric residents, 6519
training in psychiatric walk-in clinic, family medicine residents & rotating interns, 4146

Psychiatrists
adequacy of performance of commitment evaluations, psychiatric vs non-psychiatric physicians, 4079
attitudes toward psychiatrists & mental hospitals & mentally ill, civil commitment hearings, attorneys & judges, 1016
attitudes toward worker's compensation, psychiatrists, 13489
beliefs & practices, Christian psychiatrists, 4153
bibliography, S. Arieti, 4126
conflicts on hospital teams, psychiatrists & psychologists, criticism of article by P. Hartocollis, 8914
countertransference during court proceedings, forensic psychiatrists, 1024
development of hospital interdisciplinary spinal cord injury service during acute care stage, orthopedists & psychiatrists & rehabilitation therapists, 1818
diagnosis of hysteria, psychoanalytic & nonanalytic psychiatrists, literature review, 12825
explicit nosological theory & implicit individual theory, stability & complexity & relevance for theory of diagnostic schemes, nonpsychiatrists with vs without nosological knowledge vs psychiatrists, 6098
factors causing ethical conflict in clinical decision making regarding families in therapy, clinical psychologists & psychiatrists & psychiatric social workers & nurses, 1932
frequency of psychiatric disturbances & need for psychiatric referral, patients seen by general practitioners, West Germany, 1694
Health Belief Model, noncompliance to medical treatment, implications for role of liaison psychiatrist, 13318
hypothetical suicide case, judgment of adequacy of treatment & willingness to endorse malpractice suit against therapist, psychiatrists vs psychologists vs social workers vs suicidologists, implications for expert testimony, 8840

integration of sociocultural & psychological & biological perspectives, psychiatric treatment & role of psychiatrist, 1523
intellect & humanism & attitudes on psychotherapeutic processes, biography of S. Arieti, 2325
internalized nosological theory vs individual diagnostic scheme, clinical diagnosis vs research, psychiatrists, 6099
leadership role & responsibilities, psychiatrists, 8923
legally required warning to potential victims of patient violence, patient-therapist relationship, psychiatrists & patients, 6107
life & work of psychiatrist K. Schneider, 4160
medical disposition & psychosocial management & direct treatment of patients & specialty & liaison vs consultant model, satisfaction with psychiatric consultation in medical hospital, physicians, 4063
microgenetic theory of cognition & psychological time & memory as theme in works by S. Arieti, 2328
passage of & opposition to legislation for civil rights & deinstitutionalization of mentally ill, psychiatrists vs lawyers, US, 1013
pediatrician & psychiatrist as cotherapists in treatment, 14 yr old female with anorexia nervosa, 10742
perception of psychiatric manpower needs, psychiatrists vs family physicians, Canada, 4140
planning & direct service & staff education, adolescent medicine unit, consulting psychiatrist, 4066
professions practicing psychotherapy, psychiatrists & psychologists & social workers & physicians & ministers & psychiatric nurses & counselors, 1902
psychiatric intervention during prerehabilitation stage of hospitalization, spinal cord injured patients, 1786
psychodynamic & sociocultural factors, risk of suicide & morbidity, female psychiatrists, 1930
psychodynamic/psychoanalytical vs biological/medical orientations, educational objectives for residency training, psychiatric educators, 1921
recommendations for treatment of agoraphobia, practicing psychiatrists, 10679
relevance of DSM-III for consultation-liaison psychiatrists, 5708
reliability of oral communication, American Board of Psychiatry certification process, psychiatric candidates, 11141
role as coordinators & organizers of multidisciplinary treatment team, psychiatrists, 1489
role of & need for psychiatrists, mental health care delivery, 8650
role of psychiatrist-administrator, 11116
role of psychiatrists & biopsychosocial model, family medical education, response to comments by G. Smilkstein, 8855
role of psychiatrists in case management & provision of support services & obtaining of funding for social services, adolescents at risk for abandonment, 6086
role of psychiatrists, rural community mental health centers, 10943
therapist characteristics & Hindu beliefs, psychotherapeutic training, psychotherapists & psychiatrists, India, 11106
therapist-patient communication, establishment of internal order & noncontradictory perception of reality, psychiatric patients, 6145
treatment of personality disorders, psychiatrists, Australia, 1460
US Supreme Court's "Tarasoff" decision, psychotherapy with potentially violent 20 yr old male & duty to warn victim, psychiatrists, 6149

categorical & dimensional diagnostic models in psychological research, 1152
classification & diagnosis, borderline states, 3586
clinical & neurophysiological diagnosis, children & adolescents with behavior problems, 3620
clinical & psychological assessment, 7–14 yr old children of bipolar probands, 5748
clinical diagnosis vs computer assisted diagnosis based on French version of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, psychiatric inpatients, 10422
clinico-psychological examination, infants & children up to 3 yrs of age with borderline psychic disturbances at neurotic level, 3547
concept & rationale & predictive validity & description of available instruments & comparison with traditional psychodiagnostic measures, learning tests, literature review, 11295
construction & validation of Drug & Alcohol Abuse Predictor, identification of alcoholics, psychiatric vs alcoholic inpatients, 2410
construction & validity of MMPI overlap item scales, psychotics vs neurotics, 11676
conventional clinical vs computer assessment, identification of phobia severity & assessment of behavioral targets, phobics, 8099
correlation between family function test & General Health Questionnaire, assessment of family dysfunction & emotional morbidity, family practice patients, 8140
cross validation of Analytic Assessment Questionnaire, assessment of suitability for psychotherapy, 6108
data collection problems for psychodiagnosis in jail setting, literature review, 6452
definitions of suggested procedures for psychiatric evaluations, multiproblem families, 5810
development & validity of Computerized Marriage Assessment, 21–40 yr old married vs divorced or separated mothers of at least 2 children, Australia, 2416
development of Clinical Anxiety Scale from Hamilton Anxiety Scale, assessment of severity of anxiety neurosis, 18–73 yr old patients, 146
dexamethasone suppression & thyrotropin-releasing hormone test results & response to tricyclic antidepressants &/vs ECT, inpatients with major depressive disorder with mean age of 46 yrs, 10672
dexamethasone suppression test & clinical correlates, endogenously depressed patients, 10342
dexamethasone suppression test & thyrotropin-releasing hormone stimulation test, assessment of depression, 17–77 yr old neuropsychiatric patients, 8168
dexamethasone suppression test based on multisteroid analysis of hydrocortisone/11-deoxycortisol ratio, sensitivity, 22–61 yr old females with primary major depressive disorder, 8121
dexamethasone suppression test, diagnosis of depression, literature review, 8101
dexamethasone suppression test, diagnosis of psychotic depression, 21–83 yr old psychotic vs nonpsychotic depressed patients, 8097
dexamethasone suppression test, evaluation of Capgras syndrome, 36 yr old female psychiatric patient, 12877
dexamethasone suppression test, prediction of ECT outcome at discharge, patients with major depression, 8367
diagnosis & intervention & followup, psychological emergencies, counselors, 13348
diagnosis & prognosis, adolescents with paranoid vs psychopathic schizophrenia, 5750
diagnosis & treatment, childhood depression, 5789
diagnosis & treatment, depression, emotionally constricted adolescents, 10345
diagnosis & treatment, Orthodox Jewish families, 1551
diagnosis of hysteria, psychoanalytic & nonanalytic psychiatrists, literature review, 12825
diagnosis using DSM-III criteria & prevalence of mental disorders, college students, Japan, 5818
diagnostic & demographic characteristics, psychiatric outpatients, Nigeria, 8151
diagnostic & psychosomatic methodologies & models, review of psychoanalytic & behavioral & family interactions research, 1970–80, 8341
diagnostic criteria used to determine eligibility of mentally retarded for vocational rehabilitation services, state rehabilitation agencies, 8768
diagnostic informative value of some psychopathological symptom-complexes, patients undergoing forensic psychiatric examinations, 10386
diagnostic subgroup & depressive symptomatology, depressed patients reporting pain as symptom, 8173
difficulty in diagnosis of atypical psychosis & affective disorders & behavior disturbances, 12830
discriminant analysis vs hypothesis agglutination techniques vs conventional linear statistical procedures, diagnostic decision making, 6999
DSM-III vs MMPI D scale vs Beck Depression Inventory, diagnosis of depression, alcoholics, 4762
empirical item structure of Basic Personality Inventory, construct-oriented heuristic measurement of psychopathology, normal adults & high school students & psychiatric patients, 3540
etiology & diagnosis & prevention, burnout, ministers & other committed persons, 12515
generalizability of behavioral checklist, assessment of psychopathy, prison inmates, 12943
Hamburg Depression Scale scores, psychosomatic patients, implications for interpretation of symptom patterns, 9346
Hamburg-WISC, diagnosis of minimal brain dysfunction, behaviorally disturbed 10 yr olds, 10609
history & development & reliability, psychiatric & psychological diagnosis, 13115
human figure drawings, children with mean age of 7.9 yrs referred for gender identity problems vs their siblings vs children with other psychiatric problems, 10513
identification criteria & treatment services, chronically mentally ill patients, 13327
importance of repeated clinical assessments over time for disentangling psychiatric & organic impairment, female patient with "cortical vulnerability", 10393
incidence & reliability of DSM-III diagnosis of antisocial personality disorder, male prison inmates, 10372
interrater reliability, diagnostic evaluation of psychiatric patients using Schedule for Affective Disorders & Schizophrenia & Research Diagnostic Criteria, professional interviewers, 3797
interrater reliability, past vs present symptomatology, chronic schizophrenics, 5768
labeling theory implications, diagnosis & treatment, mentally ill prisoners, 6455
lithium & psychiatric diagnosis, alcohol consumption & mood & treatment compliance, 33.0–42.2 yr old alcoholics with vs without secondary affective illness vs Ss with primary major affective illness with vs without secondary alcoholism, 13282
methodological problems in psychiatric diagnosis & analysis of prevalence of mental disorders, Argentina, 8076
modal profile analysis of revised Symptom Check List-90, patients with adjustment reaction & alcohol & nonopioid & opioid type dependence & neurosis & personality disorders & schizophrenia, 12876
new norms for German adaptation of WISC, criteria for children with dyslexia & minimal brain dysfunction, 7069
Nishizone Self Rating Scale, diagnosis & prognosis, neurotic patients, 9361
nonverbal behavior, supplement to psychodiagnosis of schizophrenia & anxiety neurosis & depression, 17–62 yr olds, 8154
objective assessment of cella media region & its use in psychodiagnosis, 1483
objectivity in psychiatric diagnoses, epidemiological research, 10363
paired-associate learning test vs 10-word-list recall test, assessment of dementia, residents of homes for elderly with impaired memory compatible with Alzheimer's dementia, 1167
predictive accuracy of clinical judgment vs taxonomic key approach of E. Russell et al, diagnosis of brain damage & schizophrenia, 10332

preliminary psychodiagnostic examination, hospitalized psychiatric patients, 11013
Present State Examination, bipolar vs nonbipolar depressives, 5738
Present State Examination vs staff diagnosis, psychiatric disorders, hospitalized patients, West Germany vs US vs Great Britain, 1220
principal components analyses, intercorrelations among items of Beck Depression Inventory & National Institute for Alcohol Abuse & Alcoholism Impairment Index, patients treated for alcoholism, 12947
problems in diagnosis of depression, implications for psychiatric curriculum, 8176
problems in diagnosis of mania, children & adolescents, 8100
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
psychiatric profiles & suggestions for presentence evaluation, 16–30 yr old male criminal offenders with previous psychiatric histories primarily personality disorders, 1264
psychoanalytic developmental theories of M. Mahler & self concepts of H. Kohut & Gestalt psychology, diagnosis & treatment of narcissistic patients, 5827
psychoanalytic thematic analysis of delusions, schizophrenics, 13188
psychodiagnosis for therapeutic vs administrative or forensic purposes, implications for training of psychiatrists, 8138
psychodiagnosis of psychiatric disorders, aircrew, 10406
psychodiagnostic evaluation & surgical technique, circumcised males requesting foreskin reconstruction, 3986
psychodiagnostic techniques & interview & etiology, borderline states, literature review, 12775
psychodiagnostic techniques, National Advisory Commission on Criminal Justice Standards & Goals implementation, prisoners in local jails, 6461
psychodiagnostic testing profiles & presenting complaints, patients involved in workers' compensation litigation, 3568
psychological report writing, 24–56 yr old correctional psychologists & probation officers & probation supervisors, training implications, 1867
psychological vs neuropsychological evaluations, diagnosis of brain damage & dysfunction, 5948
race of resident & patient, initial disposition & diagnosis, Black vs White residents in psychiatric walk-in clinic, 8648
readability of self report depression scales, 11651
relevance of DSM-III for consultation-liaison psychiatrists, 5708
reliability & applicability of German version of Motivation Analysis Test, objective assessment of motivation in individual diagnoses, 2432
reliability & validity of Beck vs Multiscore Depression Inventory vs Popoff Index of Depression, 18–90 yr old outpatients of family practice residency programs, 7003
reliability, lifetime diagnoses & symptoms in psychiatric patients with current disorder, psychiatric social workers & psychiatrist, 3798
religious affiliation, psychiatric diagnosis, psychiatric patients, 12836
Research Diagnostic Criteria vs Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, diagnosis of depression & schizophrenia & manic & panic & anxiety disorders, 10339
Rorschach test vs computerized tomography, diagnosis of psychoorganic syndrome, patients with cerebral atrophy, 1403
self rating scale, diagnosis of depression, 12–76 yr old psychiatric outpatients, 9372
self report questionnaires on anxiety & depression & visual analog scales, detection of psychiatric morbidity, females with mean age of 26 yrs during pregnancy & postpartum period, 9321
serotonin uptake in blood platelets & dexamethasone suppression test, diagnosis, unipolar & bipolar & schizoaffective depressed patients with mean age of 36 yrs, 8141
sex differences, psychodiagnosis, 15–17 yr olds hospitalized for nonpsychotic behavior anomalies, 3494
staff evaluation of mental status & hypochondriasis & depression, 50–95 yr olds at day care center for frail &/or impaired elderly, 8663
status & attributional inferences & diagnosis of clients, mediation of cognitive processes in clinical judgment, 25–49 yr old counselors, replication of study by D. C. Strohmer et al, 6503
structural shift from neurological & psychodiagnostic procedures to inpatient psychotherapy, department of child & adolescent psychiatry, West Germany, 8721
Symptom Schedule for Diagnosis of Borderline Schizophrenia, comparison of borderline syndromes vs schizophrenia vs affective disorders, borderline vs schizophrenic vs manic vs depressive patients, 5809
test of object relations of H. Phillipson, psychodiagnosis of borderline patients, 5792
theoretical basis & clinical applications, Emotional Profile Index, 4720
usefulness of MMPI decision rules for psychodiagnosis of DSM-III categories, 8161
utility & validity of modified Manic-State Rating Scale vs Nurses' Global Impressions, measurement of mania, 20–72 yr olds with mania vs excitement vs hypomania, 2405
utility of empirically derived MMPI criteria, diagnosis of schizophrenia, 14–19 yr old hospitalized patients, 3561
utility of Rorschach, assessment of object representation, 16–38 yr olds with different forms of psychopathology, 87
validity of Brief Symptom Inventory psychoticism scale, schizophrenic vs nonschizophrenic patients, 2485
value of pastoral diagnosis, persons seeking pastoral help, 10986
Psychodiagnostic Classificat (Proc) [See Psychodiagnosis]
Psychodiagnostic Classificat (Taxon) [See Psychodiagnostic Typologies]
Psychodiagnostic Interview
amobarbital interview, diagnosis of functional vs organic brain disease, 40 yr old male, 1420
computerized vs face-to-face vs self report formats for assessment of alcohol & drug & tobacco use, reliability & content of information & ratings of assessment experience, 14–62 yr old clients of addiction treatment center, 1897
field dependence vs independence, performance in unstructured free-association interview, 17–32 yr old college students, implications for psychotherapy, 3823
Gottschalk-Gleser method vs anxiety topics dictionary, analysis of affective content of verbal behavior during psychotherapeutic interviews, patients with mean age of 28.5 yrs, 3842
interrater reliability, diagnostic evaluation of psychiatric patients using Schedule for Affective Disorders & Schizophrenia & Research Diagnostic Criteria, professional interviewers, 3797
model for emergency psychiatric interview, 13102
modification of National Institute of Mental Health Diagnostic Interview Schedule to include detailed information of current symptoms, diagnosis of major depressive episode, 5831
myths held about family feedback conferences & interference with diagnostic process, clinicians, 3817
parents' motivation & psychosocial diagnosis & team's relationship with & reaction to parents, interprofessional treatment team members & parents of hospitalized abused children, 1792
psychodiagnostic techniques & interview & etiology, borderline states, literature review, 12775
structured diagnostic interview, incidence of bipolar disorder, 13–18 yr old inpatients & their mothers, 5758
validity, Diagnostic Interview Schedule Version II, 2458
validity of Psychiatric Evaluation Form, quantification of diagnostic interview data, 4–17 yr olds, 4754
Psychodiagnostic Typologies
advantages & changes & criticisms of DSM-III, 1202
anxiety disorders according to DSM-III, 8114
apparent error rate in classification rules, data analysis, 9414
behavioral assessment & DSM-III, 1135
categorical vs dimensional systems for diagnosis of personality disorders, 8112
clarification & utility of DSM-III, counselors, 11136
classification & diagnosis, borderline states, 3586
classification of delusional hypochondriacal states, schizophrenics, 8163
classification of psychic disorders, children, 3545
classification of schizophrenia-related psychosis under DSM-III & drug therapy, 13298
classification system, psychiatric crisis intervention, children, 6370
clinical state at time of testing & diagnostic subtype, cerebral laterality in dichotic listening tasks, schizophrenic & affective disordered & depressed patients, literature review, 12777
cluster-analytic typology based on IJR Behavior Checklist profiles as alternative to clinical diagnostic classification, 4–17 yr old patients with behavior & other disorders, 3492
coordination of foreign adaptations of AMDP psychiatric documentation system, 12807
definition & Research Diagnostic Criteria vs DSM-III typologies & prediction of outcome, mania, 17–55 yr olds, 5737
definition of hallucinations, 3734
dexamethasone suppression test, depressed outpatients with vs without melancholia, support for DSM-III differentiation between subtypes of depression, 5770
diagnosis & treatment, autism, 12811

diagnosis using DSM-III criteria & prevalence of mental disorders, college students, Japan, 5818
diagnostic classification, emotional adjustment reactions, 5–14 yr olds, 12898
diagnostic factor structure, Children's Psychiatric Rating Scale, 10413
diagnostic systems, classification of functional psychoses, 5733
differential diagnosis & classification & psychodynamics, psychopathic-sociopathic-antisocial personality, 12843
DSM-III categories & individual psychotherapy, schizophrenia, 13172
DSM-III classification & differential diagnosis, depression, literature review, 10397
DSM-III criteria & dexamethasone suppression test, prediction of response to drug therapy & psychotherapy & ECT, depressed inpatients with mean age of 71.2 yrs, 10714
DSM-III in clinical practice of child psychiatry, 10707
DSM-III vs MMPI D scale vs Beck Depression Inventory, diagnosis of depression, alcoholics, 4762
evolution of terms dementia praecox & schizophrenia, 8172
features of DSM-III, 8146
history of classification of phobic disorders, 10427
incidence & reliability of DSM-III diagnosis of antisocial personality disorder, male prison inmates, 10372
influential 20th century diagnostic systems & DSM-III & diagnosis of schizophrenia, literature review, 5762
living situation & social functioning vs psychodiagnostic typology, discrimination of psychiatric chronicity, posthospitalized chronic schizophrenic & chronic nonschizophrenic patients with mean age of 35 yrs, 12879
long term thymoleptic treatment, typological features characterizing phases of depressive reactions, depressed patients, 6253
mathematical model, prediction of hospital admission frequency, unipolar manics, 3565
need for diagnostic specificity, major childhood depression, 1187
nosological classifications, psychoanalysis, 13158
personality classification of narcissistic personality disorder in DSM III, 3519
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
pros & cons of DSM-III, 5839
prototypic diagnostic categories of DSM-III vs classical model of classification, borderline personality disorder, 18–45 yr old outpatients, 12784
relevance of DSM-III for consultation-liaison psychiatrists, 5708
reliability & validity & theoretical aspects, DSM-III, literature review, 6062
sequence of traumatic childhood events vs onset of delinquency vs initiation of illicit drug use, drug addiction, opiate addicts, 1266
subclassifications of chronic schizophrenia, 8111
symptoms & nosology of organic brain syndromes, 6011
teacher & peer & self perceptions of males meeting criteria for attention deficit with vs without hyperactivity, 2nd–4th grade teachers & students, 4350
use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
usefulness of MMPI decision rules for psychodiagnosis of DSM-III categories, 8161
validity of Research Diagnostic Criteria for depressive subtypes, 21–65 yr old depressed patients, 1158

Psychodrama

anxiety & reactions of significant others & individual psychoanalytic psychodrama, epileptic attacks, children, 3838
drama program, group interaction & role playing, aged, 8673
efficacy of photodrama, hospitalized patients, 10671
psychodrama group, psychotic patients, 3866
resistance in psychodrama, 6129

Psychodynamics

airport wandering as symptom of conflicts related to separation & reunion, psychiatric patients, 3574
analysis of A. Bandura's criticism of trait & psychodynamic theory, 5655
analysis of psychological impact, unemployment, males, 11348
biofeedback & development of psychophysiological profile & disregulation of migraine headaches, female chronic sufferers, test of hypothesis by F. Schwartz, 10817
characteristics & dynamics & treatment, anorexia nervosa, adolescents, implications for health education, 10560
clinical & psychodynamic & neurophysiological aspects of anxiety, 4973
cognitive learning theory, reply to D. C. Phillips & R. Orton's comments on concept of reciprocal determinism, 2326
cognitive vs psychodynamic functioning, moral development, 5304
cognitively complex occupation, office furniture arrangement & spatial & working behavior, social scientists, 13774
common principles & complementary nature of & barriers to & suggestions for rapprochement, psychodynamic & humanistic & behavioral clinical orientations, 8436
convergence of psychological & environmental forces into meaningful gestalt & relationship to synchronicity & developmental potential, symbolic growth experience, 8012
criminal psychodynamics & group psychotherapy in therapeutic prison community, Romania, 8758
differential diagnosis & classification & psychodynamics, psychopathic-sociopathic-antisocial personality, 12843
difficulty with heterosexual relations & idealism & magical/mystical world views & tendency toward denial as characteristics, 26–29 yr old Unification church members, 10125
dimensions of disaster & methodological factors affecting assessment of its psychological effects, 11577
disclosure of personal concerns, borderline & hypertensive 17–78 yr olds, implications for coping styles, 8286
dynamics of borderline conditions & transactional analysis treatment approach, 8462
dynamics of conversion process & nature of charisma, cults & new religious movements, 10138
educational & behavioral & psychodynamic workshop, identification & resolution of problems in reconstituted families, Ss contemplating or involved in remarriage, 1555
educational & social & psychological correlates, vocational maturity, 9th–12th graders, 7793
elements of self psychology vs ego psychology, psychoanalytic treatment of personality disorders, 13185
emotions & social pressure & psychodynamics, alcohol drinking patterns, males with mean age of 36.7 yrs arrested for driving while intoxicated, 10466
etiology & dynamics & differential diagnosis & treatment, pathological hypersexuality, males, literature review, 1127
etiology & psychological sequelae of divorce & roles of mental health professionals & lawyers & courts, 3311
feeling of helplessness & loss of narcissistic defense & fear of loss of life, cause of combat exhaustion, 13080
forms & psychological methods & psychopathological consequences, torture, South America, 12948
formulations of J. Lacan, origins & functions of ego, literature review, 6934
hope & despair & psychodynamics of social behavior, adolescents, 1975–82, 12500
hostility & depression & anxiety, males with hyperprolactinemia, 3698
infant behavior & maternal psychological reactions & mother-infant interaction patterns, mothers & their premature infants, literature review, 992
inpatient unit, teaching & learning of dynamic psychotherapy, 1943
integration of psychodynamic & family systems theories & use of critical identity image, family therapy, 3882
integration of psychodynamic & systems approach, family therapy, criticism of work of C. E. Sluzki, 3877
job satisfaction & development of psychological & physiological disorders & burnout, air traffic controllers, treatment implications, 11431
large group as modification of therapeutic community, 3860
liaison psychiatry & gastroenterology, irritable bowel syndrome & anorexia nervosa & obesity, 8366
major themes of analysis & trauma in psychodynamics of childhood encopresis, pesonality development, 22 yr old male, 6035
masturbation & feelings about masturbation & genitals & self concept, conception difficulties, couples seeking consultation, 6154
model based on narcissistic vulnerability which integrates systemic & behavioral & psychodynamic approaches, dysfunctional marital conflict & therapeutic applications, 3296
neurodynamic & psychodynamic & morphological characteristics, adolescents & their parents, 12367
object relations theory, mental consequences of dramatic good fortune, patients thrown out of synchrony with internal milieu by gratification of social relationships, 13136
occupational therapy, hand dysfunction, implications for therapist education on psychological & physiological correlates of severe hand dysfunction, 11025

Oedipus complex & theories of psychosexual development, psychodynamics & pathogenesis of anorexia nervosa, 17 yr old female patient, 8288
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
parental unemployment, material deprivation & psychological factors & family roles & relations & health & behavior & abuse & progress in school & reception into care, children, literature review, 3142
parricide themes & hysterical personality features as factors in G. Flaubert's epilepsy, comparison with life & work of F. M. Dostoevsky, 3741
past & current psychosocial experience, 23–44 yr old females with severe premenstrual tension, 10632
past centered vs present centered approaches & family history, family therapy, reply to criticism of J. R. Jordon, 3895
personality correlates & developmental aspects of political radicalism, college students, 5669
personality correlates based on J. Holland's typology, occupational status, employed males with mean age of 40.4 yrs, 9172
personality traits & social network & health & financial correlates, distress patterns following bereavement, 27–69 yr old widows, 3317
physical & psychological aspects of irritable bowel syndrome, 10612
physical handicaps, social relationships, normal vs heart diseased vs paralytic 10–17 yr olds, 5976
physiological & psychological variables, prediction of compliance with exercise therapy, 36–70 yr old myocardial infarction patients, 6313
psychiatric factors, development & treatment of chronic pain, 1383
psychic forces underlying collective social movements, 5488
psychodiagnostic evaluation & surgical technique, circumcised males requesting foreskin reconstruction, 3986
psychodynamic & physiological processes & learning & heredity, psychosomatic disorders, 13040
psychodynamic & sociocultural factors, risk of suicide & morbidity, female psychiatrists, 1930
psychodynamics & cognitive function & complementarity, janusian thinking & process in creativity, 8049
psychodynamics & cognitive misinterpretation of bodily sensations & somatic symptoms & socially learned illness behavior, hypochondriasis, literature review, 1329
psychodynamics & constructive use of envy, female in early 20's with borderline personality, 10432
psychodynamics & Rorschach ratings, 26–60 yr old depressed & suicidal patients with low 5-hydroxyindoleacetic acid in cerebrospinal fluid, 1133
psychodynamics & treatment, patients with symptoms of agitated grief or depression, 6138
psychodynamics, illness, aged, social work implications, 10973
psychodynamics of individual decision making, 1096
psychodynamics of organization development consultants, 11144
psychodynamics of schizophrenia, children & adults, 3571
psychodynamics of sex caller & feelings & attitudes of counselors & methods used in working with sex callers, telephone counseling center counselors, 6371
psychodynamics of spirit possession, 19–24 yr old Inuit males, Canada, 10139
psychodynamics of theft, convenience store employees, 8236
psychodynamics of trichotillomania, females, 10383
psychodynamics, tattooing, literature review, 12708
psychological & clinical aspects, distant synchronization of cortical potentials, 7443
psychological & social secondary effects of unemployment, 4449
psychological & sociocultural factors, nonmedical drug use, inner city adolescents & young adults, 876
psychological & treatment issues, breast cancer, females, 8309
psychological aspects of running, nonprofessional runners, 10282
psychological autopsy, phencyclidine-related deaths, 1242
psychological characteristics in organic disease, 3703
psychological climate of collective group, 7956
psychological conflicts resulting from awareness of mother's abortion, children, literature review, 5322
psychological correlates, patients with herpetic encephalitis, 8278
psychological events & immunology, literature review, 5143
psychological factors, attitudes & feelings & conflicts during 1st pregnancy, females, 964
psychological factors, eyewitness identification, 12570
psychological factors in conflicts in commerce, 9164
psychological factors of placebo phenomenon in therapeutic settings, 13108
psychological features, multiple sclerosis, 13077
psychological issues in clinical research for development of male contraceptives, 3349
psychopathology as tactical reorganization of behavior & cognition & affect in defense of ego, conceptualization & treatment of catatonia, 21 yr old Black male catatonic, 8442
psychosocial correlates, Back Pain Classification Scale scores, 21–65 yr old patients, 104
psychosocial factors, psychological & bodily complaints, 35–49 yr olds, Norway, 3488
rationality of passionate love, 12637
reciprocal determinism concept of A. Bandura as causal principle of cognitive learning theory, 2341
role theory vs individual personality dynamics as possible explanation for authoritarianism & personality & attitudinal changes, police, 2253
Rorschach responses & primary process thinking, 19–43 yr old borderline personality disordered inpatients, 8155
social & psychological factors, suicide prevalence, primitive societies, 12944
social adjustment & psychological characteristics, chronic pain patients, 3746
social energy & inter- & intrapsychic dimensions of personal identity, 7994
social-energetic processes in group dynamics, ego function development & cerebral localization, 7995
timing of menopause, psychological impact & distress, 25–72 yr old females, 7478
transactional analysis method to help clients develop positive future scenarios while abandoning destructive past decisions, 8451
type of self destructiveness involving sadomasochistic "addiction", psychoanalytic patients, 8127
types & frequencies of psychological problems, homebound cancer patients, 13092
value orientations & observance of social norms & other psychological factors, social & working adaptation, patients with slow-progressing schizophrenia, 10352
work & interpersonal conflict & personality structure & physical complaint, psychodynamics & physiological correlates, patients with Crohn's disease & duodenal ulcers & ulcerative colitis, 6046

Psychogenesis [See Also Childhood Play Development, Cognitive Development, Emotional Development, Intellectual Development, Language Development, Moral Development, Perceptual Development, Personality Development, Psychomotor Development, Psychosocial Development, Speech Development]

convergence of psychological & environmental forces into meaningful gestalt & relationship to synchronicity & developmental potential, symbolic growth experience, 8012
definition & function & value of counselor's intervention, psychological religious conversion, 6106
development of interpretative & relational & projective competencies, communicative functions & strategies, male vs female 2–5 yr olds in daycare, 7 mo longitudinal study, 5303
ontogenesis of smiling & anxiety, implications for cognitive & social & emotional development, children, literature review, 12473
psychoanalytic methods of studying formation of concept of authority, 4607
psychoanalytic significance of Aristotle's "Poetics" from developmental perspective, tragedy & metaphor in analytic process, 5270
psychogenesis & use of directed reverie in therapy, psychosomatic disorders, 12988
psychological bases of humor, 5481

Psychogenic Pain

family & hypnotherapy, treatment of stress induced abdominal pain, 10 & 11 yr old males, 2 case reports, 1457
integration of family therapy & behavior modification & reframing techniques, 9 & 13 & 16 yr olds with psychogenic pain & cough, 13113
pleasure &/vs pain & subjective distance & directedness & duration & imagination, emotions, 3478

Psychohistory

childhood rebelliousness, 19th century, 4648
ethical issues in psychohistory, comments on article by R. O. Begrup et al & author's reply, 17
genetic vs role-model vs cohort vs sociocultural factors, intelligence & morality & eminence & leadership & life span & reign span, European hereditary monarchs, 5685
geriatric profile of E. Roosevelt from age 61 to 78, 8053
history of psychoanalysis through H. Deutsch's account of G. Sand, 7660

Jung's relationship with Freud as expressed in Jung's "Answer to Job", comments on H. Slochower's article, 4637
mescaline, fiction & formal expositions of existentialism, J. P. Sartre, analysis based on S. Grof's theory of perinatal memory matrices, 10303
parricide themes & hysterical personality features as factors in G. Flaubert's epilepsy, comparison with life & work of F. M. Dostoevsky, 3741
psychohistory & psychoanalysis & Jewish identity, 19
psychohistory & psychological models used to interpret historical situations & views of R. Musil, 11537
Psychokinesis
bioenergetic aspects, relationship between image of perception & perceived object, implications for psychokinesis, 2323
methods used in ESP & psychokinesis research, 6909
psychokinetic effects on metal & film, 19 yr old student, 4609
Psycholinguistics
alternating between overt & covert speech, intensity switching effect, college students, 3119
direction of code switching in language, North India, 9897
enrichment program in kindergarten, psycholinguistics & psychomotor & visual perception & social skills, preschoolers with minimal brain dysfunction, longitudinal study, 13647
experimental psychosemantics, study of structures of individual mind, review of author-conducted studies, 7172
experimental techniques & instrumentation in visual word recognition experiments, 4675
method for deriving names for unfamiliar objects, college students, 723
methodological issues, psychological semiotics, 7649
methodology, study of sociophonological variation in Viennese German, literature review, 5265
personal construct theory applied to psycholinguistic data, psycholinguistic properties of constructs, 12338
psycholinguistic analysis of didactic scientific texts & poetry, 9883
psycholinguistic characteristics of stages of understanding, 9499
semantic similarity of names & commands, suggestiveness as implication of system actions, college students & computer programers, use of A. Tversky's model of featural similarity, 11457
social structure revealed by peer terminology, Black adolescent gang, 5441
Spatial Mnemo-Scale, measurement of similarity of meanings & semantic memory in psychosemantic research, 4724
spatial vs linguistic processes, formulation of transitive inferences, learning disabled 7 vs 9 vs 11 vs 13 yr olds, 3635
transformational grammar vs type transparency hypothesis vs derivational theory of complexity vs extended lexical theory, models of human sentence processing & linguistic research methodology, literature review, 7646
universal rank order among elements of phonological systems, discussion of R. Jakobson's theory, 9882
Psychological Correlates [See Psychodynamics]
Psychological Endurance
anxiety & extraversion & critical independence & sensitivity & shrewdness & inhibition, moderation of impact of psychological impact of life stress, college students, 1095
marital status, exposure & emotional responses to stress & depression & coping resources, community residents, 3304
psychological & physical strengths, surviving prisoners of war & hostages, 1104
Psychological Reactance
construction & validation of questionnaire for measurement of psychological reactance, 9353
demand vs direct vs choice vs minimal telephone request for help, compliance, adult Ss, results contrary to psychological reactance theory, 12635
educational subsidies by employer, task interest & beliefs about reward, employed master of business students with expressive vs instrumental orientations toward program, test of sufficiency of justification hypothesis, 11406
facial EMG & reactivity, 23–62 yr old depressed inpatients, 5740
presence & instructional sets & self monitoring & direct observation & other methods of assessment, reactive effects on S & data reliability, literature review, 2374
self attribution in reduction of available choices, reactance to loss of choice, Type A vs Type B college students, 3468
self recording, reactivity & stimulus/response equivalence, middle aged male with obsessive compulsive neurosis, 1612
Psychological Stress
ambient stressors vs daily hassles, attitudes & coping behavior, 9191
anxiety & extraversion & critical independence & sensitivity & shrewdness & inhibition, moderation of impact of psychological impact of life stress, college students, 1095
Beverly Hills Supper Club fire, objective vs subjective stress & psychological symptoms, Ss present vs not present at fire, 1–2 yr followup, 12799
defensiveness & locus of control, ability to cope with life stress, male college students, 5683
doxepin vs hydroxyzine, muscle action potentials & GSR following experience of success vs failure on cognitive task, psychiatric anxiety patients, 13295
employment commitment & employment vs unemployment, psychological distress, 16 yr old school dropouts, 3 yr longitudinal study, England, 12478
frustration & support, facilitation of client growth in Gestalt therapy, 6146
hope & hopelessness, immune system function, 27–57 yr old in danger of imminent loss, 3767
job demands & interpersonal supports & constraints, psychological strain, schoolteachers, 4250
learning of high risk for premature heart disease, psychological stress response syndrome, 35–57 yr old males, 13028
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
life stress & coping responses, depressed patients, 5735
locus of control & uncertainty & self confidence in future coping & fear of future occurrence of negative events & depression, Asian vs White 65–82 yr olds, 3445
maternal life stress & social support & satisfaction with life & parenting, maternal attitudes & mother-child interactions, mothers & their premature vs full term infants, 958
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
personal space preferences & crowding & stress, literature review, 1066
physiological & psychological stress states, causes & coping behavior, elementary school teachers, 1972
presentation of alphabetic letters followed by aversive white noise vs silence, judgments of probability of letters resulting in noise, college students, 2561
psychological stress & coping strategies, 22–54 yr old neonatal intensive care unit nurses, 11119
psychological stress conditions, subjective feelings & physiological response patterns, male students, 517
psychological stress, information processing rate, engineering students, implications for computer operator training, 6835
psychophysiological stress due to captivity & confinement & handling in research, dolphins, 308
psychosocial stress & GSR patterns, perception of & response to stress, college students, Taiwan, 522
psychosocial stress & predisposing personality factors, development of cancer, 10565
psychosocial stress & social support correlates & psychopathology, sickle cell disease, 19–53 yr olds, 8318
psychosocial stress, heart rate responses, Type A vs Type B male college students, 12152
psychosomatic treatment involving autogenic & relaxation training, skin allergic responses & immunologic reactions, patients with urticaria, implications for etiological role of emotional stress, 3859
recent life-stress experience, physiological reactivity, college students, 5137
relaxation & psychological stress, psychophysiological responses, muscle contraction & classic & common migraine headache sufferers with mean ages of 37 & 41 & 42 yrs, 5954
relaxation with vs without skin conductance biofeedback, self reported & physiological reactions to challenging task & anxiety-provoking film, 18–22 yr olds, 516
reliability & stability of inventories & relation to psychosocial stress & life events, measurement of neuroticism & symptoms & well-being, Ss aged 16 yrs & over, 10297
"sentimental work", patient's psychological trauma of hospitalization, hospital staff, 6440
social change & value conflicts, emotional distress, 24–29 yr olds, implications for career & psychotherapeutic counseling, 6402
stress & relaxation training & self monitoring of blood glucose, management of diabetes mellitus, 8361

stressful life events & nervous tension & interpersonal trust, 20–65 yr old college students & faculty & employees, implications for nursing, 867
theoretical biological approach, dynamics of needs, implications for psychoemotional stress & health, 7485
theoretical issues in research on life events & stress, literature review, 8004
Type A behavior & cognitive style of coping with racism & stressful task, blood pressure, 18–34 yr old Black college students, 7471
workshop dealing with psychological stages of separation, separated & divorced adults, 13230
Psychological Terminology
ambiguity of word "instinct" as used in work of C. Darwin & H. Spencer & modern day ethologists, 6916
cognitive & behavioral orientations to language of behavior analysis, 6933
criticism of use of "contingency" to describe response-event relations, 1593
current & historical definitions & psychoanalytic & behavioral treatments of phobia, literature review, 5761
definition & experimental controllability of concept of universality, implications for cross cultural studies, 3288
influence of J. Strachey as translator, published work of Freud & development of psychoanalytic theory, 6935
need for precision in use of phrase "behavior analysis", 5
operational definitions of dyslexia in published research, 1971–80, literature review, 5923
operational definitions of response cost, 1596
rated usefulness of various psychological terms used in psychoeducational reports, classroom teachers vs graduate psychology interns vs regular vs special education majors, 13690
replacement of concept of accident proneness with "differential accident involvement", implications for measurement & prediction, 2195
use of term "psychometry" in parapsychology, 12

Psychometrics
characteristics of ordinal scales of infant development, literature review, 4715
clinical & psychological assessment, 7–14 yr old children of bipolar probands, 5748
composite score method in psychological testing, amount of information & reliability of classification, 2400
methodological & conceptual problems in research on interactions between attributes & treatment, 11644
problems in use of psychological tests, 9287
psychometric properties of Multidimensional Health Locus of Control Scales, male alcoholic inpatients with mean age of 45.5 yrs, 7066
psychometric testing, 11706
psychometrics & reliability & validity of assessments, measurement of clinical competence, counselors & therapists, literature review, 11135
statistical test for probabilistic conjoint measurement model for application in psychological testing, 2398
structure of intellect model of J. P. Guilford, description of & means & ranges for scores on 24 subtests of Structure of Intellect Test & applications in vocational guidance, 11699
Structure of Intellect test, assessment of abilities based on J. P. Guilford's conceptualizations of intelligence & prescriptions of remedial exercises & academic & vocational guidance, 11712
traditional psychometric vs experimental psychosemantic approach to organization of data, empirical study of individual differences, 6984
use of dynamic factorial model, statistical attempt to verify existence of "neurotic triad", 4721
validity & specificity & desirability & clarity & sequence of feedback, reactions to psychological test results, clients, 8357

Psychomotor Development [See Also Speech Development]
inpatient treatment, severe undernutrition, psychomotor performance & developmental quotient, infants, 160-day followup, 6416
intrauterine growth & gestational age, psychomotor development, infants at 4 vs 8 vs 12 vs 18 mo, Brazil, 3189
neuropsychological & cognitive & psychomotor development & academic achievement, low vision & blind 7–18 yr olds, 5956
psychomotor development, 1 yr olds with Werdnig-Hoffman disease vs Walton's congenital benign muscle hypotonia, 3775
reading remediation, reading skills & achievement & IQ & cognitive & psychomotor test scores, 7–13 yr olds with reading disorders, 4345
systems genesis theory perspective, psychomotor development & neurological disorders, children, 3482

Psychomotor Processes [See Perceptual Motor Processes]
Psychoneurosis [See Neurosis]
Psychopath [See Antisocial Personality]
Psychopathology
alcoholism & mental health & psychopathologies & treatment approaches, 1235
back pain chronicity, MMPI psychopathology indices & anxiety & depression, low back pain patients, 10584
changes in MMPI indices of psychopathology, 16–70 yr old abstinent vs periodically drinking alcoholics, 4-yr followup, 1261
childhood minimal brain disorder & hyperactivity & familial alcoholism & alcoholism severity & psychopathology, male VA alcoholic inpatients, 10445
concurrent & construct validity of Hysteric & Compulsive & Character Disorder subscales of Multivariate Personality Inventory, assessment of personality-psychopathology relationship, female college students, 9385
conflicts about repressed aggressive impulses, epileptic attack, 3672
demographic characteristics & family history & psychopathology & drinking history, course & consequences of alcohol abuse, alcoholics, 5858
demographic characteristics & incidence & prevalence of psychiatric disorders & models for & barriers to mental health services, aged, literature review, 10440
diagnostic informative value of some psychopathological symptom-complexes, patients undergoing forensic psychiatric examinations, 10386
drug therapy & associated psychiatric & behavioral abnormalities, 26–65 yr olds with Huntington's disease, 2–6 yr longitudinal study, 10556
epidemiology of physical & mental disorders, Ss undergoing check-ups, France, 1141
factor analysis, measurement of interrater reliability of AMDP Psychopathology Scale, 156
familial pathology & psychopathology & sociopathology, young addicts, 12900
fetal-material communication as model for mother-child communication & psychopathology, 3483
forms & psychological methods & psychopathological consequences, torture, South America, 12948
individual psychopathology & emotional & psychological adjustment problems after leaving charismatic religious group, Unification Church ex-members with mean age of 28.6 yrs, 12520
irrationality, psychiatric symptomatology, college students, 8169
length of Y chromosome & psychiatric symptom severity & hyperactivity & parental psychopathology & alcoholism, child psychiatric inpatients & 7–15 yr old inpatients, 10400
limbic kindling, neural mechanisms & changes, animals, literature review, implications for human psychopathology & complex seizures, 7513
multidimensional assessment of psychological problems & psychopathology & cognitive development-related problems, 3–16 yr olds with cancer, 5938
need for interactional model of psychopathology, 12797
neuroanatomy & amine excretion & psychopathology, 12 yr old female with Gilles de la Tourette's syndrome, 8352
nutritional status, psychopathology, 40 yr old schizoid male, 12860
pathological triangular fusion & perverted & persistent triangular relations, parents & children, 3550
personality & psychopathological & hereditary variables & stressful life events, 17–35 yr old males with duodenal ulcers, 13004
phenomenological recreation, pathography of J. Didion's "Play It As It Lays", 5278
phenotypes & genotypes in genetics, mental functioning & psychopathology, 12075
philosophical orientation & relation to other thinkers & conception of psychopathology of K. Jaspers, 9227
physical health change & psychopathology & responses to increased work load, cortisol & growth hormone secretion, male air traffic controllers, 527
preventive psychiatric intervention, predisposition to psychopathology, children of divorced & depressed parents, 6087
primary prevention of psychopathology & psychosis, children at high risk, 10928
problems with use of DSM-III in psychiatric consultation-liaison service, 5711
psychiatric & medico-legal aspects, crime, Martinique, 8184
psychological measurement, ego functioning & object relations in borderline psychopathology, 4731
psychopathological diagnoses, Parkinson patients admitted to psychiatric hospital, 3748
psychopathological dimensions in symptomatic recovery, schizophrenic psychosis, literature review, 12779
psychopathology & personality characteristics, 21–40 yr old patients with treated vs untreated hyperthyroidism, 6023
psychopathology & symptoms, delinquent vs nondelinquent psychiatrically hospitalized adolescent males, 6434
psychopathology, animals, implications for study of human psychopathology, literature review, 5773
psychopathology secondary to brain injury, 39 yr old male, 8321
psychosocial stress & social support correlates & psychopathology, sickle cell disease, 19–53 yr olds, 8318
psychotherapeutic techniques, literalism & chaotic fragmentalism & perspectivism, 3840
relationship between religion & mental health & behavior, clinical assessment & treatment of religious pathology & methodological problems in research, literature review, 12526
role of depersonalization in severe psychopathology, 3532
seizure type, aggression & social competence & overall behavior disorder & psychopathology, 6–16 yr olds with temporal lobe epilepsy vs primary generalized epilepsy, 3772
septal lesions, failure to delay gratification, rats, implications for etiology of human disinhibitory syndromes, 7551
severity of psychopathology, manic inpatients with mean age of 36.4 yrs, 10444
sex differences, psychodiagnosis, 15–17 yr olds hospitalized for nonpsychotic behavior anomalies, 3494
sleep pathology & sleep disorders & psychopathology, aged, literature review, 10324
sociodemographic & biographical & psychopathological variables, patients with repeat vs 1st suicide attempts, 12926
Ss' educational background & current mental state & attitudes, choice of experimental procedures in pathopsychology, 1132
statistical data analysis, study of psychopathology, 11734
symptomatology & parental depression & parent-child relations & availability of extended family & use of social agencies, emergency referrals to psychiatric clinic, 5–15 yr olds, 4022
telephone therapy, extension of psychotherapy to unreachable clients, paranoids & phobics & borderlines, 8698
terminology, documentation of psychopathological & abnormal behavior, restrictively reared chimpanzees, 2794
theory & psychopathology & psychotherapy & diagnosis, family psychiatry, 6073
underlying pathology & symptoms & desire for patienthood, feigned bereavement or factitious mourning, 15–55 yr old patients, 5802
utility of Rorschach, assessment of object representation, 16–38 yr olds with different forms of psychopathology, 87
1982 Interpersonal Circle taxonomy of interpersonal complementarity, applications in personality & psychopathology & psychotherapy, literature review, 10243
Psychopathy
auditory stimulation & psychopathy, selective attention during complex perceptual motor task, prison inmates with mean age of 28.8 yrs, 12921
characteristics of psychotic states developed from variants of juvenile psychopathy-like heboidophrenia, patients, followup study, 1170
diagnosis & prognosis, adolescents with paranoid vs psychopathic schizophrenia, 5750
generalizability of behavioral checklist, assessment of psychopathy, prison inmates, 12943
slow electrical activity of thalamo-cortical region & psychophysical characteristics, discrimination of light flash intensity, healthy Ss vs psychopathics vs simple schizophrenics, 10385
training task learned helplessness, anagram solving, depressed vs psychiatrically disturbed vs normal community residents, implications for learned helplessness model of depression, 12800
Psychopharmacology
applications of conditioned taste aversion research, 6091
behavioral & neurochemical & clinical effects, dopamine agonist piribedil, literature review, 9808
biological properties, thyrotropin releasing hormone analogs, literature review, 666
conflict paradigm using footshock punisher & water as reinforcer, evaluation of anxiolytics, 9271
criteria validating clinical psychopharmacological relevance of animal neuropharmacological observations, literature review, 6245
diazepam, anxiolytic effects in exploratory behavior, male mice, implications for time of day & intertrial interval & multiple use of test animals in 2-chambered model system of anxiety, 3004

impediments to & suggestions for geriatric psychopharmacological research with dihydroergotoxin mesylate, demented aged, 8585
noradrenergic drugs & opiates, wet shake behavior, male rats, 3000
social reinforcement & modification of type & dosage & time of medication, chronic pain, adults, 1671
usefulness of AMDP psychiatric rating system, clinical research in psychopharmacology, 11569
Psychophysical Measurement
acute alcohol ingestion & prior success vs failure, cognitive performance & physiological arousal & skin resistance, 21–30 yr old males, 9845
adaptive psychometric method for Bayesian estimation of threshold, 9423
ambient temperature & general activity & electrolyte media in ambulatory electrodermal monitoring, 18–34 yr old workers, 12170
brightness meter with 4 wavelength inputs, simulation of brightness perception, color defective vs normal Os, 1440
caloric-induced electronystagmus, assessment of critical illusions during flight, aircrew, 7141
color perceptual confusions & photoreceptor spectral sensitivity & importance of standard O data & fundamental response curves in research, dichromats, 1453
construction of psychophysical scale based on method of fractionizing, assessment of subjective distance, 7001
correlation & consistency of semantically generated multidimensional profiles of odor stimuli, humans, 197
denominations of grey Munsell stimuli & relation to luminous efficiency, 5–54 yr old achromats, psychophysical assessment implications, 1388
dichoptic flicker photometry method of W. D. Wright, separation of test & standard stimuli, 43
differences in measurement unit & method & group & individual & modality & central/peripheral processing & pathological differences in reaction & in transformation of distal to proximal stimuli, measure constant in psychophysical power equation, 11558
dimensions of similarity judgments for rectangles, 7121
direct multivariate frequency analysis of psychophysiological data, 4836
discrimination & generalization training to recognize time durations, application of bisection method of psychophysical scaling, male rats, 2705
EP vs psychophysical methods, measurement of contrast sensitivity functions, 4861
exposure duration, anomaloscopic matching functions, 13–70 yr old normal vs red-green color deficient Os, 1345
FORTRAN program, maximum-likelihood calculation of threshold in adaptive psychophysical measurement, 11618
identification of stimulus noise & criterial noise in absolute judgment tasks, college students, support for stimulus integration model, 11834
importance of experimental control of light quality & luminance in chromatic dark adaptation studies, 16–23 yr olds, 225
intertrial titration & within-trial modification of threshold & psychophysical application of pattern analysis to study of stimulus control, rats, 7241
linear multivariable time-series modeling to avoid problems of sequential stimulus presentation, psychophysical analysis of odor mixture intensity perception, 7086
model of & experimental data from visual spectral sensitivity of chromatic mechanisms, detection of middle & long wavelength lights, 4882
motion photometric procedure, assessment of spectral sensitivity, 13 yr old & adult Ss, 63
operant procedure, measurement of olfactory perception, male pigeons, 5015
parameterization of Fechner's logarithmic law & J. C. Stevens's power law with error terms, unbiased estimates, 77
psychophysical method, measurement of orienting ability in chemical gradients, fishes, 2380
scaling apparent distance in large open field, college students, 11766
scaling of braking light flash rate, degree of deceleration, college student drivers, 13704
slow electrical activity of thalamo-cortical region & psychophysical characteristics, discrimination of light flash intensity, healthy Ss vs psychopathics vs simple schizophrenics, 10385
spatial frequency of achromatic gratings, iconic persistence, acute & chronic schizophrenics, 5813
Stevens & Fechner & Thurstone, contributions to Spanish psychophysical law & measurement, 4713
Stiles threshold vs radiance curves method, detection of color vision defects, diabetics, comparison with arrangement tests, 1447
stimulus density, subjective brightness scale, humans, 4873
successive vs simultaneous comparison method, purity discrimination thresholds, trained Os with normal color vision, 4884
titration method, measurement of auditory processing of amplitude vs frequency changes, humans, 4896
Psychophysics
conversion of motorized van into mobile psychophysical research laboratory, 4685
problems & results in psychophysics presented at 1982 Convention of Experimentally Working Psychologists, West Germany, 11769
Psychophysiologic Disorders [See Psychosomatic Disorders]
Psychophysiology
abstracts of presented papers, 9th Annual Scientific Meeting of Psychophysiology Society, England, 1981, 5136
attenuation of baroreflexes during operant cardiac conditioning, male adolescent macaques, 420
cognitive extinction technique, cognitive & psychophysiological reactiveness, opiate-dependent hospitalized patients, 4110
difficult discriminations under threat of shock, subjective & behavioral & psychophysiological reactions, decorated vs nondecorated bomb-disposal operators, 12210
EEG studies, psychophysiology of waking fantasy, literature review, 2848
electrophysiological & psychophysiological & biochemical correlates of a nature-nurture problem & etiology, schizophrenia, literature review, 1157
endorphins, altered states of consciousness, literature review, 7474
EPs as primary indicators in psychophysiological experiments to objectify socially induced processes of activation, 6982
experimental design & analysis & strategies, psychophysiological research, 11604
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
hypnosis, control of subconscious & mobilization of physical & intellectual & psychophysiological reserves, 11928
impact on field of psychophysiology & dialectical & revolutionary character, work of Pavlov, 6943
individual differences in activation state & trait & reaction, male college students, 12149
instructions to imagine palatable food vs to decrease salivation vs placebo administration, salivation rate, college students, 530
multivariate analysis of data in activation design, covariation & consistency, male students, 4823
opto-electronic belts, monitoring respiration in psychophysiological experimentation & therapy, 11624
perceived exertion as measure of subjective workload, literature review, 4854
personality & physiological response to verbal & acoustic & color stimuli, male duodenal ulcer vs hypertension patients, implications for identification of persons at risk, 1384
psychobiology of attention & RTs & EPs, implications for role of cognitive psychology & psychophysiology, literature review, 9614
psychophysiological & ethnographic factors, holiness ritual fire handling, Southern Appalachia, 7859
psychophysiological & psychosomatic interpretation of voodoo illness & death, 10133
psychophysiological methods in personality research, 11593
psychophysiological responsivity & Type A vs Type B behavior patterns, literature review, 12153
psychophysiological responsivity, Type A vs Type B Ss, literature review, 12154
red vs blue lighting, gambling & risk taking, 18–22 yr old card players, psychoanalytic theory & psychophysiological & choice shift implications, 1065
relaxation & psychological stress, psychophysiological responses, muscle contraction & classic & common migraine headache sufferers with mean ages of 37 & 41 & 42 yrs, 5954
reliability of psychophysiological recording of EMG & heart rate & skin resistance & skin temperature & cephalic vasomotor response, college students, 11552
rest vs paced respiration vs mental arithmetic, pulse transit time & intra-arterial systolic & diastolic blood pressure & mean arterial pressure, 22–33 yr old males, 2888
smoking withdrawal, physiological responses & complex motor & perceptual performance in simulated aircraft cabin altitude of 6,500 ft, 23–59 yr old habitual smokers, 12302

stress & anticipation of stress, heart rate & skin conductance & finger pulse amplitude, chronically depressed female college students, 8106
stress & relaxation training & self monitoring of blood glucose, management of diabetes mellitus, 8361
Psychosexual Behavior [See Also Bisexuality, Erection (Penis), Eroticism, Exhibitionism, Extramarital Intercourse, Female Orgasm, Fetishism, Heterosexuality, Homosexuality, Human Courtship, Hypersexuality, Impotence, Incest, Lesbianism, Male Homosexuality, Male Orgasm, Masturbation, Pedophilia, Premarital Intercourse, Prostitution, Rape, Sex Roles, Sexual Arousal, Sexual Deviations, Sexual Function Disturbances, Sexual Intercourse (Human), Sexual Masochism, Sexual Sadism, Transsexualism, Virginity]
alcohol &/vs marihuana usage prior to sexual intercourse, sexual behavior profiles, Black vs White college students, 5608
areas of strain in family functioning & marital & sexual satisfaction, 21–74 yr old home dialysis patients & their spouses, 1704
attitudes toward sexual crimes, 13–20 yr olds, Sweden, 5445
behavioral control & aggressiveness toward males vs females & sex role stereotypes & disinhibition sensation seeking & heterosexual experience & sexual attitudes, incarcerated male rapists vs murderers vs property felons, 3610
birth rates & sexual activity & abortion & illegitimacy & adoption rates, White vs Black adolescent females, 920
changes in female sexuality & sexual behavior & attitudes & mother-daughter communication & differences, mothers with college age daughters & college sophomores, 10173
common sabotages of positive sexuality & sexual values & avenues for sexual expression, single Christians, 3351
design & use of decision making process model, sexual decisions, adolescents, 7802
development & expression of sexuality, adolescents, literature review, 7768
difficulties in sexual functioning & recommendations for ways of helping, patients with scoliosis or low back pain or cerebral palsy, 5949
equity of dating relationship & sexual satisfaction, college student couples, 12656
factor analysis, sexual attitudes & behavior, female college students, 12600
information for counselors about sexually transmitted diseases, Christian counseling, 4048
life-span perspective & cognitive mediation of sexual identification & role & behavior & sexuality as embodiment, Christian view of human sexuality, 3217
olfaction & perception of sexual hormone steroids, psychosexual behavior, human Ss, 12596
oral contraceptives, psychoerotic experiences, 35–40 yr old female neurotics, 8583
patient education, sexual expression, patients with musculoskeletal conditions including rheumatoid arthritis & hip replacement & amputations & trauma, 10661
peer vs parental influence & orientation, sexual behavior, 14–19 yr olds, Nigeria, 5455
penile prothesis surgery, psychological & marital adjustment & sexual activity levels, male patients with mean age of 51.1 yrs, 10921
perceived & self reported flirting between students & faculty, college students, 4333
personality & diagnosis & criminal & violence history & family background & alcohol & drug use & sexual behavior, male arsonists vs property vs violent offenders, 3606
personality traits vs quality of marital relationship, importance of sexuality & satisfaction in sexual interaction, spouses, 10163
plasma androgen levels, sexual behaviors & attitudes, married 21–60 yr old females, 2893
prediction of human sexual behavior, literature review, conference proceedings, 7926
psychoanalytic perceptions of silence & communication & happiness & sexual love & death, 8037
psychological & social adjustment & gender reorientation & depression & tension & involvement with female partner, 17–43 yr old female to male transsexuals, 12588
psychosexual symbolism in execution scene in "Gulliver's Travels", 3128
racial & ethnic & marital status differences, sexual & reproductive behavior, White vs Mexican American vs Black 14–24 yr olds, 7773
reaction of staff & students & parents & effect on students' attitudes & values & behavior, human sexuality course at Mennonite liberal arts college, 4288
self organization system for sex education, mentally retarded & developmentally disabled persons, 6059
sexual activities, aged males, 5595
sexual activity & satisfaction/frustration, college date rapists, 12922
sexual adjustment, adults before vs 4 mo vs 4 yrs after coronary bypass surgery, 10924
sexual behavior & developmental issues & contraception & pregnancy & sex education, adolescents, 3218
sexual behavior prior to vs after diagnosis of gynecologic cancer, females with mean age of 52 yrs, 3714
sexual functioning & type of & compliance with drug regimen & health beliefs, hypertensive 20–65 yr olds, 1673
sexual status, 14–18.7 yr old males with idiopathic adolescent gynecomastia vs 3.5–15.8 yr olds with congenital virilizing adrenocorticism, 10626
sexuality & sexual functioning during disease progression & early stages of recovery, alcoholics, implications for treatment interventions, 6483
social factors, variations in sexual behavior, 7932
social skills training &/vs cognitive restructuring, sexual unassertiveness, 21–51 yr old females, 6204
suggested outline of Christian premarital sex counseling, ministers & counselors, 4043
zinc, sexual functioning, 39–63 yr old males on hemodialysis with uremic impotence, 10875
Psychosexual Development
analysis of movement & sexual differentiation & social interaction in drawings, primary school students, 9925
childhood incest & parental alcoholism & parental child abuse, adult psychosexual adjustment, 24–59 yr old psychiatric patients, 1228
college class status & age, sexual anxiety, college students, 6688
cross-gender role preference during childhood & defeminization in adulthood & psychological well-being, male homosexuals, 10206
development & expression of sexuality, adolescents, literature review, 7768
developmental stages of internal object relations, etiology of sadomasochism, 8143
human figure drawings, children with mean age of 7.9 yrs referred for gender identity problems vs their siblings vs children with other psychiatric problems, 10513
loss of virginity & pregnancy as subcultural "rite of passage", adolescents, implications for Christian church, 3247
male role models in family background, 3–13 yr old males with gender disturbances, 3249
menarche, identification with mother & relationship with father, females, 761
Oedipus complex & theories of psychosexual development, psychodynamics & pathogenesis of anorexia nervosa, 17 yr old female patient, 8288
psychoanalytic theories, gender identity & development, 12490
psychosexual development & experience, 16–19 yr old male sexual offenders, 10481
psychosexual stages of attachment & separation as working model, dance therapy, 30 yr old female with back trouble & 17 yr old female schizophrenic, 10686
psychosexuality in Freud's psychoanalytic theory, 4624
role of family in sex education, literature review, 7904
scoring scales for graphic tests, measure of sexual differentiation/identification, preadolescents & adolescents, 4712
sex typing of play activities depicted in pictures based on clothing of figures, male vs female preschoolers, 12481
sexual behavior & developmental issues & contraception & pregnancy & sex education, adolescents, 3218
social interactionist theory, acquisition of gender identity, children, literature review, 12465
Psychosis [See Also Acute Psychotic Episode, Acute Schizophrenia, Affective Psychosis, Alcoholic Psychosis, Catatonic Schizophrenia, Childhood Psychosis, Childhood Schizophrenia, Chronic Psychosis, Chronic Schizophrenia, Delirium Tremens, Early Infantile Autism, Experimental Psychosis, Hebephrenic Schizophrenia, Korsakoffs Psychosis, Manic Depressive Psychosis, Paranoia (Psychosis), Paranoid Schizophrenia, Process Psychosis, Psychotic Depressive Reaction, Reactive Psychosis, Schizophrenia, Simple Schizophrenia, Toxic Psychoses, Undifferentiated Schizophrenia]
administration of standard vs long-acting neuroleptics, psychotic patients under 40 yrs of age, 1639
affect & verbal communication & psychotic episodes, 15 yr old female who had attempted suicide, 5775

amantadine, treatment of haloperidol-induced malignant neuroleptic syndrome, 19 yr old female, 8549
antiepileptic & psychotropic drugs, sedation & psychosis & neurotransmitters, 3942
assessment of familial risks of psychosis & genetic counseling, literature review, 6325
biblio-poetry therapy, acute psychotic patients, 10688
biological markers delineating subpopulations of schizophrenia & atypical psychoses, literature review, 12871
biological parameters differentiating diagnostic categories, psychiatric patients classified under schizophrenia vs major affective disorder vs psychotic disorders not elsewhere classified, 12840
characteristics of psychotic states developed from variants of juvenile psychopathy-like heboidophrenia, patients, followup study, 1170
Chinese culture, diagnosis & treatment of major psychoses & minor mental disorders & patterns of help seeking, Taiwan, 10689
classification of schizophrenia-related psychosis under DSM-III & drug therapy, 13298
concurrent validity of MMPI Overcontrolled Hostility scale, assessment of assaultiveness, male psychotic inpatients, 11725
construction & validity of MMPI overlap item scales, psychotics vs neurotics, 11676
controllable vs uncontrollable shock following cocaine vs amphetamine, potentiation of stereotypy, rats, implications for role of stress & coping in amphetamine & cocaine & endogenous psychoses & schizophrenia, 9735
cultural factors, haloperidol & vitamin treatment of psychosis caused by vitamin B12 deficiency, 83 yr old non-English-speaking Chinese female, 8554
dangers of institutional care, psychotics, 6443
dexamethasone suppression test, discrimination of unipolar vs bipolar depressed psychosis vs schizophrenia, 16–78 yr old patients, 1208
dexamethasone suppression test, 16–74 yr old inpatients with major depression with vs without melancholia & psychosis, 5751
diagnosis of epileptic psychosis vs epileptic automatism, insanity plea, 26 yr old male charged with felonious assault & criminal sexual conduct, 5696
diagnostic systems, classification of functional psychoses, 5733
difficulty in diagnosis of atypical psychosis & affective disorders & behavior disturbances, 12830
ego functioning similarities & nature of suicidal fantasies, neurotic & borderline & psychotic 6–12 yr olds, 5717
emergence of body self during 1st 15 mo of life through separation-individuation, infants, implications for psychosis & Gilles de la Tourette's syndrome & phantom limb disturbances, 7800
epidemiology of manic depression & affective psychosis, hospitalized Jewish psychiatric patients, 10990
ethnic differences, required dosage of chlorpromazine, Asian vs White psychotic patients, 6263
family therapy in large groups, parents of psychotic patients, 3885
fluphenazine, blood levels of fluphenazine & clinical improvement, psychotic patients, 1643
fluphenazine decanoate vs chlorpromazine maintenance & haloperidol, 26–66 yr old male psychotics, 1660
genetics & eye tracking dysfunction, functional psychotic & schizophrenic & psychiatric patients, literature review, 12874
imipramine vs amitriptyline with neuroleptic drugs, 19–61 yr olds with postpsychotic clinical depression, 6289
importance & therapeutic advantage of varied experience & optimal functioning & treatment of psychosis & borderline states, psychotherapists, 13193
incidence of secondary psychosis, families of children with infantile schizophrenia, 3546
indications & benefits & side effects & principles for use, haloperidol in treatment of psychotic symptoms, geriatric patients, literature review, 8582
intensive long-term nursing aftercare, conflict with maternal role & life event stress & understanding needs of child, formerly hospitalized psychotic mothers with children less than 6 yrs old, 10934
knowledge of symptom changes, recovery & treatment planning for relapse, hospitalized chronic schizophrenic 16–61 yr olds, 1820
limbic ictus as etiological mechanism, patients with atypical psychoses, literature review, 12844
lithium prophylaxis, prednisone psychosis, 48 yr old female with severe pulmonary disease, 10839
lithium therapy, EEG, patients with affective & schizoaffective psychoses, 10872
long acting neuroleptic drug therapy, psychotic patients, 3943
loxapine, patients with psychoses & severe neuroses & conduct disorders, 1659
Mental Health Act of Ontario, changes in civil commitment, psychotic patients, 5556
morbidity risk for psychiatric illness for parents & siblings, patients with schizophrenia vs bipolar vs unipolar depressive vs schizoaffective psychosis, 5841
open heart surgery, cardiac psychosis & problems of visual acuity & accuracy & reality testing, patients, 6330
primary prevention of psychopathology & psychosis, children at high risk, 10928
psychoanalytic interpretation of passion, implications for understanding psychosis, 5783
psychoanalytic interpretation, passion & madness & psychosis, 5764
psychoanalytic theory of psychotherapy, treatment of psychosis & neurosis & borderline states, 13195
psychodrama group, psychotic patients, 3866
psychological issues for patient & hospital staff, replantation of self amputated hand, psychotic 34 yr old male & 37 yr old female, 13307
psychopathological structuring in psychosis as symbolized by body image & family, 12788
psychosis in Cushing's disease, 3673
psychotic onset, patients with acute viral encephalitis, 8276
qualities recommended for leaders, large group psychotherapy, psychotic patients, literature review, 3892
resistance in hypnotherapy, borderline & narcissistic & psychotic patients, 8587
role of anxiety & depression in depersonalization, 18–67 yr olds with endogenous psychoses treated with phenazepam or clozapine or ECT, 3562
role of object loss & grief & mourning of father's death in onset of erotomania & psychosis, 34 yr old female, 8108
selection & addition of members & bizarre behaviors & group atmosphere & function of silence & verbalization, analytic group therapy, institutionalized psychotic patients, 8477
serotonin precursor levo-5-HTP, LSD-induced psychosis, 23 yr old male, 6236
significance of therapist experiences & nonverbal interaction, psychotherapeutic processes, borderline & psychotic clients, 13192
similarities in dreams & hallucinogenic drug states & schizophrenia & hallucinogenic drug model of psychosis, literature review, 12792
smooth pursuit eye movement dysfunction, schizophrenic & affective psychotic patients, literature review, 12831
social class & educational & occupational mobility, schizophrenic Ss, Netherlands, 10442
somatoparaphrenia, 46 yr old patient with nondominant parietal lobe lesion, 5715
time & space structure & alternating psychiatric hospitalizations, psychotic patients, 1798
use of videotaped psychiatric ratings to evaluate French translation of AMDP psychopathological & somatic scales, depressed & psychotic patients, 12774
windigo psychosis, comments on L. Marano's survey, 10353

Psychosocial Development [See Also Childhood Play Development, Personality Development, Psychosexual Development]
age vs grade as independent measure of psychosocial development, 4th–9th graders, 7822
analysis of movement & sexual differentiation & social interaction in drawings, primary school students, 9925
assessment of social & emotional development, learning disabled children, 9301
attention & intellectual functioning & cognitive & psychosocial development, children of hospitalized schizophrenic & depressed mothers, literature review, 9916
behavioral context of Early Social Communication Scales, assessment of social development & communicative competencies, 0–30 mo olds, 11713
coaching of mothers in techniques to improve interaction with infants, activity of mothers & visual attentiveness of infants, preterm infants with delayed psychosocial development & their mothers, 6187
concurrent validity of Personal Attribute Inventory for Children, assessment of psychosocial adjustment, 5th–10th graders, 2451
construct validity of self report personality development measures, assessment of crisis stages in psychosocial multistage theory of E. Erikson, college students, 2411
coordination of & distinctions between domains in social-cognitive development, children, literature review, 9931
current theory construction & work of E. Waters & L. A. Sroufe on social competence as developmental construct, 5451

delayed & abnormal physical & behavioral & social development & mental retardation, triple-X & mosaic XX/XXX female pigtailed macaques, implications for animal model of human retardation, 1421
development of excessive vs restrictive vs normal attitudes of entitlement, 12482
development of personal space & self-boundary structures, infants, literature review, 10055
developmental perspective on social competence, children, 5479
direct vs indirect forms of requests, development of social influence patterns, 41–52 mo vs 54–66 mo old males vs females, 7819
early intervention, maternal & child development, comments on study by D. T. Slaughter & its methodology, 12466
early intervention, maternal & child development, comments on study by D. T. Slaughter, 12472
education outside the home, childhood development, preschool age children, 9028
empathic responding, preschool children of battered mothers, 5859
evaluations of aggressive vs assertive vs submissive behavior, 4th–6th graders, 10043
factor structure of body scheme, 4–5 vs 9–11 yr olds, 5281
generosity, kindergartners to 5th graders, cross sectional & longitudinal data, 7781
imaginative play training, prosocial behavior & creativity, institutionalized 3–6.2 yr olds from deleterious home environments, 4085
intellectual & social development, working-class children of socially underprivileged women living with biological family vs adoptive advantaged parents vs placed in protective setting following abandonment, 12368
level of psychosocial development using E. Erikson's theory and attitudes about authority & freedom & acceptance & recognition, graduate students, 7823
life influence of elementary school teachers, aged, 4328
Marxist & Kantian perspectives on personality & individuality, 8019
memory for actor sex in picture depicting sex consistent vs inconsistent activities, 5–6 yr olds, 7801
moral prosocial reasoning & differentiations among potential recipients of aid, elementary & high school students, 7778
new conception of educational system, pedagogical & psychological & sociological aspects of student placement in secondary schools, Czechoslovakia, 9113
parental perceptions of child's temperament, implications for parent child relations & psychosocial development, response to criticism by A. Thomas et al, 864
past & current psychosocial experience, 23–44 yr old females with severe premenstrual tension, 10632
peer interaction in presence vs absence of toys, 5.2–7.8 mo olds, 7786
personality & social development, literature review, 5456
preschool experience & family environment, cognitive & social development, kindergartners measured at entry & end of school year, 1-yr followup, 780
psychological coping tasks, children of divorce, 919
psychosocial crisis resolution, insomnia, 60–89 yr olds & college students, examination of E. H. Erickson's developmental theory, 13090
psychosocial data, prediction of time of transition from virginity to nonvirginity, 7th–9th graders, 9-yr longitudinal study, 10059
psychosocial development, onset of drinking, junior high school students, 4-yr longitudinal study, 10060
relationship between social cognition & behavior & methodological problems & proposed reconceptualization of experimental design, preschoolers, literature review, 7682
role of play in social-intellectual development, review of developmental theories & research, 12363
role of social referencing in affective communication, criticism of S. Feinman's conceptualization, 870
role taking ability & understanding of good & bad, deaf vs hearing 52 vs 74 vs 119 mo olds, 1386
screening & assessment of psychosocial dysfunction in private pediatric practice, first borns screened at birth & 1 mo & 14–17 mo, longitudinal study, 6320
self concept & norm & attributed neuralization & norm violation, working class males examined as 6th & 9th graders, 10448
sex & age differences, comprehension of emotional concepts & social attributions, profoundly deaf 14–20 yr olds, 10610
social & social cognitive correlates of sociometric status, preschoolers & kindergartners, implications for intervention, 7814
social adaptation & well-being in 1st grade, drug & alcohol use & smoking, 16 & 17 yr olds, 10-yr longitudinal study, 10064
social cognition, racial attitudes & cultural cognition, Black preschoolers with mean age of 69.0 mo, 909
social competence as developmental construct & theory construction, response to commentary by F. J. Morrison, 5480
social development during middle childhood, educational & counseling implications, 10042
structured orientation & developmental framework, prescriptive art therapy, chaotic/chronic patients, 10682
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
toy demonstration vs discussion group parent education intervention, maternal & child development, lower income Black mothers & their 18–44 mo old children, 12499
transactional model & critique of assimilation-side developmental concept, role of stimulus environment in shaping social cognitive developmental process, 5–13 yr olds, literature review, 7671
typological analysis of family & social situation & physical & psychological development, identification of risk groups, children assessed at 3 & 9 & 18 & 36 mo, 5291

Psychosocial Mental Retardation
nutritional intakes, socioculturally mentally retarded with mean age of 8.2 yrs vs nonretarded children of low & average SES, 12984

Psychosocial Readjustment
community adjustment, 55–60 yr old schizophrenics, 3541
community environment, clinical functioning & rehospitalization, chronic schizophrenic 18–55 yr olds with multiple admissions, 10370
home care treatment by visiting nurse, clinical outcome & social functioning & burden on family, 15–45 yr old schizophrenics, 10702
individual psychopathology & emotional & psychological adjustment problems after leaving charismatic religious group, Unification Church ex-members with mean age of 28.6 yrs, 12520
issues in readjustment to civilian life, Vietnam veterans, literature review, 1154
low vs high dose chlorpromazine vs doctor's choice vs placebo & nursing home vs family care home vs supervised co-operative apartment, psychosocial adjustment, chronic schizophrenics, 12-yr followup, 3789
needs & obstacles to psychosocial reentry following psychiatric deinstitutionalization & emotional support of clubhouse model program, chronic mental patients, 1810
psychological adjustment to kidney transplantation, 25 yr old male, 6323
rituals to facilitate psychosocial transitions of divorce, 12550
supportive group psychotherapy, resocialization, adult nonpsychotic psychiatric outpatients with moderate social ineptness, 10750

Psychosocial Rehabilitation [See Also Therapeutic Social Clubs, Vocational Rehabilitation]
assessment of needs & proposal for housing & psychosocial support, mentally retarded adults, Austria, 1834
community support services, chronically mentally ill, 16–65 yr olds, 4094
comprehensive psychosocial services in veterans centers, posttraumatic stress disorders, Vietnam veterans, 1718
cooperation between university school of nursing & community-based psychiatric rehabilitation center, 11029
degree to which treatment recommendations for criminal offenders are realized, educational workers, 11040
development of Members Advisory Council in psychosocial club, 4104
employee support systems, attitudes & quality of services provided, mental health personnel in psychosocial rehabilitation setting, 1916
employment, psychosocial rehabilitation, schizophrenics, 6460
factors related to successful rehabilitation, seceders from organized criminal gangs, 4097
implementation of organizational change, psychosocial rehabilitation, state mental hospitals, 11006
institutional behavioral adjustment measures vs MMPI, prediction of recidivism, 17–40 yr old male felons paroled from institutional behavior modification program, followup study, 1853
participation in theater project, self confidence & normalization, chronic psychiatric patients, 4081
psychosocial clubhouses & programs, psychiatric patients, 4096
psychosocial treatment, appetitive & addictive disorders, delinquents, 1879
social & vocational rehabilitation & reintegration, formerly hospitalized adult psychiatric patients, West Germany, 1860
social & vocational rehabilitation, chronic pain, literature review, 6453

transitional employment, vocational & psychosocial rehabilitation, chronically mentally ill, 13397
work rehabilitation model, placement as volunteers in community agencies, mental health clients, 4033
Psychosocial Resocialization [See Psychosocial Readjustment]
Psychosomatic Disorders [See Also Anorexia Nervosa, Hypochondriasis, Psychogenic Pain]
alternating spells of depression & exacerbations of skin disorder, 53 yr old female, 8064
asthenic-hypochondriac & depressive & organically depressive & purely organic stages, development of organic melancholia syndrome, 3496
biofeedback & development of psychophysiological profile & disregulation of migraine headaches, female chronic sufferers, test of hypothesis by F. Schwartz, 10817
biofeedback-assisted relaxation training &/vs non-biofeedback assisted relaxation training vs behavior therapy vs psychotherapy, psychiatric & psychosomatic disorders & hypertension & insomnia & alcoholism & drug abuse, literature review, 1610
concept & incidence & etiological problems in psychosomatic illness, children, 10583
consultation-liaison psychiatry in medical treatment, literature review, 1487
conversion dysphagia, 8 & 9 yr old males, 10606
depression & psychosomatic symptoms, 35–39 yr old females, Algeria vs France, 12752
diagnostic & psychosomatic methodologies & models, review of psychoanalytic & behavioral & family interactions research, 1970–80, 8341
emotional deprivation & too much responsibility & fear of abandonment, paroxysmal tachycardia, children, 1413
influence of therapeutic process, psychosomatic symptoms & anxiety & fantasy & prognosis of disease, patients with cirrhosis of liver, 8281
locus of control, 4–14 yr olds with psychosomatic asthma or ulcerative colitis vs chronic illnesses affecting same organs, 3763
multimodal behavioral treatment vs EMG biofeedback, writer's cramp, 23–50 yr old patients, 10787
parent training, prevention of cerebrovisceral regulation disturbances, adolescents, 1768
personal losses & culture shock & patterns of acculturation & coping strategies, clinical manifestations of stress, Vietnamese refugees, 1126
personality profiles & physiological response patterns to stress, 20–50 yr olds with long-term migraine histories vs psychosomatic disorders, 8311
positions on existence of masked depression, children, 6002
prazosin & autogenic training, 27–62 yr olds with Raynaud's phenomenon, 8408
premorbid alexithymic personality traits, onset of psychosomatic vs physical vs psychiatric disorder, males, 5707
prevalence of alexithymic traits, patients with classical psychosomatic illness, 3756
psychiatric care in childhood, subsequent psychosomatic & neurotic disorders, adolescents & young adults, followup study, Finland, 3777
psychoanalytic approach, psychosomatic disease, 13191
psychoanalytic examination, somatization of psychological problems, 6132
psychodynamic & physiological processes & learning & heredity, psychosomatic disorders, 13040
psychogenesis & use of directed reverie in therapy, psychosomatic disorders, 12988
psychophysiological & psychosomatic interpretation of voodoo illness & death, 10133

imagery in learning & psychotherapy, 9495
importance & therapeutic advantage of varied experience & optimal functioning & treatment of psychosis & borderline states, psychotherapists, 13193
importance of psychotherapy in health care services, 3858
individualized education &/vs psychological treatment, emotional stability & intellectual ability & academic achievement & vocational aspirations & personal contentment, underachieving emotionally disturbed 8–16 yr olds in therapeutic community, 11004
inefficiency of psychotherapy & psychotherapists, 6115
integration of psychoanalytic & behavior therapy, criticism of article by A. J. Yates, 10695
integration of psychodynamic & behavior therapy perspectives, criticism of article by A. J. Yates, 10719
interactional psychotherapy, patients with ego pathology, 10731
interpersonal processes, supervision of psychotherapy, 3850
legal issues in consent to treatment & confidentiality, psychotherapy with minor clients, 10736
mechanisms operative in psychotherapy vs Thai ritual of protective magic, 6110
medicine vs psychotherapy vs psychoanalysis in terms of J. Lacan's theory of discourses, 13131
need for new higher-order theory for reconciliation of behavior therapy & dynamic psychotherapy, response to article by A. J. Yates, 10699
need for psychological service in vocational training system, 13691
need for psychotherapy & conflicts in treatment & role of racism, Black males, 1511
need for psychotherapy in treatment of cancer patients, 13357
need for therapist empathy & warmth & sincerity & decisiveness & methods of psychotherapy, therapeutic efficiency, 6137
object relations paradigm, protectiveness, borderline patients, psychotherapy implications, 3826
objective & subjective values & valuations in psychological therapies, 8460
objectives of psychotherapy supervision, psychologists, Norway, 1938
outpatient psychotherapy & home-care nurse as alternative to hospitalization, markedly dysfunctional psychiatric patients, 8428
parental patterns & ego functioning & psychodynamic etiological factors & psychotherapy & speech therapy, stuttering, 3–14 yr old male late onset stutterers, 3665
patients' emotions & demands & therapist's responses & attitudes of significant others, psychotherapy of suicidal patients, 1503
patient's relationship to time during psychotherapy session, demonstration of object relationships & transference, 12 yr old male & adult female patients, 1524
perceived need for training in gender-specific issues & attitudes toward women in therapy, psychiatric residents with mean age of 31.8 yrs, 13443
personal written materials as technique in psychoanalytic psychotherapy, 6134

personality & stress, pathogenesis of peptic ulcers, psychotherapeutic treatment implications, 1450
predisposition & self esteem & dependency & psychotherapy, depression, 3514
preference for Christian vs secular counseling & between 4 Christian treatment approaches, conservative vs moderate Christians, 12516
preoedipal mother-daughter relationship, postincest 26 yr old female in therapy, 1504
prevalence & character & treatment, neurosis, 1181
principles of therapeutic community, implications for inpatient psychotherapy, 10994
psychoanalytic psychotherapy & psychoanalytic vs psychotherapeutic process, 6113
psychoanalytic theory of psychotherapy, treatment of psychosis & neurosis & borderline states, 13195
psychodynamics & treatment, patients with symptoms of agitated grief or depression, 6138
psychological interventions, treatment of cancer, literature review, 13151
psychological vs sociological vs cybernetic vs systems models, systems theory/model, counseling & psychotherapy research, 3827
psychotherapeutic & cognitive behavioral conjoint treatment components, paraphilia, 13221
psychotherapeutic & spiritual & consciousness-modifying methods, personality & attitude changes, author's autobiographical account, 10280
psychotherapeutic aspects of pharmacotherapy, 3945
psychotherapeutic intervention, psychosomatic dermatologic disorders, 3830
psychotherapeutic management, incest, 3845
psychotherapeutic treatment method, neurotic depression, aged, 1514
psychotherapy & diagnosis, borderline schizophrenia, 3857
psychotherapy & gastroenterology, gastrointestinal disease, 8414
psychotherapy & special education, dyspraxic 4.5–10.3 yr olds, longitudinal study, 10732
psychotherapy as adjunct treatment, cancer patients, 10741
psychotherapy, female patient with inoperable malignancy, 10738
psychotherapy, midlife depression, 48 yr old female, 10727
psychotherapy, Munchausen's syndrome, 33 & 67 yr old males, 3847
psychotherapy, narcissistic personality disorder, 35 yr old female, 8433
ratings of acceptability & perceived effectiveness of various treatments, agoraphobics, 13118
reconciliation & integration of behavior therapy & psychodynamic psychotherapy, criticism of article by A. J. Yates, 10669
regressive transference in psychotherapy, ego functioning & self symbolization, psychiatric patients, literature review, 1510
regulation of quality & licensure & certification, mental health & psychotherapeutic services, Canada, 13491
relaxation & visualization & psychotherapy, seriously ill & terminal patients, 13153
role of action & will in process of psychoanalytic psychotherapy, 8459
role of family & social learning theory & usefulness in psychotherapy, development of locus of control, 1086
role of negative space in art & psychotherapy & creativity, 10306
self object transference & concept & empathy in self psychology, psychoanalysis & psychotherapy, 8446
semiotic metapsychology of C. Martindale as replacement for Freudian metapsychology, demystification of psychoanalytic theory & practice, 8434
sex differences & psychotherapy, addictive vs self realizing love, 7964
similarities & differences among psychoanalytic psychotherapy & behavior therapy & interaction therapy, 8412
stages in psychotherapeutic process, low income patients, 8463
structural shift from neurological & psychodiagnostic procedures to inpatient psychotherapy, department of child & adolescent psychiatry, West Germany, 8721
supportive psychotherapy, patients who have difficulty maintaining long term relationships, review of theoretical contributions of D. W. Winnicott & H. Kohut & M. S. Mahler & O. Kernberg, 1500
systems model, therapeutic context & family & patient & psychiatric institution interactions, 6083
teaching model & evaluation, course on values clarification & attitudes about gender & psychotherapy, psychiatric residents, 6519
theories & methods of outpatient care, severely disturbed adolescents, 8440
therapeutic processes within interpersonal vs family systems frameworks, young adult male, 1505
therapist experience & psychoanalytic psychotherapy, psychiatric hospital, 8716
treatment, spinal cord vascular malformation causing perimenstrual symptoms & depression & dysphoria, 36 yr old female, 1465
understanding of brain as basis for exploring psychotherapy induced behavioral change, 13154
use of D. W. Winnicott's theory of transitional phenomena in psychotherapy, borderline patients, 3843
use of psychological test report, determination of appropriate focus of psychotherapy, 4779
Zen Buddhist rationale & practice & comparison with psychotherapy, 10121
1982 Interpersonal Circle taxonomy of interpersonal complementarity, applications in personality & psychopathology & psychotherapy, literature review, 10243

Psychotherapy Training
continuing education needs for maintenance of quality of public mental health programs, psychologists, literature review, 8873
curriculum content vs learning process in family therapy training, 1903
deficit-discontinuity vs conflict-continuity model of schizophrenia, psychotherapy & therapist training, 13167
development of teaching techniques & therapist resistance, short-term dynamic psychotherapy, novice & experienced therapists, 11150
family of origin as resource in training, family therapists, 4135
framework for organization of approaches to supervision, supervisors of psychotherapist trainees, 8857
inpatient unit, teaching & learning of dynamic psychotherapy, 1943
mood & psychotherapeutic training & learning, 4196
objectives & levels of training in family therapy, 1941
preparatory interview by training coordinator concerning expectations about group therapy experience, neophyte group therapists, 4132
problems of family therapy training in psychiatric residencies, 1913
proposal for collaborative archiving of tape samples from therapy outcome studies, calibration of quality of therapy & therapist training, 13161
resolution of resistance in group psychotherapy training, 8911
therapist characteristics & Hindu beliefs, psychotherapeutic training, psychotherapists & psychiatrists, India, 11106

Psychotic Depressive Reaction
dexamethasone suppression test, diagnosis of psychotic depression, 21–83 yr old psychotic vs nonpsychotic depressed patients, 8097
stability of psychotic features, patients with mean age of 45.9 yrs with recurrent depressive episodes, 10373

Psychotic Episode (Acute) [See Acute Psychotic Episode]

Psychoticism
brain stem auditory EP, psychoticism, schizophrenic males with mean age of 26 yrs, 8167
extraversion &/vs psychoticism, attitude toward capital punishment, male vs female college students, replication of S. J. McKelvie & J. Daoussis's study, 8033
marital & employment status & prior psychiatric treatment & neuroticism & psychoticism, psychiatric morbidity before vs after myocardial infarction, male patients, 10615
neuroticism & psychoticism, professional cartoonists with mean age of 44.4 yrs, 8039
personality traits of psychoticism & extraversion & neuroticism & social acquiescence & observed neurotic & antisocial behavior, 7–16 yr olds, 3614
psychoticism & extraversion & anxiety & stimulus intensity, eyelid conditioning, 16–58 yr old females vs males, 8011
validity of Brief Symptom Inventory psychoticism scale, schizophrenic vs nonschizophrenic patients, 2485

Psychotomimetic Drugs [See Lysergic Acid Diethylamide, Mescaline]

Psychotropic Drugs [See Drugs]

PTA [See Parent School Relationship]

Puberty
social & sexual behavior & relationship to puberty, 4–5 vs 9–10 yr old male macaques, 12046

Pubescence [See Sexual Development]

Public Attitudes [See Public Opinion]

Public Opinion
attitudes about driving while intoxicated, Kansas residents, 12620
attitudes about TV program's relevance to own lives & culture & society, surveyed viewers, 9878
attitudes toward & perceptions of possible consequences of nuclear energy, residents of communities within 30 miles of nuclear power plant, Netherlands, 2281
attitudes toward Indo-Chinese immigrants, residents, US, 5519
attitudes toward legal abortion & suicide & euthanasia & capital punishment, survey respondents 18 yrs of age & over, 10116

cultural differences, public reactions to medical & health programs, 12534
design of stratification factors in 1st & 2nd stage of multistage opinion poll, 2305
explanatory theories, cross cultural similarities in perception of seriousness of crimes, 5870
gender stereotyping of female criminals, general public, 5872
geographical clustering & interview effects, attitude survey precision, 2287
media coverage, popularity prior to 1976 nominating convention, presidential candidates, 1008
norm of even-handedness, contextual linkage effects on evaluative opinion survey responses, 9302
opinions on domestic welfare & civil rights policy, prediction of political party membership, citizens, US, 1956–80, 5553
priorities of family related needs, surveyed public vs participants at regional public hearings, 10196
public attitudes & refinement of terminology, work as means of rehabilitation in prisons, 8766
public attitudes toward special education teachers, 17–84 yr olds, West Germany, 4233
reasons for public support of social security, 1935–81, US, 1011
societal expectations, teacher performance, 8942
strategy for overcoming public opposition to alternatives to incarceration of criminals, 1845

Public Relations
factors affecting public understanding & future of psychology & need for involvement in national policy, recommendations based on address by president of American Psychological Association, 4129
public attitudes toward oil companies & pre- vs posttesting in corporate advertising research, 4605
televised public service announcements by aging service agencies, demand for services, potential clients, 4036

Public School Education
administrative & legal aspects, sex education, implications for public school administrators, 8948
demographic profile & patterns of prototypes & educational goals, education of public school children with special needs with emphasis on speech & hearing disorders, 4379
job satisfaction, 30–55 yr old public vs private secondary school teachers, 13534
position in school & level of education, belief in corporal punishment in school, male vs female & public vs private school principals vs teachers vs counselors, 1991
sex education received before attending college & sex education attitudes, students at public vs private universities, 4321
student selection & background characteristics, cognitive achievement, public vs Catholic school students, criticism of study of J. S. Coleman et al, 13599

Public Speaking
assessment of public speaking as ethically acceptable situation for study of effects of apprehension on performance, inexperienced adult male speakers, 11583
audio &/vs video vs typescript presentations of extracts of M. Thatcher's speech, judgment of completion of thought, college students, 5262
fear stress & fear imagery, psychophysiological reactions, college students with snake phobia vs public speaking anxiety, 12159
flooding vs instruction & modeling vs videotape feedback & discussion, public speaking problems, college students, 1597
heart rate biofeedback training &/vs speech skills training, physiological & overt motor & self reported public speaking anxiety, college students, 1601
speaker's sex, ratings of transcripts of speeches for socio-intellectual status & aesthetic quality & dynamism, male vs female college students & 37–62 yr old community residents, 9894
spontaneous speechmaking, Samoa, 9887

Public Welfare Services [See Community Welfare Services]
Puerto Rican Americans [See Hispanics]

Puerto Rico
mastery learning vs conventional reading instruction, reading skills, learning disabled 4th graders, Puerto Rico, 9040

Pulse (Arterial) [See Arterial Pulse]

Punishment
analysis of guidelines for use of locked room timeout & need for uniform standards, US & Canada, 10803
attention/reflection & punishment of thumbsucking, trichotillomania, 3 yr old female, 8495
benzodiazepine vs nonbenzodiazepine anxiolytics vs other psychoactive agents, punished responding, male squirrel monkeys, examination of conflict test, 3067
certainty & severity & celerity of punishment, behavior, 18–35 yr old males, 3417
closed mindedness & extraversion & neuroticism & psychoticism & use of corporal punishment, public school teachers, 11183
criticism of economic model of criminal behavior & punishment, 8185
differential signal order reversal & extinction & punishment, multiple continuous escape-avoidance with vs without warning signal, male rats, 343
effects of punishment, children, proposals to modify parent & teacher & family attitudes toward punishment, 904
electrical stimulation of amygdala vs hippocampus following aversive 1-trial learning, memory modification, male rats, 9760
high standards & overgeneralization of failure & self criticism as components of self punitiveness, depressed college students, 12781
intensity & situational modulation of punishment by parents, male vs female children with mean age of 11 yrs, 12548
male vs female 1st name desirability, responsibility attribution & sanction assignment, male vs female college students, 12667
negative effects of physical punishment as childrearing practice, 3299
operational definitions of response cost, 1596
perceived threat of management vs co-worker sanctions, employee deviance, retail & manufacturing & hospital employees, 2259
physical punishment as childrearing practice, comment on article by R. T. Green, 3306
physical punishment for enforcement of time out duration, compliance, 2–5 yr olds, implications for parent training, 6196
position in school & level of education, belief in corporal punishment in school, male vs female & public vs private school principals vs teachers vs counselors, 1991
punishment & amount of acquisition training, resistance to extinction of keypecking, 1 vs 4 day old chicks, 5012
reinforcement vs punishment, academic performance & accuracy of self recording, 9.2–11.2 yr old behaviorally disordered special education students, 11270
scale of aversiveness of behavioral decelerators, behavior modification experts, implications for use with institutionalized mentally retarded, 13254
temptation to be untrustworthy & bilateral punishment capability, maintenance of trust, college student dyads, 10244

Punishment (Capital) [See Capital Punishment]

Pupil Dilation
mianserin, pupillary responses to pilocarpine vs tyramine vs phenylephrine, 25–68 yr old depressives, 10868
pupillometry, sleepiness measurement, patients with disorders of excessive sleepiness, 6026
tone intensity, amplitude & habituation of pupillary dilation as index of orienting response, humans, 531

Pursuit (Rotary) [See Rotary Pursuit]

Q Sort Testing Technique
Q-sort correlation, visual regard of peers as behavioral index of social competence, 3–6 yr olds, 10093

Quails
conversion of testosterone to estrogen, testosterone-induced demasculinization, quail, 606
sex differences, effects of testosterone & its metabolites on copulation & courtship behavior & cloacal gland development, quails, test of sexual dimorphism of metabolism, 12316

Questioning
age differences, comprehension & production & judgment of requests, language-impaired 3.5–9 yr olds, 4364
analysis of syntactic & semantic & functional relations of mother's questions & child's responses, middle class mother & her firstborn daughter from age 6 mo to 2.5 yrs, longitudinal study, 9991
answering textually explicit vs implicit vs schema-based vs irrelevant questions following reading, long term free recall, 5th graders, 6686
correlation between cognitive level of teacher-student questions & responses during class discussion, high school teachers & students, 2071
demand characteristics created by misleading questioning, accuracy of eyewitness testimony, college students, 7991
descriptive praise from instructor, higher order questioning, 5th graders, 2074
developmental stage approach vs nonverbal mode of questioning approach, recall & comprehension of TV commercials, 4–5 yr olds, 3183
efficiency of verbal vs visual adjunct aids, concrete vs abstract prose learning, college students, 274

encoding questions, word retrieval, vocational school students, 11886
knowledge of answer to question to be relayed, relaying vs answering of question, 5.5–9.9 yr olds, implications for apparent errors in interpretation of directives "ask" vs "tell", 853
lateral vs central eye fixation, response latency to verbal vs spatial questions, right handed college students, 7448
middle vs working class, frequency & type of question asked & answer given by teachers vs mothers, 3.8–4.3 yr old females, 3152
model for overcoming passivity in classroom, questioning & integrative & synthesizing attitude & formation of core question, 6709
mutuality-enhancing devices for oral comprehension questioning, 2004
parallel vs serial vs truncated information search patterns, causal analysis, undergraduates & state employment agency workers, 2636
post-adjunct vs post-interactive questioning techniques, elaboration of schemes & free recall of prose, college students, 11871
question generation during reading, story comprehension, 3rd graders, 4265
questioning techniques, linking of prior knowledge & experience to new reading material, teachers, 2038
stimulus dimensionality & tactual access, identification of object & number of transformational questions about object, 3.8–5.6 yr olds, 3165
structural importance of prestudy quizzed information, selective attention & memory for quizzed vs nonquizzed information, college students, 4964
teacher reading of selected children's books & use of critical thinking questions, prosocial development, 1st graders, 2049
type of message & modeling, questioning behavior, nursery school & kindergarten students & 1st graders, 3176
various forms of exploration questions, ability to verbalize novel uses for objects, 62–72 mo olds, 10000

Questionnaires

Client Satisfaction Questionnaire, internal consistency & correlations with service utilization & psychotherapy outcome, clients, 4728
concurrent & factorial validity of items on Quality of Effort scales of College Student Experiences Questionnaire, assessment of perception of grades & personal growth, college students, 11314
construct validity of Role Questionnaire, assessment of role ambiguity & conflict, special education teachers & guidance counselors, 9376
construction & item analysis & reliability of BELA questionnaire, measurement of stress reactions to various stressors, 89
construction & predictive validity of Fear of Success Questionnaire, measurement of fear of academic success, college students, 2180
construction & predictive validity of questionnaire based on A. H. Maslow's need hierarchy theory, measurement of neighborhood social life satisfaction, residents, 7043
construction & validation of questionnaire for measurement of psychological reactance, 9353
construction of questionnaire, description of pain experience, 8–15 yr olds, 11721
convergent & discriminant validity of Cognitive Bias Questionnaire, measurement of depression, college students, 4750
cover letter with vs without feedback, mail questionnaire response rate, surveyed high school juniors, implications for surveys in higher education, 6797
cross validation of Analytic Assessment Questionnaire, assessment of suitability for psychotherapy, 6108
development of self completion questionnaire, assessment of alcohol dependence, 9367
development of Social Problem Questionnaire, detection of occupational & financial & interpersonal relationship problems, surgical patients with mean age of 16 yrs, 2415
efficacy of new scoring method, McGill Pain Questionnaire, 32–84 yr old cancer patients, 11660
experimental techniques, facilitation of increased rate of response to questionnaires in consumer research, 73
factor analysis, Body Symptom Questionnaire, college students, 2401
factor analysis of Initiating Structure scale of Leadership Behavior Description Questionnaire, workers with average age of 37 yrs, 11697
factor structure of Menstrual Symptom Questionnaire, relationship to oral contraceptive use & neuroticism & life stress, female college students, 147
handedness, US Navy sonarmen vs corpsmen vs enlisted males aboard submarine, implications for validity of G. C. Briggs & R. D. Nebe's questionnaire, 2841
labeling of endpoints only vs all points & number of response options on positive vs negative end of continuum, mean score for questionnaire rating scale items, college students, 2399
lack of validity of Hostility and Direction of Hostility Questionnaire with juvenile delinquents, 12–16 yr old males, 11704
normative data & construct & concurrent & predictive validity of Norbeck Social Support Questionnaire, 22–67 yr olds & graduate students, 7052
perceived ideal vs actual classroom learning environment as measured by Individualized Classroom Environment Questionnaire, 7th–9th graders vs teachers, 4317
psychological variables, external validity & need for precisely delimited samples & criteria to monitor Ss' readiness to respond to mailed psychological questionnaire studies, industrial workers vs salaried employees, 9266
psychometric properties & relationship to personality & adjustment of Social Support Questionnaire, perceptions of & satisfaction with social support, college students, 2463
questionnaire length, response rate in educational research, 6762
questionnaire, measurement of physical complaints, recovering alcoholics, 9386
readability of 3 job satisfaction inventories, 2473
self report questionnaires on anxiety & depression & visual analog scales, detection of psychiatric morbidity, females with mean age of 26 yrs during pregnancy & postpartum period, 9321
short form of Questionnaire on Resources & Stress, measurement of stress in family, parents of handicapped & mentally retarded children, 11677
State of Mind Questionnaire, measurement of severity & change of clinical state, patients with anorexia nervosa, 9364
teacher's ratings on Preschool Behavior Questionnaire, identification of social problems, preschool students, 11327
test-retest reliability & predictive validity of self assessed hand preference questionnaire, 6–8 yr olds, 7064
use of interview vs questionnaire & type of questions in data collection, identification & perceptions of delinquent & nondelinquent youths, neighborhood residents, 5650
validity of East-West Questionnaire, Eastern-oriented practitioners of Zen meditation with mean age of 31.6 yrs vs Western-oriented college students, 11662
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of questionnaire for measurement of illusion of control & skill orientation, Ss playing games with different levels of chance & skill, 11691
validity of questionnaire to assess 3 dimensions of subjective orgasm, support for unitary nature of female orgasm, 18–58 yr old females, 12140
verbal difficulty of questionnaire items, frequency of indefinite & affirmative responses & coefficients of selectivity & stability, 2474

Questionnaires (Attitude) [See Attitude Measures]
Questionnaires (Opinion) [See Attitude Measures]
Questionnaires (Personality) [See Personality Measures]

Quinine

diet adulteration with bitter tasting quinine sulfate vs quinine tannate vs sucrose octaacetate, food intake & body weight, male rats, 2682
entromedial hypothalamic lesions, role of sensory vs postingestive properties of quinine on food intake, male rats, 9757

Quinine Sulfate [See Quinine]

Rabbits

activity of hippocampal neurons during switching over of alimentary & avoidance conditioned reflexes, rabbits, 2852
behavioral conditioned suppression vs brain stem evoked response techniques, determination of hearing thresholds, rabbits with vs without cochlear lesions induced by noise vs kanamycin, 9242
bipolar electrical stimulation of mesencephalic reticular formation & sensorimotor cortex, neocortical evoked responses & spike activity during motor startle response, waking rabbits, 9768
brain stem lesions, tonic immobility, male rabbits, 7542
circadian rhythms, visual EP vs electroretinogram photic responses, female rabbits, 7357
clozapine vs haloperidol vs thiothixene, eating & drinking under FI schedules, female rabbits, 617
complete basal undercutting of septum, hippocampus EEG, rabbits, 12225
concentration of taste stimuli, magnitude of neuronal discharge in parabrachial nuclei, male rabbits, 441
CS preexposure with vs without low-level hippocampal vs cortical stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 2957
delta sleep-inducing peptide, slow sleep duration, rabbits, 7594

differential experimental methods, species differences in cerebellar flocculus function in vestibulo ocular reflex, rabbits vs monkeys, critique of S. G. Lisberger's article, 2804
electroacupuncture, analgesia, rabbits, 7526
evoked potentials of dorsal hippocampus before vs after tetanization of medial septum & dentate fascia, rabbits, 2951
experiment control system using 6502 microprocessor, electrophysiological analysis of classical conditioning, rabbits, 11621
firing repertoires of hippocampal theta cells during motor behavior & slow wave activity, rabbits, 477
food change, cortical neuron activity during food acquisition, rabbits, 7377
fragments 4–10 of melanocyte stimulating hormone & ACTH &/vs diluent classically conditioned nictitating membrane behavior, rabbits, 690
icv methylphenidate distribution in brain areas, rabbits, 9857
interphotoreceptor retinol-binding proteins, rabbits, 502
intraduodenal glucose infusion, regulation of hunger & satiation, female rabbits, 648
iv phenoxybenzamine vs phentolamine vs yohimbine, heart rate deceleration induced by hypothalamic electrical stimulation, rabbits, 7582
level of spatial synchronization of cortical potentials, spread of evoked responses to electrical stimulation in isolated strip vs intact cortex, rabbits, 7520
light flashes, negative & positive phases of background delta waves & interaction with evoked potentials in visual cortex, rabbit, 2824
long duration odor exposure, single unit activity of olfactory bulb cells, rabbits, 436
morphine, stimulation of release of endogenous opiates, mice & rabbits, 7578
morphological & functional types of visual cortical neurons, 5 day old to adult rabbits, 7380
motor CRs to acoustic stimulation, excitatory vs inhibitory synaptic inputs in Purkinje cells in paramedian lobe of cerebellum, rabbits, 7451
muramyl peptide microinjections into brain sites, sleep induction, rabbits, 7587
neocortical & hippocampal EEG, spontaneously immobile vs hypnotized rabbits, 490
neurophysiologic mechanisms of internal inhibition, rabbits, literature review, 9646
non-specific afferentation, neuronal activity in sensorimotor cortex, rabbits, 2960
noninvasive technique for detection of sniffing frequency in classical conditioning to odors, rabbits, 6955
ontogeny of tetrahydrocannabinol sensitivity, rabbits, 9814
organization of defensive & food procuring acts under competitive relations, rabbits, 7218
overtraining, morphine-induced reduction of classical aversion CRs, male rabbits, 12297
periocular electrical stimulation, nictitating membrane response & electrophysiological response of abducens nerve & nucleus & accessory abducens nucleus, rabbits, 7514
phasic neuronal responses in visual cortex to flashes occurring within 2 intervals following stimulus, rabbits, 7450
photic stimulation & sensorimotor & visual cortex theta rhythm energy, transmission of visual excitation to motor analyzer, rabbits, 9620
probabilistic structure of surroundings in neuronal activity of visual cortex, rabbits, 2844
properties & generating mechanism of inhibitory potentials evoked in olfactory bulb & other neuronal pathways to or from pyriform cortex, rabbits, 473
repetitive photic stimulation, effect of posture on probability of EMG responses in various muscles, rabbits, 9665
respiration rate during spontaneous vs forced feeding vs stimulation of tooth pulp, rabbits, 2943
serotonin application, cerebral cortex electrical activity, rabbits, 12098
species differences, role of flocculus of cerebellum in vestibulo ocular reflex, rabbits vs monkeys, literature review, 2806
spectral analysis of EEG in neuronally isolated brain cortex, rabbits, 2813
spectral-correlation analysis, frequency parameters of premotor & motor & parietal & visual cortices during induced development of single postural focus, rabbits, 9764
spontaneous cortical unit activity & statistical relation to EEG in sensorimotor & visual cortices during orienting response & extinction & conditioned electrodefensive reflex, waking rabbits, 9640
taste quality vs intensity, time pattern of neural response in pontine parabrachial nuclei, male rabbits, 442
UCS duration, classical conditioning of nictitating membrane response, rabbits, 2710
velocity of moving gratings, responses of motion- & direction-sensitive striate cortical cells & receptive field characteristics, rabbits, 469
Race (Anthropological) [See Blacks]
Race Attitudes [See Racial and Ethnic Attitudes]
Race Relations [See Racial and Ethnic Relations]
Racial and Ethnic Attitudes [See Also AntiSemitism, Ethnocentrism, Racism]
age & residence in district with tense vs harmonious race relations & mother's ethnic attitudes, ethnic preferences, White 3–7 yr olds, 8-yr followup, 5460
associations & ascriptions of positive & negative characteristics in racial stereotyping, White college students, 10291
attitudes toward Indo-Chinese immigrants, residents, US, 5519
attitudes toward psychotherapy & Blacks & human nature, judgment of likelihood of successful treatment of Black clinical cases, White college students, 12682
attitudes toward statements regarding family life patterns & marital relationships & sexual values & behavior assessed by Survey of Afro-American Behavior, Anglo vs Afro-American therapists, 13474
bogus pipeline vs paper & pencil rating conditions, attitudes toward ethnic groups, replication of H. Sigall & R. Page's experiment, 6975
commitment to Mexican American &/vs Anglo American culture, preference for ethnically similar counselor & willingness to use counseling services, Mexican American college students, 6398
community conflict over school desegregation, subsequent race relations, students & teachers in biracial high school, 4314
counselor race & S's racial attitudes, perceived counselor effectiveness, White vs Chinese vs East Indian counselors & high school students, Canada, 10971
education & intercompany poaching & mobility & inter-race bias & technological exposure & sociocultural problems & successful company programs, advancement at work, Blacks, South Africa, 9141
ethnic stereotypes, impression formation of individuals, reply to criticism by A. Locksley et al, 3416
ethnic stereotypes, judgments of individuals, criticism of study by P. R. Grant & J. G. Holmes, 3420
ethnicity & social stratification & political economy, national culture, Jamaica, 5504
examiner's race & mistrust of Whites, Stanford-Binet Intelligence Scale performance, Black 9–11 yr olds, 12453
intergroup theory & racial attitudes, patterns of association & intergroup dynamics, Black & White managers, 6842
minority perspective & race relations theory, social work curriculum, 11126
murders of Black youths in Atlanta in 1979–81, responses, Black vs White parents of other children living in Atlanta vs Cleveland vs Tuscaloosa, 12506
Native American literature, ethnic attitudes, 5th & 6th graders, 4290
preferences for counselor race & sex & likelihood of using counseling center, Native American college students, 6778
racial attitudes & preferences, self esteem, Black 3rd–6th graders, implications for construct validity of racial attitude measures, 7769
racial consonance vs dissonance in social environment, perceived racial discrimination & self esteem, Blacks vs Whites vs Mexican Americans, data reanalysis, 7857
self interest & racial affect & stratification beliefs, affirmative action attitudes, Whites aged 18 yrs and older, 7843
sex role conventionality & race inequality, despair, adults, 10114
social cognition, racial attitudes & cultural cognition, Black preschoolers with mean age of 69.0 mo, 909
survey of current status of Black female police officers, 3338
threat to egalitarian self image & encounter with Black vs White confederate posing as panhandler vs student-petitioner, willingness to be helpful to Blacks, college students, partial replication of study by D. G. Dutton & J. L. Lennox, 3423
Racial and Ethnic Differences
ability profiles on WISC-R, Black vs White 6–16.5 yr olds matched on Full Scale IQ, 5391
age & physical problems & rejection by perpetrator & misbehavior of child & sex & race & discipline attitudes of perpetrator, severity of child abuse, criticism & reanalysis of D. Gil's & J. R. Seaberg's studies, 3594
age & race & sex & pretreatment pain intensity & character & site, relief by morphine sulfate, cancer patients with chronic pain, 8565

age & SES & race & chronicity & severity of disorder, physical attractiveness, 13–66 yr old psychiatric patients, 5823
age & SES, development of self concept, Euro-American vs Afro-American vs Mexican-American 9–11 yr old females, 3222
age & sex & race & weight, beliefs about causality & responsibility for obesity, nursery school children vs 1st vs 5th graders vs college students, 8307
age & sex differences, preferences for colors black vs white, Black vs White 6 mo to 4.5 yr olds, 12424
age at onset of social smiling, Sephardi vs Ashkenazi premature vs full-term infants, 747
alcohol &/vs marihuana usage prior to sexual intercourse, sexual behavior profiles, Black vs White college students, 5608
alcohol consumption & flushing response, White vs Chinese vs Filipino vs Hapa-Haole vs Hawaiian Ss, 9856
attitudes toward abortion, surveyed, Blacks vs Whites, 1972–80, 10149
attitudes toward sexual deviance, Black vs White college students, 10470
attitudes toward social & intellectual characteristics of typical Israeli Arab vs Jew, Arab vs Jewish college students, Israel, 3277
auto- vs heterostereotypes, Anglo vs Black vs Hispanic US Navy recruits, 3287
birth rates & sexual activity & abortion & illegitimacy & adoption rates, White vs Black adolescent females, 920
caste & ethnic group, response to higher education & utilization of educational facilities, college students, Nepal, 11250
causal attributions & self efficacy & attitudes toward heroin following success vs failure, White vs Hispanic males in methadone maintenance, support for G. A Marlatt's drug abuse recidivism model, 11059
central vs peripheral choice of seating position in classroom, White vs Black vs Oriental vs Jewish college students, 4320
community involvement & life satisfaction, Whites vs Blacks aged 65 yrs & over, 12504
consistency of home environment, intelligence & child development, Black vs White 6 mo–3 yr olds, 796
counselor race & S's racial attitudes, perceived counselor effectiveness, White vs Chinese vs East Indian counselors & high school students, Canada, 10971
crime victim characteristics, level of police investigative effort, 5552
cross vs within racial judgments of attractiveness & aesthetic criteria used, Chinese vs White vs Black graduate & college students & volunteers, 7969
cultural values, Puerto Rican vs Black vs White opioid addicts, implications for treatment of Hispanic addicts, 10511
drug size & form & color, expectations of drug action, Black college students, replication of earlier study with White Ss, 3356
epidemiology, alcoholism, Ashkenazi vs Sephardi vs Oriental Jews, Israel, 3622
ethnic differences, analgesic drug related deaths, Black vs White vs Hispanic 19–83 yr olds, 12934
ethnic differences, required dosage of chlorpromazine, Asian vs White psychotic patients, 6263
ethnic origins & personal values, business students, Nigeria, 8005
ethnic status & education & environmental stress & family social environment, functioning & coping behavior, spouses of alcoholic patients with mean age of 48.8 yrs, 8186
ethnicity, MMPI personality differences & symptoms, 16–70 yr old Black vs White vs American Indian psychiatric inpatients, 12778
eye color & ethnic origin & family size & birth order, cognitive performance & emotional stability, 20–26 yr old Sephardi vs Ashkenazi Jewish males, 3285
factor analysis of 7 composite symptom scales, depression, Anglo vs Black vs English- vs Spanish-speaking Hispanics, 4727
factor structure, Behavior Problem Checklist, Black vs White emotionally disturbed vs learning disabled vs educable mentally retarded children with mean age of 11.4 yrs, 103
factorial invariance of Rosenberg Self Esteem Scale, race & sex differences in self esteem, Black vs White 3rd–12th graders, 7035
family ethnicity, childhood disadvantage measured by health care & education & home environment, children followed up to 3 yrs of age, New Zealand, 7673
generational differences, assortative mating for educational attainment, parents vs grandparents of Chinese vs European vs Japanese ancestry, 10098
genotype & age, noise induced auditory losses, mice, implications for studies of ethnic differences in industrial noise-induced hearing loss, 7335
high school GPA & Scholastic Aptitude Test scores, bias in prediction of 1st semester GPA, Asian vs Hispanic vs Black vs American Indian college freshmen, 11311
homemaking as career choice, Black vs White female high school graduates of 1972, longitudinal analysis, 4465
intelligence, fertility in relation to population as whole, surveyed Black vs White male vs female 25–34 yr olds, 8061
IQ & adaptive behavior & SES, prediction of mathematics & reading achievement, White vs Black vs Mexican American 7–14 yr olds, 776
language fostering experiences & race & social class differences & preschool deficiencies in language skills & achievement vs demand, opportunities for language & personality development, infants & preschoolers, 5306
legal control & peer & parental influences & marihuana use & perception as risk taking behavior, White vs Native American middle & high school students, 7827
level & stability of self esteem & accuracy of self-perceived academic ability & academic achievement, White vs Black vs Mexican American 2nd graders, 3232
locus of control & uncertainty & self confidence in future coping & fear of future occurrence of negative events & depression, Asian vs White 65–82 yr olds, 3445
low- vs mid-SES & race, referral & special education placement, Mexican American vs Anglo students with learning difficulties, 2091
measurement error differences due to race assessed by use of K. G. Joreskog's methods, estimation of measurement models of reported parental status characteristics, Black vs White high school seniors, 9116
organizational goals & personal values, decision making, Black vs White managers, support for G. W. England's model, 13747
pollimeter, assessment of attitudes & perceptions of colors, Black vs White vs Asian vs Hispanic college students, 6981
predictive validity of Stanford Mathematics Test, Black vs White male vs female 6th & 8th & 9th graders, !1326
predrug pain intensity & character & site & S age & race & sex, pain relief following morphine administration, cancer patients, 10850
preference for ethnic homogeneity & programming, Japanese American vs Black nursing home patients & their families, 10989
preference for play with same vs other color peers during recess, Black vs White kindergartners, 5428
psychiatric symptoms, Black vs White male vs female phencyclidine-toxic patients, 12801
public alcohol drinking patterns, Maoris vs Pacific Islanders vs Europeans, New Zealand, 10220
race & ethnicity & economic status, household structure, Black vs Hispanic vs White female headed vs husband/wife families, 3315
race & locus of control & self esteem, prediction of parent vs peer orientation, Black vs White 12th graders, 10045
race & sex & SES, self esteem evaluation, White vs Black university students, 3479
race & sex, sex role attitudinal traditionalism, Blacks vs Whites, 10211
race & sex, suicide methods, Blacks vs Whites vs Native- vs Asian Americans, 1923–78, 12931
race, assertive behavior, Black vs White college students, 8031
race of applicant & type of job, hiring decisions, White professional interviewers, South Africa vs US, 4476
race of examiner, intelligence test performance, literature review, 2430
race of resident & patient, initial disposition & diagnosis, Black vs White residents in psychiatric walk-in clinic, 8648
racial & age differences, adoption effects on intelligence, White vs Black & interracial 4–11 & 18–22 yr olds, 5398
racial & ethnic & marital status differences, sexual & reproductive behavior, White vs Mexican American vs Black 14–24 yr olds, 7773
racial & ethnic differences in mathematics learning, implications for mathematics instruction, 6674
racial and ethnic differences, assertiveness, Asian Americans vs White college students, 10130
racial differences & social change, age at 1st use of alcohol & narcotics & other drugs & onset of narcotic addiction, Black vs White male narcotics abusers, 1952–71, 12936
racial differences, death attitudes & responses to children's grief, Black vs non-Black elementary school teachers, 4226
racial differences, minimum competency test outcomes & remediation opportunities, Black vs White high school seniors, 2065
racial differences, work attitudes & efforts, Black vs White university professors, 6556

racial patterns, liaison psychiatric referral, White vs non-White inpatients, 3785
recruiting source & length of employment tenure, White vs Black vs Asian vs American Indian vs Hispanic store clerks, 2216
risk of criminal victimization, gun regulation attitudes, surveyed Blacks and Whites, 12575
role play vs in vivo situation & familiarity & race of partner, assertiveness & expression of negative opinion & compliance, 19–45 yr old Black male psychiatric patients, 8149
scores on Vocational Preference Inventory & Self-Directed Search, Black vs White noncollege-degreed women employed in traditional female jobs, test of J. L. Holland's theory, 4471
selective credulity, self esteem, White vs Black high school students, 3228
SES, WISC & Wide Range Achievement Test scores vs teacher ratings of achievement, Black vs White 6–11 yr olds, 9015
sex & language of speakers, perceptions, bilingual Italo-Australian vs Greek-Australian Ss, 3407
sex & race & age of candidate & candidate-voter similarity, voting preferences, male vs female Black vs White college students, 3336
sex & race, accuracy of high school GPA & Scholastic Aptitude Test scores in prediction of academic performance, Black vs White college developmental students, 11301
sex &/vs racial differences, friendship patterns, West Indian vs White vs Asian 11–16 yr olds, England, 7821
sex, career values & aspirations, adult Blacks vs Whites vs Puerto Ricans, 2204
similarities & differences in self concept, Black vs White female alcoholics vs drug addicts, 3591
social desirability responses, Bengalese tribal vs nontribal 30–40 yr olds, India, 5681
spatial ability &/vs rote memory, female vs male Black vs White 12–16 yr olds, 7750
status attributes & ethnic characteristics of speaker, retrospective speech halo effect, college students, Australia, replication of J. N. Thakerar & H. Giles's study, 7645
stimuli variations by cultural groups, TAT, American Indians vs Blacks vs South vs Central Americans vs Oceanians vs Asians, 4717
teacher expectations, classroom behavior & academic achievement, 9 yr old Polynesian vs Pakeha students, New Zealand, 4307
test anxiety, scores on science achievement test, Black vs White male vs female 4th & 8th graders, implications for validity of test interpretation, 4421
White male vs Mexican American female E, EMG biofeedback training performance, male vs female White vs Mexican American college students, 7472
Racial and Ethnic Relations
experiences in White fraternity, Black student, 2084
intergroup theory & racial attitudes, patterns of association & intergroup dynamics, Black & White managers, 6842
minority perspective & race relations theory, social work curriculum, 11126
multiracial group characteristics & interracial conflict, Black & White maintenance employees, 12537
personal names as ethnic epithets, 12511
power acquisition & communication, majority of token minority group relations, organizational members, 13758
race relations, Blacks, Canada, 5510
tolerance of political rights of Israeli Arabs, adult Jewish citizens, Israel, 952
Racial Differences [See Racial and Ethnic Differences]
Racial Discrimination [See Social Discrimination]
Racial Integration [See Social Integration]
Racial Segregation (Schools) [See School Integration]
Racism
need for psychotherapy & conflicts in treatment & role of racism, Black males, 1511
Type A behavior & cognitive style of coping with racism & stressful task, blood pressure, 18–34 yr old Black college students, 7471
Radial Nerve [See Spinal Nerves]
Radiation
area postrema lesions, attenuation of gamma radiation-mediated taste aversion conditioning, male rats, 12200
attitudes toward & perceptions of possible consequences of nuclear energy, residents of communities within 30 miles of nuclear power plant, Netherlands, 2281
behavioral & emotional & physiological measures of stress, Three Mile Island residents, 13797
biological electromagnetic resonance-field interaction with external factors, implications for biophysics & biocybernetics & bionics & ESP, 495
detection of & research on exceptional human body radiation, 7
hypophysectomy, conditioned taste aversion following lithium chloride vs ionizing radiation, rats, 12235
introduction to radionuclides & radiopharmaceuticals & detection systems & tracer techniques in positron emission tomography & clinical applications, literature review, 12757
irradiation during fetal vs neonatal period, electrocorticogram, adult vs aged mice, 7501
program to involve citizens in dissemination of information about radiation levels after Three Mile Island, response to criticism by W. Key, 2277
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, 2276
program to involve citizens in dissemination of information about radiation levels after Three Mile Island accident, community residents, criticism of B. G. Gricar & A. J. Baratta's article, 2278
radiation emitted during performance of exceptional capabilities, gifted Ss, 537
Radiation Therapy
chemotherapy & cranial irradiation for acute lymphocytic leukemia, neuropsychological functioning, patients with mean age of 7 yrs, 1461
endometrial irradiation, therapeutic amenorrhea & frequency of epileptic seizures, 13–44 yr old mentally retarded females, 4006
postirradiation somnolence syndrome as precursor of cognitive dysfunction, school age children with acute lymphocytic leukemia treated with cranial irradiation, 1.5–3.75 yr followups, 10548
Radicalism (Political) [See Political Radicalism]
Radio
call-in radio program for questions about childrearing & parenting concerns, 713
feminism, TV viewing & radio format preferences & mass media habits, adults, 12598
nonlistening attention demand concept, communication effectiveness of radio commercials, Ss aged 18 yrs & older, 4596
perceptions of gratifications associated with frequent vs infrequent use of books & magazines & films & TV & newspapers & radio & music & friends, college students, 7639
Rage [See Anger]
Railroad Trains
age & travel experience, correct responses to set of graphic symbols for public information, railway passengers, 6887
countermeasure equipment for monitoring vigilance for prevention & factors underlying causes, train collisions & derailments, locomotive engineers, 4460
Random Sampling
modification of J. Waksberg's method of random digit dialing, selection of equal probability samples for telephone surveys, 9240
Rank Difference Correlation
nonlinearity of associations between underlying variables, spurious nonsignificance in Spearman's rho & Kendall's tau rank correlations, 11733
Rank Order Correlation
BASIC program, rank order statistical analysis, 4686
Rape
assessment & behavioral treatment of fear & anxiety, rape victims, 13263
assessment & behaviorally oriented treatment, rape-related sexual dysfunctions, rape victims, 13235
behavioral control & aggressiveness toward males vs females & sex role stereotypes & disinhibition sensation seeking & heterosexual experience & sexual attitudes, incarcerated male rapists vs murderers vs property felons, 3610
classification of verbal response modes during direct & cross-examination, attorneys & rape victims, 10189
cognitive therapy, depression, rape victims, 13245
counseling child rape victims, chaplains, 6379
definition of rape & prevalence of "hidden" rape & sexual abuse of children & treatment of victims by clinical psychologists, 12925
detection & assessment & treatment by clinical psychologists, rape victims, 13111
environmental factors & seasonal variations, incidence of rape & assault & robbery, murder, US, 10485
exposure to pornography, perceptions of sexuality & sensitivity about rape, male & female college students, 1038
legal perspective & role of perpetrator & victim, rape, 8218

mother's adolescent rape, child's antisocial behavior, 13.5 yr old male, 12901
multivariate analysis of structural determinants including religious involvement, rate of rape, 12945
need systems, 21–47 yr old male rapists, 8226
norm violation & sex & sex role attitude, attribution of blame in rape cases, college students, 12659
personality & attitudes & needs measured by EPPS & androgyny scale & attitude toward rape scale, female 19–33 yr old state police recruits, 2261
physical attractiveness of rape victim, attribution of responsibility, Os, 10278
psychological profiles, rapists & their victims, 3599
salience of rape, sex role attitudes & trust & self esteem, non-raped female college students, 10501
sexual activity & satisfaction/frustration, college date rapists, 12922
sociopolitical & economic inequities between sexes & frequency of rape, test of feminist explanation, 12903
therapist sex, attitudes toward client & treatment recommendations & sensitivity to client's distress, therapists of 14–64 yr old female rape victims, 1717
trauma levels, 3–18 vs 18–72 yr old female rape victims vs child incest victims, implications for sexual assault treatment programs, 3618

Raphe Nuclei
amitriptyline & desmethylimipramine & raphe lesions, spiperone binding in cortical & striatal homogenates, male rats, 543
circadian rhythms, activity of serotonergic neurons in nucleus raphe pallidus, freely moving cats, 451
electrical stimulation & cooling of locus ceruleus & cryolesion of nucleus raphe dorsalis, induced NREM sleep & REM sleep & wakefulness, cats, 2911
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of medullary dorsal horn nociceptors & other neurons, cats, 12211
electrical stimulation of periaqueductal gray & nucleus cuneiformis & nucleus raphe magnus & nucleus reticularis gigantocellularis & magnocellularis, inhibition of lumbar spinal cord nociceptors & other neurons, cats, 12213
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
intra-raphe chlordiazepoxide vs flurazepam vs midazolam vs bicuculline doses with vs without muscimol, locomotor activity, male rats, 12312
iontophoretic application of 5-HT to nucleus raphe magnus, nociceptive thresholds & neuronal firing rate, rats, 5219
levoglutamate microinjection into nucleus reticularis paragigantocellularis & raphe magnus nucleus, analgesia & inhibition by phentolamine & phenoxybenzamine & methysergide, male rats, 9855
muscimol injections into dorsal vs median raphe nucleus & chlordiazepoxide vs bicucylline vs destruction of ventral tegmental nuclei vs forebrain 5-HT depletion, hyperactivity, male rats, 689
nucleus raphe magnus lesions, disruption of dorsal vs ventral medial midbrain stimulation-elicited analgesia, male rats, 9743
stimulation of mesencephalic periaqueductal gray & nucleus raphe magnus, serum prostaglandin E levels, rats, 579

Rapid Eye Movement
motivational components & presence of ego vs substitute & ego as subject vs object in dream reports, REM-M vs REM-Q sleep, adult Ss, 11924
organization & rhythmicity, REM production during REM sleep, 19–24 yr olds, 9681
plasma cortisol secretion & REM period latency, patients with endogenous depression with mean age of 40.8 yrs, 10341

Rapid Eye Movement Dreams [See REM Dreams]
Rapid Eye Movement Sleep [See REM Sleep]
Rapport [See Interpersonal Attraction]

Rat Learning
excitability & learning, rats, 2728
high altitude, learning & serotonin & noradrenaline in brain structures, male rats, 2920
neuropeptide memory modulators, retrograde & anterograde amnesia & learning before vs after electric shock, rats, 9738
perinatal glucocorticoid administration, body & brain weights & spatial learning task acquisition, male rats, 635
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
vasopressin & locus ceruleus & nuclei dorsalis & substantia nigra lesions, learning & habituation, rats, 12176

Rating
aggregation schema for eigenvector approach to attribute scaling using paired comparison in hierarchical data, 2517
between assessor differences in overall ratings & validity of behavioral assessment, US Army recruiters, 13716
concurrent validity, behavioral descriptions from Jastak Assessment System vs teacher's ratings, 7.6–17.7 yr old learning disabled & educable mentally retarded students, 11313
consistent vs inconsistent ratings, results obtained for mixed standard scales, college students who rated their instructors, 11724
job type & level within occupational hierarchy, comparability of job evaluation & rating methods, 11439
judgments about personal acquaintances elicited by scalar vs dichotomous methods, college students, test of golden section hypothesis, 138
linked judgments procedure, statistical conclusion validity, college students in weight reduction study, 2515
multivariate generalization procedure, hypothesis testing of rated differential response patterns in multigroup pharmacological studies, 3080
nonparametric techniques, analysis of rank order data in multigroup repeated measures designs, 7089
observational design, generalizability of motor performance ratings, raters, 9412
peer vs teacher vs self ratings, classroom task behavior & social interaction, learning disabled & educable mentally handicapped 9th–12th graders, 13635
personality traits, projection error in rating of personality traits of others & self, male raters with mean age of 30.2 yrs, implications for validation of EPPS, 6963
predictive validity of teacher ratings of creativity, students tested in 4th & 6th grade, 6780
program attribute scaling, evaluation of educational & social programs, implications for special education, 4277
ranking of services provided by male vs female consciousness raising groups, 19–52 yr olds, 6188
spouses' vs O's ratings of partners' behavior during conflict resolution task, spouses, 5531
stability of self concept vs self assessed vs spouse rated personality traits, 21–89 yr olds, 896
statistical removal of ratings on invalid from valid items, elimination of halo in performance ratings, personnel, 4710
use of microcomputer to administer AMDP psychiatric rating system, 11594
use of same prototypes in evaluating different teachers, validity of evaluation, teachers & principals, 4434
usefulness of AMDP psychiatric rating system, clinical research in psychopharmacology, 11569
validity of behavioral role play test & peer nominations & social skill evaluation & interview & teacher ratings, assessment of social skills, 3rd–5th graders, 9350
validity, pleasantness & activation ratings of words presented by computer-sorting algorithm, volunteers, 2358

Rating Scales
administration & scoring & interpretation instructions, French translation of M. Kovac's Children's Depression Inventory & Interview Schedule for Children, 4774
age & sex group norms, Creative Imagination Scale scores, 8–17 yr olds, 2449
aggregation of items & raters & use of moderator variables, validity of self-peer ratings in personality assessment, male college students, 92
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales vs Research Diagnostic Criteria, diagnosis of major depressive disorders, 10358
Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, assessment of life events, 25–76 yr old endogenous depressives vs 20–66 yr old depressive neurotics, 10423
BASIC program, construction & administration & scoring of Likert scale questionnaires, 11603
behavioral context of Early Social Communication Scales, assessment of social development & communicative competencies, 0–30 mo olds, 11713
Behavioral Internal-External Scale, assessment of relationship between verbalized beliefs & behavior, college students, 7065

Brazelton Neonatal Behavioral Assessment Scale scores at 12–15 days of age vs rating scale assessment of nursing couple at 6 wks of age, validity of rating scale for measurement of development, 18–44 yr old mothers & their infants, 143
brief scale, evaluation of lecture/case method & seminar/workshop courses, law students, 9103
clinical diagnosis vs computer assisted diagnosis based on French version of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, psychiatric inpatients, 10422
clinical utility of infant development assessment scales based on Piagetian theory, 11667
comparison & test of trait theory vs semantic bias hypothesis, personality factor structure validation, 8th–12th graders & monozygotic twins, 140
concurrent validity of Mathematics Anxiety Rating Scale for Adolescents, 7th–11th graders, Lebanon, 11328
concurrent validity of Ozawa Behavioral Rating Scale, assessment of attention deficit disorder, learning disabled elementary school students, 11317
consistent vs inconsistent ratings, results obtained for mixed standard scales, college students who rated their instructors, 11724
construct validity of Masculine Gender Identity Scale, heterosexual vs homosexual vs transsexual females, 86
construction & reliability & validity of UAB Pain Behavior Scale, chronic pain patients, 7062
construction of rating scale, measurement of trust in another in meaningful interpersonal relationships, college students, 116
content analysis of anxiety & hostility scales, stability of scores, 4768
convergent & discriminant validity of Iowa Social Competency Scale, 3.3–6.6 yr olds, 2483
correlation of technicians' perceptions & rating on American Association on Mental Deficiency Adaptive Behavior Scale, mentally retarded 24 yr olds with mean IQ of 33, 12976
development & validity & reliability of Functional Dementia Scale, assessment of disabilities associated with dementia, nursing home residents, 11701
development & validity of Scale of Eight Emotions, relationship between anxiety & motor behavior, female high school gymnastics competitors, Yugoslavia, 2457
development & validity of scales based on Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie, assessment of effects of relaxation, coronary patients, 9354
development of Aftercare Orientation Scale, assessment of attitudes toward implementation of services for community care of chronically mentally disabled, mental health practitioners, 1749
development of Matson Evaluation of Social Skills with Youngsters rating scale, 4–18 yr olds, 11698
development of rating scale, measurement of delusional experience, patients with mean age of 37.1 yrs, 4767
development of rating scales & relationship to age & sex, perceived quality of neighborhoods, adults, 2412
development of scale, measure of traditional vs liberated sex role attitudes & behavior, male college students, 11673
development of Vanderbilt Psychotherapy Process Scale, assessment of patient & therapist characteristics predictive of outcome, male college students with symptoms of anxiety & depression & introversion, 11705
Experiencing Scale vs Free Association Scale, measurement of response in therapy, clients, 4770
factor analysis & validity, French revision of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie rating scales, patients, France & Belgium, 9311
factor analysis, Kurtzman Community Dental Health Ideology Scale, male dental students, 13487
factor analysis, measurement of interrater reliability of AMDP Psychopathology Scale, 156
factor analysis of Hamilton Anxiety Rating Scale, psychological & somatic aspects of anxiety, 2455
factor analysis of Restraint Scale scores & relation to degree of self reported overweight, adults, 100
factor structure of Counselor Rating Form, assessment of perceptions of counselors, clients, 4761
factor structure of Rutter's Children's Behaviour Questionnaire, 7–8 yr old primary school students, India, 4436
factorial structure of Revised German Multidimensional Pain Scale, differential therapeutic measures for predomination of sensory vs affective aspects of pain, Ss with clinical symptoms of pain, 9322
factors in interrater reliability of Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, patient with delusions, 9357
Gaensbauer Scales & Michigan Infant Affect Scales, assessment of affect development, infants, 11718
generalizability analysis, point-method job evaluation instrument, graduate students, 11666
graded response latent trait model, attitude measurement with Likert-type scales, 2443
guidelines for scoring, interrater reliability of Wechsler Memory Scale, 148
independence of positive & negative dimensions of Happiness Scale, urban vs nonurban Ss with median age of 72 yrs, 4748
internal consistency & interrater & item reliabilities of subscales of Level of Care Survey, psychiatric inpatients, 119
internal reliability & predictive validity of organizational commitment scales, assessment of intended turnover, accountants, 102
interparent agreement on Behavior Problem Checklist, mothers & fathers of delinquent vs nondelinquent 10–18 yr olds, 2440
labeling of endpoints only vs all points & number of response options on positive vs negative end of continuum, mean score for questionnaire rating scale items, college students, 2399
Least Preferred Coworker & Four Factor Theory of Leadership Scales, midlevel executives, 142
Life Experiences Scale, discrimination of physical illness, hospitalized inpatients vs nonhospitalized controls, implications for relationship between life stress & onset of physical illness, 7022
methodology & test construction use, assessment of item convergent validity of nonobjectively scored items, 139
multitrait-multimethod analyses on items vs factor scores, assessment of convergent & divergent validity & detection of method/halo effect in rating data, 9297
multitrait-multimethod analysis, ratings from behaviorally anchored vs graphic vs mixed standard rating scales, college students, 2404
Nishizone Self Rating Scale, diagnosis & prognosis, neurotic patients, 9361
number of response categories on teacher evaluation rating scale, item means & variances & internal consistency, 9286
organization level of prose measured by 7-point scale, scale validity & relationship between recall & organization level, 3rd & 6th graders & adults, 7073
predictive validity of scoring systems for Social Readjustment Rating Scale, assessment of life stress factors & coping resources, 16–81 yr olds, 9351
psychosocial correlates, Back Pain Classification Scale scores, 21–65 yr old patients, 104
rating scale, measurement of job time-demands conflicting with time for family responsibilities, employed divorced mothers with children under 13 yrs of age, 7040
readability of self report depression scales, 11651
reliability & criterion validity of Adaptive Behavior Scale, mentally retarded 13–20 yr olds attending school, 11711
reliability & validity of French translations, scales by P. Birleson & E. Poznaski et al assessing childhood depression, 4778
reliability & validity of ratings by novice raters of Hamilton Rating Scale for Depression, trained college students vs clinicians, 130
reliability of Behavioral Anchored Rating Scales, measurement of job performance, nursing home nurses & aides, 11714
reliability of individual bipolar adjective scales on semantic differential & utility of Evaluation dimension as measure of self concept, 5th graders, 11708
reliability of Milwaukee Coronary-Prone Behavior Attitude Scale, classification of Type A/Type B coronary prone behavior, 18–64 yr old males, 7078
Research Diagnostic Criteria vs Arbeitsgemeinschaft fuer Methodik und Dokumentation in der Psychiatrie scales, diagnosis of depression & schizophrenia & manic & panic & anxiety disorders, 10339
scores on Perceived Competence vs Perceived Contingency Scales, performance on intentional vs incidental task, internal vs external Ss, 12707
self rating scale, diagnosis of depression, 12–76 yr old psychiatric outpatients, 9372
self ratings of anxiety & depression using Hopkins Symptom Checklist vs physician ratings using other scales, nondisordered Ss, 159
self ratings on Weller-Strawser Scales of Adaptive Behavior, learning disabled 6–18 yr olds, 7075
structure & reliability of Inpatient Multidimensional Psychiatric Scale, psychiatric inpatients, 11657
suggested changes in administration & interpretation of Adaptive Behavior Scale, handicapped, 7042
teacher self help Individualized Educational Programs rating scale, 9048

theoretical background for & uses of Brazelton Neonatal Behavioral Assessment Scale, annotated bibliography, 125
utility & validity of modified Manic-State Rating Scale vs Nurses' Global Impressions, measurement of mania, 20–72 yr olds with mania vs excitement vs hypomania, 2405
validity & reliability of Holmes Alcoholism Scale, college students & alcoholic patients with mean age of 35 yrs, 2434
validity & reliability of scaling procedure for indirect measurement of self estimation, neurotic Ss, 1214
validity of Center for Epidemiologic Studies Depression scale in Italian, depressed vs normal Ss, Italy, 2422
validity of Hamburg short form of AMDP psychiatric rating system, 11623
validity of Italian translation of Symptom Rating Test & Symptom Questionnaire, neurotic vs depressed vs somatic disorder patients, 11671
validity of Psychiatric Evaluation Form, quantification of diagnostic interview data, 4–17 yr olds, 4754
validity of psychological distance map, assessment of interpersonal psychological distances during transition to new environment, college students, 11689
validity of Suinn Test Anxiety Behavior Scale, prediction of academic achievement, Lebanese high school students, 4428
weight change & dietary concern components of Restraint Scale, overweight adults, criticism of work of A. Drewnowski et al, 110
weight history & restraint factors in the Restraint Scale, reply to criticism of C. P. Herman & J. Polivy, 101
wording of items on role conflict & ambiguity scales, criticism of scales developed by J. R. Rizzo et al, 4763
Ratio Reinforcement [See Fixed Ratio Reinforcement, Variable Ratio Reinforcement]
Ratiocination [See Logical Thinking]
Rational Emotive Therapy
Bible study based on D. Meichenbaum's cognitive restructuring & A. Ellis's rational emotive therapy, prisoners, 11035
philosophy & therapeutic principles & techniques of Rational Emotive Therapy, 1519
principles & techniques in rational emotive therapy theory & practice, 8450
rational emotive therapy & self instructional training, hair pulling, 17 yr old female, case report, 13097
rational emotive therapy, drug & alcohol rehabilitation, 8788
rational emotive therapy, fear of sexual intercourse, 23 yr old female, 8419
rational-emotive-therapy-based cognitive model for assessment & treatment of feelings of loss, divorced persons, 1588
review of rational emotive model of A. Ellis & role of irrational beliefs, etiology & treatment of emotional distress, literature review, 3576
videotaped counseling interactions involving client centered & rational emotive therapy, perceptions of counselor characteristics & behaviors, college students, 1512
Rationalization
anxiety & depression & denial & defense mechanisms & emotional activation, patients hospitalized with cancer & other pulmonary pathologies, 6004
rationalization & paranoid anxiety, adult male with obsessive neurosis, 5821
Rats [See Also Norway Rats]
acoustic digitizer, simultaneous broadband recording of ultrasonic vocalizations, rats, 4666
acquisition & extinction of active avoidance behavior, F sub 1 progeny of male rats exposed to cyclophosphamide prior to breeding, 2998
acquisition & retention of passive avoidance behavior & shock intensity, arginine-8-vasopressin & oxytocin & neurophysin levels in CSF & plasma, male rats, 5120
acrylamide vs lithium chloride, conditioned taste aversion, male rats, 2690
ACTH, habituation of startle response at various intertrial intervals, male rats, 12278
ACTH, testosterone levels & extinction of conditioned taste aversion, gonadectomized water-deprived male rats, 539
ACTH unilateral microinjection into brain stem, postural asymmetry & movement disorder & resemblance to human dystonia, male rats, 7599
ACTH/4–10 vs norepinephrine, acquisition & performance of maze task, male rats, 7613
action & summating potential & cochlear microphonic in response to clicks vs tones prior to & following exposure to tone, rats, implications for index of noise-induced auditory fatigue, 7370
activity changes in brain catecholaminergic system, elaboration & retention of defensive conditioned reflexes, rats with altered serotonin level, 7589
activity level & emotionality & cognitive-anticipatory performance ability, spontaneous locomotion in tunnel labyrinths, RHA/Verh vs RLA/Verh rats, implications for role of genetics in personality, 9593
acute dextroamphetamine & phenobarbital, operant stimulus discrimination performance errors & response time, male rats & juvenile baboons, 3028
acute vs chronic cold stress, dopamine-beta-hydroxylase activity in locus ceruleus & anterior & posterior hypothalamus, male rats, 542
acute vs chronic immobilization stress, blood pressure & heart & respiration rate, rats, 12206
ad lib vs scheduled feeding & access to activity wheels, food intake & body weight, male rats, 7495
ad lib vs 2-hr daily feeding, circadian rhythm of heat production & heat loss, male rats, 7467
adaptation to stress & genetic factors, tyrosine hydroxylase activity & catecholamine release, rats, literature review, 9613
adequacy of conjoint schedules, study of secondary reinforcement, rats, 9561
adipose tissue triglyceride uptake & lipoprotein lipase levels, fed vs fasting obese vs lean female Zucker rats, 2867
administration of N,N-dimethyltryptamine vs 5-methoxy-N,N-dimethyltryptamine to spinal vs brain sites, acoustic startle reflex, rats, 628
adrenal demedullation with vs without 6-hydroxydopamine, cold water swim & morphine analgesia & adrenal epinephrine & heart norepinephrine levels, male rats, 2907
adrenal hormones, brain & body size, female rats, 9720
adrenergic & neuroleptic drugs, long term potentiation, male rats, 3016
affinity of beta-casomorphin analogs to opiate receptor sites, mice & guinea pigs & rats, 622
age & parity, passive avoidance conditioning, male rats, 2694
age & time lapse from lithium chloride preexposure to scent/lithium chloride exposure, odor aversion learning, rats, 5241
age, circadian influence on hippocampal long term potentiation elicited by CA1 and area dentata stimulation, rats, 9601
age, development of locomotion & grooming, preweanling vs adult male rats, 5028
age, ECS-induced wet-dog shakes & face washing, preweaning vs older rats, 2953
age, intermale & maternal aggression, rats, 2787
age of pups & environmental danger, pup retrieving behavior, primiparous female rats, 2778
age, presynaptic cholinergic markers & muscarinic antagonist & agonist binding sites, 6 vs 24 mo old rats, implications for cognitive impairment in aging humans, 5060
age, spinal cord enkephalin levels, 3 vs 25 mo old rats, 9651
age, susceptibility to kindling-induced seizures, suckling vs adult rats, 12217
age-related reductions in synaptic plasticity, recovery of somatosensory stimulus localization functions & apomorphine & dextroamphetamine induced rotation following mesotelencephalic dopaminergic lesions, 4–5 vs 27–28 mo old rats, 7548
aggressive & defensive behaviors & open field activity prior to vs following bilateral entorhinal area lesions, adult female albino rats, 2969
alcohol, photic evoked potentials from primary visual cortex & superior colliculus, male rats, 3036
alcohol, simultaneous incentive contrast, female rats, 5198
alpha-methylDOPA, blood pressure & heart rate following fear conditioning, spontaneously hypertensive rats, 7603
alpha-type endorphin sc & intrastriatal injections, apomorphine induced stereotyped behavior, male rats, 7631
althesin vs alfaxalone analogs vs cremophor, high pressure neurological syndrome, male rats, 7596
ambient temperature & capsaicin, 24-hr sleep-wake cycle & thermoregulation, male rats, 12199
amines & cholinesterase inhibitors, avoidance CRs & thermoregulation & brain acetylcholinesterase, male rats, 655
amitriptyline & desmethylimipramine & raphe lesions, spiperone binding in cortical & striatal homogenates, male rats, 543
amitriptyline, serum glutamate concentration & serum-free tryptophan, rats, implications for action in depressed humans, 12288
amobarbital & chlordiazepoxide & piperoxan & phenoxybenzamine, discriminative stimulus properties of clonidine & dextroamphetamine, male rats, 641

amphetamine, enhanced retrieval of maze spatial discrimination after long retention interval & potential role of catecholamines, male rats, 12314
amygdala electrical stimulation, 2-deoxyglucose uptake in hypothalamus & subcortical structures, male rats, 2958
amygdaloid lesions, increased toxicity of intrahippocampal kainic acid injection & reduced late occurrence of spontaneous recurrent seizures, male rats, 12181
apomorphine & domperidone vs sulpiride vs pimozide, avoidance & escape responses, female rats, 12313
apomorphine & pretreatment with domperidone vs haloperidol, prolactin responses, male rats, 5194
apomorphine, appetitive conditioning, 6-hydroxydopamine treated rat pups, 3106
apomorphine, self stimulation response rate & extinction, male rats, 7568
apomorphine, stereotyped gnawing, male rats, 685
area postrema lesions, attenuation of gamma radiation-mediated taste aversion conditioning, male rats, 12200
area postrema vs nucleus accumbens lesions, aversive & positive reinforcing effects of apomorphine, male rats, 7510
arginine vasopressin & role of aversive properties in memory mechanisms, male rats, 12264
atropine sulfate vs propranolol vs captopril, bethanechol-induced water intake & urine output & heart rate & blood pressure, female rats, 3022
atropine vs benztropine vs diphenhydramine, haloperidol-induced reduction of locomotor activity & intracranial self stimulation, male rats, 3009
atypical neuroleptics sulpiride vs clozapine vs thioridazine vs mezilamine, apomorphine induced yawning, male rats, 7580
autocorrelation analysis of FI reinforcement & postreinforcement pauses, performance, rats & pigeons, 9565
availability of 1 vs 2 levers, between- vs within-Ss partial reinforcement effects, male rats, 11937
aversion conditioning, aversion to copulatory behavior, male rats, 2704
aversiveness of continuous vs discontinuous shock, shuttlebox avoidance performance, rats, 4995
barbamyl vs seduxen vs aminazin vs haloperidol vs chloroprothixene vs apressin vs phentolamine vs inderal vs dopegyt, stress reaction to acoustic stimulation, rats, 5213
behavioral & neurochemical & vegetotropic effects, diazepam vs mebicar, rats, 711
behavioral characteristics, vasopressin-deficient Brattleboro rats, 2799
behavioral measurement, UCR to footshock, rats, 582
benzodiazepine receptor antagonist 3-hydroxymethyl-beta-carboline, sleep latency & reversal of flurazepam-induced sleep, male rats, 5224
beta-endorphin fragments, apomorphine induced behavior, rats, 7632
bilateral caudate-putamen lesions, exploratory behavior, rats, 2989
bilateral lesioning of amygdalocortical projections, conditioned taste aversion learning, male rats, 9779
bilateral lesions of anterior commissure preceded vs not preceded by bilateral transection of lateral olfactory tract, behavioral & electrophysiological reponses, male rats, 2968
bilateral lesions of ventrolateral geniculate nuclei & optic tracts vs unilateral suprachiasmatic nuclei with vs without blinding, entrainment of circadian rhythms, male rats, 2971
bilateral transection of lateral olfactory tract, behavioral & electrophysiological responses to odor stimuli, male rats, 2967
bilateral trigeminal orosensory deafferentation, ingestive behavior, male rats, 2976
blood alcohol concentrations induced by iv ethanol vs ip 4-methylpyrazole, free choice oral alcohol consumption, male alcohol-preferring rats, 3102
brain stem lesions, morphine analgesia for different types of pain, male rats, 2961
brief silent gaps in white noise, auditory startle reflex inhibition, rats, 334
brightness patterns & exposure times & retention intervals, memory for spatial arrangement of visual stimuli, male rats, 9554
bromocriptine, reversal of brain self stimulation deficits induced by substantia nigra dopamine depletion, rats, implications for evaluating antiparkinson drugs, 9800
buspirone & diazepam, operant behavior & attenuation of conflict, rats & monkeys, 5205
buspirone vs molindone, dopamine metabolism in frontal cortex vs striatum & catalepsy reversal, female rats, implications for treatment of extrapyramidal motor disorders, 12298
buspirone, prolactin & growth hormone secretion, male rats & 21–27 yr old males, 5223
calcitonin, extrapyramidal motor system, male rats, 671
calcitonin, food & water consumption, male rats, 700
calcium ions, regulation of cyclic guanosine monophosphate levels in visual rod cells, rats, 7402
caloric intake following insulin administration, male rats, 650
capsaicin pretreatment & morphine, body temperature, freely moving vs restrained male rats, 12324
captopril, exaggerated salt appetite, spontaneously hypertensive rat, 640
castration & chlorpromazine, open synapses in arcuate nucleus of hypothalamus, male rats, 12194
castration, tolerance to effects of morphine on luteinizing hormone levels, male rats, 540
caudate-putamen lesions, body weight loss & food & water intake, rats, 600
central injection of substance P & neurotensin antisera, thermal pain threshold & shock reactivity, male rats, 9797
central vs peripheral naloxone administration, suppression of food intake, food deprived vs genetically obese female rats, 697
centrifugal stress & removal of mystacial vibrissae, swimming, yellow-bellied cotton rats, 2904
chemical stimulation of taste receptors & visceral chemoreceptors, impulse activity of medulla oblongata, rats, 9678
chlordiazepoxide & flurazepam, behavioral convulsions & role of development of type 1 vs 2 receptors & antagonism by Ro-15-1788 vs trizolopyridizine, preweanling rats, 12245
chlordiazepoxide & food deprivation, feeding & rearing & ambulatory locomotion, male rats, 12182
chlordiazepoxide & lorazepam, aggressive behavior, intruder rats, 9811
chlordiazepoxide effects on exploration as measure of variability of response to benzodiazepines independent of motor activity, male rats, 9812
chlorpromazine vs antimuscarinic compounds & subsequent carbachol vs atropine, barrel rotation, male rats, 626
cholecystokinin & bombesin, consummatory responses, male rats, 9829
cholecystokinin concentration in nucleus olfactorius anterior, male rats, implications for role in taste & smell, 496
cholecystokinin, EEG activity & ingestion & rest behavior & sleep during vs after feeding, male rats, 7604
cholecystokinin, insulin secretion & availability & satiety, free-fed rats, 701
chronic alcoholic intoxication, processing of proprioceptive information in maze learning, rats, 7611
chronic alpha-methyltyrosine, locomotor hyperactivity, male rats, 5226
chronic angiotensin II infusion into olfactory bulbs, water intake, male rats, 7571
chronic desipramine, levels of normetanephrine & imipramine recognition sites & beta-adrenoceptors & norepinephrine-adenylate cyclase activity, rats, 12311
chronic dopamine injection into striatum, distribution & concentration of dopamine & metabolites & motor rotation, rats, 9870
chronic methamphetamine, spiperone binding to striatal & mesolimbic areas, male rats, 5182
chronic portacaval anastomosis, behavior & brain serotonin & 5-hydroxyindoleacetic acid levels, male rats, 9737
chronic pre- & postnatal morphine, naloxone induced suppressed food intake & role of brain opiate receptor development, rat pups, 12242
chronic vs acute estrogen treatment, potentiation of pimozide-induced cataleptic response, ovariectomized female rats, 3042
cigarette smoke & mechanical & chemical irritants, capsaicin attenuation of vascular permeability in respiratory bronchi & trachea & role of substance P-containing vagal afferents, male rats, 12295
cingulate cortex lesions, food intake of amino acid imbalanced & high vs low protein diets, male rats, 7549
circadian rhythmicity of adrenoceptor binding in brain, WKY vs spontaneously hypertensive rats, 12128
circadian rhythms, fasting effects on plasma glucose & insulin & free fatty acid, male rats, 5159
circadian rhythms, motor activity & corticosterone levels, hypertensive rats, 5116
circadian rhythms, muricide & eating & drinking, male rats, 5126
classical conditioning, defensive burying of CS, male rats, 7235
classical conditioning, tolerance to haloperidol induced catalepsy, male rats, 5208

clomipramine vs nortriptyline vs mianserin vs morphine vs naloxone vs diazepam vs haloperidol vs amphetamine, social behavior, isolated vs group-housed male rats, 5232
clonazepam vs RO5-4864 & chloride vs GABA vs strychnine, spinal cord benzodiazepine binding sites, male rats, 7577
clonidine & alpha-2 adrenoceptor stimulation, production of discriminative interoceptive stimuli, male rats, 619
clonidine induced REM sleep deprivation, suppression of environmental enrichment effects on cortical growth, female rats, 9740
clonidine, inhibition of withdrawal syndrome autonomic symptoms, morphine dependent rats, 9799
clonidine vs methyldopa, effects of complex environment on brain weight, rats, 5235
cocaine, discriminative stimulus properties & generalization of dextroamphetamine vs cocaine & methylphenidate vs pentylenetetrazol, rats, 7581
codeine vs dextropropoxyphene vs meperidine vs dextromethophan, locomotor activity, rats, 9794
coital stimulation, estrus termination & sexual receptivity & brain 5-HT & 5-hydroxyindoleacetic acid levels, ovariectomized steroid-primed rats, 2802
colchicine vs anisomycin vs cycloheximide, lordosis induced by estradiol benzoate & progesterone, ovariectomized rats, 5225
cold exposure, hypothalamic tyrosine hydroxylase & metabolism of dopamine & 5-HT, 4 vs 18 vs 29 mo old rats, 5146
complete vs skeleton photoperiods, entrainment of circadian feeding & drinking rhythms, male rats, 12203
compound CSs & extinction of conditioned emotional responses, summation of undetected excitation, rats, 7240
compound stimulus preexposure & stimulus salience, latent inhibition & acquisition of conditioned suppression, male rats, 7251
concurrent interocular inversion of monocular discriminative stimulus, visual discrimination learning, albino vs hooded rats, 11952
conditioned heart rate deceleration & Kamin effect, restrained albino rats, 344
confined vs large living space & population density, territoriality & dominance structure, male albino rats from same litter, 12029
conflict paradigm using footshock punisher & water as reinforcer, evaluation of anxiolytics, 9271
constant darkness, entrainment of circadian drinking & activity rhythms to various period lengths & to skeleton photoperiods, male rats vs hamsters, 12208
context associations & signaled vs unsignaled UCS, interference effects, male rats, 2691
context extinction using conditioned emotional response, latent inhibition, male rats, 4990
continuous amphetamine vs caffeine & haloperidol vs pimozide, self biting, male rats, 3058
continuous vs partial reinforcement in discrimination learning, choice behavior during acquisition vs extinction, male rats, 5006
controllable vs uncontrollable shock following cocaine vs amphetamine, potentiation of stereotypy, rats, implications for role of stress & coping in amphetamine & cocaine & endogenous psychoses & schizophrenia, 9735
cortical distribution of phencyclidine receptors, rats, 7423
corticotropin-releasing factor & dynorphin-(1-8), evidence for multiple bioactive substances in single neurons, rat hypothalamus neurons, implications for neuroendocrine system mediation of stress responses, 5089
cost of food procurement, feeding frequency & meal size, wild vs domesticated rats, implications for generalizations from captive species, 11587
cross-immunoreactivity of brain alpha-bungarotoxin binding sites with peripheral anti-acetylcholine receptor poly- & monoclonal antibodies, rats, implications for hypothalamic mediation of ingestive behavior, 9654
crossed & uncrossed visual receptive field organization in dorsal lateral geniculate nucleus & comparison with higher mammals, male rats, 12121
CS-evoked representations of flavored substances, overshadowing & potentiation of conditioned taste aversions, rats, 2697
daily body energy balance, male rats, 503
deafferentation of medial basal hypothalamus, habituation & acquisition & retention & extinction in escape & avoidance & operant food conditioning, male rats, 12236
delta-sleep-inducing peptide & electrical stimulation, resistance to acute emotional stress, male rats, 9752
delta-9-tetrahydrocannabinol, EEG & EEG power spectra, female rats, 624
des-levotyrosine-gamma-endorphin, brain dopamine biosynthesis, rats, 680
destruction of raphe cell bodies vs cortical 5-HT neurons, 5-HT effect of LSD, rats, 546
development of auditory perceptual sharpening, 16–17 vs 19–20 day old rats, 7219
developmental patterns of heart period activity & respiration frequency, rat pups between birth & 24 days of age, 2684
dextro- &/vs levoaspartic acid, food & water intake & urine volume & feces weight & rectal temperature, male rats, 3048
dextroamphetamine, ad lib food & water intake, genetically obese female rats, 9836
dextroamphetamine, long term potentiation of dentate granule cells produced by perforant path stimulation, male rats, implications for neurobiological basis of memory, 2913
dextroamphetamine or phenylephrine stimulation of acoustic startle reflex & degree of alpha-1-adrenoceptor occupation measured by prazosin in lumbar spinal tissue, rats, 7348
dextroamphetamine vs levamphetamine, motor activity, male rats pretreated with pargyline vs parachlorophenylalanine vs alpha methylparatyrosine, 5220
diazepam & propranolol, ethanol withdrawal syndrome & urinary catecholamines, male rats, 9791
diazepam &/vs picrotoxin, hyponeophagia, rats, 693
diazepam vs midrazolam maleate vs flurazepam vs chlordiazepoxide vs convulsant benzodiazepine Ro5-3663, water intake & rate & duration of drinking, male rats, 629
diet adulteration with bitter tasting quinine sulfate vs quinine tannate vs sucrose octaacetate, food intake & body weight, male rats, 2682
diethylstilbestrol, masculine sex behavior & estrogen & androgen receptors, female rats, 5199
differential signal order reversal & extinction & punishment, multiple continuous escape-avoidance with vs without warning signal, male rats, 343
discriminant analysis of localization of electrodes in hypothalamus to induce fights, male rats, 7527
discrimination & generalization training to recognize time durations, application of bisection method of psychophysical scaling, male rats, 2705
distinctive vs nondistinctive environments, development of morphine tolerance, rats, implications for role of habituation & classical conditioning, 3045
dominance hierarchy formation, outdoor colony of domestic rats & progeny, 7278
dopamine & homovanillic acid & 3,4-dihydroxyphenylacetic acid content in retina in light vs dark environment & following haloperidol &/vs apomorphine treatment, male rats, 7359
dopamine & noradrenaline levels in prefrontal cortex vs nonprefrontal frontal lobe region, rats, 479
dopamine receptor agonist RDS-127, seminal emission & penile reflexes, spinally transected rats, 2940
dopaminergic properties of metoclopramide & its metabolites, rats, implications for neuroleptic receptor models, 9861
dorsal hippocampal lesions, primacy & recency serial position effects in radial arm maze task, rats, 7545
dorsal noradrenergic bundle lesions, plasma corticosterone levels & neophobia, male rats, 2982
dosage of angiotensin I converting enzyme inhibitor MK-421, isoproterenol induced drinking behavior, female rats, 7585
drug class, intracranial self stimulation response decrement pattern, male rats, 3019
duration of CS preexposure & interference effects, toxicosis learning, rats, 2714
duration of social-investigatory behavior, measure of conspecific recognition & social memory, male rats, 411
dynorphin, motor functions & EEG, male rats, 704
early handling & rearing in enriched vs group cages, muricide, male rats with left vs right neocortical ablations, 12183
early malnutrition, acquisition & maintenance of long term potentiation in hippocampus, adult rats, 9728
ECS, firing rates of catecholaminergic neurons in response to apomorphine, rats, implications for ECT for depression, 581
ECS vs antidepressants, beta-adrenergic & serotonin-2 receptor binding sites, male rats, 12192
efficacy & advantage of electrical brain stimulation as reinforcement in operant conditioning, rats, 2693
efficiency & reliability of refined methodology using dietary sodium deprivation & diuretics & sex differences, induction & measurement of salt appetite, rats, 572

electric footshock vs restraint stress, suppression of acquisition & maintenance of consumption of increasing concentrations of ethanol, male rats, 2932
electrical brain stimulation, extensiveness & time course of decay of long term potentiation in limbic forebrain pathways, male rats, 9766
electrical brain stimulation, short term postactivation potentiation & frequency facilitation in limbic forebrain pathways, male rats, implications for short term memory mechanisms, 9767
electrical stimulation of amygdala vs hippocampus following aversive 1-trial learning, memory modification, male rats, 9760
electrical stimulation of caudate nuclei & dentate nucleus lesions, prolongation of latencies of acoustically & visually signaled lateralized operant reaching, male rats, 7503
electrical stimulation of fastigial nucleus of cerebellum, regional cerebral blood flow secondary to vs independent of increased local cerebral metabolism, male rats, 7530
electrical stimulation of hypothalamus & nucleus locus ceruleus & dorsal & median raphe nuclei, acquisition & extinction of operant task, rats, 5172
electrical stimulation of mesostriatal dopamine system & gonadectomy & estrus cycle, rotational behavior, male vs female rats, 561
electrical stimulation of olfactory bulb, neuron responses in pyriform cortex, male rats, 7531
electrolytic lesion of medio-ventral septal area, polyuria & polydipsia & vasopressin levels, rats, implications for human neurogenic diabetes insipidus, 5174
electrolytic vs 6-hydroxydopamine lesions of median forebrain bundle vs medial vs dorsal raphe vs nucleus accumbens vs locus ceruleus, tremorine-induced tremor & rigidity, female rats, 585
EMG activity of masticatory muscles during licking water vs sucrose vs sodium solution, male rats, 492
emotional responsiveness to alcohol, attraction to alcohol, rats, 7564
emotionally stressful conditions, structure of adrenaline-synthesizing neurons in medulla oblongata, male rats, 7452
enriched vs isolated environment, dorsal hippocampus formation, male rats, 9676
enriched vs isolated rearing environments, maze performance, male rats, 7269
entromedial hypothalamic lesions, role of sensory vs postingestive properties of quinine on food intake, male rats, 9757
environmental enrichment & age, brain dimensions, male heterozygous vs homozygous Brattleboro rats, 2918
environmental enrichment, spontaneous alternation, rats with hippocampal lesions, 7556
EPs of sensorimotor cortex & caudate nucleus during mass alimentary-motivated training in males, rats, 7434
escapable vs inescapable shock, plasma prolactin level, male rats, 5171
escapable vs inescapable vs no shock, plasma prolactin levels, rats, 9770
estradiol, potentiation of haloperidol-induced vs handling-related catalepsy, male rats, 637
estradiol with vs without progesterone, sexual responsiveness, ovariectomized rats, 7597
estrogens & progestin, nerve cells & female sexual behavior, rats, 9844
ethanol & naloxone, serum hypothalamic-pituitary luteinizing hormone, rats, 7572
ethanol & tertiary-butanol, FR responding, male rats, 9869
ethanol dosage, interference with rewarded variability in selection of arms of radial maze, male rats, 3014
ethanol, glutamate & GABA levels in brain & CSF, rats, 5197
ethanolamine-O-sulfate, reversal of chronic eating, female rats, 3062
ethyl beta-carboline-3-carboxylate &/vs chlordiazepoxide, exploratory behavior & rearing, male rats, 7583
experimental model for testing R. Sheldrake's theory of formative causation in rats, 7223
exposure of group leader to novel artificially-flavored food, development of preference for that food, follower rats, 11956
exposure to fear conditioning context with vs without reinforcement, fear of CS, rats, 5009
exposure to shock-induced pain or distress of littermates vs nonfamiliar agemates, stress reactions, rats, 5040
exposure to toxic agents used in wildlife management, conditioned food avoidance, rats, 7595
exposure to 2,5-hexanedione, neurobehavioral deficits, female rats, 3090
familiar vs novel available diet & chronic lithium chloride, conditioned suppression of food intake & preference, rats, 9717
feeding habits & light onset change & energy deficits, dawn feeding, male rats, 2939
feeding schedules, circadian rhythms, male rats with suprachiasmatic nucleus lesions, 7553
FI food reinforcement vs meal of dry food vs water deprivation, drinking & other schedule-induced behaviors, rats, 9548
fixed & mixed & random ratio reinforcement schedules, rate of continuous responding, female rats, 9555
flavor preexposure amount & lithium-induced toxicosis & amount consumed, neophobia & aversion conditioning, male rats, 7232
food & water deprivation, day & night levels of dynorphin in hypothalamus & pituitary, male albino rats, 5086
food deprivation & FI food delivery schedule & light/dark cycle, iv self administration of acetaldehyde, male rats, 3059
food deprivation vs sucrose supplemented diet & footshock, plasma catecholamine & sodium levels & blood pressure & heart rate & plasma volume, male rats, 7511
food flavor variety, meal consumption, male rats, implications for etiology & control of obesity, 7324
food presentation & anticipation & elicitation, feeding behavior & schedule induced drinking, rats, 7264
food vs water deprivation, effectiveness of liquid vs solid reinforcers & signal centered behavior, rats, 322
forced work for food following nonwork vs work period, preference for work vs nonwork, rats, public welfare implications, 7246
FR numerical value & inter-reinforcement interval, postreinforcement pause, rats, 7253
GABA antagonist R-5135, epileptiform discharges & visual EPs & sedation & stereotyped behavior, rats pretreated with gamma-acetylenic GABA vs sodium valproate vs diazepam, 9839
GABA-transaminase inhibitor ethanolamine-O-sulfate, brain glucose uptake & food intake & activity level & sensorimotor function & tactual orienting & catalepsy & auditory startle habituation, male rats, 12307
gamma endorphins, prolactin secretion, rats, 7601
gamma-endorphin deficiency induced by antiserum injections into nucleus accumbens, hyperactivity & habituation & cognitive impairment, male rats, 7634
gamma-type endorphins injected into nucleus accumbens, apomorphine induced hypoactivity, male rats, 7633
gastrin releasing peptide, food intake, mildly food deprived male rats, 694
genetic selection for shuttle box avoidance learning, proportions of hippocampal syntactic fields, mice & rats, 7339
geomagnetic orienting in radial 8-arm maze, rats, literature review, 309
glucoprivic agent 2-deoxydextroglucose administration, dietary self selection, male rats, 3044
glycerol, food intake, male rats, 681
gradual increase vs decrease in ratio of partial reinforcement schedule, resistance to extinction, male rats, support for E. J. Capaldi's reinforcement level theory, 11947
growth of sympathohippocampal fibers following septohippocampal damage & associated behavior changes, female rats, 9773
gustatory deafferentation, food intake & body weight, male rats, 2975
H-Phe-Ile-Tyr-His-Ser-Tyr-Lys-OH, passive & active avoidance & open field activity, male rats, 3101
haloperidol & chlorpromazine & clozapine & sulpiride dosages, LSD-potentiated apomorphine hypermotility vs apomorphine-induced hypermotility, male rats, test of model to differentiate typical from atypical neuroleptics, 3057
haloperidol & propranolol & phentolamine & methysergide, retention impairment in spatial working memory & role of monoaminergic neurotransmitters, male rats, 3001
haloperidol, dopamine supersensitivity & brain iron metabolism, iron-deficient rats, 616
haloperidol vs fentanyl vs chlordiazepoxide, decrease in intracranial self stimulation & comparison with studies varying stimulation intensity, male rats, 9756
haloperidol vs 6-hydroxydopamine nucleus accumbens lesions vs apomorphine, dextroamphetamine-induced place preferences, male rats, 5164
haloperidol vs 6-hydroxydopamine, oral drug-taking behavior, rats dependent on etonitazene, 9818
heroin & ethanol & diazepam & cocaine, response to negative emotional stimuli & positive emotional reactions & self reinforcement, rats & cats, 9865
high dosage of luteinizing hormone releasing hormone, acquisition of conditioned avoidance response, intact vs castrated vs castrated-testosterone treated rats, 5228

high fat protein supplemented diets during breeding & gestation & lactation, reproduction & pup growth & maternal behavior, female rats, 2906
high vs low fat diet vs obesity, brown adipose tissue respiration rate, female rats, 2917
hippocampal damage, spatial localization abilities in escape task, male rats, 9786
hippocampal norepinephrine depletion, response of perforant pathway during electrical stimulation in slow wave sleep & while alert, male rats, 7491
hippocampal stimulation during delayed spatial matching-to-sample training, long- vs short-term retention, male rats, 2947
histamine antagonists, attenuation of food-related drinking & vagal stimulation-induced gastric histamine release, male rats, 9731
histidine & chloropyramine vs ketotifen fumarate vs clemastine vs promethazine vs cimetidine vs atropine vs antagonists of dopamine vs noradrenaline vs serotonin, bizarre behavior, male rats, 677
home nest odor & subsequent footshock & age differences & retention intervals, conditioned aversion to odor, 12 vs 16 day old rat pups, 4994
hours of food deprivation, maze & discrimination learning, rats, 5004
hypokalemia & membrane resting potentials & CSF & plasma potassium levels & role of vasopressin in avoidance behavior, Brattleboro diabetes insipidus vs Long Evans rats, 2805
hypophysectomy, conditioned taste aversion following lithium chloride vs ionizing radiation, rats, 12235
hypothalamic chlorpromazine vs chlordiazepoxide vs tricyclic antidepressants vs atropine vs norepinephrine vs serotonin, antimuricide & catalepsy & cortical EEG, male rats, 12273
hypothalamic distributions of cholinergic & adrenergic systems having pituitary-adrenal control functions, male rats, 7430
hypothalamic injection of levorphanol vs dextrorphan vs codeine vs ketocyclazocine vs phencyclidine, food intake, male rats, 3095
hypothalamic lesions, lordosis, female rats, 5180
hypothalamic peptides, inhibition of buprenorphine induced tolerance, male rats, 7563
hypothermia, Q10 of auditory brain stem responses, rats, 2945
hypoxia induced by pure nitrogen vs nitrogen-oxygen, transient amnesia with vs without seizures, male rats, 2915
hysterectomy, sexual receptivity & food intake & running wheel activity & lordosis & hypothalamic estrogen & progestin receptors, rats, 607
icv arginine vasopressin fragments vs oxytocin vs oxytocin fragments, pressor response & bradycardia induced by electrical stimulation of mesencephalic reticular formation, male rats, 5251
icv capsaicin, reduction of cold water swim- & footshock- & 2-deoxydextroglucose-induced stress, male rats, 3006
icv GABA agonist 4,5,6,7-tetrahydroisoxazolo-(5,4-c)-pyridin-5-ol, enhancement of mouse-killing & reversal by bicuculline, male rats, 12258
icv neurotensin & morphine, attenuation of thyrotropin-releasing hormone-induced wet-dog shakes, male rats, 9805
icv neurotensin, suppression of norepinephrine- vs insulin- vs muscimol- vs dynorphin- vs starvation-induced feeding, intact vs vagotomized male rats, 2926
icv quinolinic acid vs d,l-kinurenine sulfate vs kynurenic acid vs niacin vs niacinamide vs excitatory vs inhibitory amino acids vs strychnine vs pentylenetetrazol, excitation & seizures & convulsions, rats vs mice, 5237
icv stress-related corticotropin-releasing factor, suppression of feeding induced by various drugs, male rats, 12294
icv 1,2,3,4-tetrahydro-beta-carboline vs 1-methyl-1,2,3,4-tetrahydro-beta-carboline, alcohol intake & blood alcohol levels, male rats, 3097
imipramine vs amitriptyline vs doxepin vs amphetamine vs chlorpromazine vs caffeine vs diazepam, transition from FR to FI schedule, male rats, 9819
imipramine with vs without physostigmine vs platform size, reversal of memory disruption caused by REM sleep deprivation, male rats, 2921
immobilization stress & adrenalectomy & hydrocortisone, heparin clearance, rats, 5158
immobilization stress, pain sensitivity & responsivity in 2-choice 2-shock discrimination task performance, male rats, 2919
in utero contiguity to male littermates, onset of testosterone propionate-induced sterility, female rats, 506
in utero injection of met-enkephalin & learned taste/odor aversion at fetal day 20, odor aversion, 16 day old rats, 7625
in vitro electrical stimulation of corpus callosum, cingulate cortex cell responses & analysis of synaptic termination of callosal afferents with layer V neurons, male rats, 5173
in-utero exposure to odor stimulus paired with lithium chloride, conditioned aversion to odor, 10 day old rats, 347
increase of fatty acids through heparinoid injections, intake of high-fat vs high-carbohydrate diet, male rats, 5216
inescapable shock & hypophysectomy & dexamethasone, long term analgesia & shuttlebox escape deficit, male albino rats, 555
inferior colliculus lesions, auditory brain stem responses, rats, 9777
injection of RNA from brain & liver of operantly-trained rats, interanimal memory transfer for operant task, rats, 12280
injection of RNA from brain & liver of operantly-trained rats, interanimal operant task transfer, rats, 12281
injections of 5-hydroxy-N-acetyltryptophan vs 5-hydroxytryptophan, behavior, male rats, 5195
intensity & duration of hindlimb electrical stimulation & spinal cord transection, spinal reflex, rats, 2941
intermittent vs continuous milk delivery, sucking & nipple attachment, rat pups, 2721
internal inhibition of conditioned activity during space flight, rats, 12175
interreinforcement interval & cycle length of random-interval schedules, response rate & effects of amphetamine on control rate of responding, male rats, 9837
intra-raphe chlordiazepoxide vs flurazepam vs midazolam vs bicuculline doses with vs without muscimol, locomotor activity, male rats, 12312
intracerebral neurotensin as reinforcer in conditioned place preference, rats, 9822
intracerebral quinolinic acid, axon-sparing brain lesions, rats, 5243
intragastric ethanol, oral ethanol intake, male rats, 3054
intragastric ethanol solution concentration, ethanol blood level & urinary excretion, rats, implications for voluntary intake in humans, 12260
intraperitoneal preloads of water vs isotonic saline, suppression of schedule-induced polydipsia, rats, 560
intrastriatal dopamine injection, mapping of striatal efferent system by glucose utilization in striatum & projection nuclei & rotation, male rats, 9798
intrathecal substance P analog, nociceptive thresholds & motor function, male rats, 9853
iontophoretic application of 5-HT to nucleus raphe magnus, nociceptive thresholds & neuronal firing rate, rats, 5219
ip atropine methyl nitrate & diet palatability, sham feeding & drinking, male rats, 3105
ip haloperidol in dark vs illuminated context, role of classical conditioning vs brain dopamine binding changes in development of drug tolerance, 678
ip injections of antibodies to pancreatic glucagon, increase in meal size & duration, male rats, 659
ip vs icv vs iv thyrotropin releasing hormone vs its analog DN-1417, pentobarbital-induced sleep, male rats pretreated with icv vs intrahypothalamic atropine methyl bromide, 3056
ip vs intragastric methylphenidate, milk intake, male rats, 644
iv & icv crinia-angiotensin II vs angiotensin II, water intake & hypertension, pigeons & male rats, 3008
iv cholecystokinin, behavior change & dopamine & serotonin turnover, male rats, 3100
iv noradrenaline & dopamine, food intake, male rats with lateral hypothalamic lesions, 9754
iv vs icv amphetamine administration, conditioned taste aversion, male rats, 2696
kainate & 6-hydroxydopamine & 5,7-dihydroxytryptamine brain lesions, turning behavior, male rats, implications for role of mesencephalic reticular formation & noradrenergic & serotonergic & dopaminergic projections, 12201
kainic acid vs 6-hydroxydopamine induced lesions of ventrolateral vs anteromedial neostriatum, DRL performance & body weight, male rats, 587
knife cuts between amygdala & temporal cortex vs amygdala lesions, neophobia & conditioned taste aversion, rats, 7544
L-tryptophan, catecholamines & sleep, cats & rats, implications for possible unsuitability of normal animals due to short latency of slowwave sleep, literature review, 679
laminar distribution & morphology of various functionally-identified cell classes in visual area 17 cortex, rats, 9661
large vs small lesions of substantia nigra with vs without lesions of medial preoptic area, maternal behavior, rats, 2986

lateral midbrain tegmentum lesions, sexual behavior & lactation, rats, 592
lateral peristriate vs striate neocortical lesions, reacquisition of visual discriminations, male rats, 596
lateralization of extrapolation reflex, rats, 7354
lead vs succinylacetone, porphyrin metabolism & neurochemistry & behavior, rats, 12317
learned helplessness &/vs imipramine, neurochemical changes in serotonin & GABA release in neocortex & hippocampus & septum, male rats, 5245
lesions of cholinergic forebrain nuclei, acquisition of avoidance CRs & effects of scopolamine hydrobromide on acetylcholine output, male rats, 595
lesions of dopaminergic nigrostriatal bundle, apomorphine-induced cerebral blood flow changes, male rats, 12191
lesions of dorsal vs ventral aspects of rostral cortex, food & water intake & body weight, female rats, 5175
lesions of medial frontal cortex vs dorsomedial thalamic nucleus, spatial localization abilty, male rats, 2977
lesions of medial hypothalamus vs accumbens nucleus, mouse killing behavior, male rats, 2962
lesions of medial pontine reticular formation, apomorphine- & amphetamine-induced stereotyped head movements & turning, rats, 9749
lesions of medial vs orbital frontal vs parietal cortex, spatial localization, rats, 2979
lesions of sexually dimorphic nucleus of preoptic area, sexual behavior, male rats, 7541
lesions of ventral tegmental area with 6-hydroxydopamine, cocaine self administration, male rats, 601
lesions of ventral tegmentum vs substantia nigra pars compacta, dopamine loss in nucleus accumbens-olfactory tubercle & striatum & motor activity & drug induced locomotion, male rats, 12180
lesions of visual cortex vs superior colliculus, radial maze learning & retention, male rats, 12229
lesions to nucleus accumbens & apomorphine, intracranial self stimulation, male rats, 563
levo amino acids, evoked responses of chorda tympani fibers & generalization in conditioned taste aversion paradigm, rats, 5085
levo-amino acids, neural thresholds & chorda tympani nerve responses & preferences, male rats, 5084
levoglutamate microinjection into nucleus reticularis paragigantocellularis & raphe magnus nucleus, analgesia & inhibition by phentolamine & phenoxybenzamine & methysergide, male rats, 9855
levotryptophan or 5-HTP with vs without inescapable shock & methysergide, escape behavior, male rats, implications for role of serotonergic system in learned helplessness, 623
life-threatening event vs familiar environment, hypothermia-induced retrograde amnesia, male rats, 2937
light vs auditory stimulation during suckling period, milk ejection, pinealectomized lactating rats, 599
light-dark shift stress, cellular immune response & serum corticosterone & plasma-free fatty acids & blood glucose & peripheral leucocytes & adrenal gland & spleen weight, female rats, 2923
lithium & exposure to aversive odor & poisoned partner, water intake & transfer of odor aversion, male rats, 4991
lithium carbonate, platelet serotonin uptake, male rats, implications for treatment of manic depression, 9793
lithium, rubidium concentration, male guinea pigs & rats, 5217
lithium treatment & withdrawal, noradrenaline uptake into synaptosomes, male rats, 5181
lithium, 24 hr variations in plasma & red blood cell lithium & drinking behavior & body & kidney weight & corticosterone levels, male rats, 5244
litter size & crowding, reversal shift learning & retention, rats, 4999
liver denervation, feeding & water consumption induced by insulin & hyperglycemic metabolic & hypertonic saline challenges, male rats, implications for role of liver glucoreceptors & osmotic receptors, 12178
location & concentration of drug solution, etonitazene consumption, female rats, 647
locus of noxious stimulation in midbrain, location of somatic stimulation-produced analgesia, male rats, 580
long term apomorphine, sensitivity to apomorphine of dopaminergic substantia nigra vs neostriatal neurons, male rats, 682
low level neonatal lead exposure & scopolamine, visual acuity & quinuclidinyl benzilate binding in retina & central visual system, rats, 12267
LSD vs 2,5-dimethoxy-4-methylamphetamine vs dimethyltryptamine vs mescaline, pausing during FR-40 operant procedure & agonistic effect at central 5-HT receptors, rats, 683
luteinizing hormone response to progesterone & estrogen responsiveness of progestin receptor induction in pituitary gland & preoptic-hypothalamic brain & uterus, neonatally estrogenized female rats, 5206
lysergic acid diethylamide into lateral brain ventricles & mesencephalic reticular formation, development of model psychosis, rats, 658
lysine vasopressin dose, inhibition avoidance response, rats, 632
lysine vasopressin vs oxytocin, ACTH & corticosterone response to sound stress, female diabetes insipidus vs spontaneously hypertensive rats, 2927
magnitude of reward, running speed in operant conditioning tasks, male rats, 4997
Markov process entropy, analysis of exploratory open field behavior, rats, 12069
maternal deprivation & refeeding, blood pressure, 12–14 day old rats, 12204
mating, food intake & body weight, intact vs orchiectomized & testosterone treated vs untreated male rats, 569
meal feeding vs free feeding schedule & subsequent blindness vs suprachiasmatic nucleus lesions, water intake, male rats, 7550
measures of limbic & sensory system integrity, assessment of trimethyltin-induced dysfunction, rats, 12261
mechanisms in antimanic action of lithium, rats, literature review, 12247
angiotensin & extracellular dehydration, drinking, male rats with area postrema lesions, 588
medial amygdaloid lesions, initiation & maintenance of muricide following olfactory bulb lesions, male rats, 603
medial preoptic hypothalamus anterior lesions, aggressive & sexual & mouse-killing behavior, male rats, 2966
medial septal lesions, function recovery as measured by radial arm maze performance & role of sympathetic sprouting vs residual hippocampal fibers, rats, 9774
medial vs lateral amygdala lesions, motor activity, rats, 12232
melatonin, free-running activity circadian rhythms, male rats, 9850
mesencephalic central grey beta-endorphin, regulation of lordosis by way of luteinizing hormone releasing hormone modulation, female rats, 9612
met- & leu-enkephalin, avoidance conditioning, adrenal-demedullated male rats, 556
metatyrosine & pargyline vs saline pretreatment, behavior & neurochemistry, male rats, 5201
metergoline & naloxone, cyclazocine induced disruption of operant responses, male rats, implications for opioid & serotonergic bases of cyclazocine action, 3035
methyl bromide, norepinephrine & dopamine & serotonin & acetylcholine & cyclic adenosine & guanosine monophosphate in brain, male rats, 3039
methylmercury intoxication, appetite loss & body weight & preference for dimercaptosuccinic acid antidote, rats, 12296
methylphenidate, decrease in motor cortex & increase in subcortical & cerebellar & thalamic & reticular formation glucose metabolism, male rats, implications for pharmacological action in attention deficit disorders, 3938
methylphenidate, treadmill endurance & muscle contractions & nerve-muscle endplate & resting membrane potentials & acetylcholine release, male rats, 7623
methysergide, effect of beta-phenylethylamine on food-reinforced schedule maintained behavior, rats, 5207
microiontophoretically applied glutamate & acetylcholine as analogs of CS & UCS to sensorimotor cortex micropool of neurons, associative properties of CRs, rats, 9834
midbrain & habenula implants of progesterone, sexual receptivity, female rats, 696
monomethyltin trichloride & trimethyltin chloride exposure, learning deficiencies, rat pups, 3063
monosodium glutamate & ether stress, prolactin release, male rats, 7610
morphine & icv 6-hydroxydopamine lesions of limbic vs caudate areas, unit activity in noradrenergically innervated limbic areas, male rats, 9723
morphine & lithium & ion chelators, explosive motor behavior, male rats, 5189
morphine & naltrexone & diazepam, suppression of drinking & saccharin solution intake, male rats, 9804

morphine & naltrexone, reduction of alcohol drinking, rats treated at birth with tetrahydroisoquinoline vs protoberberine compounds, 9806
morphine & phenobarbital vs chloral hydrate anesthesia, globus pallidus unit activity, rats, 9840
morphine, body weight & dependence development & protein synthesis in pons-medulla & striatum-septum, male rats, 9851
morphine microinjection into spinal trigeminal complex, threshold for aversive reaction, rats, 9854
morphine, reward facilitation for shuttlebox self stimulation of various brain sites at threshold vs suprathreshold current levels, rats, 9765
morphine sulfate vs haloperidol vs arecoline vs GABA vs etonitazene vs beta endorphin, posture & activity & catalepsy vs reflexive responses & analgesia & body temperature, male rats, 3079
morphine sulfate vs lactose & beta-endorphin infusion, locomotor response & switch from hyporesponsiveness to hyperresponsiveness, male rats, model for onset of depression & mania in bipolar affective disorder, 691
morphine tolerance & dosage, analgesia in tail flick & formalin tests, rats, 2997
morphine-admixed food, physical dependence on & tolerance to morphine, male rats, 9862
Morris water task, latent spatial learning, male rats, implications for neurological bases of spatial representations & usage, 11960
mother &/vs milk as reinforcers, learning & retention of T-maze spatial discrimination task, preweanling rats, 9563
muscimol injections into dorsal vs median raphe nucleus & chlordiazepoxide vs bicucylline vs destruction of ventral tegmental nuclei vs forebrain 5-HT depletion, hyperactivity, male rats, 689
muscimol vs picrotoxin vs naloxone, chlordiazepoxide-induced ataxia, rats, 3020
naloxone & fluid deprivation & open gastric fistulas, sugar/water preference & intake, male rats, 2938
naloxone & naltrexone & deprenorphine & levallorphan, memory, rats, 5204
naloxone & naltrexone vs morphine & enkephalin analog, intake of palatable sodium saccharin solution vs water, thirsty male rats, implications for endogenous opioid mechanisms underlying taste incentives, 12255
naloxone, escape thresholds for electrical stimulation of mesencephalic reticular formation, male rats, implications for pain modulation, 9746
naloxone, feeding induced by hypothalamic stimulation, male rats, 7569
naloxone, food & water consumption, vagotomized male rats, 7561
naloxone, liquid & solid sucrose intake, vagotomized male rats, 541
naloxone, play fighting, juvenile rats, 618
naloxone, reversal of concurrent morphine disruption of maternal behavior, rats, 7566
naloxone vs diprenorphine dosage levels, shock-induced defensive behavior & escape/avoidance behavior, male rats, 5240
naloxone vs naltrexone, food intake, preweanling rats, 614
negative reinforcement for shock-induced aggression, resident-intruder agonistic response, rats, 2689
neocortex decortication with vs without hippocampal removal, copulation, sexually experienced vs naive male rats, 9790
neonatal & adult hemidecortication vs removal of frontal cortex, behavioral sparing & morphogenesis of remaining cortex, rats, 2978
neonatal & pubertal testosterone injection, sexual differentiation of open field behavior & head-dipping, male vs female rats, 12321
neonatal exposure to medroxyprogesterone, subsequent development of play behavior, male vs female rats, 12246
neostriatal dopamine depletion & reinnervation by grafting of embryonic substantia nigra vs isotopic cortex, striatal intracranial self stimulation, female rats, 5152
nephrectomy vs food deprivation, spontaneous & angiotensin induced drinking, male rats, 7492
nerve growth factor, temporary facilitation of recovery from lesions of entorhinal cortex, male rats, 9751
neuroleptic drugs, antagonism of GABA functions in spinal primary afferents & interneurons & motoneurons, rats, implications for antipsychotic actions, 12240
neuron loss & change in synaptic endings & accumulation of age pigment in medial nucleus of trapezoid body, 2–3 vs 6 vs 18 vs 24 mo old male rats, 5062
neuropeptide memory modulators, retrograde & anterograde amnesia & learning before vs after electric shock, rats, 9738
neurotensin & related peptides, hypothermia & pain sensitivity, mice & rats, 9801
neurotensin injection into paraventricular hypothalamus, suppression of food intake, rats, 9860
neurotensin, open field & active & passive avoidance & footshock sensitivity & amphetamine induced locomotor activity, male rats, 9866
neurotensin, role of autonomic adrenergic mechanisms in modulation of stress induced gastric ulcer, rats, 9742
neurotoxic effects of manganese, humans & rats, 12276
neurotoxin triethyl lead chloride, activity & tailflick latency & avoidance task, male rats, 12325
nicotine, food consumption & weight, rats, 12299
nicotine/tobacco smoking, food consumption & taste preferences, male rats & 18–36 yr old smokers, 9824
nigrostriatal lesions with vs without dopamine depletion, dopamine agonist-induced rotational behavior, female rats, 9821
noise intensity, visual recognition, intact vs callosectomized rats, 7555
noradrenergic drugs & opiates, wet shake behavior, male rats, 3000
norepinephrine &/vs electrical brain stimulation, food intake, male rats, 12187
norepinephrine synthesis inhibitor diethyldithiocarbamate vs ethacrinic acid, retention of memory & delayed amnesia & brain norepinephrine levels, male rats, 3023
nucleic acid metabolism in spleen & liver, rats flown on Cosmos-1129, 550
nucleus accumbens septum lesions via 6-hydroxydopamine, operant schedule-induced drinking & motor activity & plasma corticosterone, male rats, 2995
nucleus raphe magnus lesions, disruption of dorsal vs ventral medial midbrain stimulation-elicited analgesia, male rats, 9743
number of brain receptors for estrogens vs progestins, male vs female rats, 5087
nutritive & suckling deprivation & gastrointestinal fill & milk availability, sucking & milk intake, rat pups, 2722
object content of environment, mental development, rats, 9582
odor-taste vs taste-taste pairing before aversive stimulation, strength of aversion to target taste vs odor, female rats, 4992
open field emotional reactivity & alcohol intake, Maudsley Reactive vs Nonreactive vs RCA rats, 422
operant learning, differential brain incorporation of sc injected methionine, male rats, 12078
opiate antagonist naloxazone, morphine & cold water swim analgesia, male rats, 3047
opiate antagonists vs mu- vs kappa-receptor antagonists, intake of sweetened condensed milk, rats & squirrel monkeys, 3053
orally administered GABA-analog, anorexia, rats, 621
organ of Corti morphology, genetically epilepsy prone female rats susceptible to audiogenic seizures, 9609
organophosphate pesticides, open field activity & rotorod performance & conditioned escape & nerve conduction velocity & blood & brain cholinesterase levels, rats, 12293
osmotic vs hypovolemic thirst stimulus & chlordiazepoxide & naltrexone, water intake, male rats, 630
ovarian hormone injections, initiation of sexual contact with physically-restrained male & sexual motivation, female rats, 12263
palatable food reward, hypothalamic opiate binding & concentrations of beta-endorphin vs dynorphin, male rats, 12084
parachlorophenylalanine, mediation of cancer anorexia, female rats, 627
parachlorophenylalanine, shock-induced aggression & pressing responses, male rats, 692
parachlorophenylalanine-induced depletion of 5-HT levels, depression of self stimulation, male rats, 3031
parachlorophenylalanine-induced 5-HT depletion & sound level, defecation & ambulation in open field, rats, 5209
pargyline & parachlorophenylalanine, accumulation of parachlorophenylethylamine in brain, male rats, 5185
pargyline vs tranylcypromine vs nialamide, regulation of food & water intake & body weight, male rats, 3108
partial destruction of superior colliculus, reduction of dextroamphetamine & methylphenidate & ambient noise facilitation of locomotor activity, male rats, 12231
passive avoidance behavior, arginine-vasopressin levels in hypothalamic & extrahypothalamic nuclei, male rats, implications for memory, 9644
pentylenetetrazol vs amphetamine vs strychnine vs bicuculline, discrimination & generalization between chlordiazepoxide & triazolopyridazine CL218,872, male rats, 3055
percentage of studies using rats as subjects published in Journal of Comparative & Physiological Psychology, 1969–81, 4980

perinatal glucocorticoid administration, body & brain weights & spatial learning task acquisition, male rats, 635
perinatal malnutrition, ambulation & rearing & defecation & corticosterone response to novel stimuli, adult rats, 5168
perioral anesthesia vs infraorbital vs facial nerve sectioning, pups, lactating rats, 9730
peripheral & icv glucose & insulin, peripheral & CSF glucose & insulin levels, male rats, 7612
peripheral pimozide vs nucleus accumbens alpha-flupenthixol, lateral hypothalamic self stimulation using reward summation function technique, male rats, 12320
pharmacological manipulation of GABA receptor activity, modulation of ethanol-induced motor impairment, male rats, 646
phenazepam & REM sleep deprivation, sulfhydryl-group content of homogenates of brain stem, rats, 7505
phencyclidine, active avoidance learning & radial arm maze performance, male rats, 12287
phencyclidine, pyramidal cell discharges on hippocampus, rats, 3091
phenelzine, biphasic behavioral stimulation, male rats, 5200
phenotype for selectively bred sensitivity to locomotor depressant effect of ethanol & relation to ethanol induced impairment of swimming, rats, 9592
physiological stress, cyclic adenosine & guanosine monophosphate in pituitary & pineal body & other brain regions, male rats, 549
physiological stress, ir-dynorphin levels in cortex & hypothalamus, rats, implications for physiological role of dynorphin in appetite & temperature regulation, 7502
physostigmine & transplantation of embryonic septal nuclei to hippocampal formation, functional recovery & connectivity development, female rats with hippocampal lesions, 554
pimozide, effect of priming medial forebrain bundle stimulation on runway performance & reward preference, male rats, 3103
pimozide, leverpress vs wheel running responses for brain stimulation reinforcement, male rats, 9715
pimozide, runway & Skinner box performance rewarded with electrical stimulation of medial forebrain bundle in hypothalamus, male rats, 3025
pimozide, secondary reinforcement in sign tracking & place preference tests, male rats, implications for dopamine mediation of reward processes, 3096
pimozide vs clozapine vs fluphenazine & no retraining before extinction, response rate & duration, male rats, 643
pimozide vs domperidone pretreatment, hypothermia induced by apomorphine vs dopamine receptor agonist RDS-127, rats, 5184
pimozide vs haloperidol vs 6-hydroxydopamine nucleus accumbens lesions, cocaine- vs procaine-induced place preference conditioning, male rats, 5165
pimozide, 2-deoxyglucose autoradiographic analysis of neural system activated by rewarding stimulation of medial forebrain bundle, rats, 3030
plasma fat metabolites, appetite, male rats, 5196
pontine taste area neuronal collateral projections to posterior ventromedial thalamic & geniculate nucleus, rats, extension of K. Voshar & D. Van der Kooy's results, 7398
porcine hypothalamus peptides vs ACTH, morphine induced analgesia, male rats, 7627
post ingestive vs oral influences of glucose or sucrose solution, satiety, male rats, 7462
post-hypoxic hyperoxia, prevention of amnesia induced by hypoxia, male rats, 2916
postconditioning devaluation of sucrose reinforcer using aversion conditioning, extinction performance following VR vs VI operant schedules, male rats, 11941
postictal locomotor activity following recovery from seizures in different epilepsy models, male rats, 544
postnatal severe anoxia, motor activity, rats, implications for biochemical & pharmacological basis of hyperactivity, 12207
postpartum pheromonal emission attractive to young, hepatic prolactin level & binding capacity, lactating female rats, 2866
posttraining lysine vasopressin & response prevention, avoidance responses during extinction, male rats, 12272
pre- & postnatal malnutrition, body weight & sexual development & behavior & blood sugar levels, rats, 2930
prednisolone, water intake & nocioception & locomotion & grasping responses & body weight, male rats, 3087
preference for mixed vs constant delays of reinforcement, male albino rats, 9559
prefontal system kainic acid lesions, prefrontal system activation patterns, male rats, 9776
pregnancy & lactation, reactivity to nest odors, female rats, 7456
pregnancy, ethanol preference, rats, 2764
prenatal & neonatal administration of cimetidine, hypoandrogenization in adult life & development of androgen-dependent tissues & testosterone, male rats, 610
prenatal alcohol exposure, acquisition of avoidance conditioning, rats, 3076
prenatal environmental vs ACTH stress, androstenedione, pregnant female & fetal rats, 570
prenatal ethanol exposure, neuromotor development & response inhibition, rats, 3026
prenatal ethanol exposure, plasma corticoid stress response, rats, 3104
prenatal exposure to alcohol, T maze performance, 1 mo old rats, 7621
prenatal exposure to cigarette smoke & nicotine, development & avoidance acquisition, rats, 3003
prenatal exposure to levo-acetylmethadol, unconditioned & conditioned behavior, rats, 3052
prenatal morphine exposure schedule, behavioral responses to morphine, adult rats, 3046
prenatal nicotine, biological changes in male vs female offspring, rats, 675
prenatal stress, 5-HT & 5-hydroxyindoleacetic acid & norepinephrine levels in brain regions & plasma corticosterone levels, rats, 2934
prenatal taste/odor stimulation, taste preferences & pituitary/adrenal activity, rat pups, 7320
preoperative dieting & 2-deoxydextroglucose, feeding behavior, rats with area postrema lesions, 584
presence of conspecific, simultaneous & subsequent observational acquisition of bar press, male rats, 7245
presence of intact vs castrated vs ovariectomized juveniles, aggressive interactions, adult male rats, 2993
presentation alone of tone previously paired with aversive stimulus, mediation strength in extinction, rats, 5002
presentation of aversive taste vs medial forebrain bundle rewarding stimulation as CS, unit activity in gustatory cortex & amygdala & hypothalamus, rats with conditioned taste avoidance, 9625
pretectum & thalamus lesions, spatial contrast sensitivity, male rats, 9780
pretest cueing in training vs irrelevant contest, retention of active avoidance response, male rats, 354
pretraining ECS vs cycloheximide, amnesia of passive avoidance conditioning induced by cycloheximide vs ECS, male rats, 7496
pretreatment with colchicine, distribution of dynorphin in CNS, rats, implications for regulation of sensory functions & motor activity, 7600
preweaning undernutrition & postweaning environmental enrichment, growth & sexual maturation & behavior & brain weight, female vs male rats, 9753
preweanling severe zinc deficiency &/vs undernutrition, memory maze learning deficits, adult rats, 12186
primary vs secondary CS-UCS interval in 2-presentation conditioning, flavor aversion, male rats, 5005
prior conditioning to 1 component of compound CS & trace interval between compounds of CS, blocking effect in conditioned suppression, male rats, 11940
prior maze learning for opportunity to gnaw wood, preference for goalbox containing water vs food vs wood for gnawing following tailpinch applied in maze vs goalbox, female rats, 11945
prior pentobarbital-lithium chloride pairings, pentobarbital-induced hypothermia, male rats, 3093
probabilistic characteristics, extinction of orienting-investigating behavior, rats, 7304
procedural differences between laboratories, discrepancies in open field defecation scores, Maudsley reactive vs nonreactive rat strains, 9262
proglumide, blockade of cholecystokinin's excitatory effects on midbrain dopaminergic neurons & dopamine-sensitive prefrontal cortex cells, male rats, 12253
prolactin microinfusions into dorsal midbrain, lordosis, estrogen-treated ovariectomized rats, 12188
prolonged intermittent vs brief continuous footshock, stress analgesia & tolerance & mediation by opioid vs nonopioid pain-inhibitory substrates, rats, 7538
prostaglandin, termination of pregnancy & maternal behavior & sexual receptivity, female rats, 687
protein malnutrition, copulatory behavior, 95–325 day old male rats, 5154
protein vs carbohydrate premeal, subsequent protein vs carbohydrate food selection, male weanling rats, 552

psychopharmacological & behavioral characteristics, periadolescent rats, literature review, 9543
quaternary form of naloxone, fluid consumption, male rats, 3034
quinoline derivatives alone vs with chlordiazepoxide, anxiogenic & anxiolytic effects in social interaction, rats, 9813
recovery from dietary vs protamine zinc insulin induced obesity, food intake & plasma fat metabolites, male rats, 5149
reinforcement of inhibition, male rats, 9545
REM sleep deprivation, acquisition of conditioned feeding suppression, male rats, 5166
REM sleep deprivation induced by daily preweanling clonidine, brain growth in enriched vs standard environment, male rats, 12198
repeated exposure to UCS, retention & acquisition of conditioned suppression, male rats, 11957
repetitive electrical stimulation of cochlear nucleus vs reticular formation, elicitation & sensitization & habituation of startle-like responses & role of motor vs sensory reflex arcs, male rats, 574
reproductive behavior & physiology, female offspring of prenatally stressed vs normally handled female rats, 9714
reproductive state of female, sexual motivation, male rats, 9694
response preconditioning, instrumental responding, male rats, 2708
reward correlation with response vs light following leverpress, stimulus-response overshadowing under VI vs VR schedules, female rats, 11961
role of catecholamines in intracranial self stimulation, rats, literature review, 7509
role of limbic mechanisms & cortical reward areas in reinforcement in associative learning, rats, 7382
role of mesolimbic dopamine system, feeding response evoked by medial forebrain bundle electrical stimulation, male rats, 5162
role of peripeduncular-hypothalamic pathways, lordosis, female rats, 5079
role of training dose, generalization gradient for cocaine in cocaine-saline discrimination, male rats, 7573
role of vasopressin & ACTH in hyperalgesia & analgesia deficits, homozygous Brattleboro vs normal rats, 3005
role of vasopressin in brain growth, Brattleboro diabetes insipidus rats, 2798
rotation as aversion induction stimulus, taste aversion, rats selectively bred as strong vs weak learners of cyclophosphamide-induced saccharin aversion, 11943
rotation sensing device, monitoring of drug induced stereotypic behavior, male rats, 4663
rubidium &/vs haloperidol, spiperone binding, rats, 7560
saccharin preference, male vs female rats of lines differing in self stimulation tendencies, 7334
saline vs physostigmine injection, defensive burying conditioning & retention, male rats, 634
satiety, positive reinforcement of actually fed vs sham-fed food, rats, 7325
sc & icv arginine vasopressin, alteration of sexual behavior independent of blood pressure effects, female rats, 9859
sc implantable buprenorphine delivery system, male rats, 11609
sc vs ip apomorphine, yawning, male rats, 9864
schedule-induced alcohol solution consumption, blood alcohol levels, rats, 5003
schedule-induced polydipsia & autoshaped leverpressing as substitutes for eating, rats, 7230
self administration of morphine, localization of reward-relevant opiate receptors in ventral tegmental area, male rats, 7565
sensitivity to effects of diisopropyl fluorophosphate, S13–S16 generations of Flinders S-line Sprague-Dawley rats, 421
sensory preconditioning & blocking, tolerance to morphine analgesia, male rats, test of Pavlovian conditioning model of drug tolerance, 12257
separate vs compound odor & flavor CS, CS potentiation/attenuation in toxiphobia aversion conditioning, male rats, 11964
septal grafts following fimbria-fornix lesions, maze learning, female rats, 586
septal vs suprachiasmatic vs ventromedial hypothalamic lesions, anticipatory activities preceding food delivery under restricted feeding schedule, male rats, 593
serotonin depletion by 5,7-dihydroxytryptamine or parachloroamphetamine, onset & severity of anorectic response to cancer, immature female rats, 3011
serotonin reduction by tryptophan-free diet & parachloroamphetamine, inhibition of muricidal behavior by imipramine vs desmethylimipramine vs amitriptyline, male rats, 3018
sex & age differences & rearing experience, preferences for nest odors from lactating vs nonlactating rats, pre- vs post-weanling rats, 359
sex & dosage & administration methods of copper sulfate & cyclophosphamide & lithium chloride & sodium chloride & red squill & deionized water, conditioned taste aversion, rice rats, 7620
sex & genetic differences, tolerance to anticholinesterase di-isopropyl-fluorophosphonate effects on body temperature & operant responses, rats of Flinder-resistant vs Flinder-sensitive lines, 7616
sex differences & male castration & testosterone & agonistic experience, aggressive behavior, rats, 566
sex differences, heterosexual aggression, rat strains, 5035
sex differences, pharmacokinetics of ethanol & acetaldehyde, alcoholized vs normal rats, 611
sex of strange vs familiar cage mates & strange vs familiar cage bedding, huddling, rat pups, 367
shock intensity, activity burst & subsequent freezing, female rats, 7521
short vs long term retention in spontaneous alternation vs step-down inhibitory avoidance vs spatial reversal paradigms, 3–6 mo vs 24–26 mo old male rats, 7330
signal duration & metamphetamine & haloperidol & vasopressin & oxytocin & physostigmine & atropine, internal clock speed & memory storage, male rats, 12300
signal shock interval & signal duration & shock intensity, aversive value of signaled vs unsignaled tailshock, male rats, 11951
single amphetamine injection & sex differences, amphetamine-induced rotational behavior & amphetamine-stimulated dopamine release from striatal tissue, rats, 5239
size of central arena, response strategies in radial arm maze, male rats, 7229
sleep-wakefulness cycle, electrocortical activity of prepyriform cortex vs neocortex, rats, 470
social behavioral stimuli, visual discriminative control, rats, 7238
social interaction with conspecific, short-term individually vs group housed male rats, 397
social vs isolated housing condition, occipital dendritic tree development of pyramidal cells, rats, implications for reporting results from aging studies, 2817
social/situational change, aggression of subordinates, male rats, 9587
sodium deficiency, intake of mixture of sodium chloride & sucrose vs sucrose alone, adrenalectomized male rats, 12195
solid state circuit, tail-flick measurement of thermal pain sensitivity, rats & mice, 11632
spaceflight, long term memory & recovery of maze learning & role of CNS impairment, male rats, 9734
species-specific defense reaction theory of R. C. Bolles, rats, literature review, 321
spontaneous decline in activity of noradrenergic cells in locus ceruleus, 3 vs 10 vs 22 mo old rats, 2809
stimulants of nervous activity, time course of forming conditioned avoidance reflex, rats, 703
stimulation of mesencephalic periaqueductal gray & nucleus raphe magnus, serum prostaglandin E levels, rats, 579
stimulation of perforant pathway as CS, conditioned avoidance, male rats, 2955
strain differences, avoidance conditioning performance & brain acetylcholine activity & quinuclidinyl benzilate muscarinic receptor binding, Long-Evans vs Zivic-Miller vs Lewis vs Buffalo vs Fischer-344 rats, 9594
strength-duration characteristics, reward-related neurons electrically stimulated in lateral hypothalamus & ventral periaqueductal gray, rats, 576
stress & age & brain region, levels of noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol sulfate, 2 vs 10 vs 15 mo old rats, 5076
stress due to physical restraint & high salt diet, basal heart rate, hypertension sensitive vs resistant rats, 5044
stress-induced analgesia from escapable vs inescapable shock, naltrexone sensitivity & reactivity to morphine, male rats, 548
stria terminalis lesions, conditioned passive avoidance responses, rats, 12234
subarachnoidal administration of 5-HT inhibitor citalopram, morphine induced antinociception, mice & rats, 7602
substance P vs partial substance P homologue eledoisin-related peptide, RT to painful stimulation, male rats, implications for chronic pain syndromes, 709
successive brightness-discrimination reversal training before vs after posterior cortical lesions, performance, male rats, 9788
sulfated octapeptide of cholecystokinin, opiate-mediated analgesia, rats, 5202

suprachiasmatic nuclei symmetrical innervation by retinohypothalamic tract, entrainment of circadian rhythms, blinded male rats & hamsters, 2992
suprachiasmatic nucleus lesions, circadian feeding rhythm & food intake, male rats, 5176
surgical vs physical stabilization techniques vs neuromuscular blocking agents & physical restraint, restriction of eye movements, rats, 2386
systemic desipramine vs microinjection of desipramine & noradrenaline, role of amygdala & alpha-noradrenergic receptors in inhibition of muricide, male rats, 9858
tailshock, formation of gastric lesions, rats bred for high vs low alcohol sensitivity, 12214
tailshock with vs without preceding stimulation of central gray of midbrain, target biting, male rats, 5169
techniques for in vivo neurotransmitter extraction using local intracerebral dialysis cannulae in caudate vs thalamus, male rats, 9265
telencephalic noradrenaline depletion, resistance to extinction in operant task & enhancement of gustatory neophobia, male rats, 9787
temporal pattern of chronic neuromuscular stimulation, acceleration of synapse elimination at neuromuscular junction, neonatal rats, 12221
temporal schedule of pulse train of self vs experimenter administered stimulation, learning, male rats, 5010
testosterone, electrically induced medial preoptic/anterior hypothalamic & arcuate/median eminence & medial forebrain bundle neuronal responses, intact vs castrated male rats, gonadotropin release & sexual behavior implications, 9729
testosterone propionate, ejaculatory response & penile reflexes & hypothalamic preoptic area androgen receptors, female rats, 5249
testosterone propionate vs estradiol, neuronal response in lateral hypothalamus, male rats, 3066
testosterone, sexual behavior, obese male rats at 7 vs 8 vs 9 vs 10 vs 11 vs 14 vs 16 wks of age, 706
tetrahydrocannabinol & morphine, locomotor activity & autoshaped behavior, male rats, 7630
thalamic & callosal distributions of afferent fiber systems in auditory cortex, male rats, 9679
thresholds of image size & orientation differentiations, rats, 2688
thyroliberin & analogs, antagonism of pentobarbital narcotic effects & behavior & sleep characteristics, rats, 7559
time from diazepam injection to discrimination test, discriminative control, rats, 3032
timing of second response & response latency, two-response avoidance conditioning, male hooded rats, 9549
tolerance to ethanol effects, Brattleboro rats heterozygous vs homozygous for vasopressin deficiency, 3070
toxicosis via lithium, generalized conditioned flavor aversion, male rats, 7261
transfer of reduced stimulation-produced analgesia between brain stem sites, male rats, 7539
trimethadione vs chlordiazepoxide, antianxiety activity in drug discrimination & conflict tests & flunitrazepam receptor binding, male rats, 7562
tripelennamine & pentazocine, morphine-like & SKF-10,047-like discriminative stimulus effects & inhibition of guinea pig ileum twitch height, male rats, 3088
triple-test cross analysis, genetic architecture of alcohol preference, female rats of various strains, 9597
true vs pseudodiscriminative conditioning & stimulus reinforcer, associative & postprandial control of schedule-induced drinking, rats, implications for study of interim behavior, 7257
type & odor of food & anosmia induced by zinc sulfate, dehydration anorexia, weanling rats, 2908
UCS exposure as memory reactivation treatment, retrograde amnesia for previous aversive conditioning, male rats, 9558
ultrasound production, pregnant rats, 5118
uncued shuttlebox avoidance situation, development of scalar timing, 90–110 day old female rats, verification of J. Gibbon's hypothesis, 2692
undernourishment during prenatal period & lactation, postweaning food & water intake, rats, 7489
undernourishment during suckling period & enriched vs impoverished environments at 1 mo vs 5 mo of age, weight & size of cerebrum & parameters of hippocampus & thickness & area of occipital cortex, rats, 5157
undernutrition during prenatal period, subsequent weight gain, male rats, replication of study by G. P. Ravelli et al, 9726
undernutrition, hoarding behavior & defense of body weight, lactationally vs gestationally undernourished vs undernourished after weaning vs normally nourished male rats, 2784
unexpected meal presentation, carbohydrate metabolism & food intake, food restricted male rats, 553
unilateral cortical-spreading depression, retrograde amnesia during conditioned suppression, rats, implications for memory confinement vs generalization decrement, 12219
unilateral dorsolateral funiculus lesions, hyperalgesia & reduction of lumbar spinal cord monoamines, male rats, 9775
unilateral electrolytic lesions of far lateral hypothalamic area, sensorimotor impairment & recovery & reappearance of impairment during aging, male rats, 2990
unilateral forebrain ablation, ipsilateral hypothalamic stimulation reward, male rats, 2991
unilateral injections of colchicine or vinblastine into substantia nigra pars compacta, motor imbalance manifested in turning, male rats, 5192
unilateral neonatal cortex lesions, bilateral deoxyglucose uptake, 1 day & 30 day old rats, 5177
unilateral striatal electrolytic vs 6-hydroxydopamine-induced denervation, contralateral striatal reduction in dopaminergic function & contralateral asymmetry & circling behavior, male rats, 12256
unilateral ventral noradrenergic bundle lesions, ipsilateral forebrain noradrenaline & dopamine & serotonin & 5-hydroxyindoleacetic acid levels & ipsilateral rotation following sc apomorphine vs amphetamine, male rats, 2987
unilateral vs bilateral temporal lobectomy &/or stress induced by physical confinement, neurosecretion in hypothalamus, male rats, 9747
unilateral 6-hydroxydopamine along mesotelencephalic dopaminergic pathway, temporal parameters of recovery of tactual & somatosensory stimulus localization & hemispheric 2-deoxyglucose uptake, male rats, 7546
use of horseradish peroxidase, demonstration of olivo-cerebellar projections to vermis of cerebellar lobule VII & of midbrain tectum projection onto inferior olive, male rats, 450
vagotomy vs methyl scopolamine vs sympathectomy & guanethidine vs propranolol, role of vagus nerves in heart rate response to auditory & olfactory & painful stimulation, preweanling & neonatal rats, 7493
varied manipulatory/gnawing &/or food consumption experiences, nut opening & predation & novel foods consumption & nest building, female rats, 9581
vasopressin & locus ceruleus & nuclei dorsalis & substantia nigra lesions, learning & habituation, rats, 12176
vasopressin analogs, working memory in radial maze, male rats, 625
vasopressin deficiency, performance on neuropsychological tests, rats homozygous for diabetes insipidus, 5108
vasopressin, firing rate of hippocampal & hypothalamic neurons, normal vs Brattleboro rats, literature review, 3015
vasopressin fragments, ethanol preference, Brattleboro homozygous diabetes insipidus rats, 3075
vasopressin receptor antagonist 1-deaminopenicillamine, 2-(O-methyl) tyrosine arginine-vasopressin, stress induced ACTH & corticosterone release, male rats, 12306
vasopressin, startle response & water consumption & urine osmolality, homozygous male Brattleboro rats, 3027
vasopressin vs oxytocin, conditioned avoidance response, Brattleboro rats, literature review, 3099
ventral tegmental area injections of diallyl-normorphinium bromide vs naloxone, rate of heroin self administration, rats, 5193
ventromedial hypothalamic lesions, development of conditioned taste aversion, lean vs obese rats, 2981
water deprivation, food intake during 2-deoxy-D-glucose induced glucoprivation, rats, 568
yohimbine & tolazoline with vs without isoproterenol or angiotensin II, water intake, female rats, 7586
2,5-dimethoxy-4-methyl-phenylisopropylamine discrimination, stimulus generalization with di- & trimethoxyphenylisopropylamines, male rats, 3029
5,7-dihydroxytryptamine vs 6-hydroxydopamine lateral septal lesions, social interaction & aggression & dominance level, male rats, 2970
6-hydroxydopamine & bilateral radiofrequency lesions of medial hypothalamus, blockade of hypothalamic obesity, female rats, 5151

Raven Coloured Progressive Matrices

dynamic testing procedure involving verbalization vs feedback for Raven Coloured Matrices, performance & visual scanning & test anxiety & orientation to situation, 3rd graders, 85

performance on Raven's Colored Progressive Matrices Scale, 6–12 yr olds, US, 11715
validity of Raven Coloured Progressive Matrices in cross-cultural educational applications, 1st & 4th graders, Thailand vs Denmark, 4422
Raven Progressive Matrices
correlation with 1966 & 1973 & 1979 norms of Raven's Standard Progressive Matrices, economically disadvantaged 3rd–5th graders, 2442
reliability & validity of Raven Standard Progressive Matrices, 6–8 yr olds, Spain, 11681
weak vs strong gestalt vs analytic strategy training, performance on gestalt vs analytic progressive matrices items, 4th vs 6th vs 8th graders, implications for intellectual assessment, 5369
Reactance [See Psychological Reactance]
Reaction (Drugs) [See Side Effects (Drug)]
Reaction Formation
psychopathology as tactical reorganization of behavior & cognition & affect in defense of ego, conceptualization & treatment of catatonia, 21 yr old Black male catatonic, 8442
Reaction Time
accuracy/incentive vs speed & accuracy/incentive value of visual stimuli, event-related potentials, adults with mean age of 25.8 yrs, 2877
acute total vs short term partial sleep deprivation vs narcolepsy-catalepsy, vigilance & RT & memory & auditory EPs, narcoleptic vs normal Ss, 5148
affectively positive vs negative & congruent vs incongruent words, RT, college students, 12345
age, speed in encoding in same-different digit matching task, 18–27 vs 56–79 yr olds, 3170
alcohol &/vs caffeine, RT, college students, 9843
appropriate vs inappropriate prepositions preceding nouns in Serbo-Croatian, lexical decision times, college students, 7167
auditory RT task, limb pulse wave velocity & transit time & amplitude during anticipatory heart rate deceleration, males with mean age of 23 yrs, implications for vagal & alpha sympathetic activation, 9692
concurrent verbal vs spatial task, RT to lateralized light flash, right handed college students, 465
context in pronunciation vs lexical decision tasks, decision time for word recognition, college students, 4928
continuous vs partial vs noncontingent reward schedules vs reward withdrawal, delayed RT performance, hyperactive children with mean age of 9.6 yrs, 10790
cortical slow potential shifts, choice RT, college students, 2816
deciduous teeth lead concentrations, WISC-R Verbal IQ & auditory & language processing & RT & classroom behavior, 1st–2nd graders, 13059
definition of category & formulation of concept & reaction time & reasoning obstacles, verification of theories of L. E. Bourne & E. Hunt, 2617
dental lead & cadmium levels, neurological development & RT & language & attention disorders & psychiatric disturbance, urban vs rural 5–6 yr olds, 5968
described vs undescribed images & memory set size & presentation to right vs left visual field, RT, right handed college students, 11839
development of response priming experimental technique, RT in voluntary body movements, 30–40 yr old right-handed females, 2389
dichotic presentation of rapid target sequences, RTs for right vs left ear, right handed 24–42 yr olds, 12104
dichotic vocal RT & digit-recognition tasks, left vs right ear advantages, right handed college students, 250
disappearance of fixation point prior to vs simultaneously with target appearance, type of saccadic eye movements after extremely short RTs, monkeys, 7366
duration & variability of system response time & memory load, problem solving, college students, 7149
duration & variability of system response time, performance of selection concept-learning task, college students, 7148
effect of overgeneralization in sentences on RT, nonlinguistic interpretation of morphological overgeneralizations, college students, 12339
electrophysiological technique, measurement of eye-head coordination & bodily RT & eye movement latency in prediction of open skill, 4–5 yr old males & college students, 817
empirical evaluation of S. Sternberg's additive factor method for identification or estimation of stages in RT process, 4924
expectancy as result of stimulus presentation probability & serial dependency, choice RT, college students, 4845
expectations of free recall vs recognition vs RT test, memory performance, college students, 7183
experimental central warning system with synthesized voice component, RT, pilots, 11461
exposure duration & heterogeneity of difference, disparity between "same" vs "different" RT & errors, college students, test of L. E. Krueger's noisy-operator theory, 9433
exposure to toluene vs organic solvent mixture, RT & dexterity & memory & mental arithmetic, printers & painters, 13032
fixation on visual target presented to left vs right side & electric shock to ipsi- vs contralateral ankle, detection of or RT to shock, 7116
foreperiod duration & preknowledge of auditory stimulus intensity, RT, college students, 7144
FORTRAN program, estimation of parameters in random walk models for 2-choice response time tasks, 11579
instructions emphasizing speed vs accuracy, P3 latency during choice RT task, 20–30 yr old females, 9662
interstimulus interval & task complexity, accuracy & RT, college students, implications for operation of 2 information processing components, 9508
intertrial interval, simple RT, mentally retarded 12–16 yr olds, 3629
knowledge of results & goal setting, maintenance of RT speed, female college students, 7208
known vs unknown direction of load & load vs unload & accuracy constraints & visual stimulus, speed & accuracy of compensatory responses to wrist disturbances, adults, 4853
letter naming time & backward digit span, prediction of reading achievement, intellectually advanced 37–66 mo olds, 6-mo longitudinal studies, 9098
luminance-dependent visual latency, Hess effect & Pulfrich effect, female college students, 11828
magnitudes of coupled slacks, assessment of validity & structure of stochastic network representing mental activities in task performance, 6942
meaningful vs nonsense syllables as warning vs imperative stimuli in decision task, RT & contingent negative variation, 2845
metacontrast masking, detection & spatial choice RT, college students, 11814
methyphenidate, cognitive style & RT & attentiveness, White elementary school students with attention &/or learning disorders, 1622
mixed vs blocked frequency presentation, lexical decision RT, 17–36 yr olds, test of serial search vs 2-dictionary vs parallel model of lexical access, 7160
monitoring of sentences for target words in idiomatic vs nonidiomatic expressions, RT latencies, college students, implications for processing of idioms as discrete lexical entries, 4905
motivating test instructions & practice, self paced vs externally paced performance RT, brain damaged patients, 1438
motivational incentives & achievement motivation, movement performance on combined tracking & acoustic & visual RT task, 16–23 yr olds, 3137
nonverbal visual memory & decision speed & bias, patients with left vs right hemisphere stroke lesions, 6020
organic solvent exposure, RT & perceptual speed & short term memory & CFF, 20–58 yr old industrial workers, 13063
pattern structure & training, RT & method of pattern analysis, verification of D. Klahr's theory, implications for number comprehension, 2597
peripheral vs central visual presentation of large letter stimuli composed of same vs different small letters, letter identification RT & associative interference, female college students, 9461
physical characteristics of target letters presented to right vs left visual field, RT for matching vs mismatching with central probe, male college students, 7364
practice effect & transfer, orientation discrimination RT, humans, 11812
precuing for dominant vs nondominant hand & ipsilateral vs contralateral movement in forthcoming response, response organization, 4th graders, 12399
preferred vs 2nd language & 1st vs 2nd language experimental sessions, encoding/response times for arithmetic problems, Chinese/English vs English/Chinese & Spanish/English vs English/Spanish bilingual adults, 2629
preliminary instruction about role of warning signals & level of selectivity of motor response to RT, formation of preparatory set, mentally retarded 8–15 yr olds, 3643

presentation of letter vs 3-dimensional shape to center of visual field & comparison stimuli to right vs left visual field, RT for same/different judgments, college students, 7408
presentation rate & delay interval, recognition memory mean scanning rates, 18–20 vs 64–73 yr olds, 12423
psychobiology of attention & RTs & EPs, implications for role of cognitive psychology & psychophysiology, literature review, 9614
representations of facial vs nonfacial patterns on same-different judgment tasks requiring mental rotation vs comparison of individual features, RT & accuracy of judgments, college students, 7152
respiration phase & information about response choice in RT task, cardiac cycle time effect, male college students, 513
response complexity, simple RT, college students, verification of memory drum theory, 2568
RT & movement time & intelligence, 9th grade females, replication of A. R. Jensen & E. Munro's study, 7713
RT task, EEG potentials of contingent negative variation, schizophrenics with vs without tardive dyskinesia, 5776
RT tasks vs unavoidable shock tasks vs tasks with both elements & propranolol, phasic heart rate, 19–24 yr old college students, 2896
RTs, Down's syndrome vs epileptic 6–12 yr olds, 12970
RTs to sudden disappearance of warning device's bleeping signal for various intervals between bleeps, British Rail track maintenance staff, 6881
salience & expectancy & associative priming, RT in symbolic comparisons, college students, findings contrary to K. Holyoak & W. Mah's study, 11856
sentence context of target words, word recognition speed, college students, 7177
sentence evaluation task with verbal vs nonverbal material, recall & recognition & decision time, reading disabled 8–12 yr old males, 1297
similarity in letter matching task, RT, college students, implications for single vs dual process explanations of performance, 7163
similarity of retrieved response tendencies, RT on motor control tasks involving simultaneous initiation &/vs suppression of response tendencies, college students, 7112
simple RT task, waveform similarity curve for auditory EP, 22–24 yr olds, implications for separation of auditory perception & response selection processes, 9658
static tactical displays depicting target motion to left vs right, response time for inference of direction of relative motion, experienced naval officers & inexperienced Ss, training implications, 4844
steering RT to simulated crosswind disturbances measured by moving base driving simulator, 18–32 yr olds, 4459
stimulant & tranquilizing drugs & sedatives & hypnotics, vigilance & RT & verbal memory, literature review, 9826
stimulus information for unequally vs equally likely stimuli, RT, college students, 4846
stimulus onset asynchrony, interference vs facilitation effects of flanking context on visual classification RTs, college students, 7131
target location change, arm pointing movement RT & coordination of arm & shoulder movement, humans, 7437
targets surrounded by Hirakana vs Katakana vs alphabet vs object shapes, RT, 1st vs 2nd grade good vs poor readers, Japan, 5359
targets vs lures as semantic primes & number of primes, RT in word recognition task, college students, 11860
test anxiety, RT for semantic vs nonsemantic decision making, college students, 195
test tone of .4 vs .5 kc/sec, perstimulatory adaptation as measured by RT, normal-hearing 20–45 yr olds, 11831
thematically related vs unrelated facts, attenuation of fan effect & consistency judgments & RT, college students, 4960
time & verbal association strength of stimulus, RT & hemispheric short term memory for complex forms, right handed college students, 7419
time course analysis of response competition hypothesis, Stroop phenomena, college students, 258
trait vs distinctive feature incidental learning, RT & recall vs recognition memory for context, college students, 11897
TRS-80 Model I & BASIC & assembly programs, tachistoscopic presentation & RT measurement, 4683
uncertainty of movement on gross motor tasks, RT & movement time, mildly mentally retarded vs normal 8–10 yr olds, 8244
verbal word association measures & RT, schizophrenics, 10430
visual & auditory stimuli in same-different decision task, decision time, mentally retarded Ss with mean age of 16.3 yrs, 8252
visual & auditory stimulus intensity, reaction time & cognitive processes, humans, 2579
visual stimuli presented in expected vs unexpected spatial location, RT for detection, 5 vs 7–8 yr olds vs college students, 832
word by word presentation of paragraph, recognition RT & accuracy for presented referents & superordinate words, college students, 7155
Z-80 machine language technique & BASIC program for Model III TRS-80, synchronization of video displays & RT measurement, 4670

Reactions to Crisis [See Stress Reactions]

Reactive Depression
coma as symbolic death, depression, 15 yr old male in mourning for dead brother & absent father, 10709
counseling or psychotherapy, reactive depression, chronically ill patients & their families, 3835
forms of psychogenic depression, adolescents, 3559
running as treatment, manic depressive psychosis & reactive & situational depression, 8354

Reactive Psychosis
postoperative psychotic disorders, 27–60 yr old open-heart surgery patients, 12754
reactive delirious psychoses, patients with slow progressive schizophrenia, 8144

Reactive Schizophrenia [See Reactive Psychosis, Schizophrenia]

Readability
angle of view & character subtense & ambient & back light, reading accuracy of 4-digit liquid crystal display, 18–50 yr olds, 9184
efficacy of fixed vs variable letter width characters for TV screen, 18–30 yr olds, 13784
formula for measuring inference load of texts, 6614
high vs low imagery abilities & descriptive/narrative vs abstract material, reading time & memory, college students, 2616
nature of script, readability, beginning & learning disabled readers, 4370
readability grade levels of US Navy technical school curricula, 13579
readability of behavior therapy self help manuals, 10804
readability of self report depression scales, 11651
readability of 3 job satisfaction inventories, 2473
size of 4 dot-matrix for text presentation on color TV screen, task performance, 17–41 yr olds, 13790
text structure & problems with current readability formulas, implications for instructional text selection, 8968
verbal difficulty of questionnaire items, frequency of indefinite & affirmative responses & coefficients of selectivity & stability, 2474
Writer's Workbench computer programs for UNIX operating system, analysis of English prose to facilitate improved writing, 4682

Readaptation [See Adaptation]

Readiness (Reading) [See Reading Readiness]

Reading [See Also Oral Reading, Remedial Reading, Silent Reading]
assignment of reading perspective before vs shortly vs long after reading, recall, high school & college students, 5338
code systems instruction, perceptions of purpose & nature of reading & reading ability, kindergartners, 8984
content preferences in books & TV, male vs female 4th & 5th graders, 1970–71 vs 1978–79, 878
development of secondary school reading program adjunctive to physical education curriculum, 2035
early delays in walking &/or talking, prediction of IQ & reading difficulties, children assessed at 3 & 7 yrs of age, New Zealand, 1323
eye fixations & random letters & digits & gratings as space fillers between words & delayed onset of space fillers, interference in eye movements during reading, adults, support for 2-process theory of eye movement control, 231
free reading journal in language arts education, learning disabled secondary school students, 9056
instructional set, modification of stereotyped oculomotor reading strategy, 20–24 yr olds, 11761
mechanisms of reading & spelling, 23 yr old male with alexia without agraphia, 1287
metacognition & reading, elementary school students, 2055
need for development of reading machines for blind persons, 9252
number of decisions concerning content during reading, recall of prose material, college students, 4901
prior knowledge & familiarity with text, accuracy of proofreading, college students, 7164
program &/vs classroom design changes, book related activities during free-play time, kindergartners, 4292
psychoanalytic literary criticism, 3121
reading epilepsy, 15–28 yr olds, 12991
role of reading in human development, 9914

sex & SES, reading attitudes, rural vs urban 1st graders, 2086
speech-related distracting task, interference with reading vs listening, college students, partial replication of B. A. Levy's experiments, 2628
teaching interests in & through reading, children, 13558
value of skimming & picking out advance organizers, reading, students, 13608
visual-neural correlates of speech reading ability, normal-hearing adults, 5093
word length & phonological similarity, recall, college students, implications for reading, 4938
word misspellings due to deletion vs substitution of letters, recognition of errors in proofreading, high school & college students, 7169
working memory & reading, 2610

Reading Ability

age of reading acquisition & imagability of nouns presented to left vs right hemifield, naming accuracy, adults, 5104
auditory perception & memory for order, reading ability, 3rd grade good vs poor readers, 3160
aural & visual segmentation ability, reading ability, preschool & kindergarten & 1st grade students, 3155
comprehension of text with vs without illustrations, 1st–5th grade good vs poor readers at reading ages 7 & 9, 9962
difficulty level of reading passages, error detection in proofreading task, 8–9 yr old good vs poor readers, 12451
eidetic imagery ability & memory for random shapes & IQ & reading ability, 8–9 yr olds, 7757
grade level & reading ability, knowledge of orthographic structure, 1st vs 2nd vs 3rd graders, 5380
hand position during writing, verbal & visuospatial lateralization & reading comprehension & ability, right handed 7–9 yr olds, 3204
learning style accommodation, reading achievement, good vs poor readers, literature review, special education implications, 6725
memory for photographs vs nonsense designs vs nonsense syllables, 2nd grade good vs poor readers, 5375
perceptual connectives in reading material, recall, 4th grade good vs poor readers, 6673
performance on incomplete word task, 9.7–13.2 yr old hyperlexic mentally retarded vs brain damaged vs mentally disordered, 1117
phonemic segmentation & word type, 14–15 yr old good readers/poor spellers vs poor readers/poor spellers vs good readers/good spellers, 13609
phonic decoding ability, normal 2nd–5th graders vs learning disabled children with mean age of 10.3 yrs, 10521
reading & lipreading ability & comprehension strategies, female high school students, 5408
reading ability & age, intentional forgetting & recall of to-be-remembered items, normal vs reading delayed 1st–5th grade males, 5900
reading ability & rate & disfluency, 2nd–5th grade stutterers, Netherlands, 3668
reading ability, utilization of advance organizers in reading comprehension & recall, college students, 6656
reading comprehension level & auditory & cross modal short term memory & digit span, 5th graders & college students, 5387
